## Sing, Mixer Compose Gala Greek Weekend

### May Day Festivities Planned For Idora

#### Queen To Be Crowned On Pollock House Lawn

Youngstown University's annual May Day celebration will be held on Friday, May 9. The two major events scheduled for the day are the crowning of the May Queen and the dance, at which Woody Herman's orchestra will play.

At 10 a.m. on Pollock Lawn, President Jones will give the welcoming address. His speech will be followed by a precessional consisting of the Pershing Rifle Honor Guard and a 90 ft. floral chain carried by girls representing all the women's organizations on campus.

The May Queen will be crowned by Student Council President Jim Crowe and attended by I.F.C. officers. The Queen will be chosen by the student body at elections to be held on April 30 and May 1. Vieing for the honor are Dorothy Daley, Fran Doyle, Joan Kristin, Sonia Lyninsky, and Charlotte Van Den Handel.

#### Queen to be Serenaded

After the Queen is crowned she will be serenaded by the Greek Sing winners accompanied by the Dana School of Music representatives. There will be a May Pole Dance followed by a tea for the Queen, her court, and their families at Pollock House.

The dance will be held from 9 to 1 at Idora Park Ballroom. Dress is semi-formal and admission will be by activity book. Members of the faculty are cordially invited.

During intermission the May Queen and the chairman of this year's May Day, Ron Pisani and Brian Donnelly, will be introduced. Gifts will be presented to the Queen and her court, and a trophy to the Queen.

The dance will feature the music of Woody Herman and his nationally known dance band.

#### Seven Students Are Named To Honor Society

The new Honor society at Youngstown University, the Gould Society has received the first group of students elected. The society, formed by University President H.W. Jones in honor of Dr. Clarence Gould, retired head of the History Department, awards elected students a certificate and a gold key. To be elected a student must be a senior, a candidate for graduation in the upper ten percent of the class, and have a point average of 2.5 or more.

The Gould Society is a non-departmental honor society, open to any student that is qualified, is intended to honor and encourage superior students for an outstanding record in scholastic achievement.

The students elected are Anita DeVivo, an English major, James Gargoline, a Spanish major and a recent winner of a Woodrow Wilson fellows hip, Carl Garver, a mathematics major, Mrs. Dorothy Greenberger, an elementary education major, Barbara Hoover, an English major, Nancy Walters, a mathematics major, and Barbara Wentz, a mathematics major.

(Continued on Page 5)

Vie for Honor

One of these coeds will be crowned May Queen at festivities to be held on the Pollock House lawn. They are (l-r) Fran Doyle, Charlotte Van Den Handel, Joan Kristin, Dorothy Daley, and Sonia Lyninsky.

#### Annual Inspection of ROTC Planned For Harrison Field

Lieutenant Colonel O.R. Hummel, Professor of Military Science and Tactics, Youngstown University, announced today that the Annual Formal and General Inspection of The Youngstown University Reserve Officers Training Corps will be conducted Monday, May 12, 1958 by an Inspection Board of Officers representing the Commanding General, Headquarters, Second United States Army.

Lieutenant Colonel Edwin G. Hickman, from Eastern Kentucky State College is President of the Inspection Board. Other members of the Board will include Major Floyd F. McKibben, Western Kentucky State College and Captain Robert W. Rowan, Murray State College.

Included in the Inspection activities, to be conducted at 11 a.m. at Harrison Field, will be a presentation of awards, a Retreat Ceremony and a parade past inspecting and reviewing officials. Besides the inspecting officials members of the reviewing party will include, Doctor Howard W. Jones, President, Youngstown University; Doctor Joseph E. Smith, Dean, Youngstown University; Mr. John P. Gillespie, Dean of Men, Youngstown University.

Brigadier General Donald Lynn, Ohio Civil Defense Corps; Captain Vincent Doria, President, Mahoning Chapter, United States Reserve Officer Association, and Lt. Col. O.R. Hummel. The public is invited to attend.

#### Jones Is Commander

Cadet Colonel Thomas Jones, a Senior in the William Rayen School of Engineering, is Commander of the ROTC Battle Group. Members of Cadet Colonel Jones's staff who will participate in the inspection and ceremonies include, Cadet Lieutenant Colonel Rene Domini, Executive Officer; Cadet Major

(Continued on Page 5)

#### May 3 Event Open To The Public

Saturday, May 3, is the date of this year's Greek Sing. The event will be held at Princeton Junior High at 7:30 p.m. Fraternities and Sororities of Youngstown University will be competing for the honors.

