Semicentennial

Friday, April 18, 1958

Youngstown, Ohio

VOLUME 33 NO. 6

## 'Der Freischutz' To Be Presented By Dana

### Phi Gamma Popularity Dance Planned For Idora Ballroom

The 12th annual Popularity Dance, sponsored by Phi Gamma fraternity, will be held April 26, at Stambaugh Auditorium Grand Ballroom.

The dance is held each year in honor of the most popular man and woman on campus. This year, for the first time, the winners will be presented with the Phi Gamma "Popularity Awards" during intermission. The fraternity plans to make these awards an annual event.

Voting for the "Most Popular Female" and "Most Popular Male" will be conducted by Student Council on Tuesday and Wednesday, April 22 and 23. Any full time student is eligible to vote. There is to be no public campaigning for the candidates. Winners will be announced at the dance.

The orchestra of Nick Barile will play for the dance. Dress is informal and the public is invited. Dancing will be from 9 to 1. Steve Goryanec is chairman of this year's dance committee.

### Sigma Phi Epsilon Plans Open House

Sigma Phi Epsilon fraternity will hold an open house reception Sunday, April 27, from 3 to 5 and 7 to 9 p.m. The event will be the first of its kind that the fraternity has sponsored since their purchase of the new house at 646 Bryson.

The reception is open to the public, and invitations have been extended to all full-time faculty members and university administrators. Coffee and cake will be served to the visitors by the Mothers' and Wives' club of the fraternity.

### First Nondepartmental Honor Society Organized

Youngstown University has inaugurated a new honor society, the first nondepartmental society in the history of the University. The purpose is to recognize and encourage outstanding students who distinguish themselves through high scholastic achievements while pursuing a liberal education.

The Clarence P. Gould Society has been named in honor of Dr. Clarence P. Gould, retired head of the history department.

Any student of the University who has done a minimum amount of work in the liberal arts and sciences is eligible for elections to the society. Students elected must fulfill the following requirements: They shall be seniors who are candidates for graduation and whose major field of study is one in the College of Arts and Sciences.

Their point average for all of their college work shall place them in the upper ten percent of their class and shall not be below 2.5, where a perfect record is to be 3.00. Their record must demonstrate that their course of study

Dana School of Music will present 'Der Freischutz' tonight and tomorrow night in Strouss Auditorium. Shown rehearsing for the performance are (l-r), Ronald Hatch, Phoebe Woodward, and Gary Glaze.

### IFC Sponsors Campaign For Library Book Drive

I.F.C. is presently in the midst of a money raising drive for the University Library. The primary purpose is to purchase needed books for the school. The council is presently sending five hundred letters to professional men in the city and asking for donations.

Dick McLaughlin president of IFC stated, "I appreciate each fraternity making time out from parties and dances to realize their obligation to the university".

Each fraternity man is contacting (Continued on Page 5)

has not been narrowly specialized, but has included a sufficient number of courses in both arts and sciences to indicate a range and depth of study.

### RIL To Meet On April 20

Rev. Hundson Cary of St. John's Episcopal Church will speak at the regularly scheduled meeting of Religion In Life on Sunday, April 20. The meeting will be held at the First Christian Church at 8 p.m.

Rev. Cary will speak about his experiences in Japan and other oriental countries. A reminder that Chapel Services are still being held every Wednesday from 12:00 to 12:20 p.m. at St. John's Episcopal Church.

### Opera To Have Premiere Performance In English

The American premier of Thomas and Ruth Martin's translation of Carl Maria von Weber's romantic opera, 'Der Freischutz', will be presented by the opera workshop of the Dana School of Music on April 18 and 19, at 8 p.m. in the C.J. Strouss Auditorium. Dr.

### Art Gallery Displays Student Exhibits

The Annual Student Art Exhibition is now being held at the Butler Institute. The theme of the show is of a contemporary nature with works in all mediums being displayed. Art works were accomplished by members of the Art Department under the instruction and guidance of the Faculty of the Dept.

Judging was held Fri. April 4, and awards were presented by the Judge, Robert Morrow of Kent State University, to students working in various media.

**Students Presented Awards**  
In the "Best in Show" category, first place went to "Journey" an oil painting by Verna Chambers. Second place was topped by "Big Island" an oil painting by Glenn Spillmen.

City Office and Art Awards went to: first place, a string mobile by Jan Burgermeyer; second place, a glass mosaic by Ruth Warms, and third place a series of drawings by Sandy Stephen.

An abstraction in oils by Jan Burgermeyer was awarded the Spanish Club Award. The Art Club Award went to "Aged," a woodcut by Glenn Spillmen.

Public Viewing Invited

The show is open to the public until April 26 and all are invited to see the exhibition. Prof. Jon Naberezny, head of the University Art Dept., made the comment that, "this is the best show that has been presented by the department, because of more students of better quality. With the new students, the future looks even brighter."

Mark Dolliver, Jr., will be the musical conductor of the opera and Mdm. Cleve will be the producer.

"Der Freischutz," (The Free Shooter), was the first German opera of its type. According to Mdm. Fanny Cleve of the Dana faculty, the composer dispensed with the Italian style of composition, and incorporated dialogue within the musical form. This new mode of composition gave rise to an abundance of great works such as Oberon and Euranthe, which achieved for Herr von Weber a reputation of lasting magnitude.

Added to the distinction of presenting a "first" during the University's Golden Anniversary Year, the audience will witness the opera's prologue for the second time in its history. The only time Der Freischutz was performed in its entirety was at the State Theatre in Lubeck, Germany in 1889. After that, upon a suggestion from the composer's fiance, the prologue was consistently omitted. This omission has long been felt to be of great significance for the full appreciation of the work. Consequently, the workshop's pro-

(Continued on Page 5)

### Student Receives Wilson Fellowship

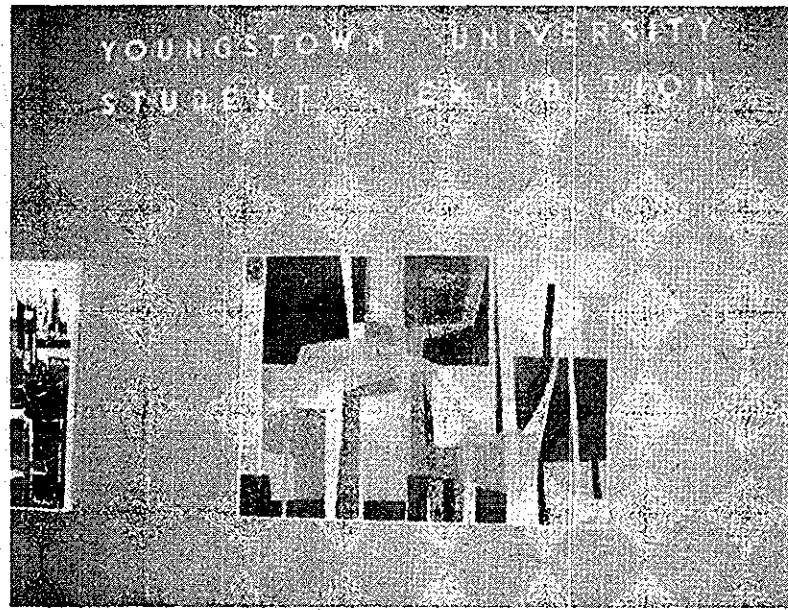

A Woodrow Wilson Fellowship has been awarded to Patrick Gargoline for a one year period. Gargoline, a senior in the Liberal Arts School plans to use the fellowship to attend Columbia University in New York City where he will study Hispanic Philology. The fellowship, which pays tuition plus \$1400, was made possible by the Ford Foundation, and is awarded to top-flight students preparing for college teaching.

The winners of the awards were selected by members of the Academic profession. The awards were announced by Richard C. Boys, the national director of the Fellowship Foundation, at the University of Michigan. The Fellowship was started at Princeton in 1945 and placed on a nationwide scale in 1952 under the direction of the American Association of Universities.

Nominees for the awards are selected from 15 regions in North America by about 100 regional members. Final selection was made by the national committee which is made up of the Deans of Eight Graduate schools and two Liberal Arts professors.

The national selection committee awarded the grants to 1080 men and women from a total of 6000 applicants. The total grant for the year amounted 2.7 million dollars in 34 major divisions of learning.

### Art Exhibit

Art students of the University have a display of some of their work at the Butler Art Gallery. The painting show here is only one of many displayed.

## The Campus Voice

By

Shirley Pavlov Sam Santilippo

As a student of Youngstown University, do you think we should have weekly editions of the JAMBAR?

Mary Louise Creed

I do think we should have weekly editions. Very often a great part of the feature stories are no longer news items, but history. If the Jambor did come out weekly, it would have to be smaller, but this would enable the staff to get a more complete and up to date coverage of YU events. As it is now, the paper is long enough, but it would be worth cutting the size for time-  
liness.

Frank O'Block

I am definitely in favor of a weekly edition of the JAMBAR. On a number of occasions popular news occurring immediately after a publication does become uninteresting before it reaches print. A weekly edition would eliminate this. Advertising weekly campus events would benefit both students and the event itself, if weekly editions were published. Yes, I believe that weekly publications would be more beneficial to the campus student than the bi-weekly publications.

