

THE JAMBAR

Friday, October 9, 1970

YOUNGSTOWN STATE UNIVERSITY

VOLUME 48 - No. 5

Vacant Room Study Areas Announced

Today's issue of the *Jambar* carries a list of vacant rooms to be used as study areas.

While discussing the study area problem with Dr. Albert L. Pugsley, YSU President, and Nick J. Leonelli, Director of Campus Planning, last Thursday, Oct. 1, the *Jambar* suggested the use of unscheduled rooms as study areas. This idea was enthusiastically received by Dr. Pugsley, Vice-President Earl E. Edgar, and Mr. Leonelli. It was decided that a list of these rooms would be given to the *Jambar* on the following Thursday, Oct. 8, 1970, for publication.

In a memorandum accompanying the list, Mr. Leonelli conveyed these two stipulations:

1) All classrooms are still in a state of flux. Any of these rooms may be assigned a class at any time. 2) The rooms on the list will be assigned meetings and gatherings from time to time. Groups assigned a room will have a signed slip from the Planning Office indicating authorization to use that room. In such a case, students using the room

AS THE GREEKS FALL - An anonymous fraternity brother slips in defeat during a mud tug of war game Thursday afternoon. The mud game was only one of many Greek Week activities Thursday. Greek week activities will continue throughout the weekend.

for studying must move.

Dr. Pugsley and Mr. Leonelli stated that "this action on the part of the *Jambar* is very worthwhile and we feel it will provide

an additional service for the students."

This list will be published every quarter until the space crush has been solved.

Homecoming Highlights Greek Odyssey Theme

The 1970 Homecoming, sponsored by the Major Events Committee of Student Government, will feature the theme "Greek Odyssey," October 16, 17, and 18, according to committee chairman, Michael Duquin.

The weekend begins with the sounds of "The Omegas" Friday from 8 p.m. till midnight at Kilcawley Hall. The Homecoming finalist will be announced at that time.

Saturday the Homecoming football game between Northern Michigan and Youngstown will be highlighted at halftime when the Queen is crowned.

Sunday at 6, and again at 9:30 p.m., the 5th Dimension will perform at the Struthers Fieldhouse. Each concert will last for 2 hours.

The ticket price will include the dance on Friday as well as the concert on Sunday. Tickets will be on sale to students

with I.D.'s at the Bursar's Office beginning today, and ending at noon Saturday, October 17 for price of \$2.50 per ticket, two tickets per I.D.

Elections chairman Charles Hettler announced the following changes concerning the Homecoming elections:

1) There will be no campaigning for any of the queen candidates.

2) Polls will be open from 9 a.m. - 4 p.m. and 6-8 p.m. manned by Circle K and Alpha Phi Omega fraternities.

3) All candidates will be present at a table in the Engineering and Science Lobby from 10 a.m. - 12 noon, 1-2 p.m., and 6-8 p.m. each day to afford the student body an opportunity to meet all of the girls at one time and make their decisions upon the girls' charm, beauty, and personality.

4) Voting will take place Monday and Tuesday, October 12 and 13 in the Engineering and Science Lobby, Kilcawley

Breezeway, Jones Hall, and outside the door of the cafeteria by the Kilcawley Amphitheater from 7 a.m. to 4 p.m. and 6-8 p.m.

5) Under investigation is the use of computers to register the voting.

Any violation concerning the rules will be turned over to Pan-Hellenic Council for disciplinary action.

Pugsley Refutes Vindicator Article

University President Dr. Albert L. Pugsley yesterday responded to an article appearing in last Sunday's *Youngstown Vindicator* which credited Dr. Pugsley with having the solution for campus unrest. The article, which was written by Dr. Benjamin Fine, well-known educator and YSU's summer commencement speaker, appeared nationally in a syndicated story.

