"Arbores magnae div crescunt,
una hora extirpantur.- Great
trees are long in growing,
but they are rooted up in a
single hour." - - Curtius

Who of us did not feel as did
the old Latin poet as we
watched the destruction of
those beautiful trees on our
campus! Today, however, the
hand of the destroyer is even
more swift and ruthless. One
sweep of the mighty arm of the
giant shovel and down went
noble trees that sheltered
birds and squirrels in their
branches when only the Indian
roamed the banks of the
Mahoning.

"SHINING BIT"

It isn't the things that you
do, dear,
But the things that you leave
undone
That bring that bit of heart
ache
At the setting of the sun.

BREAKFAST DANCE

The students of Youngstown College held their annual J. W. Breakfast dance at Pioneer Pavilion on Friday, May 1. This affair, named in honor of Prof. J. W. Bare, the originator of the event, was one of the most enjoyable on the social calendar. After a delightful seven o'clock breakfast, baseball and dancing were enjoyed until noon. The committee in charge consisted of: Marlea Fisher and John Hubler, co-chairmen; Grace Gail, Marjorie Malhorn, Ada Zimmerman, Betty Miller, Ann Rubeck, Louis Makres, Jack Yerian, Harold Gleckler, Bob Cole, and Cal Wood.

The Youngstown College Vagabond Players presented the three-act comedy, Kid Colby, at the Hubbard High School Auditorium, Friday evening, May 8th. Kid Colby was written and directed by Prof. Bowden and was very enthusiastically received when presented last fall.

"A UNIVERSAL LANGUAGE?"

"A universal language?" Dr. Richardson, professor of foreign languages, reflected for a moment. "Oh, it is an excellent idea--if it would work. Undoubtedly complications and disputes would arise if a language to be adopted universally were presented to each nation."

"Esperanto, a proposed universal language, is being taught in a few countries; but has not, as yet, made much progress. It is built largely upon Latin."

Spanish, according to Dr. Richardson, would be a more suitable universal language, since the words are quite easy to pronounce.

Although the English Language is the most widely used, the difficulties in pronunciation and peculiarities of spelling are points against its universality.

At the present time, Dr. Richardson offers courses in French, Spanish, and German.

MAY DAY

It won't be long now--a whole day of vacation--perfectly free. May 2 will be the big, festive day, and there will be plenty to do in the evening.

The coronation of the May Queen, Betty Miller, will take place in the afternoon. Doris Dean, 1930 May Queen, will have the honor of placing the crown. The Dramatic Club will present a short play for entertainment. A tea-dance, sponsored by the faculty, will be an event for the student's parents and outside friends of the college.

There will be a dance in the evening for the students and their guests. Everyone should hope for a new moon, but it is not absolutely necessary, for the able committee in charge is composed of Bob Mullin with Mabel Brown and Marian Morgan acting as co-chairmen.

With the full co-operation of the students, this will be the biggest and best May Day ever.

FROM BEHIND THE DESK

It seems a shame that this must be, but such is the price of progress. "The old order changeth, yielding place to new", as Tennyson has said. Let us hope that in the enjoyment

BASIBBALL

The Youngstown College Baseball team defeated the strong Sigma club nine last Thursday. The score was 8-8 at the beginning of the 7th inning when the collegians rallied to score 10 runs. Kryzan, Young and Kinicki starred for YoCo. The final score was 12-8.

The lineup:

- Catcher--K. Irwin
- Pitcher--B. Kinicke
- 1st. base--W. Young
- 2nd " B. Hartman
- 3rd " Buddy Cole
- Short Stop J. Marks
- R. Fielder F. Kryzan
- Center S. Zoss
- L. Fielder J. Patterson

of our new building, with its modern conveniences, we may find compensation for the loss of those noble monarchs of the forest whose lives had to be forfeited because they stood in the path of modern progress. But try as we may to be cheerful and resigned, we are bound to think at times that man can make a magnificent building, but as the late Joyce Kilmer has so beautifully expressed it: "Only God can make a tree

Y.M.C.A. HIGH SCHOOL DANCE

The Seniors of the Y.M.C.A. High School will sponsor a dance for the entertainment of their friends and class mates. The affair will be held on Thursday evening at the St. John's Parish House. Chubby Parker's Orchestra will furnish the music. The teachers of the High School will be the chaperons.

