THE JAMBAR

YOUNGSTOWN, OHIO

VOLUME 30 No. 2

QUEEN TO BE CHOSEN FROM SIX CANDIDATES

Pete Penguin Hop Held Tomorrow Night

SMILE PRETTY, PLEASE. Vying for the honor to be chosen the 1956 Homecoming queen are (from l to r): Judy Johns, Angie Stizza, Patty McGowan, Patty Flynn, Shirley Claret, and Fran Minghetti.

Co-chairmen Are Bradshaw, Mondok

Youngstown University's 1956 Homecoming Queen will be chosen by student election next Wednesday and Thursday in the Main Building from 9-3:30. The selections will be made from six candidates, according to an official report at presstime.

Pat McGowan, Judy Johns, Fran Minghetti, Patty Flynn, Shirley Claret, and Angie Stizza are vying for the honor of reigning over this year's festivities on October 26.

Pat McGowan, a sophomore, is a member of the Phi Mu sorority and is working for a degree in one of the medical fields.

A junior majoring in physical education, Judy Johns is a member of the Beta Sigma Omicron sorority and is well known as one of the Youngstown University cheerleaders.

Another cheerleader, Fran Minghetti, a sophomore, is also a member of Beta Sigma Omicron and is secretary to the Dean of the School of Engineering.

Patty Flynn, a senior, is majoring in Business and is a member of the Gamma Sigma sorority.

Another senior, Shirley Claret, is majoring in music education and is a member of the University choir.

Angie Stizza, a sophomore, is majoring in business education and is a member of the Phi Lambda Delta sorority. She is also a secretary in the Dean of Women's office.

Theme is Circus Day

The theme for this year's Homecoming is "Circus Day," according to Co-chairmen Robert Mondok and John Bradshaw. Festivities will include a parade of floats through downtown Youngstown, a football game at

(Continued on Page 8)

Student Forum Elects Rozinak As President

William Rozinak was elected to the presidency of the Student Forum at the first meeting of that body on October 8. Other officers of the Forum are: Ronald Moss, vice-president; Wally Stein, secretary; and Frank Brady, treasurer.

After the election of officers, the group made tentative arrangements for projects in the near future.

The next meeting of the Forum is scheduled for Sunday, October 14, at 6:30 p.m. in Room 10, Pollock House. All who are interested in the Forum are invited to attend.

The advisors of the organization are Dr. Verne Bullough and Prof. Frank O'Connor.

RIL Holds Dance Tonight

Many important events will occur in the next few weeks on the Religion in Life Calendar.

The big event is the First Annual RIL Indian Summer Dance to be held tonight, October 12 from 8-12 at St. John's Episcopal Church Hall. Music will be provided by a combo, and dress is optional. Tickets can be purchased from Don McDermott, Chairman and his committee consisting of Dave Zeigler, Damaris Green, Fred Redman and Jack Shaffer, or at the door for 50¢ a person.

Last Sunday was the first regular meeting of RIL. The meeting was held in the upstairs parlor at First Christian Church. The newly-elected officers and committee chairman presided.

They are Paul Kennedy, president; Alan Hedges, vice-president; Peggy Potts, secretary; Barbara Wentz, treasurer; Don Thorns, program chairman; Bill Scannel, devotional chairman; Ernie Gould, publicity chairman.

Dr. E.B. Smith gave a talk about his year of teaching abroad in Japan and showed many beautiful color slides.

After the meeting, refreshments and recreation was held at Rev. Linder's residence.

Weekly Chapel services will be held at St. John's every Wednesday from 12:00 to 12:20.

Dance Held At Idora Park

Trombonist Billy Lang and his orchestra will provide the music for the Pete Penguin Ball tomorrow night at the Idora Park Ballroom.

Dancing will be from nine to one at the annual dance held in honor of the Youngstown University football team by the Nu Sigma Fraternity.

According to dance chairman Jack Menosky and his co-chairman Nick Pupino, a variety of vocal entertainment will be featured, including the Four Winds of the Vik Recording Agency; J.C. Hill of the Dot Recording Company; Bobby Nichols, singing his hit, "Lord Give Me Back My Rib," and Maria Terry from Coral Records.

Committees Named

Other committee members working on the dance are business manager John Andreyko; assistant business manager Bob Buccieri; correspondence, Chuck Lynn and Fred Krollop; entertainment, Don Keck, Dick Moshosky and Gil Prokop; tickets, Wendell Jones. Decorations, Alex Fedor, Tom Paic Mike Savko, John Kuhn and Jack Repasky; publicity, Dan Donofrio and Gus Hazifotis.

Tickets for the dance are \$2.50 per couple and are available from any member of the Nu Sigma Rho fraternity or at the door. Tickets at a reduced price will be sold to all Greek organizations, and football players and their dates will be admitted free of charge.

Dress for the dance is informal.

\$40,000 Left To School of Music

A bequest of \$40,000 has been left to the Dana School of Music of Youngstown University through the will of former Youngstown woman, Miss Jessie A. Wilson, who died recently in Pasadena, California.

The money was given with the direction that a fund, to be known as the Katherine McDowell Wilson Scholarship Fund, be set up in memory of Miss Wilson's sister, Katherine McDowell Wilson Chase. Income from the fund shall be used in the Dana School of Music for scholarships for students who are especially gifted and are studying in the field of music.

Beneficiaries Selected by University

University officials shall determine the selection of the beneficiaries, amounts, and conditions of the scholarships, according to the will.

According to a friend, Miss Katherine Smith of Youngstown, both sisters, who were graduates of Raven High School, were deeply interested in music, and Mrs. Chase was an accomplished musician. Miss Wilson had carried on a rather regular correspondence with Miss Smith, a retired Raven teacher who lives on Bryson Street directly across from the Dana School of Music, and has shown a continuous interest in the growth and development of the Dana School.

Elwell Has One Man Show At Butler Museum

George R. Elwell's one man show opened at the Butler Institute of American Art October 30 and continues through October 14.

His paintings are colorful and his sculpture, unusual.

Elwell is on the faculty of Youngstown University and North High School. He obtained a masters degree at New York University.

He has been an exhibiting artist for six years, showing at museums and galleries at Chicago, Dayton, Toledo, Akron, Cleveland, Columbus, Canton and others.

The reason the Romans gave up their big holidays was the overhead. The lions ate up all the prophets.

ATTENTION FRESHMAN WOMEN

All full time Freshman women are to come into the Dean of Women's office in room 210 Main Building and sign up for an appointment for personal interviews.

TICKET DRIVE ON

Phi Mu Alpha and Sigma Alpha Iota, national honorary music fraternity and sorority are conducting a Student Ticket Drive on the Youngstown University Campus for the Youngstown Philharmonic Orchestra.

Students interested in obtaining Philharmonic tickets at special rates should contact the members of these two organizations.

A NEW ENGLAND newspaper recently published this announcement: In case you find mistakes in this paper, please consider they were put there for a purpose. We publish something for everyone, and some folks are always looking for mistakes.

Spirit Is In Sad Shape

School spirit! Is it decaying or is it already dead here at Youngstown University? From the looks of things at the last home football game, our school spirit must be dead.

If this is true, then it's really too bad. Most of the students here must like the school or else they would be someplace else. If they do like it, they must want to show it off to other people so they will like it too.

How do you suppose some of the other larger and more famous schools became larger and more famous? Because someone shouted about their school and someone heard their shouts.

This seems like an excellent way for people to hear about Youngstown University and to take notice when the name is mentioned. No better way is known and no place is more appropriate than at a football game or at any other student activity.

The cheerleaders do their part, the band does its part, and, to be sure, the team does its part. But the fans seem to be slipping. All it takes is a little cooperation on the part of each individual. Even if everyone whispered in unison, more noise would be made than before.

Don't say, "Leave it to the freshmen." Do it yourself! Everyone else seems to be doing things themselves nowadays so why don't you? YELL for a change!

J.R.P.

Elections Are Near

The time for Homecoming elections is drawing near and perhaps some of you freshmen don't realize the importance of such an event.

Homecoming is the biggest fall event of the year. Plans for such an event are large and tedious, ranging anywhere from the planning of the dance to the winning of the football game.

One of the biggest, and perhaps the most important, events of the Homecoming schedule is the election of the queen and her court. Many hours are spent by the various social organizations on campus in their selection of a candidate. Gigantic campaigns are waged by each of these organizations to aid in the election of their candidate.

The rest is up to you. Elections for the queen are to be held next week in the Main Building. The Main Building is centrally located so as to be no inconvenience to your voting. So, get out and vote. Let's hope that your candidate wins.

J.R.P.

A.C.E. TEST SCHEDULE

Day	Date	Time
Monday	October 15	7-9 p.m.
Tuesday	16	7-9 p.m.
Wednesday	17	7-9 p.m.
Saturday	20	9-11 p.m.

All the following tests will be given in the University Library. Students must purchase tickets from the English office on the fourth floor of the Main Building in order to take the test. No tests will be given unless each student has a ticket for the particular day the test will be given.

Competition Closes Nov. 1

November 1, 1956 is the closing date of the competitions for United States Government educational exchange grants for graduate study abroad. One month remains in which to apply for awards under the Fulbright and Buenos Aires Convention Programs for the 1957-58 academic year.

