

# HARVEST MOON DANCE SPARKS TURKEY WEEKEND

Editorial

## They're No Help

There is a dense fog hovering over our campus. It is the fog of negative thinking. The negative thinkers are the complainers. The complainers could write you out a dozen or so volumes in about fifteen minutes on what they think is wrong with this college. It's time for some good fresh air. The negative thinkers, the complainers, must go. They are not building up Youngstown College to be a better college, they are tearing it down to satisfy their twisted minds.

All the above no doubt sounds very dramatic but, sadly, it is true. The complainers first big volley is aimed at the school cafeteria. They don't like anything about it. There is only one thing in the cafeteria that needs to be taken care of, that is to have the student body help keep it a cleaner place.

The next thing the complainers don't like is the lack of parking facilities for the students. They fail to consider two important facts. First, by the very nature of our location, the obtainable areas for more parking space are limited. Second, they must not know about the new lot just opened up behind Ford Hall. They must not know about the newly resurfaced parking lot opposite the Main Building on Wick Avenue.

The complainers don't like the Student Council of Youngstown College. They simply think that Council is riddled with self-centered "brilliant" students. They couldn't realize that Student Council is really a good organization. They've never gone to a meeting to see just what does happen. But they don't have to, they know all about it.

The list of complaints by the negative thinkers is endless.

But opposing this negative-thinking group, which we can happily state is in the minority, are the constructive thinkers. They are the student leaders and the majority of the student body.

They are well aware of the problems of Youngstown College. But they are doing something about them, not just talking. They know how hard the administration, headed by President Howard W. Jones, is working to eliminate these problems.

The constructive thinkers are working for a better college, not against it. They are the members of Student Council, the fraternity and sorority groups, the service and professional groups. They are working and operating under one guiding principle. By bettering their college, Youngstown College, they are bettering themselves.

The constructive thinkers list our assets at Youngstown College and fear no volleys of criticism. They point proudly to the quality of the administration, the professors (all experts in their own fields), the improved parking areas, a strong, confident Student Council working diligently for all the students, the new million dollar library (one of the finest in the nation), the fraternities and sororities working hard, with all the other campus groups, to build a better college.

Youngstown College is always on the move. Our future has no time for the negative thinkers, the complainers. The road is open wide to the thinkers and the do-ers.

## Prof. Dykema Attends Ohio University Meet

Prof. Karl W. Dykema, director of the division of languages and literature of Youngstown College, recently attended a meeting of directors of freshmen orientation, held at Ohio University.

Called for the purpose of discussing problems of orientation in colleges, the meeting attracted educators from colleges throughout the Nation.

I serve a purpose in this school  
On which no one can frown.  
I always go to every class  
To keep the average down.

Whiskey cures snake-bites.

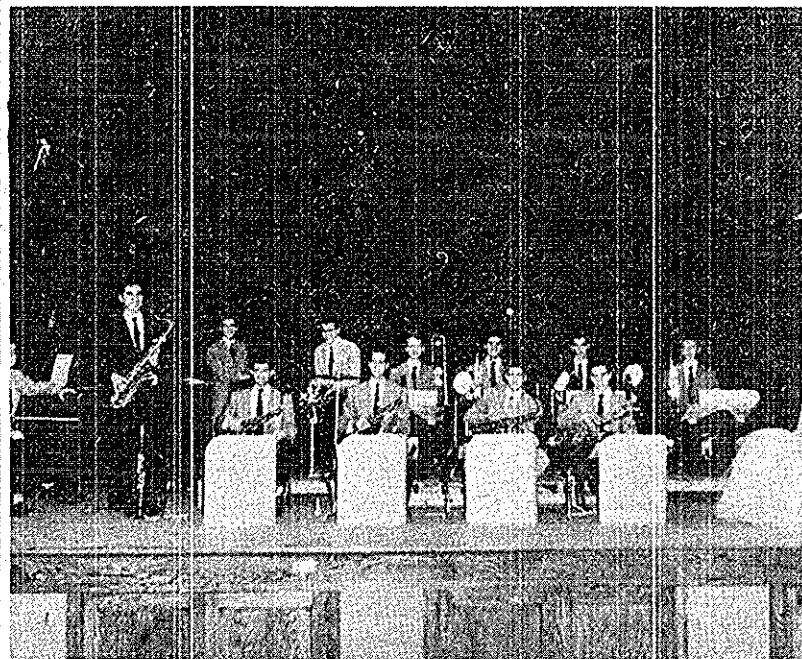

## SENIORS

The NEON urges you to sign up now for your NEON picture. Yellow schedules are in the Main Building - opposite the Dean's Office and on a chair in the main entrance to the Engineering Building. Now is the time - so act quickly! Pictures will be taken November 29 to Dec. 3.

## NEEDS WRITERS

The JAMBAR still needs several staff writers. If you have time, are interested, and have some news writing experience or knowledge, please come in or phone the JAMBAR office at your earliest convenience.

## Sigma Sigma Presents Two Bands For 8th Annual Affair

Joe Peterson and His Orchestra will share top billing at the Sig Sig's Harvest Moon Dance with the Driftwood Trio. Peterson's Orchestra (shown above) is a familiar sight to Youngstown College dancing enthusiasts.

Giving extra sparkle to this weekend's Thanksgiving vacation will be the annual Harvest Moon Dance, sponsored by Sigma Sigma Fraternity at the Nu Elms Ballroom, Saturday, Nov. 27, from 9 to 1. Dress is optional.

As an added attraction to Sigma Sigma's eighth annual Harvest Moon Dance, the music for the evening will be provided by two bands. The Driftwood Trio will play from 9 to 10 p.m. and Joe Peterson and his Orchestra will round out the evening with music from 10 to 1 a.m.

### Is Impersonator

George Lawrence who heads the Driftwood Trio, is a prominent vocal impersonator. Joe Peterson, a student of the Dana School of Music, and his orchestra which is made up of local musicians, have played for several college affairs.

Last year at Sigma Sigma's seventh annual dance, the Four Freshmen, nationally known recording artists, appeared.

A queen and her court will be selected from the girls attending the dance. No Sig Sig's date will be eligible, however. Dick Stebleton will be master of ceremonies for the evening.

### Chairmen Named

Dance co-chairmen are Joe Inhat and Carl Vennitti.

Tickets may be purchased from any member of the fraternity for \$1.75 per couple before the dance. Tickets at the door will be sold for \$2.00.

## How Much Have You Got To Be Thankful For?

The JAMBAR thought you might like to read a little different kind of Thanksgiving message this year. We think we've met one man who can give us his own views on what Thanksgiving really means. Dr. Ramon Stachura, former professor at the University of Prague, Czechoslovakia, was kind enough to express his thoughts on what we can be thankful for this Thanksgiving.

In Dr. Stachura's own words, we ought "to thank God for democracy because democracy means freedom, and freedom is a great word. What value has freedom in all its forms? There is personal freedom, freedom of work, freedom from fears and freedom for thought.

"Which person can best evaluate freedom? One who knows well countries where there is not freedom and there is not democracy. That person would best appreciate the meaning and the fact of freedom and democracy.

"The American people, and I with them, have a lot to thank God for: riches, wealth, progress and the many conveniences that make life easier. But, the biggest gifts from God for America are freedom and democracy, which many other countries don't have at all."

## Represent Dana At Annual State Day

Sylvia Leblo, a sophomore, and Louise Sarville, a junior, of the Dana School of Music of Youngstown College, represented the Dana School chapter Alpha Nu, of Sigma Alpha Iota national honorary music fraternity for women, at the annual State Day of the fraternity held recently at Ohio University, Athens. Both young women played in a recital there. Miss Sarville played "E Minor Polonaise" by MacDowell and Miss Leblo, "Impromptu in A Flat" by Franz Schubert.

