Youngstown, Ohio

VOLUME 32 NO. 4

## Bachelors Prepare For Fight In Annual Race

### Awards Presented To ROTC Cadets

The annual ceremony for presentation of awards to outstanding cadets of The Youngstown University ROTC Battle Group took place Oct. 31. The ceremony was conducted at Harrison Field and the presentations were made by Lt. Col. O.R. Hummel, Professor of Military Science and Tactics.

The following cadets were honored:

Cadet Colonel Thomas Jones  
Outstanding Performance at Summer Camp, Fort Campbell, Kentucky.

Cadet Lt. Col. William Carnie  
Highest Academic Average in Military Science Subjects, Junior Year.

Cadet Raymond Biles  
Highest Academic Average in Military Science Subjects, Sophomore Year.

Cadet Frank Micchia  
Highest Academic Average in Military Science Subjects, Freshman Year.

Cadet Captain Ronald Komer  
Highest Individual Score With M-1 Rifle at Summer Camp from Youngstown University, at Fort Campbell, Kentucky.

The following students, having clearly demonstrated their outstanding capabilities and qualifications, have been designated Distinguished Military Students in the Advance Course ROTC and will be presented Distinguished Military Badges.

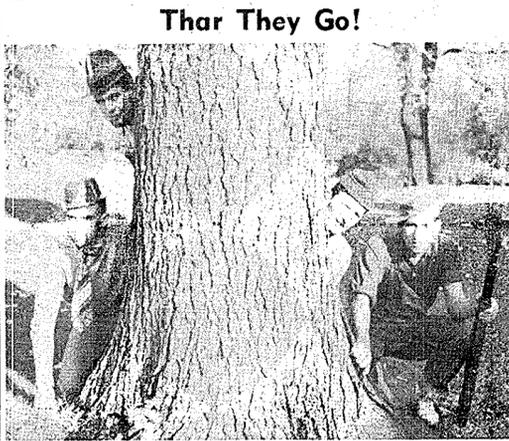

Cadet Col. Thomas Jones  
Cadet Lt. Col. William Carnie  
Cadet Lt. Col. Robert Pegues  
Cadet Lt. Col. Rene Domini  
Cadet Major Ronald Iseli  
Cadet Captain James Boyazis

### Two Students Direct Mental Health Plays

Sam Sanfilippo of New Castle, Pa. a junior at Youngstown University, and Michael Shirilla, a senior, are directing four plays under preparation by The Youngstown University Theater to be made available to community groups in the interest of promoting mental health.

Financed with National Mental Health Act funds through a co-operation project of the Mahoning County Mental Health Association, the Ohio Division of Mental Hygiene and the Youngstown University Theater, the plays "Tomorrow is a Day" and "The Room Upstairs" are now ready for production. "Scattered Showers" will be ready by Nov. 18 and "High Pressure Area" by Jan. 20.

American Theater Wing plays, the productions are four of a series of short community plays designed to help people to understand human behavior. Many of these plays have had longer runs than most Broadway shows, both in New York and on the road, and have received national ac-

Thar They Go!

Four Kappa Sigs, preparing for the Sadie Hawkins Chase, are shown practicing the art of hiding behind a tree in order to elude the pursuing dogpatch women. They are 1 to r: Bob Howley, Frank Masluk, Steve Valantasis, and Marv Levy.

### Psychology Instructor Has Book of Poems Published

Prof. John W. Bare, a member of the psychology faculty of Youngstown University, is the author of a new book of poems entitled "This Enchanting World," including 167 poems for children of all ages. Published by the Hayes School Publishing Co. of

Wilksburg, Pa., the book is cleverly illustrated throughout with drawings by Lloyd Jones, Youngstown Vindicator chief Photographer.

The original humorous and apt cartoons by Jones illustrating each poem have added much to its interest and attractiveness. Prof. Bare says of them, "Their appeal to children and adults alike is unquestioned. They help the poems to 'come to life'."

Although Prof. Bare has been writing poetry all his adult life and has written numerous verses and

short stories for church and other publications, this is his first book of poetry. In discussing the new book Prof. Bare said, "The children of today need very much some emphasis on the building of ideals and on acquiring a set of high values. I have tried to present stories in verse form with morals more or less indirectly suggested and in order to catch the eye of the reader I have tried to interweave fantasy and humor with more serious ideas which I wanted to present."

Covers Many Subjects

Written over a period of 30 years, the poems cover a wide variety of subjects of interest to children of all ages and as one critic said, "The book is a sort of McGuffey Reader in verse." The poems run the gamut from the purely humorous to the more serious and many are written to be recited in school. A number pertain to the holidays and may be used in school in special programs.

Many displays of the books are scheduled for universities through-

(Continued on Page 5)

### NEON Arrives

Full time students (12 hours or more) of both semesters last year can now obtain their yearbooks free of charge in the Main Building.

This book is paid for through the student activity fee. Those that were full time one semester only can obtain their NEON by paying an additional \$2.50. Anyone else wanting one must pay the full price of \$5.00.

(Continued on Page 3)

### Dogpatchers Ready For Race And Dance

Al Capp's famous comic situation will be reproduced on the Youngstown campus on Nov. 15, when Kappa Sigma Kappa fraternity presents its 21st Annual Sadie Hawkins Day Race and Dance.

Mahoning county engineer, Sam Gould, dressed as "Marrying

Sam" of Dog-patch fame and riding a burro, will arrive on campus at noon to fire the shot beginning the race. The proclamation officially opening the day will be read from the library steps by Mayor Frank X. Kryzan.

### Kappa Delta Pi Sponsors Dance

Kappa Delta Pi National Educational Fraternity will sponsor a dance on Sat., Nov. 16, 1957 from 9 to 12 in Strouss Auditorium. Dick Turik and his Orchestra will play for the event. Admission is \$1.25 per person.

Tickets may be obtained from any member of Kappa Delta Pi or they may be bought at the door. The proceeds from the dance will go to the George M. Wilcox Fund named in honor of Dr. Wilcox, who recently retired as head of the Dept. of Education.

The chairman of the event is Agnes Benita Cassidy. The committee chairmen are: Posters, Mrs. Eileen Russo; Decorations, Maryellen Meiers; Orchestra, John Petrone; Refreshments, Peggy Yeaton; Publicity, Carl Garver and Agnes B. Cassidy.

### IFC Represented At Nat'l Meeting

Youngstown University will be represented at the National I F C Convention by Dick McLaughlin and Dick Shoemaker. The local IFC has recently been accepted as a charter member of the National Conference which will convene this year at the Broadmoor Hotel in Colorado Springs Colo.

The meeting will extend from Nov. (Continued on Page 3)

The race will be held on the lawn between the library and Butler Art Museum. Members of Kappa Sigma Kappa fraternity are to be the pursued and any woman on campus who is dressed in "Dogpatch type" attire is eligible to pursue them. Scheduled to appear for the event are L'I Abner, Daisy Mae, the Yokum family, Indian Joe and the Scragg brothers.

Any woman catching her man is privileged to invite him to the dance the same evening at the Eagles Hall at Fifth and Rayen. Mike Roncone will be playing for the dance which will be from 8 to 1. Dress is optional but prizes will be awarded to the best dressed male and female Dogpatchers. Admission will be \$1.00 per person and cider and donuts will be served. Intermission entertainment will be provided by a Kappa Sigma Kappa hill-billy group and the "Velvets", a singing group from Farrell, Penna.

Co-chairmen of the Sadie Hawkins Day are Bob Ahern and Don Bergman. W.F.M.J. television will show movies of the event the same day.

### Card Playing

Students using the snack bar are asked to refrain from card playing during the hours of 10-2. This rule will be strictly enforced.

### Dr. Dustheimer Will Open Series of Talks

Dr. O.L. Dustheimer, professor of astronomy and mathematics at Youngstown University, will open a 13-week series of talks entitled "Travels Through Space" on WFMJ-TV Wednesday from 11:20 to 11:30 p.m. Presented weekly on Wednesdays from Nov. 6

through Jan. 29, Dr. Dustheimer's subjects to be covered in order are: "Space Travel," "Man-made Satellite," "Our Sun - the Nearest Star," "The Moon - Our Nearest Neighbor in Space," "The Children of the Sun - the Planets," "Orion and His Menagerie," "The Seasons," "The Christmas Star," "The World Calendar," "The Stars of the Winter Skies," "The Life History of a Star," "Worlds in the Making" and "Beyond the Milky Way."