Scholarship application blanks and a brochure describing the overseas study awards are available in the offices of Fulbright advisers on college and university campuses. Applicants enrolled at academic institutions must abide by the submission deadlines established by their respective Fulbright advisers.

The programs under the Fulbright Act and the Buenos Aires Convention for the Promotion of Inter-American Cultural Relations, are part of the international educational exchange activities of the Department of State. They will give almost 1,000 American citizens the chance to study abroad during the 1957-58 academic year. Since the establishment of the program in 1947, over 5,500 American students have received grants for study.

Study in Various Countries

Countries where U.S. graduate students may study under the Fulbright Program are Australia, Austria, Belgium and Luxembourg, Burma, Chile, Denmark, Finland, France, Germany, Greece, India, Italy, Japan, the Netherlands, New Zealand, Norway, the Philippines and the United Kingdom. In the Asian countries—Burma, India, Japan and the Philippines, as well as in Greece, only a limited number of grants are available, and mature graduate candidates are preferred. Special provision is made in the German program for 25 grants to American graduate students who will serve as English language assistants in secondary schools.

Countries participating in the Buenos Aires Convention Program are Bolivia, Brazil, Chile, Colombia, Costa Rica, Cuba, the Dominican Republic, Guatemala, Haiti, Honduras, Nicaragua, Panama, Paraguay, Peru and Venezuela.

Eligibility requirements for these foreign study fellowships are: United States citizenship; a college degree or its equivalent at the time the award is to be taken up; knowledge of the language of the country of application sufficient to carry on the proposed study; and good health. Preference is given to applicants not more than 35 years of age.

Final selection of Fulbright grantees is made by the Board of Foreign Scholarships, ten leading educators and educational administrators appointed by the President of the United States. The Institute of International Education has been designated by the Board and the Department of State to screen applications for study abroad. Under the Buenos Aires Convention, the Institute makes the preliminary recommendation of candidates, with the governments of the cooperating countries making the final selection of candidates for study within their borders.

Foreign Currencies Used

Awards under the Fulbright Act are made entirely in the currencies of participating countries abroad. This Act authorizes the use of foreign currencies and credits acquired through the sale of surplus property abroad for educational exchanges. The awards cover transportation, expenses of a language refresher or orientation course abroad, tuition, books and maintenance for one academic year. Awards under the Buenos Aires Convention include transportation provided by the U.S. Government, and tuition and maintenance allowances provided by the host governments.

WHAT REGISTRATION?? THIS IS THE COFFEE LINE.

ENGINEER'S ANGLES

As the sun slowly sinks behind the unopened calculus books, we breath a sigh of relief to note that another grueling week of study and tragedy has come to a close.

As we walk down the empty corridor, we note that the engineer in his haste has left a trail of paper shreds, (once a part of a strength notebook) out the front door and across the street to the Wickwood, where he sits and ponders his weekend of unrestrained freedom.

The engineer has the air of a man suddenly turned loose after a long period of confinement. He waves his chocolate encrusted slide rule around fanning the air in a vain attempt to describe some awe inspiring object he has just seen. (Are there really such things as girls?)

Watch the Students Swim

If it may be permitted to stir up a hornet's nest (who is going to stop me?), this question has been asked many times, "When is the parking lot going to be repaired." Now with the monsoon season coming on, it's going to be amusing to watch the eager young student, in search of knowledge, swimming out to his car with his brief bag over his head.

Last week we lost two promising engineers, (I don't know what they were promising,) as they dropped out of sight into one of the craters in the lot. Oh, well, maybe they're better off.

It seems that Harry lost a helper now that John Guyrek's beard is gone. As John would walk up and down the hall he would sweep up quite an accumulation of dirt. Well John, turn in your custodian's helper card to the union, you're through.

Speaking of dirt, I have just figured out where all the swept up dirt and cigarette butts go. You probably think they throw it away, but you're wrong. This aromatic blend of nicotine and crud goes into the making of the coffee for that machine downstairs. All kidding aside, I'm sure the students and instructors really appreciate the time and effort put forth by Mike Soloman and the Dean's Council in acquiring these machines.

Congratulations In Order

While on the subject of the Dean's Council, congratulations are in order for the new officers. They are as follows: Mike Soloman, president; Bob Maqur, vice-president; Bob Prantz, secretary; and Bill Vogan, treasurer.

It seems that we have a celebrity in our midst. It is Ralph Dills again whose picture appeared recently on the front cover of a widely read publication known as "Mad."

Where is Dick Phillips getting all his money? I thought the vice squad closed up his casino long ago. It could be that he is giving odds to anyone who is British, and betting

they won't pass Thermodynamics.

Seniors Start on Theses

Now is the time of year when each senior is starting his thesis. It seems that Mike Soloman is going to build a bridge spanning Wick Avenue so he can go to the Wickwood without being molested by on-coming traffic. Jay Troy and Jack Moore are building a robot to do their lab reports for them.

Being of adventurous upbringing and deciding to stum it a little I took a walk across the boundary into the land of sunshine and mirth known as the "Country Club." I noticed the business students hard at work over their books (address books of freshman girls), writing furiously as though their little hearts would burst with ecstasy over a new-found conquest.

It seems that the Wickwood management wasn't too happy when they heard about the coffee machine being installed. Although I'm not sure that the rat-gut you get out of the machine is coffee. Tim Abraham now has a thesis to work on titled "The Qualitative Analysis of the Liquids Produced From the Vending Machines in the Engineering School."

Chairman Is Harry Bosch

The chairman of the OSPE float committee this year is Harry Bosch, so all you boys get out and help when he asks you. Another new chairman in OSPE is Ralph Dills, social chairman. I'm sure all you members will want to get out to all the social events he plans. Pass the beer, Ralph.

If you should happen to see someone wearing a new charcoal gray suit, that is Andy Bernard. That isn't the original color of the suit, it seems he bought it at some sort of fire sale.

I hope this column is long enough this time because last time number one boss say column not long enough, make longer or chop, chop, we cut off your monthly supply of saki. Me likee saki so me makee longer. (Ahh So)

CAMPUS BULLETIN

NOTICES

Any student or organization interested in printing a notice in the Campus Bulletin should leave their notices in Room 210. There is an envelope for this purpose just inside the door.

The Bulletin is published every Monday, Wednesday and Friday by the University.

Wiretapping

By Janice Simpson and Bob Foreman

PROBLEM SOLVING

Toledo University - Toledo, Ohio. Two T.U. students have found the answer to the cramped locker problem which they call the "eighth wonder of the world". The gentleman, it seems, built extra panels into their locker creating ample space for their and their friends belongings.

REVERSE SITUATION

Dennison University - Granville, Ohio. Are you tired of overcrowded classes, long lines, etc. If so, transfer to Dennison. They are one of the few schools in the country who had a decrease in enrollment this year. Freshman enrollment was increased but upper class enrollment dropped. Must have a tough school down there.

PLAGUE OF THE BEANIES

Many of our universities and colleges still practice the old tradition of freshmen wearing "beanies". Here are a few examples from some of our Ohio schools.

Otterbein College - Westerville, Ohio. The "Battle of the Beanies" will be waged between O.C. freshmen and sophomores to determine whether or not the freshmen wear their beanies until Thanksgiving or Christmas. If the freshmen win the various athletic events which take place, off come the "beanies" at Thanksgiving.

If they lose they suffer till Christmas. This year all events are going to be run fairly. Seems that in the past there has been some chicanery on the part of the sophomores. It seems almost unbelievable that sophomores would cheat.

GREASED PIG CHASE SLATED

Heidelberg College - Tiffin, Ohio. Freshmen participated in a greased pig chase before the Heidelberg-Wesleyan football game. Their participation in this event was brought about by losing the Tug O'War with the sophomores. The winning of the chase received a prize, probably the pig, for his outstanding effort. This was the first time in several years that pig chase has been part of the freshman week activities. The upperclassmen are hoping that this chase will again become a tradition at Heidelberg.

HAPPY WANDERER

University of Toledo - Toledo, Ohio. Europe on two feet, two heels, and very little cash is the motto of a T.U. student. For the past three years, he has traveled all over Europe, for as little as three dollars a day. He visited 32 countries and saw many interesting things some of which were Israel's Independence Day and Jerusalem's "Holy Week" during Easter. "Let's try it gang, it should be interesting."

TROUBLESOME MASCOT

Wheaton, Ill. - Wheaton College. Every newspaper office is supposed to have a mascot but the staff of the Wheaton College Record is saddled with one that is proving to be quite a nuisance.

The mascot is a white mouse named Minnie who took up residence in the Records office some time ago. That in itself wasn't so bad but Minnie chose as her abode one of the staffs best typewriters which meant the record was out one machine, temporarily at least.

They got the machine back when Minnie temporarily abandoned it in preference for the inner workings of an office radio. That was almost as bad since the staff couldn't use the radio for fear of electrocuting Minnie.

Minnie moved for a second time this time back to the typewriter and so far has resisted all efforts to evict her. At the moment the Record staff is looking for a boy mouse who might be able to lure Minnie from her ink and metal abode.

THE SPEEDER'S SONG

Cincinnati, Ohio-Xavier University. The Xavier University recently printed this advice especially for people with a heavy foot on the gas pedal. Its entitled "Sing While You Drive."

