

# THE JAMBAR

1908 Youngstown University 1958

Semicentennial

Wednesday, April 2, 1958

Youngstown, Ohio

VOLUME 33 NO. 5

## JAMBAR Is Named 'Best Newspaper'

The JAMBAR, student publication of Youngstown University, was the recipient of three awards in contests held by the Penn-Ohio Collegiate Press Association. These included: Best Newspaper; Best News Story, written by Lois Jones, and Best Sports Story, written by Ron Vanatsky.

The convention consisted of a professional round table, student led round tables, and an award banquet. Michael Kaiser led the Make-Up discussion and Walt Stoddard, the Business and Advertising round table.

Other awards and their recipients were: Best Front Page Layout and Best Editorial, Grove City's COLLEGIAN; Best Feature Story and Best Column, Hiram's PATTERNS; Best Photograph, Theil's THIELENSIAN; and Best Cartoon, Allegheny's CAMPUS.

The Press Association is sponsored by the Industrial Information Institute.

## Newman Club Plans Square Dance

An old fashion square dance with a professional caller will be the main attraction for the Newman Club meeting on April 13.

Hoping to stimulate more interest with an aim at greater attendance for the bi-weekly religious and social function, the special program will follow the business meeting and a talk by Father Petric, Chaplain of the Club, on "Marriage."

The meeting is from 7 to 11 with the business part starting at 8:45. This will provide ample time for learning the square dance steps following.

# Marlene Betras To Reign As Junior Prom Queen Dance Will Be Held At Idora Ballroom

Queen Marlene

Marlene Betras has been elected to reign as queen of the 1958 Junior Prom to be held Friday, Apr. 11. Miss Betras is a member of Alpha Omicron Pi. She was selected by votes of junior class members. Her attendants are to be Bunny Noga, Barbara Dailey, Judy Brownlee, and Pat Quinian.

## Writer's Club Sponsors Contest For YU Students

The Youngstown Writers' Club recently announced a contest open to those students of Youngstown University interested in writing.

The subject of the paper is "Youngstown", the city, its industries, or people. The editorial type of writing should be employed with a limit of 1500 words. The manuscript must be original, and the work of the person submitting it. It should be unsigned, but accompanied by a sealed envelope in which the author's name is given.

All entries should be submitted by April 30 to Mrs. Wilda Fowler, 24 Lauderdale Avenue, Youngstown, Ohio.

The winner will receive a \$25 saving's bond and arrangements will be made for either publication of the article or its presentation on television or radio, or all three. This does not imply that payment will be made for the publicity.

For further information, contact Mrs. Fowler at the above address after 4:30 p.m. on week days.

The prom will be held from 9 to 1, at the Idora Park Ballroom. Music will be provided by the Don August orchestra. The dance is to be an all university affair, for which dress will be semi-formal. Admission will be by activity book.

The queen will be crowned during intermission by last year's queen, Barbara Wentz. The chairman of the prom committee, Ron Bartoli, will present the new queen with gifts in behalf of Student Council.

## Comm. Announces Calendar Deadline

The calendar committee of the University has announced that deadline for submission of desired dates for the 1958-59 school year is May 1. Those organizations not submitting said dates by May 1 will not be given further consideration.

Organizations will receive certain forms in ample time to permit them to consider prospective dates.

Student Council By-Laws state that an active chartered student organization shall be allowed no more than two class B priorities per year. A class B function is any social function which is open to the entire student body of the University.

## Applications Being Accepted For JAMBAR Post

Applications are now being accepted for the post of JAMBAR editor for the 1958-59 year. Applicants should contact Michael Kaiser, present editor, or Prof. H.R. Crites, JAMBAR faculty advisor.

Requirements needed for appointment as editor are a 1.75 point average, status as a full time student, and the approval of Student Council.

In order to be considered for appointment, it will be necessary for the applicant to spend not less than four weeks in close observation. (Continued on Page 3)

# Chaplains Express Easter Message

## 'Easter': Something Beyond Life and Time

By Rev. Albert L. Linder

One day, so the story goes, John Quincy Adams, then eighty, was met by a friend on the streets of Boston. "How is John Quincy Adams?" asked his friend. The old man's eyes began to twinkle and he replied, "John Quincy Adams himself is very well, thank you. But the house he lives in is sadly dilapidated. It is tottering on its foundations. The walls are badly shattered and the roof is worn. The building trembles with every wind, and I think John Quincy Adams will have to move out before very long. But he himself is very well."

This incident from the life of a great American illustrates what we mean by those intangible but permanent qualities known as personality. Socrates was voicing the same type of Christian sentiment when, as he faced death, he said to his sorrowing friends, "Be of good cheer, and say that you are burying my body only." If this be true, we are not then bodies alone.

We are our thoughts, our dreams, our ideals, our lives, our loves, our faith, our hopes - all these intangible qualities that combine to make up that mysterious thing called personality. That was what Jesus had in mind when he talked to the weeping women at the open tomb where He had been buried a short while before: "Why seek ye the living among the dead?"

Throughout his life and teaching, Jesus showed us the greatness and the sanctity of the soul of man, his value and what he can become, even in his earthly life. What Jesus taught he lived. In facing the worst, he found the best. Even before he endured the Cross, he

(Continued on Page 3)

## Chapel Services

Chapel services will be held in observance of Easter on Wednesday, April 2. All classes will be dismissed from 10 to 11 a.m. Catholic students may attend services at St. Joseph's, corner of Wick and Rayen Avenues. Protestant students may attend the services being held at St. John's Episcopal Church, opposite the Main Building, on Wick Avenue.

## RIL Plans Meeting On Easter Sunday

Religion In Life will hold a meeting on Easter Sunday, April 6, at 8 p.m. A short business meeting, devotions, and fellowship are planned.

## Easter . . . Hope

By Father Paul M. Petric

"There you shall see Him as He told you." (St. Mark, 16:7)

Some years ago an English novelist wrote a book called "When It Was Dark." It was a story about a wealthy atheist and unbeliever who tried to discredit and disprove Christianity. He attacked the very foundation of all faith in Christ, the Resurrection.

The wealthy unbeliever hired archeologists to fake the discovery of the body of Christ in the neighborhood of Jerusalem. A false inscription on this tomb was to say that the owner of this tomb had stolen the body of Christ and had hidden it there.

The novel then describes the horrible effects of such a discovery. In dramatic passages he shows how Christianity would collapse and mankind would resort to living like an animal. Then he goes on to show how the flame of hope would die in the hearts of all men.

This novel showed us just one of many such attempts to disprove the first Easter. The sound, certain, unassailable facts of Christ's Resurrection remain. No historical facts are more certain than those of the Resurrection. No other facts have been the object of more fierce attacks by atheist, unbelievers and anti-Christians than those of the Resurrection. But in spite of all warfare upon the Resurrection, mankind has yet to disprove it.

Our most precious heritage of faith, hope and love is based upon firm ground. Let us not become unnecessarily disturbed by those who doubt or do not believe. Rather let us pray for those poor, un-

## Needed: Trophy Case

Someone has finally realized the need of a trophy case by purchasing one for the University. Kappa Sigma Kappa social fraternity's pledge class should be extended congratulations for their very fine gift.

According to another article in this issue however, it has been reported that the new case will be placed in the athletic office or its whereabouts, for the display of athletic trophies only.

Many students feel that the case should be displayed somewhere in the library or Main Building so that all trophies won by all factions of the University can be displayed in a central place.

It is the general consensus of opinion that visitors to the University usually remember a display of trophies longer than most other things which they see.

Since funds have been allocated for a trophy case by Student Council, they should be utilized to benefit the entire school rather than just one department.

## What Is A Newspaper?

The following editorial was published in the Southern Illinois University's EGYPTIAN. The editor of the JAMBAR feels that it is fitting to publish it at this time.

What is a newspaper?

A disseminator of happenings, an advertising medium for business houses.

A newspaper is both of these, plus a number of things. But above all, it is a free voice.

People may disagree as to what a paper should do, but most will agree that a paper must be free. No one denies that freedom can be abused. Nevertheless, freedom must be qualified, if it need be, by truth, decency, and high ideals.

In the pursuit of our goal, we are not infallible. When commenting editorially, we believe we are right, and because we are free to voice our opinion, this same freedom which applies to us also applies to our readers who are free to draw their own conclusions.

Journalistic freedom on the campus means a newspaper with an opinion, a living newspaper - not a tool for a few, but a mirror for all, an independent voice reaching out to everyone.

## New Handbook Lists Foreign Scholarships

More than 25,000 scholarships for Americans who wish to study abroad and for foreign students who want to study in the United States are listed in the new 1958 edition of the "Handbook on International Study," recently published by the Institute of International Education.

The "Handbook," now in its second edition, is truly a "how-to" guide on international education with information ranging from where to study nuclear physics in Sweden to the exchange rate of the Indian rupee. It not only lists the 25,000 awards and grants of more than 250 different scholarship programs, but also lists the requirements for

these programs, describes American and foreign education, and discusses government regulations affecting the international student. The scholarship programs listed range from grants for the mature specialist to awards for the teenager.

The 450-page book gives other information valuable to the student who wants to study in a foreign land. There is a comprehensive listing of colleges and universities in 74 countries around the world and in the United States. Also given are the names and services of organizations willing to help the "exchange" find living quarters or meet new people in the community where he is studying. There are tips on selecting your school in another country, an explanation of degree and credit requirements of

## The Campus Voice

By

Shirley Pavlov Peggy Lou Dignan

As a student of Youngstown University, what are your views on the current topic: Which is the better show, Cheyenne or Maverick?