Maxine Pisegne

The JAMBAR definitely should be published weekly! There are so many part-time students and commuters that the JAMBAR is their only source of information about the activities at Youngstown University. News would be news rather than history. More activities would receive their publicity with the increase of editions. Practically all college papers, which are of any value, are published weekly. I can truthfully say that the JAMBAR could be one of the best. Let's have it every week.

Al Fortine

I think the JAMBAR should definitely be changed to a weekly newspaper. A weekly would allow much more spontaneous and complete news coverage than those articles that would be either too premature or too out of date to be published in a bi-weekly. This would lead to a better informed and therefore a more active student body.

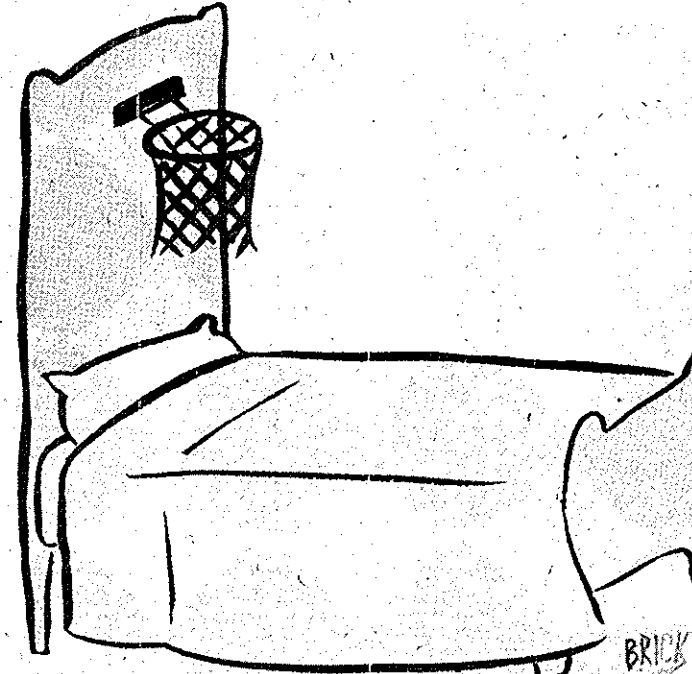

In order to determine the feelings of the student body towards a weekly JAMBAR, please sign your name and indicate your choice.

## ENGINEER'S ANGLES

by Fred Davis and Ed Bair

We thought that we would start this column off a little different this week. So here is a problem for all students who are physic whizzes. With a muzzle velocity of 800 ft/sec at a distance of 20 paces, with what force will the projectile from one chamber of Wyatt's peacemaker do in the villain. As a prize for the closest answer we are offering a prize any red blooded engineer will cherish forever. It is a color action shot of a well known Dean, who is shown in front of Buckingham Palace wearing a beret and his best French sneer.

We have noticed that someone has finally filled in the Grand Canyon in the parking lot. I guess the reason for this sudden action is that we have been losing too many prospective leaders in the engineering profession. We understand that before the

fill in worked, eight students started across never-never land and never-never made it.

Well all you future Business Law students will have to hike to the country club starting next semester. It seems that the parking lot patrol has been keeping out the Business Law instructor because she doesn't have a parking sticker on her car.

What happens when a canary falls in the meat grinder? You get shredded tweet.

## Chapel Service Attendance Disgraceful

Lenten services at St. Joseph's and St. John's have ended until next year, with the attendance record showing a disgraceful deficit. The majority of students stayed away from services because of laziness or indifference. While the Snack Bar did a booming business on Wednesday afternoons, both churches were comparatively empty.

What is the reason for such laxity on the part of students? Why is it that a student who fulfills his religious responsibility by going to services is looked upon as an "odd person" in the eyes of some students? If the answer to these questions could be found, it would solve a profound problem on our campus, that of religious indifference.

Religious services are offered as a part of the college curriculum which is a prerequisite to developing the character and morals of the college student. Religion should be placed on a higher plane than subjects such as History, English, and Economics, and the only way of keeping close to religion is through services.

Must we wait until religious services become compulsory to have rebirth of religious interest? The decision rests with the student body.

J.H.

## Letter To The Editor

### Student Thinks Thefts Have Gone Far Enough

Dear Sir:

I am writing a letter to you in hope that you can stop our group from becoming extinct. We are few and far between, the poor souls who still think "Honesty is the best policy."

Now, to clarify myself. Here at Youngstown University we are supposed to be one big family, and you are your brother's keeper. Well, thank goodness some of the people here aren't my keepers! I recall one incident where one of our lady professors, one that bends over backwards to be nice to her classes, left her lecture notebook on her desk. Just a short time later, when she returned to get it, it was gone! I should say stolen. She asked that the notebook please be returned to the library. No questions asked.

It was not returned but found behind one of the shrubs on campus with the name scratched off. Do you think the students at Youngstown U. deserve a pat on the back for

that? One individual had his lunch stolen, another had a wrist watch stolen, one a wallet and another a scarf. There are many more cases and what some inane individuals don't seem to realize is that times are very hard and people just don't have money to replace things that are stolen. Some of these articles may be cheap but they are priceless to the individual owning them.

And what about an honor system at Youngstown U? Does that go out the window because people want to maintain a high point average and they don't care how they get it. Some people surely represent Youngstown U. poorly; and it's really terrible that some people haven't grown up by now!

Maybe the people doing that here are in the minority. But don't forget that a minority can fast become a majority. Why don't you make it your business to stop these people from getting their fingers on other's property. Make Youngstown U. a place you can be proud of and soon our group will not be in any danger of becoming extinct.

I thank you,  
Hopeful

## Letters To The Editor

Members of the Student Body are invited to express opinions by submitting letters to the JAMBAR. The Editor reserves the right to deny publishing a letter, however, if it does not uphold accepted journalistic standards.

Letters must be signed but names will be withheld upon request.

## Student Hits Parking Problem

To the Editor of the JAMBAR:

In the past few weeks it has become evident that Youngstown's finest have apprehended some dangerous criminals. These criminals, Youngstown University Students were guilty of the crime of non-payment of parking tickets. When their days in court arrived, the judge promptly levied a \$25.00 fine and cost's against the students.

I recall last fall a story in the JAMBAR by several reporters that visited certain officials in city hall who said "They understood our parking problem and lack of space". I have a feeling that these words did not have the ring of sincerity.

The tactic's used in the arrest and jailing of the students fairly smacks of the ways of some of our state enemies, namely The USSR and company. The pattern as observed is: arrested at home, dragged down to the police station, and placed in jail or released on bond. Surely these students are not desperate criminals requiring maximum security precautions.

Of course this is not completely the fault of City Hall, the blame rest's also on the School for not providing adequate facilities when the steady increase in enrollment was noted.

Primarily, Youngstown is a commuter school with students in attendance from the Tri State area. There is enough land available within several blocks to take care of the problem but it seems that the administrators are simply going to turn their back on the entire problem.

A student

## JAMBAR Deadline

Deadline for submission of copy for the May 2 issue of the JAMBAR is April 23. No extensions will be made.

## Student Exchange Is Described

The best-known international exchange project in the world, the Fulbright program, is given full treatment in a special Fulbright issue of the "NEWS BULLETIN", the monthly publication devoted to international education and published by the Institute of International Education.

The theme of the March issue is "Around The World With The Fulbright Program" and is carried out in definitive articles describing how this famous exchange is progressing in various areas of the world. Richard P. Gilson, a former Fulbrighter himself, reports on the potentials of the program in the South Pacific while the total growth and impact of the Fulbright Act is examined by C.J. Nuesse, of the Board of Foreign Scholarships. Other articles deal with the program's progress in Sardinia and Finland.

One of the highlights of the special "NEWS BULLETIN" issue is a picture feature that tells in dramatic form the story of the Fulbright exchange around the world. A section of statistics gives the reader a definitive look at how the program has grown and where it is now in operation.

Copies of the Fulbright special issue may be obtained for twenty-five cents by writing the Institute of International Education, 1 East 67th Street in New York City.

## A Student Speaks... ... In Defense of Fraternities

by Lois Ann Jones

Fraternities are on the defensive again. One of the basic American freedoms is being challenged by those who are pretending to be democratic. They say fraternities are prejudiced. They say fraternities have no worth while purposes. But they are wrong.

The right of American citizens to assemble has been guaranteed by the Constitution. The only stipulations regarding assemblies are that they be peaceful, and that they not meet in attempt to overthrow the government. There are no reservations as to whom the assembly makers call to their meetings.

