

PEGGY POTTS REIGNS AT JUNIOR PROM

Popularity Dance Takes Place Tonight

The tenth annual Phi Gam Popularity Dance will be held tonight at Stambaugh Auditorium. Chairman Dick McLaughlin announces that Nick Bartle and his orchestra will provide the music from 9-1.

Over the past week the mystery has been building up as to who will be this year's most popular man and woman at Youngstown University. Campaigning has highlighted this year's voting which has been conducted by Student Council. The elections are being held today in Strouss Memorial Auditorium.

The Past winners of the popularity contest have been:

1955 - Angie D'Agostino
Phi Lambda Delta
Don Seely
Pi Beta Chi

1954 - Joan Pokabla
Phi Lambda Delta
John Masucci
Alpha Phi Delta

1953 - Nancy Johnson
Gamma Sigma
Ron Galip
Nu Sigma Rho

1952 - Nancy O'Connor
Gamma Sigma
Francois McHugh
Sigma Delta Beta

1951 - Mary Lou Rawson
Phi Lambda Delta
Bob Tyrell
Kappa Sigma Kappa

1950 - Bette Savage
Phi Lambda Delta
Jim Lowery
Nu Sigma Rho

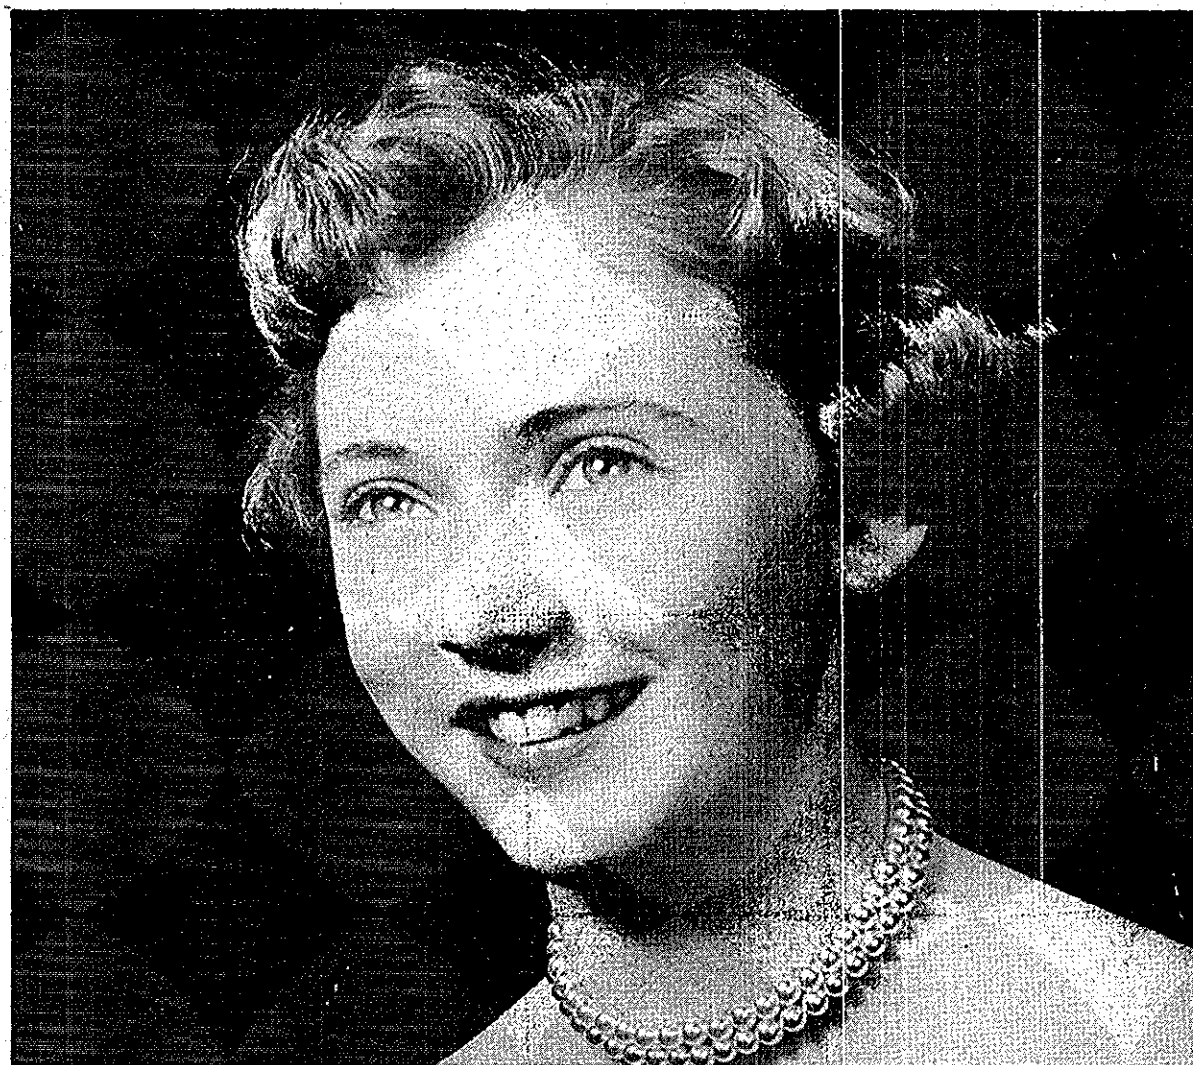

1949 - Alice Chieffo
Independent
August Yahn
Independent

1948 - Mary Agnes Hatagan
Gamma Sigma
Harry Deskin
Phi Sigma Epsilon

1947 - Betty Houser
Gamma Sigma
Dick Organ
Sigma Delta Beta

Mr. and Miss Popularity will be announced at the dance at 11 o'clock tonight.

QUEEN PEGGY

Peggy Potts, a junior in education, has been chosen as Junior Prom Queen and will reign over the festivities next Friday. Peggy is quite active on campus and is a member of Beta Sigma Omicron.

Joseph Moyer Attends Advertising Convention

Alpha Mu, honorary advertising and merchandising fraternity at Youngstown University, is sending one of its members, Joseph Moyer, to the annual "Inside Advertising Week" in New York City this week.

The Association of Advertising Men and Women of New York annually sponsors the "Week". The meeting is designed to give the graduating senior, whose major is advertising, a realistic view of the advertising field in order that he will be better equipped to enter the advertising profession.

The meeting began on April 1, and will conclude today. During his stay in New York, Moyer has been residing at the Biltmore Hotel.

Visited Various Agencies

In the past five days Moyer has visited NBC, various advertising agencies, the Wall Street Journal, McGraw-Hill Publications and many other outlets for advertising.

Also on the agenda were many job interviews, reviews of promotional programs, and the forecasts of future advertising campaigns. The final meeting will be the advertising banquet which will be held tonight. Over 400 people in the advertising field will be in attendance at this banquet.

Moyer was selected by Alpha Mu as the outstanding senior in advertising.

Alumni To Hold Dinner Dance

An Annual Alumni Dinner Dance will be held at the Tippecanoe Country Club on April 7 at 6:45 p.m.

Attorney Sidney Rigelhaup, President of the Mahoning County Bar Association and Legal Aid Society will be the guest speaker.

The dance will be informal and all alumni and their guests are invited to attend.

OUR CONDOLENCES

The students of Youngstown University wish to express their deepest sympathy to Father Petric, whose father passed away recently.

Omicron Lambda Takes Field Trip

"Plant and Animal Life in Mill Creek Park" was the subject presented by Mr. Lindley Vickers to Omicron Lambda Biology Fraternity at their meeting, February 23. Mr. Vickers also showed colored slides with his lecture.

Four new members, Robert Miller, Phillip Tanner, Phyllis Munia, and Barbara Tindle, were installed at the last meeting, March 1.

The group formulated plans for three field trips, to Pittsburgh, Cleveland and Pymatuning Lake and made plans for their dinner dance.

