

THE JAMBAR

Friday, September 27, 1957

Youngstown, Ohio

VOLUME 32, NO. 1

Roncone Featured At Varsity Drag

Sigma Phi Epsilon will sponsor the second pre-game dance of the season Friday night, September 27. Stag or drag the "Varsity Drag" will feature Mike Roncone and his band.

Dancing will be from 8 to 12 in Strouss Memorial Auditorium. Casual dress will be the attire for the evening.

R.I.L. Student Reception Sunday

The Religion In Life Student-Faculty Reception at First Christian Church is scheduled for Sunday evening, September 29 at 8 p.m.

Activities for the evening will include a program of music, community singing, and refreshments.

Following the program at First Christian Fellowship Hall, the students and faculty are invited to be guests of Rev. and Mrs. Albert Linder, Chaplain, for an open house at their residence.

MUM SALE

Tri Sigma Sorority will sponsor their annual mum sale for the Homecoming Game, October 12. Orders are now being taken by members of the sorority.

The mums will be decorated with red and white ribbons, representing the school's colors, and will sell for \$1.00.

Featured at Pete Penguin Ball

Don Cherry

Nu Sigs Present Don Cherry At Annual Pete Penguin Ball

Don Cherry, popular Columbia Recording artist, is to appear at Idora Ballroom on Saturday, October 5th, 1957, for the 11th annual Pete Penguin Ball. The dance is sponsored by the Nu Sigma Rho Fraternity. Dancing will be from 9 p.m. to 1 a.m. to the music of

Organize Y.U.S.A. To Lift Spirit; Plan Grid Trip

Is school spirit up to par at Youngstown University? For having a basketball team privileged to go to the N.A.I.A. Tournament last year and a football team this year that is very promising and supposed to break all school records, school spirit is in bad shape at Y.U. It needs a shot in the arm that only the students can give.

Every year this has been stressed but now something is being done about it. The Y.U.S.A. (Youngstown University Student Association) has been organized to organize school spirit. This is an all new undertaking planned to back our school in all of its athletic contests.

Pep Rally Planned

Homecoming will be its first big project with a bonfire and pep rally planned for the night before the game. Shakeroots will be given free to all members for the game to promote better cheering in the student section.

An overnight migration is being planned for the Eastern Michigan Game in Ypsilanti, Michigan. Those who have Y.U.S.A. memberships will be given first consideration.

The officers of Y.U.S.A. are Ron Iseli, President; Betty Lou Storey, Vice-President; Fran Minghetti, Secretary; and Vinnie Creps, Treasurer. Memberships are \$1.00 a year and can be obtained through any officer.

Harry Hershey, one of the top bands of Northeastern Ohio.

Don gained national fame through his million seller record "Band of Gold". He followed with such hits as "Wild Cherry" and "The Story of Sherry". His latest record, "Fourteen Karat Gold", is backed up with "There's a Place Called Heaven".

Is Top Golfer

In addition to his singing ability, Don is also one of the country's top amateur golfers. He is married to the former "Miss America of 1956" Sharon Kay Ritchie.

Tickets for the dance are \$2.50 per couple and are available from any member of Nu Sigma Rho Fraternity or at the door. Dress for the dance is informal.

Ronald Hatch Wins Stearns Scholarship

The Doctor Henry V. Stearns Memorial Scholarship for this year has been awarded to Ronald Hatch. Mr. Hatch is a senior at the Dana School of Music and is studying voice with Madame Fanny Cleave.

The \$200 scholarship is made possible through the efforts of the Phi Mu Alpha Sinfonia Music Fraternity. It is awarded annually to a deserving male upperclassman at the music school.

The winner is chosen by a committee composed of members of the fraternity and of the faculty on the basis of need, musical ability, and personality.

Disneyland Chosen As Homecoming Theme

Steve Goryanec and Herb Bartelmay

1957 Homecoming Co-chairmen, Steve Goryanec Jr. and Herb Bartelmay, have chosen "Disneyland" for their theme. The floats entered in the Homecoming Parade will be built so as to accentuate this theme.

All social sororities and fraternities, are eligible to enter a float. Floats may also be entered by any other student council recognized organization. Trophies will be awarded for best sorority float, best fraternity float and best student organization float.

Judging of the floats will be based upon: theme, originality, and

workmanship. They will also be judged for "Parade Showmanship" as they pass the Engineering School.

All student organizations that wish to enter a float, with the exception of sororities and fraternities, should leave a note in the "Homecoming Committee Box" in Dean McCarty's office on the 2nd floor of the Main Building before Oct. 2.

If anyone has any questions about floats or the Homecoming Program, please contact Steve Goryanec at LT 58003, or Herb Bartelmay at ST 25204. If contacts can not be made leave a message in the committee box.

STUDENT FORUM

The Student Forum announces its fall membership drive. All students interested in this group should contact any member. The next regular meeting of the student Forum will be Sunday, October 6, at 6:30 p.m., in Pollock House.

Editors Chosen For Publications

Editorship of the 1957-58 HORIZON has been assumed by Pat Muretic. Pat, a junior majoring in English, was appointed by Student Council to edit the Literary magazine.

Pat is a past assistant editor of the JAMBAR, member of Newman Club, and also a member of the English Society.

In the past year Pat has had several works of poetry printed in prominent national magazines. At the present time she is formulating plans for the HORIZON, which is published periodically throughout the school year.

Students Contribute

The HORIZON is a magazine composed entirely of literary works contributed by the student body. Due to this fact no outside people are permitted to submit materials.

Subscriptions were sold for the first time in the registration and a total of 950 subscriptions were sold to the student body. This could be the largest circulation in the history of the magazine.

The editorial staff is now soliciting contributions from the students. Last year, 20 students from virtually every department in the University had their works published.

Subject matter is left entirely up to the writer. After accepting the writings the editorial staff scrutinizes each article and select the best ones for publication.

(Continued on Page 3)

Phi Lambda Delta To Affiliate With Alpha Omicron Pi

Phi Lambda Delta Sorority of Youngstown University, will affiliate with Alpha Omicron Pi, on Sept. 28, 1957. The sorority was founded with the aid of Professor John Bare in 1927, and was the first sorority of its kind on this campus.

Alpha Omicron Pi was founded at Barnard College of Columbia University in New York on January 2, 1897. It was organized especially to be an organization whose membership should be based on character and likemindedness.

Alpha Omicron Pi has an active alumnae of women of achievement. Among them are, Mary Ellen Chase, Gertrude Ryder Bennett, Margaret Bourke-White, Dr. Ella Roberts, and Mary Honor Donlin.

Formal installation will take place on Saturday, September 28, followed by a dinner at the Youngstown Club. A reception will be held Sunday afternoon on Brookwood Road

Y.U. Enrollment Up 139 Over Last Year

An estimated 5,408 students will be attending Youngstown University this semester according to official figures. This number is 139 more than last year's enrollment.

An interesting note is that enrollment of Vets is tapering off. New students and transfer students accounted for the bulk of the increase.

The official figure does not include the secretarial school, law school, or nurses.

Open House Held By Newman Club

Newman Club opened this year's activities by holding an open house at Cardinal Mooney High School on September 22. Refreshments and skits were provided for some three hundred members.

A very active year is planned, stressing heavily on Newman Club's three-fold purpose: spiritual, social and educational enrichment for the student.

The next meeting will be held on October 6, at Cardinal Mooney High School, from 7 to 11 p.m.

WELCOME FRESHMEN

Once again the members of the JAMBAR staff wish to express a warm welcome to the incoming freshmen and new transfer students to Youngstown University.

Each year this welcome becomes more significant. Each year there seems to be more of an emphasis, or accent, on the pronunciation of the word. To you, the freshman, this might sound somewhat strange to say this. You might ask, "Why wasn't there just the same amount of emphasis on the word before?" Perhaps there is a need for an explanation.

The truth of the matter is that we are proud of our University. Any upperclassman will tell you the same thing. Each year, something happens to the University which intensifies our feeling of pride towards it.

Take last year for example. We started off with a tremendous increase in enrollment proving that more and more people are becoming interested in this University.

Our basketball team was the Ohio State NAIA champions and went on to do well at Kansas City in the finals. Although the basketball team saw one of its greatest seasons the other sports cannot be slighted in the least.

Social activities reached an all-time high last year. Rarely was there a weekend without some social activity of some variety. All were considered an asset to the University and those responsible for giving them.

Our President, Dr. Howard Jones, in his ever increasing interest in our University has a building program outlined that will not only increase the size of the University, but also increase its prestige.

For the most part, this prestige that we upperclassmen enjoy was not handed to us on a silver platter. It has been through hard work and continued loyalty alone that this prestige can be entertained.

We have done our part and will continue to do our part. It's up to you not to let it falter. Only through a combined effort of everyone can we continue the ever increasing good name of Youngstown University.

Not only do we want to continue our good name but to raise it to new heights. Let's forget about our "good old" high school days. You are in college now. Support to the fullest extent everything that the University supports. Only in this way can we continue to keep the name of Youngstown University in the upper ranks of colleges and universities.

LIBRARY POLICY

Mr. George H.G. Jones, librarian of Youngstown University, recently announced that tuition receipts must be shown in order to obtain books from the library. He stated that in the past too many students signed fictitious names when borrowing books.

This resulted not only in a loss of books and money, but also in a loss in reading material available to the student body.

It is a known fact that Youngstown University's library is one of better college libraries in the state. Each year, additional volumes have been added until the total amount now exceeds 79,260.