- At 45 miles per hour, sing: "Highways are happy ways."
- At 55 miles per hour, sing: "I'm but a stranger here."
- At 65 miles per hour, sing: "Nearer my God, to Thee."
- At 75 miles per hour, sing: "When the roll is called up yonder, I'll be there."
- At 85 miles per hour, sing: "Lord, I'm coming home."

PARKING RULES LISTED

Following are the areas where students may park or may not park their cars:

You MAY park at:

1. Wick Avenue Parking Lot
2. Parking Lot behind Ford Hall
3. Rear of First Christian Church
4. Either of the two College parking lots at the corner of Spring and Bryson Streets, north of the University Library
5. Engineering students only may park in the Engineer's lot beside Rayen School of Engineering

You MAY NOT park at:

1. Rear of the Main Building
2. Parking lot near the Annexes
3. Rear of the Dana School of Music
4. Clingan Waddell Hall
5. Pollock Hall
6. Side of Ford Hall

The church has granted students permission to park at the REAR of the church. However, students must not park in the driveways, or between the church and Butler Art Museum. That area is RESERVED! Do not block the entrances. This area does not belong to the school. It is only common decency to use it accordingly. Delivery trucks must have access to the church.

NO ONE is allowed to park in the driveway leading from the lot north of the Library to the lot behind the church. This is an order! The drive must be kept clean on BOTH sides in case of fire.

Pershing Rifles Begin Active Year

Company P, First Regiment of Pershing Rifles at Youngstown University is beginning a very active new year for active members and candidates alike.

On September 27, the company held its "P/R Round-up" at Pollock House. At this event the new freshmen cadets were given the opportunity to meet the active members and learn the many advantages of joining this military organization, which, since its inception only five years ago, has become one of the most active groups on the campus at Y.U.

Company P was chartered on April 18, 1952, and ever since has been maintaining a highly successful educational and social program complete with the "esprit de corps" necessary to assure the continued success of the organization.

Tremendous Scope Seen

The tremendous scope of this program may be seen by the number of events in which the Company participates during the course of a school year. At both semester registrations of the University, P/R's assist the faculty members in the enrollment of all students.

A P/R bowling team participates in the Intramural Bowling League. Delegates represent the Company at both organizational meetings of the First Regiment and the National Assembly of Pershing Rifles, to be held this year at Columbus, Ohio, and Des Moines, Iowa, respectively.

Highlights of the year are the Regional and Regimental drill meets in which the Company has entered the individual, squad, and rifle team phases of competition, hoping this year to add platoon drill. Members participating in these meets will journey to Akron (University of Akron) and Athens (Ohio University). P/R's are sponsoring a dance at Strouss Auditorium on October 19, and have, in the past, been given the chairmanship of the "Snowflake Frolic," the big dance of the first semester of school.

Company Sponsor Maintained

A company sponsor is maintained and this year will see the election of a junior sponsor to work with the senior sponsor. These activities and many more which will crop up during the remainder of the school year are available to any Basic Course ROTC cadet interested in becoming a Pershing Rifleman.

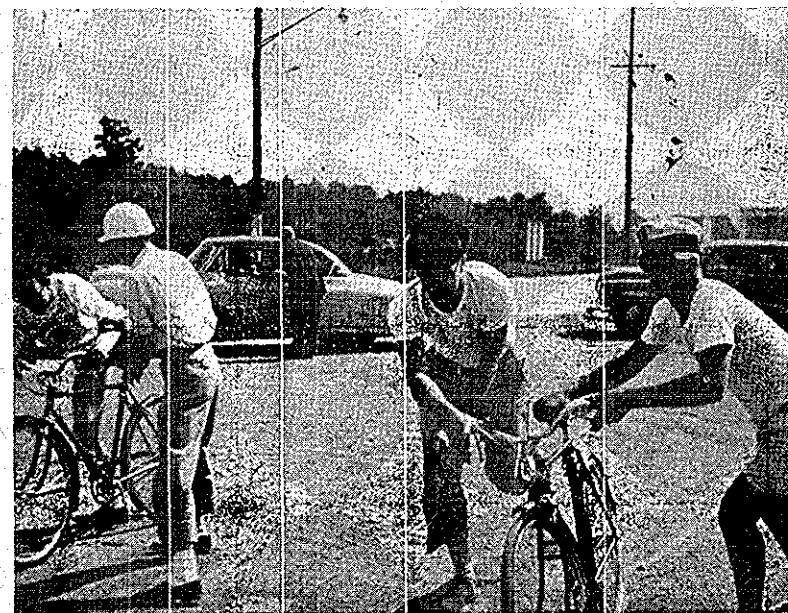

Believing in the excellence of this program, the members of Company P would like to extend to the Basic Course cadets an invitation to participate in the pledging activities which have just begun. Those cadets interested in further information may talk to active members or inquire at the P/R office in Pollock House.

Anthony G. Chila
1st Sgt. P/R

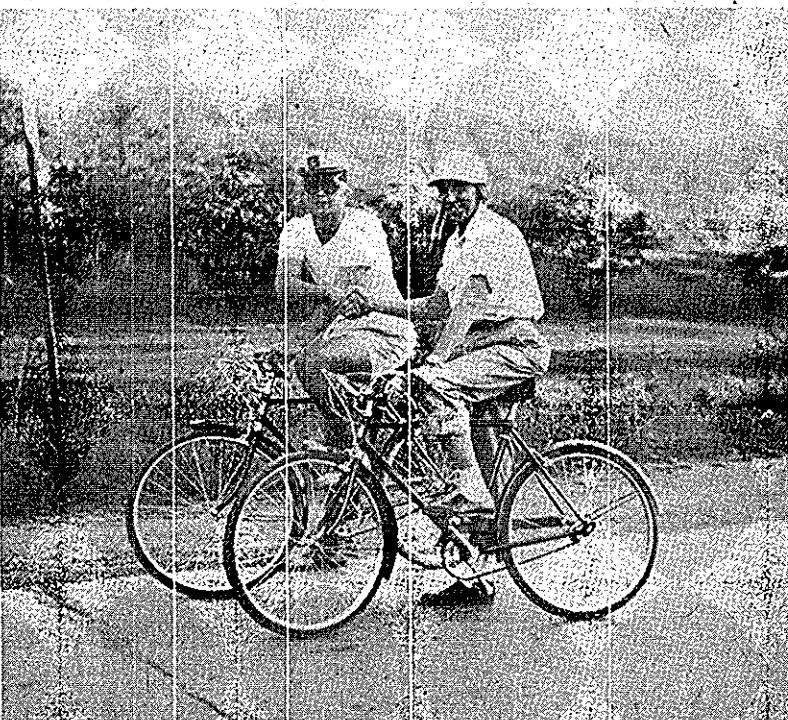

A mild man walked into an income tax inspector's office, sat down and beamed on everyone.

"Were you copying his paper?"

"No sir, I was just making sure he had mine right."

AND THEY'RE OFF! From l to r; Jack Shafer and Joe Vlasick are determined to beat Dick McLaughlin and Jerry Tindall to the gun. Jim Bucher (in the car on the left) seems to be praying that Shafer and Vlasick win.

SPORTSMANSHIP IS VIRTUE. With goggles and everything, Jerry Tindall (1) shakes hands with Joe Vlasick before starting on their long trek.

IT'S FOR REAL! by Chester Field

GABRIEL DOOM

Once every month Gabriel Doom Locked himself up in a sound-proof room; Then he laughed out loud and rocked with glee At a life that was funny as life could be! He laughed at the weather, sunny on Monday . . . rainy on Saturday, rainy on Sunday. He laughed at the news so loaded with grief that an ax murder came as a pleasant relief! He cried, "what with worry, hurry, and strife you couldn't ask for a funnier life!"

MORAL: In this fast-moving world it's good to sit loose, relax and enjoy the real satisfaction of a real smoke . . . a Chesterfield. More real flavor, more satisfaction and the smoothest smoking ever, thanks to Accu-Ray.

Take your pleasure big!
Smoke for real . . . smoke Chesterfield!

IT'S GREEK TO ME

By Pat Hrinko and Pat Gubany

Homecoming activities are in full swing as posters go up and name cards are passed out. Campaigning will be hot and heavy next week as students cast their ballots for queen. Best of luck is wished to all of the candidates.

"Circus Days", the theme of the floats, should provide colorful entertainment for onlookers. Competition among Greeks will be keen as each organization tries for the trophy offered for the best float. Everything from baby elephants to peanut vendors is liable to be seen.

Gamma Sigma

Now that school is under way, the Gamma Sig's are all looking forward to this year's Homecoming festivities. Congratulations to Patty Flynn, who was chosen by the Sig Ep's as their candidate for the 1956 Homecoming Queen. The Gamma Sig's all wish to extend their sincere thanks to the Sig Ep's for backing Patty.

With Homecoming drawing closer, they are all busy taking orders for "Tams". If anyone hasn't, as yet, ordered their Mum, just contact a Gamma Sig and she will be happy to take your order.

The first party of the year was held with the Theta Chi's, Wednesday night. Many thanks to all the Theta Chi's for showing them such a good time. Honored guests at the party were Madalyn Sweeney and Jim "Toe" O'Neil.

Both Jim and Madalyn had birthdays last week and everyone helped them celebrate. Noe Cooney baked a delicious chocolate cake for the occasion.