Omicron Lambda is open to students interested in biological studies. Its purpose is to stimulate biological interest and investigation on the part of the students. Any University student interested in membership should see Dr. Marcy, of the Biology Department, for further details.

On April 13, Omicron Lambda went on a field trip through the North Side Hospital under the guidance of Dr. Pappapone.

Dance Is Next Week At Nu-Elms

Miss Peggy Potts will reign as queen of the Junior Prom next Friday night. Miss Potts won the election over four other girls, all of whom will be in the court.

The Prom will be held April 13 at the Nu-Elms ballroom with the orchestra of Angelo LaCivita providing the music for dancing.

Chairman of the dance, Bill Finn, has announced that all preparations have been made for the gala occasion. Final arrangements have been made this week to insure one and all an enjoyable time.

Queen Is Active

Peggy, a junior in education, is a member of student Council, secretary of Religion-In-Life, secretary of Beta Sigma Omicron, secretary of Make Democracy Work Club, secretary to Rev. Linder, a member of F.T.A. and a representative from her sorority to Pan Hellenic council.

There are four other girls in the court. Barbara Miller, a business major, and also a member of student council is one of the attendants.

Kay Reilly is a member of Phi Lambda Delta sorority and is an education major.

Jody Konesky is a secretary in the main office and is also a member of Gamma Sigma sorority.

Pat Casey is a junior in Business and is a member of Phi Mu sorority.

GOLF AND TENNIS

All men interested in participating in intramural golf and tennis are requested to sign up at the Athletic Office as soon as possible.

Watch The Unfavorable Publicity

During the past several weeks there has been a great deal of controversy concerning the paper which was circulated on this campus. This paper condemned fraternities and sororities at Youngstown University.

Unfortunately, this writer was unable to attend the meeting held on March 24. My representative reports that at this meeting a speaker developed his views on the subject "Should Fraternities And Sororities Be Abolished At Youngstown University."

In order that you may form your opinion you must think about it a great deal. You must remember that any group that tends to "stick" together is more or less "fraternal." Any group of persons that congregates in one place continuously, or in some other way assembles, a fraternal feeling is developed among the members of the group.

Another example is when anyone in our armed forces is away from home he tends to associate with a certain group of "buddies", who may be from all parts of the United States, just because they are fellow Americans. When they return to the United States, they return to their old ways and may never see each other again. But for that short time their interests were the same and therefore, they thought and acted alike.

When people think along the same lines and have the same interests they will band together. That is why people will band together into different clubs, fraternities, and sororities when they come to school. There is no difference among these Greek organizations, the various other organizations such as The English Society, The Social Science Club, and other groups of this type.

We are not the ones to judge what shall be permitted and what shall not be permitted. Some of us have definite convictions about many things and we try to carry out our plans, but let us not forget the consequences that can develop for those persons who are not directly concerned.

The largest part of the school that can be hurt by this "publicity" is the school itself. A controversy of this type can give very unfavorable publicity to the University.

We realize that everyone has the right to voice his own opinion, but in the future, let us not do anything like this unfortunate episode, that can harm the reputation of the school.

J.E.T.

Keep It Alive

The University literary magazine is at last in the finishing stages of publication. From all indications, this magazine will contain some very good material that will really bring forth the talents of the student body.

The interest shown by the students has been enthusiastic. According to Bob Saltzman, one of the co-editors, there has been enough material turned in to print several issues.

This interest has been on the part of the writers, so let's have some interest shown by the rest of the student body in purchasing the book when it hits the stands. A lit magazine is one of the finest publications that any school can publish and can be a very good publicity agent for the school.

However, whether or not this publication is continued depends on you. Student council appropriated funds for the first issue with the stipulation that if not enough copies of the first issue were sold, the publication might be discontinued. So you see, it is really up to the student body to see that this publication lives a life longer than one issue.

Don't forget, when the first issue of "Horizon" comes out, help keep it in existence by purchasing a copy. You will not regret the action and you will certainly appreciate the excellent work done by the writers and the editorial staff.

The Campus Voice

Ann Arbutina
Mary Ann Margosiak

Question: There are many productions which are sponsored by the Drama Guild and the Dana School of Music here at Youngstown University. Have you attended any of their presentations? Please comment.

Dennis Katsaras
Rank - Junior

Although I have never attended any of the presentations sponsored by the Drama Guild or the Dana School of Music, I can truthfully say that I have denied myself intellectual entertainment of the fullest extent.

Time is of the essence to me, therefore, I have found very little time for viewing plays, etc. At Ohio University, which I previously attended, "time out" was given from classes to see the various operatic productions. I'm not suggesting that the same method be used here, for I know there are many who would oppose it.

There should be a solution to remedy this problem of the time element, one which would also interest more students. There is a possibility that these shows could be presented from 11:45 to 1:00, because the majority of the students do not attend classes during the lunch period.

Barbara Knott
Rank - Junior

I have only attended one production which was sponsored by one of these groups. I must admit that this is not a very good percentage, since I have been here for three years.

The entire student body must be awakened to the fact that there are many fine programs which are presented and that they should make an effort to attend them.

Margaret Gergely
Rank - Junior

I have attended only one presentation of the Dana School of Music. I enjoyed this production tremendously, and I would like to attend more of their activities, but I find it very difficult living so far from Youngstown. If more of the students could attend these activities they would acquire a new and greater pride in their school.

John Schafer
Rank - Junior

I enjoyed "The Magic Flute," and I believe that more students would appreciate these productions if the story of the opera would be circulated before the performance. I would also suggest a running commentary during the opera of the tale, and of the facts that operas were a chief form of enjoyment at the time of their conception, whereas now its importance is relegated to a much lesser form. Most persons try to live life to obtain all of the wholesome enjoyment from it that they can; therefore, those who do not avail themselves of the operas, for one thing, are robbing themselves of one of life's joys.

CAR WASH

The Phi Gams are taking over the operation of the Mini-Man car wash on Rayen Avenue on Sunday, April 8, from 2-6 p.m.

INTRAMURAL SOFTBALL

There will be a meeting of all teams interested in entering an intramural softball league on April 11, at 12:00 p.m. at the Athletic Office. All teams should have a representative present at the meeting, as the league will start soon after.

"Oh, it's you, Charlie."

ENGINEER'S ANGLES

O.K. all you cats! After waltzing the slide rule around all semester, here's your chance to shake a mean hip and really live it up! I'm referring to the OSPE Dinner Dance to be held at the El Rio on Saturday, April 14.

Steak cutting time is slated for 6:30 with rug cutting coming later, at 9.

Sam Grist has the program planned with special awards going to Dean Franklin, Mr. Yozwiak, and the outstanding Junior and Senior Engineers in the OSPE.

Tickets Are On Sale

The tickets for this wing-ding have been on sale this week and will be available up until game time. The boys with the tickets are Sam Grist, Bob Martincic, Vince Yambrovich, and yours truly.

These ducats are going at a steal - \$7.50 per couple. (You'll have to steal it to get it from Mike Blasko or Fenton Koch).

In case you have any buddies who are not engineers, (perish the thought) and would like to attend this dance, they may purchase a ticket also, for this dance is going to be open to all students.

While we're on the subject of the OSPE, we understand they tossed \$25 in the kitty for the Engineers' Lounge. How about the rest of the organizations? Every little bit counts.

Has No Money

Ed Salata's girl has to sit at home evenings now since Ed went to the smoker. Seems a deck of cards just isn't enough to get in the cinema these days.

Bill Billings furnished the AIEE with an interesting afternoon by obtaining a guest speaker from Remington Rand in Pittsburgh. The topic was computers in general, and the Univac in particular. (We still insist that there are such things as dual tubes, Bill).

Some members of the AIEE also attended a parent chapter meeting in Sharon last week, and heard a discussion on Hi-Fi. After the meeting, they all convened at Neil Beard's house where they made a little music of their own. (Blowing across the top of empty bottles).

