

May. 3 1942

My dear sweetheart:

Today I received your letters from Louisiana so glad to hear from you that your fine and com some for me. Sweetie sometimes I can't understand you first you want my picture and then you write and say you don't because your going to send yours home too. Whats the matter don't you have any place to put them or aren't you aloud to have them. Now you don't seem the same Pete used to know. Whats the matter with my sweetheart? Do you think you'll stay there very long or are they going to make you move again? Let me know whats wrong with you is it that you think you will go across, I hope to God no, let me know sweet or else I think I'll go crazy of worry.

Sweetie what about this True Story magazine why don't you let them send it to you there. You want me to write and tell them to send it to me I doubt if they will. I think you should write and tell them you moved because they'll send it where ever you go and if you don't next time I hear from you I'll write to them and let them send it to me if they will. As soon as you answers this letter ~~and~~ and you don't want them to send it to you anymore I'll write for them to send it to me. Let me know. Have you got ~~any~~ any yet. ^{I mean.} magazines

So glad to hear that its a nice place there
but they made sure they sent you pretty far.
I can't see why they aren't paying you, they
should.

Last letter I wrote to Fort Leonard Wood
I sent a couple of pictures, that I took
with my camera. Let me know if you got
them. I got your pictures so very nice you look
especially the one in your uniform, well is
that your camera in your hands, that's
the kind I have.

I just had learned that other address
boy by heart now I have to learn this other
one. Oh this war makes me sick I wish
it hurry and get over with.

Now don't forget next time you write
let me know why I can't send my picture, you
say how you love me, so it could not be
that you ~~don't~~ don't.

I guess its none of my business, but why
do you put stamps on your letters, you don't
have to. Don't get sore now

Wishing my darling a lot of luck &

God Bless You

Same as always (shape)
Your sweetheart

Mary Massullo

Don't send me any more
stamps I told you two heps that money you spend for stamps (Don't get sore now.)
you can see because