Congratulations to Loretta Liptak, Gamma Sigma President, who was elected to Vice-President of the Senior Class.

The Gamma Sig's are all looking forward to their coming parties with the Sig Ep's and the Kappa Sig's.

Theta Chi

Theta Chi held a party, October 3, with the Gamma Sig's and what a party it was. Everyone enjoyed themselves. However, Karl Mogg seemed to have a hard time trying to get everyone's attention so he could give instructions on playing games.

Six members went to Indiana State Teachers' College, September 30, to visit a prospective Theta Chi chapter. Visiting members were Bob Hope, Jack Storey, Jack Chugden, Dick Shoemaker, Bill Metzler and Bill Beeman. You can imagine their impression when these fellows pulled up in front of their house in Bob Hope's '56 Cadillac.

Plans are being made for Homecoming and the Harvest Moon Dance. This year, Theta Chi, will sponsor a float for Homecoming.

Rushing begins soon and Theta Chi will hold their first rush party on October 22.

Congratulations to Jack Chugden, who was elected President of the Senior Class. Also to Bill Beeman and you'll have to ask him what for!

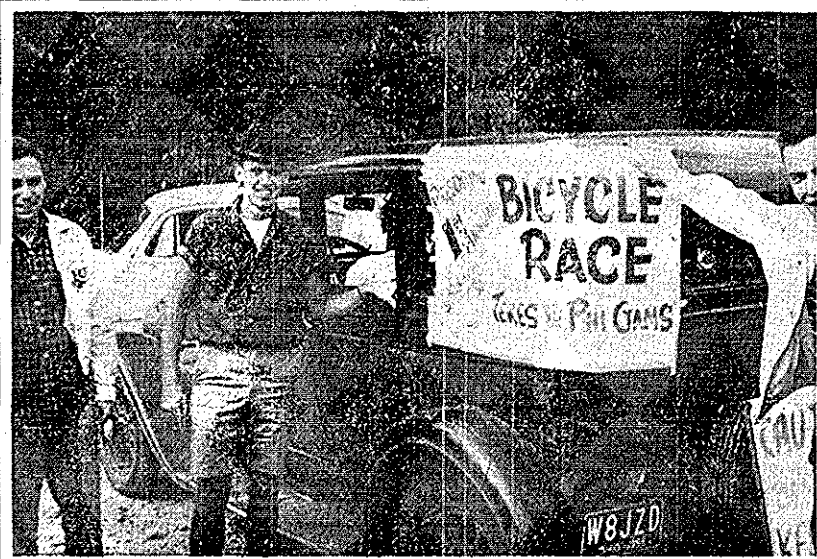

Tau Kappa Epsilon

Big things have happened in "Tekedom" since their last report from a subtle section in the GREEK NEWS.

In chronological order, the Teke's have first, their party, last week with the Phi Mu's at Willow Ranch. It's highlight was probably the "Bunny Hop" and word from the "Cotton Tail Network" reads that some of the bunnies are still hoppin'!

Now hop over to the Phi Gam-Teke Bike Race. First, a note of congratulations to the winner's, the Phi Gams, but with the adage of "wait till next year". During the race, two Teke fraters, Jim "Tiger" Obermyer and Bob "The Hat" Prall, joined the "Upside Down Club".

Skipping over to Homecoming, the Teke's are very happy to report that two of their brothers, John Bradshaw and Bob Mondok have been elected as Co-chairmen. Teke also announces

THE LULL BETWEEN THE BATTLE. The smiles on (from l to r) Ike McHugh's, John Bradshaw's, and Jack MacGuire's faces were soon gone when the race actually started and they got down to business.

with great pride, the selection of Fran Minghetti as their candidate for Homecoming Queen.

As a closing ode, the Teke's would like to add that their Second Annual "Big Smash" will take place on October 25-26 in the parking lot. Don't miss it!

Phi Mu

Petite and sweet is the Phi Mu's choice for Homecoming Queen and holder of the title is cute Patti McGowan. Pat is working for a degree in the medical field.

Plans were made for the Homecoming float at their last meeting. "Chuckie" Van Den Handel and Emmy Casey are co-chairmen of the Homecoming activities.

All the Phi Mu's had a riot at the Teke party, Tuesday, September 25. Ask Mary Skruck, where is the best place to keep shoes? And what caused those occasional spills on the floor? Hm! Anyone for lessons in rock 'n roll? Ask Judy Brownlee, she's a regular whiz.

The first rush party of the season was held last Tuesday night at Mary Ellen Conlin's. The theme of the party was Eddie Fisher's "Coke Time." A dramatic skit was portrayed by Peggy Crea as Eve, JoAnne Gentile as Marilyn Monroe and Mary Jo Herschel as Clara Bow.

"Chuckie" Van Den Handel was the sophisticated college co-ed and Phyllis Trope was the gal trying to find a guy of her own. After the skit they had a Coke Candle-lighting Ceremony. Mary Skruck played a rushee, Emmy Casey a pledge, and Pat Casey, an active. Each gave a speech about the part they played. It's a good thing there weren't any talent scouts near or they might have been missing some sisters.

After the Phi Mu's usual Friday night meeting, a P.J. party was held at Peg Crea's house. They found out that their little sister is quite a good cook. Ever try her spaghetti and meatballs at 2 in the morning?

The Phi Mu's next meeting will be Friday. The discussion of Homecoming is Number One on the agenda.

Nu Sigma Rho

Everyone of the Nu Sig's are still in an unconscious state of mind with all the plans for the dance, the Pete Penguin Ball, and the parade all whirling about in their brains.

The parade was held through the downtown section on Wednesday,

October 10, with Angie Stizza, Judy Johns, Patty Flynn, Pat McGowan and Fran Minghetti, candidates for Homecoming Queen, riding in convertibles, publicizing the dance.

The Nu Sig's would like to express their sincere thanks to Station WBBW Dan Ryan, and WHOT, Dick Biondi for their splendid cooperation in plugging the dance. Also they would like to send their thanks to the "friendly" Youngstown merchants who supported them in honoring the University football squad.

Congratulations to brothers, John Stasko and Tony DeVivo, who took the fatal step into matrimony this summer.

Opening the social year, the frat enjoyed a very successful hay ride last Saturday with all the men really living it up. Thanks to Don Keek, who can really pitch hay.

New officers for the coming year are: Dan Donofrio, President; Dick Moskosky, Vice-President; Nick Pupino, Recording Secretary; Chuck Lynn, Corresponding Secretary; Wendell Jones, Treasurer; Gilbert Prokop, Social Chairman; Bob Bucieri, Sergeant at Arms; Jerry Rowe, Historian and John Andreyko, Publicity Chairman. Advisors, B.J. Zozniak and F.H. Glenn.

The brothers of Nu Sigma Rho "would like to choose up sides" and congratulate Mr. and Mrs. Dan Donofrio on their third wedding anniversary; Mr. and Mrs. Jack Menosky who are expecting a (Nu Sig. they're hoping) in December; Mike Savko and his recent engagement to Joanie; Mr. and Mrs. Tom Pacic's little Linda Susan, who recently made her arrival known; and last, but not least, Doc McLandric ... back after a few years with Uncle Sam.

Incidentally, while congratulating, the Nu Sig's would like to congratulate Judy, Angie, Patty, Pat and Fran, candidates for Homecoming Queen.

Beta Sigma Omicron

The Beta Sig's had a party with the Kappa Sig's on October 4. Everyone that attended had an enjoyable time. A party was also held with the Alpha Phi's and as always, everyone had a good time.

Congratulations to Jean Slicker on being elected warden at a recent meeting. Joanne Witherow because of her coming marriage, resigned.

Congratulations also to Judy Johns and Fran Minghetti on their candidacy

Looking Around...

With Ernie Gauld and Bill Sponsler

Well here it is the end of baseball season again and now everyone can start going to class again.

That is everyone except Roy Carpendar who whether you know it or not is quite a gambler and is still wandering around campus collecting his bets that he made during the world series on how many hot dogs with mustard would be sold in the last half of fifth inning. Of course he took the cake when he was giving 50-1 odds that Milwaukee wouldn't win one game in the series. Boy, what some guys will do for money ----

If you want to know why professors get gray hair you should just ask Dr. Gould who was confronted with this question from a very "bright?", obnoxious freshman. "Is it true, sir, that Hitler is really not dead but a lifeguard at Ac-Wa-pull-qua Beach?" Can anyone blame Dr. Gould for throwing his briefcase at "poor" little frosh.

We will all pause here for a semester of silence to Professor Breadon. He broke his glasses playing volleyball the other day and is completely speechless. "Yu See What Wee Meen?"

Can anyone tell us what religion Andy Zvilna is? It seems that Andy is a member of both R.I.L. and Newman Club because he never fails to make both meetings on Sunday evenings! Which is it Andy?

Well the Homecoming elections are getting under way and all Y.U. is one disorderly confusion. One never knows who to vote for or what. After weeks of listening to songs, sayings, slogans, and being battered by posters, handbills, and campaign buttons for this person or that. So to help you - remember Dick Nixon is running against Grace Kelly.

And remember freshman, don't be alarmed if you see Loretta (Lip) Liptak, Barbara Knott, Lucille Elias, or Nancy Pushkar charging down the hall toward you. Just be firm in your convictions and go "Pogo" on the "General Bullmoose Ticket". That same "Pogo" will be a real "freeze out".