Can't See Too Well

Tears were seen to well up in Vic Richey's eyes and blot out those soft brown orbs when an ole' buddy, (or so he thought), happened to drop Vic's slide rule. (A log log decl'rig, no less), with one sweeping motion of the arm. Mr. Klingshirn will have to allow Vic at least 50% on all his calculations. It's pretty tough to read those numbers accurately when the

glass with the hairline on it is in your pocket.

Mr. D'Isa has just attained the status of a family man. He is now the proud father of a baby girl, Nancy, born Wednesday, March 28, at 9:20 a.m. Congratulations, proud father. (Of course, Mrs. D. and Nancy are to be commended, too).

The new officers of the Dean's Council are Mike Solomon, Chairman; Bill Vogan, Treasurer. The Secretary is playing the cool role this time. (I forgot who it is). Apologies and all such, Mr. Secretary, we'll be sure to include you next time.

Has Joined Large Group

DeMatteo has just joined Electronics Anonymous. He found some anonymous ones the other day in Electronics Lab between the leads of a meter he wrapped his hands around. Don't worry, lad, those meters aren't too expensive. And what's a few capacitors among friends?

We're glad to see that Pat is back in the Wickwood after her accident in East Liverpool. The coffee tastes better already, Pat.

Dave Locke and Bernard Vojtko have been working like beavers on their thesis and are now at the point where they're sure they'll never be finished on time. Good work, men!

Neil Beard gives some professional advice on how to improve your golf game - CHEAT!

Suggestion for a graduation present for John Ewashko: wash his car.

Will Always Be Cautious

After the affair with Vic Richey's slide rule, Bob Stevenson was seen tip-toeing through the halls, casting furtive glances in all directions while clutching his slipstick tightly in his hand. Why be half safe?

Most Seniors are considering their selection of jobs, at least partially, by the salary offered. But not Don Morrissey! He's considering the skiing facilities. Joe Hvizdak, (and overcoat), has been appointed chairman of the baseball committee for the OSPE. I bet Joe will be sporting a new cap very soon. He only took the job after he heard that the chairman always gets in the game. If Ed Salata doesn't bring back the ball and bat, there may not be a team.

In closing, consider this technical gem, if all the engineers in the world were laid end to end, they would still point in all directions.

Jambar Staff Members To Attend Annual Meet

The 30th annual convention of the Ohio College Newspaper Association will be held in Steubenville April 13-14. The College of Steubenville will be co-host with Brush-Moore Newspapers, Inc., to approximately 26 colleges and universities to be represented.

The Fort Steuben Hotel will be headquarters for the two-day convention. Advisers and directors to college publications from schools or departments of journalism in Ohio will join with college students in the affair starting with a business session at 9:30 a.m. on Friday, April 13, and concluding with an awards banquet Saturday night, April 14.

Officers will be elected for the 1956-57 academic year. Panel discussions will be held concerning problems affecting college publications, writing and processing of news, and business affairs of campus papers.

Awards Will Be Given

Cup awards put into competition by Scripps-Howard newspapers of Ohio will be presented at the banquet on

Students who would like to compete for the Social Science prize of \$100, given at graduation time (see the University catalog, page 61) should see Dr. Falkerson or Dr. Bullough at their earliest convenience for information as to when and how the examination for the prize will be conducted.

Candidates for this competition should have completed Social Science 101-102 and History 201-202 with grades no less than 2 As and 2 Bs and must not have won a previous competition for this prize.

Saturday, April 14, at 6:30 p.m. These circulating cups are held for one year by the colleges having the best daily newspaper, the best weekly publication with up to 1500 circulation, the best weekly with over 1500 circulation, and the best bi-weekly campus paper.

Youngstown University Art Show Being Held At Butler Art Gallery

The 20th Annual Youngstown University Student Art Show will be held at the Butler Art Institute starting April 3 and running through April 29.

More than 150 works will be exhibited. Among these will be works in oil and water color, sculpture, paintings, drawings in all media, two and three dimensional designs, sculpture including stone of several kinds, wood, plaster, cement, metals, and plastics both representational and abstract, emphasizing sculpture as it becomes increasingly in demand in the curriculum, in the home, and in architecture, industry, and etc.

Leroy Flint, Curator from Akron Art Institute will be the judge. The judging will take place April 8 at 2:30.

Dr. Bolough will present the awards which consist of: the Student Council Award of \$50, the Spanish Club Award of \$10, the City Office and Art Award of three \$10 certificates.

The above program will take place at 4:00. All the public is invited. There will be refreshments after the program.

"I'm sorry I haven't a dime," the junior said as he handed the bus driver a twenty-dollar bill.

"Don't worry, boy; you're going to have 199 of them in a minute."

Customer: "I'd like some rat poison, please."

Clerk: "Will you take it with you?"

Customer: "No, I'll send the rats over after it."

Betty Takacs To Present Recital

Betty Takacs is giving her senior recital on Wednesday, April 11th in Strouss Memorial Auditorium. She is a student of Mrs. Mary E. Fankhauser.

Betty was winner of the Philharmonic Contest in 1955. She is getting her Bachelor of Music Degree. After graduation, she plans on working for her master's degree.

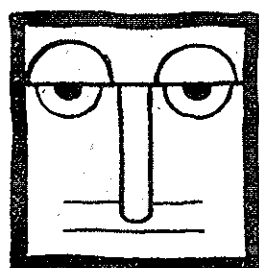

Numbers on the program include:

Tocatta And Fugue From Partita In E Minor by Bach, Waldstein Sonata by Beethoven, Three Chopin Etudes, The Girl With The Flaxen Hair, The Hills Of Anacapri by Debussy, Prelude, by Ramon Zupko, and Tocatta, by Jenő Takacs.

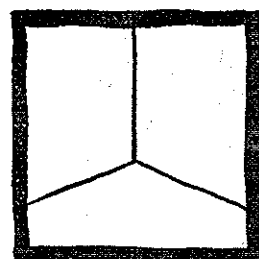

Ramon Zupko one of the composers was a former student of the late Dr. Henry V. Sterns and is now a senior graduating at Julliard with honors this June.

IT'S RAINING LUCKY DROODLES!

WHAT'S THIS? For solution see paragraph below.

SOMEBODY'S OFF HER ROCKER in the Doodle above—and for a darned good reason. The Doodle's titled: Whistler's Mother out shopping for Luckies. From where she sits, Luckies always taste better. That's because they're made of fine tobacco—mild, good-tasting tobacco that's TOASTED to taste even better. Rise to the occasion yourself—light up a Lucky. You'll say it's the best-tasting cigarette you ever smoked!

DROODLES, Copyright 1953 by Roger Price

"IT'S TOASTED" to taste better!

COLLEGE SMOKERS PREFER LUCKIES!

Luckies lead all other brands, regular or king size, among 36,075 college students questioned coast to coast. The number-one reason: Luckies taste better.

LUCKIES TASTE BETTER - Cleaner, Fresher, Smoother!

THE GREEKS SPEAK

By Joan Pavlov

The Junior Prom campaign is over and the pledges and the actives of sororities and fraternities can get back to the books even though spring fever has the best of a few who are Timmy Bowser, Bruce Bond, Steve Goryanec and Gil Prokop. Their thoughts seem to turn to parties, parties, parties (not love.)

PHI GAMMA

The Phi Gams are very busy remodeling their newly acquired room. They are hoping to have it finished in the very near future. The fraternity have also been practicing for the I.F.C. Sing.

The Phi Gams recently had a party with their sisters, the Phi Lams, at Kreiders. Jerry Tyndall has only one complaint. It seems that all the girls drive and they used their privileges to the fullest degree.

Don't forget the Popularity Dance tonite at the Stambaugh Auditorium. Nick Barile will provide the music from 9-1. Be sure to come, as you are sure of having a good time. Mr. and Miss Popularity will also be crowned at intermission.

