

WEBVTT

1

00:00:01.469 --> 00:00:09.419

I won't even paraphrase the firewall language. I'm sorry? I said, I just started recording disorder.

2

00:00:09.419 --> 00:00:12.599

All right.

3

00:00:12.599 --> 00:00:17.399

Right, right?

4

00:00:17.399 --> 00:00:22.710

Good afternoon everyone and welcome to the.

5

00:00:22.710 --> 00:00:30.809

Uh, February, 23rd meeting of the academic center please forgive me while I go mask list, but I'm pretty far distant from.

6

00:00:30.809 --> 00:00:35.880

Everyone around me, I'm going to call this meeting to order.

7

00:00:35.880 --> 00:00:47.429

And I want to thank you all for being here today and also 1, other thing, Mary, Beth Earnhardt and Adam and art for last week for.

8

00:00:47.429 --> 00:00:53.490

Last month for taking over the last 2nd, so I truly appreciate that.

9

00:00:53.490 --> 00:00:57.119

Um, we got, uh.

10

00:00:57.119 --> 00:01:00.539

Several things to cover here today, so I'm just going to jump.

11

00:01:00.539 --> 00:01:04.469

Through a couple of things real quick.

12

00:01:04.469 --> 00:01:10.620

You had the agenda sent out to you earlier. I apologize for being.

13

00:01:10.620 --> 00:01:17.909

Slightly tardy, but we were having a lot of, uh, changes at the last 2nd, and trying to make sure it was correct.

14

00:01:17.909 --> 00:01:25.920

But you had for some time, the availability to look at the recording of the last minute from February 2nd.

15

00:01:25.920 --> 00:01:35.430

I'm going to like, consent, unless I hear an objection to accept the recording.

16

00:01:35.430 --> 00:01:40.140

As the minutes from our last meeting, do I hear any objections to that?

17

00:01:42.329 --> 00:01:49.530

Hearing none, then I am going to make the presumption that those that that recording serves as the minutes from the last meeting.

18

00:01:49.530 --> 00:01:59.310

We're going to jump into my Senate executive report and we're going to have a slight change here because of time commitments by various individuals.

19

00:01:59.310 --> 00:02:04.560

I'm going to bring to the podium right now. Dr Mary Beth ernhart.

20

00:02:04.560 --> 00:02:09.509

To give a a committee report, the governance committee report, she has the.

21

00:02:09.509 --> 00:02:16.379

Their commitment she needs to get to shortly so please forgive me for jumping a little bit around the agenda. marybeth.

22

00:02:16.379 --> 00:02:19.979

Fix that yeah having both on hard.

23

00:02:19.979 --> 00:02:23.250

And the room at the same time, when our kids out of school.

24

00:02:23.250 --> 00:02:26.909

Create problems sometimes so I appreciate you letting me.

25

00:02:26.909 --> 00:02:30.479

So, go ahead, Adam view of my side to.

26

00:02:30.479 --> 00:02:43.590

So, as I shared the Senate, I'm chair of the governance committee, and we have some work coming up. So the committee asked me if I were to report the Senate and remind everybody that we exist and what we do.

27

00:02:44.245 --> 00:02:57.534

So, the governance committee is established by the bylaws, and we're responsible for placing faculty members on various committees, and administrators and students. Actually, the committee keeps them maintains a worksheet for each committee.

28

00:02:57.745 --> 00:03:00.294

And on the worksheet is charge the membership.

29

00:03:00.629 --> 00:03:06.180

Um, qualifications any special notes, different things to the different committees.

30

00:03:06.180 --> 00:03:13.680

Our worksheet according to the bylaws are to be introduced to the Senate at the April meeting and the previous term. So that is upcoming.

31

00:03:13.680 --> 00:03:19.710

Before we present our worksheet I will be reaching out the email.

32

00:03:19.710 --> 00:03:23.550

To the chairs of the committees to ask for.

33

00:03:23.550 --> 00:03:26.909

They are recommendations for changes to charge our membership.

34

00:03:26.909 --> 00:03:30.840

So, you can advance the slide.

35

00:03:30.840 --> 00:03:36.689

Also, I thought it would be good to share the representatives for each of the areas.

36

00:03:36.689 --> 00:03:40.409
Uh, Kelly, coal is for, um.

37
00:03:40.409 --> 00:03:44.580
Uh, experiments for be classy.

38
00:03:44.580 --> 00:03:52.080
Uh, chat a good friend chat for, uh, Bruce, Catherine Garland for club college.

39
00:03:52.080 --> 00:04:03.449
Diana is our students and Kevin ball is our administrative. Rep. so, you know who your person is is representing the governance committee.

40
00:04:03.449 --> 00:04:07.229
So, the timeline that I wanted to make sure everyone was clear on.

41
00:04:07.229 --> 00:04:15.150
Is on February 28th that's Monday. I'll be sending an email to each Senate committee chair with your worksheet from last year.

42
00:04:15.150 --> 00:04:22.680
you should review the charge and membership and make recommendations for changes to the governance committee

43
00:04:22.680 --> 00:04:29.879
So, you'll be making sure that your charge looks good. It represents what you do if there's anything you think you should be working on, you could.

44
00:04:29.879 --> 00:04:33.718
Let me know that, and we can take that to the committee. Um.

45
00:04:33.718 --> 00:04:43.559
What we don't want you to do is if somebody's leaving your committee, you don't have to find a replacement. That's what the governance committee people do is they find the replacements for the people who who are leaving.

46
00:04:43.559 --> 00:04:52.139
If somebody's reached out to you, and they're really interested in serving on your committee, you can include that but I would take that committee before an appointment is made.

47

00:04:52.139 --> 00:04:58.829

Your recommendations for your worksheets are going to be due to me via email on March 4th.

48

00:04:58.829 --> 00:05:05.278

So, I can work on them over spring break. The governance committee is going to review the worksheets on March 14th.

49

00:05:05.278 --> 00:05:15.658

And then the week of March or the week of March, 14th, and then the week of March, 21st, I'll clarify any questions. So you might be getting another email. If we have a question about something on your worksheet.

50

00:05:15.658 --> 00:05:21.269

And this is Senate committee cares like APC honors.

51

00:05:21.269 --> 00:05:25.468

The due to success task force, all of those places library.

52

00:05:25.468 --> 00:05:31.139

Um, and then the worksheet are going to be forwarded to the Senate by the April 6th meeting. So we can vote on them.

53

00:05:31.139 --> 00:05:37.678

Um, I want to do the April 6, at least the bulk of them that way. If anything's kind of left outstanding. We have 1 more meeting before.

54

00:05:37.678 --> 00:05:41.639

By the end of the year, um, we can advanced by that.

55

00:05:43.288 --> 00:05:50.848

If you have any questions, so if you're committee share anybody and you have questions, you can email me and then.

56

00:05:50.848 --> 00:05:58.379

And then if you wish to start on a committee, um, you should contact your, your, uh, individual governance committee representative.

57

00:05:58.379 --> 00:06:10.649

So that they can help get you placed at the right committee and there's a little process we have for that where they go over the committees they talk about the charges are so they can match people properly. So that is my report. Thank you.

58

00:06:10.649 --> 00:06:14.728

Quick enough that any questions questions.

59

00:06:14.728 --> 00:06:19.079

Okay, I will ask a question.

60

00:06:19.079 --> 00:06:23.278

Security and basically that, uh, uh.

61

00:06:24.629 --> 00:06:27.629

Eleanor oh, let's put her handout.

62

00:06:27.629 --> 00:06:31.949

Now, I think we're good. Oh.

63

00:06:31.949 --> 00:06:35.488

Is it up again? Yeah, I did want to ask a question.

64

00:06:35.488 --> 00:06:38.939

Sure, Mary Beth.

65

00:06:38.939 --> 00:06:44.218

Are these charges the charges for committees that were.

66

00:06:44.218 --> 00:06:55.379

In the governance and by laws in past years and have somehow left there.

Um, we were looking for this in our committee meeting.

67

00:06:55.379 --> 00:06:58.588

And couldn't find the.

68

00:06:58.588 --> 00:07:07.199

A charge for the committee in the current governance and bylaws. Yeah.

The charges now live with very few exceptions on those committee.

Worksheet.

69

00:07:07.199 --> 00:07:10.348

So that the bylaws don't have to be changed.

70

00:07:10.348 --> 00:07:13.829

To address specific concerns that go out to different committees.

71

00:07:13.829 --> 00:07:21.959

and there were some committees had really clear charges others did not so they weren't even treated very clearly in the beach bylaws

72

00:07:21.959 --> 00:07:25.319

So, the worksheets are new living document where we will address these.

73

00:07:25.319 --> 00:07:28.738

If you need to want to send me an email and I'll shoot you out your worksheet.

74

00:07:28.738 --> 00:07:32.848

Um, okay, thank you.

75

00:07:34.348 --> 00:07:40.379

Well, we eventually put all of those on the Web site. We could.

76

00:07:40.379 --> 00:07:50.249

Okay, well, that's how I think that's how I know where the worksheet for. I think they're in the SharePoint is where they are. Um, so they're.

77

00:07:50.249 --> 00:07:53.939

They live, they're a little bit of a living document. Um.

78

00:07:53.939 --> 00:07:57.119

Based on what the exact committee says so.