Dr. Pugsley, who returned yesterday from a meeting in Chicago, expressed dissatisfaction with the article. His remarks follow:

To the Students and Faculty of the University,

"Wednesday afternoon I returned from a North Central Association meeting in Chicago to find that Dr. Benjamin Fine, our summer Commencement speaker, had attributed certain comments to me in an article appearing in the *Vindicator* last Sunday. Dr. Fine, Mrs. Pugsley, and I had talked informally for about an hour in our home after the commencement exercises. He said that he was preparing an article on campus unrest and asked if he could refer to our conversation. I told him that he could but that I felt the less publicity given to any institution's problems the better, and that our situation here in any event was not typical - explaining to him that our students had acted out of genuine concern but with restraint, that I had great confidence in them and that we had spent a great deal of time this summer working on solutions to some of the problems revealed.

Dr. Fine's article includes a number of quotes attributed to me but these were never verified by me. Unfortunately some of these quotes were in error, both in content and word. Two examples will suffice. There were no efforts "to placate the students." This sounds like an attempted payoff for being nice without true intent to solve the issues. Neither were there any "open houses" related to student unrest. Mrs. Pugsley and I have occasionally entertained various student groups such as Student Government, *Jambar*, *Neon*, Circle K, etc. since we have been here but none of these affairs has been related to student unrest nor did they follow the events last spring.

My response to the "demands" last year was written with care and is in the record. I supplement that now by saying that we shall continue to seek constructive solutions acceptable to the entire University—students, faculty, and administration. And you may quote me."

Albert L. Pugsley

December Graduates

The last day to apply for December graduation is October 10. All graduating seniors should make arrangements with Geneva Mann in the Arts and Science Offices.

ZTA Donates Funds

Zeta Tau Alpha Sorority donated the \$400 collected in their "Keep The Wheels Turning" project to the Mahoning County School for the Retarded.

Kappa Delta Pi

Kappa Delta Pi will hold its first meeting of the year at 7:30 p.m. Thursday, October 15, in Wick Park. The program, "The Operant Control of Classroom Behavior: Goodbye Discipline Problems!", will be presented by Dr. Ralph O. Blackwood, associate professor in the College of Education of Akron State University. The meeting is open to the public.

Models Needed

Models needed for drawing classes. Inquire in Art Department office located in Clingan-Waddell Hall.

Sweetheart Applications

Engineer Sweetheart Candidates applications are available at the office of the Dean of the Engineering School, second floor of Engineering Science. All applications must be returned by October 16.

Art Festival

Phi Delta Theta fraternity is selling tickets to the Youngstown Art Festival to be held October 18-25 at Butler Institute of American Art.

All proceeds from ticket sales go to Project Hope that supports the hospital ship HOPE. Tickets will be on sale until October 14 at both Strouss' and McKelvey's downtown, Eastwood Mall, and Southern Park Mall.

Weathermen Implicated In West Coast Bombings

By The Associated Press

Predawn bomb blasts jarred two military facilities and a county courthouse on the West Coast Thursday and authorities investigated a possible conspiracy involving radical terrorists.

There were no injuries and no arrests, but police said they had leads in one of the explosions.

The first blast, at 1:27 a.m. Pacific time, ripped through a courtroom and rest room of the Marin County Civic Center in San Rafael, California, scene of the kidnapping and fatal shooting of a judge August 7.

The second blast, a little more than an hour later, caused an estimated \$150,000 damage to a building housing the Navy and Air Force ROTC departments at the University of Washington in Seattle.

At 4:17 a.m., the third explosion shattered a section of the outside wall of an Army National Guard Armory in Santa Barbara, California.

"We certainly believe this bombing is connected with the Weatherman faction and other terrorist groups in our nation today," said Santa Barbara Police Chief A.W. Trembly.

California state police Lt. Fred Baker said the Santa Barbara blast and the other two explosions on the Pacific Coast "would seem to indicate a conspiracy."

Trembly did not elaborate, but said his detectives and FBI agents had several leads to the person who planted the bomb.

The explosions occurred two days after Bernardine Dohm, a fugitive leader of Weatherman, said the radical offshoot of the Students for a Democratic Society would soon launch "a fall offensive."