Congratulations to Peggy Potts, who was recently elected Junior Prom Queen. Also to the court of very attractive attendants, who are Barbara Miller, Jody Konesky of Gamma Sigma Sorority. Pat Casey of Phi Mu and Kay Reilly of Phi Lambda Delta.

KAPPA SIGMA KAPPA

On Sunday, the 25, the Kappa Sigs held their rush banquet at Cafe 422. John Gillespie, Director of Public Relations at Youngstown University and father of "Buckeroo" Gillespie, was the main speaker.

The Kappa Sigs would like to congratulate the Pi Beta Chi basketball team on successfully winning the I.F.C. Basketball Tournament. A word of congratulations is also due to Al Schwartz for his directing and scheduling of the I.F.C. Basketball Tournament.

Frank "talk softly and carry a big stick" DiGiacomo is still balancing that budget. Lucille Elias was the lucky winner of 14 hours of second semester tuition in the Kappa Sig's St. Patrick's day raffle. The fraternity would like to thank Bill Holt on his excellent handling of the chairmanship and on his money collecting.

Joe New and Ray McCullough are vacationing in Florida over Easter. Joe may decide to stay there and spend the rest of his life cruising up and down the east coast. Bruce "Let's have a party" Bond is still trying to find his way home from Hopkins Rd.

SIGMA PHI EPSILON

The Sig Eps held installation Sunday, March 25 at Pollock House. New actives include John Poulson, Tim Bowser, Dick Remick, Don Miller, Bob Magni, Bob Cooksey, Pete Citano, Dave Ziegler, Al Fortine. Congratulations to you, fellows, it was a long pledge season.

Wedding bells will toll for two Sig Eps brothers in May. Ron Schink and Jack Moore will take the fatal step. Bob Reesch may try to get in on this situation also.

Attention Sig Ep brothers! Ed Wainio has a problem. If anyone can find a solution to how Ed and Shirley can make more connections with each other please contact Shirley. I have a solution, Shirley, become an engineer.

A party is being planned with the Beta Sigs. A date party is also being planned. A swimming party at the "Y" will also be a social for next month. The Sig Eps are looking forward to the Tri-Sig Blast on the 24th.

ALPHA PI EPSILON

For their Easter project, Alpha Pi Epsilon filled thirty Easter baskets. The baskets were given to the children of the nursery school sponsored

by the Youngstown Society for the Blind.

PHI LAMBDA DELTA

Phi Lamb pledges in the yellow knee socks, carrying yellow bags and dragging a string of safety pins behind them are: Pat Gabany, Pat Hrinko, Norma Jo Mitchell, Vivian Sherwin, Marlene Betras, Mary Lou Perunko, Angie Stizza, Joyce Doyle, Carol Pachell and Judy Millard.

Highlight of a tremendous Phi Lamb - Phi Gam party was a skit in which Dick (Marlyn) McLaughlin, Bill (Gugie) Burby, Tom (Lois) Moran, Steve (Jean) Gorayec, Jim (Hannah) Kilkenny, and Joe (Ruth) Phelan conducted a Phi Lamb meeting.

April 5 is the date set for a party with the Nu Sigs. Welcome back as an active member to Lois Jacobson.

Congratulations to nominee for "Most Popular Girl", Virginia "Gugie" Guglielmi; and congratulations to candidate for Junior Prom, Kay Reilly.

Phi Mu

Phi Mu new pledges are Carol Barilairi, Lenore Benes, Betty Biga, Frederica Boggs, Judith Brownlee, Janet Dans, Carolyn Durenick, Ada Marie Fioranza, Mary Joan Herschell, Adrienne Lenton, Patricia McGowan, Lillian Shook, Mary Ann Skruck, Phyllis Tioppe, Charlotte Van Dan Handle, and Margaret Vittorio.

Their pledges have traded their pink ribbons for pink headbands and bags with the Greek letters in white. They also have pink and white notebooks for merits and demerits. Look out for those demerits. The outstanding pledge for the first week is Betty Biga.

Congratulations to pledge, Judy Brownlee on having won the Nu Sig suit raffle and Lucille Elias having won the Kappa Sig raffle, and Pat Casey for being one of the attendants for the Junior Prom.

BETA SIGMA OMICRON

The Beta Sigs ended their rushing season with the annual Pink Lady Tea, which took place at the home of Peggy Potts. The tea was highlighted by the introduction of their 1955 Pink Lady, Miss Joann Powell. Barbara Wentz gave an explanation of the sorority.

The Beta Sigs wish to welcome fifteen pledges into the group. They are Ann Arbutina, Pat Dolak, Pat Parkas, Louise Gossick, Sally Gribbon, Louise Maron, Marcella Matuschak, Joan Melek, Fran Minghetti, Barb Niesen, Margaret (Foo) Riesen, Jeanee Slicker, Lois Slicker, Mary Veauther and Gerry Wargo.

Barb Bussinger can be seen as the pledge trainer putting them through their paces. They can be noticed wearing pink knee socks, Beta Sig pledge pins, and Beta Sig hats (you may even see some walking backwards around the campus).

The pledges elected Barb Niesen, President and Joan Melek, Sec'y-Treas. at a meeting recently. They are planning a party for the actives and a Bake Sale in the cafeteria.

All the Beta Sigs wish to congratulate Peggy Potts, Queen of the Junior Prom and thank all those who voted. They are busy practicing for the sing and Ginny Shelar, director is making arrangements to find time for practice.

GAMMA SIGMA

The Gamma Sigs recently held an Easter party at Anna Marie Shon's house, with Anna Marie's mother "famous meatball sandwiches" being

served. Highlighting the evening was Loretta "The Sun Shines Bright on my Old Struthers Home" Liptak singing with Joanne Sinstra and Maggie Docherty.

The sorority is looking forward (so is Jack Storey and Karl Mogg) to the party that will be held with the Sig Sigs on April 5 and the Kappa Sigs on April 19.

Those pledges who have been wearing bunny ears and carrying those "empty baskets, Mo Cooney" are the pledges of Gamma Sigma. They are Pat Quinlan, Joanne Keschok, Maureen Cooney, Joanne Sinstra, Anna Marie Shon, Butch Rein, Peggy Murphy, Helen Reardon, Patty Jo O'Brien, Connie Pappas, Janice Darin, Dorothy Daley, and Janie (the Little Sig Ep girl) Huff. Patty Jo O'Brien was elected president of the group and Joanne Keschok is treasurer.

Besides running errands and shining shoes for Helen Savic and Madelyn Sweeney and "Madam President" Gay Wollitz, they are planning a pledge project and also a party for the actives.

Congratulations from the Gamma Sigs to Peggy Potts, Junior Prom Queen and lovely sister who is one of the attendants, Jody Konesky.

Congratulations go to the Pi Beta Chi basketball team for placing first in the I.F.C. basketball league. The team also came in second in the Intramural League and in the Red Feather league, the team is in the finals. The members at this championship team are Don Seely, captain; Tom Furey, Bob King, Jerry King, Dick Kay, Bob Williams, Bob Barnes, Bob Mondok and Jim Conley.

PI BETA CHI

The Pi Beta Chis had two parties within the past three weeks. One was a date party at Willow Ranch. Everyone had a good time with their companions on the Rock Island Line. The other party was with the Phi Mus, which was held on April 4. The fraternity met the Phi Mu pledges and had a good time.

Congratulations also go to the new officers of Pi Beta Chi. President, Bob Bucher; vice president, Don Seely; Treasurer, Lloyd Kranz; secretary, Bob Mazur; Historian, Bob Mondok; Chaplin, Frank Bogan; Sergeant at Arms, Bill Petrick.

SIGMA SIGMA

On March 24, the Sig Sigs concluded their rush season by holding their annual cocktail party, banquet and smoker. It was unanimously considered one of the finest rush parties ever displayed by the fraternity.

The fraternity is proud of its basketball team which reached the semi-finals of the I.F.C. Tournament. Renny Domine, Jack Chugden, Paul Ansteeh, Dick Stebleton, and Bill Metzler represented the fraternity. Karl Mogg also made a brief appearance but his speed on the floor boards was not enough to bring the team complete victory.