79

00:07:58.139 --> 00:08:02.699

Any other questions.

80

00:08:05.608 --> 00:08:12.059

Thank you Mary. Beth Thank you. Everyone have appreciate it. Yep. Okay.

81

00:08:12.059 --> 00:08:21.629

Moving on a couple of other items I want to bring to the attention of folks. Um.

82

00:08:21.629 --> 00:08:26.879

We're beginning the process of seeking nominations.

83

00:08:26.879 --> 00:08:31.829

For election of part time faculty, more information about that will become.

84

00:08:32.693 --> 00:08:33.923

Available soon,

85

00:08:34.403 --> 00:08:48.443

in addition we are sending a proposed amendments to charter and bylaws for consideration that amendment or amendments will deal with certain aspects of electronic elections.

86

00:08:48.443 --> 00:08:54.053

And hopefully we will have that for you at the next setup meeting for consideration.

87

00:08:54.328 --> 00:08:59.759

If not sent out sooner I want to take 10 minutes.

88

00:08:59.759 --> 00:09:03.418

I'm putting a time limit on this for 10 minutes.

89

00:09:03.418 --> 00:09:09.328

Okay, I want to talk to today about the masking.

90

00:09:09.328 --> 00:09:12.869

That the men masking mandate here, why is.

91

00:09:12.869 --> 00:09:18.119

i am part of a safety committee that has been meeting weekly

92

00:09:18.119 --> 00:09:25.318

We meet every week oftentimes we also meet with local health department officials.

93

00:09:25.318 --> 00:09:30.269

We also meet on occasions with union representatives.

94

00:09:30.269 --> 00:09:34.139

We discuss matters with regard to.

95

00:09:34.139 --> 00:09:43.558

Kronos virus, protection and safety measures, et cetera. This last week we had a meeting.

96

00:09:43.558 --> 00:09:49.649

with ryan t tack who is the mahoney county commissioner health commissioner

97

00:09:49.649 --> 00:09:55.109

And through those discussions, and through the data that's been coming through.

98

00:09:55.109 --> 00:09:58.408

From the various aspects of the.

99

00:09:58.408 --> 00:10:05.038

reporting health care reporting we are going to

100

00:10:05.038 --> 00:10:11.278

Recommend that the wearing of mass outside the classroom.

101

00:10:11.278 --> 00:10:17.339

Outside the classroom, it's not mandated it's recommended that you do.

102

00:10:17.339 --> 00:10:21.989

That social distancing be maintained to the extent possible.

103

00:10:21.989 --> 00:10:26.249

But masking will still be mandated within the classroom.

104

00:10:26.249 --> 00:10:31.379

And that social distance thing, to the extent possible.

105

00:10:31.379 --> 00:10:37.678

Happened as well, we intend for this to take place.

106

00:10:37.678 --> 00:10:42.989

Beginning this Friday, an announcement should be coming out.

107

00:10:42.989 --> 00:10:50.489

Tomorrow, we're presenting this to you today for any response. I have members of the.

108

00:10:50.489 --> 00:10:57.269

Safety committee here with me today. So again, I'm just going to a lot about 10 minutes.

109

00:10:57.269 --> 00:11:02.458

Any questions or comments and so I'll open it up here.

110

00:11:02.458 --> 00:11:07.739

Now, if there's any from the present audience or the virtual audience.

111

00:11:08.364 --> 00:11:23.333

Yes, sir. So would it could you speak up a little bit? Because I'm part of it so for the, um, the mask is it so, um, say in word feature the hallway, you wouldn't have to wear a mask. It would just be a recommendation, but once you go into a classroom yes.

112

00:11:23.364 --> 00:11:26.364

Okay. When you're walking through the hallway.

113

00:11:26.578 --> 00:11:35.639

It's recommended to wear 1, but it's not going to be mandated, but once you walked into, let's say the auditorium award feature, you'd have to have a mascot.

114

00:11:35.639 --> 00:11:42.149

Ron fields, uh, thank you. Um.

115

00:11:42.149 --> 00:11:49.708

Just to clarify, and then, uh, that would not apply to elevators. I could get on on an elevator and not have to wear a mask.

116

00:11:49.708 --> 00:11:52.828

Sure, that's true.

117

00:11:52.828 --> 00:12:07.494

Yeah, likewise someone who is immunocompromised in a wheelchair would get on an elevator with 2 or 3 other students many of, which have already tested positive for covid. I've been getting emails today, so no, 1, they would not have to wear.

118

00:12:07.494 --> 00:12:13.403

I'm asking that very small enclosed elevator space, putting someone else at risk.

119

00:12:13.678 --> 00:12:17.129

Just to clarify that, that's what the policy is doing.

120

00:12:17.129 --> 00:12:20.639

Yes, that seems really bad.

121

00:12:20.639 --> 00:12:23.759

That's my 2 cents. Okay.

122

00:12:23.759 --> 00:12:32.009

Mr. doctor cost her out? No, I have not on my PC if my customer comes down. Um.

123

00:12:32.009 --> 00:12:36.719

Just a question for you as a biologist 1 goal, the pandemic become endemic.

124

00:12:36.719 --> 00:12:41.188

Well, just become like another virus that becomes like cold. We just add.

125

00:12:41.188 --> 00:12:47.278

For those who didn't hear Mike asked my opinion.

126

00:12:47.278 --> 00:12:52.019

So this is just an opinion, like, when would the.

127

00:12:52.019 --> 00:12:55.229

Current pandemic transition into an endemic.

128

00:12:55.229 --> 00:12:59.129

And people are starting to talk about that.

129

00:12:59.129 --> 00:13:03.479

And right now it looks like we are beginning.

130

00:13:03.479 --> 00:13:08.788

To transition to that, however, there could always be.

131

00:13:08.788 --> 00:13:13.828

A reversal that should something like the across various.

132

00:13:13.828 --> 00:13:18.089

Or, like, pop back up again, but the data right now.

133

00:13:18.089 --> 00:13:21.688

That I am aware of suggests that we're beginning to.

134

00:13:21.688 --> 00:13:25.499

A decline Austin brown.

135

00:13:28.198 --> 00:13:35.489

Say that I do support this policy being in place, because as Dr fields mentioned about somebody being.

136

00:13:35.489 --> 00:13:48.448

You know, possibly at risk and people testing positive and being in the same space that could be true. But why is she also is published the corona virus data and we have continually declined cases recently, especially in the last few weeks.

137

00:13:48.448 --> 00:13:56.578

And being as Omnicom was the variant that people were concerned about, and it's significantly weaker than past variance. I think that this would definitely be appropriate.

138

00:13:56.578 --> 00:14:05.129

If somebody's immunocompromised, I mean, as you guys were just saying about transitioning to an endemic, even in that case, when corona are still around.

139

00:14:05.129 --> 00:14:15.958

Those people's immunocompromised is not going to disappear. So, at some point, we have to say that if somebody's immunocompromised, they're going to have to take a personal precaution because we can't continue to wear masks, you know.

140

00:14:15.958 --> 00:14:20.698

For in determined a period of time.

141

00:14:23.668 --> 00:14:26.938

Any other comments questions.

142

00:14:26.938 --> 00:14:32.698

Dan spirit yeah. My only question is, is that it seems like.

143

00:14:32.698 --> 00:14:37.288

We're keeping it in the classroom and part of he's like, why are we keeping the classroom but then not keeping it.

144

00:14:37.288 --> 00:14:40.288

In other instances that would replicate, like, the classroom.

145

00:14:40.288 --> 00:14:46.859

An elevator, for example, or a lot of the hallways in our building are used as seating areas.

146

00:14:46.859 --> 00:14:50.339

They're not students walking around their students sitting for hours.

147

00:14:50.339 --> 00:14:53.729

Eating lunch, chatting, whatever, so.

148

00:14:53.729 --> 00:14:57.269

My question is, is that why are we doing it for 1 and not the other.

149

00:14:57.269 --> 00:15:00.899

If we're safe enough to do this in a class, if it's not safe to do it in the classroom.

150

00:15:00.899 --> 00:15:04.469

Why is it safe enough in an arena where.

151

00:15:04.469 --> 00:15:08.458

Does that make sense? My question certainly does.

152

00:15:08.458 --> 00:15:11.879

And we had that discussion in our committee.

153

00:15:11.879 --> 00:15:20.158

And talking with the health commissioner as well, as some of the guidelines coming out of the.

154

00:15:20.158 --> 00:15:24.538

This policy seeing the line with the data and.

155

00:15:24.538 --> 00:15:30.808

Could go into this for a long time, but I would just say it was consistent with what.

156

00:15:30.808 --> 00:15:37.589

We, uh, our discussion the other day, I I know it seems counter intuitive, but.

157

00:15:37.589 --> 00:15:46.198

But the data suggests that things are out of decline, why is he has done a great job? And.

158

00:15:46.198 --> 00:15:49.589

Uh, the numbers are just going down and.

159

00:15:49.589 --> 00:15:53.969

But however, if you're still uncomfortable.

160

00:15:53.969 --> 00:15:58.948

You can wear a mask and actually, this is.

161

00:15:58.948 --> 00:16:02.099

My opinion, I'm not speaking on behalf of.