The Sing is open to the public and admission is 50¢ per person. Co-chairmen of the event are Brenda Hayes and Bruce Bond. The winner in the fraternity division and winner in the sorority division will serenade the May Queen at her crowning on May 9.

Fraternities entered in the sing are: Kappa Sigma Kappa, Tau Kappa Epsilon, Theta Chi, Sigma Delta Beta, Sigma Phi Epsilon, Alpha Phi Delta, Phi Gamma, Nu Sigma Rho, Zeta Phi Eta, Kappa Alpha Psi, and Tau Omega.

Sororities that will compete are: Alpha Omicron Pi, Beta Sigma Omicron, Sigma Sigma Sigma, Chi Delta Chi, Phi Mu, and Sigma Alpha Iota.

#### Chase Featured At Arrowhead

Greek Day, sponsored by IFC and Pan-Hellenic Council, will be held Sunday, May 4. The event will take place at Arrowhead Lake and is scheduled to last from 12 noon to 12 p.m.

The feature of the day will be the Greek chase. The Fraternity and sorority of the winners of this race will be presented with trophies.

Among the other activities will be a tug-of-war and an afternoon jazz concert. Food will be served and there will be dancing from 9 to 12

(Continued on Page 5)

#### Youngstown Students Hear Clingan Jackson

Youngstown's hard hitting two-fisted Democratic gubernatorial candidate, Clingan Jackson, spoke at a meeting sponsored by YU's Young Democratic Club. Approximately 200 students heard Jackson label Mike DiSalle as a "warmed-over candidate whose ineptness at running the Democratic state organization is well known".

Mr. Jackson pointed out that a student's part in government should be an active one. He stated, "One of the jobs of a student body is to be in ferment, to readily oppose injustice."

In relationship to his gubernatorial bid he explained the mechanics of primary campaigning and the oddities which this campaign was presenting.

Upon being questioned by a re-

porter about why he was hitting out at his fellow Democratic candidates instead of Governor C. William O'Neil, Jackson retorted sharply, "This is a primary we are in. The leadership of the state party is at stake. I refuse to admit that O'Neil is the only important topic."

Mr. Jackson has a long and outstanding record of service in state government. He should know whereof he speaks.

#### RIL Meeting Canceled

RIL will not have their regularly scheduled meeting until May 11 at which time election of officers will be held.

#### Kaiser Is Named President of Ohio College News Assoc.

By a vote of about 30 colleges and universities in Ohio, Michael Kaiser, editor of the JAMBAR, was elected president of the Ohio College Newspaper Association. Al Pikora, of the Ohio University Post, handed over the gavel to Kaiser at the end of the annual

Awards Banquet which closed the 32nd meeting of the OCNA.

Kaiser will conduct and preside over the Association's meeting next year which will be held in Akron, Ohio. At this year's award banquet, Ron Vanatsky, Sports Editor of the JAMBAR, received an Honorable

Mention for the Best Sports column.

Kaiser is a sophomore chemistry major, vice-president of Sigma Phi Epsilon fraternity, a member of Phi Epsilon, honorary chemical fraternity, and a member of the student affiliate chapter of the American Chemical Society.

## Reference To The Future

At the present time the students of Youngstown University take little interest in the everyday affairs of the Mahoning Valley. As a body of people, the students represent a tremendous amount of energy that could bring pressure to bear wherever it is directed by a strong leader in the faculty or the students. The five thousand some students in a mass as voters and future voters could accomplish almost anything that they demanded if someone was to show the proper guidance. Of course our present lack of school spirit and the feeling that we just go here, why should we care, would have to give way to one of togetherness and student unity. As the future leaders of the community, teachers, businessmen, and etc., we must learn now how to accomplish what should be done.

As we are now entering the final month of this semester, I wonder if all the good intentions that we entered the semester with are still alive and kicking? By the number of empty chairs and seeing different faces every class meeting I think that they all went out the window about the first nice day of spring if not sooner. While it is still not too late to give that old school try, the day of reckoning in the form of finals is almost upon us. Of course the green at the side of the "Cafe" or riding in Mill Creek and enjoying the sunshine is nice but is it worth a low grade that will be totaled in that old point average one of these days.

Just a note for the registered voters in the student body. Don't forget on May 6th to exercise your duty as a citizen and spend 10 minutes at your district voting place.

