

Petitions Now Available For Senior Class Officers

Official Senior Class officer petitions are now available in the Dean of Women's office in Main 210. These petitions must be signed by at least 50 bonafide members of the senior class. A student may sign only one petition for each class office. Any full-time senior student who has enough credit hours to make it mathematically possible to graduate in June or August of the academic year and has applied for graduation may be nominated for a class office. Elections for senior class officers will be held Wednesday, October 21st., and Thursday October 22nd. Any full-time student of the senior class may vote in this election at the entrance of the Strouss Auditorium in the Main Building. Senior class office petitions must be returned to Main 210 by 2 p.m. on Friday, October 9th.

Foreign Service Representative To Be Here

The annual visit by a representative of the United States Foreign Service to the Y.U. campus will take place on Friday, October 9, at 1 o'clock in the Audio Visual Room. The purpose of his trip is to inform interested students about a career in the Foreign Service.

Each student meeting the department's qualifications will be encouraged to take a written examination which will be held on December 5.

The Foreign Service has a critical need for young men and women with training in economics, public and business administration, as well as those whose major fields of study are in history, political science, language, geography, and international affairs. The basic requirement for those who wish to apply is that applicant be over twenty-one years of age and under thirty-two as of October 19.

All students interested are advised to see Miss Elizabeth Stenberg whose office is on the second floor of the library.

Chapel Dates

Oct. 7	11-12
Nov. 25	10-11
Dec. 16	9-10
March 1	9:30 - 10:30
March 2	11-12

An explanation of each committee's functions and duties will be given in following articles.

Student Council

This is the first of a series of articles about your Student Council. Student Council is the governing body of sixty-seven active organizations chartered through Student Council. The twenty-two members of Council are elected by popular vote from their respective school. There are five schools: Business, Engineering, Liberal Arts, Music and Secretarial. The number of votes each school has, depends upon the enrollment in that school. At present the distribution of votes are: Business 5, Engineering 6, Liberal Arts 9, Music 1, and Secretarial 1.

The officers of Student Council for this semester are as follows: President, Leonard Loepf; Vice President, Dan Murphy; Secretary, Tish Davis; and Treasurer, Sam LaLama. The faculty advisors are Miss Boyer and Mrs. Dykema.

There are at present seven standing committees. The newly appointed members of these committees are: Finance - Sam LaLama, chairman, with Tom Flynn and Fred Middleton. Discipline; Gary Swanson, chairman, with Ron Stowe, Doreen McCleery, and Dick Sulik. Social - Jim Quilty, chairman, with Victor Bell and Jack Uslick. Activities - Tom Reed, chairman, and Andy Stankevich. Constitution - Michael Kaiser, chairman, with Richard Zabik and Sandra McNeilly. National Student Association - Marlene Mogish, chairman, and Dave Clark. Student Relations - John Esposito.

An explanation of each committee's functions and duties will be given in following articles.

Fulbright Scholarships Open For Application Until Nov. 1

Only two months remain to apply for some 900 Fulbright scholarships for study or research in 28 countries, the Institute of International Education reminded prospective applicants today. Applications are being accepted until November 1.

Inter-American Cultural Convention awards for study in 17 Latin American countries have the same filing deadline.

Recipients of Fulbright awards for study in Europe, Latin America, and the Asia-Pacific area will receive tuition, maintenance and round-trip travel. IACC scholarships cover transportation, tuition, and partial maintenance costs. IIE administers both of these student programs for the U.S. Department of State.

General eligibility requirements for both categories of awards are: 1) U.S. citizenship at time of application; 2) a bachelor's degree or its equivalent by 1960; 3) knowledge of the language of the host country;

Enrolled students at a college or university should consult the campus Fulbright adviser, Dean Olive P. McCarty in Main 210, for information and applications. Others may write to the Information and Counseling Division, Institute of International Education, 1 East 67th Street, New York 21, New York or to any of IIE's regional offices.

Competitions for the 1960-61 academic year close November 1, 1959. Requests for application forms must be postmarked before October 15. Completed applications must be submitted by November 1.