Congratulations to the Phi Gams in beating the Teke's in their First Annual Bicycle Race. Joe Vlasick made the big hit of the race when a four year old on a tricycle passed Joe going up hill. That's the matter Joe, he wasn't even going for the ---- Prize!!!

Then there is Don McDermott who is up to his old tricks of drawing pictures all over the tables and walls. Of course, Don you must admit you have a vivid imagination of a natural amply endowed feminine form.

The pictures aren't really so bad it's his brother, Ron, who makes all the trouble by being jealous. He buys some of the coffee we all "love" so well and dumps it on the pictures. It not only dissolves the pictures but eats holes in the tables causing a general confusion ----

Keep this under your hat, but Jim Crow is selling bootleg pictures of Larry Baytos in his long Johns. (See Jim any day between 11-1 in Maw Lincoln's sunken gardens and he will be glad to sell you a picture.

Well Bon Voyage everyone "SEA" ya all.

for Homecoming Queen.

Sally Gribbon and Louise Gossick are in charge of the float for Homecoming. Ask Sally Gribbon what was so interesting at the Elms that she lost something of great importance to the Beta Sig's.

We hear that the students in Lucy Liberator's class are giving her a pretty rough time. Even though they are older than you, Lucy, we feel that you can handle them.

One of the important events coming up for the Beta Sig's is their dance and minstrel show on November 17. Judy Barrett is general chairman. The girls are really planning a swell show and would like everyone to attend.

Judy and Fran would like to thank all the Beta Sig's especially Gerry Wargo for cheering at the first football game. They would also like to thank all the other students who cheered along with them but with such a large crowd that attended that game there should have been more volume. Next time, let's really yell!

Sigma Phi Epsilon

The Sig Eps are sitting back "counting their loot" from the "Touchdown Trot" which was very successful, thanks to all those who attended. They sincerely hope everyone enjoyed themselves.

Well, a hearty and hilarious time was had the other night at Kreider Realty. The Gamma Sig's and the Sig Eps mixed it up and the party actually served a dual purpose in that preparations and enthusiasm for the ensuing Homecoming campaign "flowed" into full swing.

Carl Morell finally had a legitimate

birthday, congratulations "Ho"! Also, we're very sorry to report that Carl won't be with the Sig Eps for a while, due to circumstances beyond his control. We hope he'll be back very soon.

Something for the Sig Eps to anticipate in the future is the "Buckeye Blast" which will be held in conjunction with many of their brothers attending schools in Northeastern Ohio. That should be a dandy - what say, Cooksey?

Oh, by the way, that guy you've seen walking around campus looking like a walking pharmacy is none other than the Sig Eps own Ernie Gauld. It seems 'Old Ern' recently acquired a nice '54 Mercury convertible. He just couldn't resist putting down the top (playing it sporty to the hilt), and now he complains he's got triple pneumonia!!!

Well, good luck to the Nu Sig's, we hope they have a good crowd tomorrow.

Sigma Delta Beta

October 16, will be the first rush party of the season for Sigma Delta Beta. Plans are being made to make this party a bang-up affair. Joe Nohra, social chairman, is in command.

The Sig Deltas wish to thank all the other frats and sororities for helping make their September dance a huge success. Everyone had a good time and later a gathering was held at the 20th Century, where Joe Nohra provided entertainment.

Ideas are now being thought of for the Homecoming float. Last year's float won an award from the city.

Kappa Sigma Kappa

After a full week of activities from
Continued on Page 8

Phi Gams Defeat Tekes In First Annual Bike Race

By Dick McLaughlin

A new twist in fraternity stunts was staged by the members of the Phi Gamma and the Tau Kappa Epsilon fraternities on Sunday, September 30. It was the first annual bicycle relay race. The race was staged on Route 422 from the New Castle city limits to the Lincoln Park Bridge.

The Phi Gams won the race by nearly half a mile in a contest that was marred by frequent displays of weak legs and poor conditioning. But it certainly did prove to many skeptics that fraternity fun is not all bad as many people think.

Jim Crow Wins

The race started at 12:30 and Jim Crow of the Phi Gams rode the winning bike across the tape at approximately 1:45 p.m. The riders changed at one mile intervals and the extras rode along in cars. Jack Schaefer's 1928 Reo provided many laughs and was an added safety measure for the cyclists.

The winners received a trophy donated by Tony Vivo that will be kept by the winning fraternity for one year.

Horizon Deadline Set For Nov. 10

Ever dream of having your poems, short stories and essays published? Of course you have. But, unfortunately, too few dreams of authorship ever become realities, especially among college students.

Now, however, Youngstown University has its own literary magazine, "Horizon", which provides an outlet for the creative writings of every student, including freshmen.

Introduced last spring, "Horizon" will be published at least two times this school year, or once each semester.

Students, regardless of class rank, school or major and minor subjects, are invited to submit their writings - on any subject - to "Horizon" via contribution boxes placed in the library and main building near the entrance to Strouss Auditorium.

Only One Specification

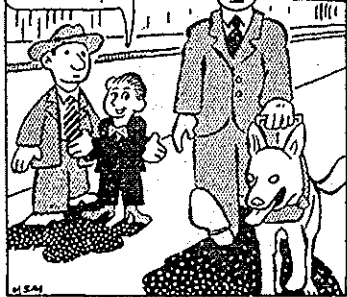

The only specification requested by the editorial board, in addition to those stated on the contribution boxes, is that the stories, poems and essays be seriously written with an inclination toward quality instead of quantity.

Deadline for submitting material has been set for Friday, Nov. 10, and the magazine is scheduled for distribution around campus Monday, Dec. 3.

The editors are especially interested in receiving a written "look-see" at George Bernard Shaw, a way of honoring the playwright's centenary. Anyone interested in submitting such a paper is urged to contact Dick Hixson or put their paper in one of the contribution boxes.

New Schedule Available For Law Students

To enable the Law students to complete their courses in four years instead of five, the School of Law of Youngstown University opened Monday, October 1 at 7 p.m. with a three-night-a-week schedule in operation instead of the two-night schedule of the past. It is the plan of the university to develop a day program when and if the demand arises.

Courses on the revised fall schedule include civil procedure I, torts III, wills I, quasi contracts, contracts I, equity I, pleading and practice I, trusts, real property I, evidence I, constitutional law I and mortgages.

A HOUSEFULL OF ENTERTAINMENT. When Billy Lang and his orchestra play at the Pete Penguin Hop, ole' Pete will really be hoppin'.

BY-LAWS OF THE INTERFRATERNITY COUNCIL CONCERNING RUSHING

1. A rushee must be a full time student of the Youngstown University in good standing at the time of rushing.
2. Bids shall be turned in to the Secretary-Treasurer of the Interfraternity Council by twelve (12) noon on Wednesday of the eleventh week of the fall semester, and the ninth week of the spring semester.
3. Rushees shall give no acceptance in any form to any fraternity before the Wednesday of the twelfth week of the fall semester, and the tenth week of the spring semester. At this time, rushees shall make all positive replies to bids in writing. These replies shall be turned into the Dean's Office in the Main Building by 3 p.m. on Wednesday of the twelfth week of the fall semester, and the tenth week of the spring semester. These bids must be accompanied by a \$2.00 fee which shall be employed to present a booklet on fraternities at the Youngstown University.
4. Each rushee shall accept only one bid.
5. Any potential pledge who willfully co-operates with any illegal form of rushing will be denied pledging privileges to any fraternity until the beginning of the following semester.

Former Student Is Tossed Out By Spain

A former Youngstown University student, Fred McLeod, 21, of Warren, Ohio, has been banished from Spain after losing a decision to Spanish officials.

McLeod has been said to have made uncomplimentary remarks about Generalissimo Franco and the Spanish court system, and was given his choice of going to jail, paying a fine, or leaving Spain. His choice was to leave.

Reports are that he had innocently become involved in a barroom dispute and had denounced Franco and the court system when he was not permitted to obtain the services of a lawyer.

Was a Bullfighter

McLeod went to Spain about three months ago to become a bullfighter. He now hopes to continue his bullfighting in Mexico.

A graduate of Warren Harding High School in 1953, he attended Youngstown University before going to Mexico to learn bullfighting.

Annual Music Recital Held

Alpha Mu chapter of Sigma Alpha Iota, national honorary music sorority on the Youngstown University campus held its annual fall music recital Wednesday night at the C.J. Strouss Memorial Auditorium.

Members of the sorority who participated in the program were Lois Slicker, Lois Tamplin, Janice Smith, Eva Jane Fia, Damaris Treen, Judith O'Reilly.

Beverly Sanker, Elizabeth Zaborzky, Wanda Smith, Jeanne Slicker, Virginia Stewart, Joyce Boyd and Regina Hopful.

Wednesday's recital was one of two that are presented annually by Sigma Alpha Iota. The second will be their All American concert in the spring.

400 Attend Newman Club Open House

Open House for over 400 members and guests was held September 30, at the new Cardinal Mooney High School to start off the school year for the Youngstown University Newman Club.

A varied slate of activities is planned this year, according to new officers Ron Komer, president; Nancy Pushkar, vice president; Ruth Navin, secretary; Loretta Liptak, corresponding secretary; Gene Trel, treasurer; Judy Millard and Dick Nuskevich, social chairman; John Gillespie and Barbara Knott, publicity; and James Bordenkircher, editor of "The Heart," the Newman Club paper.

