Dear Chet and Adam,

My colleague, Prof. Dana Sperry, would like to introduce the following resolution at the regularly scheduled senate meeting. Please reserve a place for it on the schedule.

"We, the Academic Senate of Youngstown State University, endorse making COVID-19 vaccinations mandatory for all students, faculty, and staff, with an exception for individuals with valid prohibitory medical concerns."

This resolution would be presented to both President Tressel and the Board of Trustees.

Best regards,
Johnathan