DEAN'S COUNCIL OF ENGINEERING SCHOOL WILL SPONSOR FIRST ENGINEER'S BALL

Psychiatric Swing Set For Tonight

The 3rd Annual Psychiatric Swing sponsored by Phi Gamma Fraternity will be held Friday Oct. 2 at the Strouss Memorial Auditorium from 9 p.m. to 1 a.m. Dress is casual. Stag or drag.

Another tradition is destined to be included in the annals of Youngstown University history.

A brain child, in the form of the first Engineers' Ball, has emerged from the minds of the Dean's Council at the William Rayen School of Engineering.

The dance will be held at the Idora Park Ballroom on October 24, from 9 p.m. to 1 a.m., at which time the engineers will herald their reigning sweetheart.

ENGINEER'S BALL: Dean M.J. Charignon, Dean of the William Rayen School of Engineering and advisor to the Dean's Council; Sam LaLama, president of the Dean's Council and John Cigolle, vice-president of Dean's Council go over plans for the forthcoming Engineer's Ball.

Procedure for nomination of a sweetheart will be:

1. Each nominee for sweetheart must have a petition signed with a minimum of 25 signatures.
2. Only engineering students are permitted to sign the petitions and the students may sign their names only once.
3. Petitions may be picked up at the Dean's office in the William Rayen School of Engineering on Friday, October 2, and must be returned by 5 p.m. on Friday, October 9.

Final elections for the choice of sweetheart will be held:

- Wednesday, October 14, from 6:30 to 8:30 p.m.
- Thursday, October 15, from 9 a.m. to 3:30 p.m., and 6:30 to 8:30 p.m.
- Friday, October 16, from 9 a.m. to 3:30 p.m.

Chairman for the Engineer's Ball will be Sam LaLama, who will be assisted by Jim Mershimmer as co-chairman.

Look for more information on this dance in the future issues of The Jambor.

Jazz Concert Set For Wednesday

Phi Mu Alpha Sinfonia will present its first jazz concert, Wednesday, October 7, at 9 p.m.

Bob Hassey of local radio fame will be master of ceremonies.

The program will consist of big bands and small jazz combos with both featuring outstanding local jazz soloists.

Tickets are \$1.00 and may be purchased on the second floor of Central Hall or from any Phi Mu Alpha Sinfonia member.

Proceeds will go to the Henry V. Stearns Memorial Scholarship fund awarded annually to the outstanding male junior or senior music student.

Poetry Association Announces Competition

The NATIONAL POETRY ASSOCIATION announces its ANNUAL COMPETITION.

The closing date for the submission of manuscripts by College Students is NOVEMBER FIFTH.

ANY STUDENT attending either junior or senior college is eligible to submit his verse. There is no limitation as to form or theme. Shorter works are preferred by the Board of Judges, because of space limitations.

Each poem must be TYPED or PRINTED on a separate sheet, and must bear the NAME and HOME ADDRESS of the student, as well as the name of the COLLEGE attended.

Victor Bell Awarded Stearns Scholarship

Victor A. Bell Jr. has been awarded the Henry V. Stearns Memorial Scholarship for the current school year.

The scholarship is given each year by the Delta Eta Chapter of Phi Mu Alpha Sinfonia. The recipient must be a male upper class student in the School of Music and meet the requirements of good character, high scholastic standing and sufficient need.

Alpha Pi Epsilon Begins Rushing

Alpha Pi Epsilon is the Service Sorority at Youngstown University. It has been active on campus since 1950 and holds its meetings twice a month on the second and last Fridays of the month.

The girls of A P I E are organized to do services for the University. They also have service projects of their own throughout the year.

There are only 2 requirements to join:

1. You must be above Freshman rank, and
2. You must have a cumulative point average of 1.00. If you are interested in joining or want more information about A P I E, please contact any officer or member of A P I E.

RIL Announces Coming Calendar

Dr. Paul Gauss, Executive Secretary of the Youngstown Council of Churches was the guest speaker at a recent meeting of RIL.

New students were welcomed by the President of RIL, Dave Prosser.

Entertainment was presented by the Huntington Trio, composed of Jack Davidson, John Uslick and Tom Habel; all are members of Sigma Phi Epsilon Fraternity.