Father Koch will Lecture

Father Koch, Director of Catholic Charities, will give a series of talks on Catholic Church history, beginning October 21. His lectures will include such subjects as "The Bad Popes," and "The Inquisition."

Skating parties will be held on the fourth Monday of every month, and Communion Breakfasts in different parishes in the diocese will be held on the third Sunday of each month.

Newman Club aim this year is to build "spiritually, intellectually, and socially."

ART FIELD TRIP

The Youngstown University Art Club is sponsoring a cultural trip to the Cleveland Museum on Saturday, November 20. The time of departure is 9:00 a.m. at Ford Hall.

Alpha Mu To Hold Meeting On Oct. 17

Alpha Mu, honorary advertising, merchandising and public relations fraternity, will hold its first fall meeting Wednesday evening, October 17, in West Hall at 10:00 p.m.

Invitations have been issued to all business students on the University campus majoring or minoring in the fields of advertising, merchandising and public relations to attend this first meeting.

Yearly Program on Slate

The fraternity's yearly program will be outlined and advisors, Professors McKinley Brown and William Flad, will speak to the members. The new officers for the year will be introduced.

Meet Others in Field

Alpha Mu, founded in 1946, enables the student to meet and associate with other people in his field. Speakers from the three business fields will be presented at various times throughout the year.

Between thirty and thirty-four Youngstown University students will be selected for inclusion in "Who's Who in American Colleges and Universities," national register of outstanding college students.

Students interested in applying for selection should pick up applications at Dean Smith's office and applications should be returned before October 25, 1956.

Requirement for eligibility is junior or senior standing.

He: "Why is it that the most important men on campus have the best looking girls?"
She: "Why, you concealed thing."

"Were you copying his paper?"
"No sir, I was just making sure he had mine right."

"Coca-Cola does something for you, doesn't it?"

You feel so new and fresh and good—all over—when you pause for Coca-Cola. It's sparkling with quick refreshment... and it's so pure and wholesome—naturally friendly to your figure. Let it do things—good things—for you.

Student Council Notes

By Don Seely

The main item on the Student Council agenda for the past few weeks has been the University Homecoming, October 26, 1956. Chairmen for the event are John Bradshaw and Bob Mondok, who have selected as their theme "Circus Day."

Floats will be judged in compliance with this theme as well as for originality and workmanship.

The administration has chosen two capable faculty members, Mr. Gillespie, Dean of Men, and Mr. Christenson, of the Physical Education Department, to work along with the Homecoming chairmen. With their help and the co-operation of the students, this should be one of the best Homecomings ever.

Council Congratulates Officers

Student Council would like to congratulate the senior class officers who were elected last week and commend the class on their fine choice. President is Jack Chugden; vice president, Loretta Liptak; secretary, Ruth Navin; and treasurer, Harry Joyce.

As a result of schedule difficulties and work schedules, Student Council lost some very fine members this semester. However, we feel that we obtained excellent replacements in Carl Morell, Jay Troy and Marianne Kolosky. Council also appointed two new committee chairmen, Jay Troy, W.S.A., and Bob O'Neil, Activities Committee.

Reports Must Be Filed

It should be noted by all organizations on the Youngstown University campus that their annual report forms must be filed no later than October 31, 1956. Failure to submit reports on time will result in the loss of the right to use the facilities and privileges of the University.

Student Council is always willing to help individual students or student organizations. Council meets every Friday from 3 to 5 p.m. and will be glad to consider any problems which arise. We are elected to serve the whole student body and we would appreciate your co-operation in helping us run a more efficient and democratic University.

Slides, Dances Are Featured At Spanish Club

The Spanish club, "Los Buenos Vecinos", held their first meeting of the school year on Friday, September 28, at 8:15 p.m. at Pollock House. Mrs. Marie Haring and Mary Lu Moore, club president, who spent their summer studying and traveling in Mexico, showed slides and spoke about their trip.

Esperanza Acosta and John Carlisle, club vice-president performed the "Bamba", a dance from the region of Veracruz, Mexico.

The club's second meeting was held last night at Pollock. There was a short business meeting followed by a talk by John Carlisle, who won the Spanish club's 1956 scholarship for foreign study, about some of his experiences in Mexico.

Danced the "Jarabe Tapatio"

John and Esperanza Acosta danced the "Jarabe Tapatio", a typical dance from the state of Jalisco, Mexico, where John studied this summer. Several songs were then sung by the group.

The club meets on the second Thursday and last Friday of every month at 8:15 p.m. at Pollock House. All persons who are interested in Spanish or international relations are invited to attend.

Angry father: "What do you mean by bringing my daughter in at this hour of the morning?"

Senior: "I have an eight o'clock."

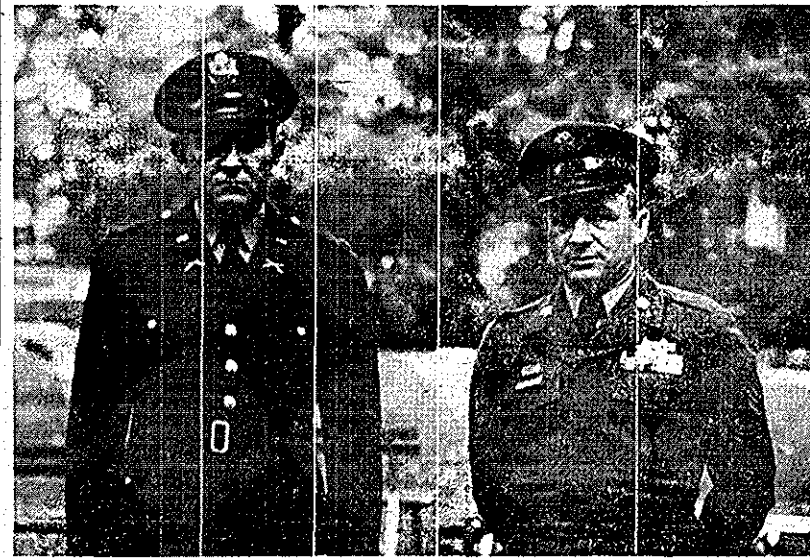

Gallagher, Forbes Are New Additions To ROTC Staff

Two new additions to the R.O.T.C. Staff are Major Thomas H. Gallagher and M/Sgt. Eugene E. Forbes.

Major Gallagher entered the Army at Fort Bliss, Texas and took his officer training at Fort Benning, Georgia in 1942 where he received his commission as a 2nd Lt. He served the next four years at Montgomery Supply Depot, Alabama and San Francisco Post of Embarkation, California during which time he rose to his present rank of Major. He was separated from the Army in 1946.

Major Gallagher was recalled to active duty in 1951 and served in the office of Chief of Transportation, Department of the Army and then in Korea from 1953 - 55.

Sgt. Forbes joined the Army in 1936 and saw service during both World War II and the Korean conflict. His most recent assignment was with the 5th Signal Company, 5th Infantry Division, Germany, where he served as Chief Clerk and Operations Sgt.

LOOKOUT MEN! New additions to the staff (l to r) Major Gallagher and M/Sgt. Forbes seem determined to make the Youngstown University ROTC the best in the country.

Old Timer: How do you like our little Colonial town?

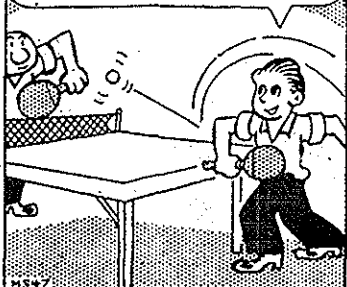

Plage: Well, it's the first cemetery that I've ever seen with lights in it.

"What can we do for you?" asked the inspector.

"Nothing, thank you," replied the little man, "I just wanted to meet the people, I'm working for."

Vic Vet says

What young people are doing at General Electric

Young mathematician helps pace engineering advances

Recently General Electric developed a compact, new motor for industrial use. But before the motor could be put into automatic production, one difficulty remained: to design a protective end shield that would confine any possible explosion to the motor itself.

The man who solved the tough mathematical problems involved is R. A. "Pete" Powell — a mathematical analyst whose job is to assist other engineers in math problems which arise in any number of different projects.

Powell's Work Is Varied and Important

Because he is not tied down to any one project, Powell seldom has two similar assignments. Taking established engineering and mathematical principles, some of them extremely complicated, Powell applies them to advanced engineering problems. In doing this, Pete is able to make such calculations as the distortion of a small part of a jet engine caused by vibrations, the deflection occurring in a turbine part when it runs at operational speeds, or the forces exerted upon a rotating shaft by lubricants.

27,000 College Graduates at General Electric

When "Pete" Powell came to General Electric in 1953, he already knew the kind of work he wanted to do. Like each of our 27,000 college-graduate employees, he is being given the chance to grow and realize his full potential. For General Electric has long believed this: Whenever fresh young minds are given freedom to make progress, everybody benefits — the individual, the Company, and the country.