In a tape recording played at

a news conference in New York, Miss Dohm said the campaign by youthful radicals "will spread from Santa Barbara to Boston, back to Kent State and Kansas."

"Now we are everywhere," she continued, "and next week families and tribes will attack the enemy around the country." Miss Dohm's voice was identified by her sister, Jennifer, a spokesman for the Youth International Party-Yippies.

Miss Dohm, is among 12 members of Weatherman indicted in April on charges of conspiracy to cross state lines to incite to riot.

The explosion on the campus in Seattle, the 32nd bombing in the city this year, was the most destructive of Thursday's three. It happened at 2:45 a.m., 25 minutes after two anonymous callers—a man and a woman—warned the campus security police, the city fire department and the Seattle Times that it was coming.

Capt. Marvin Webbins of the Seattle bomb squad said there apparently were two charges, placed about 35 feet apart in a ground-level locker room of the building. They exploded almost simultaneously, ripping holes in the floor and ceiling of the room and smashing doors and windows throughout one wing of the three-store building, the target of an arsonist in 1968.

Police said the type of explosive used was not immediately determined but estimated the blast packed the force of 20 sticks of dynamite.

Philip W. Cartwright, the university's executive vice president, termed the bombing "the work of a fanatic."

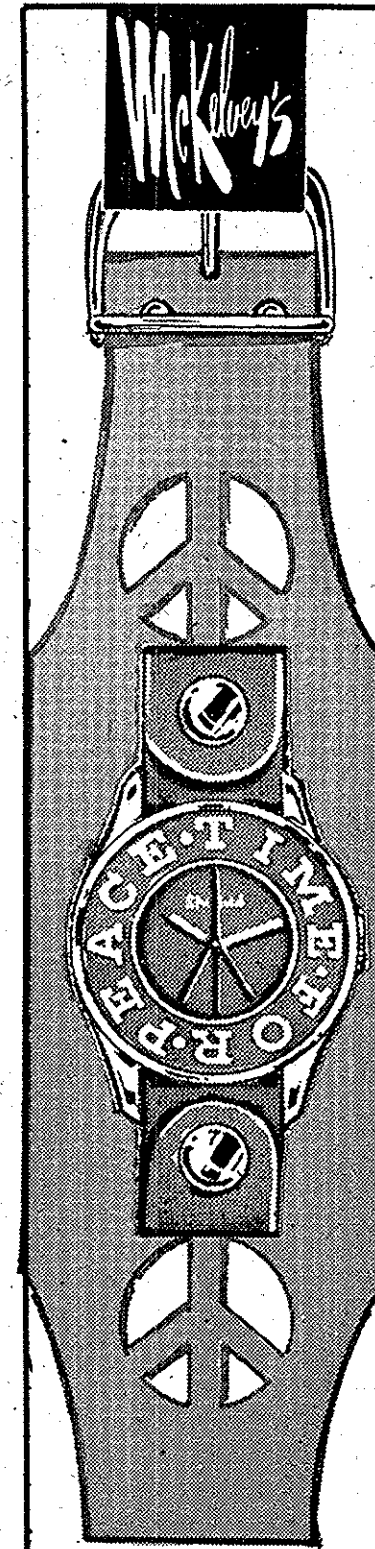

An anonymous phone tip also preceded the explosion at the San Rafael courthouse, where Judge Harold J. Haley, two flee-

ing convicts and an accomplice were killed in a gun battle last August 7.

A San Francisco telephone operator told police that "an excited young woman said a big bomb would go off in five minutes."

Sheriff's deputies in another wing of the sprawling municipal complex were warned before the blast went off in a second floor women's bathroom.

A bomb also was found early Thursday at deactivated at the University of California's Center for the Study of Law and Society in Berkeley.

University Forum: Ruling Yet To Be Released

Leheny's Appeal-

The opinions expressed in the University Forum are not necessarily those of the Jambar staff.

We invite comments on subjects of general interest to the university community. These short essays will be published as time and space permits.