The following events are on the calendar for RIL:

October 4, Fellowship Meeting at First Christian Church.

October 6, Co-Ed Swim Party at YWCA, 8 p.m.

Admission Tests For Law School To Be Given

The Law School Admission Test required of applicants for admission to a number of leading American law schools, will be given at more than 100 centers throughout the United States on the mornings of November 14, 1959, February 20, April 9, and August 6, 1960. During 1958-59 over 17,000 applicants took this test, and their scores were sent to over 100 law schools.

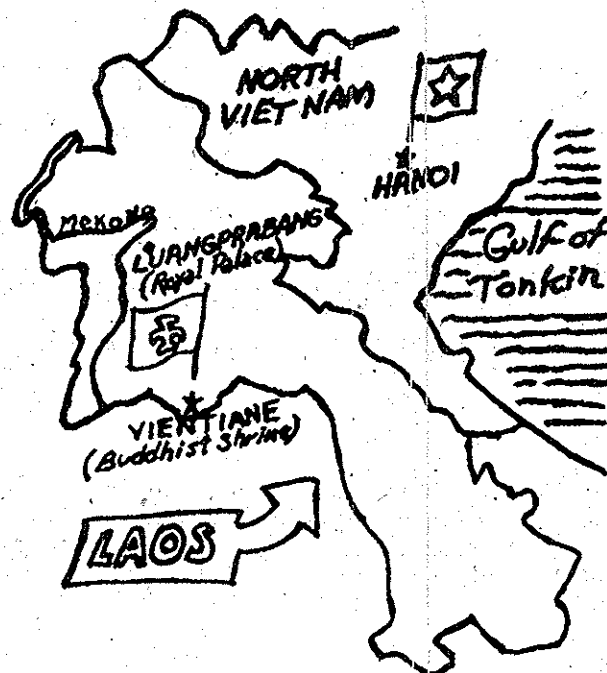

A candidate must make separate application for admission to each law school of his choice and should inquire of each whether it wishes him to take the Law School Admission Test and when. Since many law schools select their freshman classes in the spring preceding their entrance, candidates for admission to next year's classes are advised ordinarily to take either the November or the February test, if possible.

The Law School Admission Test, prepared and administered by Educational Testing Service, features objective questions measuring verbal aptitudes and reasoning ability rather than acquired information. It cannot be "crammed" for. Sample questions and information regarding registration for and administration of the test are given in a Bulletin of Information.

The Bulletin (in which an application for the test is inserted) should be obtained four to six weeks in advance of the desired testing date from Law School Admission Test, Educational Testing Service, 20 Nassau Street, Princeton, New Jersey. Completed applications must be received at least two weeks before the desired testing date in order to allow ETS time to complete the necessary testing arrangements for each candidate.

NEWLAND

ON LAOS

Although I'm a week late in explaining the purpose behind this column, I feel some clarification on my part will help establish common ground between you, the student and myself. This will, hope, make the column more effective.

The purpose may be stated easily enough without being guilty of over-simplification, its purpose is to help inform students of current world problems with emphasis on all details however small.

Few people were aware of Laos until its recent struggle against Communism. The fact that people were not aware of its existence was not surprising.

It is about the size of the state of Oregon and shaped like pistol. No one is sure of the size of its population, but is guessed to be between 1,000,000 and 4,000,000 people.

Laos is unique in that it contains two capitals -- Luangprabang for the royal family and Vientiane for the civil government.

Transportation is almost nil except for jungle paths and the 1,200 mile Mekong river.

Its People

It would be an understatement to say Laotian people are relaxed but they are just that. They have no industry other than catching fish, growing rice, yams and brewing wine which allows plenty of time for their many festivals.

Laos does have two exports; benzoin and stick-lac, used as an ingredient in lacquer and varnish. Laos grows one-third of the world's opium crop.

The United States sends aid to Laos amounting to 43 million and 45 million per year.

Origin

Anthropologists tell us the Laotian people are a branch of the Tibeto-Burman race which swept over southeast Asia more than six centuries ago.

History

Laos has never been a power in world events, ancient or modern. France made Laos its protectorate in 1893 and the country was divided into numerous states. Laos again tasted occupation by foreign power when it was overrun during World War II by the Japanese.