Jazy Zemko

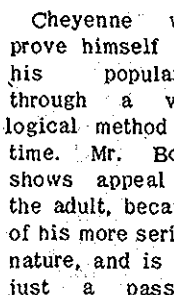

I personally do not feel that I am qualified to answer a question of such major significance to college students. However, I should state since I have been honored to have been asked, that in my opinion, Maverick must most certainly gain the upper hand, for the time he spends spreading the card boards is indicative of his superior intellect. Witness card playing in our own cafeteria and snack bar. Also one cannot fail to notice that Maverick, being ambidextrous, has twice the opportunity to get his man. All due respect to adult western fanciers, even I can see that "two guns are better than one."

Jo Ann Malone

One of the main reasons that I think Maverick will finally subdue Cheyenne is the authenticity of his character. The people see a real down to earth person in James Garner. Cheyenne is the all-American boy type for which the younger generation have admiration. The adult audience which is the main factor in compiling polls, enjoys the realistic entertainment in which James "Maverick" Garner is represented.

John Klingerman

Cheyenne will prove himself and his popularity through a very logical method in time. Mr. Botly shows appeal to the adult, because of his more serious nature, and is not just a passing fancy as other shows seem to be. Cheyenne seems to have a characteristic of honesty and truthfulness, which we all like to see brought out in a person. These are just a few reasons why Cheyenne, not Maverick, will be at the top of the popularity chart among those on campus.

both U.S. and foreign educational systems, foreign currency exchange rates, and an extensive bibliography in the field of international education. A special section covers summer study abroad.

This second edition of the IIE "Handbook", has several new features, including a list of U.S. colleges and universities offering special English language courses to foreign students, a statistical resume of exchanges between the U.S. and other countries for the last 35 years, and a chronology of the major events in international education.

The price of the "Handbook" is \$3.00 and may be obtained from the Institute of International Education, 1 East 67th Street in New York City.

Be rude for safety's sake, says Emile Post. When your driving don't light a lady's cigarette - don't get out on the driver's side in traffic to circle the car and gallantly open the passengers door.

How Are You Fixed For Blades?

## ENGINEER'S ANGLES

by Fred Davis and Ed Bair

As we approach the fair weather we notice that springtime has taken over down here at the cell block. More and more of our otherwise hard working engineers have taken their slide rule out of doors. We understand that the civils have found a new use for their slide rule. They were seen digging in the soft turf for fishing worms.

The other Saturday we noticed quite a few busy little beavers led by HARRY BOSCH and DICK PHILLIPS. It seems that these junior commandos were busy covering up the windshields of alien cars which had the ill-fortune of invading our private domain.

We understand that with all the slide rule swiping some of the boys are now even sleeping with theirs. It seems that even the Dean got into the act by lifting one of our "Strength" teacher's slide rules. There must really be money in the slide rule racket.

Seriously though, it's a shame that you can't leave your belongings

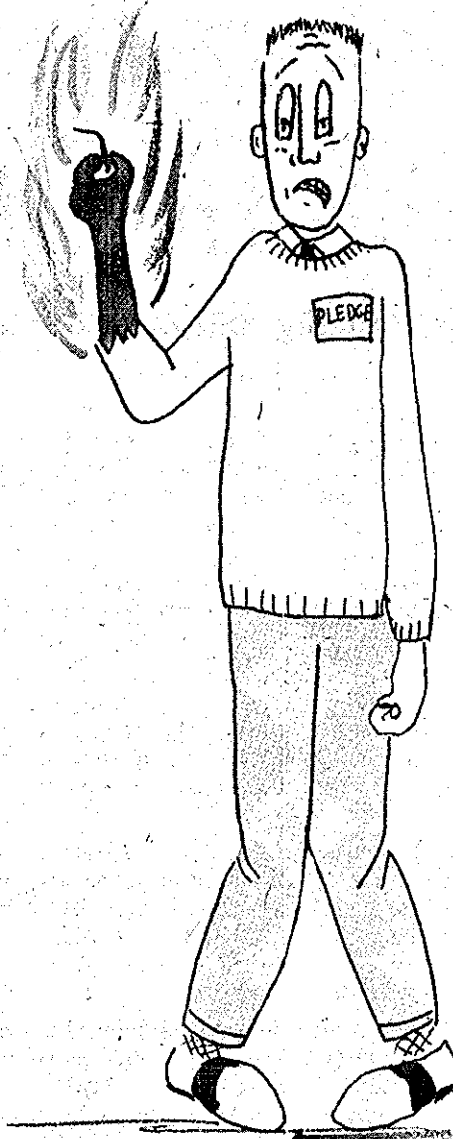

alone for just a moment without someone cleaning you out. I hope whoever has committed these dastardly deeds will take it into his heart to return them to the office.

We have just heard that the French came through again. It seems that one illustrious Jacques invented the roller bearing. Leave it to those Frenchmen to come up with something novel like that.

Time is short so here comes what you have been waiting for:

What do you get when you feed sheep ironized yeast?

You get steel wool.

"ALPHA, BETA, GAMMA, DELTA ....."

## Industrial Information Inst. Sponsors 'Tales of the Mahoning-Shenango Valleys' Each Week

The Industrial Information Institute of Youngstown sponsors "Tales of the Mahoning and Shenango Valleys," each week on seven local and district radio stations.

The schedule for the month of April is as follows:  
Broadcast week of:

March 30 - "The Passing of The Ball and Chain" - The story of stern measures used to punish wrong-doers at the turn of the century in Alliance, Ohio.

April 6 - "Ben Stokely Moves West" - One of the first settlers to come into Mercer County, Pennsylvania, was resourceful Ben Stokely, who refused to put up with the ordinary discomforts of pioneer life.

April 13 - "The Emancipation of Abby Kelly Salem" - The story of one event in the fight against slavery made by the people of Salem, Ohio.

April 20 - "Edwin Coppock's Supreme Sacrifice" - The story of Salem's Edwin Coppock and his personal fight against slavery before the Civil War.

These 15 minute broadcasts may be heard on the following stations:

- Saturdays
- WFAR -----9:15 a.m.
  - WPIC -----9:30 a.m.
  - WFMJ -----6:30 p.m.
- Sundays
- WFAH -----12:15 p.m.
  - WHHH -----6:30 p.m.
  - WKBN -----9:15 p.m.
  - WBBW -----11:45 p.m.

## Applications

(Continued from Page 1)

vation of the elements of newspaper work.

Duties of the JAMBAR editor will include: publishing 15 issues of the paper during the school year and attending at least three conventions which will be held in distant cities in Ohio and Pennsylvania.

It is also necessary that the appointed editor accept the position for a full year.

Editorship of the JAMBAR will warrant a scholarship of \$250.00 a Year.

## Easter Messages

(Continued from Page 1)

### 'Easter': Something Beyond Life and Time

made everyday life a radiant wonder. He gave life new depth and meaning. He turned the mind of man from outer events to inner values.

He lifted life to a higher level. He did not argue about eternal life. He lived it. He passed through what men call death and returned, "opening the gates of eternal life to humanity." He knew that man wants more than earth can give him, something beyond life and time.

### Easter . . . Hope

happy souls, for they know not what joys they deprive themselves of through their melancholy strains of doubt and disbelief. Let us remember them especially this Easter morn by including them in our prayers as we thank Almighty God for being so very good to us as to have sent His Beloved Son to open the gates of Heaven to all mankind by His Death; and by His Resurrection having planted in us a hope which is not in vain.

May God grant you a happy and blessed Easter. And may He grant you a sincere, heartfelt, holy hope that one day you shall see Him .... just as He told us we would.

## YU Grad Honored By Accountants

Mr. Harry Fry, who was honored as the outstanding accounting graduate of Youngstown University last June, received the plaudits of the Youngstown Chapter of National Association of Accountants. The Youngstown Chapter presented the annual award at a meeting held in the Hotel Pick-Ohio on March 19.

Elton Whitelock, president, presided and presented accounting books to Mr. Fry of the Van Huffel Tube Co., Warren, and to Dean Robert Miller, head of the Business Administration School.

University faculty and students were honored guests.

## Supt. of City Schools Addresses Student Education Assoc.

Dr. J. Fred Essig, Supt. of Youngstown public schools, spoke at a recent meeting of the Student Education Association. He stated that young people going into the teaching field are more serious than they used to be.

When hiring teachers, he looks for a person of good character, a winsome personality, and adaptable ability. He added that there are more elementary teaching openings than secondary teaching and most jobs are available in special education.

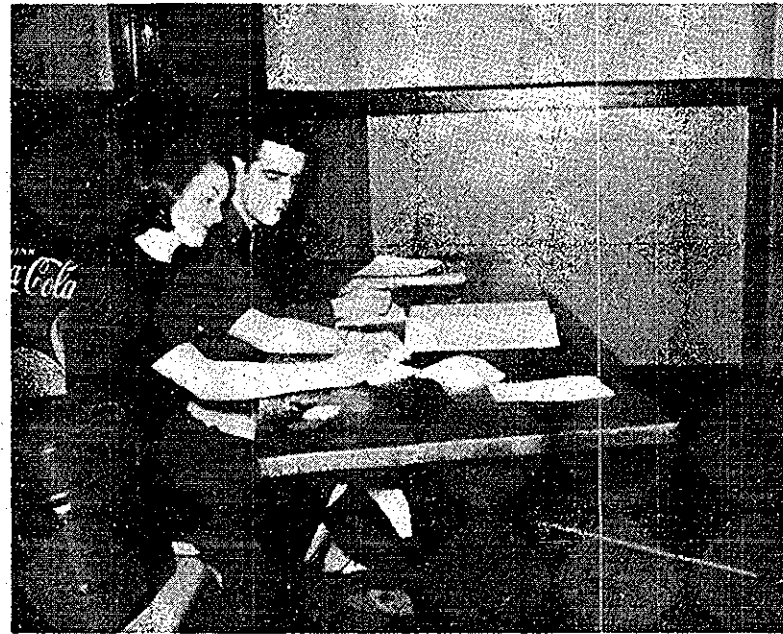

## Alpha Iota Meets With Alumni

Alpha Iota secretarial sorority recently held a joint meeting with their alumni at the Colony House.