Dr. Dustheimer has had his own programs on radio and television stations WJMA-TV, Lima; WSPD-TV, Toledo; WOSU, Columbus and WTAM-TV, Cleveland and in ad-

dition has given more than 400 radio talks from six different stations over the past 25 years. He has made hundreds of talks on the subject of astronomy before college and university groups, civic organizations, high school groups and others.

Radio and television program directors for whom Dr. Dustheimer has appeared have been enthusiastic in their praise of his programs, his easy style of presentation and the fact that his material is presented in such a way as to be understood and enjoyed by the lay-

## Let's Make A Change

One of the primary reasons for dividing the student union into two parts, the cafeteria and snack bar, was to alleviate the crowded conditions which existed, especially from 10 in the morning until 2 in the afternoon.

With the exception of the congestion around the door to the snack bar, the plan worked. Then, however, someone got the idea to place coat racks in the center of the small aisle that bisects the room.

Immediately, several problems were created. First, the coat racks are a fire hazard. There is but one small door leading directly to the outside. Because of the coat racks, there is not ample room to even get to the door let alone get out.

Second, the snack bar is supposed to be a student union where students can relax, enjoy a cup of coffee, and talk to their friends. The coat racks tend to discourage the idea of walking into the room simply because there is no room to walk.

Third, eventually someone will get pushed into the coat racks and/or get hot coffee spilled down their backs. The insurance companies won't like this.

Fourth, the addition of the racks to the snack bar has defeated the purpose of creating more walking space.

In a recent poll taken of students using the snack bar, 90% thought the racks should be removed, 10% thought they should remain. Only 12.5% used the racks while 87.5% did not. These figures tend to speak for themselves.

If the 12.5% of the students who use the coat racks think they are so urgently needed, then move them somewhere else in the room. Let the 87.5% who do not, have a little room to move about.

## Homecoming--Yes Or No!

The 1957 Homecoming has passed and lingers on as but a memory -- happy to most people, but unhappy to a few. Among these few are Mr. Dan Gallagher and Mr. James Kenton, the writers of two letters condemning the festivities which most students and alumni look forward to each year.

They apparently thought they were doing the students of Y.U. a big favor by attending the football game, a university function, mind you, which was between two universities, ours and Western Kentucky.

Then they had the nerve to say, "There ought to be a law against homecoming ceremonies at football games," and "they ought to be conducted in a vacant lot."

Mr. Kenton also went on to say, "The public pays to see a football game, so let them see it, and not some gaudy spectacle of floats and some Joe College boy leading a coed out the 50-yard marker to the middle of the field for 'the happiest moment of her life.'" Kenton emphasized the last six words, apparently with much sarcasm, "the happiest moment of her life." How does he know? Was he ever a queen?

He also thinks fraternities, sororities, and other organizations should be banished.

All right, Mr. Kenton, let's ban all organizations throughout the country. Let's ban the Masons, and the K of C. What kind of a social life would you lead if you got up in the morning, went to work, came home and did nothing but sit?

Organizations on campus not only tend to make a student conscious of his academic work, but it teaches him to be sociable with other people.

Let's go back to Mr. Gallagher's vacant lot. Why don't those not interested in homecoming half-time ceremonies go to the lot, while those who are interested, the majority, stay?

In fact, if time is so valuable that 20 minutes of your precious time is taken, why not stay home and listen to the game on the radio? Then you can turn off the radio and not be "so" bored.

This would save everybody a lot of trouble. You gentlemen wouldn't have to waste your paper and ink writing letters, and the readers wouldn't have to waste their valuable time reading your nonsense.

## The Campus Voice

By

Shirley Pavlov Sam Sanfilippo

As a Freshman, you have now been at Youngstown University for seven weeks. What did you find most difficult in adjusting to college life?

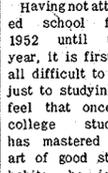

BARB GRADY

As a freshman, I have found very few difficulties in adjusting to college life. One difficulty I have found however, is working my way through college. This is probably the biggest problem a freshman has to encounter. Furthermore, I have found an unfavorable attitude in the students of YU in the lack of school spirit at football games as compared with the high caliber of spirit within the high schools.

BOB CARROLL

Having not attended school from 1952 until this year, it is first of all difficult to adjust to studying. I feel that once a college student has mastered the art of good study habits, he is a good student. Also, the freedom being different than experienced in high school, has presented a problem that I am adjusting to.

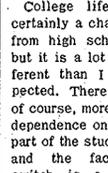

MARIJO PERRY

Since I have early classes, the first adjustment I had to make was getting up earlier in the morning to make my first class. Studying and getting assignments in on time became a problem and I realized that college students must really budget their time. Making good use of time between classes and using the library for studying has helped me to solve this problem.

ARTHUR REEDY

College life is certainly a change from high school, but it is a lot different than I expected. There is of course, more independence on the part of the student, and the faculty switch is a big change. This, I think was my biggest problem of adjusting to college life, and the fact that I must get up earlier now for classes.

## Bonus Applications Received By VA

Paul R. Kilfoyle, Manager of the local Veterans Administration Office, 1218 Union National Bank Bldg., announced today that the local VA office has received the bonus application form for the west Virginia Korean Bonus. In addition, Korean bonus forms are also available for the following states: Connecticut, Delaware, Massachusetts, Michigan, Minnesota, New Hampshire, North Dakota, Rhode Island, Vermont and Washington.

Mr. Kilfoyle stated that legislation in each of the states provides for bonus payments to be made to the wife, children or parents if the serviceman died in service or after release.

...so my doctor says, "Lou, throw yourself into your work."

## ENGINEER'S ANGLES

By Two Engineers

Hello again from the flowers of Charignon's chalet. We understand that there is some lowly character who thinks those vending machines in the basement are one-armed bandits. It seems that this uncouth do-no gooder has been putting paper up the coin return slots and reaping a harvest of monetary goodies.

What's this about the weird looking contraption having been worked over by "Henry Ford" Klucher and "Barney Oldfield" Richards. We have heard lately that these two great inventors seem to have the willys as of the last two weeks.

We have just received a hot newsflash from F.T.N. that a certain person, well known and loved by all deans, has just been named as ambassador to the jolly land of tea, crumpets, and Sherwood Forest.

Well it finally happened. O.S.P.E. had a meeting and then right away without deliberation decided to have another one. Good thinking fellows. All kidding aside, the boys have a smoker, and a tentative trip to Goodyear Aircraft lined up for the very near future. Either check with this column or any member of the organization for the details concerning these two fiascos.

A.I.E.E. has a movie planned for Friday, Nov. 7. It is on the solar battery. All members are urged to attend. Also, all non-members are welcome to sleep in the darkened room too.

If anyone can guess who the little man is that is never wrong or never late we will be happy to give a prize to this genius. It is something close to the hearts of all red-blooded engineers, a gold-bound and personally autographed "principals of Thermodynamics."

Time for the joke of the week: What is the height of misery? A ubangi native with chapped lips.

## Foundation Invites Applications

The Danforth Foundation, an educational foundation located in St. Louis, Missouri, invites applications for the seventh class (1958) of Danforth Graduate Fellows from college senior men and recent graduates who are preparing themselves for a career of college teaching, and are planning to enter graduate school in September, 1958, for their first year of graduate study.

The Foundation welcomes applicants from the areas of Natural and Biological Sciences, Social Sciences, Humanities and all fields of specialization to be found in the undergraduate college.

President Howard W. Jones has named Dean Joseph E. Smith as the Liaison Officer to nominate to the Danforth Foundation two or not to exceed three candidates for these 1958 fellowships. These appointments are fundamentally "a relationship of encouragement" throughout the years of graduate study, carrying a promise of financial aid within prescribed conditions as there may be need.

Students Are Invited

The maximum annual grant for single Fellows is \$1,400 plus

tuition and fees charged to all graduate students; for married Fellows, \$2,400 plus tuition and fees charged to all graduate students with an additional stipend of \$350 for children. Students with or without financial need are invited to apply.