During the Indo-Chinese War top Laotian leaders stayed in exile but returned to assume government duties in 1949 at which time Laos was granted its autonomy.

Disease

Laos is troubled not only by Communism but also by disease. The most common are malaria, yaws, gonorrhea and protein deficiency diseases. Approximately 50% of Laotian children die in childhood or infancy. The high percentage of disease so prevalent in Laos is an important factor in Communism's growth with disease helping to undermine the morale of the people.

It may be said with accuracy that Laos is a small country with big problems.

The pious Laotians who worship Buddha don't seem to be worried about their problems though.

Maybe they are comforted by the words of one Laotian poet who wrote, "For our sins committed in another world we are in this days suffering grievous punishment."

Let us hope the people of Laos don't have to suffer the punishment of being a Communist satellite.

What Does It Mean?

What does Civil Defense mean to us? Is it really important or is it just another civic group created for citizens to belong to?

First of all, Civil Defense is everybody's business, just as is safety and health. It is created by necessity, not by desire. People who lived in London during the days of the Blitz can tell you what it means. They can tell you that it saved many a life because preparations had been made before hand.

In our own country during the last war most of us can remember the wardens and the occasional blackouts. And it must have occurred to many that, if nothing ever happened, we really didn't need such things. We can thank God that we didn't have to use them. How fortunate we were in those years. If another war comes, we may not be so lucky. We may be attacked. We don't like to think about it but today we have got to be realistic.

The lonely plane spotter who stands alone at night, the nurse helping to stockpile blood plasma, the Boy Scout learning to be a responsible citizen and a quick thinker-all are helping to build civil defense into a reality.

A little bomb can be as dangerous as an atom bomb. After all, it takes a very little bullet to kill a person. But deaths by bombing and by mass panic can be cut to a minimum if precautions are taken to be sure that as many citizens as possible know at least the fundamentals of first aid and safety measures.

The average American is a pretty clear thinker. By learning that each citizen has a responsibility in civil defense, he or she will be making sure that if their life can be saved, it will. We're only alive once. Let's live as long as we can.

Let's be Considerate

We have noticed in the Cafeteria and Snack Bar that a number of students linger there long after they have eaten and remain to chat with friends. Let's please take into consideration the other students who come in these eateries and find no place to sit down and eat their meals. We could greatly help avoid the abnormal amount of congestion in the Cafeteria and Snack Bar by being considerate of our fellow students. Approximately 2,000 people are fed in the Cafeteria and Snack Bar each day. This matter warrants your attention and courtesy.

YU Student Lands Contract With Desilu

John Terrance Westbrook of Warren, Ohio, a member of Beta Tau Fraternity at Youngstown University, through his association with the Kenley Players, has been signed to a contract by Desilu Productions.

Mr. Westbrook, in addition to carrying a 24 hour semester load, was House Manager for two years of the Warren Packard Music Hall and has also acted in several of the Kenley Players' productions.

Homecoming Theme and Rules

The general theme for the 1959 Homecoming is Mythology
Rules For Homecoming Floats

- By October 1 all organizations must enter theme of their float to chairman.
- No two floats can be the same (in case of any two being the same the first submitted will be accepted).
- Floats will be judged on theme, originality, workmanship, and parade showmanship. There must be reference to the football game without the use of banners displaying a slogan.
- Floats will be lined on the East side of Bryson Street between Lincoln and Spring Streets.
- Judging of the floats will begin at 11:00 a.m.
- Judges will be selected by Student Council.
- Floats will not exceed twelve feet in height and nine feet in width.
- No tractor-trailer trucks will be permitted in parade.
- No political banners will be displayed during parade.
- Awards will be presented in three sections, each section winner receiving a trophy. In order to constitute a section there must be three participants. The three sections will be:
 - Fraternities
 - Sororities
 - Other Student Organizations
- Order of floats will be decided by drawing numbers.
- Floats that fall out of line will be placed last.
- Floats that fail to participate in both afternoon and evening parades will be disqualified from their section awards.

These regulations have been approved by Student Council and any deviation from them will result in disqualification of entry.

If there are any questions as to the rules please contact Don Riley or John Hite.

