## ALMA MATER

All hail to thee, O Youngstown,  
Our Alma Mater fair;  
In sunlight and starshine  
We see thee in all thy glory.  
The Red and the White, thy glorious colors,  
Ever we praise and hold them  
High to the breeze as the symbol of our  
Most loyal allegiance.  
This anthem, O Youngstown,  
Our pledge of trust shall be  
That thy sons and daughters  
Shall keep faith with thee forever.

## Candidate for the Honorary Degree

### DOCTOR OF LAWS

**HUGH W. MANCHESTER**, Youngstown corporate lawyer and civic leader, has served the University with distinction for 51 consecutive years. Atty. Manchester was appointed to the Board of Governors of the YMCA's Youngstown Association School in 1932, and was named to the Board of Trustees of Youngstown College in 1937 upon its incorporation as a private institution. In 1942, he was appointed Secretary to the Board of Trustees and served without remuneration from that year until 1967, when the private institution joined the Ohio system of higher education. During the transition from private to public institution, Atty. Manchester contributed hundreds of manhours of legal service to assure that the institution would continue on a firm legal foundation. The Board of Trustees of the state University appointed him Secretary in 1967, his retirement from that position March 31, 1983 marking an end to over half a century of active service to the institution. A lifelong Youngstown resident, Atty. Manchester holds degrees from Cornell University and Harvard University.

### THE COMMENCEMENT SPEAKER

**THE HONORABLE DICK THORNBURGH**, Governor of the Commonwealth of Pennsylvania, is serving his second four-year term in that post. A Republican in a strongly Democratic state, he won election in 1978 by a margin of some 228,000 votes. He was re-elected in 1982 by a margin of more than 100,000 votes despite a strong national Democratic tide, receiving support in both elections from a broad cross-section of Pennsylvanians of both parties. After serving as a business lawyer and advisor, he first won public acclaim as U.S. Attorney for Western Pennsylvania (1969-1975) for his successful attacks on organized crime and official corruption. In 1975, President Ford named him Assistant U.S. Attorney General in charge of the Criminal Division; in that post, he created the Public Integrity Section to combat corruption throughout government. As Pennsylvania's governor, he has served as chairman of the Coalition of Northeast Governors and chairman of the National Governors' Association Committee on Community and Economic Development. Governor Thornburgh holds an engineering degree from Yale University and a law degree from the University of Pittsburgh.

## CANDIDATES FOR DEGREES

Graduates who are awarded degrees at the end of the fall and winter quarters are recognized at Winter Commencement. Because the list of candidates for winter graduation had to be prepared ahead of time, it is tentative; the diploma, together with a certified transcript, is the proof of graduation.

## ACADEMIC REGALIA AND CEREMONY

The gowns, hoods, and caps worn in academic ceremonies today are relics of clothing worn in medieval times by students and professors. In the early universities—Bologna, Paris, Oxford—the undergraduate students had no prescribed academic dress but wore their usual clerical or ecclesiastical habits. The professors wore more colorful academic regalia than their modern day descendants. Probably the gowns and hoods were worn for warmth in the unheated halls where the lectures were delivered. From the sixteenth century on, there is a change to somber black and it is only in the hoods worn in academic processions today that the warmth and color of medieval academic pageantry is retained.

The hoods representing degrees granted by various colleges and universities have linings (turned to exhibit their hues to the fullest advantage) in the colors of the granting institutions. In addition, the facing of the hood represents by its color the discipline in which the degree has been granted: white for arts, letters, or humanities; golden yellow for science; purple for law; green for medicine; lemon yellow for library science; orange for engineering; drab for commerce or business; light blue for education; pink for music; brown for fine arts; apricot for nursing; dark blue for philosophy; scarlet for theology; citron for social work; sage green for physical education. It is possible, also, to determine from the length of the hoods the type of degree held by the wearer—quite long for the doctor's degree, medium for the master's, short for the bachelor's.

Since 1895, in the United States, the colors and types of caps and gowns have been largely standardized; in 1932 the code was revised to some extent, and in 1960 it was revised once more. A few American universities have adopted gowns other than black in color, and in European universities there is more diversity in cut and in the cap than prevails in the United States. Trustees and administrators of American colleges and universities, too, may wear regalia

which is different from that commonly worn. The trustees of Youngstown State University wear a specially designed cardinal gown.

The bachelor's gown is worn closed; the master's gown is worn open or closed, depending partly on its tailoring; and the wearer of the doctor's gown has the privilege of wearing it open or closed. The sleeves of the three types of gowns are of different lengths and cuts, and in addition the sleeves of the doctor's gown have three horizontal velvet stripes. The doctor's gown also has vertical facing of velvet in front. The stripes and facing may be either black or in the color representing the field in which the wearer has received the doctorate.

There are different opinions about the origin of the caps worn in academic ceremonies. One view is that the "mortar board" is in actuality adapted from the wooden square used by masons. Another is that it stems from the ecclesiastical or clerical head covering of the medieval period. The tassels worn on the caps may or may not be of the same types. In some institutions all masters' and bachelors' tassels are black; in others the tassels, which are the same as the colors of the facings of the hoods, reflect the degree received. The tassels worn by doctors may be black or gold thread.

There is something of the same adherence to tradition in commencement processions that exists in academic garb, although each institution has the right to adapt the ceremony to its own requirements. The chief marshals lead the line of march, followed by the president, the speaker, trustees, and other members of the party to be seated on the platform. Then follow the faculty and the candidates for degrees. The procession at the end of the ceremony follows the same order.

Recipients of **University Honors** will receive special insignia, consisting of golden honor cords placed around the shoulders.