162

00:16:02.099 --> 00:16:08.578

The committee or anyone else, but I, I told my research students this week.

163

00:16:08.578 --> 00:16:13.918

That anytime someone.

164

00:16:13.918 --> 00:16:18.119

Is uncomfortable asked them to put on a mask.

165

00:16:18.119 --> 00:16:23.249

And do so, okay. Consider the other person.

166

00:16:23.249 --> 00:16:26.578

Is what I told them apply the Golden rule.

167

00:16:26.578 --> 00:16:35.129

So, I think, uh, it's just my opinion and I, that's what I'm doing with my students.

168

00:16:35.129 --> 00:16:42.808

And hopefully people will be more sensitive to other people's needs and desires.

169

00:16:42.808 --> 00:16:46.859

Other situations yes, very acronym.

170

00:16:49.349 --> 00:16:54.058

I all my question is for the rec center. Um.

171

00:16:54.058 --> 00:17:05.638

Does this apply there that, um, if you're in a class and in the rec, they're not, we're going to have to mask or how does it apply to the rec center?

172

00:17:05.638 --> 00:17:10.229

I don't know if that was discussed at your meetings.

173

00:17:10.229 --> 00:17:19.409

It would be academic classrooms and classroom settings. That's the only other thing that we need to add to that. Yeah, it's academic classrooms.

174

00:17:19.409 --> 00:17:31.739

And ask them settings, so that's biology lab. So basically the rec center mask mandates will be lifted. Am I correct in that statement?

175

00:17:31.739 --> 00:17:35.368

Yeah. Okay. Thank you. Oh.

176

00:17:35.368 --> 00:17:39.628

Yeah, I was just going to say, I, I think.

177

00:17:39.628 --> 00:17:46.648

It's a, it's a good compromise where people can still save. So, like, my gut reaction to support it.

178

00:17:46.648 --> 00:17:57.808

And the other thing I would say is, I believe length of exposure matters when you're calculating risk as well. So, if you were on a short elevator ride, I know when I was contact traced a couple of times.

179

00:17:57.808 --> 00:18:02.308

1 of the questions was, how long were you in close proximity to the person.

180

00:18:02.308 --> 00:18:16.344

So, I'm not sure how that plays in, but I, I was asked, like, 3 times on different contact tracings. And then the other thing I would say is as far as, like, meeting in the hallways or any place else, like, my kids have to be in my classroom to take the class.

181

00:18:16.344 --> 00:18:29.513

Like, that's mandatory. But they don't have to gather in small groups in the hallway. So, they have a little bit more control over where they are and how they present themselves outside of the classroom setting.

182

00:18:29.729 --> 00:18:37.528

I know it's not perfect. I don't think anything's going to be perfect, but I'm glad that there's like a compromise instead of across the board thing.

183

00:18:37.528 --> 00:18:40.558

Word 10 minutes, but I still have hands up.

184

00:18:40.558 --> 00:18:46.558

I'll take 3 more quick comments here, choosing Vanna Davis.

185

00:18:48.328 --> 00:18:59.939

Yeah, hi, Chad. Thanks for informing us of this change. I wasn't aware of this committee or how it was formed. Could you tell us who the committee members were and how.

186

00:18:59.939 --> 00:19:11.818

The committee was formed while you're asking me to remember before yesterday I have no more.

187

00:19:11.818 --> 00:19:16.888

Some of the committee members are here, John. I'm Nicole.

188

00:19:16.888 --> 00:19:20.159

Let Aaron know.

189

00:19:20.159 --> 00:19:25.949

City province Cindy crab Tyra.

190

00:19:25.949 --> 00:19:29.578

Paul correct.

191

00:19:29.578 --> 00:19:34.348

Blanking out Jen gentile. Julie gentile.

192

00:19:34.348 --> 00:19:46.403

Correct yes, and we intended to be on the within the student and then when you mentioned Nicholas hall, she's part of the expanded summit. Yeah. So the unions and representatives and stuff we're invited to meet with us once a month. Yes.

193

00:19:47.334 --> 00:19:50.753

Corona just let me, uh.

194

00:19:51.028 --> 00:19:54.959

We've been meeting well, over here.

195

00:19:54.959 --> 00:19:59.909

A year and a half probably once a week.

196

00:19:59.909 --> 00:20:05.189

Mostly Elena christova.

197

00:20:07.134 --> 00:20:17.753

Yes, thank you. I just wanted to mention maybe it's a thought to think about you kept saying that the case has diminished. Right?

198

00:20:17.753 --> 00:20:27.894

The number of cases has reduced significantly over the past months, or, you know, a couple of weeks. So, I'm wondering if that has to do with the mask wearing everywhere.

199

00:20:28.169 --> 00:20:36.209

So, if the mask wearing at least 1 factor that brought us to this better place, maybe it makes sense to keep doing what we have been doing.

200

00:20:36.209 --> 00:20:45.209

Just a comment, that's it. That's a good comment. But in talking with the health department, um, that.

201

00:20:45.209 --> 00:20:51.298

Uh, doesn't necessarily seem to align with the with the data. There's actually a lot of people.

202

00:20:51.298 --> 00:20:54.838

Not wearing a mask away from why to.

203

00:20:54.838 --> 00:21:01.108

So, on campus, yeah, you know, most people are abiding by the mandate.

204

00:21:01.108 --> 00:21:05.278

But off campus to born.

205

00:21:05.278 --> 00:21:15.749

Yeah, and the other thing is to Chad, is that, as we discussed is that it wasn't just the numbers that we were looking at on campus but it was also the greater community that we reside in.

206

00:21:15.749 --> 00:21:28.378

And so, that is why we have been so aligned with the city and the county from day 1 for their insight in both of those areas because there may be a thing where we were 6 months ago. 8 months ago, 9 months ago.

207

00:21:28.378 --> 00:21:35.729

You know, we have a lot of students who are commuters, and obviously all of the staff and stuff. So that was a huge consideration when we took a look at it.

208

00:21:35.729 --> 00:21:42.989

Not only with the University, and also our numbers who continually to go down, but also on the city and the county widespread.

209

00:21:42.989 --> 00:21:51.298

Thank you Shannon. Thanks for adding that. Appreciate that. No more 1 more. Uh, Carol lamb. Carol lamb. Dr lamb.

210

00:21:51.298 --> 00:21:57.358

Alright, thanks. I just would like to know. Was there a discussion about totally lifting them?

211

00:21:57.358 --> 00:22:01.288

All together the mask mandate there.

212

00:22:02.878 --> 00:22:07.048

Yes, there was the discussion about that, but we're going to.

213

00:22:07.048 --> 00:22:17.638

Wait until we get more guidance from the federal government as well as the local health officials, just to make sure we don't want to jump the gun.

214

00:22:17.638 --> 00:22:24.209

But we also wanted to make sure that folks in our classrooms still felt comfortable.

215

00:22:24.209 --> 00:22:27.509

So, we kind of took the middle road here.

216

00:22:27.509 --> 00:22:31.019

So, thank you for bringing that up.

217

00:22:31.019 --> 00:22:35.429

Apologies Jonathan and Austin.

218

00:22:35.429 --> 00:22:41.999

Those are the only 2 yeah, I'll take those. Okay, Jonathan.

219

00:22:44.098 --> 00:22:44.729

Yes,

220

00:22:44.753 --> 00:22:45.233

so,

221

00:22:45.233 --> 00:22:45.653

uh,

222

00:22:45.683 --> 00:22:48.773

this doesn't leave any room for,

223

00:22:48.804 --> 00:22:49.314

um,

224

00:22:49.344 --> 00:22:57.413

the McDonald museum or theatrical or musical performances to adopt their own policies regarding masks in,

225

00:22:57.443 --> 00:22:57.743

you know,

226

00:22:57.743 --> 00:22:59.273

in those special instances.

227

00:22:59.548 --> 00:23:04.558

No, no, no, no, no, that's true Jonathan. That's true.

228

00:23:04.558 --> 00:23:08.068

Okay, and Austin.

229

00:23:08.068 --> 00:23:11.338

Austin brown.

230

00:23:11.338 --> 00:23:14.638

Yeah, I just wanted to say, like, uh, I'm not sure who that was.

231

00:23:14.638 --> 00:23:20.999

Mentioned a comment about masking helping, uh, the cases go down. I agree with, uh.

232

00:23:20.999 --> 00:23:24.209

The provost, or the chairman, whoever that was, and it said.

233

00:23:24.209 --> 00:23:33.898

That, um, that is actually not the case and I agree because the same people teams that are complaining that not enough, people are masking are also saying the masking is helping.

234

00:23:33.898 --> 00:23:39.058

The cases go down, so I'm just trying to figure out which it is if not enough people are masking.

235

00:23:39.058 --> 00:23:48.088

Then the cases would go up, theoretically, but if the cases are going down, then they're saying that it's because people are masking. It just seems like there's a little bit of a disconnect there. You know.

236

00:23:49.739 --> 00:24:03.324

Appreciate comment. Okay. I'm going to close discussion here. I want to. Thank you. I appreciate the input. Members of the safety committee are here in the room with me.

237

00:24:03.473 --> 00:24:05.663

I'm sure they appreciate listening.

238

00:24:05.878 --> 00:24:09.148

To the comments, uh, please.