Co-Chairman 1959 Homecoming

"THAT -ANGEL-OF-HEAVEN LOOKS GOOD. BUT FOR ME!"

Freshman Enrolled Here Is \$60,000 Bonus Baby

By Paul Jagnow
(Jambar sports editor)

You've probably said to yourself several times by now, that husky freshman kid, Kosco, should be playing football.

You're right in one respect -- he's an athlete, but at the moment is confining his athletic ability to the baseball diamond rather than the gridiron.

Correct name is Andy "Pudge" Kosco and he stands a hulking 6-3, 205 pounds.

His ambition? To become a major league baseball player. And he's off to a good start.

Now a freshman student at Youngstown U., Andy got his good start in the baseball world when the Detroit Tigers plunked down in front of him, \$60,000 for signing on with their ball club.

Now 60,000 iron men is no paltry sum for untried talent, but Tiger officials believe that young Kosco is ticketed for stardom at Briggs Stadium some day.

Political Science Major

Andy, who is a major in political science, with his eye on a law degree, was signed on by the Tigers early last June, upon his graduation from Struthers High School.

After signing his John Henry to the contract, Kosco, along with Vindicator sports writer, Chuck Perazich, traveled to Detroit to work out at the Tiger home base. While in Detroit Kosco exhibited his batting ability during practice, by belting two shots into the grandstands, more than 365 feet away. Needless to say, Detroit officials were more than pleased with Andy's first showing.

Played Midwest League

After his initial run at Briggs, "Pudge" packed his suitcase and migrated to Decatur, Illinois, where he played for the Midwest League. During his short stay in the league, Andy slammed nine four-baggers and wound up with a batting average of .250.

While on his numerous tours, Kosco has picked up many pointers that will help him along his way in the majors. Tiger coach Billy Hitchcock and former Tiger great, Pat Mullin were both responsible for Andy's tutoring during his stay in the "Anto City".

Perazich, who aided "Cy" Williams in persuading Andy to sign with the Tigers said, "The nice thing about Andy is the fact that his \$60,000 bonus hasn't affected him in any way. He's the same kid I knew some two years ago, playing Class "B" ball and way out of the five figure bracket financially," he concluded.

Florida Next Spring

This spring Andy will bid adieu to the halls of ivy and begin training with the Tigers at their headquarters in Lakeland, Florida. It has been said that if the "Pudge" comes along as expected there will be a berth for him on the Tiger squad in the not-too-distant future.

All teams planning to enter YU intramural bowling league must send a representative to a meeting which will be held at 4:30 p.m. Sunday, October 4th at the Champion Bowling Alleys.

THE LOCKER ROOM

Fresh from a 6-0 victory over Gustavus Adolphus, Youngstown University opened its home schedule with a 13-12 victory over a rugged Tennessee State team. The All-Negro unit boasted not only size but exceptional line speed.

Coach "Dike" Beede commented that the game was an all out team effort. In his opinion the team could not have taken another five minutes of play. Although not in the game, Coach Beede quipped that he could not have taken another five minutes either.

After overcoming a rash of penalties and sluggishness during the first half, the Penguins went on to a 21-3 victory when they played at East Michigan. The half-time margin was 8-3 in which the Hurons only score came on a 33 yard field goal.

Led by "Butch" Morelli's bullish ball carrying tactics, Youngstown University rolled to two touchdowns in the second half. All told, "Butch" carried for 192 yards in 18 carries.

Tailback Tom Richards suffered torn tendons in his ankle and will only see limited action.

Thanks to Y.U.S.A. for arousing school spirit which we are definitely lacking. Your efforts do not go unappreciated.

Penguins Chalk Up Three In Row

"Dike" Beede's Penguinmen chalked up their third straight victory, when they romped over the Eastern Michigan Hurons, 21 to 3, at Ypsilanti, Michigan last Friday night.

Leading the Penguin offensive was Youngstown's brawny fullback, Ralph Morelli, whose 79 yard run provided the set-up for Youngstown's deciding touchdown.

In the first period, a Youngstown fumble recovered by Gary Dode, of Michigan, led to a 38 yard field goal by Dave Longridge, to give the Hurons a 3 to 0 edge over the Penguins.