A business meeting by the alumni preceded a question and answer period led by Miss Dorothy Shaner, regional counselor.

A light lunch was then served.

## No One Is Voting

Judi Appeliman and Sam Sanfilippo, members of Student Council, appeared to be bored as they wait for members of the Junior Class to cast their ballots for Junior Prom Queen. Members of the class expressed excellent school spirit by having a turnout of less than 50% voting.

Beneath this stone our baby lays,  
He neither cries nor hollers, He  
lived just one and twenty days,  
and cost us forty dollars.

"Prof. -- "Take this sentence.  
'Let the cow be taken out of the  
lot! What Mood?"

Frosh - "The cow."

## Two Dana Students To Present Recital

Dana School of Music will present Miss Jeanne Slicker, Piano, and Mr. Norman Cassidy, Bass-Baritone, in a Senior Recital at 8 p.m. this evening in the auditorium. The public is invited.

Miss Slicker is the daughter of Mr. and Mrs. Homer Slicker, 132 Brainard Dr. She is a member of the A Capella Choir, Chapel Octet, Beta Sigma Omicron Social Sorority, and President of Sigma Alpha Iota Honorary Professional Music Fraternity for women. She will play selections by Bach, Beethoven, Brahms, Liszt, Debussy, and Aram Khachaturian.

Mr. Cassidy is the son of Mr. and Mrs. James Cassidy, RD No. 1, Warren. He will be accompanied by Ravenna Swetts. His numbers are by Bach, Handel, Faure, Wolf, Schubert, Williams, Dvorak, and Verdi.

He is a member of the A Capella Choir, Chapel Octet, and Phi Mu Alpha Sinfonia Music Fraternity for men.

# IT'S GREEK TO ME

By Pat Hriako

Marlene Betras, 1958 Junior Prom Queen and her court: Barbara Daley, Judy Brownlee, Bunny Noga and Pat Quinlan will reign at the Junior Prom, April 11, at the Idora Park Ballroom. Ron Bartoli is chairman of the affair and is planning a wonderful evening for all.

Congratulations to Tau Kappa Epsilon fraternity on winning the IFC Basketball Tournament.

Alpha Omicron Pi Sorority has re-elected Angie Stizza as President. Congratulations Angie for this and upon your recent engagement to Renny Miller.

In parting: those historic words - It's not the men in your life, it's the life in your men!

## BETA SIGMA OMICRON

Congratulations to the Junior Prom Queen and her court. The Beta's are looking forward to seeing last year's queen, Barb Wentz, crown the new queen. Also, orchids to Marianne Kalosky on her graduate assistantship at the University of Michigan. Another sister in the spotlight is Jean Slicker who is giving her Senior Recital at Strouss Auditorium on Wednesday, April 2.

Last week, the sisters had two guests from Alpha Pi Chapter at Baldwin Wallace. The girls really enjoyed meeting Sue and Lynn and exchanging ideas.

Congratulations to all the new fraternity pledges. Speaking of pledging, it is going along smoothly --- at least for the actives. Congratulations to the latest addition to the pledge class, Marilyn Simons. The officers of the pledge class are: President, Carol Albright; Secretary, Marcie Potts; Treasurer, Laura Coughlin. The actives are all looking forward to the party to be given by the pledges. Also, plans are being made for a slumber party.

The Beta Sig's, being no exception to the rule, are all practicing hard and putting every effort forth to make a good showing in the Greek Sing. Let's really practice, sisters, and make this the best ever.

## ZETA PHI ETA

The brothers would like to congratulate Bob Vaclav and his wife. The stork visited their home; it was a baby girl.

The Zeta Phi bowling team still has an outside chance to take all the marbles with Mel Klingler and Jerry Feranchak leading the way.

Spring is here and a young man's fancy turns to... Golf. Lou Gawron, Joe Allegretto and Dan Vicarel were seen on the golf course. They broke 40 and decided to quit after one hole. Brother J.R. is now recruiting all Jr. Commandos for the South Side (Z) Branch of the Marine Corps.

The Brothers have been practicing diligently for the Greek Sing; working, that is!

Bill Dickman and Nick Anderson have returned from another trip to the Big City. They are now taking applications for their next safari to South Africa.

Dick Magni and Mike Giambattista are leading the basketball team in the IFC tourney. The Zeta Phi's have a 4 and 2 record which places the fraternity as runner up in the IFC League.

## PHI GAMMA

Phi Gamma proudly welcomes its spring pledge class into the fold. The newly acquired pledges are Wayne Grannis, John Lang, Dan Quinn, Ed Yargo, Ken Fox, George Melody, Don Koma, Jack Rupert, Walter Ludt, Mike McCarthy, Bill Roberts, Ron Dills, Rob Zimmerman.

## Deadline

Deadline for application for the chairmanship of Homecoming is April 18.

## Each One Is A Queen

Jr. Prom attendants, l-r, Pat Quinlan, Tri Sigma, Judy Brownlee, Phi Mu, and Barbara Daley, Beta Sigma Omicron, posed for the JAMBAR camera recently. Absent from the picture is Bunny Noga.

Dick Huebner, Tom Henniger and Al Harbison. The men are already learning the hardships of pledging under the guidance of Ike "Tiger" McHugh and Marv "slavedriver" Jaffee, the middle-aged pledge masters. The pledges are so befuddled, they're actually looking forward to hell night.

Last week, the room was the scene of a memorable blast with the Tri Sig's. The Brothers had the pleasure of meeting Sigma's cute pledges and renewing old (wow!) acquaintances. The girls all furnished box lunches which were auctioned off and quickly devoured along with the late evening tea. The Phi Gam's appreciated the good times and food furnished by the guests.

Unfortunately, the basketball team tasted defeat in the IFC tourney but the Phi Gam's are protesting on the grounds that no game should have been scheduled after Saint Patrick's Day. (oh, my head)

Congratulations to Brother Ron Bartoli for securing chairmanship of Junior Prom.

## PHI MU

Friday night, Phi Mu installed their new pledges. They are Judy Brownlee, Betty Candek, Karen Rogers, Nellis Shields and Katie Whitford. Afterwards the sisters went to Shott's for dinner.

Congratulations to Judy Brownlee, Phi Mu's Junior Prom Candidate. Orchids to Mary Lou Moss who was campaign manager. She did a swell job!

The Easter candy sale was a big success. Thanks to everyone who bought some and to Mary Young who was chairman.

The sisters are glad to see Iona Walko back from her recent illness.

The Phi Mu's are proudly waiting to announce their candidate for the "Miss Alliance" contest. The winner then competes in the "Miss Ohio", who in turn competes in "Miss America".

The Women's City Club is belting with all sorts of sounds. Yes, its the Phi Mu's practicing for the Greek Sing.

Whoever took the bathtub from the Phi Mu apartment, please bring it back. Iona needs it. What for, Iona?

## SIGMA DELTA BETA

Lo, and behold, the calendar on the wall says that it's pledge season, and the brothers are well prepared to condition this seasons pledges Pat McCarren, Dick Vivolo, Jerry Ondik, Bill Serjak, and Chuck Mess. Best of luck to the brothers-to-be.

Much activity has taken place within the fraternity the past few weeks. With the rush parties gone, and the installation of pledges taken care of, things will be centered around shaping up the new men. Last week, a Smoker was held with the honorary members at Pollock House.

In the sports picture, Sig Deltas are looking forward to the IFC golf matches, in which they placed third last year, and hope to do better this year. Bowling season is just about caput, and IFC basketball is over.

# Looking Around

Karl Mogg

Ike McHugh

With the writing of this column, we find curiosity mounting steadily around campus. Who'll be wearing those cute little red hats this spring? More than likely it will be someone like Ron Dills.

Gerry Stanton says that a good man nowadays is hard to find -- unless he wears short shorts. Three cheers for number 75 and "Legs Baytos".

We thought we were going to have to stop a fight in the Snack Bar the other day. It was so crowded that when two of our freshman ivy-leaguers came together, their spit-curls interlocked and they stood nose to nose for fifteen minutes.

## Hey Diddle Diddle Goryanec -----

Now that the squealing is all over, we would like to extend our best wishes to Junior Prom Queen Marlene (Beetsy) Betras and her court. Marlene, Pat Quinlan, Barb Daley, Judy Brownlee, Bunny Noga, their backers and the entire junior class are to be commended for the fine spirit and sportmanship that was displayed in the elections. Under the direction of "Charlie Chan" Bartoli and with such an attractive court, the dance should be a tremendous success.

Nice shot Karl. Get that mattress out of the shower.

## Is it again -----

Sam Snowball --- I mean Isadore Icicle -- or is it H.R. Freas that is selling tickets to those interested in watching Ted Seffridis and Madelene Bertovich in a pogo stick race.

