YOUNGSTOWN STATE UNIVERSITY

VOLUME 47 - No. 15

CONTRASTING WEATHER conditions have become the rule in the Youngstown area. This picture, taken Friday, shows students braving winter snow. Students in shirtsleeves were seen yesterday playing basketball in the Kilcawley Amphitheatre.

## Council Presents Report On—

### Student Fee Investigation

Findings of a special Student Council investigation committee on the use of student fees were released at yesterday's Student Council meeting by Pete Isgro, Student Government president.

Isgro, Student Government vice-president Penny Laakso, and Council representatives Larry Simko and Margaret Barsodi met with university representatives Mr. Joseph Rook, vice president for financial affairs, Mr. Richard Glunt, University Comptroller, and Mr. Thomas Kuchinka, an accountant in the accounting office, in order to draft a report on the allocation of the General Fee.

The report stated that the amount of the General Fee is determined by the State Board

of Regents and University Board of Trustees. The allocation of funds from the fee are determined and approved by the University Budgeting Committee.

There is no student representation of the Budgeting Committee.

The report stated that as of June 30, 1969 there was \$2,690,994 invested in government bonds and treasury bills.

### Counseling Center Open At Night

The Counseling Center will be open two evenings a week in addition to its regular hours, it was announced today by Dr. George E. Letchworth, director.

The Center will be open Tuesday and Wednesday evenings from 5 to 9 p.m., in order to better serve the evening students. Those wishing appointments may call the Center at 747-1492, Ext. 461, or make an appointment in person.

The Center provides professional counseling services to any student concerned with adapting to college life, academic progress or direction, or personal problems ranging from such matters as career choice to deeper psychological discomfort.

A new brochure explaining what the University Counseling Center does and how it operates is now available free of charge.

from General Fee, parking, and bookstore funds.

It is the intention of the university that the money will eventually pay for a parking garage and for a student union expansion.

The cost of the parking garage is figured at \$3,300 per car and the student union expansions are estimated at approximately \$7 million. Net income from the parking fee is about \$25,000 per year and the University Bookstore operates at a margin of 20%.

### Senior Class Candidates Announced

Sixteen people have announced their candidacy for the Senior Class offices of President, Vice President, Secretary, and Treasurer.

The elections will be held November 24 and 25.

The candidates and their respective offices are as follows: President, Steve Pernotto, Tom Burns, Jeffrey Altschul, Lewis Bandy, George Bender, Michael Foley.

Vice-President, Grace Listorti, Birginia D'Amico, Jeffrey Altschul, Joel D. Gayetsky.

Secretary, Mike Sabol, Diane DellArco, Jeffrey Altschul. Treasurer, Patty Richards, Jeffrey Altschul.

## Scriven Urges—

### For Registration Follow Rules

Students registering for Winter Quarter must have their advisement sheets, time schedules and scan sheets completed before entering the Kilcawley basement for final registration.

It was learned from registration officials yesterday that a number of students attempting to complete the registration procedure have not been permitted to enter the Kilcawley basement because their material had either not been validated or completed.

In order to gain admittance to the registration basement, students must present their registration packet, permit to register, and ID card with Fall Quarter registration sticker attached, as well as securing an advisor's signature and completing their time and scan sheets. Time schedule sheets are a new feature to this quarter's registration process. The time schedule can be found on the back page of the Class Schedule

Bulletin, which is part of the registration materials.

A second new feature of the current registration is the initiation of the use of remote tally stations to determine open classes. The tally stations are located in the offices of the various schools and in the registrar's office and Planetarium in Ward Beecher. Formerly the open class list was posted in the registration basement.

Students are urged to check the open class lists at the tally stations before entering the registration line.

Up to date the registration process has been speeded up and there has been little or any confusion or hold-ups in the process. It will be impossible to determine how effective the registration changes are until classes begin to close and student awareness of the tally stations is known.

## Business School Forum Sat.

The actual and the academic business world meet here Saturday, November 22, when the School of Business Administration and Alpha Kappa Psi fraternity co-sponsor an American Management Association Campus Forum designed for business and economics majors.

Registration begins at 8 a.m. Saturday, in the Engineering Science Building Lobby.

Mr. Harold M. Williams, chairman of the board of finance committee of Norton Simon, Inc., speaks about "Management in the Year 2000" at 9:15 in the Engineering Science Building Auditorium.

The California based conglomerate, Norton Simon, Inc. continues to expand under Mr. Williams direction acquiring companies in the consumer oriented fields of foods, beverages, publishing, printing, and packaging.

Following a luncheon at 12 noon, in the Faculty Dining Room, a seminar about "Conflicts in Management" conducted by representatives of

Mr. Harold M. Williams AMA's Management Internship program in scheduled for 1:15 p.m., in the Engineering Science Building Auditorium.

Admission to all sessions is by ticket only and they may be obtained from any Alpha Kappa Psi member or in Room 209, School of Business Administration.

The \$3.00 ticket price covers the cost of the luncheon.

Reservations deadline is tomorrow.

Noted social critic, Michael Harrington, speaks at 2 p.m. today, in Strouss Auditorium.

## NEWS BRIEFS

Compiled From The Associated Press

### International

**HELSINKI** — The United States and the Soviet Union started long awaited arms limitations talks Monday with champagne toasts and a message of hope for success from President Nixon.

The President said the United States stands ready to enter into agreements limiting all types of strategic weapons and reversing the arms race between the two great powers.

Soviet Deputy Foreign Minister Vladimir S. Semenov put no restrictions on the subjects his Soviet delegation is willing to discuss.

**SAIGON** — A South Vietnamese government official declared Monday he could find no firm evidence to support charges he said were made by villagers that U.S. troops executed 460 civilians in a sweep of the hamlets in March 1968.

Two American soldiers are under arrest in the United States in connection with the case. One, an officer, is accused of murdering an unspecified number of South Vietnamese civilians. The other, a staff sergeant, is charged with assault with intent to commit murder.

In Washington, Pentagon sources said around 100 deaths may have occurred when the U.S. troops moved through a cluster of hamlets in an area known to be a Viet Cong stronghold.

**KADENA, Okinawa** — Bands of radical students attacked riot police with fire bombs, stones, and bottled sulphuric acid Monday night after a giant rally demanding "immediate, unconditional" return of Okinawa to Japanese rule.

The rally began about 7 1/2 hours after Japan's Prime Minister Eisaku Sato left Tokyo for Washington where he will meet with President Nixon to talk about the future of Okinawa, among other things.

### National

**HYANNIS PORT, Mass.** — Former Ambassador Joseph P. Kennedy, father of an American political dynasty, was reported near death yesterday at his seaside home in the Kennedy compound on Cape Cod.

His sole surviving son, Sen. Edward M. Kennedy, D-Mass., was at his bedside.

His condition was described as "very low" by his son-in-law, Ambassador Sargent Shriver, shortly before 8 a.m.

"The end is only a matter of hours away," Shriver told a newsman after attending early morning Mass at St. Francis Xavier Roman Catholic Church in Hyannis.

Kennedy, father of the late President John F. Kennedy, is 81 and has been in poor health for eight years.