One of Jack Storey's Famous House Parties" is being held on April 5 with the Gamma Sigs and their pledges.

OMEGA PSI PHI

The members of Omega Psi Phi wish to thank all those who came to the Talent Show which was held on March 24 in the Strouss Memorial Auditorium to make the program a great success.

Congratulations to Lester Mullens who received a Key from I.F.C. The

Browsing Around

With Ernie Gauld

Your old dad has really had a time of it these past two weeks, what with mid-terms and all these new pledges running around the campus.

Why, just yesterday as I was walking to class (for those who wonder, I do attend once in awhile) taking one last look at my crib notes, I was almost trampled by Connie Pappas, Helen Reardon, and Dorothy Daley, Gamma Sig pledges, who were doing the Bunny Hop. Boy, are those ears ever sharp!

Of course I don't know whether I'd rather be trampled or tripped. Jack Martinic and Joe Schiffer have complained about tripping over Judy Millard's, Pat Gubany's, Marlene Deatrice's, Mary Lou Perunko's, and Carl Pachell's safety pin demerits. The last I heard Pat had the most. You're just gonna have to try to be better pledges, gang (famous last words of Judy's). And please get some fresh jelly beans, Judy, or those stale, hard things for the benefit of the "poor" actives.

Then, speaking of mid-terms, has this place ever been active since they started? One example of what goes on in this "little rock garden" of ours is the case of Tim Bowser, Bill Moore, and Dave Zeigler who only go to class three times a semester; first, to hand in their class card, second, to take the mid-term, and third, to take the final. In fact, these three guys were seen wandering around the hall muttering, "Where is the blasted Astronomy class? We wanna take the mid-term."

By the way, does anyone know the origin of man? Neither did I until I had Dick Nuskiewicz, that eminent anthropologist, explain the origin to me (of man, that is).

It seems that it was a very vexing question until the frenchman, Jerry Tindell discovered the skull and shin-bone of Jack Chugden on Pismo Beach in 1891. What Jerry was doing on Pismo Beach is quite an interesting story in itself.

Jerry was a Parisian, born and bred. By day you could find him in a small, smokey boulevard cafe (Elms), sipping Biere de Racine and ogling the girls. Each night he went to a fashionable poolroom where he gambled heavily at five-hundred and jacks; in between times he attended classes at Youngstown University (pronounced like a frenchman would).

Well sir, one day Jerry lost his entire fortune on an eight heart bid, and was seriously contemplating suicide when a ray of hope appeared in an unexpected quarter. It seems he had been corresponding with a girl who resided on Pismo Beach, a real slick chick named Lotus Petal McGinnis. Lotus declared that she loved Jerry even though she had never seen him and wanted to marry him. She said she was nineteen years old, beautiful, and her father, the richest man in the village, would give half his fortune to the man of her choice. Jerry had no other alternative than to go to Pismo Beach and marry her.

The first sight of his prospective bride failed to delight Jerry. She was beautiful as said, but by local standards. Jerry had serious doubts that her bright yellow pointed teeth and the chicken bones hanging from her ear lobes would be considered beautiful among the boys in the cafeteria.

But Jerry still had even greater disappointment coming when he met Lotus's father. The old gentleman was, as Lotus Petal had represented, the richest man in the village, but, unfortunately, the median of exchange in his village was prune pits.

Jerry took one look at the pile of prune pits which was his dowry, gnashed his teeth, and stomped off into the jungle kicking anything in his way. Stomping thus, swearing thus, Jerry kicked over a heap of old bones which, what do you know - turned out to be the skull and shin bone of Jack Chugden. Thus the discovery of man!

But, much to my distress ... from the brutish Jack Chugden, man evolved slowly upward, growing more intelligent and resourceful. By the middle Pazzilonitz period, man had invented the leash, which was a very remarkable discovery, but was of little use until the Ammoniated period when he discovered the dog.

In closing I would like to express my congratulations to our lovely Junior Prom Queen, Peggy Potts and her charming court of Barbara Miller, Kay Reilly, Jody Konesky and Pat Casey.

members of the fraternity are getting plans underway for the trip to the District Conclave of the fraternity to be held in Columbus on May 11, 12, and 13. They will be cheering for their contestant to win the District Talent Show and go onto the National Talent Show.

Crawford Gives Senior Recital

Oscar Crawford presented his senior recital on Wednesday, April 4th in Strouss Memorial Auditorium. He is a student of Mrs. Mary E. Fankhauser.

For three years Oscar was a student of the Dana School of Music; then he was in the service for two years. He is back now to finish working on his Bachelor of Music Degree. Numbers on the program included:

The English Suite No. 2 by Bach, Sonata in F Minor Opus 5, by Brahms, and Sonata in F Minor opus 57 by Beethoven.

English Club Views Films

Presentation of a film, Victor Hugo's immortal "Les Miserables," highlighted the last meeting of the Youngstown University English Society held Wednesday, April 4.

During the business meeting preceding the film, it was announced that elections of officers for next year will take place at the annual meeting, May 16.

The next semi-monthly meeting is scheduled for Wednesday evening, April 18, in the Blue Room of Pollock House from 7:30 to 10:00 p.m.

Spring Arrives On The Scene

With the coming of Spring Lent also takes place. Each year chapel is held the week before Easter. Above is a picture of the Protestant chapel at St. John's Episcopal Church on the Wednesday before Easter. Due to repair work being done on St. Joseph's Church the Catholic students were unable to hold services.

Spring is also the time when a young man's fancy turns to love. Here we seem to have two proponents of the saying. They are Norma Dyer and Henry Innocenzi.

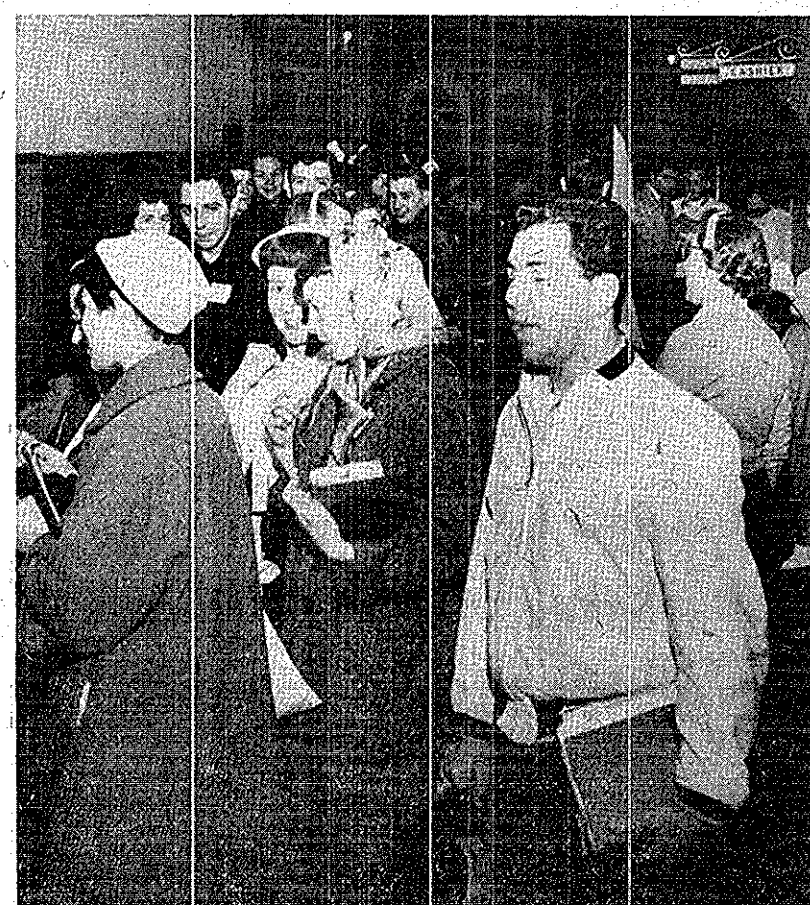

A view of one of the main walkways between classes is pictured while there is a lull in traffic. This picture was taken from the steps of the Library toward the Annex and the Cafeteria.