The Doyle sisters, Judy Applewhite, Judy Millard and Pat Hriako (Wanna join my corporation) are singing "I Don't Want to Set The World On Fire".

Russ Van Shoelace --- or is it Van Tassel? ----- Jim Douglas and Paul West are ardent admirers of "Cupcake", a new Vocalist on the local scene.

Plans for the outdoor charcoal for Mr. Beaver, our new chef, have slackened. With the coming of Spring, and the opening of windows in the Snack Bar, Effie and Mary are looking healthier because they stick their heads out the window and get some fresh air occasionally. You can turn off the exhaust fan now.

## He's chairman of the "Pop" dance

After all these years of friendship, the grey-haired men are quarreling. Come now, fellows, don't "dare" let five dollars come between you.

## Come on "Dimples" -- smile -----

The reason for the smiles on Mel's and Herb's faces is the fact that Bill Branscome and Wayne Grannis are joining the ranks of the boys with the receding hair lines.

Until next issue, "Hasty Bananas" -----

Sig Deltas have been burning late oil recently. One session last week went from 9 to 2, and the next day many faces were long and gloomy. Those kind of meetings can ruin a guy's beauty sleep!

Just a word of congratulations from the Sig Deltas to the JAMBAR staff for doing the university proud at the recent Penn-Ohio Press Association convention when the JAMBAR took three trophies, one for the "Best Newspaper" award.

## ALPHA OMICRON PI

The sisters of Alpha Omicron Pi are most pleased to congratulate their sister, Marlene Betras, 1958 Junior Prom Queen.

Alpha Omicron Pi Sorority proud-

ly presents its pledge class of 1958: Jo Bailey, Carol Baker, Madeline Bertovich, Helen Schwartz, LaVonne Shaffer, Joan Voorhies, Norma Vimmerstedt, Bea Simmerlink, Mary Pellizzeri, Judy Heffron, and Sue Renkenberger. We are very happy to have you as future AOP's.

At a recent election the following officers were elected: President, Angie Stizza; Vice-President, Pat Hriako, Secretary, Marlene Betras; Treasurer, Brenda Hayes; Corresponding Secretary, Norma Jo Mitchell; and Social Chairman, Sandy Marinelli.

A surprise visit from two Miami AOP's was very pleasant for the Youngstown sisters. An excursion to the Snack Bar and Cafeteria plus two of "Market Street's finer establishments" rounded out the visit. Many thanks to the Theta's for helping to entertain the girls. Do come again, Joyce Miller and Joyce Longly.

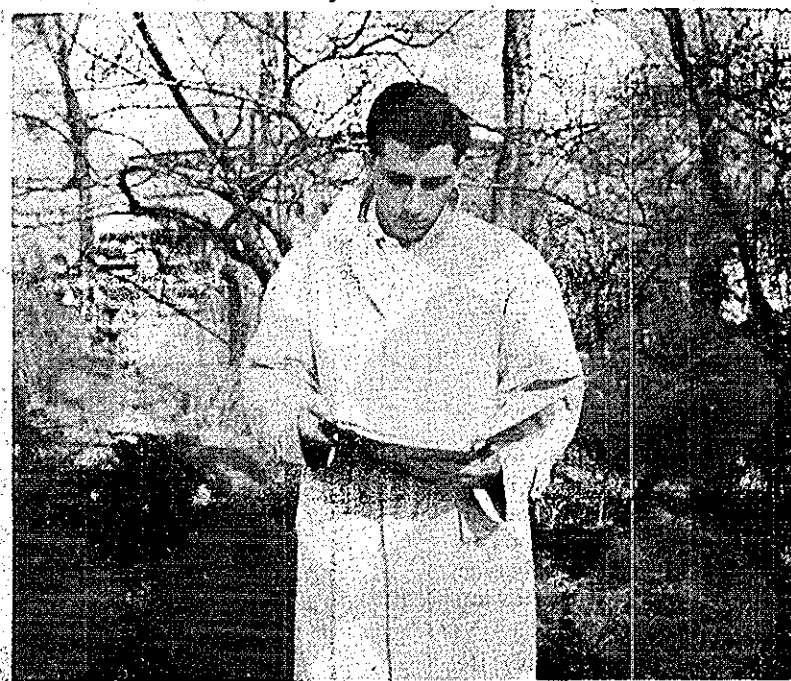

Almost unanimous representation from Phi Lambda Chapter for AOP's State Day, Saturday, March 22. Phi Lambda were guests of Alpha Tau chapter at Dennison U., Friday night and were feted at breakfast Saturday morning before going to Columbus for State Day. We wish to thank every girl in Alpha Tau for their sisterly hospitality.

We wish to thank Junior Prom Co-chairmen Judy Puce and Florine Fish for their enthusiastic campaign.

Flash: If anyone locks keys in trunk of car, call Dave Houlihan's Quick-go-home-to-get-Marlene's keys service.

## Busy Student

Chairman of the Junior Prom activities this year is Ron Bartoli.

# Vogue

by Lillian Robinson

Last issue we began to get a look at current fashions, but there is much more to be said about what is the "58 look." It is all very well and good to say that you are going to have several chemise line dresses in your spring and summer wardrobe, but, if you overlook anyone of several distinct points of fashion, you may find your new wardrobe ineffective. These are the "musts" for an effective current look:

1. The hemline must fall within one inch of the upper curve of your calf.
2. The skirt must be fitted snugly across the hipline.
3. The shoulderline must be natural (no padding)
4. The accessories must be keyed to the chemise line.

The first three of these "musts" can be attended to with little or no trouble if you shop at a store where fashion sells the clothes and not high-pressure salesmanship.

Accessorizing, on the other hand, is a more difficult problem. The best way to choose accessories is to consult the fashion magazines before you shop.

Glamour magazine came very close to shopping for its readers when it gave the following tips.

### Should Give Special Effect

The tip-off on hats is shape with each hat giving a special effect. The wide brimmed rollers designed to make you young and pretty; the deep cloche has more sophisticated things in mind. There are sweet, silly bow-tie hats, and big handsome silk berets (worn untitled, well back on the head), and most romantic of all—small fake flowers wreathed around green net.

The scoop on purses is a slim, neat look. Even big satchels are

flat and tidy as envelopes. Small purses are in fashion especially in splashy colors (printed linen clutches.) Even straw is a city fashion shaped into a long skinny purse. Black patent leather is nice, too, but only in small doses.

The news in shoes is to the point. Toes are tapered, and heels are mid-high and curved. Latest news: the eyelet-tyed shoe, laced over the vamp; the two-color shoe; the three-color shoe in navy blue, green, and white; and the special-occasion shoe of flower-printed silk. Best shoe colors—red, bright navy blue, string, and shiny patent leather.

### Color Is Trend

The trend in jewelry is to bright color and the look of real jewels. Strings of creamy pearls are worn with strands of colored beads; fake amber, coral, jade, tortoise shell, quartz, and cut crystal. One or two colored beads make an earring (some dangle). New bracelets are heavy golden chains and enameled bangles in sharp, bright colors. Pins look like sprays of spring flowers or semi-precious rock gardens.

Best colors for 1958: RED - because it's easy to wear, and men love it. The red-and-pink clash is especially good. BLUE—because it's all flattering. Try it clashed with turquoise and violet. STRING—because it's the newest neutral. This is definitely better than black for spring and summer. ORANGE—because you'll be discovered. It clashed beautifully with reds and pinks.

# GREEKS

Continued from page 4

## NU SIGMA RHO

The Brothers of Nu Sigma Rho would like to extend their congratulations to Brother Frank Krpickak who recently tied the wedding knot. Good luck to both of you. Remember the line in one of the fraternity songs - "Between your chair and my chair, we'll build a little high chair, and we'll call him the Nu Sig Kid!"

Don't be alarmed when you see Pete Torek bicycling to school every morning. He's trying to get in shape! Ron Wolfgang has moved into the Fraternity House for an indefinite period of time.

It was something to see a few of the men on the loose again at a dance recently. Welcome back, Joe and John!

A welcome is extended to pledges and also good luck. You'll need it! Pledgemaster Joe Cortese with the Big Three plus Two have a real bang up program lined up that will prove to be very effective.

The Nu Sig basketball team has ended the season with the following members showing their impressive victories: Frank Tedeschi, "Tom" Ace Africa, Bill Baker, Chet Miller, Pete Torek, Ed Hritz. The baseball team is next in the line of sports.

## SIGMA SIGMA SIGMA

Chairman Bernardine Clark is busy making plans for the 60th Annual Founder's Day Banquet, April 20 at the Parkview House.

Don't get rid of that winter dirt on your car yet. Keep it until April 11, and the Sigma's pledges will give a complete car wash, interior and exterior, for only a dollar. The place is the garage across from the main building.

Box lunches highlighted the party with the Phi Gam's, while the highest bidder got the best lunch. The great Phi Gam pledges, as well as the "Twenties" skit by the Sigma pledges, made it the usual best.

Gerry Stanton was added to the force of Sigma's working at the Main Library. The total of seven now includes Nancy Veauthier, Martha Clark, Dorothy Pabny, Betsy Connaughton, Dorothy Botak, and Toni Carlamagno.

Congratulations to Pat Quinlan, Sigma Sigma Sigma's candidate for Junior Prom.

A noisy pink bundle arrived at the home of proud parents Cy and Dave Yakobovic. Guess the mug will have to wait, Kappa's!