Worlds In Collision

Twenty years ago, a book was published in this country which quickly made the best-seller list and became the subject of widespread interest. Before the end of the year an unusual drive carried on by some members of the academic community succeeded in forcing MacMillan, the publisher of that volume, to drop it. Another firm published the book but one which was immune to the particular threat used against MacMillan—namely the boycott of its textbooks by a wide circle of professors who had “spread the work.” What could have caused otherwise reasonable men to act in such a peculiar manner?

Although this episode is not widely known at the present time, there many people scattered within the universities of the land who believe that it furnishes a key to certain important problems of human understanding. I am referring to the reception accorded the works of Immanuel Velikovsky whose first book, *WORLDS IN COLLISION*, set off the controversy mentioned above. Velikovsky is also the author of several other volumes which have appeared (and a larger number which have not) that broadly challenge the basic assumptions of a number of disciplines: geology, biology, physics, astronomy, and ancient history—just to mention a few. Unfortunately, the very boldness of his theories and the sweep of his conclusions causes too many to dismiss his concepts as too “far-out” even before considering the evidence which Velikovsky has presented. If a view is so patently wrong, it should be a relatively simple task to refute it. Yet Velikovsky has never been refuted satisfactorily.

I make no claim to know whether Velikovsky is correct or not. I am not a believer or disciple of his. But I do hold that his works deserve study, consideration and a fair hearing. This is especially so since a number of unexpected discoveries made during the past fifteen years were first postulated by Velikovsky: among these are the high temperature of the planet Venus, the existence of radio waves emanating from Jupiter and the presence of Magnetosphere around the Earth (the Van Allen belt). Several outstanding scientists have called for an objective re-evaluation of his work, but none has been forthcoming.

Consequently, a number of faculty members and students have seemed receptive to organizing on this campus a chapter of an informal study group designed to look into Velikovsky ideas. Its name is *COSMOS* and *CHRONOS*. It was organized several years ago at Princeton University under the personal sponsorship of Dr. H. H. Hess, the Chairman of Princeton's Department of Geology. Everyone in the university community is invited to participate in this discussion and attendance at the sessions in no way commits one to any position on the validity of Velikovsky's views. Frankly I hope that those who are inclined to be negative will also feel free to attend.

The first meeting of the YSU chapter will be held on Thursday, at 4 p.m. in Room 249 in the Engineering Science Building. At that time I will attempt to outline briefly the principle theories of Velikovsky. All those who are interested should attend or contact me through campus mail.

Dr. Joseph May, Department of History

The University Appeals Board ruled last Tuesday on Dennis Leheny's appeal of his expulsion from YSU last summer but that board's ruling is not expected to be made public until next Monday.

Dr. Frank J. Tarantine, Chairman of the Appeals Board, explained that the report which accompanies the decision has been written but can not be released until the board has approved it and this was not done today since Dr. John J. Coffelt, a board member, was out of town.

The Appeals Board is composed of the Chairman of the University Senate's Executive, Dr. Frank J. Tarantine, the

Chairman of Student Council Don Leone, and the Vice President for Administrative Affairs, Dr. John J. Coffelt.

Klembara Named Most Valuable Player

Denny Klembara, Youngstown State's junior quarterback from Lisbon, Ohio, has been named the Penguins Most Valuable Player for last Saturday night's fourth annual Shrine Game.

Klembara, a 6-0, 195-pounder who prepped at Beaver Local, completed 16 of 29 passes for 198 yards as the Penguins bowed to top ranked Tampa, 35-13. He was intercepted once. Klembara

scored the first YSU touchdown on a one-yard plunge to cap a 76-yard drive. He completed three straight passes during the march for 25, 21 and 15 yards.

The Youngstown Shrine Club will present a trophy to Klembara during halftime ceremonies of next year's Shrine Game. Previous winners were Joe Lutsi (1967), Dave DelSignore (1968) and Dick Banks (1969).

FACES AND THOUGHTS

The Jambar posed the question, "Do you believe that Dennis Leheny should be expelled from the University? to eleven students and the results were four yes and seven no. Pictured below are six students and their responses.