Shown are several of the pledges of the four sororities who are pledging girls this spring. In the first row they are (l to r) Mae Cooney, Gamma Sigma; and Peggy Vittorio, Phi Mu. Second row (l to r) Judy Millard, Norma Jo Mitchell, Vivian Sherwin all Phi Lambda Delta; Pat Quinlan, Gamma Sigma; Lill Shook and Charlotte VanDenHandle both Phi Mu. Third row (l to r) Pat Farkas, Louise Gossick, and Mary Veauthier all Beta Sigma Omicron, and Helen Reardon, Gamma Sigma.

When spring arrives most students seem to relax and take their classes a little less seriously. An example, of this is seen in a Psychology class conducted by Dr. Bare. Even "Doc" seems to be relaxing.

Pictured in the hustle and bustle of the Main Hall during the Junior Prom elections. The supporters of each girl are shown busily obtaining votes for their candidates.

Committee Chairmen of Student Council Shown

Pictured above are the committee chairmen of the various standing committees in Student Council. They are first row (l to r) Paul Kennedy, constitution; Peg Tiller, activities; and Norman Rubinfeld, social. Second row (l to r) Jack Chugden, discipline; Joe Nohra, finance.

This week we are presenting the various committees of Student Council, identifying the chairmen and explaining a little of their duties.

Jack Chugden - Jack is the chairman of the discipline committee and has one of the most important jobs in the council. The discipline committee regulates and conducts the various student council elections throughout the school year. These elections are the elections of class officers and the elections of the Queens. It is also their duty to check the actions of all of the organizations on campus.

Peggy Tiller - Peg and the activities committee handle all of the public relations for student council. The new bulletin board in the Main Hall is under the jurisdiction of this com-

mittee. This committee is now in the process of revising the Student Handbook for the coming school year.

Joe Nohra - Joe is the treasurer of council and the chairman of the finance committee. The finance group receives petitions for funds from the advisors of the various organizations and then consider them for the annual budget. The budget is discussed by the committee and presented to council for its approval. All allocations during the school year are handled by this committee.

Paul Kennedy - Paul is the chairman of the constitution committee

which draws up and makes any necessary changes to the constitution of the school. It is also their duty to see that the constitution is interpreted correctly by the organizations on campus.

Norman Rubinfeld - Norman is chairman of the social committee which has direct control over all of the social activities of the school. It is their duty to hire bands and to arrange for the rental of the dance halls, and to see that chairmen are picked for the affairs. Norman is also the representative to the school calendar committee.

Student Council Notes

The event upon which Student Council has been focusing the most attention in its recent meetings has been the Junior Prom. The place, Nu Elms Ballroom; the band, Angelo LaCivita; the chairman, Bill Finn; and the queen, Peggy Potts have all been named.

The Activities Committee, under Peggy Tiller, has been collecting information for a new student handbook. This book is expected to be more informative and worthwhile than those in the past. Completion date is expected to be at the end of the present semester. This committee is responsible for keeping an informed student body through the use of the new bulletinboard in the Main Building. Those who wish to use this board may contact Peggy in the Dean of Women's office. Functions concerning all school events may be included.

New Plan Is Set Forth

Mike Solomen has set forth a plan for the council's approval. If this plan is accepted it is expected to simplify the constitution and by-laws of Student Council. This simplification is mainly directed to a better understanding of Student Council by organizations of Youngstown University.

Student Council will be accepting applications for chairmanship of the May Dance to be held May 18 at Idora Park Ballroom. The chairman of this event will need a great deal of planning and time to put the plans into effect. For this reason we are hoping to receive the applicants at an early date.

The real reason money is called Jack is because a queen takes it.

Teacher: And now, Willie, can you give us a sentence with "heterodology" in it?

Little Willie (aged six): No.

Seven Members Of Rifle Team Receive Letters

Seven members of the Youngstown University rifle team were presented letters by Mr. Willard Webster, head of the Youngstown University Athletic Department, at a recent banquet held at the China Lane Restaurant, Boardman, Ohio.

Three of the seven were awarded letters for the second time. They were: Robert Hixenbaugh, Arrel Doane, and James Monskie.

Letter winners for the first time were Joe Reddick, David Patterson, Willis Wolfe and Gary Marks.

The rifle team with 8 wins and 8 losses, enjoyed its best season since its organization, four years ago.

*I serve a purpose in this school
On which no man can frown.
I gently enter into class
And keep the average down.*

Spanish Study Available To All Students

Six fellowships for study or research in Spain are available to American graduate students for the 1956-57 academic year. It was announced today by Kenneth Holland, President of the Institute of International Education, 1 East 67th Street, New York City.

The awards, given by a private donor, are administered by the Institute. Closing date for application is May 1, 1956. The fellowships provide \$2000 for the academic year, for travel, maintenance and tuition.

Candidates must be United States citizens under 30 years of age. Other eligibility requirements are: A bachelor's degree by the time of departure; Demonstrated academic ability and capacity for independent study or research; A plan for advanced study at a Spanish university or for research; Good knowledge of Spanish; Good moral character, personality and adaptability; Good health; and Ability to provide for any dependents.

Applications may be obtained from the U.S. Student Department of the Institute of International Education.

*"But, darling, we can't live on love."
"Sure we can. Your father loves you, doesn't he?"*

ATTENTION WOMEN

On April 10 at 11:00 representatives of various Women's branches of the Armed Services will present two ideas.

1. To clear up the misunderstanding of the status of women in the army.
2. To show the many opportunities for University graduates. There will also be personal interviews. Specific information can be obtained from Dean McCarty.

OSPE Will Honor Dean Franklin AT Dinner Dance

Dean Edward Franklin will be honored at a dinner dance at the El Rio Club on route 422, Saturday evening, April 14, from 6:30 p.m. to 1:00 a.m.

At the affair, held by the local student chapter of the O.S.P.E., Dean Franklin will be awarded an honorary life-time membership in the chapter for his many contributions to the Rayen School of Engineering. Mr. Ben Yozwiak will also be made an honorary member.

During the evening, Prof. Klingshirn, advisor to the group, will announce the recipients of the awards for the outstanding junior and senior engineering students.

Toastmaster Vincent Yambrovich,

President of O.S.P.E., announces that the speakers will be University President, Dr. Jones; chapter past-president, Wallace Crist; Mr. Frank O'Isa of the engineering faculty; and Phillip Richley.

Dancing to the music of Ed La Civita and his orchestra will begin at 9:00 p.m.

The cost, which includes corsages, will be \$7.50 per couple. Students, faculty members and other interested persons are invited to attend.

See how you can select a 3-pair Peters

J. Paul Sheedy* Was Always A Scapegoat Till Wildroot Cream-Oil Gave Him Confidence

It got Sheedy's goat the way everyone kidded him about his messy hair. Even his girl horned in: "Sheedy, you shaggy stinker, you lack confidence — you're pasture prime." Well J. Paul felt pretty sheepish about this, so he tried Wildroot Cream-Oil. Now he has confidence in nappy situation because he knows his hair looks healthy and handsome, the way Nature intended... neat butt not greasy. Wildroot Cream-Oil contains the heart of Lanolin, the very best part of Nature's finest hair and scalp conditioner. Try it yourself. Butter get a bottle or tube of Wildroot Cream-Oil today. With Wildroot on your hair, the girls will go to any lengths for a date with you.

* of 131 So. Harris Hill Rd., Williamsville, N. Y.

Wildroot Cream-Oil gives you confidence

BEHIND LOCKER ROOM DOORS

By Don Infante

Although not generally known to the public, Youngstown University has two other major sports besides football and basketball, namely tennis and golf. These two neglected sports are handled in exactly the same way as football and basketball with letters and varsity jackets given for participation. Also all the other privileges given to varsity athletes are accorded to participants in these sports.