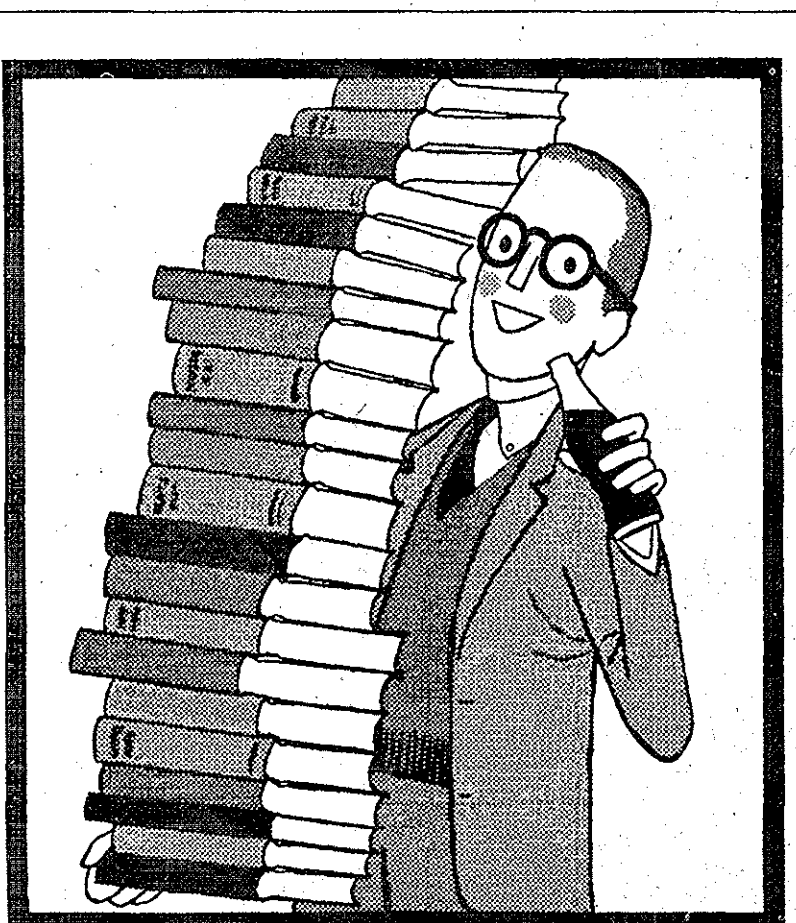

Since time immemorial, man, being a social creature, has preferred to live within a group of men rather than alone, both for his protection and the companionship necessary to his nature. And since that time when there have been differences between groups of men, man has chosen to live with his own kind of men, solely for the purpose of fostering better protection and better companionship through clearer understanding of his associates.

I contend, therefore, that in seeking to keep within their membership those of their own kind, fraternities are not violating any American principle as expressed by the law of the land, or are they deviating from the age old custom of seeking their friendship where it can best profit them, and their friends. Their qualifications for membership are the legitimate concern only of their members.

As to the accusation that fraternities have no laudable purpose upon which to base their activities, I submit in opposition the fact that fraternities were not instituted for any design other than social, and the fact that much is being accomplished by fraternities along the lines of scholarship, competition, religion, patriotism, and school loyalty.

One arguing against the social purpose of fraternities would do well to recall that "fraternity" was one of the words chosen by the first inspired and intellectual patriots of the French Revolution, along with the words "liberty" and "equality," as the slogan under which they were willing to fight to free themselves from tyranny. To them it represented a right so basic to man that they were convinced it was worth their lives.

I wonder, in conclusion, if the "pretenders at democracy" are willing to criticize their country. For now that they have begun the war upon American rights, that is their next step. And I wonder what system of government they propose for us, since they are not satisfied with a government believing in freedom?

**"De gustibus**  
non est disputandum"—and, quite literally, there's no question about it—when it comes to taste, Coca-Cola wins hands down. In Latin, Greek or Sanskrit, "Have a Coke" means the same thing—it's an invitation to the most refreshing pause of your life. Shall we?

**COCA COLA BOTTLING CO. OF YOUNGSTOWN, O.**

## New Sign Made

Tau Omega, newly organized fraternity, constructed this sign commemorating the University's 50th Anniversary.

## University Now Accredited By Several Organizations

by J. W. Dunn

Many organizations have now fully accredited Youngstown University although it has not always been that way.

Reporting on the school in 1933, Dr. W. W. Boyd, of the state Department of Education, stated: "This school is making a gallant struggle to establish itself on a high college basis, and has been going in the right direction in its efforts."

On his recommendation at that time, Youngstown College was placed on the approved list of colleges for training high school teachers, only three years after having been granted the authority to distribute AB degrees.

### Cultural Background Important

In 1939 the right was granted to train elementary teachers, at which time President Jones stressed the importance of a broad cultural background for people studying to enter this field.

Moving into the forefront among Ohio Colleges in 1940, the institution was admitted to the Ohio College Association, and the following year to the Association of American Colleges.

Admission to these two organizations paved the way for membership in the North Central Association of Colleges and Secondary Schools in 1945 and in 1948 to the American Council on Education.

These and the various other honors which have been bestowed upon Youngstown University attest to the wisdom of the judgement of Dr. Boyd in 1933.

Underneath this pile of stones lies all that's left of Sally Jones. Her name was Briggs, it was not Jones. But Jones was used to rhyme with stones.

ship in the North Central Association of Colleges and Secondary Schools in 1945 and in 1948 to the American Council on Education.

These and the various other honors which have been bestowed upon Youngstown University attest to the wisdom of the judgement of Dr. Boyd in 1933.

## Omicron Lambda Presents Award

The Youngstown Chapter of Omicron Lambda Honorary Biological Fraternity in attempting to stimulate interest in the biological sciences, recently awarded a \$25.00 bond to the first prize winner of the Austintown Public School Science Fair.

Presentation of the award was made by Nick Rimedio on March 22 during the Awards Program.

In a letter sent to Dr. Donald E. Marcey from Marcus V. McEvoy, Superintendent of the Austintown schools, mention was made that "Interest of this type in high school students reflects credit not only upon the Fraternity and Department, but also upon Youngstown University and the Administrative Staff and Faculty of the University."

## State Dept. Agent To Visit YU

William Wendell Cleland of the State Department in Washington will speak on Tues., April 22, at 9:30 a.m. and 7 p.m. in the Audio-Visual room of the University library. He will also talk about Foreign Service to all those interested in the Furnell Room at 11 a.m.

Mr. Cleland is a Princeton and Columbia graduate. As an official of the Intelligence Research and Analysis Dept. he knows Middle Eastern affairs in which he has had much experience.

## 'A Library, The Heart of Any University'

By John S. Latcham

"Our library is the heart of the University," says Mr. George Jones, head librarian. "This is not a storeroom of books; the library is a teaching instrument where every student and instructor can become acquainted with the great thinkers of the world."

## Tri Sigma Pledges Wash Automobiles

Sigma Sigma Sigma sorority pledges sponsored their annual car wash Fri. April 11 at the College Sunoco across from the University.

Proceeds went to the Beta Psi Chapter's local service project for funds in supporting a Greek boy that the sorority has adopted.

## With A Shine...

Theta Chi pledges (l-r) Ronald Untch, Jerry Harklerod, and Jack Holmes were busy cleaning the plaque in front of the University. They were assisted by other members of their class.

Mr. Jones wants students to interest themselves in their library; he wants them to feel a kindness and appreciation towards its facilities. "This attitude is a seed within the student. The seed must already be there, but the library is managed to nourish it."

"Rules and discipline are distasteful," says Mr. Jones, "but this is the only way the library can best serve every person seeking its service."

Smoking in the building is "Forbidden because it is disturbing and messy." If students want to show their appreciation to the building, "Cleanliness and courtesy are two very good ways."

Damaged and stolen books present a special problem to Mr. Jones. "When this occurs, the pleasure and use of the book is destroyed even for future generations. A library, like the one at Harvard, is continuously growing over hundreds of years."

Youngstown University's library began in 1931 in the Main Building and has had a rapid growth. The present building is "better designed and more usable" than the libraries at many other leading universities," states Mr. Jones.

"A college education is not a four-year program," says Mr. Jones. "It is a life-long process in which the library plays a vital part. Now is the time for students to develop their reading habits."

Mr. Jones makes sense. Let's use and appreciate the library.

# IT'S GREEK TO ME

By Pat Hriako

The end of the school term is fast approaching with the forthcoming May Day election and festivities. The candidates for 1958 May Queen are Dorothy Daley, Fran Doyle, Joan Kristin, Sonny Lyninsky and Charlotte VanDan Handel. Chairman of May Day are Brian Donnelly and Ron Pisani.

Phi Gamma Fraternity's Annual Popularity Dance will be Sat., April 26 at the Idora Park Ballroom with Nick Barile's Orchestra playing for dancing. Crowning of Mr. and Miss Popularity will be the highlight of the evening's entertainment. Elections will be held, April 23-24, in Strouss Auditorium for Mr. and Miss Popularity. Tickets may be purchased from any Phi Gam. This dance has always proven to be one of the most enjoyable dances of the year and should be again this year under the chairmanship of Steve Goryanec.

Beta Sigma Omicron Sorority's annual "Chez Paris" will be Friday, April 25, from 9-1 at the Eagles. Tickets may be purchased from any Beta Sig.

## IFC

The members of IFC are taking donations from professional men and small business men to purchase additional books for the Youngstown University Library.

Interfraternity softball will be played this year in the Intramural Softball League. IF golf will begin Sat. May 3.

All the fraternities have submitted scholarship reports to IFC. These reports explain what each fraternity is doing to further higher scholarship averages of its members.

The "Youngstown University 50th Anniversary" signs initiated by IFC in February have been placed at all the main roads entering Youngstown.

## PHI MU

The Sisters of Phi Mu send their best wishes to their sister, Charlotte VanDen Handel, who is their candidate for May Day Queen. Mary Lou Moss is again serving as campaign manager.

The Phi Mu's also send their best wishes to Nellis Shields, who is their candidate in the Miss Alliance Contest. She was runner-up in the Miss New Jersey contest, last year. Good luck, Nellis.

Over the past weekend some of the Sisters went to Ohio State for State Day. Everyone had a wonderful time and it will always be a memorable event.

The Phi Mu's are as busy as bees sewing and singing. Remember girls, we aren't making sacks.