239

00:24:09.148 --> 00:24:15.209

Be watching your emails for further announcements coming up in the near future.

240

00:24:15.209 --> 00:24:19.739

And, um, thank you again for your participation.

241

00:24:19.739 --> 00:24:25.798

And at this time, I'm trying to keep the mood meeting moving just a little bit at this time.

242

00:24:25.798 --> 00:24:30.749

I would like to call. Oh, no, it's the copo here.

243

00:24:31.858 --> 00:24:43.048

Nicolette Paul. I'm here. nicholette. Would you tell us about we're about to have elections for the at large positions could you.

244

00:24:43.048 --> 00:24:53.308

Comment on that yes so I have to wait another election voting opportunity for.

245

00:24:53.308 --> 00:25:03.719

Each of the different colleges, except the business, the constituencies are identify their members at large. We have 4 colleges that need to be.

246

00:25:03.719 --> 00:25:13.828

Need to elect members at large and the request is that you only vote for 4 individuals for each college. And in some cases.

247

00:25:13.828 --> 00:25:17.699

There's up to 13 individuals that were nominated.

248

00:25:17.699 --> 00:25:27.808

And the reality is even after the election has closed, which will close, it will open today at 5 o'clock and it will close on Monday.

249

00:25:28.493 --> 00:25:42.743

And so, the issue is that even after we get the totals, we have to wait to ensure that everyone who has been nominated and voted on actually, except those positions. So, there may be a little delay in between.

250

00:25:43.828 --> 00:25:47.608

Posting the actual results and who all accepts.

251

00:25:47.784 --> 00:25:54.864

Any questions, and the voting will take place in Microsoft teams and after at the end of this meeting, we will send out a video.

252

00:25:55.013 --> 00:26:05.034

That will provide assistance to any individual who these, a little coaching about how to access Microsoft teams to have access to the elections.

253

00:26:05.034 --> 00:26:10.673

And you will have to there's only 1 vote per person you will have to sign into authenticate yourself.

254

00:26:10.949 --> 00:26:19.709

So, Nicolette, that's 50 PM. Monday's the deadline, right? Yes. 0 PM. Sorry about that. Yeah, that's that's fine.

255

00:26:19.709 --> 00:26:22.739

And there's, uh.

256

00:26:22.739 --> 00:26:28.499

Voting only within the college and there's 4 colleges voting. Is that correct?

257

00:26:28.499 --> 00:26:34.739

Yes, because the is already selected, they're at large people.

258

00:26:34.739 --> 00:26:43.798

That's correct. Okay. Any quick questions for Nicolette who, by the way between her and Ray.

259

00:26:43.798 --> 00:26:48.328

I want to thank because they put a lot of effort and.

260

00:26:48.328 --> 00:26:52.169

Blood sweat and tears into this effort and Nicolette.

261

00:26:52.169 --> 00:26:57.479

Thank you so much appreciate it. I know you've taken a little bit too so I appreciate it.

262

00:26:57.479 --> 00:27:01.409

Any questions.

263

00:27:01.409 --> 00:27:11.638

Okay, if not, we'll move on to Provo Smith. I believe he has a couple of things he'd like to say to us.

264

00:27:19.888 --> 00:27:23.669

Like, you chat good afternoon everyone.

265

00:27:23.669 --> 00:27:28.709

Always my privilege to rise for you talk about.

266

00:27:28.709 --> 00:27:32.939

Uh, some of the good things that are happening in academic affairs.

267

00:27:32.939 --> 00:27:38.038

A lot of it is a great testament to the work that all of you are doing. So thank you very much.

268

00:27:38.038 --> 00:27:44.818

1st of all advise this is a system by which.

269

00:27:44.818 --> 00:27:58.348

We're assisting students in persisting issue, primarily with the faculty in raising alerts when they see a problem with the student. And so the idea is.

270

00:27:58.348 --> 00:28:01.348

Where we know that.

271

00:28:01.348 --> 00:28:11.759

The faculty or providing excellent service within the classroom, but often times we find that problems within the classroom correlate with students behavior across campus.

272

00:28:11.759 --> 00:28:15.538

So, if they're missing your class, they're probably missing somebody else's class.

273

00:28:15.538 --> 00:28:27.479

And if there's an issue that we can assist with advisors can assist with that, we can address we stand a better chance of keeping these students longer. So the strategy.

274

00:28:27.479 --> 00:28:36.598

Is, uh, across the entire institution and in addition with that sliver of time and space that you have the students in your classroom.

275

00:28:36.598 --> 00:28:42.209

So, there's no doubt about it. There's a learning curve with serum advice.

276

00:28:42.209 --> 00:28:45.538

Some some faculty have noted that.

277

00:28:45.538 --> 00:28:54.298

This is also a culture change. It's certainly not a system that I've ever been part of as an instructor in a class.

278

00:28:54.298 --> 00:29:00.118

So, if I were to begin teaching right now, I'd have to become part of that flow, learn the software.

279

00:29:00.118 --> 00:29:07.288

Uh, and in my mind that we're all part is faculty together in the system the students.

280

00:29:07.288 --> 00:29:14.759

So their glitches, so there are mistakes. There's little things here and there, we're fixing them.

281

00:29:14.759 --> 00:29:18.628

And it's going to be a process of continuous improvement.

282

00:29:18.628 --> 00:29:23.729

So, together we make this better what I'm most excited about is.

283

00:29:23.729 --> 00:29:28.288

Is we're seeing signs of of the culture change already?

284

00:29:28.288 --> 00:29:32.519

Just across a few semesters, we've already seen.

285

00:29:32.519 --> 00:29:36.538

Uh, more than 3 times the number of alerts coming in.

286

00:29:36.538 --> 00:29:44.429

So this suggests that more and more faculty are seizing the opportunity to help all of us help our students together. So.

287

00:29:44.429 --> 00:29:47.878

Thank you very much for the good work that you're doing.

288

00:29:47.878 --> 00:29:52.259

As we continue to make improvements in serum advise, and how we administer it.

289

00:29:52.259 --> 00:30:00.058

And, uh, listen to you in ways that we could help make it better. I know that we're going to see.

290

00:30:00.058 --> 00:30:07.169

Improvements in the numbers of students that are persisting overtime and don't forget that's part of enrollment.

291

00:30:07.169 --> 00:30:17.939

I think we place a lot of emphasis on the number of incoming freshmen. All of them refresh are down. But enrollments are also the number of students that are enrolled those are those the ones that we keep.

292

00:30:17.939 --> 00:30:24.568

So, we have more opportunities always to look at ways in helping students to persist. So, so thank you.

293

00:30:24.568 --> 00:30:31.348

For all that you do also I know that many faculty are helping us engage with.

294

00:30:31.348 --> 00:30:34.439
our our prospective students as the

295

00:30:34.439 --> 00:30:37.949
Visit campus, not a large number, but.

296

00:30:37.949 --> 00:30:44.939
Uh, it's, it's meaningful, so we just recently this past Friday at a very successful payment preview day.

297

00:30:44.939 --> 00:30:50.338
502,009 guests to the campus and 32% of those.

298

00:30:50.338 --> 00:30:56.249
Students that attended payment preview have already signed up for orientation.

299

00:30:56.249 --> 00:31:04.588
Why is that important? We know that students sign up for orientation are much more likely to yield. That is show up.

300

00:31:04.588 --> 00:31:10.138
For classes when fall begins, uh, also we have planned for later this semester.

301

00:31:10.138 --> 00:31:17.278
experience y yield programs so what's happening is we're bringing high school students to campus

302

00:31:17.278 --> 00:31:26.219
To experience, why is you were bringing prospective students? We're bringing admitted students all different categories to visit campus.

303

00:31:26.219 --> 00:31:33.209
It's the experience of why issue that's important not something they can read a card. That's something they can see on Facebook.

304

00:31:33.209 --> 00:31:39.118
It's, it's us the faculty that is what makes a difference and so I would encourage you.

305

00:31:39.118 --> 00:31:44.699

Any time that you're out of that and so many of you are part of experienced wide days. Maybe you are part of.

306

00:31:44.699 --> 00:31:57.868

Pay with preview days so thank you. But if you're out getting a bite to eat, you're walking across campus and you see what looks like to be a student with their with their family. And by themselves, you're wearing a placard or they're wearing a name tag.

307

00:31:57.868 --> 00:32:02.159

Something simple that you can do as you walk by and say, welcome to why issue.

308

00:32:02.159 --> 00:32:07.618

Glad to send you here a friendly face, a smile and engagement with them.

309

00:32:07.618 --> 00:32:11.219

It's, it's something that all of us can do to help engage every person.

310

00:32:11.219 --> 00:32:15.598

visits campus is to make them feel part of why issue already

311

00:32:15.598 --> 00:32:23.969

And so we're making great strides and it's your participation and you're good work because we know that the reason the students come here.

312

00:32:23.969 --> 00:32:33.538

Or, because of the great educations they're gonna get in our classrooms and so they're very interested in seeing you and hearing you and seeing what why she was going to be like.

313

00:32:34.858 --> 00:32:41.189

Wanted to draw your attention in our strategic plan that.

314

00:32:41.189 --> 00:32:50.729

We have a major goal by itself is to establish universal learning outcomes to enhance the value of a Y, issue degree.