They are students of Mrs. Mary E. Fankhauser of the Dana faculty and are working toward the degree of Bachelor of Music in preparation for teaching music in the public schools.

## Hurlbert Holds Junior Recital

William E. Hurlbert, pianist, of the Dana School of Music of Youngstown College, appeared in his junior recital recently, in the C.J. Strouss Memorial Auditorium of the college.

Winner of the Strouss-Hirschberg Music Center Steinway Centennial Award last January which consisted of a one-year piano scholarship with the teacher of his choice within a 40-mile radius of Youngstown, Hurlbert was featured soloist in a concert by the Youngstown Philharmonic Orchestra.

He is a student of Prof. James Tavolaro of the Dana School. Hurlbert will be soloist for the Greenville Symphony Orchestra in Penn High School Auditorium, March 22.

Hurlbert played for the Dana recital numbers from Bach, Beethoven, Brahms, Chopin, Ravel, Jacques Ibert, and Liszt.

## Our Thanksgiving Thought

Soon the smoky wonderful smell of burning leaves will again be gone. How the time seems to go by! It was such a short time ago that we were thinking about our plans for summer vacation. Then we were thinking about registration and now we're already tasting the good meat of that Thanksgiving turkey.

Like Christmas, Thanksgiving is a good time of the year to think back to all the really wonderful gifts that God has given us.

Regardless of your views on the cafeteria, that "other fraternity or sorority, that professor who you think is contemplating flunking you, life at Youngstown College, you must admit, has been pretty good.

We can be thankful, after we consider the fact that the man who is guiding our college, Dr. Howard W. Jones, is the finest president any college could possibly have. We should all be thankful that he has put up with us as long as he has.

Life, as we say, seems pretty good. In all humility, as we bid farewell to fall and await the winter, we must admit that we really have a lot to be thankful for.

## Let's Hear From You

One of the regular features of the JAMBAR that is not being published this year, as you might have noticed, is the Letters to the Editor Column. This is a lamentable fact. You might have noticed that we used to put the column on the editorial page. There was a good reason for this. On the editorial page, we have a place to speak. It was sound reasoning, and just reasoning, that the student body should have the same right on the same page.

We would like to receive letters. We are interested in your opinion; we think other students would be too. We have only a few necessary qualifications. You must sign your name to your letter. If you don't, we won't read it and we won't print it. But, if you don't want your name known, we will not use it. The name of the author of any letter written to us, unless printed in the JAMBAR, will not be revealed by us.

As long as the letter represents a reasonable point of view we will print it. We think, however, that letters on religion should not be printed.

If you have a criticism about anything connected with Youngstown College, it will be to your credit when you criticize to offer, at the same time, a sensible solution. It is an easy thing to complain. It is not so easy to think up a cure.

We believe, that through the Letters to the Editor Column, you are being provided with a soapbox from which you are free to let the student body know your views. You might find a lot of students who'll be in agreement with you. And it is not unlikely that you'll find a lot of students who will not like your grammar, let alone your ideas.

There will be a Letters to the Editor in the next issue, if YOU want one. We hope you do.

## Double-Edged Affair

Are you going to rush parties? If you are, we hope you'll read this. It's our job to know what's happening on campus, and we think we can help you out a little on making your choice. There are several good points to use when judging a fraternity and sorority.

Do the actives show a genuine interest in you? Do they make you feel welcome? Do they treat you as a guest? Are you given a chance to meet all the actives present? Do the officers of the Greek organization make an effort to meet you and to answer your questions? If the group that you know qualifies on those points, it's a group worthy of your consideration.

But rush parties are double-edged affairs. What about you? Are you attending the rush party simply to have a good time or are you honestly in search of a good organization to join? When the fraternity men or sorority women introduce themselves to you, do you try to remember their names so that the next time you see them you'll really know them?

Do you listen to the advice of the actives when they speak to you? Do you try to learn something about the fraternity or sorority itself, as well as the members. Do you check on its history, its traditions and its obligations.

Too often we expect the world to be our oyster. We fail to think of our own obligations, simple yet important. There are plenty of good Greek groups on the campus of Youngstown College.

They know that rushing of new members is the most important and only way that their group can continue. Do not make a quick judgement. Think wisely about the group you want to join. When you join it, it will be your group.

## Photo Opinions

by Jo Anne Gioglio

Question: What do you consider the values of extra curricular activities?

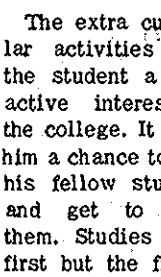

Jerry Welsh - Soph.

The primary purpose of attending college is to further your education. As the old saying goes, "All work and no play makes John a dull boy." The extra-curricular activities provided by the college adds the

social life that should accompany every college. These activities will enable you to meet new friends and understand them.

Tony Cougras - Soph.

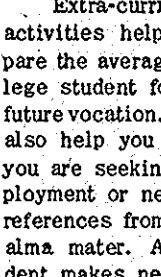

The extra-curricular activities give the student a more active interest in the college. It gives him a chance to meet his fellow students and get to know them. Studies come first but the friendships he forms will be invaluable later on. Extra-curricular activities make a student feel that he is a part of his school.

Noreen Bennet - Jr.

The values of extra-curricular activities are many. We can't spend all our time studying; we need a well rounded college life. Extra-curricular activities help us to meet new friends and to become better acquainted with casual ones. These activities must not take up all our time though. However, they are a necessary part of college life.

Joe Shagrin - Sr.

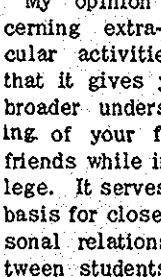

Extra-curricular activities help prepare the average college student for his future vocation. They also help you when you are seeking employment or needing references from your alma mater. A student makes new acquaintances, broadens his education and gets more pleasure out of college life. In the final consensus, any extra work put forth by people never hurt them.

Carol Weaver - Soph.

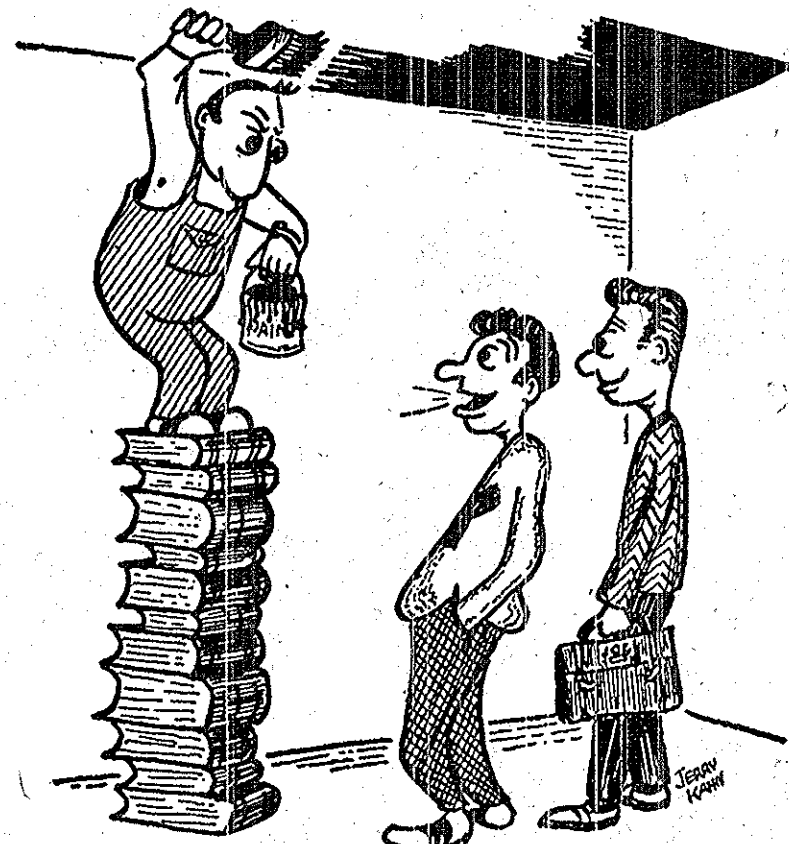

I believe extra-curricular activities cultivate a more well rounded personality. A person who learns leadership today will be a leader in the future. The enjoyment founded in these activities is immeasurable.