A Danforth Fellow is allowed to carry other scholarship appointments, such as Rhodes, Fulbright, Woodrow Wilson, Marshall, etc., concurrently with his Danforth Fellowship, and applicants for these appointments are cordially invited to apply at the same time for a Danforth Fellowship. If a man receives the Danforth Appointment, together with a Rhodes Scholarship, Fulbright Scholarship, or Woodrow Wilson Fellowship, he becomes a Danforth Fellow without stipend, until these relationships are completed.

All Danforth Fellows will participate in the annual Danforth Foundation Conference on Teaching, to be held at Camp Minivanca in Michigan next September.

The qualifications of the candidates as listed in the announcement from the Foundation are: men of outstanding academic ability, personality congenial to the classroom, and integrity and character, including serious inquiry within the Christian tradition.

All applications, including the recommendations, must be completed by January 31, 1958. Any student wishing further information should get in touch with our Liaison Officer.

# Wiretapping

By Fran Doyle and Peggy Higgins

For anyone who noticed a difference in this column last issue, you were right, we didn't write it. Our many thanks to R.H.F. who took over so well when the Flu bug sent this part of the JAMBAR staff to bed. He did such a good job we may use him again, so keep reading, things may get better.

And now we take you cross-country to the campus of Ohio State. We discovered this is the sort of thing they learn at State. You might say part of the women have better memories than men. What young man feuding with his pinmate can remember every mistake he has made since he has known her, like his irate better half can? Women are clever and would make better generals.

A woman is born knowing things a man doesn't learn until his daughter is of marriageable age and his wife is set on a conquest for her. Such complex military maneuvers as strategic retreats and diversionary tactics are mere child's play. Incidentally this choice and true tidbit from the "Lantern" was written by a woman.

The Muhlenberg weekly puts it this way, "Those freshmen are getting smarter every day. The other night an upperclassman sneaked up behind a petite miss, covered her eyes with his hands and announced: 'I'm going to kiss you if you can't tell who this is in three guesses!'"

She guessed without hesitation "George Washington, Thomas Jefferson, Abraham Lincoln."

To continue our little effort to improve the minds of students on this campus we have compiled a vocabulary quiz to sharpen your wits. Below are listed five words. If you correctly define all of them you have an excellent vocabulary; four places you as above normal; three places you as an average college student; two defines you as a college student with high school vocabulary; and one -- what are you doing in college?

The words are: NARCISM, ENDOW, CUMULATE, BANISH, HONE. The definitions are in order: 1. gratification from admiring oneself; 2. To bestow a permanent fund or income upon; 3. To collect into a heap; 4. To expel from one's country or from any customary or desired place; 5. to sharpen.

Last issue when we were fretting about who was going to do our column and this and that and the other thing that just had to be done before we could possibly be sick, we came across this item printed in the Akron Buchtelite, and the next thing we knew we were looking up to see bottom.

Sometime, when you're feeling important  
Sometime, when your ego's in bloom,  
Sometime, when you take it for granted,  
You're the best qualified in the room,  
Sometime, when you feel that your going,  
Would leave an unfillable hole.  
Just follow this simple instruction,

## Mental Plays

(Continued from Page 1)

New York City.

The Youngstown University Theater group is prepared to give a minimum of 50 performances during the 1957-58 season and bookings will be accepted in the order of receipt of requests. About 30 university students will participate in the four plays.

For further information and for booking, telephone Riverside 4-8451, Ext. 12 from 1 to 5 p.m., Monday through Friday.

## RIL Plans Open House

Rev. and Mrs. Albert Linder will hold their annual open house at their home, at 634 Bryson St., on Nov. 15. The refreshments and fellowship will be open to all. The open house will get underway at 8 p.m.

At the regularly scheduled meeting on Nov. 17, Mrs. Pauline Boty, head of the Sociology Department, will speak on prejudice.

Mrs. Boty will introduce her topic with an extraordinary film.

Devotion will be given by Hugh Houlton.

## Spanish Club To Hear Father Koch

Father Joseph Koch, Director of Catholic Charities for the Diocese of Youngstown and pastor of St. Mary's Church in Mineral Ridge, will give a talk on the Inquisition in Spain to the "Los Buenos Vecinos" Club on Nov. 14. Father Koch, an alumnus of Youngstown University, has traveled in the Caribbean countries and has a great love and admiration for the Spanish culture.

The meeting will commence at 8:30 p.m. at the Pollock House. Everyone is invited.

At last month's meeting, Dr. Alfonso Garcia gave a very interesting talk on the psychology and character of the Spanish-speaking people. A film, "Castles and Castanets" was shown through the courtesy of the Berger Travel Bureau.

"Back The Attack" to hold the line on holiday hazards. October, November and December are the high accident months. Remember we Toll'd You.

Only a couple more months and New Year's resolutions -- start now by resolving to be careful always!

## Sterenberg Named Committee Head

President Jones recently appointed a permanent Committee on Foreign Students which includes Mr. Buchanan, Mrs. Harder, Mr. Skardon, Dean McCarty, and Miss Sterenberg. The committee is studying the problems faced by foreign students here and is trying to plan ways of helping them with these problems.

Any foreign students who have not already done so are asked to contact Miss Sterenberg, the chairman, in her office on the second floor of the library. There is a sign beside her door saying "Advisor to Foreign Students" which should make it easy to find.

Any students whose preparation for college has been mainly in a foreign country should take advantage of the opportunity to talk with Miss Sterenberg or one of the other members of the committee and let them know of difficulties which may have been overlooked. Miss Sterenberg's office hours are: Monday and Friday, Noon to 2 p.m., and Tuesday and Thursday, 2 to 3 p.m.

## IFC Delegates

(Continued from Page 1)

27 to Nov. 30 and will consist of panel discussions concerning rushing, help week and working in conjunction with the administration. The delegates will leave Nov. 26 via the "Denver Zephyr" and will return on or about Dec. 2nd.

McLaughlin is President of the Inter-Fraternity Council. He is a senior majoring in pre-law and veteran of army service. He is also past President of the Freshman class and past President of Phi Gamma fraternity. He is Co-announcer of the Y.U. Radio program.

Shoemaker is a Boardman H.S. graduate and is a junior majoring in merchandising. He is Theta Chi's delegate to IFC and is also a member of R.I.L. and Y.U.S.A.

And see how it humbles your soul.

Take a bucket and fill it with water.

Put your hand in it up to the wrist.

Pull it out and the hole that's remaining,

Is a measure of how you'll be missed.

You may splash all you please when you enter,

You can stir up the water galore,

But, stop, and you'll find in a minute,

That it looks quite the same as before.

The moral of this quaint example,

Is do the best that you can,

Be proud of yourself but remember,

There's no indispensable man.

November's O O I (out-of-it) is anyone who catches a common ordinary cold. Unless one gets the Asiatic flu he definitely has not arrived.

**SUPER-WINSTON PRODUCTIONS PRESENTS** *The* **GREAT STAGE COACH ROBBERY**  
IF OR, DON'T LET 'EM KID YOU, BILLY!

# IT'S GREEK TO ME

# Looking **U** Around

Karl Mogg

Ike McHugh

By Pat Hriako

The big weekend is coming up fast! Kappa Sigma Kappa Fraternity has invited Dogpatch to the Y.U. campus once again for the 21st Annual Sadie Hawkins Day. Caution Men: the minority group has been practicing hard for the big race. How fast are you, Vinnie? The dance will be at the Eagles Ballroom from 9 to 1 with the music of Mike Roncone. This is one dance that you won't want to miss. You can get your tickets from any Kappa Sig. How are you fixed for blades, Marv (oh'nooooo) Levy?

Miss Freshman of 1957 will be picked tonight at the Nu Sig Stomp in the Strouss Auditorium from 8 to 12.

APIE Service Sorority will sponsor the dance after the game with Gustavus Adolphus in Strouss Auditorium.

The AOPi's would like to thank the men of Beta Theta Phi Fraternity of OU for a very nice weekend. The chapter cordially extends an invitation to "Doc" and his group for a return visit. By the way, "Granny Badmouth" got an "A" on her stratifications!