315

00:32:50.729 --> 00:32:55.648

So, in the coming weeks, hopefully we'll find ways to engage.

316

00:32:55.648 --> 00:33:07.378

A significant numbers of faculty to help us think about what should learning outcomes be what is what what is a graduate of? Why should look like, what is the why is she experience.

317

00:33:07.378 --> 00:33:11.818

And so we want to be getting, uh, input from.

318

00:33:11.818 --> 00:33:20.548

A broad swaths of people to help us start looking at what would universal learning outcomes so that's a that's a heads up to get your thinking about it.

319

00:33:20.548 --> 00:33:25.499

There's going to be a number of assessments happening across campus. I noticed that.

320

00:33:25.499 --> 00:33:33.598

Hillary Berman is on the agenda, so I won't see much about that other than to say these are important in helping us get better.

321

00:33:33.598 --> 00:33:41.699

Also, I want to unfortunately draw your attention to some things that are happening at the state in house.

322

00:33:41.699 --> 00:33:46.949

Uh, there are some bills out there that are addressing divisive content.

323

00:33:46.949 --> 00:33:53.219

So, Chad, do we do we have a Senate response to this yet or what's? No, we're not that it was.

324

00:33:53.219 --> 00:33:58.318

Putting together a committee to respond to draft the response and then.

325

00:33:58.318 --> 00:34:04.769

So, yeah, so just want you to be aware that, um.

326

00:34:04.769 --> 00:34:08.458

this is an attack on academic freedom

327

00:34:08.458 --> 00:34:15.748

That what happens in the legislature can can tell us that things that we teach in the class.

328

00:34:15.748 --> 00:34:25.559

If they're devices, we can't do it, or it will be 5 or sensors. Somehow by the state, a number of people are aware of this legislation.

329

00:34:25.559 --> 00:34:30.688

Uh, our, our, our body, the inner University Council.

330

00:34:30.688 --> 00:34:33.989

Uh, they they have governmental relations group.

331

00:34:33.989 --> 00:34:40.978

Of which vice president Sherman sits on and so they're doing a lot of things to lobby.

332

00:34:40.978 --> 00:34:47.728

in columbus to to help assuage that some of these concerns uh but

333

00:34:47.728 --> 00:34:53.938

I told that probably some form of divisive content bill.

334

00:34:53.938 --> 00:34:58.199

Will be we'll be we'll, we'll be be passed.

335

00:34:58.199 --> 00:35:08.849

So, I just want you to be aware that this happened and so this needs to be something that the senators is considering and all of us are considering what impact that might have on us.

336

00:35:08.849 --> 00:35:17.248

Finally, this afternoon, last week I was asked a question about what is the performance of our academic partnerships.

337

00:35:17.248 --> 00:35:26.849

So, are students persisting any better in our own line academic partnership relationship otherwise and so I asked Dean Sanders.

338

00:35:26.849 --> 00:35:29.938

And his part of his response was.

339

00:35:29.938 --> 00:35:33.088

Uh, that they're only.

340

00:35:33.088 --> 00:35:39.179

So, there are 2 more was the only 2. let me read this.

341

00:35:39.179 --> 00:35:46.528

The number of students, not in good standing in the NBA since perfectly P. is only 2 more.

342

00:35:46.528 --> 00:35:51.659

And when the program was not associated with AP, so we have 2 more students than before.

343

00:35:51.659 --> 00:35:55.829

That were not that are not in good standing, but the number of students.

344

00:35:55.829 --> 00:35:59.998

Is 5 times greater so not only is this.

345

00:35:59.998 --> 00:36:04.528

Program and helping us reach more students and increase enrollments in graduate programs.

346

00:36:04.528 --> 00:36:07.619

This also has a really good track record with persistence.

347

00:36:07.619 --> 00:36:15.568

That concludes my report. Do you take any questions? Yes. Do we have any questions for the trouble?

348

00:36:17.969 --> 00:36:23.068

Is there a specific bill before the Senate? Is there a build number if you've got.

349

00:36:23.068 --> 00:36:27.418

Yes, 3273 hospital feel free to so.

350

00:36:30.688 --> 00:36:33.898

Any questions nothing here.

351

00:36:33.898 --> 00:36:40.978

Okay, well Thank you, Brian appreciate that. And I'm glad the provost brought that up.

352

00:36:40.978 --> 00:36:48.898

About how spill? 327 because today I got an email from the Ohio faculty Council, and just kind of.

353

00:36:48.898 --> 00:36:53.309

Don't tell into that the faculty council has drafted.

354

00:36:53.309 --> 00:36:57.028

A response to House bill 327.

355

00:36:57.028 --> 00:37:03.119

And hopefully they will get to present that to the particular committee within the week.

356

00:37:03.119 --> 00:37:11.548

But they also, uh, confirm what the provost said that it looks like some form of hospital, 327.

357

00:37:11.548 --> 00:37:17.248

Will be passed by the house and then sent to the Senate um.

358

00:37:17.248 --> 00:37:21.358

I read parts of House bill, 327.

359

00:37:21.358 --> 00:37:25.978

And as far as I'm concerned is draconian.

360

00:37:25.978 --> 00:37:28.978

And that it's gonna take us back.

361

00:37:28.978 --> 00:37:32.009

To the 1910 and 20 s.

362

00:37:32.009 --> 00:37:35.489

Okay, and so I'm forming.

363

00:37:35.489 --> 00:37:42.898

A committee of the Senate, hopefully to draft a quick response along the same lines of the faculty Council.

364

00:37:42.898 --> 00:37:51.418

And I would have had that, but, uh, some personal matters transpired, just as I was putting together that committee. So.

365

00:37:51.418 --> 00:37:55.768

It will be put together very soon. So thank you for again. Bringing that up.

366

00:37:55.768 --> 00:37:58.858

So you won't be able to talk about in class.

367

00:37:58.858 --> 00:38:05.518

Excellent that's true. People moving device. It maybe that.

368

00:38:05.518 --> 00:38:12.690

Okay, we're going to move on to committee reports and we have a big 1 right up front.

369

00:38:12.690 --> 00:38:19.079

Is my friend Donna present? I'm here, Donna. Would you like to, uh.

370

00:38:19.079 --> 00:38:23.909

Tell us what your standards committee has been doing so diligently.

371

00:38:23.909 --> 00:38:34.405

Please, we have been diligent we, as in the others, maybe less so me, let me make sure my count. My camera's not cutting my head off so it makes some sense.

372

00:38:34.405 --> 00:38:49.375

So we had the request come forward to us to examine what's happening with our transfer students transfer students from other institutions are coming in and with less than the residency required

373

00:38:49.554 --> 00:38:54.414

in order for them to be eligible for an honor standing upon completion of their degree.

374

00:38:55.255 --> 00:39:02.934

The students are graduating with a 3.4 or higher, but upon confirmation do not have 1 mechanism.

375

00:40:12.655 --> 00:40:26.215

These are the programs require that for bachelor's degree you must have 60 hours or semester hours at why issue? For a bachelors for an associate's degree. You need 40 hours.

376

00:40:26.215 --> 00:40:39.565

We'd like to move that to 30 hours and 20 hours. Mostly for our professional students. Who are coming in from other institutions, the way their degree programs, the sequence out or laid out. Really?

377

00:40:40.074 --> 00:40:41.815

They come to Y, issue with.

378

00:40:42.565 --> 00:40:48.414

A much smaller volume of course, is required to finish out their bachelors or their associates degree.

379

00:40:48.954 --> 00:41:03.355

So, ultimately, um, with all that said, and done, we would just like to move that scale from these 60 to 30 hours for the bachelor's degree. And from 40 hours to 20 hours for the associates.

380

00:41:04.380 --> 00:41:19.014

The other thing that was recognized is that we probably can't afford them the honors accolades in Latin so we might need to consider other options to designate that they are with

381

00:41:19.014 --> 00:41:22.824

honors but they are not they haven't been a room residents.

382

00:41:22.920 --> 00:41:27.750

Long enough for the Latin degrees. So this is where we're at folks.

383

00:41:27.750 --> 00:41:35.190

Okay, thank Thank you, Donna. This was hard work. I know you met several times and.

384

00:41:35.190 --> 00:41:38.940

Such, uh, by the way it.

385

00:41:38.940 --> 00:41:44.670

This report was available on the Senate webpage if you haven't seen it.

386
00:41:44.670 --> 00:41:48.210
So, this is coming from the committee.

387
00:41:48.210 --> 00:41:52.769
Which they want to modify the number of hours.

388
00:41:52.769 --> 00:41:57.989
For honors degrees from 60 and 30 to 30.

389
00:41:57.989 --> 00:42:02.130
Are 640 the 30 and 20 respectively.

390
00:42:02.130 --> 00:42:09.510
Right and that's just for transfer. Yeah, I made that clear. Yeah, yes.
For, um, thank you for.

391
00:42:09.510 --> 00:42:15.869
Transfer students. Okay. It's open. The floor is now open for comments or questions.

392
00:42:15.869 --> 00:42:20.039
Yes, go to nursing yes. Yeah.

393
00:42:20.039 --> 00:42:23.159
Yeah, I, um, 1st, um.