Penguin offense shifted into high gear early in the second quarter when Morelli carried the pigskin to the Michigan three yard marker and then plunged into the endzone on the next play. Quarterback Harold Green ran the conversion and at the half-way point the Penguins had a five point margin on the Hurons.

Second Half Spurt

A second half touchdown drive provided the Penguins with a comfortable margin that proved to last the remainder of the contest. A series of plays featuring Morelli, Green, team captain, Tom Smolanovich and halfback, Paul Ceremuga, brought the "Beedemen" to the Eastern Michigan two yard line. Quarterback Harold Green then tore into the endzone for

the tally. Tom Smolanovich booted the ball between the uprights for the extra point, giving Youngstown a 15-3 lead at the end of the third quarter.

The third Y.U. touchdown came early in the fourth period, when Eastern fumbled the kickoff and Youngstown end, Bill Davidson, pounced on the loose ball on Youngstown's own 21.

With fourth and ten to go, Green found halfback, Frank Horvath, a replacement for Ceremuga, open in the endzone and whipped him an aerial to give the Penguins their final marker.

IFC Football

By Dick Crosbie
(Jambar sports writer)

Campus fraternities played their opening games last Sunday, at Borts Field, with the twelve Youngstown University fraternities participating in the Inter-Fraternity football league.

Kappa Sigma Kappa competing with Sigma Phi Epsilon and Beta Tau matching forces with Tau Omega were featured in the opener, with the Kappa Sigs and Tau Omega emerging victorious.

Passes Hurt Sig-Eps

The Kappa Sigs passing combination of Kane and Corbett proved to be too effective for the Sig Eps defense, in that Kane and Corbett tallied for four of the Kappa Sigs' T.D.'s. The final was 32 to 0.

Tau Omega topped Beta Tau by the slim margin of 7 to 6 in Class "B" competition.

Kappa Alpha Psi Wins

A safety which came about in the second half, when Alpha Phi Delta found themselves trapped in their own endzone, provided the margin for Kappa Alpha Psi in their 15 to 13 victory over Alpha Phi Delta.

Theta Chi Routs Phi Gams

Collin's passing and running attack for Theta Chi Fraternity was more than enough to put them on top of Phi Gamma 19 to 6.

Zeta Phi Victorious

Zeta Phi, defending champs of the I.F.C. League, romped over the Phi Sigs, 58 to 0, in the Class "B" finale, Sunday.

Mike Giambatista, assisted by interference from Klingler and Blaine, racked up four of the Zeta Phi touchdowns, Allegretto and Parm chalked up the remaining two tallies for the winners.

Sig-Taus Edge Tkes

Charles Africa featured in the scoring for Sigma Tau Gamma against Tau Kappa Epsilon Fraternity in the Class "A" final last Sunday when he returned a punt 60 yards for a score.

Africa tallied again after Del Stanley made a 55 yard run to the T.K.E. one yard line. Africa's last marker proved to be the deciding factor in the 13 to 6 victory.

TIGER BONUS PLAYER: Jimmy Dykes, Detroit Tigers manager, talks with Andy Kosco bonus player that the team is said to have paid "in excess of \$60,000" for signing a bonus contract. Andy is enrolled as a freshman here at YU.

Have a real cigarette—have a CAMEL

Nosmo King, Campus Philosopher, Sets Forth Important Facts

by Frank Court

Nosmo King, campus philosopher, bids a hearty welcome to all frosh and newcomers on the campus.

On behalf of the new arrivals, Nosmo has released several important facts that should be read and heeded. Nosmo says:

1. "There should be little or no hanging around the halls—it causes the plaster to weaken."
2. "All students who drive automobiles to school should leave them home."
3. "Green hula hoops should not be displayed in the new Science Building. — purple ones are alright though."

Interesting fact: — the "devil's darning needle" is another name for the common dragon fly. The unusual term was used in days of old when it was believed that the lovely dragon fly, if allowed, would get into children's hair and sew up their ears.

No one can deny that the growing trend in adult westerns has developed rapidly throughout the nation. As a matter of fact, the term, "big man on campus," has been replaced and this college extrovert is now known as "the top gun."