Aubrey Radcliffe - Sr.

My opinion concerning extra-curricular activities is that it gives you a broader understanding of your fellow friends while in college. It serves as a basis for closer personal relations between students and faculty. Last but not least, it serves as training period for positions of leadership upon graduation from college.

"Those gleaming and approving instructors that saw you carry half the library home should only see you now!"

## With the ENGINEERS . . .

Tomorrow is the day we have been waiting for - vacation begins! A doff of the beanie to that Arab, T. Hanks Giving, who was far sighted enough to foresee the plight of the college student and declare a four day rest period. (spent wandering around the streets 'till four a.m. - soothing our nerves, strained by constant study.) But that is neither here nor o'er the hill, so let's head East!

Rumor has it that Tony Giangardella, able prexy of the O.S.P.E., is trying to line up a tour through the W.K.B.N. studios for his mob. This should make a fine field trip, so anyone interested, get in touch with Tony.

All of you boys might just as well quit hiding from Wally, come on out in the open and pay your dues. Just because you're flunking out of school is no excuse!

### Congrats!

Congratulations to Wayne Arnold on the recent addition to his family. I enjoyed the cigar, Wayne. The moral to that story is - If you want to be a success in life, study electrical engineering. (Look what it did for Louie Lanucci).

A couple of men have been asking about the radio club. Anyone interested should contact Bob Moyer. I'm sure that Dean Franklin would also spend a few minutes filling you in on the details. In case you don't know it, the station here is licensed by the F.C.C. and has been assigned the call letters, WBRGC. (I hope)

Tomorrow being Thanksgiving let's not be too big to remember to take time out for a few minutes and step into the little chapel around the corner. You have a lot to be thankful for (you're still in school, aren't you) and don't you forget it!

### Think About It

There are a lot of guys out there laying under a mound of dirt that made the supreme sacrifice so that you and I could sit in our classrooms and study. Think it over.

After all - you should be reformed! Cast aside the infantilisms of entrenched youth. The charlatanism demagoguery spawned by the machiavellian machines of masochistic manipulators should be indeed!

Just heard of a remarkable invention by a student engineer from a very famous university just the other side of Lowellville. Seems he invented and designed a new type of Laundromat. The machines stay perfectly still and the room spins around. Why didn't I think of that?

### Can Smell Turkey

Well, Gentlemen, I can smell the turkey already, so my shoes are headed for home. Have a good vacation, and keep the proportion of rum to turkey within reason. For as the old Egyptian sage once said, "When in doubt, don't go by the slide rule, for who knows when the shell might come off!"

Ruth rode on my motor-bike,  
Directly back of me;  
I hit a bump  
At sixty-five,  
And rode on ruthlessly.

### THE FOSTER THEATRE "The Student's Theatre"

Don't miss our gala Thanksgiving show  
Two of the biggest shows of the year!  
"Dragnet" Starring Jack Webb  
also

"Carnival Story" Starring Steve Cochran and Award Winner  
Gloria Grahme  
WATCH FOR OUR BIG ART MOVIES COMING SOON!

### WHERE TO PARK YOUR CAR

Following are the areas for parking and not parking your car:  
You CAN park at: (For Students.)

1. Wick Avenue Parking Lot.
2. New parking lot at the rear of Ford Hall.
3. Parking lot north of the new college library.

You can NOT park at: (For Faculty)

1. Rear of the Main Building.
2. Parking lot near the annex.
3. Rear of the Dana School of Music.
4. Clingan-Waddell Hall.
5. Pollock House.
6. Side of Ford Hall.

## N.Y. Baseball Pro Is YoCo Student

by Tom Kolic

Most students come to college for one sole purpose and that is to someday become a professional of some sort. However, there is one lad on campus who has already become a professional but is now concentrating on looking to the future by securing a education. The individual referred to is George T. Svatosky, a member of the New York Giants baseball farm system.

The 21 year old Campbellite is in his freshman year at YoCo and will continue his education in the physical education field through the first semester. He will be forced to leave the walls of learning in February in order to report to spring training camp on time. George will return to school, nevertheless next September following the close of the baseball year.

During his scholastic days at Memorial High, he caught the eyes of several major league scouts after hitting .310, .350 and .380 in three successive seasons. However it was Jack Sherry, the district scout of the Giants, who got the nod over the other scouts and signed Svatosky to a New York contract upon high school graduation in 1950.

## Vet's Views

by Walt Martinko and Joe Pacella

Well, we have all traded in our combat boots and rifles for white bucks and books and are again trying to educate ourselves. If it seems a little hard to get back into the swing of things, just try a little harder. Remember that you have been out of school for a few years and many things have happened.

In a recent issue of the JAMBAR there appeared a column by Mr.

William G. Nelson, veterans education officer of Youngstown College, asking the G.I.'s of this school to get together and do something concerned about starting a club for veterans. Many schools throughout the country have attempted to start a similar organization, but to our knowledge, no one school has made a go of it yet. That, we think, should be all the more reason why we should really try to organize a successful club here. Then there would be the satisfaction of knowing that we were first.

We, the veterans of YoCo, number close to a thousand so, if we all get together we could be big and powerful enough to give any organization on the campus a run for their money.

### Rambling Around

While at the A.O.H. the other night we noticed quite a few guys sitting at the bar, over a glass of beer, looking pretty sad. We know that all of them can't possibly have lost their best friend so it can mean only one of two things. Either the "U" in their V.I.T. forms must be piling up, or else their checks haven't started coming in yet. The "U" must be taken care of by you, but if you hold on awhile you can get off that "Cake diet" for those checks will be in soon. We Hope!

We want to congratulate all the vets on the YoCo football team. They are really proving themselves on the gridiron. Keep up the good work boys with basketball.

Since this is a new column we don't know how you will like it but we hope that you do and in the future we will try to make this column as interesting for you as possible. If any of you have anything you would like printed (not counterfeit money) let us know and we will be glad to oblige.

### Want to Remind

Before we close we want to remind you once again about that Vets Club. Also, don't forget, this your article so, if and when you see either one of us, give us some tips on what you would like to have in it.

We don't know what Psychology book it came out of but according to it, Mixed Emotions are - Sitting next to a beautiful girl on a cold slab of concrete. So Long !!

Sgt: "I miss the old cuspidor since it's gone."

Svt: "You missed it before- that's why it's gone."

## Prof. Webster to be Speaker

Prof. Willard Webster will be featured speaker at the Student-Faculty Talk to be held Tuesday, November 30 in the Audio-Visual Room of the college library. Student-Faculty Talks are held for both students and professors. Dr. Charles Evans is chairman of the Student Faculty Talk Committee.