J.R.

## Student Thinks Phys. Ed. Courses Are A Waste of Time

Dear Editor:

Sputnik! Mutnik! Vanguard! Jupiter C! These are all names related to a race which the United States is participating in at the moment - a race for supremacy in technological affairs. While

America is participating in this race for "top-dog" scientific honors, noted American statesmen and educators have strongly recommended a stiffening in educational standards in American colleges.

Now that I have presented the above facts, I would like to present a complaint that I and approximately 3,000 other male students at Youngstown University possess. Our "beef" is simple: "Why are we required to participate in physical education activity courses?" Couldn't our time (and money) be spent in a more educational way? You know, maybe an unimportant math or science course.

This isn't our only argument against the activity course. Let me note a few others.

The YMCA to the uninformed, is our place of activity, located quite a distance from the main portion of the university. Through all kinds of weather, we trek to and from our destination in weary spirits. Of course, the lucky fellows with cars drive to the YMCA and pay the 40¢

downtown parking fee!

Yes, I know, many members of the administration advocate the activity courses for its body building prowess. Ha! No Charles Atlas was, is, or will be developed from our Phys Ed activity course. This also is a fact!

These are my complaints (and the complaints of others). We will remain silent if given a reasonable answer to our complaints.

So, why administrators, are we required to participate in this course which does not build up our bodies, which is located in an inconvenient place, and which hinders our participation in more technical courses. Name one good reason for the course - that's all we want.

Sincerely yours,  
A Student

The JAMBAR will publish a special anniversary issue, Friday, May 9. It will be placed at the regular points of distribution.

## The Campus Voice

By

Shirley Pavlov Peggy Lou Dignan

What is your opinion of the present pre-registration method of scheduling classes - The advantages and disadvantages?

Maureen Cooney

The pre-registration system of Youngstown University is progressively improving. The present system of temporary registration in the Spring alleviates much of the previous havoc of the old system. But perhaps in the near future, a system of one final process of registration in the Spring for the following Fall semester could be devised. This type of registration works well in the majority of colleges and universities and since Youngstown University is continually enlarging, this system should be soon adopted.

Russ Jones

I think that the present pre-registration method eliminates much of the confusion at final registration and is more efficient. With it the advisors have more time to devote to the students and work out a better schedule. However some of the students are registering before their prescribed time. This isn't fair to the other students who have to take what's left. If everyone would register as planned, registration would be more effective.

Helen Schwartz

It seems to me that the present method of pre-registration is a great improvement over the old way. Not only is this method a great time saver, but it also reduces confusion to a minimum, by using this pre-registration process. The upper-classmen are guaranteed the classes they need to graduate because they have first choice.

Dick Rodgers

The present pre-registration method is a great improvement over the former system, no doubt devised by a sheep herder. The new system gives adequate time for consultation with advisors, and a fair amount of insurance against closed classes and therefore repeating the process. It is especially helpful to upper division students in that it eliminates, to a great extent, the possibility of not being able to obtain degree requirements in the desired amount of time.

Although it has been remarkably effective in eliminating some of the chaos and confusion, before synonymous with the concept of registration, it still has a long way to go. I hope that through experience gained or evolutionary processes that it can increase in efficiency, eliminate all long lines, delays, and the confusion which change of registration still entails.

The founders of the present system are to be congratulated on their past success and encouraged to attempt to further cut red tape and simplify their program.

## ENGINEER'S ANGLES

by Fred Davis

As these words of wisdom once again flow forth from the deep dark confines of Charignin's Chalet, we see that some of our physics students are studying the effect of air currents on a spheroid in flight.

We understand that within our humble little domicile, we have a person versed in aeronautical acrobatics. It seems that a certain dean climbed out on the wing of a plane at an altitude of 15,000 feet and tightened a loose motor mount. He was really up in the air that time.

If anyone has seen the prone form snoozing on a couch in the lounge, please don't disturb because it's KHOURY catching up on his studies. It seems he sleeps on his books and absorbs the information by osmosis.

We imagine by this time that everyone has finally decided on a topic for their thesis. It seems that some civils are planning to build an underground passageway to the Wickwood so as to save some of their engineering partners the embarrassment of being seen without their slide rule.

Not too much going on here since everybody is busy studying their racing forms.

He went to an agricultural college and was voted the one most likely to sack seed.