On one of his many trips east, Nosmo King encountered a tragic tale that took place on one of the campuses of a well-known eastern college.

Now that you're on your own...

You'll need a complete and authoritative dictionary to help you in your college work. There are 10 reasons for insisting on Webster's New Collegiate Dictionary, the Merriam-Webster.

1. Only Merriam-Webster is based on the unabridged Webster's New International Dictionary, Second Edition.
 2. Only Merriam-Webster meets the detailed requirements of college students.
 3. Only Merriam-Webster gives the technical Latin names for plants, animals.
 4. Only Merriam-Webster is based on complete records of the way English is spoken and written.
 5. Only Merriam-Webster is kept up to date by a large staff of specialists.
 6. Only Merriam-Webster presents definitions in the historical order, essential to understanding complete meaning.
 7. Only Merriam-Webster gives you extensive cross-referencing.
 8. Only Merriam-Webster, with separate biographical and geographical sections, keeps entries as accurate and complete as they should be.
 9. Only Merriam-Webster meets the one-hand test; easy to use and carry.
 10. Only Merriam-Webster is based on continuing word research.
- Get Webster's New Collegiate Dictionary — the Merriam-Webster — today! \$5 plain, \$6 indexed. Adv. copyright by G. & C. Merriam Co., Springfield 2, Massachusetts.

It seems that a certain student of that same college, known as Milfred the Suspicious Failure, ridiculed the "top guns" Ivy League trousers.

The dramatic tragedy that followed was reported thusly by Nosmo:

Milfred the Failure was quick on the draw. He called down the "top gun" with a confident, "pshaw"; But the "top gun" was faster and his trigger was wiser. Now Milfred is used for fertilizer.

Newman Sets Date For Communion Breakfast Oct. 4

Newman of Youngstown University will begin the 1959-60 season with a Communion Breakfast at Cardinal Mooney Chapel, Sunday, October 4th at 11:00 a.m. Following Mass at 11 o'clock, breakfast will be served in the Mooney cafeteria.

At 8:30 p.m. the first meeting of the year will begin. Thereafter meetings will be held on the first and third Sundays of each month. Attorney Bryan, alumnus of Youngstown University will be the guest speaker.

Officers for the year are: President, Fred Seminars; Vice-President, Marion Minghetti; Treasurer, Don Smaltz; Secretary, Peggy Lou Dignan.

Lipstick, Shaving Banned For Frosh

Lipstick and Shaves Banned for college "Freshman Week." The following is a list of rules for freshman week in September of 1958.

There will be no lipstick for girls and no shaves for boys in the freshman classes at Yo. College. 300 new students must toe the mark to upper classmen. Official caps shall be worn at all times by men and women during the week. Freshmen shall: enter and leave the college building only by the rear door, use only the front stairways, do without tobacco or gum, carry matches for upper classmen, attend all classes and be there on time, do reasonable small favors for the upperclassmen, wear name plates of specified size and bring firewood each morning to be used in the bonfire to mark the end of Freshman Week Friday night.

IFC Backs School Spirit Movement

IFC held its first meeting of the school year on Tuesday the 15th. Harold Freas presented a plan to IFC pertaining to school spirit, thus it was unanimously accepted and the Fraternities will now represent the student body on the field for the home games. They are as follows:

- Oct. 8th ... Omega Phi Psi, Phi Gamma
- Oct. 16th ... Phi Sigma Kappa, Sigma Phi Epsilon
- Oct. 31st ... Sigma Tau Gamma, Theta Chi
- Nov. 7th ... Tau Kappa Epsilon, Tau Omega
- Nov. 12th ... Zeta Phi Epsilon, Upsilon Upsilon

Ace Verdram and Ray Dolak were voted in as Co-Chairmen of Inter-Fraternity Football. It was stated that Fraternity Rosters were due Sept. 22 and old business was completed to make way for the coming school year.

The second meeting of the year was held last Tues. the 22nd. James Roof, Theta Chi, proposed a plan for setting up a blood bank among the fraternities on our campus.

Dave Roshenburg, President of Phi Mu Alpha Music Society, requested help in ticket sales for a jazz-concert to be held Oct. 7th.