A Scotch traveler was looking for a reasonable place to put up for the night. After hunting high and low for hours he came to an Inn. Outside was a large sign which read: For only Fifty Cents--Room and Bath, 10-Course Meal, music, Dancing, and a bottle of liquor. He kept looking at the sign and looking at it. "What's wrong?" asked the proprietor. "Don't say whether it's a pint or quart."

## WHAT'S THIS DROODLE?

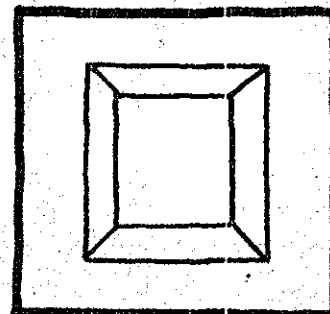

For solution see paragraph below.

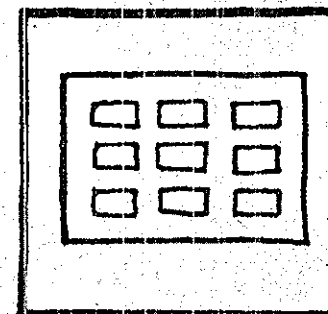

ACCORDING TO THE LARGEST and latest coast-to-coast college survey, college smokers prefer Luckies—and by a wide margin. The No. 1 reason: Luckies taste better. Thousands of students appreciate Luckies' better taste almost as much as the pair in the Droodle above, titled: Sweethearts attempting to kiss and enjoy better-tasting Luckies at same time. Luckies taste better for good reasons. First of all, Lucky Strike means fine tobacco. Then, "It's Toasted" to taste better. This famous Lucky Strike process tones up Luckies' light, good-tasting tobacco to make it taste even better—cleaner, fresher, smoother. So, enjoy the better-tasting cigarette... Lucky Strike.

Better taste Luckies...

## With the Greeks . . .

by Ella Clark, Joan Pavlov

Rushing season is well underway for the fraternities. In about another week, bids will be turned in and the campus will be invaded by pledges. The pledges from the sororities will be missed, though, but next semester the campus will be invaded again.

After the write-up in the last Jambar about Student Council, the Greeks are proud to have their members in Council. They are Sigma Sigma, Tom Lavin, who is president and Jack Chugden, Alpha Pi Epsilon, Sylvia Markopolis, secretary, Noreen Bennett, Sigma Phi Epsilon, Jack Troy and Gil Marsh, Pi Beta Chi, Bob DeHoff and Ian McNabb. From Alpha Phi Delta is Art Marcone, Phi Mu, Pat Emerline, Sigma Delta Beta, Bill Moore, Alpha Iota, Nancy Williams and from Gamma Sigma both of us.

### Talk is Common

The talk of Who's Who is very common nowadays. The Beta Sig's would like to congratulate their sisters who made Who's Who. They are Lucy Zarlenga, Cathy Nosich, Joann Powell and Elaine Ohl.

Alpha Pi Epsilon is again having their annual Christmas Doll Contest. All the sororities dress the dolls and they are judged. These dolls go to the poor children at Christmas.

After the Sadie Hawkins dance, the Gamma Sig's had a slumber party at Carol Shurump's. Carol, who is now at Catholic University, attended YoCo in 1952-1953. Representing them in Who's Who is Ella Clark and Louise Sarville. Louise will also be one of the Snowflake Frolic hostesses.

### Looking Forward

The sorority is looking forward to a square dance rush party with their brothers, Sigma Delta Beta, which will be held on November 22. Congratulations to Cookie Korody, on winning the prize for best dressed Dogpatch character in the Sadie Hawkins Day festivities.

The Phi Lams have been having parties with the Independents and Pi Beta Chi. On November 26, they will attend a rush party with their brothers, Phi Gamma Fraternity.

Representing the Phi Lams in the Sadie Hawkins Day festivities were T.V. celebrities, Joan Pokabla, Virginia Guglielm, Jean Palatas and Joann Gioglio. Representing them as one of the hostesses for the Snowflake Frolic is Betty Jeanne Moltchan.

Delta Mu chapter of Phi Mu was most recently to the national collegiate vice-president, Mrs. Winifred Bloom. She inspected the chapter and held individual conferences with each member. They are dressing dolls for the underprivileged children and selling boxes of Christmas ribbons as a fund raising project.

### Chosen for Snowflake

Gerry Lewis, vice-president, has been chosen as Phi Mu's hostess for the Snowflake Frolic. Terry Fitzgerald, social chairman, along with Johnny Driscoll has been appointed co-chairman of the Snowflake Frolic. A party was held recently with the Independents and the next party will be with the Phi Gams.

The Kappa Sig's would like to thank all the people who made their dance a success. Dude Lawrence was chairman of the affair. Under the able leadership of Fran Murphy, the fraternity has been having many parties. A recent rush party was held at the American Legion Post.

Pictures of the YoCo - Great Lakes game were shown. Congratulations to Lee Crisan on his election as president of I.F.C.

### Rush Party Held

Pi Beta Chi held a rush party at the home of Tom Hoyt in Poland. Slides of past fraternity functions were shown. A future party is with the Beta Sig's and Phi Lams on November 25. Congratulations to Don Seely on election to the presidency of the

### sophomore class.

Phi Gams, getting into the swing of rushing, had a stag party at their fraternity room on Market Street. Highlights of the evening were speeches by Bud Schermer, Jack Walter, Tom and Dan Dundon - all Phi Gam alumni. A good time was had by all. Coming up in early January is the Phi Gam-Phi Lamb Annual Sweater Dance, which promises to be bigger and better than ever.

The Sig Delt's are preparing for their Annual Christmas Dance at Stambaugh Auditorium on Dec. 25. This will be their 9th Annual Xmas dance and they are looking forward to another big success.

### Working on Dance

Besides rush parties and stags, the Sig Sig's are working on their Harvest Moon Dance, which will be held on Saturday, November 27, at the Elms Ballroom. They would also like to give some of their brothers who are very active around school, recognition. They are Joe Ilnat, Business Manager of the JAMBAR, Tom Lavin, president of Student Council, and also Secretary and Treasurer of I.F.C., Nick Billet, member of Student Council and Jack Chugden, social chairman of Student Council.

If any of the fraternities or sororities were left out of this issue, we will try to get them in next time. But get your news in to us.

## On the Reviewing Stand

Reviewing the marching units, of which the Youngstown College ROTC was a part, are (l. to r.) Mayor Frank X. Kryzan, Col. Frank R. Maerdian Chief of the Ohio Military District, President of Youngstown College Dr. Howard W. Jones and Capt. Edward L. Cook, Commander of the United Veterans Council. The occasion was the observance of All-Veterans Day, at half-time during the recent Youngstown College Baldwin-Wallace football game.

## Baseball

Continued from Page 3

### Is Soft Spoken

In the spring of 1951 the soft spoken six foot 190 pounder went to a tryout camp at Sanford, Florida, where he signed to play for Kinston, North Carolina, of the Coastal Plain League. While playing rightfield and batting .275 here he set a league record by collecting two successive grand-slam homers in the same game.

In 1952 the brown-haired athlete entered the Army. Even though in the service, George kept active in his baseball play by entertaining the troops in Japan and Korea, with his talents.

Upon being discharged in January of this year the veteran of two years was notified by the parent club to report to Melborn, Florida in February to see about his placement in the farm chain. Here he was assigned to Muskogee, Oklahoma, of the Western Association, where he batted .302 and knocked in 93 tallies.

During the 1955 campaign he will play for Sioux City, of the Western League.

- Purdue Rivet

## Spanish Cagers Team Aided By "Vecinos"

Sans Barcelona, Spain is the destination of a yearly donation of \$25 to an athletic director from a young boy's basketball club, from the Youngstown College Spanish Club, "Los Buenos Vecinos."