**WASHINGTON** — The peace movement, proud of two massive outpourings of antiwar sentiment in two months, turned its attention yesterday to December and a decentralized Christmas Eve protest.

Unlike the large-scale gatherings of the young in October and November, the committee is gaining effort in seeking to get adults to take a more active role.

### State

**CINCINNATI** — Ohio teachers will be permitted to set aside classroom time for meditation on moral, philosophical or patriotic themes starting Tuesday when a new law, approved by the Ohio Legislature Aug. 20 takes affect.

The law gives teachers sole judgement on the subjects but also permits pupils to skip the sessions "if they are contrary to the religious convictions of the pupil or his parents or guardians."

The bill was introduced by Sen. Charles J. Carney, D-Youngstown.

**COLUMBUS, Ohio** — John H. Glenn Jr., America's first orbiting space hero, was back in Ohio for keeps yesterday in apparent preparation for another try at Democratic nomination for the U.S. Senate.

Glenn worked on a labor dinner speech between visits from a number of persons in a downtown hotel. Although in shirtsleeves and busy, he took time for callers but declined to say when he would announce for the Senate race.

However, an associate and close advisor, Atty. James F. Bell, indicated Glenn would stick to a previously announced schedule and make his announcement in December.

## Science Aspect of Clipper Flight Said Crucial

**SPACE CENTER, Houston (AP)** — Three impatient American space explorers sailed hard by the beckoning moon Monday, their rocketship Yankee Clipper in the grip of lunar gravity at last.

They stood by for a critical rocket firing to brake their speed and let them fall into orbit around the moon, the last major event before they land Wednesday morning.

For command pilot Charles "Pete" Conrad Jr. and crewmates Richard F. Gordon Jr. and Alan L. Bean the six-minute rocket burn was crucial.

Previous moon flights were patterned on a "free return" flight path, one that would automatically bring the spacecraft back to earth after a looping flight around the moon if the braking rocket failed.

But to reach the Apollo 12 landing site, south of the lunar equator, the astronauts had to surrender that safety factor since only equatorial landings are possible with "free return" trajectories.

If the tried and tested rocket engine on the Yankee Clipper fails to fire and put them in lunar orbit, the astronauts have some two hours to enter the lunar lander, Intrepid, and use its descent engine to fire them back to earth. If that engine fails, they would shoot off into the solar system.

Working by night and sleeping by day the astronauts also planned two telecasts as they approached the moon.

### Played at Foster—

## 'Vixen' Obscene

**CINCINNATI (AP)** — Hamilton County Common Pleas Court Judge Simon L. Leis ruled Monday that the motion picture "Vixen" is obscene and he issued a permanent injunction to prevent its being shown here. He called producers of such pictures "a cancer on society and unless the courts place restriction on them they will infest society and kill it."

The suit for the injunction was brought by Charges H. Keating Jr., a founder of the Citizens for Decent Literature organization and was directed against Russ Meyer, owner and producer of the film and the Guild Fine Arts Cinema, which has shown the movie here.

*Editor's Note:* "Vixen" had a run of several weeks in Youngstown last spring, at the Foster Art Theater. At the time it was shown here, there were no official complaints against it.)

Judge Leis disallowed claims by Keating for damages. Keating had asked for an accounting of box office receipts and for the

turning over of all money collected to the state. The judge said his conclusion was that barriers of restriction have been lowered to such an extent that "unscrupulous producers such as

Russ Meyer and his kind have taken advantage of the lack of censorship and capitalized on it."

He also declared "the movies of today are only a short step away from the TV presentations of tomorrow."

"It won't take long," he said, "for the barriers to fall all along the line unless the courts supply the laws and stop this disease."

He said sex relations and conversation take up 45 minutes of the 69-minute movie.

Gene I. Mesh, attorney for Meyer and the other defendants, said the movie is being shown in 40 states, including Ohio. He said it is being shown in 19 Ohio theaters with five more to start.

Mesh said there was no doubt but that there would be an appeal.

Everything was going so well two scheduled midcourse corrections were scrubbed.

The Apollo 12 spaceship crossed into the moon's sphere of gravitational influence at 8:38 a.m. EST.

The moon, a silver crescent in the earth's sky, appeared larger and larger in the spacecraft windows. But Apollo 12 was moving toward the darkened side of the sphere and consequently the crew saw less and less of the sunlit portion as they approached.

Earth's gravity had worn the spacecraft's speed down to a comparatively slow 1,500 miles an hour by the time Apollo 12 began the downhill gravitational slide toward the moon.

That point was 211, 322 miles from earth, 38,933 miles from the moon. Beginning then, the lunar gravity gradually boosted the spaceship's speed toward a peak of 5,700 miles an hour, before the rocket firing behind the moon.

## The Gates To Feature Free "Now" Flick

The first of the "now films" "Hallelujah the Hills" will be featured at the Gates of Eden's Wednesday night program at 9 p.m., Fr. Raymond DiBlasio, Gates program director, announced yesterday.

Admission is free and open to the public.

All donations are welcomed.

## Three Promoted To New Duties

New promotions and duties within the administration of the University have been assigned to three administrative assistants.

Mr. Stuart L. Aubrey, assistant director of personnel, will serve as director of personnel; Mr. James D. Miller, Jr., assistant director of purchasing; and Mr. George B. Conner, supervisor of accounts payable, will assume the duties of director of bookstore operations.

The promotions are to positions which were vacant and are

effective immediately.

A 1963 graduate of YSU, where he received a bachelor of

arts degree, Mr. Aubrey also attended the University of Detroit, graduated from the University of Kentucky College Business Management Institute, and is currently working towards a masters degree in the YSU Graduate School.

Mr. Miller, a 1962 graduate of YSU, is currently attending the University of Kentucky College Business Management Institute.

Mr. Conner received a bachelor of science degree from the University of Delaware, and has served as a life underwriter for Acacia Mutual Life Insurance Company.

## Results Of Survey To Be Released

Results of a student-faculty attitudinal survey, conducted this quarter by Dr. Virgil Smith, associate professor of sociology, will be released Friday.

The survey, administered voluntarily to one hundred and fifty faculty and 450 students, measured student attitudes towards students and faculty generally and at this school.

Similar measures of faculty attitudes were made.

Dr. Smith said the measurements are being correlated with personal data supplied by the respondents.

In its Friday issue, the *Jambor* will report the survey findings and Dr. Smith's analysis.

# Washington March Said "Non-Violent"

"A spirit of revolution, frustration and non-violence" pervaded over Youngstowners who marched in Washington, D.C. last Saturday, Jeffrey Bishop, a local march coordinator, said yesterday.

Bishop accompanied the eighty students, faculty and community people who traveled to the nation's capitol by chartered bus for the November Moratorium march.

The Youngstown group left the Unitarian Church on Elm Street at 11 p.m. Friday, and arrived in Washington Saturday morning in time for the march assembly.

Bishop said the Youngstown group divided and marched with two peace contingents.

Led by Bishop and Bill Eberheart, a sophomore twenty-five from the group marched with the militant Weathermen faction.

Steve Powell led the remaining who marched with

other Ohio students Bishop described the march as "orderly" and said he was impressed with the "politeness of police and troops."