The committee in charge is Joe Fisher, chairman, John Severin, and Harold Casperson.

The Phi Gamma fraternity held a business meeting Wednesday evening, May 6 at the college building at which important business was discussed.

The Dramatic Club staged the three act drama, 'Kid Colby' at the Hubbard High School auditorium Friday evening, May 8.

Tryouts for the play, 'The Thirteenth Chair' will be held at the meeting Thursday Noon.

Plans are still being discussed for a Commencement Play and Dance.

Members of the Sigma Delta Beta fraternity entertained friends at a dinner dance Saturday evening, May 2. 'Chuck' Samuels and his Rhythm Boys furnished the musical accompaniment. The committee in charge was: Jack Yerian, chm.; Burke Lyden, Jas. Chambers, Charles Duncan, and Wally Gursch.

All members of the Sigma Delta Beta fraternity are requested to meet in Room 2 Friday Noon for the purpose of electing officers for the coming year.

The Topaz Club entertained friends and guests of its members at a Formal Dance at Wickliffe Manor Saturday evening, May 9. Music was rendered by 'Speed' Brockman's Orchestra. The committee was composed of Marguerite Johnston and Sally Gulanish, co-chairmen, Florence Richards, Rachel Griffith and Ruth Miller. Dr. and Mrs. C. W. Foard were chaperons.

Thelma Shanks acted as hostess to the members of the Phi Lambda Delta sorority Monday evening, May 11. Plans for a dance were discussed after which the club was entertained by a diversifying program.

.....

WE WERE introduced to a small gathering the other night as the "foremost exponent of intellectual insanity". We're always getting prickly heat over dumb digs like that.

SOPHISTICATES Don McCandless and Charlie Duncan talking over unemployment. Don likes to hear that funny buzz in the telephone because it shows something is 'busy.'

MAURICE CHEVALIER, French comedian who sang to "Louise of Youngstown, Ohio", last Sunday says he doesn't know anybody here by that name. Well, isn't that Maurice's hard luck, tho? (Several bass voices signify assent.)

YOUR UNCLE Cholly's dollar watch went haywire the other day, so now he is keeping time with his feet.

RUMOR has it that Burke Lyden, Jambar's big chief who will study electrical engineering at Case next year, already carries a high voltage above the neck-band.

EVER NOTICE how little the working goil spends on carfare, especially if she is young and pretty. With our face, we couldn't get a pickup, even from a steem roller.

FIVE-THIRTY: Little Princess dolling up in pocket-mirror. Tho' we heard weesma' voice say, "You are more than pretty; you are lovely." Of course, we may have had our specs upside down, or sumpin'!

TED MACEJKO, down at the Y.M., got the biggest giggle of the week when a chap down there snapped his padlock before going under the showers, only to find that the key was inside, in his trouser pocket. Oh-oh and a couple of A-wahs!

DID YOU EVER SEE:

Wade Young in a Tux?
Marj. Malborne play tennis?
Tom D. without Helen?
"Red" Johnston in his red sweater?

Jack Eastlake's "toothpaste" smile?

The part in Billy Barker's hair?

Mickey MacDonald's wink?

The innocent look Marguerite Johnston can adopt on occasion?

Dante's fingers when he plays the piano?

Freda Flint convincing a prospect?

The girl's gym class dancing?

The look of absolute peace on Bob Mullin's face when he sleeps in class?

Buchanan collecting tuition?
IF YOU HAVEN'T---YOU'VE MISSED A LOT!!!!!!

When Chambers assigned Jack Herald the subject "Why Keep My Youthful Illusions Intact" for an impromptu speech, J. G. blushed and replied, "You'll be bothered plenty tonight, Jim." Then Jim blushed. WE WONDER WHAT IT IS ALL ABOUT.

Element: Woman

Occurrence: Found almost wherever man is. With few exceptions the combined state being preferred to the free.

Physical Properties: All colors and sizes. Usually in disguised condition. Face covered with film of composite material. Balks at nothing. May freeze at any moment. However, melts and gets hot when properly treated. Very bitter if not used.

Chemical Properties: Very active, possesses great affinity for gold, silver, platinum, and precious stones. Violent reactions when left alone. Ability to absorb expensive food at any time. Sometimes yields to pressure. Turns green when placed beside a better looking specimen. Ages rapidly. Fresh variety has great magnetic attraction.