The basketball coach from Spain, Senor Ramon Melet Pinto, wrote a letter to Prof. Willard Webster, Athletic Director of Youngstown College, asking for help in equipping his basketball team.

Pinto stated in the letter that it was very difficult to obtain basketball equipment in Spain, because they do not have such items there, due to economic conditions restrictions. The Athletic Department is sending them some of the much needed equipment and the \$25 from "Los Buenos" will be used for buying basketball shoes.

### To Sponsor Prize

The other project of the club this year is to sponsor a prize for the best figure drawing (human figure) among the Youngstown College art students for the Annual Art Show. The art contest will be held at the Butler Institute of American Art this coming spring.

Fund-raising is playing a large part in the club's activities this year. A scholarship fund is being set up to send a student to a Spanish-speaking country for travel and study.

Last year's scholarship went to Barbara Griffith and included a \$400 all-expense paid trip to Mexico for the summer. On the fund-raising committee are Chairman Dan Galligher and Assistants Lora Ponting and Romona Hierro.

### Spoke at Meeting

Dr. Rangel, Resident Doctor at the T.B. Sanitarium on Kirk Road, spoke

### GET YOUR SNAPSHOTS IN NOW!!

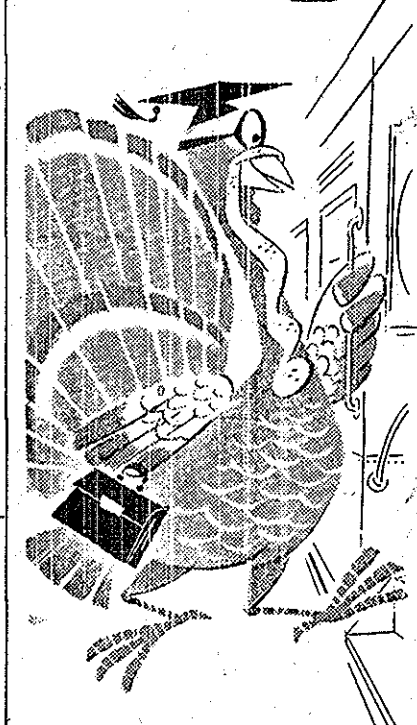

Now is the time to hand in any snapshots that you would like in the 1955 NEON. The more the better. They can be new or they can be old. Any concerning school, parties, games or dances will be accepted.

Just drop them in at the Public Relations Office on the first floor, Main Building. If you want your photos returned, mark them on the back and you can pick yours up at the NEON Office.

at a recent meeting of the Spanish Club. He gave a brief sketch of Cuba from the time of its discovery in 1492 to the present time, with emphasis on the customs, educational institutions and social problems of the small island. A ten minute film on "Cuba, the Land of Rhythm."

for a bird of a trip...

go Home by TRAIN!

Beats the stuffing out of other transportation! Storms can't cancel your trip. Traffic jams can't make you miss vacation dates, or get you back to the campus late. And it's more fun traveling by train with your crowd, enjoying swell dining car meals en route.

### Save 25% or More

And this is gravy! Travel home and back with two or more friends on Group Coach Tickets. On most trips of 100 miles or more, you each save 25% of usual round-trip rate. Still better, gather 25 or more to travel long-distance together on the same homeward train. Then return singly or together, and each save 28% of the regular coach-round-trip fare.

# They're Attending Youngstown College, Too

Shown above are student nurses from Trumbull Memorial Hospital in Warren, Ohio. They are also students of Youngstown College through the newly adopted plan involving the affiliation of the School of Nursing and Youngstown College. While they go to classes in Warren, many of the students have become members of campus organi-

zations and receive each issue of the JAMBAR. Several of them have also become members of Newman Club and RIL. Under the recently instituted plan, members of the college faculty go to Warren to instruct the student nurses in various phases of their training.

## Maj. Gen. Smythe Inspects ROTC

Major General George W. Smythe, Deputy Commanding General of Second Army, visited Youngstown College Monday to confer with Youngstown College authorities and to inspect Youngstown College Reserve Officers Training Corps facilities.

General Smythe is a 1924 graduate of the United States Military Academy, at West Point, New York. In 1922 he was selected as a member of Walter Camp's second All-American Football Team. During his senior year as a cadet, he was President of his class and was awarded the Army Athletic Association sash as the best all-around athlete of his class.

After being commissioned a second lieutenant of Infantry, upon graduation from West Point, General Smythe served in a variety of troop and instructor assignments before World War II. He was on duty at Schofield Barracks, Hawaii, at the time of the Japanese sneak attack on Pearl Harbor, 7 December 1941.

### Commanded 47th

During World War II he held a variety of staff and command assignments, including command of the 47th Infantry Regiment, 9th Infantry Division, in North Africa, Sicily and western Europe. The brilliant combat record which the 47th Infantry established included cutting the Cherbourg Peninsula during the Normandy invasion, plugging the north shoulder of the "Bulge" during the German counter-offensive in the Ardennes, and making the first combat team crossing of the Rhine River, establishing the Remagen Bridgehead.

At the end of the fighting in Germany, General Smythe was Assistant Division Commander of the 80th Infantry Division.

Since World War II, General Smythe has served as Chief of Operations, Army Ground Forces, as Chief of Staff, Third Army, as Assistant Division Commander of the 1st Infantry Division and Commander of the 2d Constabulary Brigade, in Germany, as Commander of the 24th Infantry Division in Japan and of the 3d Infantry Division in Korea, which assignment he left to become Deputy Commander of Second Army.

### Awarded Many Honors

General Smythe's decorations in-

clude the Distinguished Service Medal, Silver Star Medal, Legion of Merit, Bronze Star Medal, Purple Heart, French Legion of Honor and Croix de Guerre, Belgian Order of Leopold and Croix de Guerre, the Most Excellent Order of the British Empire, and the Korean Taekuk Distinguished Service Medal; he has also been awarded the Combat Infantry Badge and the Belgian Fourragere.

General Smythe expressed to Dr. Howard W. Jones, Youngstown College President, his satisfaction with the local ROTC program, and his interest in the continued success of the program as the most effective source of qualified leadership for the Army.

He was accompanied by his aide-camp, 1st Lt. Thomas R. Balke.

Jane: "You remind me of the ocean."  
John: "Romantic, wild and restless?"  
Jane: "No, you just make me sick."

... new program of nurses training between Youngstown College and students from Trumbull Memorial Hospital was initiated last September in Warren, Ohio.

Professors from Youngstown College headed by Dr. Clair Worley, a co-ordinator of the plan, go to the hospital to teach various subjects pertaining to the nurses training.

Dr. Fred Gleeny, Mrs. Reilly and Mr. Raymond Dehnhostel are among the teachers instructing courses in sociology, psychology, chemistry and biological sciences.

The girls are entitled to attend the student activities at the college. Among these 23 freshmen and 2 seniors have purchased memberships in student associations.

### Are in Newman, RIL

There are 29 in Newman Club and 9 girls in RIL. Besides participating in activities here at the college, the girls have their own student activities at the hospital.

Mrs. Gerie Bright, Supervisor of the School of Nursing, feels that "direct contact with students makes a better program." The advantages of this program are that the nurses receive their instruction from college professors.

The student nurses, who all live in the T-M-II dormitory, are from all sections of the country. Each class is organized and has its own officers. President of the Freshmen class is Nancy Gilchrist, from Sharpsville, Vice President Ruth Brayer from Campbell; Secretary Carol Maxin from Youngstown and Dorothy Scfick, also from Youngstown.