Fred Sonnet
Junior
Political Science

"As long as he isn't interrupting any function on campus he should remain."

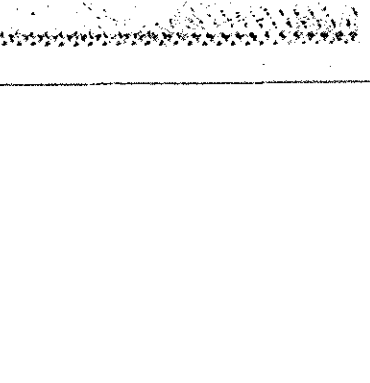

Barbara Byrd
Sophomore
English

"He should be allowed to attend the University and only thrown out if he is convicted."

Larry Rock
Freshman
Business Administration

"If the administration doesn't let him graduate he will always hold a grudge and may become an enemy to society."

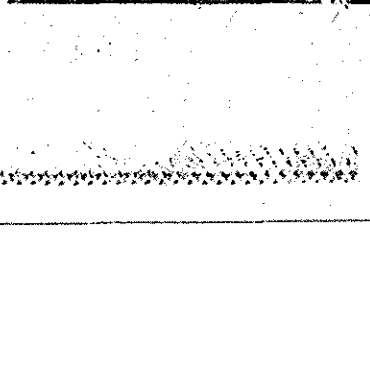

Rita Usiak
Freshman
Elementary Education

"I don't believe he should contest the expulsion because the facts point to his guilt."

Francis Curd
Sophomore
Biology

"No, he shouldn't be expelled until he is proven guilty."

Tom Jordan
Sophomore
Advertising

"Hell no, he shouldn't be suspended but should be allowed to continue so he may prosper from past mistakes."

Accounting Dept. Holds Tax Problem Seminar

The Youngstown State University department of accounting in the School of Business Administration, in cooperation with the department of continuing education, is sponsoring a "Problems in Taxes" seminar starting Thursday, October 15, and running through Saturday, October 17.

Designed to provide practical and informative advice that will enable the tax practitioner, the business adviser, the lawyer, the accountant, the tax planner and the business manager to serve his firm and client in a more knowledgeable way, the three-day seminar will focus on the tax consideration in business planning.

The seminar will open early Thursday morning with greetings from Dr. Albert L. Pugsley, University president, and professor Robert L. Miller, dean of the School of Business Administration.

The highlight of the seminar will be the Friday evening dinner-meeting. John F. Nolan, Deputy Assistant Secretary of the Treasury, will speak on the topic "Things to Come."

Other tax experts who will help lead the seminar sessions are John J. Raymond, partner in the firm of Raymond and Fletcher, Detroit, a noted tax lecturer at various conferences and institutes; John J. Raymond, Jr., with the firm of Raymond Fletcher; Edward J. Fletcher, partner in the firm of Raymond and Fletcher, instructor and lecturer on Federal Taxation; William J. Miko, Jr., also in the Raymond and Fletcher firm; and Joseph F. Dillon, Raymond and Fletcher, a lecturer at Oakland University.

The registration fee for the seminar is \$50.00 and includes all materials and fees, with enrollment limited to 90 registrants.

TAU KAPPA EPSILON SWEET-HEART - Miss Kathleen Bozzacco, daughter of Stephen Bozzacco of 756 Cassius Ave., and the late Margaret Bozzacco, reigned at TKE's Annual Red Carnation Ball.

SIGMA TAU GAMMA QUEEN - Miss Donna Gaetano was crowned White Rose Queen of STG fraternity at its annual dinner dance this year. A member of the Little Sisters of Sigma Tau Gamma, Donna is majoring in Special Education.

Baroque Music Comprises Concert Series Program

The Dana Concert Series will present an evening of Baroque music for organ and brass Monday, October 12, at 8 p.m. in St. John's Episcopal Church. Performers include Dr. Ronald L. Gould, associate professor of music, organist, with the Faculty Brass Ensemble composed of assistant professors Esotto Pellegrini and Robert Fleming on trumpet, Vern Kagarice on trombone and Dana student David Zanghi, trombone.