The new rule has been put into effect to curb the loss of books. It should stay in effect until some other form of identification such as I.D. cards is established.

Apparently some students haven't realized that the use of the library is solely theirs and by not returning books they are hurting no one but themselves.

The Campus Voice

By Shitley Pavlov / Sam Sanfilippo

Question: As an upperclassman, what is your opinion of the new registration system and can you suggest any improvements for bottlenecks you may have encountered?

Terry Capuzello:

I think the new plan of pre-registration is excellent because it gives the student ample opportunity to talk over their needs with their adviser -- The only true bottle neck was that students not notified about old bills were suddenly confronted with the knowledge -- But at least it's an improvement over last year.

Charlotte Van Dan Handle:

Registration this year was an improvement over last year's system in that it was spread over two periods of time, thus making it easier on the nerves of both the student body and the faculty.

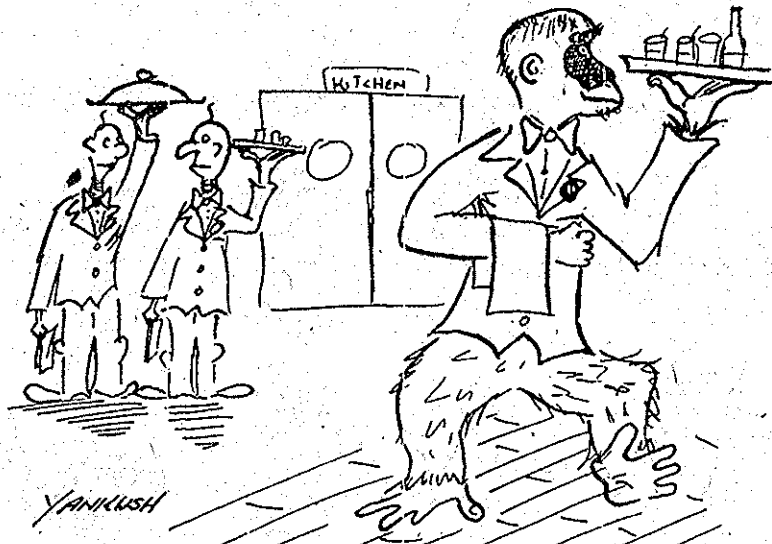

The only bottleneck I found was closed classes and with the system where students make their own schedules, this is to be expected.

Williard Boyd:

The present registration system is an improvement over those of previous years, yet it is by no means the solution to the problem. If all the students had taken advantage of the pre-registration it would have eliminated much of the confusion of trying to get arranged at the last moment.

John Ulicney:

In my opinion the largest problem or bottleneck of registration, has been solved a great deal by the system of pre-registration. If more students would take advantage of the new registration methods, they would notice a great elevation of time wasted on the waiting to buy books and the paying of tuition. They would also be assured of receiving their required courses at a time when they wanted them.

These part-time college students work for peanuts.

ENGINEER'S ANGLES

By Two Engineers

Well here we are appearing in our usual capacity as the literature masterminds for the slide rule set.

We thought we were leaving the confines of this beautiful work of architecture but because we had so much seniority we decided to hang around for many moons.

Since we've been back we have heard of the many wonderful world travels taken by some of our own beloved students(?). It seems that a few really took the seven-bit tour and saw all the exotic places such as Campbell, Struthers, Stubenville, and the soaking pits at Briar Hill.

New Faces

As we looked around the hall the other day we noticed a bevy of bright and intelligent faces. Summing up our super human intelligence we came upon the conclusion that these select few must be freshmen. We know from past experience that after your first year you are always seen in somewhat of a daze which you never fully recover from until you receive that parchment.

Now we will say a few unadulterated words about the improvements. The lighting in the rooms is tremendous. Now this seems to put an end to the unsavory characters who plant themselves in the back row to make good use of the opaque setting for the betterment of their grades. The new green walls are terrific but I have a feeling they were put there for a reason. We think they will be matching a few faces after catching a number of those well known exams which will be thrown at you sooner than you wish.

Literary Masterpiece Changed

We understand a certain well known dean is back to his old tricks in that he changed that great literary masterpiece with which he has been so closely connected for many years. In plain Chinese, he fixes so honorable students no copy problems from honorable students of other semesters. Him pletty smart man for Frenchman.

We are going to sign off now with this thought, how about doing something about the parking situation for the engineers? Trying to get out of that parking lot is like trying to keep awake in "thermo" class. Let's see what we can do "Deano".

Graduate Study Offered Abroad

Competitions for Fulbright and Buenos Aires Convention scholarships for graduate study abroad for 1958-59 are now open.

Fulbright awards for pre-doctoral study and research in Europe, Latin America and Asia cover tuition, books and maintenance for one academic

A Letter To The Editor

Dear Editor,

It has come to my attention that Y.U. does not have a debate team among its extra-curricular activities. Upon further inquiry, I learned that at one time, Y.U. did have a debate team -- a team competent enough to defeat in debate many highly rated schools.

Also, the team's popularity was such that it was invited to participate in debates with the Universities of Michigan and Northwestern.

However, lack of student interest eventually caused dissolution of the team and school pride took a step backwards.

Fortunately, the great mentor who guided Y.U.'s now defunct debate team is still with us. Certainly in the student body there must be some people who would be willing to give their time and ability to such an activity.

That a debate team is formed at the University now depends on the response from the student body, as Mr. Elser is more than willing to give of his talents.

Those interested in this project should contact the Jambar or its staff members.

Sincerely yours,
Ed Nolte

year. The Buenos Aires Convention scholarships provide transportation from the U.S. government and maintenance from the government of the host country.

Eligibility requirements for these foreign study fellowships are United States citizenship, a college degree or its equivalent by the time the award will be used, knowledge of the language of the country of application sufficient to carry on the proposed study, and good health. Preference is given to applicants not more than 35 years of age.

Competition for the 1958-59 academic year closes November 1, 1957. Applicants enrolled at academic institutions must abide by the submission deadlines established by their respective Fulbright advisers.

Wiretapping

By Fran Doyle and Peggy Higgins

These are a flash back! Usually the first issue is partially turned over to greeting freshmen, statistics on increase in enrollment and prospects of the football team, but being as we are a little short on material for our usual column we decided to reprint some of the news from years gone by. Perhaps by rights this column should be entitled "Twenty Years Ago in the Jambar or Wiretapping the Files" since all material used dates back to the 1937 issues.

It appears that our Alma Mater has undergone a slight revision since 1937. Maybe some of the old timers will remember this version of our Alma Mater.

By old Mahoning's waters
Stands our college fair
In sunlight glow or starshine glamour
Gleams thy beauty rare.
Raise high thy standard to the breeze;
Youngstown we shall thee uphold
With symbol of supreme allegiance,
Rich-hued Red and Gold

In years gone by the administration not only encouraged the students to relax and enjoy themselves between classes they also furnished material, and I quote, "The Library has recently received a gift of back numbers of ESQUIRE and LIFE. These may furnish amusement and instruction for an idle hour between classes."

Complaints Still Heard

Although car styles for '58 appear to be long and sleek, they must handle easier or else the Wick Avenue parking lot is bigger now than ever, for twenty years ago students were complaining because there was a temporary shortage of parking facilities when the lot which then accommodated 75 cars and now packs in 150 cars was unexpectedly closed.

Back in '37 as you entered the lounge you could hear the rattle of sticks instead of the sound of cards shuffling. Maybe somebody was sitting on the floor doing their onesees and twosees as Pick-Up-Sticks and Jacks were the rage. But now things have really changed, all you have to fight for is a seat in the Snack Bar that some card player is determined not to relinquish because it might interrupt his game of "500".

Remember all flattery is soft soap, and soft soap is 90 per cent lie.

Editors Chosen

(Continued from Page 1)

Ruth McKissick, a daughter of Mr. and Mrs. C.B. McKissick, Enon Valley, Pennsylvania, has been chosen Editor of the 1958 NEON. She is a senior majoring in English, a member of Beta Sigma Omicron Sorority, English Club, R.I.L. and W.R.A.

Assisting her will be Barbara Wentz and Jerry Repasky. Others on the staff are Business Manager, William Wilson; Greek Editor, Joanne Kaschak; Organization Editor, Barbara Hoover; Sports Editor, Cal Stroble; Senior Editor, Mary Louise Creed; Advertising Manager, Carlos Stemen; Calendar Editor, Joan Melek; Art Editor, Louise Gossick, and Advisor, Mr. William Baker.

Any one that is interested in working on the Yearbook Staff contact any member of the staff, or call the NEON office which is in the basement of the President's home.

Edwin Kaiser, a sophomore majoring in chemistry, has been chosen editor of the JAMBAR for the coming year. He succeeds John Poulson, who will remain on the staff as associate editor. Poulson is a journalism major.

John Hernandez, a junior, majoring in journalism, is the new managing editor, having served the last two years as sports editor.

Sports Editor is Ronald Vanatsky, a junior in engineering. Ron served last year as a sports reporter.

Walt Stoddard moves up from Circulation Manager to Business Manager. Walt is a sophomore advertising major.

The new Circulation Manager is Tim Bowser, a junior majoring in business.