Doctor: "Any intestinal trouble?"  
Draftee: "I don't know. It ain't been issued to me yet."  
Doctor: "Are you regular?"  
Draftee: "No sir, I volunteered."  
Doctor: "Do you know the King's English?"  
Draftee: "Is he?"  
Doctor: "My, but you're stupid."  
Draftee: "You oughta see my brother. He walks all humped over."

A fat lady stepped on the scale not knowing they were out of order. The indicator stopped at 75 lbs.

"Holy smoke!" exclaimed a drunk who watched her, "She's hollow!"

First Cannibal: Gosh, I forgot the roast. The missionary is burning.  
Second Cannibal: Holy smoke!

## RIL Turkey Trot To Be Held Friday

Religion-In-Life Club will hold its second annual Turkey Trot November 26 at Trinity Methodist Church. The tradition, started last year, promises four hours of fun beginning at 8 p.m. Members, friends and those interested are invited to attend.

Dancing, fun and mixers are on the schedule, to be followed with refreshments for all.

Decorations to set the mood for gaiety are in charge of Sharleen Powell, Gloria Sanchez, Marylee Davis, Nancy Kerr, Mike Sakara and Mike Blasko.

### Committees Named

The food committee is composed of Joanne Thomas, Lee Harris, and Jerry Lewis. Planned activities and games are under the supervision of Marylee Davis, Ella Clark and Jack Moore.

Classes will be dismissed at 11 a.m. Wednesday, November 24 so that students may attend special chapel services. Rev. Albert Linder, college chaplain, and advisor for RIL, will speak at Christian Collegiate Church.

### Heard at 9:50

The RIL Caravan is heard on WB-W at 9:50 a.m. every Sunday, chairman and announcer Bill Evans states. Students interested in participating

in this program should contact Bill Evans.

Bible Study Groups are held Monday and Thursday noons at First Christian Church where students may bring their lunches. Regular chapel services are from 12:00 till 12:20 every Wednesday noon in Christian Collegiate Church.

### Naberezny Spoke

At a recent RIL meeting held at the First Christian Church, Professor Jon Naberezny, head of the Youngstown College Art Department, was main speaker.

Professor Naberezny spoke on "Art and Religion," and was introduced by Gloria Sanchez.

There was a Devotional period preceding the meeting and a get acquainted hour, with refreshments, followed. Jack Schafer, is RIL president.

## Nosich, Grohovsky Named To Head IFC, Pan Hellenic Ball

John "Corky" Grohovsky has been appointed by the Inter-fraternity Council to be one of the Co-chairmen of the Pan Hellenic - IFC Ball, which will be held in the latter part of this semester. Previously, Cathy Nosich was appointed by Pan Hellenic Council to represent them in the joint chairmanship.

"Preparations have begun already and to date it appears that the dance will be a success," states IFC President Lee Crisan. "It should be the forerunner of a great annual affair for the Greeks on campus."

Approved also, was at the recent IFC meeting, was a motion setting up the presentation policy concerning

IFC Keys to any delegate who has served three-fourths of the year as a representative from their fraternity.

By a ruling of the IFC, all active Greek men on campus were assessed twenty-five cents to create working funds for the coming IFC activities.

Sign on a store: "Mother-in-law died. Closed for the Holidays."

## Fitzgerald, Driscoll To Plan Snowflake

Making plans for the Snowflake Frolic, to be held December 17, are John Driscoll and Terry Fitzgerald, whose applications for the co-chairmanship of the dance were accepted recently by Student Council. Ralph Flanagan and His Orchestra will provide music for the evening.

Student Council has approved the applications of John Driscoll, of Sigma Phi Epsilon fraternity, and Terry Fitzgerald, of Phi Mu sorority, to be Co-chairmen of the Snowflake Frolic.

Ralph Flanagan and his Orchestra will be featured at the dance, which will be held December 17.

Fred Nebot, WKBN Radio and TV staff announcer, and a student of Youngstown College, has arranged the intermission program.

### Share Billing

Al Rucker and the Baby Sitters, of the WKBN-TV show, "Rucker's Rumpus Room," will share the spotlight along with Mr. Jim Church, well-known local magician.

Rucker and his group have a long record of TV broadcasts to their credit. The talented teenagers' format centers about their ability to pantomime records.

The Decorative theme of the Snowflake Frolic will be "A Winter's Night." Colors of the theme will be blue, white and silver.

### INTERESTED IN A SCHOLARSHIP ??????

The Neon (Yoco Year-book) is in need of an editor for 1956 and also several staff members. A scholarship goes with the editorship along with recognition in various journalism magazines and papers. These jobs are invaluable to all English and journalism majors. Now is your chance, so act fast! Call or stop in at the Neon office, 2nd floor Pollock House.

## Want to Learn to Dance, Girls? W.R.A Offers Lessons to Members

Folk, square and social dancing are leading the list of activities of the Women's Recreation Association this fall season. Lessons are being offered at 4 to 5:30 p.m. every Tuesday, Wednesday and Thursday in the Women's Physical Education Building.

The only membership qualification required to join W.R.A. is participation in at least one sport per year. Yearly dues are \$1.00.

### Each Member Counts

Organized to provide enjoyment coupled with instructions in games and sports, W.R.A. seeks to offer each member an opportunity for full participation in its programs.

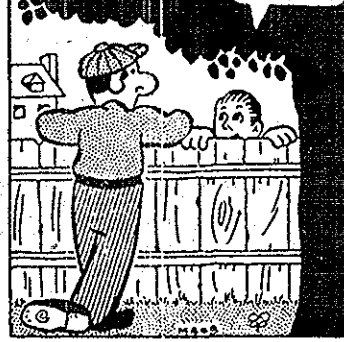

This semester's officers are President Kathryn Dudesko, Vice President Delores Labriola, Secretary Loretta Liptak, Treasurer Edith Gales, Sports Board Chairman Virginia Gargiello, Publicity Chairman Marge Conkle and News-Letter Editor Eileen Munia.

Women's Recreation Association had a bowling party at the Champion Bowling Alleys last Friday night. Shown (front center) giving instructions to W.R.A. members is President Kathryn Dudesko.

## Looking Around...

by Roy Schindell

Your old dad has spent a very busy week. What with preparing ponies, attending matinees, playing pinochle and what have you, my column was a bit late getting turned in. As a result I'm forced to write about the boss's pet, the JAMBAR, thereby getting back into his good graces.

I hope to do this by clearing up some misconceptions some people have concerning the JAMBAR. For instance Hanna (PHQ) Moore, Mary (Eyes) Summers and Charlie Port are of the opinion that the title "JAMBAR" originated with the first editor, one Horace D. Bilgestunker who picked up odd change (and glances) by selling his mother's home made jellies from the office of the school newspaper (which at that time had no name and was referred to by the student body as the "paper.")

They weren't as sharp as they might have been. Well at any rate Horace's office became known as the Jam office. This title did not have much appeal to the students. So Horace revised it and called it the JAMBAR and had to turn them away in droves. This as I said at the outset (I did go back and check) is a misconception.

Actually the name comes from two Latin words. Jamus and Barus, which when translated to English, mean JAMBAR. Simple, no? Another opinion held by Joe Phelan, Judy McFarland, Chuck Yeaton and Dick Troxil, is that our beloved editor George Miller does nothing but run around screaming "Stop the Presses." This would get a few odd looks from the help around the office - since we have no presses.

George actually does spout off with a few Journalistic utterances now and then to add to the excitement of things. A few of his favorites are "roll em" which causes quite a bit of speculation among the faculty, since George is always walking around with a fist full of money and "My paper - right or wrong - my paper." Very dramatic, although some say it's a steal from someone or other.