P.S. Karl Mogg: I am sorry I lost your literary gem this week. I'll hang tomorrow at dawn!

## IFC

This year the IFC will join you in presenting a column in each issue of the JAMBAR. We'll try to fill you in on the latest happenings of IFC.

In case you're wondering where all the cripples are coming from; it's the IFC football tournament! The games are held every Sunday at Borts field, and will continue as long as the players can last!

Something else is new this year. An all events trophy will be awarded annually to the fraternity receiving the highest number of points on a competitive basis. Points will be awarded for winning such events as the Homecoming float, IFC booth, IFC basketball and softball. There will be a three-foot trophy to be kept by the winner for one year and a smaller trophy for permanent possession.

In the near future there will be a dinner with invitations extended to all IFC delegates and fraternity presidents and vice-presidents. It will provide an opportunity for the leaders of the fraternities to get-together to provide a more harmonious relationship.

More about this later: The IFC ball will be strictly formal this year. Remember the date - Feb. 1.

Our president, Dick McLaughlin and delegate Dick Shoemaker will represent IFC at the National convention to be held at Colorado Springs, Colorado the end of this month.

## SIGMA DELTA BETA

The brothers wish to send belated congratulations to Queen Barb Priore and her court, and to the Nu Sigs and Tri-Sigs on their winning floats. Also to Steve Goryanec and Herb Bartlemay for a successful Homecoming.

Wow! Due to illness Sig Delt's column did not appear last issue and the writer was swamped. Shows how much we're needed.

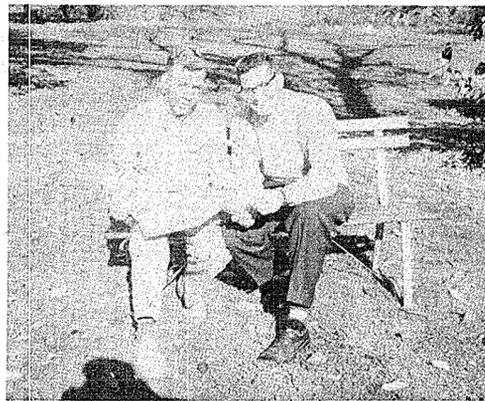

A bang-up party was held on Oct. 25, at the home of brother Mike Polachack. There was a real good game of War going, when Teddy Seferadis went wild and shot Tom Buck and Joe Wickete. They had beaten him one hand.

Plans for the Sig Delt's Christmas Dance are coming along fine according to brothers John Hernandez and Bill Dusch. This should be the best dance ever. Also plans for the Alumni Smoker are shaping up, with brother Zidian doing the quarter-backing.

Sig Delt Warriors are going full blast in IFC football and Intramural Bowling. Brother Ed Wall is burning the alleys down at Champion every Sunday. Bill O'Neil needs a good bet to stimulate his prowess.

Seen in the Snack Bar -- Rod Hardy, Bill O'Neil, "Dizzy" Otto, and "Pat" playing cards for 5 straight hours. They were carried out with bulging eye balls.

## IFC Delegates

Dick Shoemaker and Dick McLaughlin will represent Youngstown University at a National IFC meeting at Colorado Springs. They are looking at a brochure describing the city.

Brother Don Myers is waiting for a very important phone call, which may change his future. Good luck Don!

## CHI DELTA CHI

Welcome back Joyce Bryan, Frankie Lichalk, Jazy Zemko, Bunny Noga and Terry Capuzello who have finally recovered from the flu.

The girls are all practicing making pizza for the coming party with Alpha Phi Delta.

Congratulations and best wishes to Madeline Scott and Dick McGowan on taking the fatal step.

A P.J. party was held at Jazy Zemko's house after the Chi Delt's took part in the "Postman's Walk" for Cerebral Palsy.

The Chi Delt's are proud to announce that they are holding their first dance soon. The "Plymouth Rock" is to be held around Thanksgiving. Co-chairmen are Joyce Bryan and Terry Capuzello. Some big entertainment is planned, so .... see you at the dance!

## KAPPA SIGMA KAPPA

Surprise! The 1922 Neon came out. Happy Days are here again!

It looks like the Kappa Sig's are on their way to a division championship in football. We heard a complaint that it was illegal to use boys who were suffering from midgetitis. Might be contagious, you know!

The bowling team looks good, too. They took four points last week to retain first place.

Congratulations to Brother Don Bergman on his recent engagement to Loreen Oswald. The big day will be next summer.

Old J.B. fired "Eight Wreck Wink" this week. Anybody need an electric

motor man?

The Cain brothers were so hard up for fans last Sunday, that they had to fast talk their wife, mother and grandmother into coming.

Those beautiful beards on some of the brothers are being grown for the 21st annual Sadie Hawkins Day. It will be officially pronounced by Mayor Kryzan on Nov. 15. A dance at the Eagles follows the daytime festivities. Mike Roncone is playing. There will be free cider and donuts. Try and make it. The Kappa Sig's guarantee a ball.

## ZETA PHI ETA

All the brothers would like to thank the Tri Sig's for the "wonderful, wonderful" time at their little get-together. Patty Jo's songs and patter were the highlight of the ball.

Zeta Phi marches on! This time on the way to football supremacy of Y.U.'s fraternities. Mel Klinger gathered the crew, at great expense (he's losing hair again), for wins over Alpha Phi Delta and Kappa Alpha Psi. The bowling team is on the heels of the leaders, too.

Congratulations to all the new sorority pledges.

Lots of luck to the Theta Chi's on their Harvest Moon Dance.

Tex wanted to see his name in print: Robert G. Martin. Satisfied??

## THETA CHI

The big thing with the Theta Chi is their 11th Annual Harvest Moon Dance which is November 23. Brothers Bill Beeman and Jir Trimble are co-chairmen for this dance.

Congratulations to Brother Sam Sanfilippo on the fine job he is doing at the Playhouse.

We got them!!! The '57 Neons are out and everyone is deliriously happy except us. Now we don't have anything to write about. Jack Menosky and John Andreyko deserve much applause for a job well done. One question: Doesn't it seem odd that the float that won First Prize for the 1956 Homecoming parade does not appear in the Neon?

Does Pat Quinlan's chin vibrate in UHF or VHF?

John Poulson!

This year's "Athlete of the Year" award goes to Bob King. He got from one end of the Snack Bar to the other in less than 5 minutes without spilling any coffee and without knocking over any coat hangers. Although it sounds unbelievable, it is true.

A new book of statistics is being compiled by Buck Gillespie, Ace Verdream and Pat Reardon.

Dick Shoemaker is going to Colorado with big Dick McLaughlin because Mac lost his glasses and "Shue" is going to lead him from conference to conference.

Bill Metzler and Mel Klinger are wearing their goatees upside down.

Sadie Hawkins Day is Nov. 15. Be sure and watch for it, its a fabulii event.

Jim Roof!

And there was the girl who sat home crying because her husband was out shooting craps and she didn't know how to cook them.

Bruce Bond!

Mogg's Meat!!!!

Who changed the Alma Mater, we didn't learn the old one yet.

Bill Wilson is writing a novel "I was a spy for an Insurance Company."

Anyone wanting to "Give their regards to Broadway" can do so via Dave Felger. Dave will forward your regards to Guby and Linda and all the nurses on the 11th Floor of Bellevue Hospital. Incidentally, Felger is available as a Hay Ride Driver.

What's this about Ken Hoffman walking through campus with a woman's purse?

After our two favorite authors had poured their collective literary geni over a column which would tickle your funny bone, our favorite typist lost the stupid thing just because she didn't get her name in. So 15 minutes before the deadline, we pulled the above out of the files. So, if you will excuse the lack of continuity and general lackluster appeal we will appreciate it. If you won't excuse it, we'd appreciate it if you wouldn't tell us. If you ~~last~~ tell, excuse us if we don't pay any attention to you.

Be sure and read the next column to find out who Barb Wentz voted for in the Homecoming election.

The best of luck to Brother Bob Hope on his engagement to Nancy Green.

The Theta Chi's hayride held last Friday was lots of fun and is sure to turn into an annual affair.

Last Saturday, ten Brothers went to Indiana State Teacher's College, Indiana, Pa. for the installation of the E.H. Chapter of Theta Chi.