## THETA CHI

Pledges! Jim Zamary, Gary Swanson, Lew Galante, Dom Galante, Bob Boye, Fred Kirby, Jerry Harklerod, Ronnie Untch, Russel Vantassel, Carl Nocera, L. Jack Holmes, Walt Good, Dick Morgano and Butch Yargas. Congratulations men, now the actives can ....

April 14 -- Brother Jack Chugden leaves for Germany. For the past week, "Chug" has been making the rounds of his Alma Mater. It was surely good to see him.

Brothers "Gigs" Johnson and Bill Metzler are learning the song "From the Halls of Montezuma" for, on July 2, this will be their song. They joined the Marines. Brother Johnson received the highest grade in the qualifying test ever given in the greater Youngstown Area. Congratulations Dick.

The Theta Chi Alumni gave a stag for the active brothers last Friday night. It was held at Jack Storey's home. It was one party that will remain in everyone's memory for a long time.

Word from the Brothers who got

back from the Buffalo chapter's annual "Frost Killer" report that this is one event that should be made by all actives.

Congratulations to the new Theta Chi brothers Bob Morgano and Lew Devlin.

## SIGMA PHI EPSILON

Have you heard the roaring laughter coming from the Sig Ep House? This is due to Silky Sulligan Moyer's new recording machine. It seems that Bob has a slick way of recording the brothers' conversation. Have you seen the letter, post-marked Pittsburgh, to a certain Valentino. Everyone else has.

The newest trophy, the cheering trophy, has taken its place next to the other trophies in the cabinet. Whew!

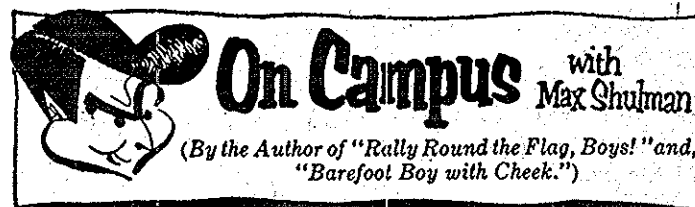

All the brothers were happy to see Brother Phillips again but none were so glad as John, Fred and Bob who got together for old times' sake.

Congratulations to Mickey Kaiser and Ron Vanatsky for the awards they received at the newspaper convention.

How come you're so interested in education lately, Tom?

## ALPHA PHI DELTA

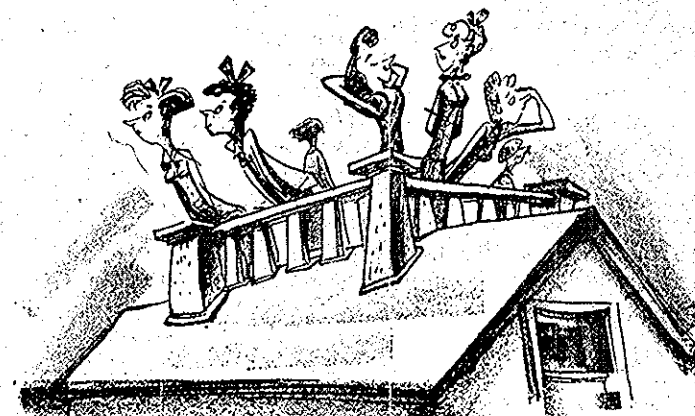

The Brothers of Alpha Phi Delta (Continued on Page 8)

## A FRAT TO REMEMBER

Every year, as we all know, the Benevolent and Protective Order of Collegiate Fraternities awards a highly coveted prize to the fraternity house which, in its judgment, has done the most to promote and enhance the fraternity way of life. The prize this year—eight hundred pounds of putty—goes to the Alpha Hernia chapter of the South Dakota College of Dentistry and Renaissance Art.

The award this year is exceptionally richly deserved, for the Alpha Hernia house is the very model of all a fraternity should be. It is, first of all, a most attractive house physically. The outside walls are tastefully covered with sequins. Running along the upper story is a widow's walk, with a widow stationed every three feet. Moored to the chimney-pot is the Graf Zeppelin.

A widow's walk, with a widow stationed every three feet ...

Indoors the house gives an impression of simple, casual charm. The chapter room is furnished in honey maple and chintz, with a dash of verve provided by a carp pool three hundred feet in diameter. A waterspout rises from the center of the pool with the housemother bouncing on the top.

Members' rooms are gracious and airy and are provided with beds which fold into the wall and are never seen again. Each room also has a desk, a comfortable chair, a good reading lamp, and a catapult for skeet-shooting. Kidney-shaped desks are available for kidney-shaped members.

Perhaps the most fetching feature of the house are the packs of Marlboros stacked in heaps wherever one goes. If one wishes to enjoy a fine filtered cigarette in any room of the house, all one need do is reach out one's hand in any direction and pick up a Marlboro. Then one rubs two pledges together, lights one's Marlboro, and puffs with sweet content the tastiest smoke the mind of man has yet devised.

The decor, the grace, the Marlboros, all combine to make Alpha Hernia a real gasser of a fraternity. But a fraternity is more than things; it is also people. And it is in the people department that Alpha Hernia really shines.

Alpha Hernia has among its members the biggest BMOCs on the entire campus of the South Dakota College of Dentistry and Renaissance Art. There is, for instance, William Makepeace Sigafos, charcoal and bun chairman of the annual Stamp Club outing. Then there is Dun Rovin, winner of last year's All-South Dakota State Monopoly Championship, 135 Pound Class. Then there is Rock Schwartz, who can sleep standing up. Then there is Tremblant Placebo, who can crack pecans in his armpits. Then there is Ralph Tungsten, who went bald at eight.

But why go on? One can see what a splendid bunch of chaps there is in Alpha Hernia, and when one sees them at the house in the cool of the evening, all busy with their tasks—some picking locks, some playing Jacks-or-Better, some clipping Playboy—one's heart fills up and one's eyes grow misty, and one cannot but give three cheers and a tiger for Alpha Hernia, fraternity of the year!

And, if you don't mind, a rousing huzzah for Marlboro, cigarette of the year, whose makers take pleasure in picking up the tab for this column.

# Fanciful Facts

by Robert C. Preble, President  
ENCYCLOPAEDIA BRITANNICA

### But Not 'Desert'

From Britannica Film "Far Western States"

The state of Utah was long called "Deseret," which in the Book of Mormon language means "honey bee."

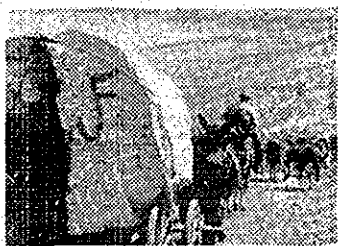

### Hot and Heavy

From Britannica Film "Water Cycle"

Though rivers generally are at lowest stage in hot months, those arising from melting glaciers frequently flood in summertime.

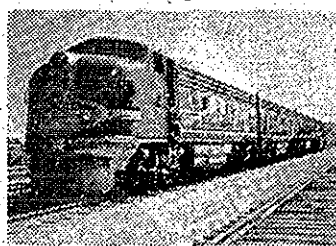

### How Big a Rush?

From Encyclopaedia Britannica Film "Cattleman"

The lure of gold induced an estimated 40,000 pioneers to cross the continent to reach California in the year 1849 alone.

### U.S. Going Places

From Britannica Film "Passenger Train"

With 6 per cent of the world's population and 5 per cent of its land area, the U.S. has 29 per cent of the world's railway mileage.

On a recent survey of the question, it was found that the college that produced the most U.S. Presidents was ... "Yes, go on" (breathlessly), "the electoral college!"

Statistics show that Yale graduates have 1.3 children, while Vassar graduates have 1.7 children which proves that women have more children than men.

# Lake, Atterholt Receive All-American Honors

## Cagers Gain A. P., NAIA Squads

### All-Tourney Teams List Stars

Youngstown University basketball aces Herb Lake and Bob Atterholt have been honored with positions on Associated Press and NAIA All-American basketball teams. Lake repeats as a national choice from last year while Atterholt gained nationwide prominence with All-America honors at Sharon High School.

Lake, the fabulous junior ace from Midland, Pa., gained a second team slot on the 1958 NAIA All-America basketball team announced last week. Lake, who was a second team choice on the All-Tournament squad picked after the national tourney, joins Dick Barnett as the only juniors among the top ten selections.

#### Barnett is Picked

Barnett, the Tennessee State A&I wizard who appeared here in the Eastern NAIA Holiday Collegiate Tip-Off Tournament last December, was named Most Valuable Player in the Kansas City meet. Gaining a slot on the NAIA second team along with Lake was Pasadena College's Jim Bond, a cousin of JAMBAR Assistant Editor Dave Poole.

Atterholt, along with Lake, garnered honorable mention on the Associated Press All-American list. Bob, who finished his Senior year with the Penguins as one of the school's top scorers, was named most valuable player in the Ohio NAIA playoffs held here in March.

#### Smith on First Team

Jim Smith of Steubenville and Barnett gained first team selection along with Texas Southern's Bennie Swain, who was a standout in the NAIA tourney at Kansas City.

Area stars who gained mention were Dave Rankin, Westminster; Bill Soffa, Carnegie Tech; Jack Kalofus, St. Vincent; Harry Baird, Mt. Union; Jack Harner, Wilmington; and Joe DeLisle, Indiana State Teachers.