All in all there is quite a bit of confusion concerning the JAMBAR. My advice is to drop up to the office sometime and look around. Rumor has it Herbie Bartlemay, now serving with Uncle Whiskers is about to get a short leave and will be seen prowling around the halls looking for dates.

Seniors Lucy Zarlenga, Eddie Simons and Dean Boop want their senior gift to be dividends to graduating seniors. Oh, boy - yours truly has finally secured a job much to M.E.'s delight. I don't want to be late for work, so that's all for this issue. Happy Thanksgiving!

### WHERE TO PARK YOUR CAR

Following are the areas for parking and not parking your car: You CAN park at: (For Students.)

1. Wick Avenue Parking Lot.
2. New parking lot at the rear of Ford Hall.
3. Parking lot north of the new college library.

You can NOT park at: (For Faculty)

1. Rear of the Main building.
2. Parking lot near the annexes.
3. Rear of the Dana School of Music.
4. Clingan-Waddell Hall.
5. Pollock House.
6. Side of Ford Hall.

Joe: "Have you got a picture of yourself?"

Roomate: "Yeah!"

Joe: "Then let me use that mirror I want to shave."

"If there's anyone in the congregation who likes sin let him stand up. What's this, Sister Virginia, you like sin?"

"Oh pardon me, I thought you said gin."

# Cagers Face B-W on Dec. 4

## Penquins Demolish B-W by 31-7 Score

It was simply a case of too much power for the winless Baldwin-Wallace, Yellow Jackets as Youngstown College rolled up a decisive 31-7 victory.

The Penguins jumped off to a 19-0 first half lead, and with the subs playing a vital role, scored twice in the last half.

Five players divided the scoring honors. Frank Beck, Joe Guido and Dick Franko scored on runs. Scoring by way of the aerial attacks were Dom DelSignore and Johnny Rouse. Rouse's was the longest jaunt of the evening as he scampered 51 yards. Guido added the lone extra point.

B.W. relied chiefly upon a passing attack with Karl Justice doing the pitching. However, he was bottled up to the point where he completed only 3 of 29 tosses good for 110 yard.

### Prove Old Saying

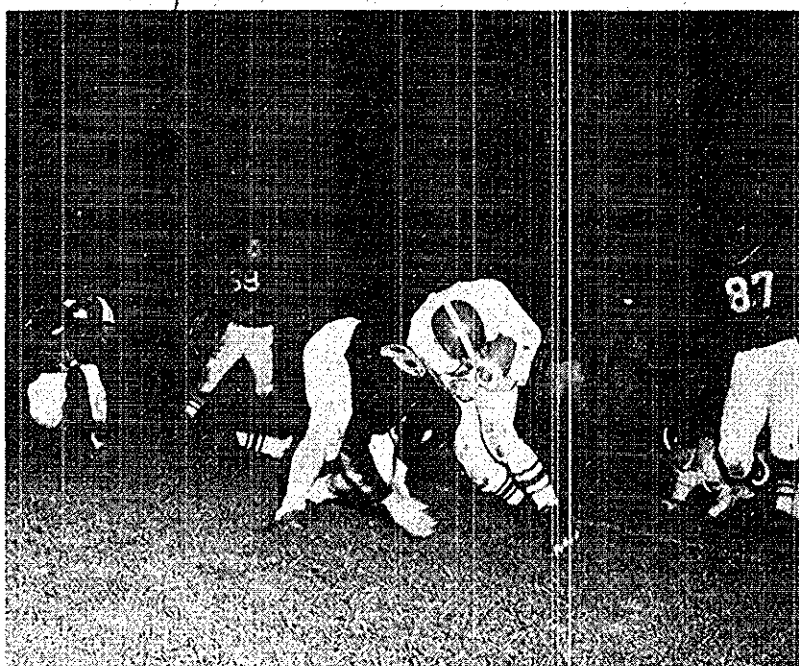

The game proved the old saying that a hard charging line is the best pass defense to be quite true. Tony Cougras and Dom DelSignore's defensive play gave Justice a headache as they turned the Yellow Jackets backfield into a six affair. Their running attack wasn't much more successful as they managed to pick on 96 yards on the ground.

The visitors lone tally was registered in the fourth canto on a five yard smash by George Riley. Justice added the extra notch.

Professor of history: "Hawkins, when did the custom of men bowing and kissing ladies' hands go out of style?"

Hawkins: "When the men began burning their noses on lighted cigarettes."

## Action In Penguins' Finale

Penguins show form that defeated B-W, 31-7.

A scene from the Youngstown College, B-W game.

## Game To Test Team

Coach Dom Roselli will unveil his 1954-55 edition of the Youngstown College Basketball Team December 4 at Baldwin Wallace College. The first home game will be December 11 against Muskingum.

If the season follows suit with the Penguins practices the local fans are in store for a whale of a lot of cheering ahead of them. The boys have now completed nearly a month of practice and seem in

topflight shape. The veterans are showing mid-year form, and the freshmen are living up to every bit of their highschool reputations with their fine play.

is to be given more than just an average glance. He can also play a guard position if called upon to do so.

### Is Lone Senior

Tony Knott the 6'1" guard of the Penguins is expected to be the locals most potent scoring threat. The Farrell, Pa. sharpshooter has compiled 856 tallies in his two year span at YoCo and is a strong contender to top Leo Mogus' all time Youngstown high of 1400 notches. Knotts favorite shot is his jump shot, but he is also dangerous with his push and drive in shots.

Lone senior on the squad is guard Ed Poplava, 6'. The veteran of four campaigns works as middle man on the fast break because of his smooth ball handling. He is the playmaker for the Roselli men. His shots are of the push and set variety.

### Cleary Specializes

Forward Fred Cleary 6'2" is also to be considered as one of Roselli's main weapons. The high bounding Cleary specializes in a one hand push which has a rainbow appearance. This enables the swift junior to move in under the hoop to be on the spot for a rebound if it is necessary.

Others to see considerable action are Larry Lobaugh, 6'5", Charlie Moore, 6', Ralph Melfi, 5'9", and Bob Cencone, 6'. Lobaugh is a rebound ace and will fill in at the forward and center posts. Moore and Melfi feature ball handling and speed. Cencone is a forward.

Lanky Bob Mayberry, 6'7", is the hometown number one tip in and rebound man because of his skyscraper size. He also has a fine jumpshot from the pivot post.

Old Lady: "Are you really content to spend your life walking around begging?"

Panhandler: "No lady, many's the time I wish I had a car."

As the regiment was leaving and a crowd cheering, a recruit asked: "Who are all those people and why are they cheering?"

"They," replied the veteran, "are the people who are not going."

The most promising freshman prospect and lone frosh starter is Bob Atterholt 6'3" forward. The All American high school star can shoot from any position and for this reason

A careful reader, aren't you.

## Sporting Views

by Tom Kolic

The Youngstown College football Penguins started their knife and fork circuit early this season. They, along with Coach D.V. "Dike" Beede were honored at the 11th annual South Side Merchants and Civic Association Banquet at the Hotel Pick Ohio. Feature speaker at the affair was Jimmy Dudley, famous Cleveland Indians sportscaster. Dudley summerized the 1954 World Series and also entertained the crowd of over 500 with his sport anecdotes.

He received a self portrait as a special gift by the Merchants. Other guests of the evening were Elbie Nickel and Bill McPeak, star performers of the Pittsburgh Steelers pro-football team. The duo gave short speeches on professional grid play. Numerous other local celebrities were also on hand at the festivities.