Following several hours of speeches at a Washington Memorial rally, the group boarded buses for the return trip to Youngstown.

Faculty members Mr. and Mrs. William Budge march for peace in Washington. (Photo by Larry Simko)

# Grad Interviews Available Now

All December '69 and March '70 graduating Seniors who would like interviews during the last weeks of November should pick up Personal Data Sheets at the placement office, Room 24, East Hall.

Students must have one sheet for each interview, with the name of the intended company written in pencil in the top margin, and must return the sheets to the placement office at least two days prior to the interview.

The interviews are as follows: Thursday, November 20, Elliot Co., Moore Products Co., and the Magnavox Co., Friday, November 21, Interpace Corp., J.C. Penny Co. Inc., Seiberling Tire & Rubber Co., Monday,

November 24, Ohio Department of Health, HPM Div. of Koehring Co., United States Gypsum, Tuesday, November 25, The Firestone Tire and Rubber Co., Leeds & Northrup Co., Wednesday, November 26, Inland Div. General Motors, Friday, November 28, Ajax Magnethermic Corp.

Miss Alyce Jacobs was recently chosen the new Sweetheart of Sigma Alpha Mu.

**THE MAGIC CIRCLE**

Anyone who communicates with spirits must be evoked in the magic circle under penalty of death. The form is not invariable but it must be a large circle drawn upon the ground with the Magic Wand and marked with chalk, charcoal or salt. It should also include the words ALPHA, ON, EGO, AGLA, and OMEGA, plus the six pointed and five pointed star.

For more details on Magic Circles, Love Potions, Charms, Spells, Curses, and even the Witches' Sabbath, take an Adventure in Demology, Vincent Price's two record album called WITCHERY-MAGIC OR CAPRICORN.

Capitol

# Coal Expert To Lecture Here

Mr. George H. Denton, research manager in charge of research on Raw Materials and Ironmaking with the Research and Development Department of Youngstown Sheet and Tube Company, will speak before the Society of Chemical Engineers, student affiliate chapter at 12:30 p.m. Thursday, November 20, in the Audio-Visual Room of the Library.

Sponsored by the local chapter advised by Dr. Henry P. Sheng, associate professor of chemical engineering, Denton will speak on "The Use of Microscopy to Predict Coal and Coke Quality," a subject on which he is well versed.

Known for his contributions in coal petrography and palynology investigation of Ohio coal beds, as well as fossil studies, Denton came to Sheet and Tube as a Research Supervisor in charge of Coal and Coke Research, later becoming supervisor of all raw materials research.

Mr. George H. Denton

# Evaluation Positions Available

Applications for positions on the Faculty Evaluation Committee are available in the Student Council Office, Robert Lackey, secretary for special projects of Student Government announced yesterday.

## Letters To The Editor

### Parking-Less Than Money's Worth

To the editor of the Jambar:

I agree wholeheartedly that those students who pay \$5.00 for a university parking sticker are getting less than their money's worth. In order to gain the rights supposedly conferred by this sticker, the students must go to great inconvenience.

To begin with, some of the university parking attendants are not doing their jobs. I am referring to the attendants at the Spring Street lot who lock up the entrance gate on Bryson Street during the crowded morning hours and retire to their shanty on the other side of the

lot. Even though numerous parking spaces open up during the following hour, a student arriving at the gate early for class has no way of informing the attendant he is there. Subsequently, he must wait until five or ten minutes before the hour, when the attendant finally summons up the energy to walk from the other side of the lot. On one occasion, I waited until five minutes after my class had started before the attendant awoke to his duty.

Once a student succeeds in getting into the lot, he has an even tougher time getting out. During the mass exodus around

the hours of 3:00 and 4:00 p.m. it is not unusual to wait fifteen or twenty minutes to get out of the lots on Spring St. or Arlington St., simply because the long lines of cars cannot get out onto busy Elm Street.

Why is it that plenty of policemen and auxiliary traffic signals are on hand to control the cars exiting from football games, etc.? Are the students at YSU, as paying customers in these lots, any less deserving? Perhaps the responsibility for these devices lies with the city, but it is up to the University officials to see that something is done.

Brad Hoffman  
 Junior, Business Adm.

### Defends Nixon's Speech

To the editor of the Jambar:

I feel obligated to respond to the November 7 letter of three YSU seniors criticizing President Nixon's speech on the War in Viet Nam. It was, by no means, "stuffed with errors, false assumptions and platitudes." On the contrary, it was forthright, honest and direct. It elucidated clearly the present administration's posture on Viet Nam. If the speech was emotional, it was no more emotional than the letter of the three seniors.

The content of Nixon's speech was incorrectly judged by these three young men, although I must admit that the ultimate tone of their letter coincides with my personal appraisal.

Nixon is doing more than waving the proverbial flag. The "silent majority" which he has contrived proves to be the most brilliant ploy of the decade. He has manufactured an invisible assemblage who will provide a mandate of any sort at any time. If one thinks of this in terms of presidential prerogative and power (which, since the Gulf of

Tonkin resolution, has had almost unlimited largesse), then the war in Viet Nam can be only a prelude to the eventual and inevitable war at home. In one year Richard Nixon has become the most powerful president in our history and a holy trinity of Nixon, Ted Agnew and the Silent Majority are now running our nation. The only act left undone is recalling Lazarus from the grave. And most surely, when he arises, he will come forth from Appleton and his name will be Joseph (McCarthy, of course). Peace.

Jon Kendall

## To Justify Their Election

Many hours of Student Government and University staff time were wasted in the design and execution of the "activity fee investigation." The information printed today as a result of the inquiry is not new and has been said before.

We're wondering if the Student Government is simply marking time.

Not only have no new programs been designed to improve student life here, several programs carried over from last year have fallen by the wayside. An example for the above is the Student Government Tutoring program. Designed by Mike D'Onofrio last year, the program aided many students in need of academic advice. So meager have been the efforts to continue tutoring this year, D'Onofrio last week found it necessary to go to the Council and ask for an explanation.

Not a single service program has resulted from ten Council meetings and Student Government President's Pete Isgro's only contribution has been that unnecessary fee investigation.

We suggest that Student Government representatives get their minds out of neutral and begin to justify their election to office.

### Claims Greek System "Unreal"

To the editor of the Jambar:

A Fraternity is a society of college or university students. The original purpose for forming a Greek Society was to experience living and working together. The members were bound together by an oath of brotherhood.