Educational Relations, General Electric Company, Schenectady 5, New York

$$\frac{1}{A} \frac{\partial u}{\partial x} + \frac{v}{AB} \frac{\partial A}{\partial B} - \frac{w}{R_1}$$

$$\epsilon = \frac{1}{B} \frac{\partial v}{\partial B} + \frac{u}{AB} \frac{\partial B}{\partial x} - \frac{w}{R_2}$$

R. A. "PETE" POWELL joined General Electric in 1953 after receiving his B.S. in Physics in '47 and his M.S. in Mathematics in '49, both from Purdue. From 1949-52 he completed further study in Physics again at Purdue.

Progress Is Our Most Important Product

GENERAL ELECTRIC

BEHIND LOCKER ROOM DOORS

By Vince Golle and Don Infante

This week your JAMBAR is bringing to you the inside scoop on your football team in an interview with two outstanding linemen: Jim Vecchiarelli and Tony DeAscentis.

Both have seen more than their share of action, this being Vecchiarelli's 3rd year as a varsity man and DeAscentis's 4th.

Jimmy came to Youngstown after being elected to the 1954 All-City and All-State squads and Tony after an outstanding high school career at Youngstown Woodrow Wilson where he also was chosen to the all city berths.

In comparing last year's team with this year's, Jim and Tony both agree to the fact that this year's squad is stronger but lacks depth. Vecchiarelli in his own words states, "Although this year's squad is basically stronger, the line lacks the experienced men that we had last year."

Cox Outstanding Freshman

When asked who they thought to be the outstanding freshman this season, both answered "naturally Jerry Cox." "The kid has terrific talent both as a passer and ball carrier". They both added that with a little more experience he should more than fill the shoes left empty by Frank Beck. Filling Frank Beck's berth at quarterback seemed to give Coach Beede a few gray hairs, but Cox seems to be handling the ball with outstanding ability.

In comparing this year's schedule with last year's, DeAscentis had this to say, "Although at a glance this year's schedule seems to be about the same as last year's, there is quite a difference in the quality of the teams being played. This year's schedule consists of a higher caliber of team than that which we met in previous years and should prove to create a more rugged competition." Vecchiarelli agrees to this but adds that most of the teams scheduled are of the same quality which should get the Penguins accustomed to playing a higher grade of football.

In discussing this season's two games both boys agreed that Colorado was naturally the tougher of the two but according to "Vech", if the breaks had fallen our way we could have beaten Colorado. The game was harder fought than the score indicated.

Looking to the future both "Vech" and Tony agree that the games with North Texas State, Marshall and Gustavus Adolphus should prove to be inviting competition.

SPORTS NOTES

On October 15, the J.V.'s will tangle with the Westminster reserves in a contest at Volney Rogers Field. The final contest puts the reserves against the Kiski Prep Varsity at Saltsburg on October 31.

Dr. Howard W. Jones, president of the University, last week announced that Dwight (Dike) Beede has been signed to a new three year contract as mentor of the football team.

Stoops Has Returned

Ronnie Stoops, a 5'-10", 175 lb. senior guard on the football team, has returned to action after a short lay-off. Stoops was out in the face at the Penguin's opener in Gunnison, Colorado, but is back in shape and looking forward to the remaining five contests.

Yesterday the Penguins tackled Morris Harvey and next week tangle with Baldwin Wallace at Rayen Stadium. Friday, October 26, is the date of the Penguin's Homecoming game, when they will play North Texas State College of Denton, Texas. Two more home contests, a November 3 game against Marshall and a November 8 date with Gustavus Adolphus, complete the season for the Penguins.

Ralph Goldston, former Youngstown University star who saw pro action with the Philadelphia Eagles and Green Bay Packers, has joined his former coach Jim Trimble at Hamilton in the Canadian Professional Football League.

President Howard Jones had an unexpectedly fine fishing day when he did some angling in Gunnison River a few weeks ago. Jones hit a gold mine as he put in some trout fishing during the Penguins recent jaunt to Colorado.

NOTICE

Due to a late publication, we are unable to bring you the results of last night's game between Youngstown University and Morris Harvey.

Penguins Stomp Midwestern 20-6 Before 7,000 Fans

By Jim Bowman

Playing "heads-up" ball, the Youngstown University Penguins copped their home opener of the 1956 football season by beating the Midwestern University of Texas aggregation 20-6 before 7,000 fans at Rayen Stadium on September 30.

It was a very thrilling game throughout, with the local backs breaking loose on long runs into enemy territory.

It was a "nip and tuck" game in the first half; each team being able to muster only one touchdown for a 6-6 tie. The locals then broke the game wide-open in the last two stanzas.

Kimmel and Carter Score

The Penguins started a drive in the third period with Kimmel and Carter, chalking up yardage between the pinpoint passing of Jerry Cox, the freshman sensation from East. With the ball on the opponent's 23 yard line, Rouse hit paydirt on a nifty reverse.

In the last quarter, Booth, a freshman from Farrell, Pa., slashed over from eight yards out to insure the Penguins of their victory.

The most electrifying run of the game, however, took place in the first 60 seconds of play when Ray Carter grabbed the pigskin on his own 16 yard line and ran it 84 yards into paydirt.

Bill Yassall and Bill Rouse accounted for the kicks after touchdown.

Texans Score Once

The only Midwestern score was a 32 yard pass-play from Weldon to Smoot in the second period of play.

Vic Vet says

Hernando's Hide-away

By John Hernandez

Characteristic of the people in the Youngstown area, is the annual feud between followers of the New York Yankees and those "die-hards" who maintain support of the Cleveland Indians, no matter what.

This year, the followers of the Cleveland Indians were handed an unjust and overwhelming injustice. The Indians had the potential to win the American League pennant. Their pitching cannot be denied, and is the most powerful in both leagues. But there was something missing when it came time for the Indians to swing the lumber.

The spice of the batting line-up was squeezed out by some unknown force. There were no "big men" at the plate, as a matter of fact the bottom part of the line-up held the team together.

Attendance Drops

Much to the dismay of the Cleveland Indian's front office, but by no means a surprise, was the fact that attendance has dropped by about 250,000 over last year's. Fans were getting weary of watching the Indians mow 'em down to a point where they were in contention to take the league lead, and then collapse time and again.

When the Yankees were in town, the stadium was packed to capacity, but most of the fans came to see the Yankees, especially Mickey Mantle. What the Indians need is a Mickey Mantle, a man who could 'draw'.

Hank Greenberg is the man responsible for the success or failure of the Indians. In 1954 a man named Al Lopez piloted the Indians to an American league pennant, breaking the record for the most wins in one season, 111. As we went to press Lopez was without a job and rumor had it that Kirby Farrell, manager of the Indianapolis team would take over. Al Rosen, onetime great and idol of millions, will probably feel the knife after this season and Bob Feller, greatest pitcher in modern times, will also feel Greenberg's hatchet.

World Series Draws Attention

During the past two weeks, the World Series has drawn the attention of the nation's sports fans. Undoubtedly the most talked about individual has been Sal "the barber" Maglie, now a possession of the Brooklyn Dodgers, and formerly with the Giants and the Indians.

While playing with the Indians Maglie showed signs of wear and tear. Greenberg and Lopez were both convinced that Sal had had it. As a result, Brooklyn picked him up for a little over \$10,000. Ten G's were never invested in a better cause. The change to a Brooklyn uniform did

something to Maglie, for he went out and led the Dodgers to a pennant, pitched a no-hitter and performed beautifully in the Series.

All this leads us to one point, and that is what will happen to the Indians if Greenberg continues to juggle the team? Although they didn't win the pennant, they did manage to fight off Chicago and win second place. But who wants a second place team? The Indians need to win a pennant and do better in the Series than they did in 1954 when they lost four straight. Not only is money being lost, but morale of the Indian fans is reaching a low ebb. Pretty soon it will be as distinct as the buffalo.

Omicron Lambda Will Have Busy Year

Omicron Lambda, honorary biological fraternity, is preparing for another busy year. The meeting held on September 27th initiated activities for the present semester. The first field trip of the year will be to the Old Mill Museum which will be during the week of October 15. Future field trips will be to Cleveland and Pittsburg, as well as other local points of interest.

The first program of the semester was a reception for members and candidates, held Wednesday evening at Pollock House. Candidates were welcomed by members and by faculty advisors. Official initiation of eligible students will be held later in the semester. Students interested in the organization may inquire of Dr. Marcy concerning requirements for admission.

Tamburro Awarded Assistantship

A note of interest about last year's president, Bob Tamburro. He has been awarded an assistantship at Columbia University.

Dr. Donald Marcy is the Faculty Advisor for the year. This year's officers will be:

- President Jack Carson
- Vice President Bill Grodesky
- Secretary Barbara Tindle
- Treasurer Al Guerrieri
- Co-Historians Jim Lewis, John DePinto

Penguins Defeated By West. Kentucky

Journeying to Bowling Green, Kentucky, the Youngstown University Penguins went down to defeat before a highly touted and much heavier Western Kentucky State College, 29-9, on Saturday, October 6.

The Hilltoppers, working smoothly off of a Split-T offense, picked up enough yardage on their fourth down attempts to set up numerous scores.

The Penguins were able to hit paydirt first, on a 65 yard drive. The big play of the march was a 30 yard pass from Kimmel to Cougras. Then, with the ball moved down to the opponents 35 yard line, Johnny Rouse picked up 20 yards on a shifty reverse down to the 15 yard line.

Kimmel and Gnuca then took turns on line plays to move the ball to the seven, where Cox rambled around right end for the score. Touse's placement attempt was good, making it 7-0.