## PHI GAMMA

Congratulations from Phi Gamma to their advisor Tony Vivo and his wife, Pat on the birth of Tony, Jr. (Phi Gamma material '76). A "well done" to Brother Ron Bartoli, chairman of Junior Prom.

Everyone is struggling to get their vocal cords in shape for the big Sing coming up. The Phi Gam's plan to sing a medley of "Short Shorts", "Bony Morony" and "Black Slacks." Plans are being formulated for the usual after-sing blast.

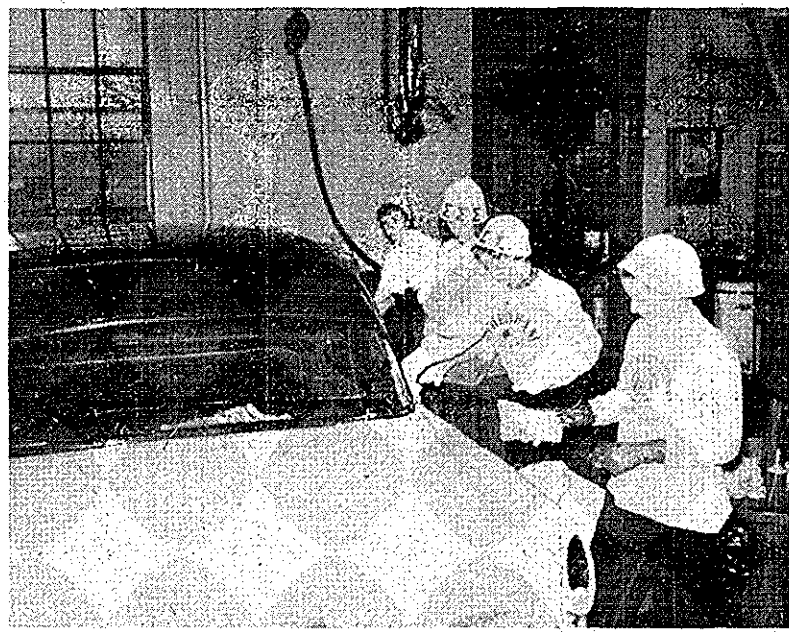

Of course, the big thing coming up next week is the elections for Mr. and Miss Popularity and the dance Saturday night. It promises to be a great dance with Nick Barile's wonderful band playing for dancing. The highlight of the evening will be the crowning of the popularity election winners. Tickets can be obtained from any member, so be sure and make the scene for all the happenings.

## SIGMA SIGMA SIGMA

Sigma Sigma Sigma pledges are on the honor roll this time! The actives would like to congratulate them for the very fine car wash they had and to thank all those who helped to make it such a big success. "Soon the actives they will be..."

Congratulations are extended to Dorothy Daley, Tri Sigma's candidate for May Day Queen. The Sigma's are anxiously awaiting the

## Rub A Little Harder

Members of Tri Sigma sorority are busy at work washing Dean Gillespie's car. The co-eds were raising money to help support an orphan boy they have adopted.

May Day festivities which will soon be here.

Another fine party with the Nu Sig's was held recently with the theme being a "Ship Wreck Party". Costumes, like those you have never seen before, were worn and the usual great time was had by all. With natives from Ubangi greeting each Sigma, Mike Court walking around in a fog, and Miss Hawaii in her grass skirt, who'll ever forget it.

Two Tri Sigma's had a good time one night but for Andy Zvilna, it might have been one of his worst, as they attempted to push Andy's car down Market Street.

Best of luck to the Phi Gam's on their Popularity Dance which always proves to be a big success.

Betty Lou Storey and Nancy Veauthier are hard at work making big plans for the annual dinner dance. Being the only two to know what the favors will be, there is constant bribing to find out the "big secret".

If you haven't seen Nancy Veauthier around lately, look for her down at the State Theatre, still waiting for the third act of "Bridge on the River Kwai".

## ALPHA PHI DELTA

Brothers of Alpha Phi Delta have swung into high gear on the project of pledging. A warm welcome is bestowed to all the men who are potential members. Congratulations pledges Marino, D'Alesio, Torella, Casino, and Leonard, and breathe easy, the first two weeks are the hardest.

All the brothers are looking forward to the big spaghetti dinner coming up May 25. Plans are in progress and the outlook for another successful dinner is predicted. Again as the previous years, the dinner will be held at Holy Trinity Church with complete Italian atmosphere and music. Don't forget brother Riccy, we'll have to have a bit more of that delicious vino your dad brought last year. A

barrel will do!

Softball season is here and brother Fortunato contends that this is the year we go all the way. Says the mighty little man, "with our material, how can we lose." We're with you Casey Fortunato.

April 12 marked the date for the pre-regional convention of the Midwest chapters of Alpha Phi Delta, held in Chicago. Fifteen chapters from the surrounding area sent delegates, including Beta Omicron of YU. This year's delegates were brothers Fratangelo and Morano.

Directly preceding the pre-regional convention was the Tri-Chapter convention at Steubenville, Ohio. Ohio State, Steubenville, and Youngstown convened on suggestions and problems.

## BETA SIGMA OMICRON

The Sisters of Beta Sigma Omicron Sorority proudly announce their candidate, Sonny Lyninsky for May Day Queen. Sonny is a senior majoring in math and can be seen often, working in the library. Good

## Plans Are Complete

Steve Goryanec is the chairman of the Phi Gamma Popularity Dance this year.

# Looking Around

Karl Mogg

Ike McHugh

FLASH: Alfred E. Neuman requests that the students discontinue their requests for an exhaust fan in the Snack Bar. He claims that if Alec Guinness can stand one week in the oven, we can tolerate the smoke and heat of that ornate establishment.

Pleasant Valley days and picnics are rapidly approaching. Ike has been working out at the "Y" so he'll be in shape for the coming events at that scenic spot. Rumor has it that a certain business establishment along the Mahoning is starting a graveyard shift in anticipation of the predicted increase in business.

The girls of blue and white held their annual car wash so everyone could go to the junior prom with clean, wet cars. Ron Golden had his mud boulder with windows washed and the girls had to stop washing and start shoveling. That car was so dirty that Ron finally found out that he had been driving a used taxi.

I wonder if silent week is over for sororities . . .

It must be Spring, the annex is getting greener and the moss is growing out into the already overcrowded faculty parking lot.

On Wed., April 9, City Council invited Marlene Betras and her court to come to a meeting and be honored by the city legislature. They were treated very cordially and after the meeting, they went on a one-minute tour of the Minute car wash. They also received free tickets to the Regent. The queen was entitled to free popcorn.

These pledges are really confused, --- we keep telling them that Ray Schindell is not president of I.F.C.

In case any one watches the stock market, the reason for the latest rise in the stock market is the fact that the manufacturers of war materials waited until D. Johnson flunked his physical. After trying to fail with all his ability, Cookie Cagna passed his.

Things are so tough in ranks of the unemployed, that Joe Reddick is using last year's hair oil, Harry Sinn is offering lessons on the guitar and selling sombreros to the candidates for the "Los Buenos Vecinos" scholarship, and Willie O'Neil is still looking for a job feeding easter seals.

The barber's union is going out on strike --- now that Elvis had his hair cut, some of our freshmen are letting their hair grow as long as Jackie Lee Lewis'. Don't look so sad fellows, two years isn't that long.

Plug up your keyholes, Ignatz Fortz is looking around for us.

luck to Sonny and also to the campaign chairmen Gerry Wargo and Sally Gribbon. Everyone is looking forward to seeing those fabulous posters made by Louise Gossick.

"An a nice time was had by all" was the outcome of the party with Tau Kappa Epsilon. The sisters are looking forward to more of the same.

Jean Slicker's senior recital was very beautiful. We mustn't forget that Norm Cassidy performed equally well. By the way, Jean and Norm are pinned.

Congratulations are in store for Ann Arbutina on her installation into Kappa Delta Pi National Honorary Education Fraternity. Also to Bob Rios' on his recent conquest. Good luck, Bob.

The committee's are all busy working on Beta Sigma Omicron's "Chez Paris" Dance which will be held on April 25 at the Eagles. Hope to see you there!

Sing practice is what the sisters are really working at. It seems to be their motto.

The pledge class held a very successful bake sale and are planning a white elephant sale. They are also working on the traditional scrapbooks. Speaking of white elephants, Marcie Potts was out looking for a real one. The sisters are looking forward to the annual party for actives given by the pledges.

## THETA CHI

Theta Chi is proud to present its new officers for the coming year. They are as follows: Harry Sinn, President; Jim Trimble, Vice-President; Alan Hegedus, Secretary; Ron Stowe, Treasurer.

The U.S. Navy has asked us to save our pledge class for them. It seems that they're looking for men trained in the art of "Brass Polishing."

Calvin Michael Morley Stroble Jr. will be showing off his art of writing the Greek News from now on. Good luck Cal!

The Thomas Lavin Service Award for the year 1957-58 was presented to Brother Jim Roof by the Alumni Association. Congratulations Jim.

Alpha Tau chapter at Ohio University is host this year for the annual regional conclave. Youngstown will be well represented, with 28 brothers planning to attend.

## NU SIGMA RHO

The Brothers of Nu Sigma Rho recently had a very interesting and exciting "treasure hunt". The twelve members had a hectic time when Wilbur Cole's car wouldn't start. Joe Vukovich found his "Martin Kane" trench coat slightly disfigured.