394
00:42:23.159 --> 00:42:29.190
I'd like to speak on behalf of nursing, but the whole University police,
um, we have had.

395
00:42:29.190 --> 00:42:33.900
Several students, voice, concerns and graduating texting graduation.

396
00:42:33.900 --> 00:42:38.699
Why were their names their, this, they've come back to school to.

397
00:42:38.699 --> 00:42:42.750
Transfer credits completed, because it's a job a requirement.

398
00:42:42.750 --> 00:42:48.449
And they worked really hard and I think when I looked at this, I, I.

399

00:42:48.449 --> 00:42:56.130

Here's supportive of moving forward and I don't think the mission of the university and what we stand for we want to be successful.

400

00:42:56.130 --> 00:43:02.820

Wanna promote, you know, a attainment degrees. I think it's a.

401

00:43:02.820 --> 00:43:09.750

Good thing, I think it shows to their families that their parents significant person coming back.

402

00:43:09.750 --> 00:43:13.679

They're pursuing.

403

00:43:13.679 --> 00:43:16.829

Degree attainment and I also think it's a.

404

00:43:16.829 --> 00:43:20.849

Good PR, for the university uh.

405

00:43:20.849 --> 00:43:24.570

We're doing this, we offer this and acknowledges.

406

00:43:24.570 --> 00:43:28.679

Which I think is a really good things.

407

00:43:28.679 --> 00:43:35.369

Thank you appreciate that and you brought it to my attention a while back and we got it to the.

408

00:43:35.369 --> 00:43:42.300

Committee and they took what, your words to heart provost so to be formal promo Smith.

409

00:43:42.300 --> 00:43:49.380

I speak in favor of the proposal. I get lots of letters of students looking to transfer and they're disappointed.

410

00:43:49.380 --> 00:43:56.489

In this policy and our system to go elsewhere. So, in a time where students are freshest to us.

411

00:43:56.489 --> 00:44:03.570

Uh, if it, if it meets the will of the academic standards, and the fact that on the Senate, I think this is a is a good.

412

00:44:03.570 --> 00:44:06.780

Proposal Thank you. Yes.

413

00:44:06.780 --> 00:44:19.949

1 more comment. Sure. Um, particularly in some professions with this being documented on the transcript, it can also serve when they apply for graduate schools certainly would like to invite, you know, all the.

414

00:44:19.949 --> 00:44:26.010

Completion that, because it would be very important for us to when they look when you're writing letters of recommendation.

415

00:44:26.010 --> 00:44:29.730

And you're making the application it, it makes a significant.

416

00:44:29.730 --> 00:44:34.050

Impression yeah.

417

00:44:34.050 --> 00:44:38.849

Thank you. Are there any other comments from.

418

00:44:38.849 --> 00:44:42.300

Those present or those virtual.

419

00:44:43.380 --> 00:44:47.969

No oh, who Martha planning.

420

00:44:47.969 --> 00:44:54.030

Yes, more for clarification because, um, I've heard 2 different things.

421

00:44:54.030 --> 00:45:01.559

This applies only to transfer students, not 1 of our own students, for example, coming back after 20 years.

422

00:45:03.269 --> 00:45:12.960

Donna, Martha, if they're coming back after 20 years, then they would have met the full residency requirements as I understand it. Um.

423

00:45:12.960 --> 00:45:25.525

For, why is she, if they get a GPA that's for 3.4 or higher, then their honors would then be recognized through a Latin D notation. Okay.

424

00:45:25.525 --> 00:45:28.224

I, I guess my question is this.

425

00:45:29.519 --> 00:45:35.099

For our transfer students coming in, and I'm arguing in favor of granting it kind of amnesty.

426

00:45:36.329 --> 00:45:39.869

4 students who've been out for an extended period of time.

427

00:45:41.130 --> 00:45:46.469

Many of our students who have been absent for.

428

00:45:46.469 --> 00:45:57.269

51,015 years, and are seeking to come back left in the 1st place because they were not in particularly good academic standing.

429

00:46:00.539 --> 00:46:04.500

Okay, it's my understanding that.

430

00:46:04.500 --> 00:46:10.380

The of the transferring students does not count for this only work at Wyeth.

431

00:46:10.380 --> 00:46:19.889

Right, yeah, I I suppose that we would need to come back and consider another amendment amendment. Pardon me? For students who are returning.

432

00:46:19.889 --> 00:46:25.619

In some way, perhaps expunge their former record.

433

00:46:26.730 --> 00:46:29.789

That what you're suggesting, I am.

434

00:46:29.789 --> 00:46:33.630

I've worked I've worked for considerably with.

435

00:46:33.630 --> 00:46:40.409

Uh, BGS students in particular, and I think that this would make the program more attractive.

436

00:46:40.409 --> 00:46:50.460

Okay, yeah, I think that that we're going to need to go, come back and make it a different amendment since that's a returning Y su student right?

437

00:46:50.460 --> 00:46:54.449

I guess my 1st, question then would be what would be the.

438

00:46:54.449 --> 00:46:58.889

Ethical handrails if you would.

439

00:46:58.889 --> 00:47:07.829

For a student who sort of stuck it out at why she had had a 1st, 2 crummy semesters or so and was never permitted to have.

440

00:47:07.829 --> 00:47:16.679

That expansion for their 1st, couple of semesters. So, you know, there there may be some discrepancies there in that regard.

441

00:47:16.679 --> 00:47:23.130

I just I think it's a matter of equity because I don't know who it was that was speaking earlier.

442

00:47:23.130 --> 00:47:27.150

Um, said, degree completion.

443

00:47:27.150 --> 00:47:30.329

And that's different than transfer student.

444

00:47:30.329 --> 00:47:33.389

Um.

445

00:47:33.389 --> 00:47:40.320

Let let me, um, interrupt here for a technicality. I think Martha, you made a very good point.

446

00:47:40.320 --> 00:47:43.920

Uh, but this particular.

447

00:47:43.920 --> 00:47:47.039

Policy deals solely with transfer students.

448

00:47:47.039 --> 00:47:53.159

I think it would be a good idea for the standards committee.

449

00:47:53.159 --> 00:47:56.820

To take up that other aspect that you brought up.

450

00:47:56.820 --> 00:48:01.860

Okay, is that okay with you, Martha? That's fine. I just wanted to point out.

451

00:48:01.860 --> 00:48:06.389

Yes, I I heard 2 different things. I heard completion.

452

00:48:06.389 --> 00:48:09.809

And I heard transfer students.

453

00:48:09.809 --> 00:48:13.920

Okay, but they aren't necessarily the same thing.

454

00:48:13.920 --> 00:48:25.949

You're right, Bob, you have something to say I'm gonna I'm gonna defer if they're gonna take this, take the other issue up with, with academic standards. All wait until they come back. Yes.

455

00:48:25.949 --> 00:48:29.760

Okay with you, Donna. Okay with me.

456

00:48:29.760 --> 00:48:37.019

Alright, alright any, any comments specifically towards this proposed.

457

00:48:37.019 --> 00:48:40.079

Policy change with regard solely.

458

00:48:40.079 --> 00:48:47.849

To transfer students hearing, though, other comments.

459

00:48:47.849 --> 00:48:52.650

And because we have this weird virtual situation.

460

00:48:52.650 --> 00:48:58.260

I'm going to put the question out in reverse.

461

00:48:58.260 --> 00:49:02.550

All of those who are opposed.

462

00:49:02.550 --> 00:49:06.389

To the policy as proposed.

463

00:49:06.389 --> 00:49:16.590

Say, aye, those who is to abstain from voting on this policy? Say I.

464

00:49:18.869 --> 00:49:22.320

Then the chair makes the assumption unless there's.

465

00:49:22.320 --> 00:49:29.190

The human objection that the majority of the senators present vote in favor of this policy.

466

00:49:31.650 --> 00:49:38.460

Hearing no objection, the policy with regards solely the transfer students is approved by the Senate.

467

00:49:38.460 --> 00:49:42.449

Okay, thank you very, very, very much.

468

00:49:42.449 --> 00:49:45.449

Thank you for being on pardon me?

469

00:49:45.449 --> 00:49:50.610

I said, thank you very much. Absolutely. We're good. Okay.

470

00:49:50.610 --> 00:50:03.119

Can I this is Kevin ball. Oh, no. It's all good. It's all good. It's just as a procedural clarification.

471

00:50:03.119 --> 00:50:06.480

Um, so we'll take donnas.

472

00:50:06.480 --> 00:50:10.980
Changes will we'll put those into the catalogue this summer.

473
00:50:10.980 --> 00:50:15.869
They'll go into effect in the next academic year, so they.

474
00:50:15.869 --> 00:50:20.789
So, this change will not apply for students and this this semester, just.

475
00:50:20.789 --> 00:50:24.690
Just so that that's clear. Okay.

476
00:50:24.690 --> 00:50:35.610
Thank you Mr. catalog. Mr. catalog is going to do that. Then I think that the other thing that we need to make clear on is a choice on the language for those owners.

477
00:50:35.610 --> 00:50:39.239
Recipients, so That'll That'll have to come through as well.

478
00:50:39.655 --> 00:50:53.664
Right you could bring that up the next would you have that at the next set up meeting? Yeah in fact, I'm going to change the next minute meeting from the next set of meaning to academic standards meeting. Because Chad has promised that we're going to have a lot of work to do, and there won't be any time for anyone else.

