YOUNGSTOWN, Ohio - Youngstown State University's Allied Health Department will present "Dental Hygiene Career Night" at 7 p.m. Thursday, Feb. 11, in Room 132 of DeBartolo Hall.

The program, which is free and open to the public as well as the university community, will inform prospective students about the Dental Hygiene major at YSU.

Included will be information about the two-year Dental Hygiene curriculum, entrance requirements, and the profession, including wage and benefit expectations.

The program is designed for anyone interested in a health career.

An outstanding feature of this career major is YSU's Dental Hygiene Clinic, which offers dental hygiene services free of charge to the public.

Oral examinations, radiographic surveys, study models, fluoride applications, sealants, and scaling and polishing teeth are all performed at the clinic by dental hygiene students under the supervision of a licensed dentist and oral hygienist.

Appointments in the clinic take no longer than those in private office and often more than one visit is required.

The Dental Hygiene Clinic should not be used as a substitute for comprehensive dental care provided by a private practice dentist and patients under 18 years of age must be accompanied by legal guardian for their appointment.

Clinic hours are 8 a.m.-4 p.m. Monday through Friday. Appointments can be made by calling (216) 742-3342 from 8 a.m.-11 a.m. Monday through Friday.