INFORMATION AND INSTRUCTIONS FOR CONTRIBUTORS TO HORIZON

- Contributions will be accepted from any student from any department of Youngstown University.
- All material should be typewritten, double spaced, with ample margins on each side and at the top and bottom of each sheet.
- Material must be plainly marked with the contributor's name, address, phone number, and class rank.
- If material consists of more than one page, all sheets must be stapled or otherwise securely fastened together.
- All material should carry a title.
- Magazine staff will attempt to return all unused material clearly marked with above information.
- Further reprint rights for any material will be retained by the contributor. HORIZON reserves only the right to print such material as will be selected for the University publication.
- All material will be judged by a group of at least seven people, consisting of two faculty advisors, the editor, and the editorial committee.
- Final deadline for literary contributions is November 1, 1957.
- Manuscripts will be accepted in the contribution boxes in the main entrance to the library.
- Deadline for manuscript is Nov. 1.
- Publication date is Dec. 2.

Beware The Date; Rushing Starts Nov. 4

RICHARD P. McLAUGHLIN
PRESIDENT, IFC

The Interfraternity Council of Youngstown University has announced new rushing procedure to become effective in the fall semester of 1957. These rules prohibit fraternities to rush freshmen until they have been at the University for one full semester. This is the system used at many colleges and universities throughout the country, and it is designed to benefit everyone.

The student, primarily, will find favor with this. For one semester he will be able to evaluate each organization more fully and is not pushed into anything.

He will find it much easier to devote time to extra-curricular activities after he has had some taste of college life, rather than jumping right into the swing of things.

Also Find Value

The fraternities, too, will find value in this system. Naturally, the organizations feel that a student must prove himself capable as a student before given the opportunity to belong to a fraternity. A student with poor grades will reflect not only upon himself but also his fraternity.

The mortality rate of freshmen has always provided the administration with a perennial headache. We feel sure this will help the new students to get their feet on the ground scholastically before becoming affiliated with a fraternity.

Below is the complete list of the new rushing rules.

SECTION 1

A rushee must be a full time student of Youngstown University in good standing at the time of rushing.

SECTION 2

No person may be rushed, pledged, or installed by a fraternity, which person does not have an established 1.0 average.

SECTION 3

No first semester freshman is eligible to be rushed in either formal or the informal rush periods.

SECTION 4

An informal rush period shall begin Nov. 4, and continue until Nov. 22, during which pledges may be enrolled by a fraternity and notification and the \$2.00 fee be given the Secretary of the Interfraternity Council.

SECTION 5

On Friday of the tenth week of the first semester all enrolling of any new pledges by the respective fraternities shall end.

SECTION 6

Each rushee shall accept only one bid.

SECTION 7

Any potential rushee who willfully co-operates with any illegal form of rushing will be denied pledging privileges to any fraternity until the beginning of the following semester.

Young Herkimar's ambition was to be a blacksmith, so he went to the village smithy and prevailed upon him to take on an apprentice.

The smithy agreed after making Herkimar promise to work long hours at low pay and to always follow instructions to the letter.

"Now, when I take the shoe out of the fire," he instructed, "I'll lay it on the anvil; and when I nod my head, you hit it with this hammer." Herk did exactly as he was told.

Now he's the village blacksmith.

Student Forum

At its meeting on Sept. 23, the Youngstown University Student Forum concluded arrangements for its first program of the new semester.

Mr. Joseph L. Rauh, Jr., will speak in the auditorium at 3:00 pm., Oct. 7, 1957. A native Ohioan, he was the successful attorney in the Watkins case before the Supreme Court, and is at present the defense attorney for Arthur Miller. Mr. Rauh is an authority on Constitutional Law, and will doubtless have some interesting comments on recent Supreme Court decisions.

Beat Tech -- Beat Tech

NEON STAFF

All advertising majors interested in working on the 1958 NEON advertising staff are asked to contact Carlos Stemen or Mary Lou Moss at the NEON office in the basement of President Jones's house on Tuesdays or Thursdays after 11:30. In case of people not able to contact the NEON office in person call Ext. 25.

CHRISTMAS WORK -- POST-OFFICE

Applications for Full-time Christmas Vacation work at the Youngstown Post Office (including branches) will be taken:

WHERE: University Placement Office. (They will NOT be accepted at the Post Office).

WHEN: Monday, October 21, 1957 through Friday, October 25, 1957 from 9:00 am to 4:00 pm.

WHO: Any male aged 18 or over.

WHAT: Jobs as Clerks and jobs as Carriers.

Must be able to work:

Carriers: 8:00 am to 6:00 pm.

Clerks must be able to work one of three regular tours as follows:

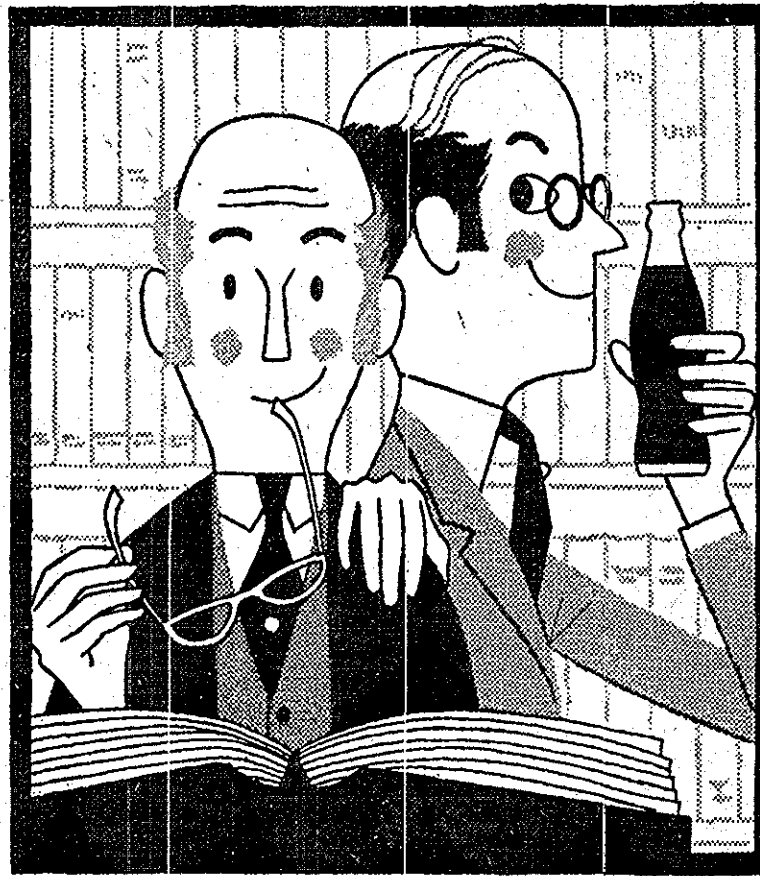

Tour I: Midnight to 8:00 am.

Tour II: 8:00 am to 4:00 pm.

Tour III: 4:00 pm to Midnight.

HOW MUCH: \$1.65 per hour (plus 10% for work done between 6:00 pm and 6:00 am.)

"APPLICANTS MUST HAVE SOCIAL SECURITY NUMBER WHEN APPLYING."

Mr. Funk & Mr. Wagnalls

"In re this matter of Good Taste," said Mr. Funk to his secretary, "take a definition."
"Taste: sensations . . . excited . . . by the . . . action of the gustatory nerves . . ."
"And add this," put in Mr. Wagnalls. "Taste: the faculty of . . . appreciating the beautiful . . ."
"That," said Mr. Funk, "wraps it up. Mr. Wagnalls, will you join me in a Coca-Cola?"
"So good in taste . . ."
"And . . . in such good taste!"

SIGN OF GOOD TASTE

COCA COLA BOTTLING CO. OF YOUNGSTOWN, O.

IT'S GREEK TO ME

By Pat Hrinko

The Hallowed Halls of Learning have once again come alive with activity as the Greek Population of the campus return from Summer Camp. The party cry has dimmed somewhat but not entirely.

Homecoming is once again in the limelight as the vigorous campaigns begin for the lovely candidates: Bunny Noga, Geri Zeller, Toni Carlomagno and Barbara Priore. On behalf of the Greeks, may I extend a welcome to all the new students on campus.

Congratulations to Gamma Sigma Sorority upon their affiliation with Sigma Sigma Sigma Sorority and to Phi Lambda Delta Sorority upon their affiliation with Alpha Omicron Pi Sorority. To open the social session on campus will be the Varsity Drag sponsored by Sigma Phi Epsilon Fraternity, Fri., Sept. 27. Included on the social calendar for the coming week is the Pete Penguin Ball sponsored by Nu Sigma Rho Fraternity, Oct. 5 and featuring Don Cherry.

Memo to Karl F. ---- Most men like their women heavy and most heavy women like Karl F!!!! In closing, the immortal words, "Oh-noooooo, Marvin!"

ALPHA PHI DELTA

Congratulations to the brothers who have bowed to the holy vows. They are the following: Mr. and Mrs. Nick Marnejon, Mr. and Mrs. Vito Leardi, Mr. and Mrs. Sam Rogers, Mr. and Mrs. Al Guerari, Mr. and Mrs. Frank Tarantine, Mr. and Mrs. Leonard Grannito, Mr. and Mrs. James Travalline and Mr. and Mrs. Frank Civarella.

Gone are the days of searching for a hall. Thanks to brother Sam LaLama the Alpha Phi's now have access to the Seema Club on Salt Springs Road.

Mike Roncone was finally forced to buy a car after his old bomb fell apart on the way to a record hop. Duals never did go too well on a Buick, do they, Mike?

After five years and three colleges, Frank Tavorario has finally become a junior.

Anyone who is interested in learning some new dance steps, see brother Tony Mastrangelo, who is now employed as a full time dancing instructor at Arthur Murray Dance Studio.