479
00:50:58.344 --> 00:51:06.894
Okay, sounds good. Good promise moving on to the next committee that has submitted a report.

480
00:51:07.050 --> 00:51:14.489
Dr. Wakefield are you present? Of course not. He's not present because.

481
00:51:14.489 --> 00:51:23.099
Doctor awake, those chair of the undergraduate curriculum committee recently sent me 329 curricular actions.

482
00:51:23.099 --> 00:51:33.510
To approve 329 you realize that is now close to a 1000 in the last 2 months.

483
00:51:35.219 --> 00:51:44.610

Tom, yes, yes, yes. I'm keeping you busy. Yeah. Do you want to comment about your committees work?

484

00:51:44.610 --> 00:51:47.880

Uh, my only comment is that.

485

00:51:47.880 --> 00:51:59.940

This report is the last report of changes that will take effect for the next catalog for the 202,223 catalog. However, our committee is still meeting and we encourage.

486

00:51:59.940 --> 00:52:07.380

Faculty and shares that would like to make changes to curriculum to do. So, and, um, we'll consider them.

487

00:52:07.380 --> 00:52:10.889

But they will take effect for the 200,324 catalog.

488

00:52:10.889 --> 00:52:17.699

Thank you Tom, and I want to thank your committee, because in all seriousness.

489

00:52:17.699 --> 00:52:22.199

There has been close to a 1000 curricular actions, come through.

490

00:52:22.199 --> 00:52:31.739

On my computer and low inside joke is Tom always emails me right before he sends him because.

491

00:52:31.739 --> 00:52:35.610

My computer just goes ding. Ding ding ding ding. Ding. Ding.

492

00:52:35.610 --> 00:52:40.500

And last time it was 329 times it went thin so.

493

00:52:40.500 --> 00:52:45.780

Thank you Tom and those, all those actions.

494

00:52:45.780 --> 00:52:48.960

Unless there's objections are considered approved.

495

00:52:50.130 --> 00:52:57.809

Thank you, thank you backup task, Ellen, where she wants to speak on her for the library committee report at all.

496

00:52:57.809 --> 00:53:02.010

Yeah, yeah, general agenda yes, I would like to.

497

00:53:02.010 --> 00:53:05.340

Make a comment on the library committee.

498

00:53:05.340 --> 00:53:10.199

We we met and we heard.

499

00:53:10.199 --> 00:53:14.039

Uh, the library have the library has.

500

00:53:14.039 --> 00:53:17.219

Lost a lot of staff.

501

00:53:17.219 --> 00:53:21.539

Uh, but how they've survived and are.

502

00:53:21.539 --> 00:53:26.639

I'm still keeping the library significant hours.

503

00:53:26.639 --> 00:53:34.170

And they have been doing a good job of keeping.

504

00:53:34.170 --> 00:53:38.429

The resources that a library available, especially Ohio link.

505

00:53:38.429 --> 00:53:42.780

Which has been called on quite a bit um.

506

00:53:42.780 --> 00:53:47.579

Hello.

507

00:53:48.780 --> 00:53:52.590

Can anybody hear me now?

508

00:53:52.590 --> 00:53:58.769

Oh, yeah, yeah, we got here. Okay. Okay because it said it was muted.
Okay.

509

00:53:58.769 --> 00:54:05.130

Um, the library received a request to be open extra hours.

510

00:54:05.130 --> 00:54:11.250

Um, for the students to study their.

511

00:54:11.250 --> 00:54:15.239

While this was something that.

512

00:54:15.239 --> 00:54:23.579

Uh, the library administration nearly wanted to do they just do not have
the personnel to be able to do it.

513

00:54:23.579 --> 00:54:26.730

Um, to the degree.

514

00:54:26.730 --> 00:54:31.829

Uh, during the term that the student, uh, government was asking for.

515

00:54:31.829 --> 00:54:39.420

Um, but they are making as many other things available as they possibly
can.

516

00:54:39.420 --> 00:54:42.599

They've had very good results to the.

517

00:54:42.599 --> 00:54:45.989

Um, the films on demand.

518

00:54:45.989 --> 00:54:51.599

Uh, offering that we have made, and it is going to continue.

519

00:54:51.599 --> 00:54:59.909

However, there is 1 announcement, request warning. However, you want to
put it.

520

00:54:59.909 --> 00:55:03.179

Please do not advertise.

521

00:55:03.179 --> 00:55:06.659

Um, that you are going to show a film.

522

00:55:06.659 --> 00:55:10.710

And either charge for it.

523

00:55:10.710 --> 00:55:14.369

Or give, you know, have, um, um.

524

00:55:14.369 --> 00:55:22.139

Uh, people from outside able to come into that film, uh, because that is a public showing.

525

00:55:22.139 --> 00:55:25.320

And the licensing we have.

526

00:55:25.320 --> 00:55:28.889

Does not allow you to do public showings.

527

00:55:28.889 --> 00:55:35.550

Without doing a lot of extra paperwork. Um, so if you want to do a public showing.

528

00:55:35.550 --> 00:55:40.050

Where the community at large or even outside of your class.

529

00:55:40.050 --> 00:55:44.250

Is invited into the movie, please talk with.

530

00:55:44.250 --> 00:55:49.139

Uh, Christine Adams or Anna, the directors of the library.

531

00:55:49.139 --> 00:55:53.400

Co directors to make sure that you get the proper licensing.

532

00:55:53.400 --> 00:55:57.510

That we felt that that was at the minimum.

533

00:55:57.510 --> 00:56:00.869

Uh, something we could ask of the whole community.

534

00:56:00.869 --> 00:56:04.019

Since we are offering the films as.

535

00:56:04.019 --> 00:56:13.769

Something as a service that you can get, uh, for teaching and others, and it's been smashing successful. So.

536

00:56:13.769 --> 00:56:21.210

Please please help us abide by the law and stay out of getting find.

537

00:56:21.210 --> 00:56:24.210

Um, for showing publicly.

538

00:56:24.210 --> 00:56:27.239

Things that are not public.

539

00:56:27.239 --> 00:56:32.849

Thank you thank you any questions for Eleanor.

540

00:56:34.079 --> 00:56:39.869

Anything no, thank you Eleanor appreciate it.

541

00:56:39.869 --> 00:56:45.360

Thank you Yep I don't know of any other committee reports.

542

00:56:45.360 --> 00:56:50.489

They aren't on my agenda. Okay. Okay.

543

00:56:50.489 --> 00:56:58.800

I don't know of any unfinished business, but we do have some new business and I would like to call it.

544

00:56:58.800 --> 00:57:04.889

Forward virtually he wanted to talk to us about the summer bridge program Carol.

545

00:57:06.179 --> 00:57:10.710

Good afternoon everyone last year we had.

546

00:57:10.710 --> 00:57:17.219

A revamped summer program and it was really it went really well so, this year.

547

00:57:17.219 --> 00:57:20.309

School year summer. Sorry this summer.

548

00:57:20.309 --> 00:57:25.170

Um, we Brenda Scott, and I hope is available cause.

549

00:57:25.170 --> 00:57:29.519

Um, she's here, I'm here I'm sorry summer.

550

00:57:29.519 --> 00:57:38.190

There were several proposals put forward. We tried to find money to have, um, emulate what Cleaveland state is doing. Other institutions.

551

00:57:38.190 --> 00:57:42.840

We want to modify what we're doing 1 week, virtual, 2 weeks on campus.

552

00:57:43.949 --> 00:57:58.945

We need resources, we need people resources we need if there's financial resources available, or you can tell me who I need to ask or write a grant. We are quickly in going into that process.

553

00:57:59.039 --> 00:58:02.429

Why, because summer programs help.

554

00:58:02.429 --> 00:58:08.760

Diversity issues on your campus, they help retention on your campus and they create a sense of belonging.

555

00:58:08.760 --> 00:58:17.219

Out of the 1819 students that agreed to participate last year. We have 14 that are doing well.

556

00:58:18.480 --> 00:58:24.570

3, that are on probation, but they understand what they did wrong.

557

00:58:25.650 --> 00:58:38.400

And they are holding themselves accountable. We also have over 40, 50 members who did volunteer last year. So, those students are in contact with someone other than ourselves.

558

00:58:39.690 --> 00:58:50.849

I want you to think about this, think about what it means to the institution if we can get 30 students on campus and if we can get 30 students to.

559

00:58:50.849 --> 00:59:01.650

We took away from year, 1 a year or 2 to graduation. That will look really well, in addition to that. We are, um, we are looking at grants for.

560

00:59:01.650 --> 00:59:07.019

2023 it will take us to 2025.

561

00:59:07.019 --> 00:59:10.619

And hopefully we can have some.

562

00:59:10.619 --> 00:59:20.730

Show cause why summer? Summer bridge a full functioning summer bridge program should be supported by the University.

563

00:59:20.730 --> 00:59:23.820

That's what I needed to say, Brenda.

564

00:59:23.820 --> 00:59:27.329

You want to talk a little bit about, um.

565

00:59:27.329 --> 00:59:30.449

The experience you have with the summer.

566

00:59:31.679 --> 00:59:44.394

It was a beautiful experience. We got the opportunity to incorporate, which are, you know, our, our writing in our math and our college math, which is very crucial.