This is a fine ideal as most would agree. Should not then "brotherhood" as advocated supposedly by our Greek So-

cieties on campus, be encouraged throughout the entire student body? What is the purpose of having 16 out of 25 members on Student Council belonging also to the Greek Societies when the majority of Youngstown's students are independent? Perhaps my stereotype picture of a Fraternity is a distorted one. I would assume each member is an individual. Yet it seems the majority of such individuals fail to profess that fact. Rather do they con-

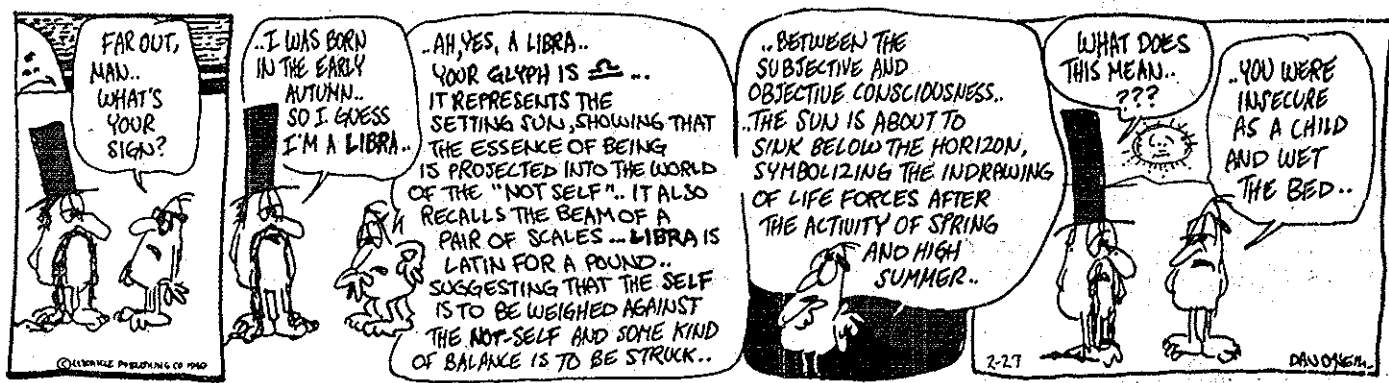

veniently fall into the patterned "brotherhood" concept. But brotherhood for whom? It is brotherhood judged by the individual Fraternity's standards. Greek Societies have strayed far away from their original purpose. Their "brotherhood" is a limited one. Their identity is unreal. Such brotherhood is not universal.

Chryssam Metzinger  
 Freshman

## Letters

The Jambar welcomes letters and comments from its readers. Letters should be typed, triple spaced, and should include the author's name, class rank, address, and telephone number. Letters should be 250 words or less. The Editors reserve the right to edit letters for brevity and clarity to meet the length requirement.

## ODD BODKINS

## Says Registration Unfair

To the editor of the *Jambar*:

The more time I spend at this university, the more it amazes me with its asinities. On the last page of the winter quarter bulletin for 1970 is a breakdown of hours completed and times for registration. It is clearly stated by underlining that you may not register before your assigned time and requests to register earlier will not be granted. Yet, the people who get to register first are those with "special permits" and "student

workers." I am a student worker. I spend 40 hours a week in the Sharon division of Westinghouse trying to support a wife and family. I thought because of this I might be able to get a special permit to register first with the rest of the "student workers." I was informed that special permits for student workers didn't apply in my case because approximately 75% of the students who attend YSU are commuters and work outside the university. You must be an employee of the university to

qualify.

My whole gripe is this: what makes the university employees so special? I know none of them could be supporting a family or themselves on the money they make so they have no great responsibilities, yet, they are given first choice at registration. I would like to know why they have this opportunity and I don't.

Nick Connelly  
Sophomore, Sociology

## JFK Inappropriate

To the editor of the *Jambar*:

Last Tuesday you ran a lengthy article on the Moratorium plans here at YSU headed by Rev. Burton Cantrell. The last sentence mentioned that the upcoming events were to be dedicated to Martin Luther King, Jr. and John F. Kennedy. How charming. How emotional. How stupid! Who got us into the whole Viet Nam mess anyway?

Dedicating the Moratorium activities to JFK is like giving a chastity award to a prostitute. With all due respect to the late Mr. Kennedy may I gently remind everyone that he was not perfect and let us do justice to his memory by keeping his image in perspective.

Lois Borsay  
Junior

## To Attend Clinic

Mr. Wilbert M. Hammack, director of student teaching, will attend the Association for Student Teaching Invitational National Simulation Clinic November 19, 20, and 21, at Ohio State University.

The adaptation of simulation techniques used in business, industrial, and military training to teacher education will occupy the clinicians schedule.

Eighty instructor from the nation's schools of education have been invited.

Wash, wet, soak, hunt, squint, wash, soak, wet, cry a little. Contact lenses were designed to be a convenience. And they are up to a point. They're convenient enough to wear, once you get used to them, but, until recently, you had to use two or more different lens solutions to properly prepare and maintain contacts. You needed two or three different bottles, lens cases, and you went through more than enough daily rituals to make even the most steadfast individuals consider dropping out. But now caring for your contacts can be as convenient as wearing them. Now there's Lensine, from the makers of Murine. Lensine is the one lens solution designed for complete contact lens care... preparing, cleansing, and soaking.

Just a drop or two of Lensine before you insert your lens prepares it for your eye. Lensine makes your contacts, which are made of modern plastics, compatible with your eye. How? Lensine is an "isotonic" solution. That means it's made to blend with the eye's natural fluids. So a simple drop or two coats the lens, forming a sort of comfort zone around it.

the bottom of every bottle. Soaking your contacts in Lensine between wearing periods assures you of proper lens hygiene.

