Dear Sweetheart:

How is my handsome darling today? Everyone here is fine I guess. Today it looks like rain probably will too well I don't care because I'm ^{not} going anywhere.

Yesterday I didn't write to you sweet because I went to town in afternoon and then I was to see your brother because he wanted to know if my father would take him to the farm today but my good father hasn't even come home yet from yesterday afternoon 3:00 and now it's 12:00 Sunday well sweetie what do you think of that. If we get married I hope your not like that, but I know your not because I'd leave a man like that.

Well sweetheart I'm glad you finally got my letters and about that package you say the cake was good but I doubt it because it took too long to get there.

Spss mis I hope you come home next month because I want to see you for I'm getting lonesome for you and I miss you terribly. Do you miss me less just curious to know

Well yesterday I took some pictures with my camera but I haven't developed them yet if any come out and are good I'll send you some. Talking about picture, that's very smart of you how you take our pictures together. As I told you in the other letter I'll be getting my big picture in about a couple of weeks as soon as they have it made I'll send it if you still want it dead. (I just heard Dads car coming in the drive I thought I'd just let you know what kind of man he is.

Well dear how do you like my future spaced to be husband and 3 girls not even 1/2 boy. I mean that card I got from Edava. Well I don't believe it and it's a bunch of hoovey. But I thought I'd send it and let you know see I hope you didn't laugh.

I guess will be eating now I hope you could be here dear but someday you will for good. Well I can't think of much to say so wishing you all the good luck in this old world and God Bless My honey.

Your sweetheart,
Mary Macaulo.