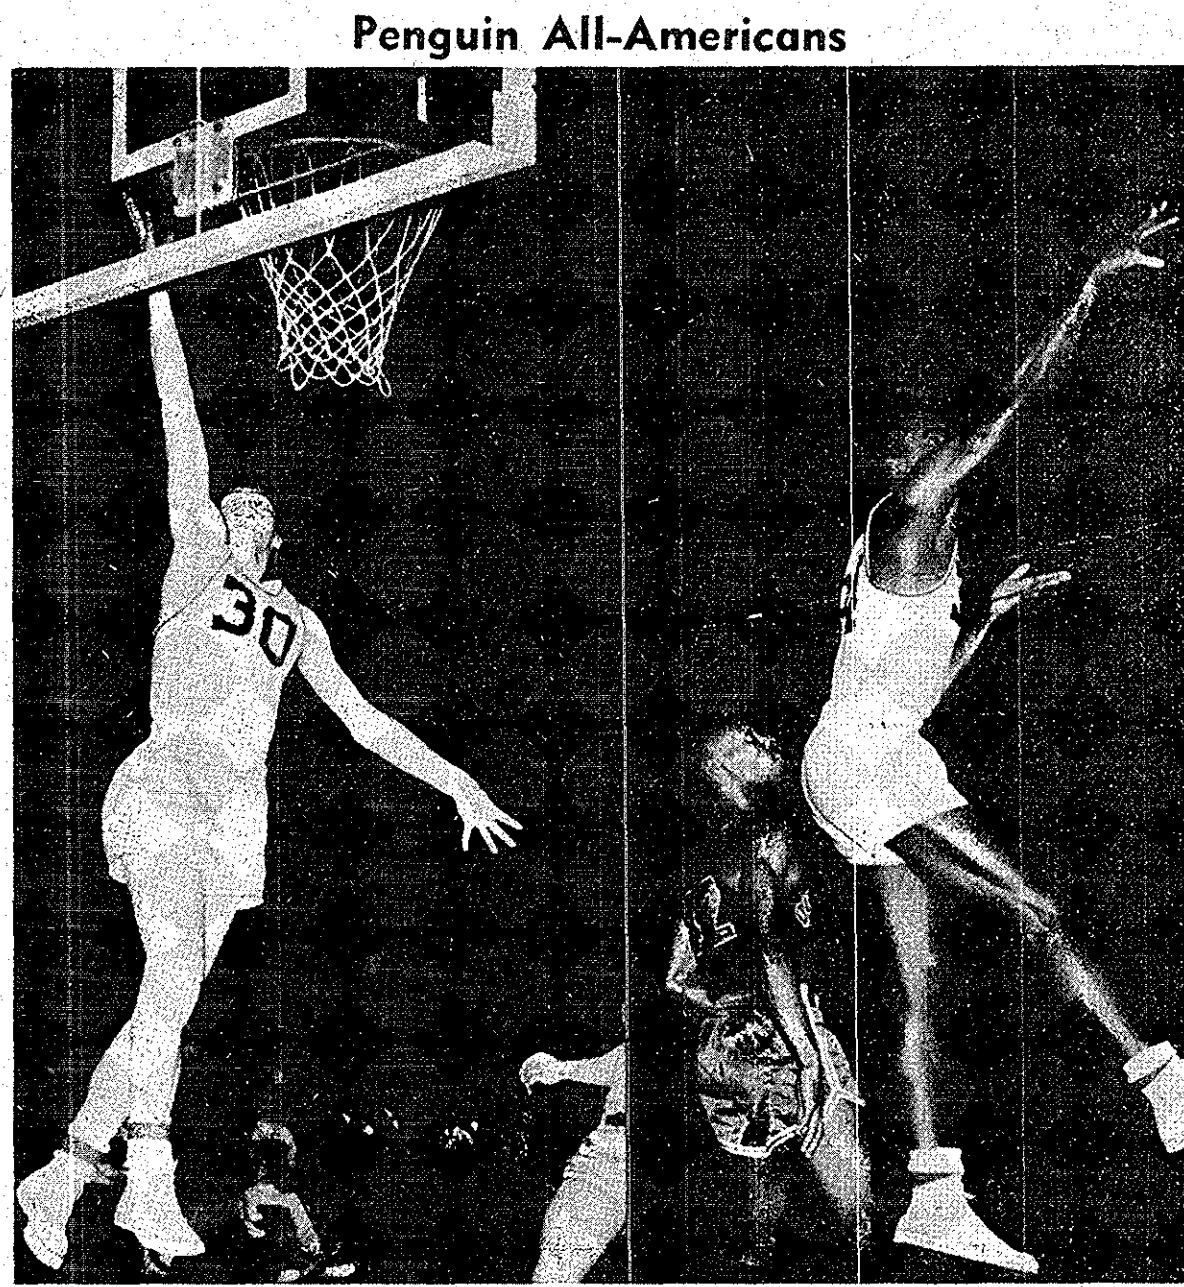

## Phi Gams, Tekes Are Deadlocked

Phi Gamma and the Tekes are deadlocked in first place in the Intra-Mural Bowling League as both ROTC 11 and Zeta Phi Eta have tumbled out of the top position. They join the Physical Education Club, one point behind the leaders. With one week remaining in the current season, just one point separates the first five teams.

This situation promises to produce a fitting climax to a hectic season, one in which some six or seven teams have occupied first place at one time or another.

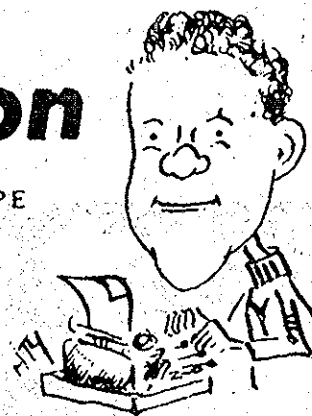

In action on March 23, Frank Bogan, star kegler for the Tekes, ripped his league-leading average to 178, while Mel Klinger of Zeta Phi Eta rolled a sparkling 201. Also, Ed Wall, Newman Club ace, fired 200 for high games this past week.

Bob Atterholt ----- Herb Lake

## Jet's Jargon

BY JOHN E. TUDHOPE

Spring .... The time of year when a young man's fancy turns to thoughts of baseball. It is certainly not too far off. In just about four weeks the first cry from the umpire of "Play Ball" will echo in the major and minor league parks all over our fair country.

Unless the Indians show a little more promise than they have in the past two weeks the cry will really echo around the vast expanses of the Lake front Stadium.

The pitching staff of the Tribe has carried them along for the last several years. Long reputed to have the best pitching in either league, the Indians are not showing it this year. The hurlers have been "murdered" in the exhibitions down in the sunny climate of Arizona.

#### Pitchers Are Hard Hit

Every team that has played the Indians has "feed off" on the formerly fine staff. Ray Nardlesko, Don Mossi, Herb Score, Cal McClish, Dick Tomaneck, "Mudcat" Grant and many others are having their difficulty in missing the opponent's bats.

As if this weren't enough to worry Bobby Bragan, he has other troubles to contend with. The Tribe is not hitting. No one on the club has given any indication as yet that he will be burning up the league this year, or even sizzling a little bit.

Bragan is having a fair degree of success in lining up his infield for

the coming campaign. By shifting several members of the team around he has come up with a solid working infield. The old timer of the infield, Vic Wertz, has been given added duties as field captain. This is without a doubt the best choice Bragan could have made.

#### Yanks Are Flying High

While the Indians are taking their lumps in Arizona, the Yankees are going merrily on their way clubbing the opposition into senselessness. Stengel is getting a great deal of hitting from his front liners and has a strong bench blessed with good rookies.

Evidence of this was indicated last week when Joe Collins, an old reliable, was sold to the Phillies. Collins was a man who could fill in for Casey any time the need arose. He was very capable at several positions and aided immeasurably in the pennants that the Yanks have won under Stengel.

Collins was cut because room had to be made for the young players that are ready for the parent club and cannot be held down. Their talent is so good that should a regular slip

## Varsity 'Y' Honored

Members of the Varsity "Y" club of Youngstown University were honored at a spaghetti dinner held recently. Guests at the dinner were members of the Topper's basketball team, winner of the Christ Mission Junior Basketball League.

Tony Vivo, Penguin athletic ticket director is the sponsor of the group.

just a little bit he could lose his position permanently.

#### Cards Could Win

In the National League the Milwaukee Braves and the St. Louis Cardinals are having a battle with newsprint. The Cards manager, Fred Hutchinson, thinks that his team is the only one that can beat the Braves and he has gone as far as saying that they will.

The way things are shaping up in the pre-season games, it looks like the National League will have a slam-bang race with as many as five teams in the race to the bitter end. The American League could produce a fine race also if several teams can make rapid strides.

Chicago's White Sox, with their excellent pitching, are going to make it pretty hot for the Champs and could take all of the marbles. The American League needs a close race to build up interest. When the Yankees win every year people become disgusted and will not attend the games. For the good of the league it is about time the Yanks were stopped.

David's rock made quite an impression upon Goliath — a thing like that never entered his mind before.

## IFC Basketball Ends; All-Star Team Named

### Tau Kappa Epsilon Wins In Third Overtime

The final curtain of 1957-58 basketball warfare at Youngstown University came down Wednesday, March 26, but it took a triple overtime sudden death 44-43 win by the Tekes over Zeta Phi Eta to wrap up the interfraternity championship thriller.

Regulation time ended in a 42-42 deadlock. Neither quintet managed a basket in the first overtime which set the scene for the series of sudden death overtimes.

In the next three minutes, a single field goal by the Tekes would have ended the tourney, but neither team managed to score. If Zeta Phi Eta, the victor in the loser's bracket, had won, another game would have been necessary in the double elimination playoffs.