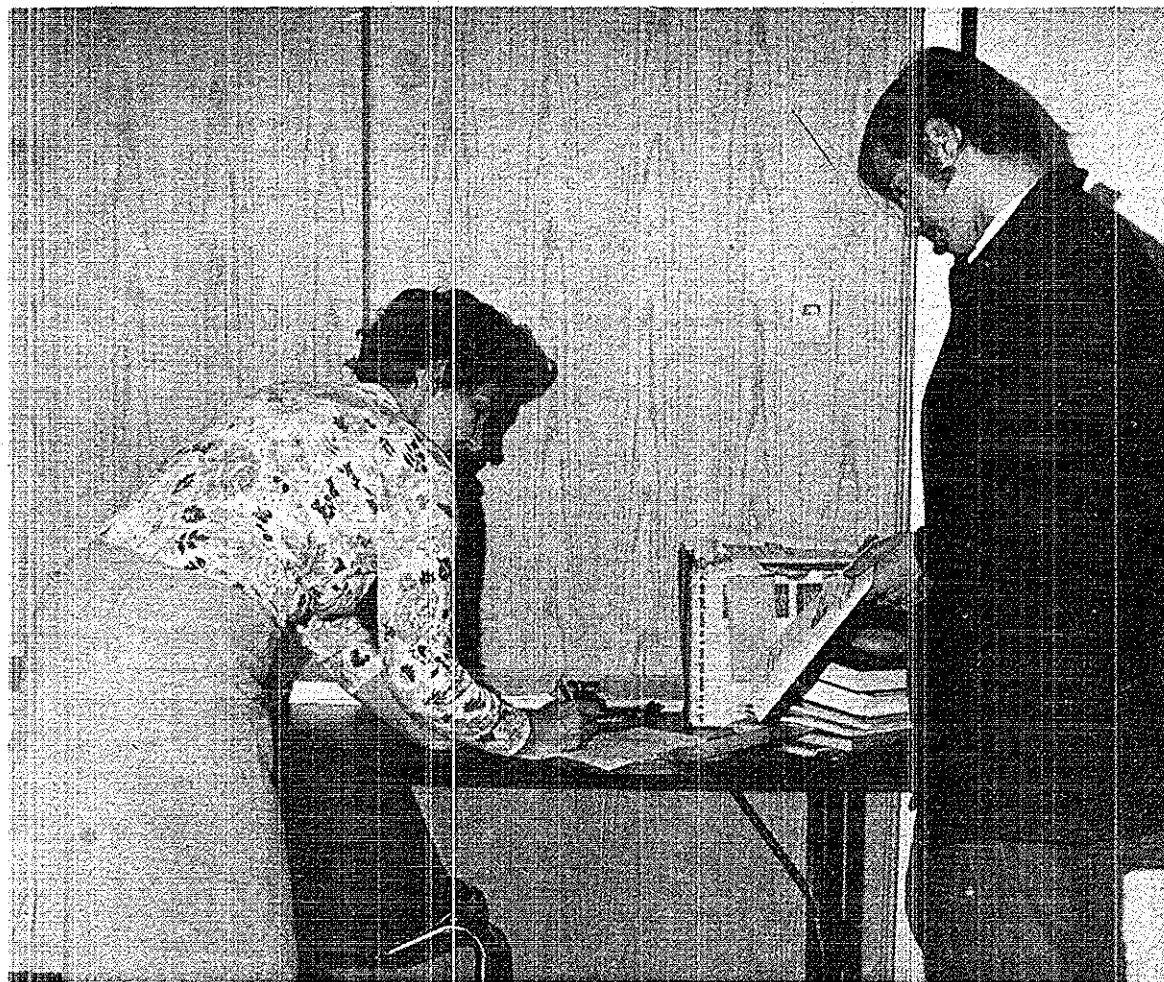

Improper storage between wearings permits the growth of bacteria on your lenses. This is a sure cause of eye irritation and, in some cases, it can endanger your vision. Bacteria cannot grow in Lensine. Lensine is sterile, self-sanitizing, and antiseptic.

Let your contacts be the convenience they were designed to be. The name of the game is Lensine. Lensine, made by the Murine Company, Inc.

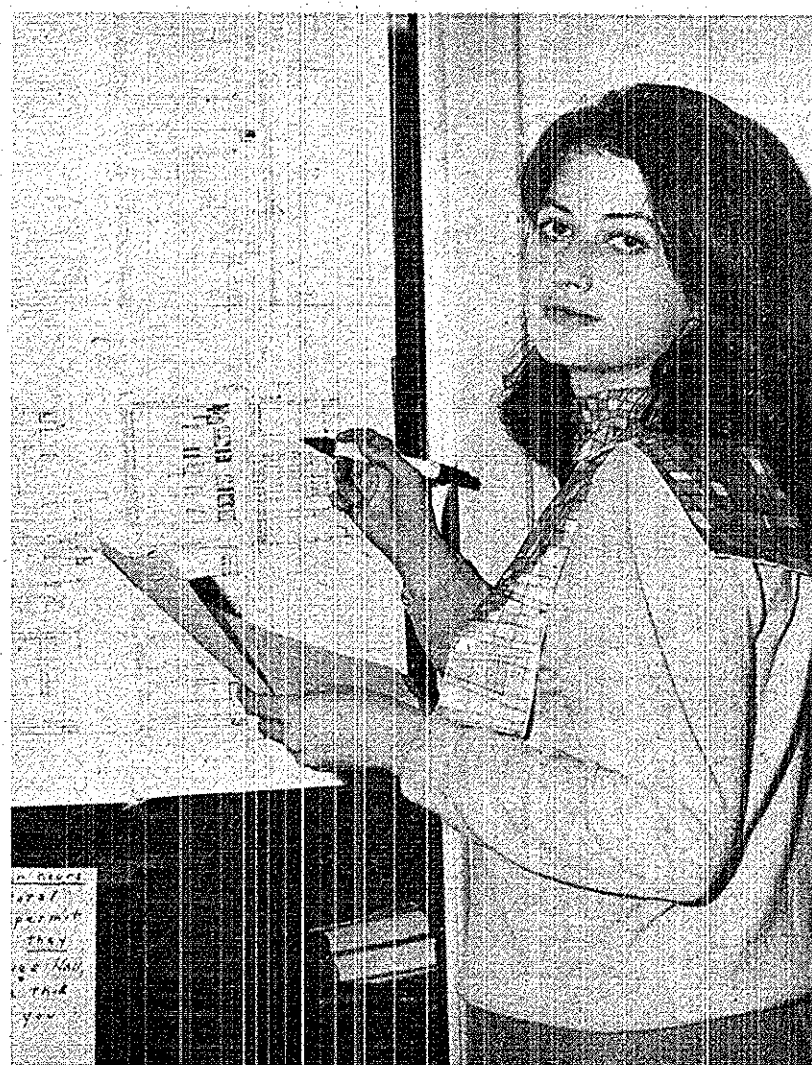

# Are you cut out for contact sports?

# Remote Tally Boards, Monito

Mrs. Virginia Davidson, secretary to engineering dean Dr. Michael Charigon, provides James Maughan with registration materials. A legal size folder and an IBM scan sheet are now included with registration materials.

Miss Kim Foley is one of seven University staff personnel operating remote tally boards which indicate class status. Students should check the tally boards, located in each dean's office, for class closings immediately before entering Kilcawley basement for registration.

Mrs. Anna Mae Serrecchio, a member of the registration staff, checks James Maughan's registration material for errors in 209 Jones Hall. Students are urged to visit the registrar's office in 209 Jones if problems develop during registration.

Student Monitor Mike Hovanic checks Hugh McTighe's registration materials before entering Kilcawley basement for registration. The monitor system is new this quarter and was established to insure that students entering Kilcawley basement have a complete registration portfolio.

# rs Mark Winter Registration

# State Theater's "de Sade"

by Harry W. Bryan

"De Sade," which is now playing at the State Theater, is an exceptional movie. Probably the reason for its success is that it seems to be more than one film, but rather a conglomeration of three separate stories. The three most prevalent themes, which seem very divergent at first glance, blend with a rare quality to give the audience an unusual and insightful look into the character of one of history's most infamous figures, Louis Alphonse Donatien, better known as the Marquis de Sade. The three interpretations of the film are on separate levels. The first is dramatic, the next is the historical, and finally the

psychological. The dramatic aspect is well done, in fact, the performances in this film rank high in contrast with many of the new films this year.

Keir Dullea, who plays deSade, does an outstanding job with the part. He brings to the screen the character of deSade in a novel aspect, that of a human being instead of the stereotyped "monster" quality inherent in the role of deSade.

Probably the best performance of the film was given by John Huston as the Abbe de Sade, the uncle of the Marquis. His portrayal excelled because he emanated the evil that was

the legacy he passed on to his nephew. As he told the young Marquis in the film, "It doesn't matter what you do as long as you present the face of virtue to the world."

Along with the fine dramatic performances there was the added pleasure of a superb technical achievement. Many of the orgy scenes were done in slow-motion and in a colored haze quality which added the air of madness and fantasy.

The film was done with good taste and did not cater to an audience which was there just to see a "skin-flick." Its depth of psychological characterization played like a textbook case which had been well documented and dissected with a great deal of insight.

The historical aspect of the film was basically good, but with a few changes which only helped to enhance the dramatic areas of the film.