## Photography Contest Open To Students

A contest for college student photographers is being sponsored by The Intercollegian, a magazine covering the college field and published by the National Student YMCA - YWCA. Theme of the contest is student life and education in America, and \$850 in prizes in equipment and cash are offered. The contest will close Nov. 1, 1958.

For complete contest rules and an entry blank, students may write to Intercollegian Photography Contest, 291 Broadway, New York 7, N.Y.

First prize winner will receive \$150 and first choice of one of the pieces of equipment, and second prize winner \$50 and choice of one piece of equipment. Third through fifth prizes will be equipment, and sixth prize will be a 3.5 Flash Flex Capacitor Flashgun, courtesy Burleigh Brooks, Inc.

## Student Asks For Return of Possessions Stolen At Y

Dear Sir:

To the person who took the briefcase belonging to David Wellington in Gym class, on Wednesday, April 23, 1958, between 2 and 3 o'clock:

I am appealing to you to please return all the notes on Calculus, Physics, and Electricity and the important papers in the wallet. I know better than to expect to ever see again the watch, money, Post slide-rule, physics book, introduction to Electrical Engineering, various pens and pencils and paper, and my glasses, which I am lost without.

My notes, as you will understand are a great loss, which can never be replaced and I need them very much to study for finals.

I hope you know this was much beyond petty theft as the value of my possessions exceeds \$100. I hope you have a little decency and understand my need for those notes. You have my home address, but I shall give it to you again, you need not pay postage, just send it collect.

Very sadly yours,

David Wellington  
318 West Ninth Street,  
East Liverpool, Ohio

## Civilian Positions Offered By Navy

Applications are being accepted for stenographic and secretarial positions in the Navy. The salary ranges from \$3415-\$3670 yearly. The jobs are permanent or career status positions with excellent opportunity to advance into supervisory, professional, and administrative openings. Housing is arranged prior to the appointee's arrival in Washington.

Positions are available immediately and continuously throughout the year. If interested, write or call, Miss Julia Behuniak, Navy Civilian Representative, Old Post Office Bldg., 300 Smithfield St., Pittsburgh, Pa., EXpress 1-2560 for further information.

### Prof. Yozwiak Is Recipient of Science Faculty Fellowship

Prof. Bernard J. Yozwiak, a member of the mathematics faculty of Youngstown University, has been awarded a Science Faculty fellowship by the National Science Foundation for this summer and next. He will work toward his doctor's degree in mathematics

at the University of Pittsburgh.

Science Faculty fellowships are awarded for the purpose of providing individuals with an opportunity for improving their competence as college or university teachers of science, mathematics or engineering. The ability sought through the program is both potential and demonstrated ability in teaching, principally at the undergraduate level.

Selection is based on letters of recommendation, academic records, and other appropriate evidences of professional activity and competence. To be eligible for a fellowship the teacher must have had not less than three years' experience in teaching science as a full-time staff member as instructor or higher rank, teaching undergraduate students mainly, at the collegiate level.

#### Holds Several Degrees

Prof. Yozwiak received the degrees of Bachelor of Arts from Marietta College in 1940 and Master of Science from the University of Pittsburgh in 1951. He studied at Case Institute of Technology on a General Electric Fellowship in 1947. In addition to teaching mathematics in the College of Arts and Sciences at Youngstown University, he has taught industrial classes in the Technical School of the university.

From 1942 to 1944 Prof. Yozwiak was civilian instructor in radio engineering in the U.S. Army Air Forces Radio School at Scott Field, Tomah, Wis. and Trux Field, Madison, Wis. Before entering the service he taught mathematics and science at Fowler High School and upon returning he served as

principal of the high school and teacher of mathematics and science until he joined the Youngstown University faculty.

Prof. Yozwiak is a member of the Society of Sigma Xi, national honorary research society, the Mathematical Association of America and the American Association of University Professors.

### 'Help Us Help You' Theme of YUSA

"'Help us help you', will be the new theme of the Youngstown Student's Association," say's newly elected President Larry Nord.

This organization has been inactive in comparison with similar organizations on other campuses. Since it does not belong to any single organization or group, its objective is to use the position and funds for activities that benefit the entire student body. An activities schedule for Y.U.S.A. is being planned and will be published in the near future.

The newly elected officers are: President, Larry Nord; Vice President, Betty Lou Storey; Secretary, Jackie Rees.