Tuesday night, the Theta's had a wonderful rush party with Delta Chi Epsilon night school sorority at Willow Ranch. Everyone had a good time square dancing and of course, Brother Karl Mogg did some calling.

## ALPHA PHI DELTA

Well, it's good to walk into Ed and Tony's apartment and not be confronted by rabbits and balloons. Anyone owning rabbits and looking for rabbit food, keep an eye open for a yellow Plymouth convertible. There's a shovel in the trunk, pull up the front seat and take all you need.

Brother Frank Chivarella, while on his honeymoon, had a run in with the Florida authorities. It was something about running over and killing an alligator. Is that right, Frank?

With basketball season just around the corner, the program committee has been busy hustling and getting ads for the programs. Brother Tony Martino has assumed the tedious job of program manager. Anyone attending last season's games will surely remember the fine job of selling done by Brother Tom Fortunato and Al DiBaggio, his two assistants.

The annual bake sale is coming up and as in the past, a big suc-

cess is expected. Brother Ed Stizza could be quite an asset to the project if he could cook something other than spaghetti and soup. The Lakeside Brothers Tony Morano and Al DiBaggio are aces at cleaning and cooking fish, but to be expected, can't stand it.

Birthday parties as a rule, are a drag but Brother Tommy and Timmy's combined party turned out to be one that won't be forgotten for some time. Music was supplied by brother Mike Roncone's band and on record, mind you.

The pledge committee has been chosen with Brother Ettore Tranquillo as Pledgemaster and Brother Richard Ricci and Larry Tavolier as his assistants. A program has been set up, when carried out, will prove to be quiet a pledge season. Already, the members of the "Blackboard Jungle", Brothers Johnny Felde, Mike Roncone and Tommy Fortunato are outlining their tactics for a more humorous and nerve-racking campaign in carrying out pledging to its fullest extent.

## SIGMA PHI EPSILON

The Sig Ep Halloween party was held at the house last week. Patty Mason and Robot Zeigler won prizes for the best costumes. There were games, prizes, dancing, singing and fun for everyone.

The Founder's Day banquet commemorating the founding of the fraternity in 1901, was held at Heck's Restaurant in Columbiana, Nov. 1. Jack Uslick, the chairman, did a fine job and the affair was a huge success.

Congratulations to Ernie Gauld

## Drama Guild Plans Four One Act Plays

The Drama Guild of Youngstown University will present four one-act plays for their major production this year on Dec. 5, 6 and 7. These plays from the University of North Carolina's Folk Plays, will be produced by Mr. Foley and directed by four student-members of the Drama Guild.

The plays are as follows:

"The Ancient Heritage", which will be directed by Andrew Hamady. This play centers around a typical aristocratic New England Family that has gone to seed but too proud to admit it. This play requires four characters: two females and two males.

"Nancy Hanks Bondwoman", directed by Bunny Noga, is a legend of the great Smoky Mountains. Three females and two males are needed for this play.

A comedy, "Funeral Flowers for the Bride", will be directed by Joe Stasko. This comedy is another mountain folk play of the Blue Ridge Mountains. It requires two females and two males.

"Mourners to Glory", will be directed by Dennis Bryon and requires an all Negro cast consisting of five males and females.

Tryouts for these plays will be in Room 112 on Nov. 8, 11, and 12. Final casting will take place Tuesday, Nov. 12. The Drama Guild urges all students interested in the stage to come into Room 112 and try-out for any one or all of these plays. We also ask all those people who are interested in lighting, costuming, make-up, or properties to stop into Room 112 and offer to work on the technical production of these plays.

Any student of Youngstown University, whether a full time student or part time student may try-out for these plays.

## Poems Published

(Continued from Page 1)

out the United States. They will be on sale locally shortly. Emphasis will be placed on sales to teachers for classroom use as well as to individuals for children at home.

Born in India in Shahjehanpur (The City of the King of the World) in 1881, Prof. Bare is the son of the late Dr. Charles L. and Mrs. Bare, both of whom were missionaries in India for 45 years. Dr. Bare was president of Lucknow Christian University, Lucknow, India, for approximately 20 years where he taught and prepared Indian students for Cambridge University examinations.

Came To YU in 1928

Prof. Bare came to Youngstown University in September 1928, the second year after the establishment of the day college. He came here from Indiana where he was at the time state inspector of Indiana State Charities with offices in Indianapolis. Prior to that time he had had 24 years teaching experience in high schools, private schools and colleges.

Prof. Bare is a member of the National Association of Composers, Authors, and Artists of America; Sigma Tau Delta National Honorary English Fraternity; The American Psychological Association and the National Vocational Guidance Association. He is a former member of the Ohio honorary society of poets, The Singing Quills.

Copies of the book may be obtained at the University bookstore at the price of \$1.80 for students. They may also be obtained at Strouss-Hirshbergs and McKelveys.

## Super Sub!

It's been said that the atomic submarine "Nautilus" stays submerged so long that it only surfaces to let the crew re-enlist.

Perhaps for this reason, the Navy has taken valuable space aboard the "Nautilus" for the only soft-drink vending machine in the entire submarine fleet.

Naturally (or you wouldn't hear about it from us) it's a Coca-Cola machine. And not unexpectedly, re-enlistments are quite respectable.

Rugged lot, those submariners. Great drink, Coke!

Bottled under authority of The Coca-Cola Company by

COCA COLA BOTTLING CO. OF YOUNGSTOWN, O.

SIGN OF GOOD TASTE

## Dr. Dustheimer

(Continued from Page 1)

man as well as by the professional astronomer. His series "Travels Through Space" has been called by radio and television producers "one of the early mile-stones in the development of a new form of visual education."

Known As "Dusty"

Dr. Dustheimer, known on radio and TV as "Dusty" Dustheimer, showed on his programs his own star charts which drew as many as 250 requests for these charts per week from listeners. WTAM purchased 50,000 of the star charts and sent them to practically all states of the United States, Canada and to many foreign countries as

Dr. Dustheimer has had valuable training and experience in the fields of mathematics and astronomy. He has his B.S. degree from Ohio University, his A.M. from Clark University, and his M.S. and Ph. D. from the University of Michigan. He has served as professor of mathematics and astronomy at Baldwin-Wallace College, Berea; president of Baldwin-Wallace Science Seminar; instructor in meteorology, Cleveland Institute of Aviation; special lecturer at Adler Planetarium, Chicago where 83 lectures were given; special lecturer at Hayden Planetarium, New York City where 200 lectures were presented, and as a member of the Detroit Observatory staff of the University of

### Had Straight A's

Dr. Dustheimer made almost a straight A record in his work toward his doctor's degree, only once dropping to a B plus low.

Actively interested in athletics, Dr. Dustheimer was president of the Baldwin-Wallace athletic committee for 28 years and chairman of a special committee to revise the rules and regulations of the Ohio Athletic Conference, 1932-34.

Dr. Dustheimer is a charter member of the Mathematical Association of America and has been a member of the Royal Astronomical Society of the Canadian Provinces, Astronomical Society of the Pacific, American Astronomical Society, Phi Kappa Tau social fraternity, and many other organizations. He organized the Star Gazers Club in Cleveland with more than 5,000 members.

## Greeks

Continued from page 4.  
and his pinmate Jean Elliott.

Monday, Nov. 4, the first rush party was held at the house. Tonight the Sig Ep's are having their second party, also at the house on Bryson. We hope everyone enjoys this party as much as they did the last one.

Have you noticed a man who gave his right hand for his fraternity. Yes, John Tudhope made the sacrifice. If you don't believe it, see John and his cast.

### BETA SIGMA OMICRON

The welcome mat has been extended to six lovely girls who will carry the title of Beta Sigma Omicron Pledges for the next few weeks. These girls will use for their motto "Service to Actives Always". Welcome Priscilla McConnell, Sonny Lyninsky, Barbara Daley, Joann Diana, Kay Miller and Marylee Sheaffer. May you be the best pledge class ever. By the way Gorry, did you think of that motto?

Games and songs were dominant when the Phi Gam's and the sisters held a party the night before Halloween. Sally kept singing her new fight song (that's a song??) and a few others were interested in learning to play games. The directions for the games, especially a certain animal game, were so difficult to comprehend that the group danced and danced and danced instead.