Many people may find this film morally objectionable, but the cinematic quality of this film will speak for itself, and the message of the film does not endorse evil but censors it. With its major target being hypocrisy and the people who will hide behind the mask of innocence. The film is a worthwhile experience which holds the aud-

ience and instructs as well as entertains. "deSade" is a different kind of movie, anyone that tries to explain what evil is and its relation to man, it is almost philosophical in content but in the final analysis it shows up to be only a fine movie with an all-star cast, but alas, with no answers to the philosophical questions.

Keir Dullea and Senta Berger in a scene from State Theater's version of the life of "de Sade." The film also stars John Huston and Lilli Palmer.

# VETERANS

KEEP THOSE GI CHECKS COMING IN

If you are in school under the GI Bill... you must do these things to get paid:-

- 1 Turn in your Veterans Administration Certificate of Eligibility to your college at the time you register
- 2 If you change your mailing address ... inform both the VA and the Post Office immediately
- 3 If you change your course or college, apply to VA for a new Certificate of Eligibility
- 4 Inform VA immediately of any dependency changes ... marriage, births, deaths, divorce
- 5 At the end of the college term, return the Certificate of Attendance which will be sent you by VA

You have earned your first check at the end of the month in which you start classes... and it should come to you within a reasonable period. If it does not, check with your registrar to make certain that your Certificate of Eligibility was processed and returned to VA. If it was, then ask your nearest VA office for help.

## Hettler Encourages "Student Development" In Speech

"Students should be encouraged to develop the capacity for critical judgement and to engage in a sustained and independent search for personal development, satisfaction, and fulfillment," Charles Hettler, Student Council Representative at Large, stated yesterday in a speech before the Young Republicans.

Hettler, a guest speaker at November meeting of the Uni-

versity's young GOP organization, proposed recommendations of the collegian, university, and civic community to encourage student development.

In reference to his "collegiate community", Hettler called for a campus-wide campaign sponsored by the Young Republicans, the forming Young Democrats, and the YSU Association of Political Scientists to encourage and increase voter turnout participation in campus elections.

Hettler also challenged the members of student government to take immediate steps in formulating a realistic evaluation handbook.

In his recommendations to the university community, Hettler attacked the university's

administration for having an attitude "that Student Government is nothing more than an adopted step daughter." He proposed that the administration become more aware and responsive to the needs of the average student.

Hettler was also explicit on his demands and recommendations on the civic community. He called upon Re-

publican mayor-elect Jack Hunter to institute a close working relationship between city hall and the University and to create an executive cabinet level position in his administration of student co-ordinator for youth affairs.

### YSU Debators At Tournery

University debaters dropped six rounds of debate at the Kenyon College Debate Tournament held last Friday and Saturday on the Gambier campus.

Candy and Harry Krell, 0-6 in varsity cross-examination debate at Kenyon, will enter the Elizabeth College Tournament, Lancaster, Pa., Saturday, November 22.

Entered in the University of West Virginia, Parkersburg Branch Forensics Tournament last Saturday were Larry Slifka, Miss Sandy Arbuckle, and Miss Linda Antrem.

**Draftsmen:**

## Junior Student Is Suspended

A male student in the school of Arts and Sciences was suspended until the summer of 1970, Professor William J. Gutknecht, head of the discipline committee, said today.

In the spring term of 1969, this student "presented for absence a medical excuse which had not been authorized by the doctor and upon which the doctor's signature had been forged."

The student, a junior from Ohio, who was not available for hearing until the fall quarter 1969, was informed in June that he would face a hearing but he still proceeded to reenter without contacting the committee.

The student must appear before the discipline committee for approval before he can be readmitted.

## Speech Is Climax To ISO "Guest Day"

International students were urged to bring objective critical evaluations of the United States back to their home countries by Dr. James Kiriazis, chairman of the sociology department, in a featured speech before the International Student's Organization's annual "Intercollegiate Guest Day" dinner Saturday.

Dr. Kiriazis stated that "we all have inconsistencies, but the worst thing is to be apathetic-not to care at all," as he urged ISO members to carry home evaluations that will be neither all positive, nor all negative in nature.

The keynote dinner speech of Dr. Kiriazis climaxed the day-long program of "Guest Day"

activities. The dinner followed an afternoon reception in Kilcawley Student Center and succeeded tours of Butler Art Museum and WYSU (FM) radio station by Hiram and Lake Erie College delegates from Kenya, Costa Rica, Nicaragua, Peru, and Italy.

Hand-made objects from Turkey, Italy, Greece, the Philippines, Ghana, and Thailand were displayed in the Kilcawley lounge.

ISO president Mukund Kamdar welcomed the guests on behalf of the organization and Prakash Vakharia served as master of ceremonies for the event.

University officials in attendance included, President and

Mrs. Albert Pugsley, Dean of Student Affairs, Dr. Darrell Rishel and Mrs. Rishel, chairman of the sub-committee of foreign students, Mr. Sylvan Einstein and Mrs. Einstein, and Mrs. Edna K. McDonald, ISO advisor.

Co-Chairman for the event were Linda Brewer and Roxie Beebe. George Basto served as dancing coordinator for the program and Mai Kasemsuvan and George Pappacostas were guitarists. Laura Herbst and Chris Bilski were in charge of registration.

### Karate Club Meeting Set.

The YSU Karate Club will meet at 7 p.m. tonight in the mezzanine of the Central Tower Building on the square in Youngstown.

The meeting will present details on joining, and will feature films and live demonstrations of Karate, and is open to the public and all interested students and faculty (male and female).

Those wanting more information may call Mr. A.E. Vea at 743-2113.

**SAM Meets**

The Society for Advancement of Management will meet at 8 p.m. Tuesday, November 18, in the Carnation Room in Kilcawley Student Center.

## Basketball Sign Up Begins

Fraternities and independent basketball teams wishing to enter the YSU Intramural Basketball League are requested to sign up at the Athletic Office as soon as possible. The Athletic Office is located in the basement of Tod Hall.

It is important that we know how many teams are planning to participate in the League this winter prior to the meeting. Two divisions are planned; Fraternity and Independent with a play-off tourney at the end of the season.

A meeting to discuss rules and regulations of the League will be held Monday, Dec. 1st at 12:00 noon in the Athletic Office. Please sign up before this meeting and have a representative at this meeting. League play will start Thursday

evening January 8th.

Games this year will be played at the Elm Street Gym on Thursday and Friday evenings, Saturday afternoons, and Sundays.

### Officials Needed

Anyone interested in officiating in the YSU Intramural Basketball League this winter please contact Coach Dom Rosselli at the Athletic Office as soon as possible. League play begins January 8th and will be played on the following days:

- Thursday evening 7-10 p.m.
- Friday evening 7-10 p.m.
- Saturday afternoon 1-5 p.m.
- Sunday 10 a.m.-4 p.m.