### Horizon To Be Issued May 5

The Horizon will be out May 5. Subscribers can pick up their copies in the Main Hall on May 5, 6 and 7. Single issues will be on sale in the main hall and bookstore at 25¢ for non-subscribers.

Miss and Mr. Popularity, Nancy Veauthier and John Hite, center, are crowned by last year's most popular students, Fran Minghetti and Nick Pupino at the annual Phi Gamma Popularity Dance.

### Veauthier, Hite Named Most Popular

John Hite and Nancy Veauthier were crowned Mr. and Miss Popularity of 1958 at the 12th Annual Phi Gamma Popularity Dance last Saturday evening at Stambaugh Auditorium.

The affair, long a favorite on the Youngstown University social calendar, is held in honor of the year's most popular male and female undergraduate. Both candidates, elected through votes cast by the student body, were presented, at intermission festivities, with a loving cup in addition to numerous gifts.

Miss Veauthier, a sophomore majoring in Elementary Education, is a member of Sigma Sigma Sigma sorority, the Newman Club, and Y U S A. Mr. Hite, a Junior, is a member of Theta Chi Fraternity and Pershing Rifles. He is an advertising major.

Fran Minghetti and Nick Pupino, last year's celebrities, officiated, and Nick Barile and his orchestra provided the music.

### Main Library Being Misused

"The rules of conduct must be observed in our library as they are in the University's library," explained James C. Foutts, director of the Main library.

But lately, card playing, the marking of tables, sleeping, and similar rule infractions by college people in the Main Library have increased.

The students are welcome there to study, but are asked to Please cooperate in keeping it a place for reading and study."

### Veterans Can Obtain Commission Taking Advanced Courses

The attention of all veterans interested in obtaining a commission as a Second Lieutenant in the U.S. Army Reserve is again invited to a recent ruling published by Department of Army which exempts veterans from the prescribed active duty following receipt of their commissions through participation in the ROTC Program.

Prior to publication of this directive all graduates of the ROTC Program were required to serve either a period of two years active duty or a period of six months active duty for training.

#### Only Advanced Course Necessary

If otherwise qualified, veterans need only to complete the Advanced Course consisting of two years participation in the ROTC Program in their Junior and Senior years to become eligible for com-

missioning.

Any veteran presently enrolled as a sophomore in The Youngstown University who is interested in obtaining a commission as Lieutenant in the U.S. Army is invited to visit the office of the Professor of Military Science and Tactics, Lieutenant Colonel O.R. Hummel, who will explain this new feature of the ROTC Program. Colonel Hummel's office is located in Pollock House on the third floor.

### Phi Gamma Sponsors Poster Distribution

Phi Gamma Fraternity sponsored a poster distribution campaign for "Mental Health Week."

Members distributed more than 500 posters to shopping plazas, banks, and department stores for the week of April 27 in cooperation with the Mental Health Association.

Prof. - "This exam will be conducted on the honor system. Please take seats three seats apart and in alternate rows."

## SUPER-WINSTON PRODUCTIONS PRESENTS Sir Gollyhad and the Real Gone Dragon

From the novel "NO SQUARES AT THE ROUND TABLE"

WHO WILL FREE OUR COUNTRY FROM THE TERRIBLE DRAGON?

I, SIRE, WILL RID OUR COUNTRY OF THE DRAGON!

COME BACK ALIVE AND YOU'LL GET A PURPLE HEART!

SIR GOLLY'S PLAYING IT COOL - SOMETHING'S COOKING!

MAN, I THOUGHT YOU'D NEVER GET HERE!

BROUGHT THE WINSTONS - JUST LIKE I PROMISED!

LOOK, DAD, THE HEAT'S ON. DO ME A BIG FAVOR AND BLOW TOWN!

ONE GOOD TURN DESERVES ANOTHER. I'LL CUT OUT!

WINSTON TASTES GOOD! LIKE A CIGARETTE SHOULD!

EXCLUSIVE FILTER! DELIGHTFUL FLAVOR!

IN PACK OR BOX!

Winston KING SIZE FILTER CIGARETTES  
Winston TEE FLAVOR  
Winston FINER FILTER FOR FINER FLAVOR

GADZOOKS, M'LORD - A CRUSH-PROOF BOX, TOO!

R. J. REYNOLDS TOBACCO CO., WINSTON-SALEM, N.C.

# IT'S GREEK TO ME

The Pledge Class of Alpha Omicron Pi will sponsor their first Annual Strawberry Festival, Wednesday, May 14 on the lawn north of the Cafeteria. Delectable strawberry shortcake will be served. Just follow the posters on May 14.