A program sponsored by IFC to have speakers brought to the campus each month was put forth by Dave Manley, Tau Kappa Epsilon. These speakers will enlighten the students on matters concerning scholarship, curriculum required at other schools, furthering your education, etc.

The IFC football schedule was presented. Upsilon Upsilon requested and was granted permission to change their name to Beta Tau colony of Zeta Beta Tau Fraternity.

Dean Gillespie gave a short talk about the bad publicity fraternities throughout the nation have been getting recently and stated that the administration will strictly enforce the law abolishing hell nights and general hazing of pledges.

Education Association Opens Membership Drive and Program

The William Holmes McGuffey Chapter of Ohio Student Education Association is open to any student at Youngstown University who plans to teach. This organization is a part of the State and National Education Associations.

Forty-three members were present for the first Student Education Association meeting and heard an inspiring speech by Dr. Swartz, Head of the Department of Education.

"Be a part and not apart", become an active member. The program of SEA is planned for you, therefore, your ideas and participation can make a difference. Memberships are available from any of the following officers: Albert Thompson, Juanita Roderick, Mary Benish, Alice Zebrowski, George Sill, Helen Oates, Mary Ann Zaubi and Loetta Mae Haller.

The next SEA meeting will be October 22, 1959.

Athletic and Activity books may be purchased Thursday, October 8, at the ticket office in the Main Building.

The office will be open at the following times:

- 10-12, 3-4:30, and 6-7 p.m.

FASTER, FASTER!

College enrollment continues to spiral upward. The need for more classrooms and more teachers grows more desperate daily. But classrooms, alas, do not spring up like mushrooms—nor teachers like May flies. So what must we do while we build more classrooms and train more teachers? We must get better use out of the classrooms and teachers we now have. That's what we must do.

This column, normally a vehicle of good-humored foolery, will today forsake laughter to examine the crisis in higher education. My sponsors, the makers of Philip Morris Cigarettes, as bonny a bunch of tycoons as you will see in a month of Sundays, have given cheerful consent to this departure. Oh, splendid chaps they are—the makers of Philip Morris, fond of home, mother, porridge, the Constitution and country fiddling! Twinkly and engaging they are, as full of joy, as brimming with goodness, as loaded with felicity as the cigarettes they bring you in two handy packages—the traditional soft pack and the crushproof flip-top box.

How can we make better use of existing campus facilities? The answer can be given in one word—*speedup!* Speed up the educational process—streamline courses. Eliminate frills. Sharpen. Shorten. Quicken.

Following is a list of courses with suggested methods to speed up each one.

- PHYSICS—Eliminate slow neutrons.
- PSYCHOLOGY LAB—Tilt the mazes downhill. The white mice will run much faster.
- ENGINEERING—Make slide rules half as long.
- MUSIC—Change all tempos to allegro. (An added benefit to be gained from this suggestion is that once you speed up waltz time, campus proms will all be over by ten p.m. With students going home so early, romance will languish and marriage counsellors can be transferred to the Buildings and Grounds Department. Also, houses now used for married students can be returned to the School of Animal Husbandry.)
- ALGEBRA—If X always equals twenty-four, much time-consuming computation can be eliminated.
- DENTISTRY—Skip baby teeth—they fall out anyhow.
- POETRY—Amalgamate the classics. Like this:

*Hail to thee blithe spirit
Shoot if you must this old gray head
You ain't nothin' but a hound dog
Smiling, the boy fell dead*

You see how simple it is? Perhaps you have some speedup ideas of your own. If so, I'll thank you to keep them to yourselves.

The Philip Morris Company, makers of Philip Morris, Marlboros and Alpine, have no interest in speedup. We age our fine tobaccos slow and easy. And that's the way they smoke—slow and easy and full of natural tobacco goodness.

"AROUND AND AROUND... MAKE AUP AUP... AUP... ENTER TIME I FIND AN EMPTY SPACE... THERE'S A NO PUBLISHING SIGN."

The first "postage stamps" were really postmarks, dating the letter to prevent the carrier from loitering. The amount of postage was based on distance and was paid by the person to whom the letter was sent.