Float plans are moving along smoothly, under the chairmanship of John Catoline and don't look for a Pink Elephant again this year, men.

We are glad to welcome our brothers John Catoline and Earl Nunziatto to a full time day schedule.

We must mention here also that brother Frank Tarantine is now a Youngstown University Faculty Member.

Alpha Phi Delta's Sweetheart for Homecoming Queen is lovely Bunny Noga.

This year, the Alpha Phi Delta's are out for serious business and looking forward to a great year.

BETA SIGMA OMICRON

Summer has passed and the Beta Sig's are trying to get back into their school day swing. Summer found Judy Johns, Rosemary Collins, Barb Niesen and Judy Barrett in Florida and Sally Gribbon and Joan Melek touring Cooks Forest.

The "Lake" was tremendous, especially for the card players --- Patty, Ann, Fran and Little Slick. Ask Judy and Lou about our sign???

We wish Peg Kramer best of luck since she has become Mrs. William Moore.

The Beta's new officers have really been working on laws, by-laws, and tri-laws (if there is such a thing). They are Judy Barrett - President; Joan Melek-Vice-President; Lou Gosick-Corresponding Secretary; Fran Minghetti-Recording Secretary; Marianne Kalocsy - Treasurer; Sally Gribbon-Warden; Ann Arbutina-Editor; Gerry Wargo-Pledge Trainer; and Judy Johns-Rush Chairman.

Barb and Rosemary are working hard on the float, while Gerry, Sally and Lou are working on the campaign.

FIGHT - - TEAM - - FIGHT!

Helping to spark the Penguins on to victory this year is the 1957 edition of our cheerleaders. They are, Patty Jo O'Brien, Tri Sigma, Judy Appleman, AOPi, Nancy Veauthier, Tri Sigma, Judy Johns, Beta Sigma Omicron, Marion Minghetti, Beta Sigma Omicron, and Fran Minghetti, Beta Sigma Omicron. They will be present at all the home football and basketball games.

The Beta Sig's sincerely hope their lovely sister Barbara Priore will be the next Homecoming Queen at Y.U. Good luck sister and candidate, Barbara.

ZETA PHI ETA

Welcome back to the grind, Greeks. Everyone is just about back to normal after the lake. F.A.N. has finally gotten all the Smog out of his system.

At the first meeting, plans for many exciting and fabulous affairs were discussed for the coming year. Bob Rios, our new prexy has started the ball rolling concerning the homecoming and everybody is full of ideas on how to bring home the laurels.

Brothers, Kane, Parm, Shook, Basile, Allegretto, Giambatista and Martin were elected to represent the frat in the bowling league.

The new trophy the frat has taken is most unusual.

THETA CHI

The Theta Chi's had their usual share of enjoyment at the lake this year... enough said?

The brothers of Theta Chi would like to welcome everyone back to school and wish the best of luck to all the freshmen.

Congratulations to brother Al Hegedus, who has been awarded the President and Mrs. Howard W. Jones Scholarship.

The brothers of Theta Chi proudly announce their lovely candidate for Homecoming Queen, Toni Carlomagno, a member of Sigma Sigma Sigma Sorority.

Welcome home to brother Harry Senn, who has just returned from Mexico after completing a six weeks Spanish Club Scholarship at the University of Mexico.

Good luck to brother Jim Reed and Brenda Hayes and also to brother Dave Felger and Pat Gubany who were pinned during the summer.

Jack Chugden was given a super send-off at a party held at the Mafe Club, Friday, September 20. "Chug"

has accepted a position in the services of Uncle Sam.

The dance held by the Theta Chi's and Phi Lam's after the football game on September 21 was a very big success. We thank everyone for their wonderful support.

KAPPA ALPHA PSI

Well, with the start of a new semester, we imagine the first thing on the agenda should be a great large "Welcome back to school" to last year's students, and an equally large "Welcome to Youngstown University" to the freshmen. On behalf of the Kappa Alpha Psi Fraternity, "Welcome".

Now that the fun and frolic of the summertime vacation is drawing to a close, it is back-to-campus time. Seeing the new faces and learning the new names calls one's attention to the back to school party the Kappa's are planning for a date in the very near future. All are invited and notices will be posted shortly.

The brothers are all busy planning for the Homecoming ceremonies. Look for a big surprise from the Kappa's.

KAPPA SIGMA KAPPA

A big hello to everyone. The Kappa Sig's hope everyone had as big a ball as they did this summer. "The Lake", of course, topped everything. Question? What select group of individuals know a certain party yell? Whooooo-up!

Congratulations to former Kappa Sig prexy Fran Murphy who is about to be married and brother Dave Yakubovic and Cy Boris who became Mr. and Mrs.

Speaking of big steps, one of the older members has accepted an important position with his favorite Uncle (Private Al Sandel).

Six brothers put in two hard working weeks at football camp. They worked so hard they had to sleep all day.

The brothers asked a couple of sharp but bewildered freshman girls to give their first impression of Y.U. They said just three little words,

Looking Around..

Karl Mogg

Ike McHugh

Happy Registration
Happy Registration
Save your schedules
Save your schedules

The title of this column is looking around so we've been looking around. Biggest news of the summer was the informal Greek Mixer held at Ohio's most fashionable resort, Geneva. Bill Burby's silver hat led the men's fashion parade. We really had a good time, plenty of sleep, fresh air and exercise.

The reason Ike McHugh is writing this column is that K. Mogg is on a diet. He was "Looking Around" and the only thing that he noticed was that he was fatter than everyone else. Pat Hrinko was glad he went on a diet though. She suggested that he cut out food ... completely.

The start of the fall semester finds everyone anxiously awaiting the fall festivities. Jack Chugden, Al Sandel and Gene Yankel are about to take up positions with the government.

What, us smile?

The parking problem has been partially alleviated, the school is to furnish everyone with a Volkswagen.

Seriously though, there has been an improvement since Donnell Ford opened their parking lot.

If you think registration was bad, think how you'll feel when you've been here so long you know what your doing and where you're going.

I know a fellow who already got his 1956 Neon.

Since this is the first issue of the Jambar, we thought it would be nice if we had a short description and history of our two favorite columnists Ike McHugh and Alfred E. Neuman.

Ike McHugh, a 5th year Junior, 4'11" tall, 103 pounds. Pound for pound the deadliest shuffle-board player in the Campbell league. Would appreciate it if freshman would take time to distinguish him from Mr. Webster, Athletic Director.

Karl Mogg, 4'11" tall, 301 pounds and not a muscle in his body. He was elected Mr. Marshmellow of 1951. He would appreciate it if the old timers would distinguish him from Joe Burns.

If you think this is a bad column, wait for the next 19 to come out. A Real First. The paper is not yet gone to press and we've had 319 letters of complaint.

In all seriousness we would like to wish all six of our readers a hearty welcome to the 57-58 school year. Now that the battle of the registration line has been fought and won, we find ourselves ready for Homecoming, football games, parties, dances and classes.

Well, don't forget friends they're hard to find.

"Too darn hard". Cheer up! Any freshman girl in need of advice, can always consult a Kappa Sig.

The Kappa Sig's are looking forward to a really big year beginning with a double win at Homecoming. After that, who can tell what will happen?

The Kappa Sig's would like to close with the immortal words of Ed Traggesser, "It's a quarter after one!"

NU SIGMA RHO

After much hard work through the summer, sighs of relief were heard on the first day back at Y.U.

The Nu Sig's first project is the annual Pete Penguin Ball. Co-chairmen John Andreyko and Joe Vukovich have a fine show in store for those that attend with the star attraction as Don Cherry. Those who attended the dance last year can recall the enjoyable entertainment.

Pete Torek, chairman of the Homecoming float committee, informs us of his progress.

Brothers who have taken the drastic step during the summer months are Mike Savko, Leo Cipriano, Ray Meleweski, Nicky Raich and alumnus Herm Sosteric. Congratulations also to the proud parents of two new arrivals Mr. and Mrs. Dan Donofrio (girl) and Mr. and Mrs. Richard Moskowsky (boy).

SIGMA DELTA BETA

The Sig Deltas wish to welcome everybody back to the halls of ivy. From the way things are happening, it looks like this is going to be the best Greek year ever.

The SDB's wish to thank the Phi Mu's for their help in making the SDB-Phi Mu dance such a huge

success. June and Amy can relax now.

Seen at Geneva-on-the-Lake --- six weary Sig Deltas looking for a glass of Youngstown water.

The Sig Deltas are happy to see all the freshmen faces. Several of the boys are taking a keen interest in helping the freshmen learn the ropes (especially the girls!)

SIGMA SIGMA SIGMA

Another school year has begun and for the Tri Sigmas, it's the first year of national affiliation. Starting off the year will be the annual mum sale for the Homecoming game. Make your order soon so that your date will be sure of having one. The Tri Sigma cheerleaders, Nancy Veauthier and Patty Jo O'Brien will be selling them at the gate for that last minute date! Majorettes Joetta Smur and Shirley Pavlov will also be on hand before game time.

Congratulations to sister Cynthia Boris and Dave Yakubovic on their recent marriage.

New faces are seen all over the campus but no freshman dinks. Somebody else must be filling the parking lot.

Thanks to Mary Lou Moss and A.W.S. for giving the freshman girls such a warm welcome to Youngstown.

Best wishes to sister Joetta Smur for recently winning the Strouss-Hirschberg's "seventeen" Doll Contest.

The sisters wish to congratulate Phi Lambda Delta Sorority on their affiliation with Alpha Omicron Pi.