Congratulations To:

Newly elected Presidents - Brenda Hayes, Alpha Omicron Pi; Gerry Wargo, Beta Sigma Omicron; John Hanna, Kappa Sigma Kappa; Harry Senn, Theta Chi; "Sleepy" Williams, Tau Kappa Epsilon.

Mickey Kaiser, on his Presidency of the Ohio Collegiate Newspaper Association at the Annual Newspaper Convention and to all the staff on the marvelous impression they left behind.

Ike McHugh, on his winning of the Spanish Club Scholarship which permits him to study in Mexico. Study what, Ike?

Mr. and Miss Popularity, John Hite and Nancy Veauthier.

## PAN HELLENIC COUNCIL

Dean McCarty will be hostess to Pan Hellenic Council at the Sebring Country Club on June 2 for their yearly workshop.

Open bidding for the spring semester has been closed.

One of the activities of Pan-Hel this semester will be to have five girls model bathing suits at the Sears Store on Market Street.

## SIGMA SIGMA SIGMA

Tri Sigma pledges were finally installed as new actives last week but were kept busy working until the last minute with projects. For their civil service project, they helped at the Cancer Booth at the Home Show and then attempted to clean the chandeliers at Pollock House for May Day for their University project. Talk about workers! A big welcome, sisters!

Congratulations are extended to the newest pinmates, Judy Engelhardt and Bob Hunter.

Joetta Smur and Dorothy Fabiny are to be complimented on their fine work as chairmen of the May Day Campaign.

Congratulations to Monica Campbell, Newman Club's May Queen. Also to members of the court, Peggy Lou Dignan and Shirley Pavlov.

Rushing sun tans this year are Joanne Miller and Nancy Veauthier. "You had your five minutes under the sun lamp, Anna Marie, now it's my turn". Cheaters!

A great big "get well" card to Janice Darin from the sisters. Hoping you'll soon be feeling better, Jan.

The actives had a very nice time at the Founders' Day Banquet with the alumnae chapter recently and are looking forward to more joint get-togethers.

Now that sing practices are over, the Sigma's are looking forward to parties, introducing the new actives.

## THETA CHI

The Brothers of Theta Chi would like to express their congratulations to Dick Kukura and Rhoda Sabel on their forthcoming marriage. Dick is an old Theta Chi and an active member of the Alumni.

It would seem that congratulations are also in order for the Theta Chi bowling team for winning the 57-58 bowling championship.

Out of the generosity of their hearts, the actives promoted a very entertaining evening for the pledges. This occasion took place in Hubbard and was very enjoyable. The pledges are looking forward to more activities of this kind with the fraternity.

A tremendous time was had by all the Theta Chi's at the Corral which was held at Ohio University. Youngstown was represented by 24 brothers of the Epsilon Delta Chapter who upheld the fine and noble traditions of the convention.

It must be the spring weather. It would seem that the pledges of Theta Chi have planned an all-out

## Ides of May

Brian Donnelly and Ron Pisani, chairman of May Day, are sitting at the site of the coronation of the Queen, discussing further plans.

revolt but do not realize that the actives have made a few plans of their own.

## PHI GAMMA

Social activities have been in high gear the past weeks. Of course, the biggest blast was the Pop Dance. The annual affair was a real rouser.

The Phi Gam bowling team rolled against the Theta Chi's and the match was followed by a stag at the room. The bowlers argued the deadlocked match while consuming a keg of tangy tea. Entertainment was abundant with a jam session being featured and the evening was highlighted by Dale Cunningham and Chuck Fox who were in a world of their own. Everyone's hoping the match becomes an annual affair.

The room was the scene of an all-night work party recently with Ike (Slave Driver) McHugh hustling the pledges on a 16 hour marathon which saw many improvements accomplished in the room. The pledges finished their ordeal in a state of semi-consciousness, and could be heard muttering "I wanta go home". They found their efforts worthwhile, however, for they were installed last Sunday following a dinner at the Smorgasbord.

After many roar sessions the Brothers are finally ready for the Sing. They'll be singing a couple of sentimental favorites, a little ditty about a girl named Lil and "Red Ridley". The usual blast will be held after the Sing.

## ALPHA OMICRON PI

Congratulations to Brenda Hayes and Sandy Sherwood, newly elected President and Treasurer for the coming year.