It was reported that Barb Niesen finally crossed Market Street after waiting 5 1/2 hours for the traffic to let her through.

Congratulations to the bicycle winners and to all the fraternities on their fine participation in intramural football. Greetings are sent to Louise Gossick who finally got her driver's license. Also to Fran on her good letter in the Youngstown Vindicator. We agree with you a 100%. Good luck also on your bid for an office in the senior class.

### PHI GAMMA

The first rush party was held at the room on Nov. 5, a stag affair and the second party will be held Nov. 12 with a sorority.

The Phi Gam's and Beta Sig's held a party at the room last Wednesday night. The P.G.'s wish to thank the Beta Sig pledge class for their gift to the fraternity. The trophy will be a welcome addition to the atmosphere of the room.

The halloween party on Oct. 26 was such a great success that the P.G.'s want to have a halloween party every week. At the party, Herb Bartelmay lost his head and won first prize for the best costume.

Dick McLaughlin is packing his suitcase with long johns, skis and snow shoes for a trip to Colorado Springs. The brothers wish Mac a good trip to the IPC convention. "No sweat on this".

The football team won their first game of the season 3 to 6 over Alpha Phi Delta. The boys really excelled on defense. The first team composed of Larry Baytos, Jerry Munno, Frank Nannicola, Art Moore, and C. DeBene are now in training which means no smokes, no parties and no dates. They may not have a good time but they are living good.

### NU SIGMA RHO

Come one! Come all! To the Nu Sig Stomp and have a ball ... at the Strouss Auditorium, tonight. The dancing will be from 8 to 12 with the highlight of the dance being the crowning of Miss Freshman of 1957. Be sure and make it tonight.

The Nu Sig's defeated the Sig Ep's a few weeks ago, through the efforts of Ace Verdream, Bill Baker, Bob Bucceri, John Andreyko, Ron Wolfgang, Pete Torek and Ed Hritz. However, the back-tweaving

team is slipping, they're running out of straw.

Nu Sigma Rho's fraternity house was visited by the goblins, witches and Frankenstein-Lew Mirage, last Friday at the annual Halloween party.

The fraternity house will soon have its own library, complete with librarian, Tom Knight.

### PHI MU

Phi Mu is happy to announce their two new pledges, Bootsie Gifford and Mary Lou Moss.

The girls are busy planning a tea for their district president, Mrs. James O'Hara, who will be visiting them on Nov. 7 and 8.

Lots of luck to Mary Young and Betsy O'Neill who are pledging APE service sorority. Bootsie won't be too hard on you though, will you Bootsie?

The Phi Mu's all had a great time at the party with the Pershing Rifles last Friday night.

The apartment is coming along fine and with pledges, it will really sparkle.

### TAU KAPPA EPSILON

Congratulations to the bowling team which is tied for second place. Frank Bogan has the highest average and also, high game in the tournament. Keep up the good work, men.

The football team, down but not out, lost their first game to the Kappa Sig's last Sunday. Better luck in the future.

The first rush party last Monday evening was in the form of an informal smoker. An insight into the fraternity system was given by our rush chairman, Frater King and President Dave Houlihan. To the rushees: the men of Tau Kappa Epsilon extend the best of luck and success at Youngstown University.

The men of TEKE held their second annual Mother's and Father's Banquet Sunday evening. It was a wonderful experience and will be remembered for a long time to come.

Last Friday night a goodly number of men met and belatedly serenaded the girls of the men who had recently been pinned. What a sneaky way to get in shape for the Greek Sing.

The TEKE-AOPI skating party proved to be a real smash and lots of fun. Skating was followed by the "lighter" refreshment (fire brewed at 2000°).

### SIGMA SIGMA SIGMA

Tri Sigma proudly announces their new pledges for the fall semester. To Peggy Lou Dignan and Monica Campbell go the Sigma wishes. Many thanks to rush chairman Betty Lou Storey and to Martha Clark and Judi Engelhardt for the successful rush parties.

October 24 was the date of the Kappa Sigma-Tri Sigma's party and what a party! Celebrating birthdays of the week were John "Wink" Winkle, Mary Levy, Brian Donnelly and sister Carol Crishal and Shirley Pavlov. How's Bruce Bond and Bill Holt singing "Short Fat Fanny" for a birthday song?

Congratulations to sisters Joanne Kaschak, Dorothy Daly, Martha Clark and Shirley Pavlov who have become pledges of Alpha Pi Epsilon Service Sorority.

The Tri Sigma's had a great time at the Zeta Phi Eta party last week. Mel Klinger and his ukelele started the singing and from then on, it was "Pub" and "Tex" with their fabulous jitterbugging.

The sisters are now anxiously awaiting the arrival of Mrs. Robertson Page, National Pan-Hellenic Council Delegate of Tri Sigma for a general inspection tour.

Taking ballet lessons now are sisters Joanne Kaschak and Patty Jo O'Brien and for Dorothy Fabiny, it's something new, the mambo!

### ALPHA OMICRON PI

If there is anything the AOPI's like better than yellowknee sox, it's red knee sox when worn by their pledges, that is. Phi Lambda Chapter's first pledge class includes pledges Joan Kristin, Dorthi Pickstone, Jackie Rees, Terry

Hreno, Peggy Higgins, Carolyn Burr and Judy Puce.

A "Heaven and Hell" party (that was the theme) was attended by Geri Zeller, Sandy Bailey, Sandy Marinelli and Pat Hrinko, who visited Ohio University as guests of Beta Theta Pi Fraternity last weekend. From the way the girls raved on, these men must be really terrific. We are looking forward to the Beta's return visit.

The annual Sweater Dance is coming up on November 27 (Wednesday before Thanksgiving) at the Eagles Hall and the usual two-collegiate sweaters will be raffled off at intermission. Marlene Betras and Geri Zeller are still in the midst of arrangements but if it's anything like last year's dance ... you won't want to miss it.

Painting the town black and blue were the Teke's and AOPI's and pledges as they skated through an unforgettable party in Sharon. Skates are easy to get but what do you do after they're on? Why not ask Angie Stizza?

We are looking forward to Kappa Sig's Sadie Hawkins Chase and Dance on Nov. 15. Overheard, "Hope I can catch a man, this year, ma!"

*Highbrow: One who can listen to the William Tell Overture without thinking about the Lone Ranger.*

## "I'm in a business nobody dreamed of three years ago"

"In a company that develops new ideas by the thousands," says 30-year-old William K. Cordier, manager of General Electric's Man-Made Diamond pilot plant, "a young man's career progress need not be limited by his particular field. In my five years with General Electric, I've gained valuable experience in several different fields, and each assignment has helped me to move ahead. Right now, I have an exciting job. I run the world's first diamond-making plant — a business nobody dreamed of three years ago."

### Diamond Making a Reality

The job Bill Cordier holds is an important one, created because General Electric has the scientific and technical resources needed to seek out new knowledge and swiftly translate it into products that people want and need. In 1955, the company announced a major scientific breakthrough — the production of real diamonds in the laboratory. Today, little more than two years later, General Electric is making and selling quantities of these diamonds for civilian and defense use.

### Achieving Three-Way Progress

General Electric's ability to take on and solve big problems — in research and development as well as every phase of production — is constantly creating challenging new opportunities for the 29,000 college graduates at the company. As we see it, by providing a healthy climate for a young man's self-development in whatever area he may choose, we encourage not only his own progress, but that of the company and the nation as well.

Educational Relations, General Electric Company, Schenectady 5, New York.

WILLIAM K. CORDIER received his B.S. in Mechanical Engineering from Purdue University (1949). He joined General Electric's Metallurgical Products Department in 1952.

Progress Is Our Most Important Product

**GENERAL ELECTRIC**

# Jet's Jargon

BY JOHN E. TUDHOPE

Upsets, upsets, upsets. There in a nut shell is the condition of the college football picture. If there wasn't an upset in many of the games they were too close for comfort. This naturally isn't true of all of the games but is especially predominant in the games played by the top rated teams.

Michigan State and Minnesota were two that fell victim to the upset bug. Iowa, Ohio State and Oklahoma barely got by in some of the games. As a result Texas A&M was placed at the top of the heap. It's anybody's guess as to who will tumble next.