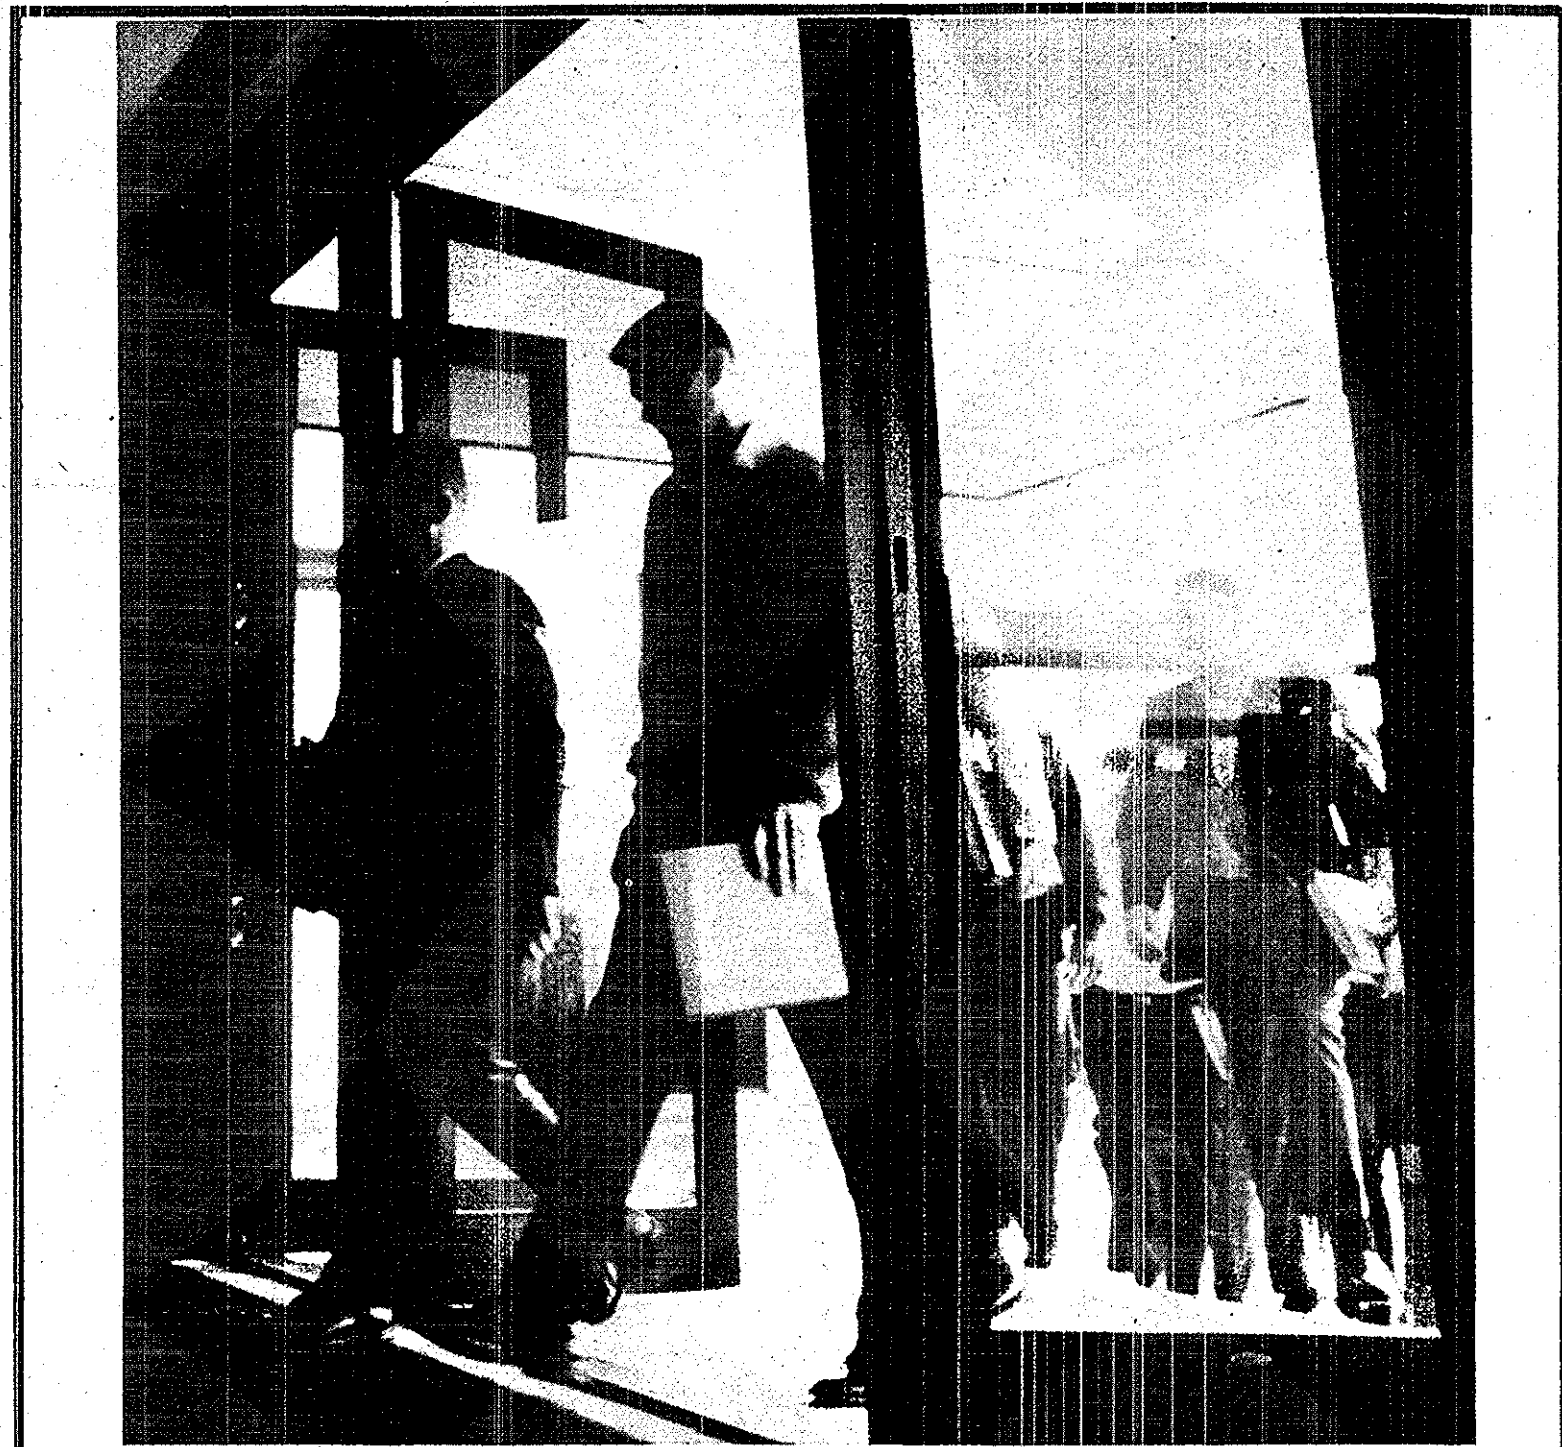

## Vikings Victors

The YSU Intramural Touch Football League concluded play recently with the Youngstown Vikings capturing the Intramural title. The Vikings, made up of Nick Gesacion, Bob Torba, Tom Hricko, Bernie Belfrage, Rick Mayhew, Dan Armeni, Lou Skrzynski, Tony Scarfone, Rich Rogers, Bob Bracaglia, and Walt Muennich, ended their undefeated season with a 26-12 decision over the runnersup Raiders.