The "Best of Everything" is wished for Sister Peggy Higgins and Bob Foreman who tied the knot, April 19.

"Nothing but a riot" can be said for the square dance held with the Kappa Sig's at Willow Ranch and who ever knew that the pledges had hidden dramatic ability. Who had the cleanest shoes, Tiger?

Alpha Omicron Pi is proud to be represented in the Newman Club

May Day Court by Joyce Doyle and Judy Pruce.

Sandy Sherwood will represent the sorority in the national contest as our "Girl of AOP!".

Talent galore, as "busy as a bee" Janice Georges takes the lead in the campus production of "The Boyfriend".

Pan Hellenic Council has a new president. Congratulations, Dolly Stizza, we know you'll do a wonderful job. Many thanks to Barb Wentz for the terrific work she did as past president.

Mill Creek Park never saw such a picnic as the Alpha Phi Delta's and AOPi's congregated for dinner one evening last week. Please tell me though, who was the cook?

Congratulations to Joan Kristin, Alpha Omicron Pi's candidate for May Queen and sister Fran Doyle, Sigma Phi Epsilon's candidate for May Queen.

Thank you to the Sig Ep's for the invitation to visit their house during their official "Open House". Judy Pruce was asked to serve.

# Looking Around

Karl Mogg

Ike McHugh

While walking through campus, we noticed that Bill Bigley and Tom Navin are busy standing around with sharp blades and bird dogs. Tom got off to an early lead while Bill was "corraled" over the past weekend. If you want to get any tips on how to beat the old master of the game (founded by Mogg, McHugh, & Chugden), you can drop a line to "Cosmo" Chugden. By the way, our theme song is "It Only Hurts for a Little While".

Dick Blake, John Tudhope and Tim Bowser are going to erect a pigeon hole parking lot on campus. Fred Anderson is busy buying up all the trained pigeons available. Tom Habel is composing a book entitled "100 Ways to Park a Pigeon". Good luck on your monopoly, boys.

## Finals Are Rapidly Approaching

Note to seniors: Don't be discouraged if you can't find a job after graduation. Remember that you're qualified to work as a parking lot attendant.

## If You Aren't Ready For Them

You can stop kissing babies now, Karl, the popularity contest is over.

"Little Gus", don't let the rattle of those chains around the legs of Don Williams and Bernie O'Reilly discourage you. They've only had them on for a few weeks and they'll soon get used to them. Congratulations, boys.

Tom "The Man With The Golden Arm" Fortunato is sending a challenge to Ned Day. See you on Championship Bowling, Tom. Cheat!!

"Beetle Bailey" Burby, "Sgt. Snorkel" Ratcliff and "Killer" Collins are recuperating from the parties that preceded their departure. It should take approximately six months before they will be able to return for more of same.

The campus police have received more authority from the city administrators. This action followed the recent wave of kidnappings in the vicinity of our campus. Revenge has already been taken on Dick Heubner, Don Koma, Bill Roberts, George Melody and crew. Do you still feel so sentimental Mr. Fox?

"Stanley" Reilly has the Cain brothers soliciting funds for new periscopes. Stan wants the brothers to play the outfield this summer and he wants to take all necessary measures to insure a championship in the Steel Valley League. His star bench warmer, and relief hurler, (who usually plays left out, is jumping the league this summer.

"The Brothers Tony" (Martino, Morano, and crew) have just returned from Naples with a load of fresh spaghetti for the coming dinner.

## SIGMA PHI EPSILON

Congratulations to Brother Bob Foreman on his recent marriage to the former Peggy Higgins and to Brother Tim Abraham and his pinmate.

We hope that Mick Kaiser, Ron Vanatsky and Tim Bowser have as good a time at the newspaper convention as Mickey had at the last one.

Melodious notes are floating from the house as the Brothers are practicing for the sing. If practice makes perfect, the Sig Ep's should do well in the Sing for the practices have been numerous.

Complications set in when two pledges went out for fertilizer for the yard. The pledges and some actives ended up at Kent University

and stayed two days. The second day more brothers joined the party and all serenaded the girls at Kent.

With the sound of "play ball" still ringing in their ears, the baseball team plunged headlong into the intramural league as Fred plunged headlong into the backstay.

If the brothers and pledges seem tired this week, it is probably due to the physical exertion involved in cleaning the house for the "Open House".

The Actives and Pledges partied it up with a shindig at the house, theme Pajama Game, and a sophisticated but informal get-together at the Renner Room.