Congratulations to Sigma Sigma Sigma's lovely sister, Toni Carlomagno, Theta Chi's candidate for Homecoming Queen.

Continued to page 6

New Faculty Members Assume Staff Positions

This fall twenty new instructors have been added to the Youngstown University faculty.

Dr. Ann Barbara Carlin of Wyandotte, Michigan has been appointed to the education faculty of Youngstown University. She has previously taught and supervised in the public schools of Iowa and Michigan, and has served on the faculties of New Mexico Western College and Western Michigan College of Ed.

Dr. Carlin obtained a Bachelor of Philosophy from the University of Chicago, her Masters of Arts from Columbia University, and her Doctor of Philosophy degree from the University of Michigan.

Mr. Frank M. Clark of Lansing, Michigan, is a full time physics teacher. Mr. Clark comes from the faculty of Michigan State University. He received the degree of Bachelor of Arts at Rippon College in Rippon, Wisconsin and obtained a masters from Wayne State University where he was a lab assistant and part-time instructor while working for the degree. Professor Clark is a member of the American Association of Physics Teachers, Sigma Pi Epsilon, Pi Mu Epsilon, and Sigma Chi. He is active in the Air Force Reserve and retains the rank of Major.

Former Athlete

Louis P. Di Orto, former Chaney High School athlete, is head of the department of health, physical education, and recreation. Mr. Di Orto received his Bachelor of Science Degree at Hiram, and his Masters degree in physical education from the University of Illinois, where he assisted in the coaching of football, golf and tennis.

Master Sgt. Joseph F. Dolinski is a full time instructor in the department of military science. After entering the service in 1941, he served in Europe in World War II with the 79th Infantry Division where he was also a member of the 4th Ranger Battalion. Previously Sgt. Dolinski was a 1st sergeant at headquarters of the 3rd Infantry Regiment, Fort Myer, Virginia. Sgt. Dolinski was born in Natrona, Pennsylvania, and is a graduate of Allegheny High School, Pittsburgh, Pennsylvania.

Heads Department

Miss Ilajean Feldmiller of Cochran, Pennsylvania heads the department of Home Economics. Miss Feldmiller has taught general science and Home Economics at Sugar Grove Joint Vocational School. She has a Bachelor of Science degree from Pennsylvania State College and her masters from Ohio State University.

First Lt. John R. Harlan, Corps of Engineers, U.S. Army, is an assistant professor of military science and tactics. Prior to this assignment he commanded Company "C" 62nd Battalion at Ft. Leonard Woods, Missouri. He received his Bachelor of Arts degree from Wabash College in 1950 where he was a member of Lambda Chi Alpha social fraternity.

Lt. Harlan entered the army in 1952 and received his training at Ft. Riley, Kansas. He attended Engineer Officer Candidate School at Ft. Belvoir, Virginia, where he was commissioned as 2nd Lieutenant in the Corps of Engineers in 1953. Until 1955 he was integrated into the Regular Army and was awarded the Commendation Ribbon with Medal Pendant.

Teaches Music

Mrs. Lois M. Hopkins is a member of the faculty of Dana School of Music. Mrs. Hopkins received a Bachelor of Music magna cum laude from Morningside College Conservatory of Music, Sioux City, Iowa, and obtained her masters from Eastman School of Music, Rochester, New York.

Mrs. Hopkins now plays first horn in the Youngstown Philharmonic

Orchestra. She has taught privately for five years.

Previously, Mrs. Hopkins has been band and instrumental music director in Wilmington area schools. She is a member of Nu Phi Epsilon national music sorority.

Appointed Librarian

Mr. George H.G. Jones has been appointed librarian at Youngstown University. Mr. Jones comes to Youngstown from Northfield where he was librarian of the Northfield Community Library. He received his degree of Bachelor of Arts from Oberlin College and his Masters in Arts from Harvard University where he has completed the comprehensive examinations for the Doctor's degree. Jones received his Masters Degree in library science from Kent State University in 1957. Previous to his library experience, he was a member of the faculties of Lawrence

are new members of the English faculty. Dr. Thelma Miner has a bachelor of Arts from Dickenson College and her Master's and Doctor's Degrees from the University of Pennsylvania. She has served on the faculties of Temple University, Dickenson College, Vassar College, and comes here from the faculty of the University of Kansas.

Doctor Ward Miner has a Bachelor of Arts from the University of Colorado, a Master's from the University of Chicago, and a Doctor's from the University of Pennsylvania. He was Fulbright professor in American Literature at the University of Turku, Finland. He served as director of The American Civilization Program at the University of Kansas and was a member of the faculties of Queens College, Temple University, Colorado School of Mines and South Dakota State College.

Mrs. Esther Niemi joins the faculty of the department of economics and accounting. She was employed as secretary by Hoppe, Day and Ford and also by Packard Electric Division of General Motors Corporation, both in Warren. Mrs. Niemi has a Bachelor of Science degree in Business Administration from Youngstown University. While at Youngstown she received two awards for highest point average in accounting and in all business administration subjects.

I'm Warning You!

At the freshman orientation program, Youngstown University President, Dr. Howard Jones, explains to over 800 freshmen some of the purposes and aims of the University. Seated behind Dr. Jones are some of the students who gave speeches concerning the extra-curricular activities available at the University.

College, Appleton, Wisconsin, and of the University of Rochester, N.Y. He was with the U.S. Navy Landing Craft in the South Pacific from 1943 to 1946.

Dr. Low, a history instructor, was born in Vienna and became an American citizen in 1945. He has traveled in Europe and Turkey extensively. He received his Doctor's Degree from the University of Vienna. Dr. Low has studied at Haverford College, Pennsylvania and later at Harvard and Columbia on Scholarships. He has a Master's of Arts from Columbia University and served on the faculties of Syracuse University, Marietta College, Wells College, and Brooklyn College.

Doctor William H. McKoy is a full time chemistry instructor. He received a Bachelor of Science Degree from Youngstown University and his Doctor's Degree from the University of Pittsburgh. Dr. McKoy was a chemist at the Oak Ridge National Laboratory and has been a member of the faculty of Washington and Jefferson College and Texas A & M.

Are English Instructors

Dr. Thelma Miner and her husband

She attended Western Reserve University on a National Woodrow Wilson fellowship and will receive her Master's Degree from Western Reserve in January. She has been a member of the Warren City Board of Education since 1950 and now is Vice President of the Board.

Is From Uruguay

Mrs. Violeta C. Robinson, a native of Uruguay is a full time instructor in the physical education department. Born in Montevideo she is a graduate of Jose Bartley Ordenez High School there. Miss Robinson attended summer session at Superior Institute of Physical Education at Santiago, Chile. She received her Bachelor of Science Degree in June 1957 and the following month received her Master of Science Degree in physical education from MacMurray in Jacksonville, Illinois.

Mrs. Robinson came to this country after receiving a scholarship from the Illinois Dept. of Public Welfare to study recreation of exceptional children. In May she received a certificate as recreational therapist at the Occupational Recreational Therapy School of Manteno Hospital. She has had two books on education published;

"Journal Of Physical Education" which was published in Uruguay and also "Recreation in Exceptional Children".

Sgt. Peter Scheurich is a full time member of the department of military science and tactics as assistant Military Property Custodian. He was stationed at headquarters of the Army School at Fort Knox, Kentucky, as assistant commandant supply sergeant. Until 1945 he served in the Canadian Army and then transferred to the United States Army overseas Service. He was in Europe in World War II and received the Silver Star, Bronze Star, Soldier's Medal, Parachute wings and the Combat In-

fantry Badge.

Professor Skardon comes to Youngstown University's faculty from the faculty of Baldwin Wallace. He has a Bachelor of Arts from the College of Charleston and a Master's from the University of Chicago. Professor Skardon has completed the major portion of his work on a Doctor's Degree at Chicago University. He was in the service from 1941 to 1945 and was a prisoner of war for 5-months.

'57 Graduate Teaches

Michael Solomon becomes full time member of the Engineering faculty. He was a '57 graduate of Youngstown University with a Bachelor of (Continued on Page 8)

WHAT EVERY YOUNG COED SHOULD WEAR

Gather round, girls. Flip open a pack of Marlboros, light up, enjoy that fine flavor, that good filter, relax and listen while Old Dad tells you about the latest campus fashions.

The key word this year is *casual*. Be casual. Be slapdash. Be rakish. Improvise. Invent your own ensembles—like ski pants with a peek-a-boo blouse, like pajama bottoms with an ermine stole, like a hockey sweater with a dirndl.

(Dirndl, incidentally, is one of the truly fascinating words in the English language. The word originated on June 27, 1846, when Dusty Sigafos, the famous scout and Indian fighter, went into the Golden Nugget Saloon in Cheyenne, Wyoming, to see Lily Langtry. Miss Langtry did her dance in pink tights. Dusty had never seen anything like that in his life and he was much impressed. He thought about her all the way home. When he got

home his wife Feldspar was waiting to show him a new skirt she had made for herself. "How do you like my new skirt, Dusty?" asked Feldspar. He looked at the large, voluminous garment, then thought of the pink tights on Lily Langtry. "Your skirt is darn dull," said Dusty. "Darn dull" was later shortened to dirndl, which is how dirndls got their name.)