A few weeks ago we picked Minnesota as a power in the Big Ten. On paper the Gophers looked as good as any team that was ever produced up at Minneapolis and there have been some good ones. Against Illinois and Michigan they would have been better to stay in their holes.

### Defense Was Tom

What the Illini and Wolverines did to them shouldn't be done to a mother-in-law. The Gophers defense was torn to shreds and the once-feared offense displayed earlier in the season sputtered and coughed like a V8 engine running on one cylinder.

Oklahoma had a very difficult time with the Colorado Buffaloes before finally eking out a victory. While we are on the subject of Big 8 football an event occurred last week that showed the affect that the Sooners have on the other teams.

Chuck Mather, the Kansas coach, resigned because of pressure from a plight that all coaches suffer - the disease called Alumni. What in the world do the Kansans expect when the only real players that he had were brought from Massillon, Ohio. The farmers out there must not like contact sports because they sure don't produce good football players.

### Split T Was Introduced

A few years ago the split T was introduced with the option play as the mainstay of the offense. This was regarded as the hardest play to stop, but have you noticed this year how the coaches have stopped it effectively? Trying to run the ends now is worse than bucking a subway crowd during the rush hour.

There appears to the runner now more tacklers than he can cope with. The defenses have opened up and flood the areas and still maintain a tight middle to stop the plays there. This was particularly noticeable in the Minnesota-Michigan game and in the pro league in the Browns-Cardinal game.

Michigan stopped the Gophers every time that they tried it, and the Browns, playing against the only team in the league that actually uses the play, hog-tied the Cards. This is an achievement that was attained only through many years of frustration.

### Season Is Over

Football is almost over and we can again look forward to a long basketball season. Kansas again should be a team to reckon with because of the Philadelphia skyscraper, Wilt Chamberlain. The rest

## Gridders Both Four Year Stars

These former All-City stars have risen to even greater heights in college. Both hope to play pro ball. They are Dave Kimmel and Jim Vechiarella.

## Vechiarella And Kimmel Are Among YU's Finest Gridders

The 1957 edition of Coach Dike Beede's football squad boasts two of the finest gridders ever to don a Youngstown jersey. Left halfback Dave Kimmel and center Jim Vechiarella, both seniors and 4-year lettermen, are both vying for repeats of numerous honors received last year.

Kimmel has been the nucleus of the Penguin backfield. The famous number "21" streaked across the turf for 940 yards last season, finishing among the nation's top five rushing leaders.

Until the recurrence of his heel injury last month, Dave had been the NAIA's top ground-gainer for the initial four weeks of gridiron action this season. He broke his former school record when he rolled up 208 yards in this season's contest with Eastern Michigan.

### Played Three Full Games

Even though Dave has played only about three full games this year, his 600-plus yards gained still place him very near the nation's top spot. Looming ahead is that 1000-yard marker, which Dave would like to reach before the end of the season. Should Kimmel eclipse last season's performance, he will have gained nearly 2500 yards in collegiate action.

In 1956, he was a 2nd team choice on Williamson's National News Service-middle bracket All-America squad, on I.N.S. third team selection and gained honorable mention on the Associated and United Press

## Bowling League Is In Deadlock

A late report has the Intramural Bowling League in a three-way deadlock as of Sun., Nov. 3. Theta Chi's Newman Club, and Kappa Sigma Kappa are all tied for the top spot in a gruelling battle for honors.

of the top teams are anybody's guess. You pick them; I don't have any success along those lines.

It will be good to see Lou Boudreau back in a Cleveland Indian uniform next season. Greenberg must think he has to make amends to the Cleveland people and is starting to do it now; much too late. It seems odd that he can still go on with his work even though he is through. Why doesn't he just leave town for some quiet place like Anchorage, Alaska or Thule, Greenland.

Little All-America squads. He has gained All-Ohio teams in both high school and college.

Dave has been approached by over a dozen professional football squads, this list including some from the Canadian Professional League. Kimmel has indicated he would like to take a crack at Canadian football after graduation.

### Is First-String Center

Jim Vechiarella, Penguin's first-string center for the last four years has been like the Rock of Gibraltar on defense. Jim especially deserves credit for his ability as a linebacker. "Tackle by Vechiarella" is a familiar comment by the announcer at the game. It would be conservative to say that he has a hand in about half of all tackles made. One would have to see him in action to prove this to himself.

On pass defense, Jim showed his ability to intercept a pass and race for a touchdown. He intercepted a Mount Union pass in 1954 and went 50 yards for the score. Last year against Marshall he showed his alertness by falling on a blocked punt in the end-zone for a T.D.

### Beede Praises Him

Coach "Dike" Beede has made this statement about him -- "He ranks among the best we've ever had. Pound for pound he is as good a football player as they come anywhere."

Jim is the Co-captain of the team along with Dave Kimmel. Last year he helped captain the team with Dom Delsignore.

Going over Vechiarella's record reveals that he is a real prospect for Little-All-America honors. Jim first received recognition for his talents at Rayen High, where he was chosen All-City tackle by the YOUNGSTOWN VINDICATOR. He was also selected to the second string all-state squad. Jim then received a bid to play in the Ohio high-school all-star game. He made good on this bid by missing the most valuable player award by one point.

Coaches from many big schools such as Notre Dame and Ohio State approached him, but he enrolled at Youngstown U. in 1954. In collegiate action he really has shown outstanding prowess. While only a

# The Grapevine

By RON VANATSKY

Youngstown University gridders make their last appearance at home this season when they tackle the always rugged Gustavus Adolphus aggregation from St. Peter, Minnesota, tomorrow evening at Rayen Stadium. The locals topped the Gusties, 13-0, in last year's contest. This marked the Penguin's fifth consecutive conquest of the squad that has captured 15 conference championships in the past 30 years.

The Gusties have compiled the almost unbelievable record of 80 wins, 19 losses, and 4 ties in the past 13 seasons. Six of those setbacks came last season! The fact that the Penguins have inflicted five of the 19 losses will have the Northerners aiming for revenge in tomorrow's tilt. Gustavus-Adolphus is 2-5-1 in the series with Youngstown, which was initiated in 1948.

The Ebony-and-Gold, having stressed running power in the past, are now starting to mix in a few passes, so the airlines may see heavier action than usual. Quarterback Swiggum should be one of the boys to watch closely. The flashy junior was the Gusties' second leading ground-gainer last season.

Bringing as usual, another big forward wall into the contest, Kimmel, Carter, and company will have to be especially quick to break through the strong defense. By the way, this will be the last chance for Penguin fans to see the four fine seniors in action, namely, Ron Stoops, Dave Kimmel, George Saadey, and Jim Vechiarella. These boys will leave many lasting memories with area fans. They are to be congratulated for their success with the Penguins.

It will be of interest to Y.U. students to note that the only previous Little All-America selection, prior to last year, from a Penguin football squad, was "Bull" Rosselli. As most of you may suspect, "Bull" is a brother of the Penguin cage mentor, Dom Rosselli, last year's choice for Ohio coach of the year.

"Bull" gained All-America honors in 1940 as a sophomore. He was All-Ohio as a freshman and sophomore, and, had he not left school after two years, almost certainly would have been the only griddler in the history of Ohio collegiate warfare to make the All-Ohio squad four times.

"Bull" is now doing structural iron work out West. He and his family presently reside in Puente, California, just outside of Los Angeles. The Rosselli brothers certainly have done more than their share in enriching Penguin athletics.

Another distinguished alumnus of Y.U. Tom Campana, is very active in grid circles not too far from here. Campana, erstwhile Penguin great, is serving his second season as high school football coach at Ravenna, Ohio. After copping five of nine games last year, the Ravens have bowled over six opponents, yielding but three touchdowns, so far this season.

Junior, he received honorable mention on the All-Ohio team.

Vechiarella has received offers to play professional football, these bids coming from the Philadelphia Eagles and the Pittsburgh Steelers. When asked about it, Jim said, "I would like to play more than anything." Jim would surely make a valuable addition to any professional squad.