Tekes moved within one point of the crown as they tallied a free throw in the next sudden death stanza.

#### Score Tied

Zeta Phi evened the score shortly after the start of the third over-time on a foul shot setting the scene for the winning point -- a foul shot by Howard "Sleepy" Williams. Williams and Tom Steele bucketed 14 points each for the victors while Mike Giambattista hit 16 markers for

Zeta Phi. Zeta Phi advanced to the final round via a 51-49 triumph over Kappa Sigma Kappa as Giambattista hooped 24 points.

Earlier in the tourney, the Tekes toppled the Kappa Sigs by four points and sneaked past the Zeta Phis by six. Tekes ended tourney action undefeated.

An all-star quintet was chosen by officials of the tourney with the Tekes landing two spots. Teaming up with Steele and Williams on the all-star five are Giambattista, Art Moore from Phi Gams, and John Winkle of Kappa Sig.

Voice on Phone - "John Smith is sick and can't attend classes today. He requested me to notify you."

Professor - "All right. Who is this speaking?"

Voice - "This is my roommate."

# SPRING SPORTS SLATE LISTS FIFTY-THREE EVENTS

## Golfers, Netters Schedule Meets

### Spring Practice Interest Is High

Sports fans on campus will have more activity than they can handle in the remaining two months of the school year. With the athletic department's announcement of a huge 53-event slate, interest in spring sports should reach new heights. Baseball with Hiram opens the season on Saturday.

The first two road contests list Dom Rosselli's baseballers in road tilts at St. Vincent and Kent on April 12th and 15th, respectively. Then, after a home diamond opener with Geneva on the 17th, tennis, track and golf make their appearances.

### B.W., Titans Here

On Saturday, the 19th, the golfers open with a match with Akron, Westminster is here for tennis, and the trackers travel to Mt. Union. The friendly rivalry with Baldwin-Wallace continues as the baseball team has a tilt slated with the Yellow Jackets.

All four schedules are as follows:

### Tennis

Date	Team	Place
Apr. 19	Westminster	Home
Apr. 21	Gannon	Home
Apr. 22	John Carroll	Away
Apr. 24	Hiram	Away
Apr. 28	Kent	Away
Apr. 30	Akron	Home
May 3	Fenn	Away
May 5	Geneva	Away
May 7	John Carroll	Home
May 10	Gannon	Away
May 12	Geneva	Home
May 14	Fenn	Home
May 19	Kent	Home
May 21	Mount Union	Away

Coach: Robert Thompson

### Baseball

Apr. 5	Hiram	Home
Apr. 12	St. Vincent	Away
Apr. 15	Kent	Away
Apr. 17	Geneva	Home
Apr. 19	Baldwin-Wallace	Away
Apr. 22	Fenn	Home
Apr. 24	Westminster	Home
Apr. 26	Akron	Home
Apr. 29	Mount Union	Away
May 1	Alliance	Home
May 3	Hiram	Away
May 6	Baldwin-Wallace	Home
May 8	Westminster	Away
May 10	Fenn	Away
May 13	Alliance	Away
May 15	Geneva	Away
May 17	Thiel	Home
May 20	Kent	Home
May 22	St. Vincent	Home

Coach: Dom Rosselli

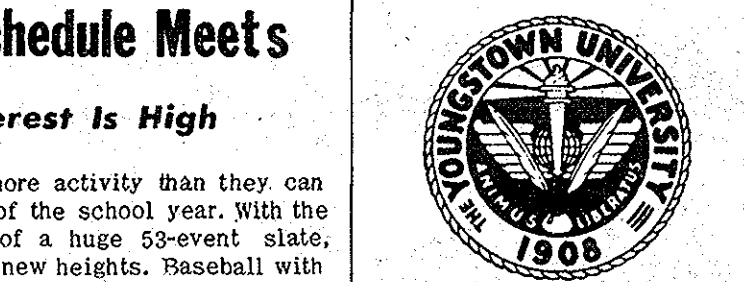

### Track

Apr. 19	Mount Union	Away
Apr. 22	Western Reserve	Away
Apr. 26	Akron University	Away
May 3	Geneva	Away
May 6	Baldwin-Wallace	Away
May 10	Grove City	Away
May 21	Hiram	Away

Coach: Lou DiOrto

### Golf

Apr. 19	Akron University	Home
Apr. 21	Geneva College	Home
Apr. 23	Mt. Union College	Away
Apr. 26	Fenn College	Home
Apr. 28	Kent University	Away
May 2	Grove City College	Home
May 6	Geneva College	Away
May 9	Gannon College	Home
May 12	Kent University	Home
May 15	Westminster	Away

### What Is It?

Several students have been participating in Judo, a sport not too common on the campus. Muscular co-ordination and technique is involved rather than physical strength.

## Engineers Relax With Judo

by Pete Sloan

The sport of judo is practiced by three Youngstown University engineers for the purpose of relaxation twice a week. Andy Bernard, Jack Sirac, and Dick Phillips all find an escape from the routine of school work at the YMCA. For two hours these men engage at the sport on the tumbling mats.

Andy Bernard said, "There is little physical strength involved. It is mostly muscular co-ordination, technique, speed, timing, and reflexes. It builds self-confidence and character. The sport is one of the few where fans have as much respect for the winner as well as the loser. The man who wins is the quickest one to see an opening."

Judo is fundamentally a body contact sport. One needs to acquire skill in proper footwork, a conditioned co-ordination of the reflexes in relation to throws and counters, and a conditioned sense of balance and position. Also important is the proper application of body weight. To improve in judo one needs to know specific holds, falls, and leverages. He needs extensive practice under competitive conditions to advance the method of which is unique. A grade system based on the awarding of belts is used. There are the white, brown, and black belts in that order.

Instructor Awarded Black Belt.

Andy Bernard has worked his way to a brown belt-third class. Jack Sirac and Dick Phillips both have white belts. Their advisor and instructor is Verle Knowles. He has a

May 16	Hiram College	Away
May 19	Gannon College	Away
May 22	Grove City College	Away

Coach: Wm. Carson

black belt which he received in Japan. Other YMCA instructors interested in the sport are Don McConnell and Dick Garver.

"Practice on the thrown is very important," Andy remarked, "there are many techniques."

The sport of judo has been growing in the United States since the Japanese brought it to the West Coast. Many colleges like Ohio U. and Ohio State now have it. SAC air force bases train their pilots in order to develop endurance and self-defense. More women are taking up judo since they are especially good at technique and co-ordination.

The engineers want more participation in this fascinating sport. The only requirement for joining the club is to be a member of the YMCA. The boys are working hard for a competitive match set for June in Detroit.

Said the professor: "If there are any dumbbells in the room, please stand up." A long pause and then a lone freshman stood up. "What, do you consider yourself a dumbbell?" "Well, not exactly that, sir, but I do hate to see you standing by yourself."

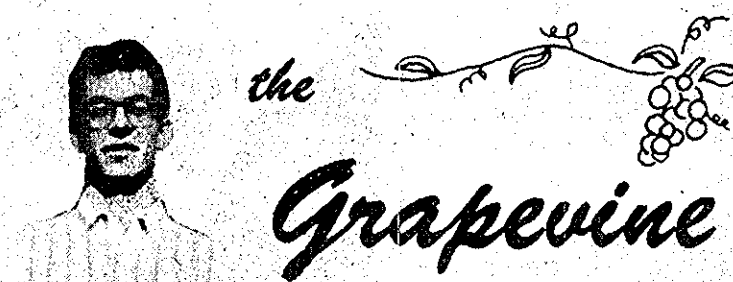

Professor - "What is a monarchy?"  
Freshman - "A people governed by a king."

Professor - "Who would reign if the king should die?"

Freshman - "The queen."

Professor - "And if the queen should die?"

Freshman - "The jack."

By RON VANATSKY

### AUTOMATION AT CASE

Case Tech of Cleveland has begun using its new I.B.M. machine, The Univac 650 for processing of basketball statistics. The "Brain," which compiles all sorts of cage information, is loaded up with punched cards 45 minutes after a game. In 30 seconds, the machine does the calculations which would take at least four hours to compute by hand. I guess Penguin statistician Kenny Brayer would really like one of those. Incidentally Case has entered into what it calls a policy of "Scientific coaching." Well, you learn something new every day.

The Penguin reserves have been bolstered by the addition of two new boys, Bob Mifochi and Ed Korbini. Bob is from Conneaut Lake High and Ed saw action at Greenville, Pa. Penguin Jay-Vee star Jim McElroy has displayed outstanding cage savvy during the campaign and looks like a sure bet to graduate to the varsity next season. The reserves have compiled a 12-2 mark, and the total for the past three years stands at 36 wins and 5 losses.

### CORNACHIONE LAUDS LOCALS

In a recent issue of the CARROLLNEWS, John Carroll basketball coach Dil Cornachione commented that the Penguins were as good a team as any they met, including Xavier. This should be considered quite a compliment, since the fighting Musketeers, billed as the Cinderella team of the National Invitation Tournament, powered their way past such powers as Bradley and Dayton to emerge as winners.

In answer to many queries on Penguin basketball scheduling, it seems as though nobody wants to play the Youngstowners. Several Mid-Ohio Conference squads consider the locals way out of their class and well-known basketball powers around the nation are, and have been in the past, reluctant to book the Penguins.

Many cage powers have, in the past, taken the attitude that they had nothing to gain and everything to lose by tangling with the Penguins. Since the emergence of the Youngstowners as top-flight competition, their attitude should be a bit different. Lets hope the situation improves, even though a large percentage of our contests have been with tough opposition.