But I digress. We were smoking a Marlboro and talking about the latest campus styles. Casual, we agree, is the key word. But casual need not mean drab. Liven up your outfits with a touch of glamor. Even the lowly dungaree and man-shirt combination can be made exciting if you'll adorn it with a simple necklace of 120 matched diamonds. With Bermuda shorts, wear knee-cymbals. Be guided by the famous poet, Cosmo Sigafos (whose cousin Dusty invented the dirndl), who wrote:

*Sparkle, my beauty,
Shimmer and shine,
The night is young,
The air's like wine,
Cling to a leaf,
Hang on a vine,
Crawl on your belly,
It's time to dine.*

(Mr. Sigafos, it should be explained, was writing about a glowworm. Insects, as everyone knows, are among Mr. Sigafos' favorite subjects for poetry. Who can ever forget his immortal *Ode To a Boll Weevil*? Or his *Tumbling Along with the Tumbling Tumblebug*? Or his *Fly Gently, Sweet Aphid*? Mr. Sigafos has been inactive since the invention of DDT.)

But I digress. We were smoking a Marlboro and discussing fashion. Let us turn now to headwear. The motif in hats this year will be familiar American scenes. There will be models to fit every head—for example, the "Empire State Building" for tall, thin heads; the "Jefferson Memorial" for squatty heads; "Niagara Falls" for dry scalps. Feature of the collection is the "Statue of Liberty," complete with a torch that actually burns. This is very handy for lighting your Marlboros, which is terribly important because no matter how good Marlboros are, they're nowhere unless you light them.

Whatever you wear, girls—and men too—you'll find the perfect accessory is Marlboro, whose makers take pleasure in bringing you this column throughout the school year.

Greeks

Continued from page 4

SIGMA PHI EPSILON

A strong foothold was established on the shores of beautiful (?) Lake Erie this year without the help of the Marines.

After his fabulous display on the lake, it is understood that Jack Uslick is moving to Cypress Gardens to give water skiing lessons. (Look Mom, no hands.) Anyone for Delta Chi coffee? It's really delicious at three in the morning. How's the lifeless limb, Gimp?

Congratulations are in store to all the brothers who tied the knot this summer. The best of luck to Marianne and Jim Fedorchak, Rosemary and Bill Fergus, Sue and Don Thomas and Pat and Mike Petro. Also to Peggy and Bob and Pat and Carl for getting pinned. Who's next, you Ed?

The Dinner Dance this year, held at Tippecanoe Country Club, was a huge success. Highlight of the evening was the crowning of Pat Hrinko, Sig Ed Queen of Hearts. Thanks go to "Easy Ed" for the fine work he and his committee did on the dance. You sure looked cute in your bermudas, J. "Boney Knees" U.

We're happy to say that the house

is coming along in great shape. A number of the brothers will be moving in within the next few weeks.

The best of luck to our Homecoming candidate, Barbara Priore.

PHI GAMMA

An all too short summer came to a close with the 8 o'clock classes on Monday. The escapades of the summer are being lived over and over in conversation. Most of the stories are about Steve Goryraec, who can be heard around campus whistling his favorite nursery rhyme "High Diddle Diddle".

Speaking of the lake, Bill Burby is looking for a size 8 1/4 Ivy League Pan, with the handle-in-the-back.

The Phi Gam's would like to take this opportunity to congratulate all the lovely girls who have been nominated for Homecoming Queen and also Herb Bartelmay and Steve Goryraec for being chosen co-chairmen of the Homecoming festivities. Speaking of Homecoming, the brothers are hard at work building their float into another winner.

On September 28, Charles Port and Pat Rogers will walk down the aisle to be joined in Holy Matrimony.

PHI LAMBDA DELTA

Kappa Sigma Kappa Fraternity and Phi Lambda Delta Sorority proudly announce as their lovely candidate

for 1957 Homecoming Queen, Miss Geri Zeller.

The Phi Lam's are welcoming the site of our halls of ivy, after a glorious and unforgettable summer. The cry of the party hoop has died down, a little, and preparations are being made for the coming activities.

Our best wishes are extended to Pat Gubany, who is now studying nursing at Bellevue Hospital, New York; Dolly Stizza and Pat Hrinko, fraternity sweethearts of Tau Kappa Epsilon and Sigma Phi Epsilon respectively; and a welcome home to Joyce Doyle and Norma Jo Mitchell, who attended the Newman Club Convention in New York City.

Hustled activity and excitement precedes the national affiliation of Phi Lambda Delta as Phi Lambda chapter of Alpha Omicron Pi which will take place the weekend of September 28 and 29.

The Phi Lam's would like to thank all those who attended the Phi Lambda Delta-Theta Chi Back Buckle Bounce and made it such a big success.

The sisters wish to congratulate Gamma Sigma Sorority on their affiliation with Sigma Sigma Sigma.

PHI MU

The Phi Mu's are back to school again after a wonderfully restful summer. The girls really had a riot at

the lake. Enough said!

Good luck to Lu, Dolly, Pat and Mary Jane who are teaching this year.

The Phi Mu's are busy fixing up their apartment in the Women's City Club and working on their Homecoming float.

The Sigma Delta Beta - Phi Mu pregame dance was a big success. Thanks alot to all the kids who were in the pep rally at intermission.

By the way, would anyone like to buy a chance on a transistor radio? Just ask any Phi-Mu. Though really, you won't have a chance because they'll ask you first.

Has anyone seen the center piece from the Phi Mu dinner dance in August?

TAU KAPPA EPSILON

After a relaxing week at Geneva-on-the-Lake, the Tekes are now settling down to the books. One of the highlights of the week was a terrific spaghetti supper on Thursday with the Tri-Sig's. Also during the same week two of the fraters, Dave Houlihan and Bob King, attended the Teke National Convention which was held at Bedford Springs, Pa.

Congratulations to Dolly Stizza on being picked Teke Sweetheart. She will be the official hostess for the coming year and also be a

candidate for the National Teke Sweetheart.

Losing their pins over the summer are Dick Smith and Frank So.

Coming up in October is a hayride and also plans are now being completed for the annual bicycle race with the Phi Gam's.

Student Education Assoc. Holds Picnic

The Student Education Association, formerly the Future Teachers of America, started the activities of the year by holding a picnic at Roosevelt Park on Sept. 21.

This year's officers include: Fred DiLullo, president; Olive Driver and Frank Markovich, vice-presidents; Nancy Zumrick, recording secretary; Agnes B. Cassidy, corresponding secretary; Myrtle Ann Gifford, treasurer.

Anyone planning to become a teacher should be interested in S.E.A.

Mrs. Margaret Braden is the advisor to the group.

A westerner entered the saloon with his wife and six-year-old boy and ordered two whiskeys. "Ain't ma drinking?" asked the kid.

THE BMOOC

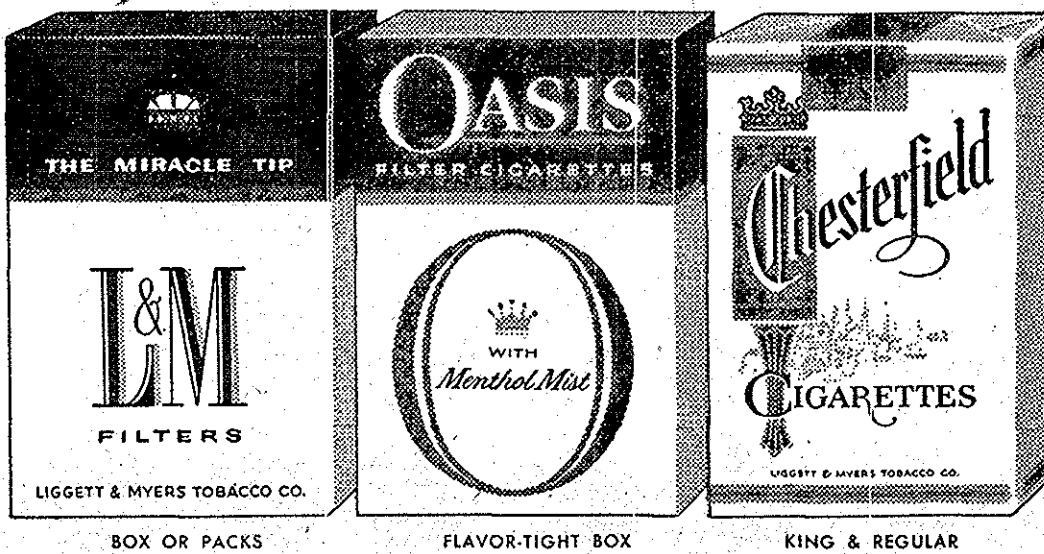

GO FOR LMIOC

L&M ... Today's most exciting cigarette! The campus favorite that gives you "Live Modern" flavor... plus the pure white Miracle Tip. Draws easier... tastes richer... smokes cleaner.

Oasis ... The freshest new taste in smoking... with soothing Menthol mist and easy-drawing pure white filter. On campus they're saying: "O'flavor, O'freshness, Oasis!"

Chesterfield ... The big brand for big men who like their pleasure big! For full-flavored satisfaction... it's Chesterfield... the cigarette that always goes where the fun is.

Yes, the BMOOC go for LMIOC! How about you?

Jet's Jargon

BY JOHN E. TUDHOPE

Here we are back at the old desk at the office busily hammering out our non-sensical column (boy will a lot of people agree with me on that one). With the new school year the spirit of the old Jet is renewed, and the quest for news on sports is on.

Although the World Series has not been played, the football season, only in its infancy, has been stealing most of the headlines. This does not seem right.

For the first time in three years there is only one New York team that can play in the series. It looks like the strange hold that the Dodgers had on the National League Pennant has finally been broken.

Can't Be Budged

Unfortunately, the Yankees cannot be budged from their usual position in the American League, the top of the heap. No matter who wins in the National League it will be an interesting series with a great deal of excitement.