A warm welcome is extended to the pledges: Robert Chmura, Mike Court, Imre Csejtey, Russell Jones, John Krotky and Robert Matzye. It was a solemn occasion when funeral services were held for "Gus-Gus". The slogan on the headstone met the appropriateness of the occasion.

A new addition to the Nu Sig realm

## Discipline Committee Is Police Department At Youngstown Univ.

By John R. Poulson

The second in a series of student council committees will cover the Discipline Committee. Headed this semester by Renny Domini with Judi Appleman and Harold Sinn, they are carrying out their responsibilities as is set forth in the by-laws of Student Council which can be noted in another part of this issue of the Jambar.

Last semester, the committee was under the direction of Alan Hegedus. Many problems were confronted by this group, a few of which are as follows:

1. Administration of the election of Homecoming Queen, Senior Class officers, and Student Council members.
  2. Check on Campus Advertising Maintained.
  3. Cafeteria and Snack-Bar were watched and the several existing rules concerning card playing and the use of coat-racks were enforced.
  4. Investigation of lost articles of the Spanish Club was held.
  5. Enforcement of the Purnell Room regulations was carried out.
- It was recommended by this committee that future committees should:
1. Keep a steady surveillance on the Purnell Room and confer with the librarian as to the effectiveness of Student Council regulation.
  2. An arbitrary list of penalties

for infractions of Student Council policies should be devised and adhered to for future problems.

3. As only a small percentage of the eligible students take the opportunity to vote for the various elections, a study should be made to improve this situation and have a better participation in all elections.

4. As for Student Council elections, students are virtually unaware of the qualifications of the candidates. A small brochure or other means of conveying said qualifications should be considered.

### Is Very Important

The Discipline Committee in operation this semester is now carrying out these recommendations among their various other duties. This committee is one of the most important and most valuable that Student Council has, but it can only function with the full cooperation of every student at Youngstown University. Any questions should be directed to Renny Domini, Judi Appleman or Harold Sinn. Suggestions may also be left in the Student Council suggestion boxes which are placed in the Main Building and Library.

## Opera

(Continued from Page 1)

duction will be presented as originally written and as translated by Mr. and Mrs. Martin.

### Are Well Known

Mr. and Mrs. Martin, long known for their contributions in the operatic field, and who have translated for the Metropolitan Opera, have given the students of Youngstown University an opportunity rarely equaled in any university. By permitting the Dana students to perform this translation before official publication, they have indicated their faith in the calibre of the performers.

Joyce Bond will sing the role of Beata and Phoebe Woodward that of Annchen. The roles of Mark and Killian will be alternately sung by Gary Glaze and Victor Bell. Caspar, Cuno, and a Hermit will be portrayed by Ronald Hatch, Edward Maykowsky, and Michael Tronza, respectively.

Tickets for this production may be purchased at the Box Office in Main Hall on the evenings of performance, or at the Dana School of Music. Students will be admitted by presenting their activity books.

## Sigma Alpha Iota Elects Officers

Sigma Alpha Iota Honorary Music Fraternity for Women recently installed newly elected officers for 1958-59. They are as follows: President, Joyce Boyd; Vice-President, Lois Slicker; Recording Sec., Damaris Treen; Corresponding Sec., Eva Pia; Treasurer, Joan Shoup; Chaplain, Marge Byers; Sgt. of Arms, Sandra Kuchty; and Editor, Jeanne Slicker.

Seven pledges were also recently installed by the former president, Jeanne Slicker. The pledge ceremony and Formal Tea was at the home of Joan Shoup. The pledges are: Nancy Bennet, Diane Denena,

## Sanker To Present Senior Recital

Beverly Helen Sanker, soprano, will present a senior recital on Wednesday evening, April 30. Miss Sanker is the daughter of Mr. and Mrs. Henry A. Sanker of Masury, Ohio, and is the student of Kenneth R. Kitchen of the School of Music. She has participated in three opera productions presented at the University and has served for two years as secretary of Alpha Nu Chapter of Sigma Alpha Iota, a National Music Fraternity for Women.

Miss Sanker will present selections by Bach, Handel, Schumann, Debussy, Grieg, Bizet, Bachellet, Saint-Saens, Bax, and Rachmaninoff. She will be assisted by Mrs. Raymond H. Dehnhostel at the piano, Francis Pittcock, violin and Peter Ford, flute. The recital will be given in the University Auditorium at 8:00 p.m.

## Library Drive

(Continued from Page 1)

two small businesses and getting a \$5.00 donation from each. Each contributor will receive a letter of appreciation from President Jones in addition to a membership card stating that they are a member of the "Friends of the Youngstown University Library Club."

Mr. Geo. Jones, head librarian, estimated that there are 80,000 editions at present in the library. If this amount were doubled it would be another step closer to graduate work.

Dean Gillespie, IFC advisor, and director of the campaign at school said, "That the campaign is the finest contribution the fraternities could make to the university."

The campaign, the first IFC sponsored event of its type, could possibly become an annual event. Nancy DeForest, Betty Headlee, Diane Lauffer, Ravenna Sweets, and Rivko Zaidman.

## ROTC News

By Bob Amodio

The Annual General Inspection of the Youngstown University Reserve Training Corps is scheduled for May 12, 1958.

The event is the foremost function of the year for the ROTC as all student officers were notified at the beginning of the year.

In previous inspections the Corps have always received very good rating and this year the men are striving to do even better.

## Vogue

by Lillian Robinson

The last few issues have been designed to show the value of good fashions and to keep you up to date on what is current. Now we must discuss the other half of looking smart -- beauty.

It is not enough to be well-dressed. The most beautiful orange chemise, perfectly fitted and accessorized, is not going to be smart with drab, frizzy, hair, with a greasy pimpled skin, or with cracked and dirty nails.

What more is needed? An air of beauty. And what is an air of beauty? It is an aura -- a feeling of self-confidence with which you bathe yourself. This is real beauty. Do you doubt it? Then, look around at the most admired girls in the class, and you may find that they have small eyes, or a large mouth, or perhaps they're a little overweight.

### That Inner Beauty

"Glamour" says that the moral is "natural beauties have a head start, but they don't always win." That means that we're all still in the race.

Here are the four major problems that must be faced when striving for beauty:

**Problem No. 1 Figure.** What shape are you in? Too fat? Too thin? Either way a diet seems to be in order. Check with your doctor first though. Right now you can see the beauty Spring is giving to the country, so why not take your inspiration from Mother Nature.

**Problem No. 2 Skin.** How is your skin? If you have a skin problem, ask at the beauty counter for a preparation especially designed for your condition, or see your doctor.

### Season For Change

**Problem No. 3 Hair.** Rarely is there a girl who completely approves of her hair, so here are some suggestions to make your hair lovelier. Try brushing or get a new hair style or a permanent or an oil treatment or, best of all, change the color if you're brave enough. You'll develop a new personality.

**Problem No. 4 Posture.** Have you ever seen yourself as others have when you are sitting, walking, and standing? Good posture contributes much to physical health. Not only that, but it does so many good things to your wardrobe that good posture actually contributes more than a whole brand new wardrobe.

Solving these four problems is the hard part of getting beautiful, but the end certainly justifies the means. Promise yourself this minute that you are going to be beautiful, and unless you're a prevaricator, you will be.

## Honor Points For Extracurricular Activities

HONOR POINTS FOR EXTRACURRICULAR ACTIVITIES  
THESE ACTIVITIES MARKED WITH AN ASTERISK (\*) EARN HONOR POINTS LISTED ON A YEARLY BASIS. ALL OTHERS ARE EARNED FOR A SEMESTER, SEASON, OR EVENT.

Points	For	Points	For
6	Awards in Major Athletics	2	Major Part in pageant
3	*Manager of Football or Basketball team	4	Stage manager, electrician, or student director
1	Football or Basketball captain (per game)	4	Business manager for play or musical
2	Member athletic squad (Major or minor)	2	Ticket chm. for play or musical (each event)
3	Awards in minor athletics	5	Mayday or Homecoming Chm.
5	*Cheerleader	3	Snowflake Frolic or Junior Prom Chairman
3	*Drum Major and Head Majorette	2	Chairman of any other Council event
2	*Drum Majorette		
1	Member of athletic board		
1	*Intramural sports (per sport)	3	Homecoming Queen
14	Editor of Jambar	1	Member of Homecoming Court
6	Assistant Ed., columnists and managers	2	Any other Student Council sponsored queen
3	Other staff member	8	President of Social Fraternity or Sorority affiliated with I.F.C. or Panhel.
14	Neon Editor		
10	Business manager of Neon	5	Officer of above
6	Assistant Editor	2	Member of above
3	Other member of Neon staff	6	President of Honorary Fraternity or Sorority
7	Horizon Editor	3	Officer of above
5	Business Manager	2	Member of above
3	Any other member	6	President of Professional Deptal. or Religious group
16	Student Council President	3	Officer of above
13	Student Council Officer		
10	Student Council Standing Committee Chairman	3	President of Social organization or special interest Group
7	Student Council Member	2	Officer of above
3	Delegate to National NSA Convention	7	Panhellenic or I.F.C. President
1	Delegate to regional NSA convention	5	Officer of above
3	Senior Class President	3	Standing Committee Chairman
1	Senior Class Officer	1	Member of above
3	*R.O.T.C. Cadet Colonel	4	*Marching Band
2	*R.O.T.C. Cadet Major	1	*Junior Women Advisor
1	*R.O.T.C. Cadet Captain	6	President of Service Org.
8	Co-director of Saturday Quarter Hour	3	Officer of above
3	Member of Inter-collegiate Debate Team	2	Member of above
2	Manager of Debate Team	5	Pres. Engineering Dean's Council
4	Major part in play or musical	4	Officer of above
3	Sub-lead in above	3	Member of above
2	Minor part in play or musical	3	*Religious Emphasis Week Chm.
		6	*Member of Anniversary Comm.
		10	*Orientation Comm. Chairman
		5	*Co-Chairman of above
		3	*Major Comm. Chm. of above

Persons claiming points for officerships, chairmanships, etc., are not entitled to the additional points for membership in that org. at the same time.