### Unheralded Griders

The hard charging of guard- Andy Starinchak was one of the major factors in the success of the locals defensive forward wall. The 212 pound junior has been making a constant nuisance of himself to the opposition with his bull-like rushing.

Against LaCrosse Andy's hard play finally helped him achieve the first touchdown of his career.

He blocked a punt and after picking up the loose pigskin he traveled the route to score. Apparently he liked the feeling of scoring a T.D. for he came close to duplicating his feat by blocking a Baldwin Wallace punt the following week.

Dom DelSignore and Tony Cougras have been putting a constant vice effect on the opponents backs as they drive in from their end positions.

Passers have found this combination especially troublesome. They have continually pressured the passer to the point where he would be trying to get rid of the ball rather than concentrating on hitting his target.

It has also been their fine play that has hemmed in the attempts to the outside and forced the runners up the middle, which has meant sudden death.

### Fine Rushing

So many fine rushes have been made throughout the season that the men responsible for these jaunts have been overlooked. You can run only as fast and as far as your blockers can lead the interference. Fullbacks George Sveda and Dean Rouse have been two of the locals most potent road cleaners, as they would enable the ball carrier to see daylight on their sprints to the outside.

Their defensive play has been equally efficient as they would drive in from their linebackers spots to choke off a potential gain.

### Congratulations Coach Beede

Congratulations certainly are due to Coach D.V. "Dike" Beede in his compiling of a honorable 7-2 record on the season. He also entered the

select circle in coaching by compiling 100 victories.

## Vic Vet says

## Record Ramblings . . .

By Ben VanCobb

Mambos seem to be taking the country by storm nowadays, with almost every recording company releasing waxings with that now famous South American Beat. Leading the parade is Billy May with his recordings of "Loop de Loop Mambo", and "Rudolph The Red Nose Reindeer Mambo". Other artists who are now trying their hand at turning the new mambo-craze into money are: Ruth Brown - "Mambo Baby", Perry Como - "Papa Loves Mambo", Rosemary Clooney - "Mambo Italiana", and Sophia Tucker - "Middle Age Mambo".

But despite all of their efforts it seems to me as though they all have missed the boat with their imitations of the mambo. To hear true mambos your best bet is to choose recordings by some of the popular South American artists.

### Is Favorite

My personal favorite is a "real cool cat" by the name of Joe Loco. (No joke, that's his name) Loco utilizes with great ease a true mambo rhythm throughout his recordings whether it is a slow sweet tune, or one of his famous, fast torrid numbers. Two of his better recordings are "The Square Dance Mambo", and "These Polish Things".

### November Top Five

1. Sarah Vaughn's - "Make Yourself Comfortable"
2. Jaye P. Morgan's - "That's All I Want From You"
3. The Chuckles' - "Run Around"
4. Chordettes' - "Mr. Sandman"
5. Decastro Sisters' - "Teach Me Tonight"

### Tribute for Dave

Time magazine has seen fit to pay a tribute to Dave Brubeck in its November 8th issue. For those of you who don't know who Dave is, he is the leader and pianist of one of the finest jazz combos in the country today. He is commonly referred to by those in jazz circles as "The Man On Cloud No. 7".

Dave specializes in what is known as "Modern Jazz". Brubeck and crew are capable of taking any old tune, add their modern touch and come up with an arrangement that will make an audience weep or leap.

For more info on Mr. Brubeck I advise you to pick up TIME. Better yet, make it your business to hear one of his recordings and you'll understand what everyone is raving about.

## Draftsman Test Given By U.S. Civil Service

The U.S. Civil Service Commission announces that there is a continuing need in the Federal service for Engineering Draftsmen in positions paying from \$2,750 to \$5,940 a year.

No written test is required. To qualify, applicants must have had appropriate education or experience or both. Education above high school level leading to a bachelor's degree with a major in architecture, engineering, forestry, geology, landscape architecture, mathematics or physics, which included at least 1 year of college-level mathematics and 1 year of college level drafting, may be qualifying for positions paying up to \$3,410 a year.

Applications will be accepted from students who expect to complete the required courses within 6 months of the date of applying.

Further information and application forms may be secured from the U.S. Civil Service Commission, Washington 25, D.C., and from many post offices throughout the country.

**TYPISTS NEEDED**  
Anyone who has spare time and is a fairly good typist will be welcome. Please apply at the JAMBAR office.  
Editor

## Need Your Card For Xmas Work

Are you planning to work during the holiday season? If so, be sure that you have your Social Security account number with you when you report for employment, advises William J. McCauley, manager of the Youngstown District office. The place to get a Social Security card, or a duplicate of a lost card, is Room 501 of the Schween-Wagner Building at 125 West Commerce Street.

Practically all jobs in commerce

and industry are now covered by the Social Security law, McCauley stated, and your employer will ask to see your card before you start. If you have never had a card go to the Social Security office to fill out an application blank. If you have lost your card, ask for a duplicate of the one that you lost which will bear the same number, so that you will not have two social security accounts. If you live outside of Youngstown, an application may be obtained at any post office.

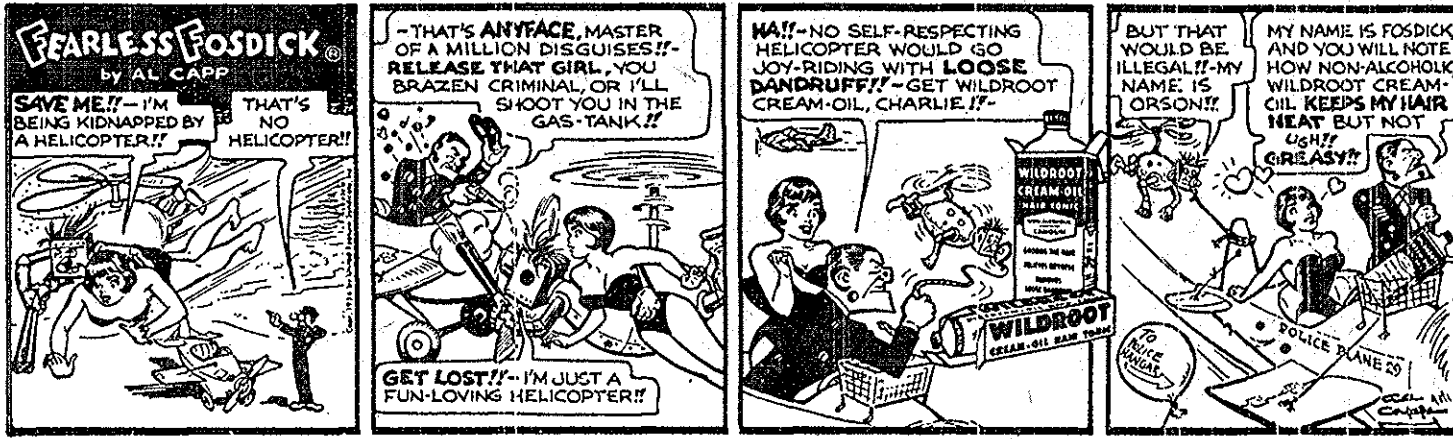

### Based on Earnings

Future benefits to which you or your family may become entitled are based on earnings credited to your Social Security account. If earnings

are reported without an account number or with an incorrect number or name then these earnings may not be credited. McCauley also pointed out that some employers will not hire you unless you have your social security card with you, and a good job may be lost this way.

Remember that your social security account number card is the key to future benefits for you and your family. Take care of it, show it to your employer when you start work, and contact the Youngstown office of the Social Security Administration if you need assistance. There is no charge for this assistance.

No news on this line.