**FUNNY YOU'RE A GIRL...  
ONCE A MONTH YOU FEEL LIKE A  
FULLBACK**

You're not as mini as usual? It's only temporary, you know. A monthly problem. But who cares when you have that puffy, bloated, "Oh, I'm so fat feeling"? TRENDAR, that's who. TRENDAR'LL help keep you slim as you are all month long. Its modern diuretic (water-reducing) action controls temporary pre-menstrual weight gain. (That can be up to 7 pounds!) Start taking TRENDAR 4 to 7 days before *that* time. It'll help make you look better and feel better.

**TRENDAR...IT MAKES YOU GLAD YOU'RE A GIRL!**

# Gusties Create 40-8 Wind

Gustavus Adolphus handed Youngstown State University a 40-8 setback in the grid finale for the Penguins at Rayen Stadium last Friday night.

A small crowd of 1250 braved the cold and snowy weather only to see Youngstown's eight game winning streak over the Gusties broken and Denny Klembara's 16-game TD pass completion record checked.

Dave DeSignore, ending a great four-year college football career at YSU, salvaged his team from a shutout as he rambled 52 yards on a punt return for a final quarter touchdown.

Six Gustie players racked up touchdowns for the opposition, five on short-yard plunges and one on a three-yard pass from Rick Webb to Scott Hansen. The win marked the sixth against

three losses and a tie for Gustavus while the Penguins closed the season with a meager 2-6 record. YSU still holds a 14-4-1 edge in the Gustavus Adolphus series since it began in 1948.

The Gusties were first to score in the first period on a 63-yard drive that ended with Tim Dahlberg blasting out the final 10 yards for the score. Brian Robb split the uprights with his extra-point conversion, giving Gustavus an early 7-0 lead.

Late in the first half Dahlberg again crushed through the YSU defense, grinding out valuable yardage. Marty Vandree capped the 64-yard drive on a one-yard dive to give the Gusties a 14-0 halftime edge.

A third period Adolphus

touchdown was set up when YSU's Bill Krumpak fumbled a snap in punting position and was snowed under by a host of Gustavus players on the three-yard line. From there it took only one play for the Gusties' Robb to ram across for the score to give his team a 21-0 edge after three periods of play.

Early in the final period, the Gustie offense really let loose. Webb found Hansen on a three-yard TD pass and, 49 seconds later, Doug Sherman smashed out six yards for another six points following an interception by Bill Brekke. Robb tacked on the extra point giving the Gusties a 34-9 margin.

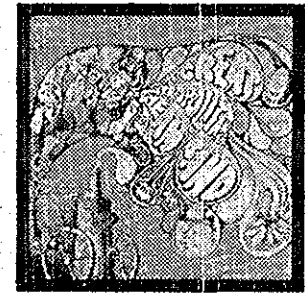

The most beautiful play of the evening was credited to YSU's, Dave DeSignore. Dave took a high, booming kick at his

own 48-yard line and started downfield, searching for an opening. He squeezed between two would-be tacklers and sprinted to a 52-yard touchdown play. DeSignore then caught a pass from Ron Jaworski for the two-point conversion.

The final touchdown of the game came on a five-yard drive by Gustie sub Craig Goudy. The run for the extra points failed, but the Gustavus Adolphus team nevertheless held a 40-8 spread as the contest ended.

There were 19 entries to last week's Jambor Sports Quiz and no correct winners. The 1970 Playboy wall calendar remains as this week's prize to Friday's Sports Quiz.

## BOILER-MAKER BLUES

DL 75143

The Twenties and the Thirties come roaring back with the banjos, brass, and bawling blues of today's new GREAT METROPOLITAN STEAM BAND. Every night is party night with the rousing good-time music of THE GREAT METROPOLITAN STEAM BAND. Dig It.

# Xi's Reign As Gridiron Kings

Theta Xi fraternity kept intact their "jinx" over Sigma Tau Gamma in IFC championships by posting an 18-12 decision over the Blue and White Sunday afternoon at Borts Field. It marked the Xi's 12th gridiron crown in the last fifteen years. Theta Xi ended their successful 1969 campaign with a perfect 5-0 mark and produced 187 points from the scoring combine.

As it was all year long, the dynamic duo of quarterback Tim Williams and tight end, Bob Murphy, told the Theta Xi success story on the turf. Williams rifled tosses to Murphy which accounted for all three Xi TD's, while Murphy intercepted two Sig Tau flights to earn him the Jambor's pick for the contest's Most Valuable Player. His fabulous "circus" catches were the turning points of the championship tilt.

Theta Xi, defending champs, drew first blood on the scoreboard when Williams flipped a

Although the first half ended in a 6-6 deadlock, the game's first twenty minutes belonged to the Sig Tau's, especially their defensive unit, led by Jim "Dusty" Donlin. Donlin, a former All-City standout from Ursuline, spoiled seven first half Williams tosses from his middle linebacker position.

The Sig Tau's continued their excellent play as the second half started by forcing the Xi to punt. The punt was short and the Blue and White were in excellent field position. Smelling IFC "sweet victory" over the almost taboo Theta Xi's, the Sig Tau's moved the ball inside the Xi five-yard stripe. Bob Murphy came up with a key interception on the one yard line which was the turning point of the game. The interception seemed to deflate the offensive movement of the Sig Tau's as the game drew to an end.

Williams connected six times in the Sig Tau secondary in the

With 3:15 remaining, Tim Williams took a Cy Shaheen kickoff 25 yards into Sig Tau territory to give the Xi's excellent game-winning field position. Williams found Bob Lay-

lock on the ten-yard stripe for a first and goal situation. The Sig Tau defense dug in and chased Williams behind the line of scrimmage, only to have him scramble to open and flip a 20-yard pass to Bob Murphy's awaiting arms in the end zone. The 18-12 score was too much

for the Sig Tau's to overcome in the last two minutes and Theta Xi had another championship to add to their trophy case.

The game's statistics:

	Yds. Rush	Yds. Pass	Total Offense	
Sigma Tau Gamma	140	70	210	
Theta Xi	190	105	295	
	1	2	3	4
ST	0	6	6	0
TX	6	0	6	6

two-yard toss to Murphy to cap a 60-yard march. The Sig Tau's responded immediately on the next set of plays to the Xi strike by marching 80 yards in four plays to deadlock the score at

6-6. Sig Tau signalcaller, Dick Murray hit Rich Didonato twice on 20-yard gainers, ran for a fifteen yarder, and finally snuck in from the four for the tally.

80 yard march to paydirt which was capped by a 45-yard TD toss to Bob Murphy to give the Xi's a 12-6 edge. Again the relentless Sig Tau's struck back with a 90-yard drive and 20-yard TD aerial toss to Ken Scelfo in the Xi end zone. A Jim Baganola interception of a Williams-to-Murphy attempt on the eight-yard marker set up the 12-12 deadlock score.