King Football is preparing himself for what could be his greatest year. The National scene as far as colleges is concerned is really going to create some fireworks. The national champions may be a team that has lost as many as two games.

Many of the teams that are being rated highly in the pre-season polls have to play each other and all of the other schools rated highly are playing very tough schedules.

Interest Is Centered

Much of the interest for the sports fans in this area centers around the mid-west and particularly the Big Ten. There should really be a dog fight for the championship.

Michigan State, Minnesota, Michigan, and Iowa are picked by many of the experts to battle for the crown. Don't count any of the other teams out at any time. Any team in that conference can beat any of the other teams on any given day.

Ohio State and Illinois are going to have plenty to say about who will represent the conference in the Rose Bowl. All in all, look for a very close and tough race in the conference. The feeling here is that either Michigan or Minnesota will be in Pasadena next New Year's Day.

Still Rebuilding

Notre Dame, although still in the rebuilding process, will have a more successful season than the last one. It probably couldn't be any worse. If the Irish stay in good physical condition and don't have as many injuries as last year they could be tough.

Pro Football could also enjoy its greatest year. With all of the personnel changes that have taken place in the past few weeks several teams have been strengthened and could have more of a bearing on the outcome at the end of the season.

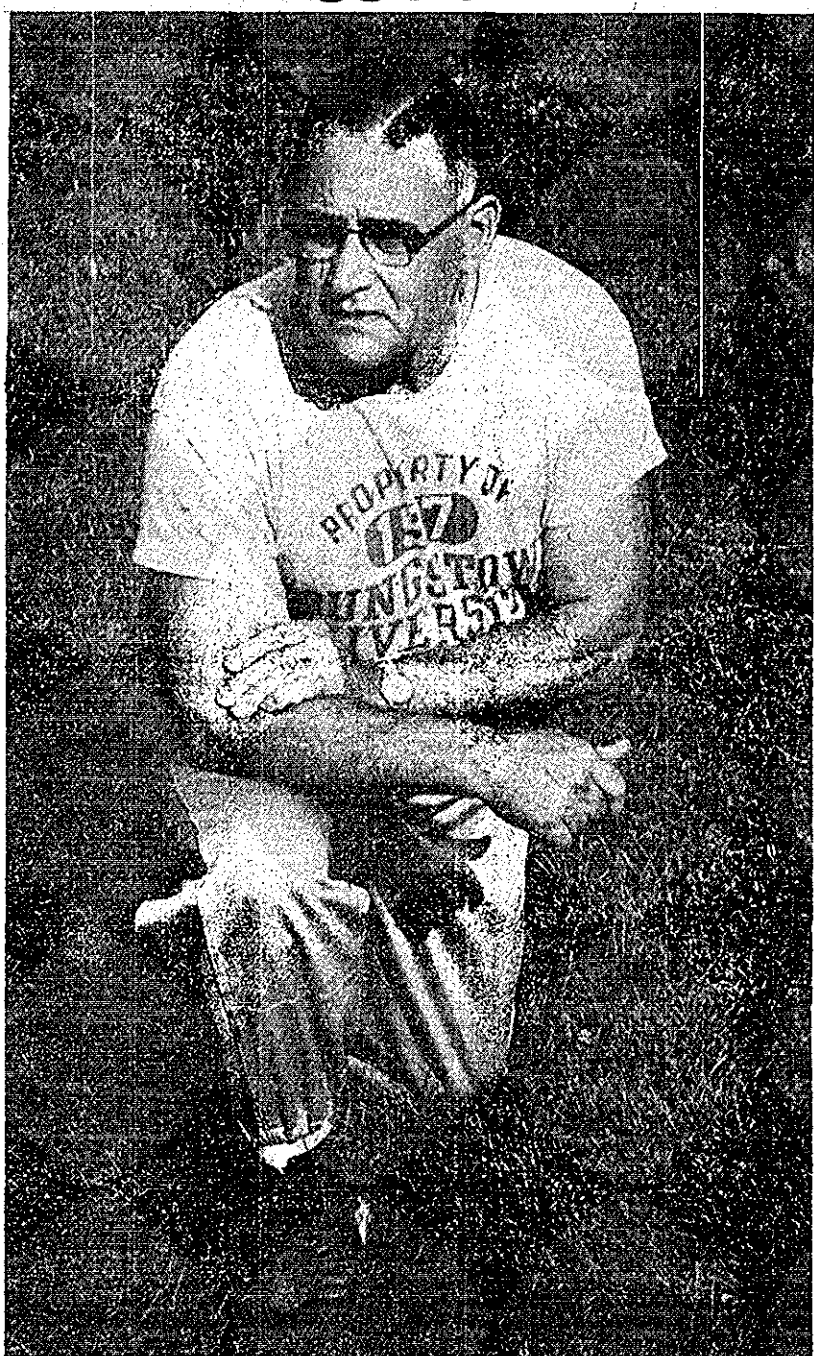

The big switch of Buddy Parker from the Lions to the Steelers will mean a great deal to the Pittsburgh team. Parker doesn't like to lose and will incite a fire in the team that heretofore has been sadly neglected.

Fight For Crown

In pre-season polls the sports writers have picked the Giants and the Browns to fight it out for the Eastern Conference crown. This may almost be decided Sunday afternoon at the Lakefront Stadium in Cleveland. The Browns and the Giants run head on in the first game of the season.

In the Western Conference the Bears are again expected to waltz home with the bacon. In the championship game the eastern representative is already picked to beat the western leader.

Coach

Dike Beede

Dike Beede—Coach Of All Formations

by Pete Sloan

Dike Beede is celebrating his twenty-fifth year of coaching football. He has coached at three colleges, Westminster, Geneva, and Youngstown. This year marks his seventeenth year at Youngstown, and to make it fitting Dike was named the small college coach of the year by the NCAA this summer for outstanding contributions to the game as well as his football record. Over all Beede coached teams have amassed 110 victories against 76 losses and 13 ties. His Youngstown mark is 82-49-7.

How did this man achieve his fine record? Dike started his playing career as a tackle at South High. In his first year in college he was chosen all-state tackle at Newberry College in South Carolina. Dike's next three years were spent closer to home at Carnegie Tech where in his junior and senior years he played fullback and captained the team. It was here that Dike, under the guidance of Coach Steffan, initiated the full-spinner with the fullback spinning and giving to the end coming around or faking and plunging into the line. Beede's first coaching job was at Westminster where he used a variation of the T formation with an end in motion. His record here was mediocre. Geneva College was his next destination and his first real successful seasons as a coach. Here Dike used the Tennessee Single-wing. In 1935, the team, with Little-All-American, Dom Rosselli, compiled an eight and one record.

Came Here in 1938

After three years, Beede finally came to Youngstown in 1938 and has been here ever since with the span covering seventeen seasons. Probably his best season was in 1941 when the team went undefeated, but once tied. Sloko Gill, now line coach of the Penguins, captained the team at center.

Beede claims that after the war the team had a lot of depth and much ruggedness with the veterans. This leads us up to the question of how this year's 1957 version of the Penguins stacks up.

Beede exclaimed, "We have more depth at every position and this is the first year that we can start a team without freshmen. We have more deception, more speed, and more power in the backfield."

Should Shape Up

Dike figures the team should shape up to be one of the best with Little-All-American candidate, Dave Kimmel and Ray Carter in the backfield. Backing up the experienced line is another Little-All-American candidate at center, Jim Vechiarella. Dike mentioned that the schedule is tough with no one team to point for although he did say that North Texas State was probably the toughest.

Dike is a mastermind of all football formations and has used just about every formation known in modern football. He, himself, calls the present formation at Youngstown the "composite offense". The A formation, which Youngstown uses, is really not the straight A formation but a combination of T formation, Single-wing, and Split-T.

Uses New Plays

Beede is one of the smartest coaches in the game. He is always coming up with new plays to stump the opposition. In practice he will give a name to a play or consult

The Grapevine

By Ron Vanatsky

Having experienced the most prosperous sports year in its history, fans throughout the area are looking to Youngstown University for the best in collegiate athletics. They'll not be disappointed, for 1957-58 promises to uncover some of the Midwest's finest talent, all assembled and polished to provide thrills unlimited throughout fall, winter, and spring.

To commence, Head Coach "Dike" Beede has rounded into shape a football squad tabbed during pre-season workouts as a sure contender for representation in the second annual Aluminum Bowl this December at Little Rock, Arkansas. Bolstered by the addition of such formidable newcomers as Mike Santor, Fred Walden, Jim Rich, and John Kolesar, the squad possesses much potential. Among top candidates for Little All-America honors are Dave Kimmel, Ray Carter, and Jim Vechiarella.

The Penguins' schedule, being nationwide in scope, has brought Beede's charges acclaim from all parts of the continent for their hard, clean play. To ice the cake, Beede has been chosen as football's small college coach-of-the-year!

Basketball To be Crowd Pleaser

Dom Rosselli's cage squad of last season does not require superlatives in its description. Actions speak louder than words, and Ohio's NAIA champions gave basketball fans a season to remember. To show the calibre of coaching at Y.U. Rosselli was selected as the cage coach of the year in Ohio, the second honor conferred upon our athletic tutors.

Team and individual accomplishments ranked in almost every category right along with the nation's finest. As a side light, the basketball frosh squads have compiled a 24-2 record the previous two seasons. With Rosselli's entire squad almost intact, cage fans should witness some sterling hardwood play this winter.