Why then, although there is an abundance of talent on campus, is the interest and participation in these sports so very poor.

I am sure that many Penguin students are quite capable of participating in these sports to the extent where they can be of value to the Y.U. teams, and at the same time enjoy the advantages of playing team sports.

There Has Been Poor Response

Tryouts for golf and tennis are being given now and out of a student body of over 4,000 students the response for tryouts was appalling. Yet at this time of the year all you hear on campus is "Think I'll play a round of golf tonight" or "I feel like a set of tennis after school".

How many of you repeatedly say this and yet although possessing the capabilities needed to be a varsity athlete in either of these well loved and enjoyable sports do nothing about it. People complain all the time about there being a lack of activities at our school, yet sit back and do nothing about the opportunities that are offered to them.

There is no good reason for the lack of enthusiasm shown in these sports, and I believe that our student body should take advantage of the enjoyment they will receive from participation in these sports that do not necessarily require brawn or muscle.

New Intramurals Organized

Even if you're not quite expert enough to play on the Penguin teams, Dom Rosselli has announced the beginning of intramural golf and tennis. This enables everyone to have an opportunity to enjoy the spring sports, no matter how novice, or short of time they claim to be.

All questions about how to enter the intramurals or about tryouts for the Y.U. team can be answered at the athletic office. Let's enjoy spring by enjoying the spring sports that go with it.

Ashmus Appointed New Tennis Coach

Mr. Donald Ashmus, standout tennis star of several years ago, is returning this year to guide the fortunes of the 1956 edition of the Youngstown University tennis team.

Mr. Ashmus is now serving in the capacity of instructor in the Chemistry Department at the University.

Among the hopefuls reporting are Randy Seay, Jim Heart, Carl Garver, Ettore Tranquillo, Mike DeLisio, Dave Perdue, Art Rocco, Paul Schriber, Don Garver, Ralph Lane, Ben Cris, Don DeMarinis, Bill Dusch and Jack Chugden.

The schedule is as follows:

- April 18 - at Geneva
- 20 - John Carroll
- 24 - at Hiram
- 27 - at Slippery Rock
- 28 - at Kent State
- May 1 - Steubenville
- 4 - Gannon
- 8 - Kent State
- 9 - at Fenn
- 11 - at John Carroll
- 15 - Mount Union
- 18 - at Gannon
- 19 - at Steubenville

Newman Club Takes Title

Newman Club No. 1 proved their capabilities by winning second half honors as well as the league championship. Two Sundays ago the Newmanites easily downed Hernando's 4-0 to capture second half honors as the final chapter was closed in the Intra-Mural Bowling League.

Other team matches went this way. T.G.I.F. an easy 4-0 winner over Phi Gam No. 1, Newman Club No. 2 edged Phi Gam No. 2, 4-0 to escape the cellar Kappa Sigma Kappa drubbed Alpha Phi Delta 3-1 to finish in second place, and the other final found R.O.T.C. No. 1 beating their little brothers R.O.T.C. No. 2, 3-1.

High sets were scarce but Patsy DeVincent and Jack Hamley formed the nucleus of the Newman team with 543 and 510 respectively. Newman Club had a tremendous 900 tilt topped by 6 pins the old mark, formerly held by T.G.I.F. Russ Colton had the only other 500 set, a 505 series. We were very sorry to hear he could not make the trip to Toledo, Ohio. Russ was one of the leagues outstanding bowlers throughout the year.

Final standings read: Newman Club No. 1, 30 points, Kappa Sigma Kappa 25, R.O.T.C. No. 1; 24, T.G.I.F. 23, Alpha Phi Delta 21, Hernando's and R.O.T.C. No. 2; 17, Newman Club No. 2; 10, Phi Gam No. 2; 7, and Phi Gam No. 1; 6 points.

Last Sunday Newman Club proved just how tough they are. They drubbed T.G.I.F. by scores of 831 - 801; 745 - 743; in the roll-off to win the league championship in one of the most thrilling matches ever seen around college circles.

There was plenty of spirit among both teams with everyone bowling exceptionally well. Dick Nuskiewicz proved to be the sparkplug when he fired a 170 game, 16 pins higher than he had ever rolled in league competition. Ed Nader had 346 while Al Mike, Ed Wall and Jack Hamley each chipped in with 307's. For T.G.I.F. Casey had 324, Pallante 312 and Joe O'Brien 300.

Ed Wall finished with the highest average 178, also single game and three game high, 256 and 622. Newman Club had high team single game, 900, and T.G.I.F. took the three game total pins with 2,458 pins. Newman Club swept all the trophies except the three game total pins for team.

Remember the bowling banquet will be held April 15 at the Grotto. Doors will be open at 6:00 p.m. with a steak dinner being served at 6:30 p.m. Any team wishing to re-enter or enter the Intra-Mural bowling league next September, please contact Al Mike at school or by phone at RIVERSIDE 6-1307. Please notify me by May 1 as that is the deadline.

The little moran's watch had stopped and he tried to find the trouble. Finally he took the back off it, went into the works, and found a dead bedbug.

"No wonder it doesn't work," he mused.

"The engineer's dead."

Once Over Lightly

By Vince Golle

While browsing around the campus in the past two weeks, it is noted that many of our students are interested in that great old American pastime, golf, with spring here now, it has been decided to devote this weeks column to the beginning golfer.

Golf is a game of patience and perfection can only be acquired through consistent practice on the golf course itself. Most everyone can play or learn to play the game, however, there is a small percentage who will never be able to obtain the correct coordination needed in becoming an even average player. Be sure you are interested in the sport before you invest any money in good equipment. Interest, desire, and patience are the three greatest assets to a beginner.

Buying the Equipment

First of all, play with older clubs until you are sure that you like the sport and are really meant to participate in the game. When you are ready to buy good clubs, make certain you purchase a standard well-known make. The heavier the club is, the better the club in most cases. Often times you can check the club by holding the tip of the handle between the thumb and the index finger and let the club swing back and forth in the manner that a pendulum swings as to test the clubs swinging action.

Using the Equipment

If you have the money to buy ten irons, including the putter and also three woods, all well and good. Usually though, when you are just beginning, the 2, 5, 7, 9 and putter irons and three woods are sufficient. These irons are essential in order to compete in the game at all. The two iron is the distance iron while the five and seven can be used as mashie irons. They are used anywhere from 175 to 100 yards out depending strictly upon the golfer. They can also be used on approach shots near the green. The nine iron is used mainly for height and approach shots ranging in varied distances from the green. It is also used in traps.

The number one wood or the driver is used on the tee of most holes from 250 yards on up while the number two or brassie wood is used on the fairway at a distance depending again on the choice of the player. The three wood or spoon is used as a distance wood when playing a distance ball from the rough.

Where to Play

It is better for the beginner to play on a less hazardous course at first, such as Stambaugh or Poland Country Club where par is high. Par is the amount of strokes required of a good golfer on any given hole. As time progresses, it is good for the player to move on to a more rigid course such as Mill Creek where it is more hazardous and par is low. Continue doing this until success at the game is finally attained.

A man went to the bar and ordered a Martini, drank it, chewed up the bowl of the glass and threw the stem over his shoulder. He continued this for six Martinis and noticed that the bartender was staring at him.

"I guess you think I'm crazy, don't you?" he asked.

"I sure do," the bartender replied, "the stems are the best part."

A stethoscope is a spyglass for looking into people's chests with your ears.

Hernando's Hide-away

By John Hernandez

Youngstown University sets its sights on two sports this spring, golf and tennis, with the netmen under the tutelage of a new coach. Don Ashmus, a former University tennis star, returns to his alma mater under the role of tennis coach. Ashmus is a teacher in the chemistry department.