Took Only 4 Minutes

Kentucky was quickly back in the game however, as it took them four

minutes after the touchdown to get one of their own on a 23 yard pass play from Griffith to Moriarity. Brantley knotted the count at 7-7 with his conversion. Kentucky scored again early in the second frame, as they intercepted a Cox pass on the Penguin's 49 yard line.

They fought their way down to the 14 yard line of quick openers. Jerry Brewer, fullback, then went over on a third down - goal to go situation, but Brantley's conversion was wide, making it 13-7.

The last Youngstown points came just before halftime, as Tony Cougras spilled Rod Bagby in his own end zone for two points. The score then at intermission was 13-9.

Played on Even Basis

Both teams played on an even basis

in the third quarter, but Kentucky did manage two more touchdowns in the finale. Revak recovered a Youngstown fumble on the 14 yard line, and three plays later, Jack Johnson made it 19-9 on a three yard plunge.

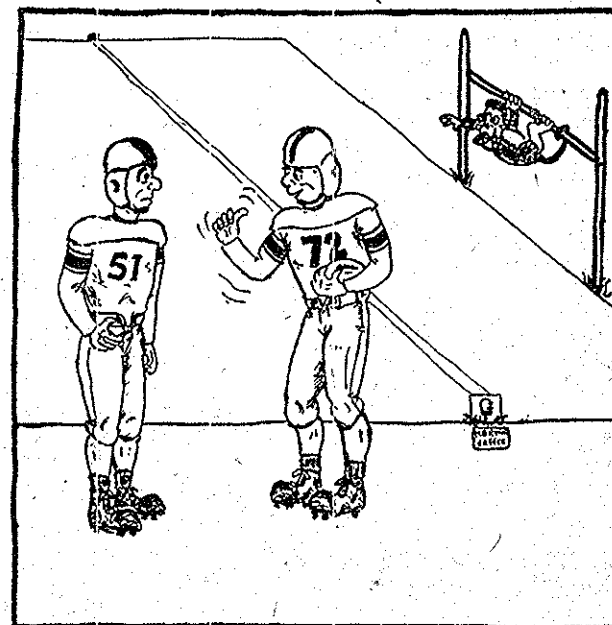

The final score of the evening came when Weaver crashed through to block Dom Delsignore's punt on the Western 45 yard line. Ten plays later a Griffith to Holt pass, along with Brantley's conversion made it 26-9.

It was the second win in three starts for the Kentuckians, while the Penguins have dropped two out of three. Both Youngstown losses were away games.

Two drunks were looking up at the sky wondering like, so finally they stopped a third drunk.

First - Hey, pal, do me a favor. Is that the sun going down or the moon coming up?

Third Drunk (after deep concentration) -- Shorry, buddy, can't tell you. I'm a stranger in town, myself.

"The coach doesn't seem the same anymore."

Jet's Jargon

By John E. Tudhope

Football really started off with a bang, with upsets galore all over the country. Several of the pre-season picks for the top ten even went the ways of the Great White Father.

Southern Methodist, long a thorn in Notre Dame's side, fought a fierce fight to upend the South Benders in what could be the biggest upset of the year. Many people thought that the Mustangs were just a flash in the pan.

In the second game that the Methodists from Dallas went to the post, they blew this theory to smithereens. They almost pulled a David and Goliath for the second time. Georgia Tech had a difficult time in setting down the determined SMU boys. It looks as if Southern Methodist will be tartars in the years to come because their team is very young.

Was Overshadowed

The Notre Dame defeat completely overshadowed the upset of Maryland by Syracuse. In this game Jimmy Brown lived up to all of his advance press notices and completely wrecked the Terrapins with his slashing running.

Many of the Games played ran true to form. Michigan, Ohio State and Michigan State, the expected powers in the Big 10, came through with opening day victories. Michigan unwrapped a brilliant sophomore in running roughshod over UCLA. The Wolverines' single wing is regaining the power that it once had with a powerful fullback named Terrstein.

Ohio State turned loose a second version of Hopalong Cassidy by the name Don Clark. This unheralded halfback practically ran Nebraska out of Buckeye Land singlehandedly. The unexpected even happened. The Buckeyes long noted for their crunching running attack actually threw two passes in a row. This must be a record for a Woody Hayes' coached team.

And here we are signing off, greedily clutching our Ohio State-Michigan tickets. I bet you wonder where we got them. Here is the clincher; We got them for nothing!

Dance

(Continued from Page 1)

Rayen Stadium with North Texas State, crowning of the Queen at the halftime ceremonies, and the Homecoming Dance for the students, faculty, and Alumni at Stambaugh Auditorium.

The Benny Jones Orchestra will play for the dance.

Tentative plans are also being made for a pre-game dance and rally to be held October 25, in the C.J. Strouss Memorial Auditorium.

In an interview with the JAMBAR, Co-chairman Mondok explained that the Circus Day theme was chosen "mainly because it is so colorful and a lot can be done with it. We hope that the theme will be carried out as far as possible in the floats and in the dance decorations."

Will Award Three Trophies

Mondok emphasized that three trophies will be awarded this year: one for the best float entered by a sorority, a fraternity, and other student organizations. He urged that all organizations comply with the committee's specifications for floats not to exceed 15 feet in length and nine feet in width.

Serving on the committees for the affair are Bob Bucher and the Tau Kappa Epsilon fraternity, decorations; Jim Bucher and Jim Obermyer, dance program; and John Bradshaw, intermission program.

Greeks

Continued from page 4

which they're still recuperating, the Kappa Sigs are back to report more news. If you happen to see Winnie Creps or Carl Gerst around, just ask them.

The Kappa Sigs started the week with their first game of bowling in the league. Although their second team lost to Newman Club, they're still happy that their first team won over Teke, with tough competition to match.

A party held with the Beta Sigs, October 4, was a howling success, and we need not tell you what a terrific time they had. The Kappa Sigs would like to thank the Beta Sigs for a wonderful time.

Among some of the highlights of the party were their famous singers, Winnie Creps, the great impersonator, Gene Kouch, Chuck Lehnard and of course, Bob O'Neil, who entertained with his Shakespearean performance. Group singing followed with Beta Sig and Kappa Sig songs.

Also Sunday, October 7, there will be a football game with the Ursuline

graduates. Something they're really looking forward to! In signing off, the Kappa Sigs would like to say, "may the best team win!"

Phi Lambda Delta

The Phi Lams wish to congratulate their candidate for Homecoming Queen, Angie Stizza. We wish you lots of luck, Angie.

Congratulations are also in order to Ruth Navin on being elected secretary of the Senior Class and to their Phi Gam brothers on winning the bicycle race. Maybe the PG'S should try for the Olympics.

The Phi Lams wish to extend their thanks to Phi Gamma and Alpha Phi Delta for backing them in the Homecoming election.

The sisters are all busy working on the Homecoming campaign, which chairman, Judy Millard, says will be "tremendous."

Vivian Sherwin (who likes to walk in puddles) seems to be nursing the same cold she had at the lake. What's the matter Viv?

The social season was off to a flying start when a party was held with the TKE's on October 4. Everyone enjoyed themselves and the sisters are looking forward to future parties.

Coming up in the near future is a

masquerade Halloween party to be held at Marlene Betras's. This should prove to be a lot of fun. Prizes will be given to the most original "costumers."

Alpha Phi Delta

Angie Stizza for Homecoming Queen! That was the word at the last meeting when it was decided to officially back Angie, along with the Phi Gams and the Phi Lams. A big all out campaign is under way. Plans for making a float were discussed also. Alpha Phi Delta won the best float award last year and will try to make it two years in a row.

A bowling team, under captain Mike Roncone, was entered in the college's intermural league.

The Alpha Phi's welcome back charter member Art Gioglio, who's home from the service.

FLASH - Mike Roncone seen at Arena Bowling alley with a beautiful blond sitting on his lap. Too bad she was only six years old, Mike.

By the way ask Tommy Fortunato why he loves carrots and lettuce. Alpha Phi opens its social season next Thursday night with a party which will be held with the Beta Sigs. The night will be highlighted by a Rumba contest between "Chee-Chee" Conti and Paul Santillo.

Phi Gamma

Angie Stizza, a Phi Lam Sister and a delightful miss from Girard, is the Phi Gam candidate for Homecoming Queen. What odds are you giving?

The Phi Gam - Teke bicycle race was certainly a slam-bang affair. The Phi Gams won by a narrow margin but the Teke's evened it up at the party! Tom Ceranic and Larry "65" Baytos were the Phi Gam leaders in the race, but Jim "Glory-hound" Crowe crossed the finish line.

During the party the Phi Gam bowlers left to play athlete, so they switched the party to Champion Alleys. With Jim Hudson and Bill Burby leading the way, the PG's went down to defeat. Everyone seemed to have an enjoyable day except RP who was wounded in action. We wonder if South Side Hospital remembers.

Jack Shafer tells us he just loves B-B-C Spare Ribs!

We were surely glad to see YU win their first home game. Let's hope they keep their winning ways.

The PG's are glad to hear from their alumni, who are doing so well. Dick Rein has a fellowship to Ohio State where he is getting his master's in metallurgical engineering and Ray Schindell has the same deal at Ohio U., getting his master's in psychology.