## Western Michigan Thanks Penguins

A letter to Youngstown University thanking the Penguins for accepting a hasty bid to play Western Michigan in their homecoming tilt has been received at the University. Y.U. athletic director Willard Webster did a magnificent job in arranging all the pre-game details in a few hours.

## WRA Sponsors Tournament

The W.R.A. is again sponsoring their annual Co-Recreational Volleyball Tournament. The tournament is scheduled to begin Nov. 4, but teams can be entered after that date.

Zeta Phi Eta and Beta Sigma Omicron, last year's winners, will be ready to defend their title. All Greek and independent teams are invited to participate. Further information can be obtained at the Women's P.E. Building or from Judy Johns.

All girls wishing to join the basketball club can now sign up; see either Ann Schmidt, Emily Hura, or Marilyn Yurak. Velma Burris, social chairman, has several social events planned for the near future.

## Cagers Prepare For Season

Coach Dom Rosselli's Ohio State NAIA champs are in full swing with their workouts at South Field House. With all but possibly two of last year's squad returning, plus several outstanding freshmen, the students of Youngstown University can look forward to one of the most exciting basketball seasons ever.

The outstanding combination of the Atterholt, Moore, Yugovich, Taylor, and Lake, last season's first team, figure to be very well backed up by more than half dozen returnees, all experienced and very capable.

The other veterans include John Melfi, Tom Steele, Charley Pusin, John Georges, Lou Fortuna, Frank Guarnati, Charley Bushman, Phil Guilliano, Al Lampkins, Jerry Pierce, and Jim Cramer.

Newcomer Dick Matasic, former Chaney High Star, gives the squad added height. Outstanding prospects in early drills are Jim Gordon, from Washington, Pa., Jerry Fitzpatrick of New Castle, Bob Mathews from Wampum, Pa., and Bill McCabe, a Boardmanite. Another freshman is Tom Masure, cousin of the Penguin grid great who recently graduated. Tom hails from New York City.

A customer went into a barber shop. "What's the idea of your hands being dirty?" he asked the barber.

"Nobody's had a shampoo today," confessed the barber.

### Penguins Lose To BW, 19-14

The Youngstown University Penguins dropped their fourth tilt of the season, 19-14, to the Baldwin-Wallace Yellow Jackets last Saturday at Rayen Stadium.

After the opening kick to BW, Youngstown University took possession of the ball on their own 46. Q.B. Frank Hanzes calling signals, moved the Penguins to the Yellow Jackets 30 where he connected on a short pass to Mike Giambattista who went into the victory lane standing up. Jim Higham added the extra point.

The Jackets then fairly well controlled the Y.U. offensive, scoring themselves late in the first quarter. BW moved from their own 30 to the locals 15 where Chuck Brady tossed to Barret who made the TD. The extra point was good to make it 7-7.

Move To Paydirt  
In the late minutes of the third stanza the Yellow Jackets moved to the Penguins' eight. Dick Overla scored from there to make it 13-7.

Dave Johnson capped a 39 yard drive in the third period with a five-yard run. Higham kicked the P.A.T. to give Youngstown a 14-13 edge.

The Penguins threatened again late in the third quarter when Mike Santor run to inches short of the T.D. line was nullified by a holding penalty. The Penguins regained the penalty yardage moving to a first down of the BW 4 where Pat Ragazino scooped up a Santor fumble for the Jackets. Baldwin-Wallace then marched 96 yards to pay dirt, Bill Attewell going over from the five to put a six point clincher on the evenings' scoring.

This was the first time since 1951 a Yellow Jacket squad has downed the Penguins.

### Gridders Tackle North Texas State

The Penguin gridders tackle rough North Texas State college at Danton, Texas, next Friday, Nov. 15. Coach Odus Mitchell plans to have his squad in good shape for the locals, who will fly to the game.

In last season's contest at huge Fouts Field, the Penguins went down by a 19-12 count. North Texas State finished the 1956 season with a sharp 7/2/1 slate.

### Entrance Exams Offered By Gov't

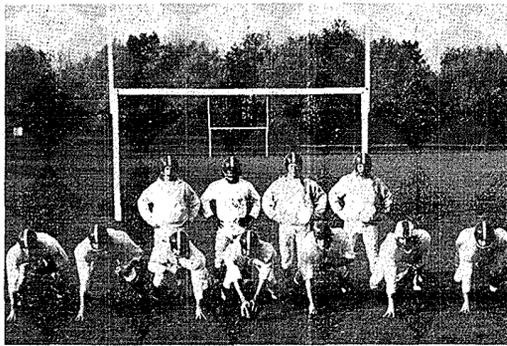

To further improve its position in the competition for talented college people, the Federal Government is opening its Federal-Service Entrance Examination this year to college juniors in addition to seniors, college graduates and others of equivalent experience.

Also, job appointments, effective after graduation, may be offered the juniors if they pass the examination and their names become available on the lists of eligibles to be established. As in the past, such job offers may also be made to seniors.

The first Federal-Service Entrance Examination to be held since the change is scheduled for November 16, the Commission said. Subsequent examinations will be held in January, February, March, and May 1958.

The examination, first given two years ago, is designed to help fill the Government's yearly need for more young people of college-caliber who can be placed in jobs

### YU's 1957 Football Squad

Most of these players will be in the starting lineup tomorrow evening in the Gustavis Adolphus tilt at Rayen stadium.

at the entrance level and who have the potential to develop into the top managers, technicians, and specialists of the future. Positions filled through the examination are in almost every kind of work.

The Commission emphasized that Government needs for college-caliber people are increasing each year despite any overall reductions in the Federal work force that may occur at any one time. Although turnover in Government compares

favorably with that of private industry, its effect on the large work force needed by modern government is such as to require that from 200,000 to 300,000 job appointments be made each year.

The increasing complexity of many of the jobs to be performed is requiring that each year a greater number of them be filled by college-caliber people.

## ROTC - Attention!

By Bob Amodio

The Youngstown University ROTC will present its annual inspection tomorrow night during halftime of the Youngstown University football game. The reviewing party will consist of Dr. Howard Jones, President of Youngstown University, William Haig Ramage,

Chairman of Board of Trustees, Youngstown University, and Lt. Col. O.R. Hummel, P.M.S.T. of Youngstown University.

Each week I'm going to try and run an article on either a company or some other organization of the corp. This week's article will consist of news about the Pershing Rifles.

On the 18th and 19th of Oct. 1957, four delegates of Pershing Rifles attended a national assembly in Cleveland, Ohio. Accommodations were arranged in the Tudor Arms Hotel for delegates from all over the United States. The men representing company P-1, Youngstown University, were Co. Commander, Capt. Robert Holinbaugh; Pledge Officer, 1st Lt. Anthony G. Chila; 1st Sgt. M/Sgt. Robert Hunter; Clerk Stc. Thomas Ilas.

After all business was concluded there was a banquet and Military Ball, which was held in the Tudor room of the hotel. It is unofficial as yet, but company P-1 with Company A-1 Ohio State, were invited to represent the 1st Regiment in the

First Inter Regimental Drill Meet in New York. Final confirmation of this invitation is being awaited before doing anything definite.

Pershing Rifles here at the university have already made their debut at homecomings, parades and drill meets. Among these were the Youngstown University Homecoming, Halloween Parade, Rayen Homecoming, and last week a party with the Phi Mu's. You can look forward this year to seeing many spectacular happenings from company P-1 Pershing Rifles.

Before I close the column for this issue I would like to thank Cadet Maksimowski for the Pershing Rifle news. So once again, this is your old "general" nuisance signing off.

Stop praising a woman and she thinks you don't love her any more; keep it up and she'll think she's too good for you.

# Sticklers!

WHAT'S THE RESULT OF A GLEE CLUB REHEARSAL WITHOUT A LUCKY BREAK?  
(SEE PARAGRAPH AT RIGHT)

**MUSIC MAJORS!** Know how to change a glee club from a loud crowd to a lyrical miracle? Simple: just promise 'em a Lucky break! A Lucky's light smoke—the right smoke—for anyone. It's all cigarette—all fine tobacco! And that naturally light, wonderfully good-tasting tobacco is toasted to taste even better. Hold your rehearsal without a Lucky break, and you'll get nothing but *Choir Ire!* Chorus: Light up a light smoke . . . a Lucky Strike!