567

00:59:44.755 --> 00:59:48.085

Especially with the target audience that we had. We were focused on why?

568

00:59:48.085 --> 00:59:59.994

Star students last year, the president trust or request, and with that, those are young town city school students and coming in a lot of times the students struggle.

569

01:00:28.050 --> 01:00:42.385

The, the, the different styles of writing and what what a college paper is supposed to look like. So, if we're, we're able to give them those things and give 1st, year students, those things, before they come onto our campus, I think we position them a whole lot better.

570

01:00:42.775 --> 01:00:49.405

And and even from our surveys, our students from the start of the program to the end, students felt more confident and encouraged.

571

01:00:49.650 --> 01:00:55.260

After attending just 2 weeks and again, if if we had it our way.

572

01:00:55.260 --> 01:01:09.505

Karen, I would would have a 6 week program allowing students to, to earn, or writing 1 in a, in a college math credit in the summer, or or something of that way. Just just because there's the students really need that involvement in that engagement.

573

01:01:09.985 --> 01:01:15.835

And with the 40 faculty and staff members that volunteered, which did another amazing job.

574

01:01:16.110 --> 01:01:23.579

They had an opportunity to experience different different subjects, different majors in a way that they.

575

01:01:23.579 --> 01:01:28.650

They couldn't have it they would just walk through on campus. So, summer bridge.

576

01:01:28.650 --> 01:01:33.059

Is most definitely something that's worthwhile is something that.

577

01:01:33.355 --> 01:01:48.025

I feel it's beneficial for all for all students that's involved and also rewarding, not just, you know, for myself and Carol, but I think it was very rewarding to all the faculty and staff that was involved and and allowing that opportunity.

578

01:01:48.864 --> 01:01:56.215

To just continue to grow, so we would encourage support you need support because we want to expand it out to not just waste our students.

579

01:01:56.784 --> 01:02:09.804

We want to expand it out to all those 1st, year students is coming in underrepresented marginalized, or just want an experience before they come, we want to expand that out and have those spots open.

580

01:02:09.804 --> 01:02:13.434

So it was it was an incredible experience.

581

01:02:13.619 --> 01:02:25.409

This is something that I love to do. So it was awesome. And we think we think all faculty and staff that was involved in volunteer and hopefully you do the same this summer, because we're going to reach out to, you.

582

01:02:25.409 --> 01:02:29.610

Thank you thank you any.

583

01:02:29.610 --> 01:02:33.780

Comments or questions from the audience. Oh, Mike are these.

584

01:02:33.780 --> 01:02:36.929

Uh, set up for this yet dates. Do you have dates?

585

01:02:36.929 --> 01:02:41.550

We are looking at July the 31st.

586

01:02:41.550 --> 01:02:45.840

2, August 13th.

587

01:02:45.840 --> 01:02:58.440

Um, because of what housing has to go through, we would prefer it to start 2 weeks before classes begin, but we have to work that out with, um, Olivia.

588

01:02:58.440 --> 01:03:02.460

And how he enjoy and student affairs. Okay, thank you.

589

01:03:03.929 --> 01:03:13.619

Anyone else will Karen Brenda, thank you so much. Appreciate it. And I look forward to hearing great progress from this.

590

01:03:13.619 --> 01:03:20.309

And hopefully we can support this to the full extent possible. So thank you.

591

01:03:20.309 --> 01:03:28.320

Thank you, thank you for your time you bet last on the agenda, but not least of course.

592

01:03:28.320 --> 01:03:34.920

Is Hilary pharma who's going to talk to us about couple assessments? I believe Hillary.

593

01:03:34.920 --> 01:03:44.099

Yeah, thank you. Of course, it's always dangerous between to be between 81 people and the door, but I promise I will talk long.

594

01:03:44.099 --> 01:03:47.219

I just have a quick slide to share.

595

01:03:48.925 --> 01:03:57.264

Whoops. All right so I just want to announce that this spring we are going to be offering the no 11 students survey.

596

01:03:57.264 --> 01:04:05.364

Many of you are familiar with the that we also offer but the 11th is a great compliment because it asks students about experiences.

597

01:04:06.690 --> 01:04:12.840

Their experiences on campus and what's important to them and how satisfied they are with those experiences.

598

01:04:12.840 --> 01:04:16.829

We're going to be offering the survey from March 14th to April. 1st.

599

01:04:16.829 --> 01:04:26.940

And different from the is that is offered to all students on campus. So we really have a chance to to get that student voice at a, at a collective level.

600

01:04:26.940 --> 01:04:31.739

It's an online survey we're going to be sending out invitations through campus leadership like the president.

601

01:04:31.739 --> 01:04:40.320

Fda and the, like, and I just want to point that how we're going to be marketing it and you may see a message.

602

01:04:40.320 --> 01:04:46.769

Fact, we actually are partnering with several offices on campus that are offering the American College health assessment.

603

01:04:46.769 --> 01:04:56.190

Because we are realizing that we need to be looking at satisfaction and there's a lot of issues going on with students, health issues right now. So we are partnering with.

604

01:04:56.190 --> 01:04:59.760

Uh, the dean of students campus rec.

605

01:04:59.760 --> 01:05:05.820

Kristen bronze, who's leading the bouncing back from serve grant?

606

01:05:05.820 --> 01:05:15.210

As well, as Nicolette Poe, all of whom have been working on that American College health assessment for several years. So.

607

01:05:15.210 --> 01:05:20.909

Finally, so what is that we need your help to encourage students to take it because you are a trusted.

608

01:05:20.909 --> 01:05:29.250

Trusted folks to students who spend much more time and certainly they're going to listen to you before they listen to someone like me. So please encourage your students.

609

01:05:29.250 --> 01:05:35.070

To participate in the survey, it is a pretty tight window because we want to offer love it.

610

01:05:35.070 --> 01:05:41.755

In March, and then that American College health assessment in April, that group will be offering it.

611

01:05:41.755 --> 01:05:51.054

So it's, it's important that you encourage students and to take both surveys and then on the survey friends also, is that we're going to be doing our 2021 results.

612

01:05:53.155 --> 01:06:05.784

This spring, we're going to have a series of lunch and learn conversations on some of those different scale areas. Like then, like the 911. we use these data to reflect on where we're doing.

613

01:06:05.784 --> 01:06:19.974

Well, as a campus, for example, these results point to some of the advances. We've been making in Washington, 1100 with advising on campus. They're also pointing to some of our challenges still so we hope you'll join us and I'll just point out that you get lunch if you attend.

614

01:06:24.329 --> 01:06:32.250

What are you serve it? What are you serving? We're going to do box lunches, but we'll let you pick what you want. So okay. Very good.

615

01:06:32.250 --> 01:06:44.099

Any questions for Helen Thank you Hilary. Is that is that all you have? No, I got yeah I'm going to get out of the way of the door. No, no, no. We're going to see if there's any questions for you. 1st.

616

01:06:44.099 --> 01:06:47.789

All right any questions comments.

617

01:06:47.789 --> 01:06:53.309

I would strongly encourage our senators to go back to their.

618

01:06:53.309 --> 01:06:57.269

Constituencies and deliver this message on behalf of Hillary.

619

01:06:57.269 --> 01:07:01.019

Get the students to participate. Okay.

620

01:07:01.019 --> 01:07:08.699

It's really important anything else for the good of the cause. I don't hear any questions for Hillary so we'll move on.

621

01:07:09.780 --> 01:07:13.469

Okay, um, I wanted to tell you.

622

01:07:13.469 --> 01:07:18.690

That, uh, our next meeting is going to be April. The 6th.

623

01:07:18.690 --> 01:07:22.469

At 4, 0 PM.

624

01:07:22.469 --> 01:07:27.300

It is possible because I got an email today from Jim.

625

01:07:27.300 --> 01:07:32.429

That we may be moving our site for the hybrid method.

626

01:07:32.429 --> 01:07:37.230

To the old Ohio room and go.

627

01:07:37.230 --> 01:07:41.730

He said that by the end of the week, it should be all stood up by wise.

628

01:07:41.730 --> 01:07:47.340

And, um, so I have to race over to kill a colleague who, uh.

629

01:07:47.340 --> 01:07:56.219

Try to reserve that room. What? We call it the Rossi room. Okay. It's going to I'm an old timer. It's going to take me forever to figure that 1 out.

630

01:07:56.219 --> 01:07:59.460

Anything else for the good of the costs.

631

01:07:59.460 --> 01:08:07.230

Um, please, if you have agenda items for the next meeting, please get them to add them.

632

01:08:07.230 --> 01:08:11.639

Perhaps coffee me too by Friday, March. 25th.

633

01:08:11.639 --> 01:08:14.849

So, we can get the agenda out in time.

634

01:08:14.849 --> 01:08:19.590

I heard Max grub making a motion to adjourn.

635

01:08:19.590 --> 01:08:23.939

And I heard the provost emphatically 2nd, that.

636

01:08:23.939 --> 01:08:32.220

Any objections if not thank you for your time today. Everybody have a safe.

637

01:08:32.220 --> 01:08:35.250

And prosperous week and weekend.

638

01:08:35.250 --> 01:08:37.500

My 2nd board.