During Christmas recess, the Holiday Collegiate Tip-Off Tournament should corral capacity crowds to South Field House every evening. The NAIA champions, Tennessee Tech, along with teams of similar strength, should provide the Penguins with the stiffest competition

his players for the best name. He certainly is a stickler for condition, which means a lot of wind-sprints, and he will work days on running through plays. Beede builds team morale and desire to win during the week. He says that if a team isn't up before the game they never will be despite pep talks.

One of the outstanding contributions Dike has made to the game, besides those mentioned, was the use of flags denoting fouls that the officials carried. Back in 1941 when Youngstown met Oklahoma City, Beede asked the officials to try throwing a red flag when a foul was committed, rather than blow the horn. Dike said that the whistle horn often caused players to halt during a play. He also thought it would lessen the blow of a penalty if the fans knew before the player made a long run and had to be called back.

An office boy went to a baseball game using the excuse that he had to go to his brother's funeral. The boss also went to the game and when he saw his office boy, he somewhat sarcastically asked, "Is this your brother's funeral?"

The office boy, thinking quickly, replied, "It looks that way, sir; he's the umpire."

"Doing anything Saturday Night?"
"Nope."
"Could I borrow your soap?"

Intra-Mural Interest High

Intra-Mural sports activity figures to hit an all-time peak here, especially since new enrollment records have been set. Looming as the most popular activity is Dom Rosselli's intra-mural bowling league. Women's sports activity is rapidly gaining momentum and will be prodded into expansion again this year.

This spring's golf team undoubtedly will be the University's best in the last five years. Paced by Pete Rosko, who has been tabbed as one of the most consistent golfers in the Tri-State area and is a three-year letterman already, the Coach Bill Carson's linksters are top candidates for state honors once again.

Several local scholastic aces who have enrolled at Y.U. will have a hard time cracking the top five spots. Still in the planning stages is a big surprise which will be revealed later if present plans materialize.

Lettermen Returning In Spring

Although the tennis and baseball squads did not enjoy spectacular seasons, the many veterans returning next spring should provide Coaches Thompson and Rosselli with several pleasant moments.

Summing up, this coming school year should provide fans with the very finest in collegiate athletic activity.

Dom Rosselli, Director of Intra-Mural Sports, has asked that all teams, who did not attend last Sunday's meeting but who wish to enter the Intra-Mural Bowling League, should contact him immediately.

It is hoped that the League can be started within the next two weeks.

Rosselli may be contacted in the Athletic office in the basement of Tod Hall.

When Dike was asked about the best players he ever coached he mentioned two players of the present team, Kimmel and Vechiarella. An other mentioned without hesitancy was Dom Rosselli of the 1935 Geneva team.

We of Youngstown University hope that this Silver Anniversary year will be one of the best in Dike Beede's long coaching career. We think this man deserves everything that is in store for him in the coming season.

Sports Dept. Urges News And Criticism

The Jambar sports department will attempt to give the most complete, accurate, and authentic coverage possible to the students of Youngstown University. All criticism and complaints will be cheerfully accepted and considered.

Send them to the Jambar Office in Pollock Hall or put them in the Jambar mailbox in the registrar's office. They must be signed.

Please refer any sports notes that are news worthy to any member of the staff. They will be appreciated.

The best way to get rid of a noise in your car is to let her drive.

University Theatre Receives Grant From O. D. M. H.

Through a grant of funds, made possible by the Ohio Division of Mental Hygiene, the Youngstown University Theatre has set up a special repertory company known as family plays. Under the direction of the Youngstown University Department of Speech and Dramatic Arts, this group will offer performances of four of the American Theatre Wing's Community Plays.

For the past several years the American Theatre Wing has been producing a series of short community plays designed to help people understand human behavior.

The plays average approximately half an hour. They are designed to be followed by a discussion period -- an essential part of the program. The shock of recognition is the opening wedge in this novel form of adult education. But identification with the play's characters is only a stimulus for the discussion period which follows the play.

Directions for Booking

All groups requesting a booking of one of these plays are expected to:

1. Have an appropriate interest in family life education.

2. Provide a hall of suitable meeting room for the performance. (A room with stage or raised platform is preferable, though not essential. No special props are required.)

3. Have a minimum audience of 50 persons. (Groups which can assure larger audiences will have preference in securing bookings.)

4. Arrange for a discussion leader.

5. Pay a royalty of \$1 per performance directly to: American Theatre Wing Community Plays, 351 West 48th Street, New York 36, N. Y.

Family Plays will provide:

1. A performance by a competent cast at the scheduled meeting hour.

2. A copy of the complete script of the play to be performed -- upon confirmation of the booking.

3. A discussion guide to assist the leader in preparing for the program.

Please remember that the total number of performances for the 1957-1958 season will be limited to 50. For this reason, bookings will be offered in the requesting performances for specific dates.

Bookings will be accepted beginning September 23, 1957. Family Plays must be notified at least three weeks in advance of performance date desired. Booking office hours are 1:00 -- 5:00 pm, weekdays. Written requests for bookings will be accepted at any time.

Please phone your request to:

Family Plays
Riverside 4-8451, Ext. 12
Youngstown, Ohio

or write to:

Family Plays
University theatre
Department of Speech & Dramatic Arts
The Youngstown University
410 Wick Avenue
Youngstown, Ohio

Any student interested in acting in one of the "family plays" should drop in to Main 112 weekdays from 1-5.

Performers will be paid \$5.00 per performance. Here is an opportunity to make a little extra cash while enjoying yourself.

She: "Am I the first girl you ever kissed?"
He: "Now that you mention it you do look familiar."

and has three children.

Engineering Degree and a major in Civil engineering.

Master Sgt. Milton Solomon is a full time instructor with the department of military science as Chief Clerk. Sgt. Solomon joined the United States Army in 1941. In May 1945 he was commissioned as a 2nd Lieutenant. He was on active duty in Feurnburg, Germany and served with the Counter Intelligence Corps and Criminal Investigation Division of the Army. Sgt. Solomon is married

Student Council Notes

The first meeting of the Youngstown University Student Council was held Friday, September 20. During the summer three people resigned their posts. They were, Clive Unger, Treasurer, Peggy Tiller and Ann Arbutina. Two of these resignations have been thus far replaced. Bill Wilson has been elected to the office of treasurer and Judy Appleman has replaced Ann Arbutina on the Discipline Committee.

Council was reminded by the librarian of the University, Mr. George H.G. Jones, that strict enforcement of the new ruling for checking out books will take place. He explained that the purpose for this is that over 500 books are now missing from the library and blamed this on the old system of checking.

Dates for the Homecoming, Senior and Student Council elections were also set up. They are as follows: Homecoming, Oct. 8-9; Senior, Oct. 15-16; Student Council, Jan. 6-7.

The Discipline Committee also ruled that advertising for Homecoming will not begin until Sept. 30. It was also ruled at this meeting that advertising posters will only be placed in the entrance of the Snack Bar and Cafeteria.

The first Sat. in Nov. has been

named as the date for the University Organizations Annual Report form. The meeting will take place in the Visual Aid Room of the University Library.

Students are to be reminded of the suggestion boxes that are available to them around the University.

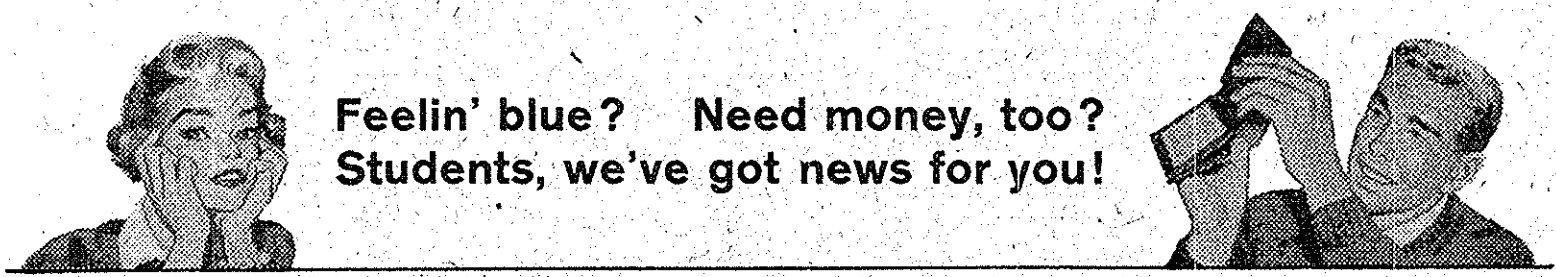

Strange Stranger

Two boppers were lounging outside the local saloon. "Dig that crazy moon up there," said one.

"Man, that's no moon," said the other. "That crazy thing is the sun."

About that time, a third bopper saunters out the door and they put the question up to him, without bothering to look up he said, "I don't know, man. I'm a stranger around here."

People who live beyond their means should act their wage.

Sticklers are back!

MOST POPULAR GAME that ever went to college—that's Sticklers! Just write a simple riddle and a two-word rhyming answer. For example: What's a big cat shot full of holes? (Answer: peppered leopard!) Both words must have the same number of syllables—bleak freak, fluent truant, vinery finery. Send Sticklers, with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mt. Vernon, N. Y. Don't do drawings! We'll pay \$25 for every Stickler we use in our ads—and for hundreds that never see print. While you're Stickling, light up a *light* smoke—light up a Lucky. You'll say it's *the best-tasting cigarette you ever smoked!*

LIGHT UP A light SMOKE—LIGHT UP A LUCKY!