THE WORD, OFFICER, AS USED ABOVE, MEANS ONE WHO IS ELECTED NOT APPOINTED.

## TKE Pledges To Hold Dance For Children

The pledges of Tau Kappa Epsilon will sponsor a dance for the Crippled Children Fund. It will take place Wed. April 30 at the Eagles Ballroom. Music will be provided by Nick Barille. There will be no charge but donations will be accepted. Larry Beers, President of the Pledge Class is in charge.

## Bortz, Landfried Present Recital

George Bortz and Larry Landfried presented their Senior Recital April 16, in the Strouss Memorial Auditorium. Bortz, a flutist, performed selections by Moliere and Handel, while Landfried performed selections by Hindemith on the oboe.

## the Grapevine

By RON VANATSKY

### SPRING SPORTS UNDERWAY

With spring sports getting into full swing tomorrow, the athletic atmosphere on campus seems to be starting to take effect on the sports-minded students. With the huge 53-event program set up by the athletic department, spectators will have the opportunity to witness a wide variety of contests. Several of these, particularly the baseball games to be played at Evans Field on the near North Side, provide a perfect setting for an afternoon date.

The ballgames also provide an answer to the question of "What to do?", especially when the golf fanciers can't seem to scrape up six bits for a nine-hole jaunt at the local meadow. Spring sports should hold a much more important place on the roster of varsity sports here at Youngstown. The atmosphere and setting for the contests are ideal. The playing sites are near at hand. The squads urgently need our encouragement and support. It's all "for free." What better arrangement could we have? What do you say, sports fans?

### OTHER SPORTS OFFERED

Other events on campus this spring include softball and golf, which will include intramural and interfraternity competition. Participation in these sports is a fine way to make up for all that physical exercise you missed during the winter months. You'll feel better mentally too, for they will provide a brief respite from long study hours. The Womens Recreation Association offers a year-long program of both active and quiet-type sports and activities.

Many people are ignorant of the fact that the University conducts quite an outstanding slate of intramural sports for a commuter school. Some students realize this but are just too lazy to take advantage of the many opportunities to keep themselves physically fit.

Coeds on campus have their choice of archery, tennis, basketball, hockey, badminton, volleyball, various recreational games, softball, and gymnastics. Male students can choose from football, basketball, bowling, softball, and golf.

### BROOKFIELD MENTOR SCORES HIT

One of the most interesting speakers I've heard for awhile was the principal guest at a recent Newman Club Communion Breakfast. Tony Mason, affable grid tutor at Brookfield High School, delighted the gathering with quite an engaging talk. The former star footballer, head coach at a school which has lost only six games in six years, related the unusual system he employs.

The entire coaching staff treats each boy on the 55-man squad like a son. The gridders are given a feeling of "belongingness". They are required to make many sacrifices to play football, these including very rigid training rules, giving up their cars, and not having any dates. All this encompasses a period of four months.

### GRIDDERS ATTAIN CLASS

The boys are given very thorough lessons in social poise. They are versed in the fine points of etiquette and have dancing instructions with fellow students (girls). Studies are not forgotten in this unusual set-up. A complete tab is kept on all the grades of every man. A recent check showed fine results, with 18 boys listed on the honor roll, including a half dozen with straight-A averages.

During practice sessions, a "key word" is used to bolster morale and promote a winning spirit. The word, or sometimes short phrase, is constantly yelled out to instill fight in the squad. Using a philosophy similar to that of Forrest Evashevski, Mason stated that he hates good losers. A win, win, win attitude is fostered always. It must work. The team has lost only one game since 1954.

A unique fact is that the Brookfield football system is the only one outside of the state of Oklahoma to be sent movies of Oklahoma's football methods. Mason and his staff are guests of the University each year at a football study clinic. Undoubtedly many helpful tips are picked up here, for Oklahoma U. is the pattern for football at Brookfield.

### KUZMA WITHDRAWS

Hank Kuzma, who incited much controversy down at Steubenville College the past couple of campaigns, last week left the Barons to accept a new basketball coaching position. The GRAPEVINE of March 7 correctly predicted his leaving, but missed the boat on his destination. Unpredictable Hank, whose stormy actions will probably be missed by many area cage fans, is the new mentor at Loyola University of the South in New Orleans. Jim Harding, his predecessor, led Loyola to a spot in the NCAA tournament this past season and the Southern squad compiled a fine 16-8 record.

The Midland Pa. Gengarella basketball team upset Akron Joe's All-Stars 103-92, to capture the Tri-State Basketball Tournament championship at East Liverpool last Saturday night. The squad was composed of an outstanding array of college stars, featuring the best talent in this area. Included on the winner's roster were Herb Lake, Beanie Gordon, and Mickey Yugovich of Youngstown; Jim Smith and John Clark of Steubenville; and Nick Tepavich and Dave Pritchard of Geneva.

## YU Penguin Sports

## Banquet Honors Rifle Team

The members of the Youngstown University Rifle team were honored last Saturday evening at a banquet at the Victoria Cafe. The 31 people attending included many top University officials and supporters of the team and guests of the team members. It was

biggest and best affair presented since the inception of the rifle team here.

A host of awards were heaped on the shooters, who brought recognition to the school with their runner-up finish in the Lake Erie Rifle Conference and virtual monopoly of individual honors. For the second time in the past three years the Penguins received the team sportsmanship trophy. The Youngstowners also had the leading male and female shooters in the conference in Bill Roos and Mary Lou Moss.

### Felt, Moss Receive Honors

Quite opposite reactions were had by Coach Nick Felt and Senior Mary Lou Moss, who both received surprise gifts. Felt, whose term of duty at Y.U. will be up next semester, couldn't stop laughing as he was presented with a ring with the Army emblem on it. The cause for this was that he had been fooled into collecting money for his own gift. The personable Felt was so nervous he almost put the lighted end of his cigar into his mouth.

On the other hand, Miss Moss was so surprised and overcome by emotion that she couldn't stop crying and wasn't able to say anything. As a going-away present she was presented with a beautiful silver bracelet with charms embossed with the initials of each team member and coaches Felt and Lt. J.R. Harlan.

### Roos Honored

Freshman star Bill Roos received a trophy for having the top individual average in the conference. His mark of 288.36 is the highest compiled by any shooter in the school's history. Moss holds the coed record and paced the squad in high average last season.

Receiving letters were Roos, Moss, Dave Patterson, Jim Lambeth, George Graban, and Bill Fehndrich. Also honored were Ron Hall, John Kochis, and Alex Yankush. Everyone on the team will return with the exception of Moss, who will graduate this June, Moss, Roos, Patterson, and Lambeth finished in the top dozen shooters in conference standings.

Fires in the home caused by careless smoking continue to mount. Just a little care would prevent them. Home fires will increase with lightning storm. Is your TV antenna adequately grounded?

## YU Baseball Team Defeats Hiram, 6-5

### Santor Hurls Four Hitter In Win

The Youngstown University baseball team opened their season on April 9 with a win over Hiram, 6-5. Mike Santor went nine innings in pitching a nifty 4 hitter giving up only singles. Ron Stoops and Angelo Ambrose helped the winning cause with their booming

bats. The fielding looked good as the Penguins executed two double kills.

The starting line-up for the Hiram game was as follows - John Vusco at first base; Don Parm, second; Ronnie Stoops, short; and Jim Brahney at third. Tom Razum was in left field with Angelo Ambrose in center, and Jim Rich in right. Rich Suchora took care of the catching chores.

In the Hiram Contest, Stoops had a triple and two R.B.I.'s, while Jim Brahney blasted a three-bagger and had an R.B.I. Razum and Ambrose each had two hits.

### Has Seven Strike-outs

Santor, the former Pony League

ace, and quarterback for Dike Beede's gridders, was in fine form as he struck out seven and allowed only three earned runs. Six errors by his mates didn't help, although he gave five free passes and hit one batter.

Coach Dom Rosselli expects a finer team this year. "The team is better already this year, for last year we didn't have one hurler finish nine innings. We have more pitching depth with Santor and Charlie Bushman as starters. We are deeper at every position this year and more experienced. Last season was a losing one but this year we hope to make the NAIA - District 22 playoffs."

### Stars In First Victory

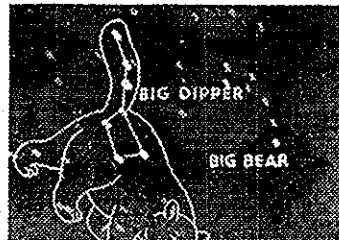

Mike Santor

Ron Stoops

Mike Santor and Ronnie Stoops, two of Dike Beede's star footballers last fall, paced the Penguins to a 6-5 victory over Hiram in the local's baseball opener last week. Jim Brahney and Angelo Ambrose also featured in the triumph.