Representative brass and organ literature from the early, middle and late Baroque will comprise the entire program, including selections by Andrea Gabrieli, Giovanni Gabrieli, Henry Purcell, Johann Sebastian Bach, Domenico Scarlatti and Antonio Soler.

A graduate of North Central College, Ill., Gould received both his master's and doctorate degrees from the School of Sacred Music, Union Theological Seminary, N.Y. Conductor of the YSU Choir, Gould is also organist-choirmaster at St. John's, and serves on the board of directors of the Youngstown Symphony Society.

Fleming, Kagarice and Pellegrini are all members of the Dana Brass faculty. Fleming directs the YSU Marching Band and plays trumpet with the Kenley Players Orchestra in Warren and the Youngstown Symphony. Trombonist

Kagarice recently played his doctoral recital at Indiana University and is principal trombonist with the Youngstown Symphony, while Pellegrini plays first trumpet, also with the symphony.

Circle K Receives Service Honors At Convention

The Youngstown State University Chapter of Circle K International, national service fraternity, received honorable mention for service achievement at the organization's annual convention held this summer at New Orleans. The YSU chapter had some three thousand six hundred man-hours of service. The previous two years, the local organization, placed second and first, respectively, in the nation. Accepting the award for the local chapter was chapter president, John C. Reagan. An additional honor for the local club came when the former president of the YSU chapter, J. Michael Foley, now representing the Valparaiso, Indiana Club, was elected to the position of Circle K International Trustee.

Army Band Scheduled For 2 Performances

The United States Army Field Band of Washington, D.C., the Army's official touring band, will not only make an appearance in a free public concert Wednesday, October 21 at Stambaugh Auditorium under the sponsorship of Youngstown State University, but a special performance has been scheduled at Boardman High School at 2:30 p.m. for all students.

The Boardman concert was arranged through the efforts of Boardman Principal Richard Selby and Lt. Col. Richard J. Connolly, professor of military science at YSU and commander of the ROTC unit.

Nicknamed the "Kings of the Highway" because it travels as much as 40,000 miles a year, the Field Band has appeared in all 50 states, Canada, Mexico, the United Kingdom, Europe, the Far East and Central America,

representing the U.S. Army. Since its formation in 1946, the Field Band has traveled more than one million miles performing concerts all over the world. In 1969, the band presented more than 400 concerts to an audience of almost two million people.

In addition to its extensive touring, the Field Band is called upon to perform for the President and Vice President of the United States, members of the Cabinet, the Joint Chiefs of Staff, and visiting foreign heads-of-state.

Tickets for the Stambaugh performance, which will be held at 8 p.m., may be obtained by contacting the YSU University Relations Office, ROTC, or the Kilcawley Student Information desk.

Hanzely To Speak At Colloquium Given At Kent

Dr. Stephen Hanzely, assistant professor of physics at Youngstown State University, has been invited to speak at the first physics colloquium being given this fall by the Kent State University physics department.

A native of Hungary, Dr. Hanzely received his bachelor of science degree from Kent, a master of science from the University of Toledo, and his Ph.D. from New Mexico State University.

The colloquium will be held this Thursday, October 8.

\$1,100 Check Given To YSU For Survey

The Eastern Ohio Chapter, Inc. of the American Heart Association has presented Youngstown State University a check for \$1,100 to conduct a random sampling of some 1400 coronary care units in hospitals across the nation. The purpose of the survey is to establish YSU as a clearinghouse for coronary care information, and to provide for an exchange of this information between existing coronary care units throughout the United States.

The questionnaire, which covers the history and structure of such units, personnel, medical operations and structure and

equipment, was compiled through the efforts of Dr. Leonard Caccamo, director of the coronary care unit, St. Elizabeth Hospital, and Dr. Lawrence Looby, chairman of the department of continuing education at YSU.