Athletic Director Willard Webster announced a 13 game schedule for the linksmen as well as the netters. Coach Bill Carson, a member of the night staff in physical education, has a fine crop of golfers. You can expect to hear plenty of good news from this years squad. All home matches are slated for the Mahoning Country Club course.

Youngstown U. spring schedule.

GOLF

- April 13 -- Steubenville
- April 18 --- Geneva
- April 20 --- John Carroll
- April 23 --- at Gannon
- April 27 --- at Slippery Rock
- April 30 --- at John Carroll
- May 2 --- at Kent State
- May 4 --- Grove City
- May 7 --- at Steubenville
- May 9 --- Kent State
- May 14 --- All-Ohio meet in Columbus
- May 18 --- at Grove City
- May 19 --- at Fenn College
- May 22 --- at Westminster

Youngstown University's fabulous Tony Knott recently gained national recognition as he was named on the first team NAIA All-America squad. The 6-1 senior broke every basketball record in the Youngstown University annals.

Former All-City half-back at South High School, L.C. Morgan has finally come into his own in the lightweight division. After polishing off Ludwig Lightburn of British Honduras in a fashion befitting a champion, it seems certain that Morgan will be rated among the top ten contenders for the lightweight crown. Morgan was a two-time Golden Gloves champion and now resides in Dayton, Ohio. Managerial trouble prevented him from rising sooner in his division, but it would seem that despite his past troubles, Morgan is on the way up.

"I feel like a Coca-Cola, Do you?"

Of course. Most everyone does—often. Because a few moments over ice-cold Coca-Cola refresh you so. It's sparkling with natural goodness, pure and wholesome—and naturally friendly to your figure. Feel like having a Coke?

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY COCA-COLA BOTTLING COMPANY OF YOUNGSTOWN

Drama Guild Announces Cast For "Dark of the Moon"

Youngstown University Drama Guild has announced the cast for the forthcoming stage production, "Dark of the Moon." Sam Sanfillippo and Diane Yogie will portray the principle characters.

This famous play has been presented by many theater groups throughout the country as an innovation in dramatic theme and had its premier in 1945 in the 46 Street Theater, New York.

The tentative cast beside Mr. Sanfillippo and Miss Yogie has been recruited from the student body of the University. The cast includes: Edward Garcia, Dennis Byron, Catherine Caswell, Jeanette Zemko, Michael O'Connor, John McCreary, Richard du Biel.

Others Take Part

Norman Cassidy, Lestia Clegg, Patricia O'Block, Cherie Mohn, Carl Lump, Gary Norris, Steve Murrar, Bunny Noga, Don Baird, Gary Glaze, Phil Buttar, Joyce Bryan, Frank O'Block, John Felde.

Marsha Marsh, Jerry Tindall, Pat Gubany, James Freeman, John Baker,

Barbara Miller, Anna Marie Zemko, and Michael Shirilla.

Prof. William Foley of the Speech Department will direct the play.

Dancers are still needed for a square dance scene in the play, in addition to scene designers, sound and lighting crews, costumers and other important facets of the play.

It is hoped that all those interested in filling these roles will talk to Prof. Foley or any person backstage of Strouss Auditorium.

"The laundry made a mistake and sent me the wrong shirt. The collar is so tight that I can hardly breathe."

"No, that's your shirt all right, but you have your head through a button hole."

John Baker Wins Literary Contest

"Horizon" is the name for Youngstown University's new literary magazine. It was selected as the most appropriate of the entries submitted in the recent "Name the Lit Mag" contest conducted on campus.

The title wins ten dollars for sophomore English major from Ash-tabula, John Baker, who believes the name is appropriate because: "Horizon suggests broadening outlooks - something in the distance. In one sense it suggests something in the future, in another, opportunity.

"More than these, it suggests the natural curiosity of man to find new ideas, meet new people, see new things. The desire of every man for something new is basic to any form of creative effort."

Material Is Completed

Co-editors Harry Conrath and Bob Saltsman report that all material is in and has been edited, and is due back from the printer early next week.

The magazine will go on sale the week of April 16, at thirty-five cents per copy. Copies will be available at the bookstore and from magazine representatives around campus.

A magazine delivery service is planned to insure broader circulation.

Mother (reprovingly): "Willie, I wish you'd stop preaching forthings at the table. Haven't you a tongue?"

Willie: "Yes, Ma, but my arms are longer."

"Why is your friend so silent?"

"He can't seem to find a spittoon."

Pi Beta Chi Wins Play-Off

Pi Beta Chi showed their mastery of the hardwood on Wednesday, March 28, at the Christ Mission gym when they subdued the Kappa Sigs in the final game of a best two out of three series by a 88-61 count to cop the coveted championship in the I.P.C. Tournament.

Pi Beta Chi also edged the Kappa Sigs in an earlier encounter, 71-69, in their climb to the top spot.

Members of the Championships squad include: Don Seeley, Dick Kay, Howard Williams, Tom Furey, Gerry King, Jim Mauch, Bob King, Bob Mondok and Carl Havrilla.

"How much are these apples?"
"Fifteen cents a peck."
"What do you think I am, a bird?"

Office Girl - Well, what do you want?
Freshman (trembling) - Is the bean dizzy?

FTA Convention To Be Held Here

Youngstown University chapter of the Future Teachers of America will hold a meeting at Pollock House April 6. The agenda of the meeting will be to discuss the topic of a conference.

The conference will be a preliminary to the second annual convention of the Ohio Association of the Future Teachers of America. The convention will be held at the University April 14. Voting delegates will be named to the convention at this meeting.

All members are urged to attend.

Dean of Women Attends Meetings

During the month of March, Dean of Women, Mrs. McCarty, participated in two conventions. The first was the annual convention of the American Personnel and Guidance Association held at the Shoreham and Sheraton Hotels in Washington D.C. where the issues discussed were Guidance and National Policy.

Mrs. McCarty then attended the convention of the National Association American Council of the Deans of Women, which was held in Cincinnati, Ohio.

Burgermyer Has Art On Display

Cherie Mohn

Jan Burgermyer, freshman art major, will exhibit his art April 16 through April 30 in the Youngstown U. Library.

His style is modern. His exhibit will consist of modern and primitive sculpture, tempera painting, black light shadow box using florescent lacquer, texture project and a space modulator.

Experimenting in stone, florescent lacquer, day glow water color and florescent plastics, Burgermyer believes "You shouldn't get into art if you haven't a way out."

Everyone in my family was a good swimmer except George. He was killed in a dive on the west side.

What young people are doing at General Electric

Young chemical engineer works on new ways to make silicones

Silicones are a new class of man-made chemicals with very unusual properties. Made from sand, they assume the form of rubber, grease, oil and resin. Under extremes of heat and cold, the rubber stays rubbery, the oil oily. Silicones added to fabrics make them exceptionally water-repellent. Silicone makes waxes spread easier . . . paints almost impervious to weather.

One of the men responsible for finding new ways to produce silicone products is 26-year-old Frank V. Summers.

Summers' Work Interesting, Important

As process engineer of the Silicone Products Department, Frank Summers first compares the results of small-scale, pilot-plant experiments with the production methods in actual use. Then, using his own knowledge of chemical-engineering principles, he designs faster, more efficient and more economical methods of producing silicone products. Frank Summers' excellent training, diversified experience and outstanding personal qualifications make him a valuable contributor to this engineering team.

25,000 College Graduates at General Electric

When Frank Summers came to General Electric in 1949, he already knew the kind of work he wanted to do. Like each of our 25,000 college-graduate employees, he was given his chance to grow and realize his full potential. For General Electric has long believed this: Whenever fresh young minds are given the freedom to make progress, everybody benefits—the individual, the company, and the country.

Educational Relations, General Electric Company, Schenectady 5, New York

FRANK V. SUMMERS joined G.E. in 1949 after receiving a B.S. in Chemical Engineering at Iowa State University the same year. He also graduated from G.E.'s Process Technology program and other specialized courses.

Progress Is Our Most Important Product

GENERAL ELECTRIC