"The way I'm playing golf," muttered the man one Sunday morning, "I'd be better off in church."

### Old Star-Gazers

From EBFilm "Exploring the Night Sky"

Names of constellations and fanciful figures seen in them date back to the Romans, Greeks, and even Babylonians—more than 3,000 years.

The more we study, the more we know. The more we know, the more we forget. The more we forget, the less we know. The less we know, the less we forget. The less we forget, the more we know. So why study?

## Golf Team Ready, Will Meet Akron

Coach Bill Carson's golf hopefuls have been practicing every spare moment in preparation for the upcoming season. Showing fine form in early tryouts have been veterans Pete Roske, Bob Siska, and Tom Barto. It would be safe to say that 74 will be the cutoff

score for the varsity squad. With at least four men capable of breaking 70 at any time, prospects are bright for another fine season.

The linksters are slated to see action in state competition at Columbus in May and will be vying for top honors in the NAIA meet at Ashland, Ohio. Should a good showing be made in either of these meets, some of the golfers may be sent to the NCAA national meet during June in Texas.

### Hope to Repeat

The swingers hope to repeat the successes on the links of the last few years. During the past two

seasons the squad has notched 18 victories in 23 starts, and made a very fine showing last May in the state meet.

Playing his final season for the Penguins will be Pete Rosko, co-captain the last two years. A top varsity performer, he has earned three letters, is a top-notch student, and is one of the steadiest linksters in the state. He holds a host of area championships and is looking forward to another banner season.

The linksters will meet Akron University tomorrow in a home match. This will be the curtain-raiser on a 13 match schedule.

**Versatile Mary Lou Moss**

Mary Lou Moss, the only senior on this year's rifle team, is shown with her shooting awards; is shown in dress uniform as Pershing Rifle sponsor.

**Feature**  
**Rifle Team Loses Female Shooter**

M/Sgt. Nick Felt's Penguin rifle team is losing one of its all-time star shooters. Mary Lou Moss, the only coed ever to gain a varsity letter at Youngstown University, will graduate this June. Moss, tabbed as possibly one of the finest female riflers in the country, has brought much recognition to the school by her widespread reputation as a superb rifler and a fine sportsman.

Mary Lou paced the entire squad last year in individual average, and, although second this year to sensational Bill Roos, her 279 plus average placed her in the sixth spot in the Lake Erie Intercollegiate Rifle Conference. She was a most important factor in aiding the Penguins to a runner-up slot in the battle for championship honors.

Moss, who takes great interest in many sports, comes from a family with much athletic prowess. Her dad, who is an outstanding swimmer, also played semi-pro football. Fond of fishing and hunting, he once amazed everyone by going on a fishing trip and coming home with a bear. Her brother Vic enjoys softball and her mother is an avid ice skating fan.

**Roller Skating Champ**

A little known fact about the popular senior is that she is a former roller skating champion. In dance competition for Ohio State honors, which was held in conjunction with a Pennsylvania contest in June, 1955 at Neville's Island, Pa., Mary Lou and her partner Ben Ferrante blazed their way to first place honors. The duo missed topping the Keystone State champs by only .3 point, and Ben went on to cop top honors in the Men's individual free style competition.

Being eligible for the national contest at Long Island, N.Y., the duo entered the meet and finished a fine 12th among 28 of the country's skaters. Mary Lou has passed the free style test, a big hurdle for amateur skaters, and notched a second place finish in the Tri State meet four years ago. She accumulated seven major honors in skating and has received four proficiency awards.

**Started At Kent**

Mary Lou got her start in rifling at Kent State University during her sophomore year. She had a girl friend who went with a boy on the rifle team, and the fellow wanted to teach rifle shooting to her. Mary Lou went along just as a companion; she watched, liked what she saw, wanted to learn, and did.

After leaving Kent and entering Youngstown University in January, 1956, she was immediately recom-

mended to our rifle coach, at that time Capt. Fredericks, by Sgt. Sheehan of the Kent shooters. At first there was a question whether women were eligible for sports competition. However, the matter was cleared up and Mary Lou was given a tryout for the Penguin rifle squad.

**Perfect Participation Record**

Hitting her stride quickly, the talented shooter became a regular in the fall of 1956 and proceeded to establish an unblemished record of firing in every meet since. Her rifling honors outside of inter-

**Intramural Softball**

Any group wishing to field a team in the University Intra-mural Softball League this spring is asked to contact Director Dom Rosselli in the University's Athletic Office immediately.

collegiate competition include 11 firsts, a half dozen runner-up honors, and numerous third-place finishes. In an amazing demonstration at a meet in Canton last year, Mary Lou monopolized honors by garnering seven firsts and one runner-up honor.

She has gained "expert" status in National Rifle Association rankings and has received two University letters in addition to a trophy for high average. When asked about her biggest thrills in rifle competition, Mary Lou mentioned the receiving of her first letter, the team's rout of league champion Akron U. after tying the Zippers earlier this past season, and the match in which she fired a 288 to tie Bill Roos, but edged him out in the off hand section of competition.

Mary Lou, besides being an outstanding rifler and skater, is a very accomplished accordionist and skilled softballer. The very personable girl is extremely popular, among not only teams in the conference, but with riflers whom the locals haven't fired against. Part

The mathematics professor noticed that one of his pupils was day-dreaming, and not following his work on the blackboard. To recall his attention he said, sharply: "Brown, Brown, board!" The boy, startled, looked up. "Yes, sir, very," came the reply.

of this popularity can be attributed to her extremely fine sense of humor and sportsmanship.

Coach Felt had this to say about her, "She is the nicest girl I've ever had the pleasure to work with. All the boys on the squad treated her like a sister and have the utmost respect for her. She has acted like a lady everywhere we've gone, and we've traveled many miles.

"She's achieved an outstanding record in a men's sport, and has been carrying a big scholastic load and working and has been extremely active in campus activities. She is one of the main reasons why we received the sportsmanship award."

**May Day Chairman**

Some of Mary Lou's outstanding achievements excluding sports have been her chairmanship of May Day festivities last year and her position as president of the Association of Women Students. She helped edit the Association's fine handbook, the Penguinette. She is also a member of Delta Mu Chapter of Phi Mu sorority and is a former Pershing Rifle sponsor. Mary Lou will receive her Bachelor of Science degree with a merchandising major this June and plans to continue firing after graduation.

**Sports Schedule, April 19 to May 1**

Sat. April 19	B.B. Baldwin-Wallace	Away	G. Akron	Home	Tenn. Westminster	Home	Trk. Mt. Union	Away
Mon. April 21	Tenn. Gannon	Home	G. Geneva	Home				
Tues. April 22	G. Mt. Union	Away	Tenn. John Carroll	Away	B.B. Fenn	Home	Trk. Western Res.	Away
Thurs. April 24	Ten. Hiram	Away	B.B. Westminster	Home				
Sat. April 26	Trk. Akron	Away	G. Fenn	Home	B.B. Akron	Home		
Mon. April 28	G. Kent	Away	Ten. Kent	Away				
Tues. April 29	B.B. Mt. Union	Away						
Wed. April 30	Ten. Akron	Home						
Wed. May 1	B.B. Alliance	Home						

**Jet's Jargon**

By John E. Tudhope

Trader Lane is off to the races again. This corner is wondering whether he is trying to better the Indians or wreck them in two easy lessons. We will just have to wait and see, but in the mean time let us examine what he has done in the last two weeks.

The first trade two weeks ago did nothing to either strengthen or weaken the ball club. Milt Bolling and Vito Valentinetti went to the Tigers for Pete Wojey. Wojey lasted a week and a half and then was sent down to San Diego. The only apparent purpose that this served was the reduction of the roster.

Then the gem of all trades came about. The Indians now have that "sterling" outfielder, Larry Doby back in the fold. It may have been wishful thinking on Lane's part to hope that Doby can be as valuable an asset as Gene Woodling. Woodling, unlike Doby was a clutch player.

**Gene Gained Selection**

Woodling was selected as the "Man of the Year" by the Cleveland sports writers after his sterling seas on last year. This writer doesn't recall Larry Doby ever being considered for this honor. When he was with the Indians before, he did all of his hitting when it wasn't needed. When it comes to being a clutch player Doby makes a better player.

The hope expressed in many channels is that Lane will be right

again as he has been almost every time in the past. For the sake of the Indians and manager, Bobby Bragan, he had better be right.

Along another line let us discuss the spring track here at the University. Mr. Lou DiOrto has been working the thinclads every night at either the Rayen track or in Mill Creek Park. Progress is being made with the runners having their time trials this week.

**Have Tough Schedule**

Tomorrow will mark the first meet of the year and the Penguins will be out for everything they can take. The schedule this year is very rugged and the men have their work cut out for them.

Last year the team had a very good record considering that it was the first track squad in many years here at the school. If this year's team can improve on that record we will have an extremely successful season. The best of luck from the JAMBAR staff in the meet tomorrow with Mt. Union and also in the other meets this year.

If you have never witnessed a track meet, try to attend some of them. You have certainly missed an exciting phase of the sport world. Track pits each man individually against others. Unlike football or basketball the member of the team is on his own and the competitive fire that this instills in an athlete is an invigorating experience.

**Tennis Hits Peak**

It has come to our attention that the game of tennis has become quite popular here in the city of Youngstown and most especially here at Youngstown U. Tennis enthusiasts will be happy to hear that there is a fine tennis attraction coming to Cleveland.