Speech Dept. Sets Special Meeting Oct. 14 In Strouss

Due to the overwhelming response of students to the try-outs for Arthur Laurents' *A CLEARING IN THE WOODS*, the Department of Speech and Drama has scheduled a special meeting for Wednesday, October 14, 1970, at 8 p.m. in Strouss Auditorium to organize and plan for a university student theatre organization. This will be an organization that will provide an opportunity to participate in theatre activities for any student at Y.S.U. Consequently, anyone interested in theatre is encouraged to attend this organizational meeting.

"We solicit the talents of all student seamstresses, artists, electricians, publicity managers, business managers, and what not, who wish to channel their abilities into a creative production. This organization is especially attractive to the non-theatre major," claims Dr. Bill Hulsopple, this year's new theatre director.

An initial membership of 75 students is anticipated at this first meeting. A discussion of the complete plans for the University's Theatre Season 1970-71 is on the agenda.

Those unable to attend this organizational meeting or those who desire more information may contact Dr. Bill Hulsopple or Miss Kathleen Fallat at the Speech and Drama Office.

Greek Week

MUD GAMES - Two fraternity teams in mud pool pull contest.

HOW THE GAME IS PLAYED - Two friendly contestants play leap frog in the intrafraternity mud games.

Greek Phantasmagoria, YSU's first Greek Week, began festivities on campus yesterday. Fraternities competed in various game competition which included relay races and tricycle races on Bryson Street, a mud tug behind the YSU library, and other intra-fraternity contests. A band played in the Kilcawley amphitheater, while sororities sponsored refreshment booths in the same area. All in all, the Greek Week unaugural proved to be an overwhelming success. Festivities will continue throughout the weekend and will be highlighted by a concert with Cactus tonight at Idora Park.

RELAY RACE - A Theta Chi fraternity brother gains the lead in a race through campus streets.

SORORITY SPECTATORS - A sorority sister heatedly discusses the results of a Greek contest Thursday. The Delta Zeta candy apple booth had a front line view of the games.

BAND ON CAMPUS - A band played Thursday afternoon in Kilcawley Amphitheater as a part of the Greek Week festivities. The music could be heard throughout the YSU campus.

Photos By Jambaa Staff

Defensive Line Revamped-

YSU Is Ready To Roll

Youngstown State, coming closer each week to putting it all together, and Murray State, seeking the winning touch again, square off Saturday night at Murray, Kentucky, in a key game for both clubs.

The kickoff is slated for 7:30 p.m. (CDT) at Cutchin Stadium in the home opener for the Racers.

With 24 lettermen including 18 starter backs, Murray State coach Bill Furgerson figured to have his best club ever. The Racers handled Parsons in their opener (24-21), but then hit a tailspin, losing Ohio Valley Conference games to Tennessee Tech (21-7) and Morehead State (24-7).

Furgerson hopes to get his offense in gear against YSU so Murray can still make a title bid in the five OVC games remaining. The Racers certainly have the talent in quarterback Matt Haug, ends Billy Hess and Jack Wolf and fullback Rick Fisher.

Haug, a 6-3, 190-pound senior was fourth in the nation in passing and sixth in total offense last year. He set new OVC aerial marks with 161 of 311 attempts for 2,327 yards and 19 scores. Hess (5-9, 170) gathered in 35 passes for 536 yards and Wolf (6-1, 189) caught 42 for 589 yards. Fisher, a 5-11, 190 sophomore, rushed for 371 yards and caught 30 passes for

500 yards and six TDs. The quartet is apparently having its troubles. Haug is 20 for 59 for 306 yards and two TDs. He has been intercepted five times. Hess has caught seven for 152 yards and two scores and Wolf nine for 143 yards. Fisher has carried 39 times for 164 yards.

Murray hopes to keep its mistakes to a minimum and shake its slump. The Racers topped Tennessee Tech in total offense, 320-171, but turned over the ball on a fumble, interception and roughing the punter penalty that all led to Tech scores.