### HOLLIS WINS AGAIN

Bill Hollis, the 21-year old Youngstown U. sophomore, battled his way through Golden gloves bouts here and in Cleveland to gain the 175-lb. title in a blaze of glory. Then last week, the local light-heavy weight traveled to New York as a member of the New York-Eastern boxing squad. The crowd of almost 12,000 in Madison Square Garden saw the flashy Jambarite pound out a unanimous victory over Minneapolis' Leroy Bogar in their 175 lb. alternate bout.

Hollis, who is rapidly building a name for himself in the amateur ranks, was one of a dozen victors for the Eastern team. The Gotham squad scored an overwhelming 12-4 win over the Chicago-Western unit, this being their largest margin of victory in 26 years.

### Intramural

Standings as of March 23 are:

Team	Points	W	L
Phi Gamma	34	26	10
Tekes	34	25	11
Phys. Ed.	33	24	12
ROTC II	33	24	12
Zeta Phi Eta	33	23	13
ROTC I	27	21	12
Champs	26	19	17
Newman Club	24	19	17
Nu Sigs	21	16	20
Theta Chi	21	16	20
Kappa Sig	21	15	18
Sig Deltas	14	11	25
Alpha Phi Delta	12	10	26

## GREEKS

Continued from page 6

would like to welcome all the new pledges of the fraternity and wish them success and luck.

On March 9, the Brothers of Beta Omicron were honored to have a meeting with the National Officers from New York City. The Spring Convention, to be held April 11 in Chicago, was discussed and plans were made by some brothers to attend.

Brother Mastrangelo is working hard on the final touches of the District Convention between Steubenville College, Ohio State University and Youngstown University chapters which will be held here in Youngstown with Beta Omicron acting as host.

Frank Tavorario is engaged in a new business, "The Tavorario Landscaping Co.". Lots of luck Frank.

Alpha Phi hopes to have a nephew in the near future due to the great work of Vito Leardi.

The Brothers would like to congratulate Brother Martino upon his acceptance to Alpha Tau Gamma, the Accounting Fraternity on campus.

### KAPPA SIGMA KAPPA

The Kappa Sig pledge class of last fall, has presented the school with a fine trophy case. It is to be placed in the Athletic Department. Now the school will have some place to put the trophies.

Rushing netted some fine men. Kappa Sigma Kappa welcomes Jim Brahney, Tom Richards, Karl Butcher, Gene Harvey, Ray Natili and Jim Klutcher. Good luck, men.

Patsy J. Fauceglia, the Sweetheart of AOPi, found that it wasn't all that nice and decided to become an active Kappa Sig again. It wasn't too bad now, was it, Patsy?

One last word: No fair putting all that library dough in your own piggy bank. At least be good enough to share and share alike.

### TAU KAPPA EPSILON

On Sunday, the newly organized Mother's Club held a covered dish banquet at the K. of C. Hall in Girard. Attending the affair were members and their families. A wonderful time was had by all.

Members of Tau Kappa Epsilon's pledge class are Larry Beers, Herb Nachbar, Bill Johnjullo, Ed Jay, Dave Mauch, Bill Richardson, Charles Sirhan, John Smythe and Dave Withers. The pledges were formally installed on Sunday at Pollock House.

For the third straight year, Tau Kappa Epsilon Fraternity has won the IPC Basketball Tournament. With four overtimes the last game with Zeta Phi Eta for the championship was really an exciting one. Don Miller and "Sleepy" Williams both contributed to the two points, each making one foul shot. After the game a blast was held at the Elm's where Joe Ula proved to the Brothers that he couldn't hold his beverage. Congratulations to "fraters" "Sleepy" Williams and Tom Steele on being selected for the IPC All Star Team, also to the other members of the team, Mike Giambattista, Art Moore and John Winkle.

With one more week to go, Teke is now tied for first place in the intra-mural bowling tournament. Good luck, men!

During a Christmas exam, one of the questions was, "What causes a depression?" One of the students wrote: "God knows! I don't. Merry Christmas!" The exam paper came back with the prof's notation: "God gets 100. You get zero. Happy New Year."

## All Smiles

Harry Fry, former YU student, was the recipient of an accountants' Handbook when he was recently honored as an outstanding accountant. Standing with him are Dean Robert L. Miller, Head of the Business School of the University, center, and Elton Whitelock, President of the Youngstown chapter of the Natl. Assoc. of Accountants, right.

Freshman finishing a letter - "I'd send you that five I owe you, but I've already sealed the letter."

First Freshman in Math Exam - "How far are you from the correct answer?" Second Freshman in Math Exam - "Two seats."

## Riflers Receive Three Trophies At Conference Banquet

Coach M/Sgt. Nick Felt's Penguin rifle team held a monopoly on many top honors in the Lake Erie Intercollegiate Rifle Conference. Four of the squad's shooters finished in the top dozen in individual high average for loop competition.

At the annual awards presentation banquet in Cleveland on March 22, the Penguins received a beautiful trophy for gaining runner-up honors in the Conference. Bill Roos, who was presented with an individual trophy for high average, now has a collection of almost four-score rifle awards.

An unexpected honor was the selection of the Penguins to receive the team sportmanship trophy, which is an outstanding accomplishment in itself. The entire team is to be congratulated on their fine sense of fair play.

Sensational Bill Roos, the locals' freshman star, paced league riflers with a 288.36 average; and Mary Lou Moss, who was bracketed at the 6th slot with 279.90, gave the Penguins the top boy-girl combination.

Dave Patterson notched 9th place with a 277.10 average, and Jim Lambeth finished out with 274.88 for a No. 12 spot. With Moss the

only graduating senior, the top male trio should form a solid foundation for next season.

The season summary is as follows:

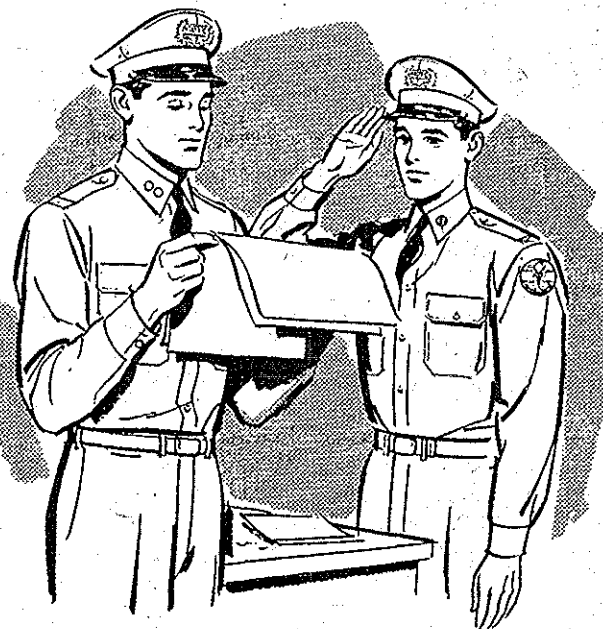

TEAM MATCHES		
1ST HALF		
Y.U. 1385	Akron	1385
Y.U. 1412	John Carroll	1372
Y.U. 1396	Kent	1378
Y.U. 1377	Gannon	1292
Y.U. 1376	Case	1341
Y.U. 1396	Duquesne	1379
2ND HALF		
Y.U. 1420	Akron	1402
Y.U. 1420	John Carroll	1343
Y.U. 1389	Kent	1357
Y.U. 1378	Gannon	1351
Y.U. 1391	Case	1364
Y.U. 1368	Duquesne	1392

## Sophomore R.O.T.C. Students:

# MAJOR IN LEADERSHIP

*with the Advanced ARMY R.O.T.C. course*

If you are a sophomore Army R.O.T.C. student, there are three important reasons why you should accept the challenge of applying for the Advanced R.O.T.C. course. As an advanced R.O.T.C. student, you will:

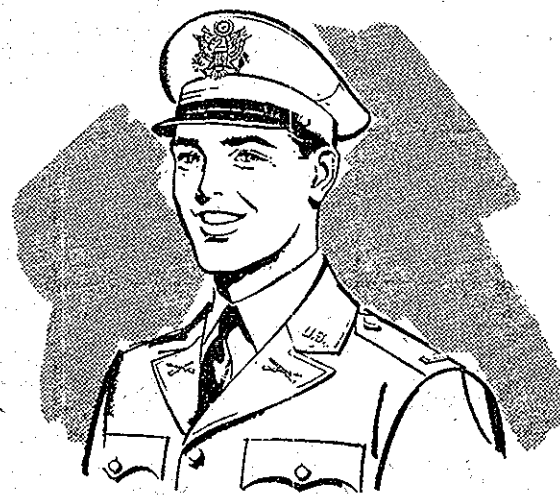

### 1. Learn to Lead

With R.O.T.C. you can actually take a course in Leadership—a course that will prepare you to think on your feet for an executive position, whether in military or civilian life. In addition, you will get practical experience in command responsibilities.

### 2. Attain Officer's Rank

As an R.O.T.C. graduate, you will fulfill your military obligation as an Army officer. You will not only enjoy the rank, pay and privileges of an Army officer, but will also have the satisfaction of serving your country in an important capacity.

### 3. Receive Extra Income

With the Advanced R.O.T.C. course, you will qualify for a subsistence allowance which comes to around \$535 for the two-year course. You will also be paid \$117 for your six-week summer camp training and receive a travel allowance of five cents per mile to and from the camp.