The Pilsener Brewing Company is sponsoring the World Professional Tennis Championship Tournament on May 2, 3, and 4. The games will be held indoors at the Cleveland Arena, so that there will be no cancellation due to weather.

Pancho Gonzales, the defending champion will be there as well as Pancho Segura, the runner-up last year. Lew Hoad, Tony Trabert and other stellar performers of the professional tennis world. Tennis at its finest will be on display for the championship of the world. The two Panchos, Gonzales and Segura, have dominated the play since the inception of the tournament several years ago. Each time they have been first and second.

A new threat has come onto the horizon in Lew Hoad and he could very well upset the apple cart. There should be a great deal of exciting play and tennis followers would do well to see the finest players in the world in action.

Just before press time the St. Louis Hawks defeated the Boston Celtics for the Professional Basketball Championship. There will be a great deal of "beefing", that the Celts would have won if Bill Russell could have played at top capacity. Russell did not make that much difference. Last year with Mr. Russell in the lineup the "Beantowners" barely squeaked out a win. At that time Pettit of the Hawks was injured. The show was just on a different foot this year.

**Rifle Coach Will Leave**

M/Sgt. Nick Felt, popular tutor of the University's rifle team, is leaving the school when his tour of duty ends next semester.

**Netters Open Season Monday**

Gannon College invades the Volney Rogers tennis courts next Monday afternoon for a match with the Penguin netters, this being the first of three scheduled during the week for the locals. Coach Bob Thompson's boys travel to Cleveland Tuesday to meet John Carroll then tangle with Hiram on Thursday in another road match.

Thompson is optimistic about the coming season and has his sights set on a reversal of last year's rocky campaign. Reflecting these hopes is the acquisition of George Dokmanovich, a former footballer, who comes to the netters after Army service.

Dokmanovich, a Pittsburgite, along with Don Garver, Ralph Lane, Jim Hart, Ted Drewell, and Harold Powell, form the nucleus of the squad. Penguin gridders Herm Yassall and Jim Richards are expected to see much service along with Steve Szabo, Don Kornspan, and Don Simpson.

## GREEKS

Continued from page 4

is "Nep", Mr. Fedoo' (Alex Fedor) was also seen wearing a pledge card. Everyone is walking around humming. This sing practice is taking its toll.

Baseball captain Ed Bodnar reports some good prospects on this year's ballteam, with many of the "big guns" returning this year.

The party with Tri Sigma turned out to be a "fantabulous" party. Under the atmosphere of a tropical island with natives, wrecked ships and shipwrecked sailors incame the waves of Tri Sigma's. Ubangi, Ungava!

### TAU KAPPA EPSILON

At a recent meeting held at Pollock House, the new officers of Tau Kappa Epsilon Fraternity were elected. They are: Howard Williams, President; Frank So, Vice-President; Dave Manley, Secretary; Rick Glunt, Treasurer; Joe Ula, Pledge-master; Dick Kay, Chaplain, Phillip Buchanan, Sgt. at Arms; and Bob Whittaker, Historian. The officers of the pledge class are Larry Burs, President; Bill Richardson, Vice-President; Chuck Serhan, Treasurer; and Dave Withers, Secretary.

The bowling team is tied with Zeta Phi Eta for first place in the second half of the intra-mural

bowling tournament. The winner of the match will bowl the Theta Chi's who won the first half of the tournament for the championship. Good luck, men!

Recently, a group of pledges from Delta Chi chapter at Gannon College visited Youngstown's chapter on their annual pledge trip.

A party was held on Wednesday at the Phi Gam room with Beta Sigma Omicron Sorority. Entertainment was supplied by the pledges of both organizations. A good time was had by all.

### SIGMA DELTA BETA

All the brothers are busy shaping up the pledges, who so far deserve a lot of credit in the way they take the punishment thrown their way. Good work pledges, keep it up and who knows, we may knock off Hell Night as a Christmas present. We'll have it New Years Eve!

Sig Delt bowlers went wild on the last day of the season, taking three big points from Phi Gamma in a battle that will long be remembered by both fraternities. Singles and Doubles tournament coming up will end the bowling season. And then the bowling banquet, which Brother Ed Wall predicts will be "like Wow." Nice job as Intra-Mural bowling president, Ed.

With the weather breaking, the Sig Delt golfers, have set their

## Music Competition

Youngstown University was the scene of the Northeastern State Solo and ensemble Music competition on April 12. Drummers from Howland (L.), and Austintown Fitch High Schools chat while they wait for their turn to go before the judge.

sights toward copping the IFC Golf tournament. Congratulations to Brother John Hernandez who is Co-Chairman of the event.

Brother Ed Wall is moving again. Good luck Ed!

### KAPPA SIGMA KAPPA

After two weeks of pledging, the recipients of the harassment have

bestowed the honor of "Sadist of the Month" upon an individual called Mushhead.

True to form, the Kappa Sig's and the AOP's had a ball at a square dance held recently at Willow Ranch. Social Chairmen Frank Masluk and Marlene Betras deserve a big hand for putting on a real wild one.

Bob Cain, once top jockey in the downtown circuit, has developed into a first class promoter. He asked us to announce this:

### "WATCH FOR TAMBEAU"

After battling stiff competition for two hours, Brothers Brian Donnelly and Ronald Pisan were selected chairman of May Day. Actually though, this isn't quite true. We'd just like to make them feel good. No one else applied! At any rate, many thanks to Pat Hrinko, Angie Stizza, Mary Lou Moss and Jean Starr for their help.

In the last issue we announced that the new trophy case would be on display in the Athletic Department. However, since it is the property of the school, its location will be determined by the school or some group in the school's organization. It is our hope that as many people as possible, profit from the case.

### ZETA PHI ETA

Brothers Rios, Vicarel and Dickman were seen recently in Cleveland with the English Club. They visited the Art Galleries and etc. The common word around town is that Jim Kane is going to hold another spectacular at Stambaugh Auditorium.

With the help of the Sig Delt's and Alpha Phi's, the Brothers came from behind and tied the Teke's for first place in the intra-mural bowling league. The Zeta Phi's have two candidates for the baseball team; Mel Klinger and Don Farm who play third and second respectively. Brothers Garwon, Ferenchak, Shook, Allegretto, and Gaetano are sharpening up for the IFC golf tourney. But the trouble is, they spend most of the time at the 19th hole.

Jim Krause held a real swinging date party for the brothers. Cadillac Jack was the real life of the party (pardy).

# Sticklers!

WHAT ARE THE FANGS OF LOVE?

BOB ARCHIBALD, U. OF OREGON *Heart Smart*

WHAT IS A POOR LOSER?

HARGOT BANHISTER, GRINNELL COLLEGE *Bitter Quitter*

WHAT IS A STUDIOUS FELLOW WHO FREELY HANDS OUT HIS LUCKIES?

(SEE PARAGRAPH BELOW)

WHAT'S A SECOND-STRINGER'S MISTAKE?

WHAT IS A TERM EXAM IN PLASTICS?

DOUGLAS OUSTERHOUT, MICHIGAN *Vinyl Final*

THE MENTAL MARVEL mentioned above is so studios he made Phi Beta in his junior year—of high school! When he walks into classrooms, professors stand. The last time he got less than 100%, the proctor was cheating. When it comes to smoking, he gets straight A's for taste. He smokes (All together, class!) Lucky Strike! Naturally, our student is fully versed on the subject of Lucky's fine, light, good-tasting tobacco. He's well aware that it's *toasted* to taste even better. So when someone asks him for a cigarette, he's happy to spread the good taste. And that makes him a *Kind Grind!* Assignment: try Luckies yourself!

Don't just stand there... **STICKLE! MAKE \$25**

Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (No drawings, please!) We'll shell out \$25 for all we use—and for hundreds that never see print. So send stacks of 'em with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, New York.

LIGHT UP A *light* SMOKE—LIGHT UP A LUCKY!

Product of The American Tobacco Company—Tobacco is our middle name

## Chattering

### ALPHA IOTA

Election of officers for the year 1958-59 were held at the April 8 meeting of Alpha Iota, Alpha Eta Chapter which was held at the home of Mrs. Irwin. Pat Dusko presided.

The following officers were elected: President, Joan Mazi; Vice-President, Virginia Richardson; Secretary, Priscilla Meyer; Treasurer, Patricia Dusko; Marshall, Peggie Trucksis; Chaplain, Carol Eiko; Historian, Marge Reedy; Pledge Captain, Beverley Rogers.

Representatives for the May Day activities will be; May Pole Dance, Beverley Rogers, Patricia Dusko, Priscilla Meyer and Joap Mazi will be in the Daisy Chain.

Alpha Iota is selling get-well and birthday cards. Anyone interested should contact any member.

### TAU KAPPA NU

The sisters are working hard on the entertainment for the Mother-Daughter banquet. A spring fashion show will be presented along with a variety show. Joyce Wieland is working hard on the charleston step which she has to learn for the act.

We would like to congratulate Sandy Simms on her recent engagement. Sandy is planning a fall wedding.

Carole Pope, Betty Cowher, Jo Ann Walthers, and Sue Carol were elected to participate in the May Day festivities. Donna Mahaffey is our nominee for Miss Popularity.

Plans are in the making for a swimming party sometime in the near future.

The Easter candy sale, was a large success. The girls would like to thank all those who bought candy from them.