The remainder of the Racer offensive line-up will probably be Rick Cox (6-0, 206) and Lee Harrell (6-2, 216) at tackles, Dale Willis (6-1, 210) and Ken Pelot (5-11, 199) at guards, Mike Lucas (6-5, 203) at center, Larry Brock (5-11, 188) at tailback and C. B. McClatchy (6-1, 199) at flanker.

The Murray defense includes Glenn Fausey (6-1, 220) and Mike Dungan (6-1, 226) at ends, Jim Wilson (6-5, 263) and Larry White (5-9, 225) at tackles, Steve Cain (6-1, 219) at middle guard, Frank Head (6-1, 209) and Dennis Hawkins (5-11, 193) at linebackers and Bud Qualk (6-0, 176), Mike Tepe (6-1, 176) George Greenfield (5-10, 182) and Kevin Grady (5-11, 166) at deep backs.

The Racer offensive line averages 199 pounds to YSU's 208, the offensive backs 192-183, the defensive line 231-207 and the defensive backs 184-176.

This could be the week the Penguins jell. They did an outstanding job against Tampa last week and could have upset the nationally ranked Spartans but for the lack of a punting game. YSU punters are putting in extra time this week to clear up that difficulty.

Dwight "Dike" Beede revamped his defensive line and says it "did the best job ever turned in." Beede will start the same crew Saturday with Tom Kovalchik and Pat Ryan at the ends, Mike Roman and Farris Scott at the tackles and Carson Brown and Bill Sperlazza at the guards. Tom Perantoni is the linebacker. Deep backs are Don Cramb, Ron Nelson, Bernie Bartoszek and Ron Yoder.

With the defense coming around, YSU could be ready to roll. The offense is already ahead of last year's pace in yards gained rushing 251-207, rushing touchdowns 5-1 (YSU scored only three times on the ground all last year) and passing, 61 of 113 and three interceptions as compared to 37 of 98 and seven interceptions. The offensive line has been doing a great job of pass blocking as Penguin quarterbacks have been dumped only six times for 41 yards in losses.

Beede will start his regular offensive backfield with Denny Klembara at quarterback, Rosie Blackwell at fullback, Dick Banks at tailback and Mike Pacak at wingback. Klembara has hit on 55.9 per cent of his passes (33 of 59) for 371 yards. Hard-running "mini backs" Blackwell and Banks have rushed for 163 and 50 yards, respectively. Blackwell has grabbed 13 passes for 94 yards. Pacak has picked up 34 yards rushing and has caught 12 passes for 129 yards.

3 Lettermen Return To YSU Swim Team

Ralph Johnson, in search of his sixth straight winning season as Youngstown State swimming coach, opened Penguin swim drills yesterday.

YSU's first meet is slated for December 4 at Louisville.

Johnson welcomed three returning lettermen: Tim Lafferty, sophomore backstroker from Butler, Pa.; Larry Nelson, sophomore breaststroker from Bridgeport; and Chuck Nienhuis, sophomore freestyler from Holland, Mich.

Nelson was the third leading scorer for the Penguins last year with 100 points. He set new YSU records in the 100 (1:05.5) and 200-yard breaststroke (2:26.3) and was a member of the record-setting 400-yard medley relay team. Lafferty, fifth in scoring with 95 points, set new Penguin marks in the 100 (:58.5) and 200-yard backstroke (2:08.5). Named the outstanding freshman swimmer, Nienhuis tallied 63 points.

Johnson's finmen finished 6-5 last year to bring his six-year record to 50-26. The Penguins were second in the Penn-Ohio Championships and 22nd in the NCAA College Division

Championships.

YSU faces a rugged 10-meet schedule this season including major college foes Louisville, Kentucky, Kent State, West Virginia, Pitt and St. Bonaventure. The complete schedule follows:

Dec. 4 - at Louisville; Dec. 5 - at Kentucky; Jan. 8 - Kent State; Jan. 15 - Ashland; Jan. 22 - at Wayne State; Jan. 29 - West Virginia; Feb. 6 - at Grove City; Feb. 8 - Indiana U. (Pa.); Feb. 12 - Pitt; Feb. 19 - St. Bonaventure.