The Pledges of Sigma Phi Epsilon are: Dave Clark, Bill Kellgren, Gerald Navarre, Richard Fabry, Ron Lengel, Richard Wrasman, Walter Cwyner, Jim Umpleby, Robert Amsler, John Heston, Don Preston, Richard Midwig, Arthur Black, Joe D'Amico, Ken Kubina, William Ruby and James Smith.

## BETA SIGMA OMICRON

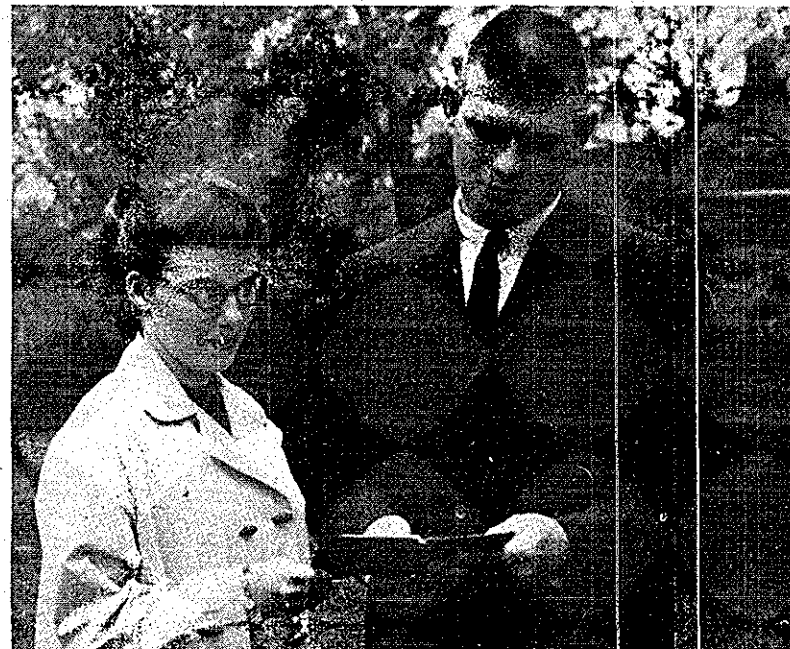

The Sisters of Beta Sigma Omicron announce their slate of officers for the school year, 1958-59. They are: President, Gerry Wargo, Vice-President, Rosemary Collins, Treasurer, Pat Parkas; Recording Secretary, Ann Arbutina; Corresponding Secretary, Barb Daley; Warden, Joan Melek, Pledge Trainer, Marion Minghetti; Rush Chairman, Marylee Shaffer; Editor, Joann Diana.

Many thanks to all who attended the Chez Paree dance. It certainly seemed like Paris with the can-can and all the trimmings. A nice job was done by the chairmen Joann Diana and Fris McConnell, with Gerry Wargo as advisor.

Plans are being made for the Beta Sig's annual "Pink Lady Ball" which honors the girl who has

(Continued on Page 8)

## Do, Re, Me, Fa...

Chairmen for this year's Greek Sing are Brenda Hayes, (l), and Bruce Bond, (r). Plans are now complete for the affair to be held Sat. night, May 3.

### Newman Club Plans May Celebrations

The Newman Club of Youngstown University will hold its Ninth Annual May Festivities on Sunday, May 11. Morning activities will include the crowning of the Blessed Virgin Mary by the queen, Miss Monica Campbell and her attendants, Miss Joyce Doyle, Miss Peggy Lou Dignam, Miss Judy Puce, and Miss Shirley Pavlov.

Preceding the crowning will be a communion breakfast at Cardinal Mooney High School at 11:00.

In the evening, there will be a dinner dance at Chicone's Restaurant honoring the queen and her attendants and Father Petric, the advisor of the group; and past officer's of the year. Guest speaker will be Mr. John Lynch.

The installation of the new officer's will then follow. They include Ed Herizzo, president; Monica Campbell, vice president; Tony Martino, Treasurer; Judy Puce, Recording Secretary; Peggy Lou Dignam and Ike McHugh, social chairman; Shirley Pavlov, corresponding secretary; and Marion Minghetti and Ed Stizza, publicity chairman.

Monica is a sophomore, majoring in medical technology, a member of Sigma Sigma Sigma Sorority and past publicity chairman of Newman Club. Chairmen of the event are Chuck Merdich and Jim Criscone.

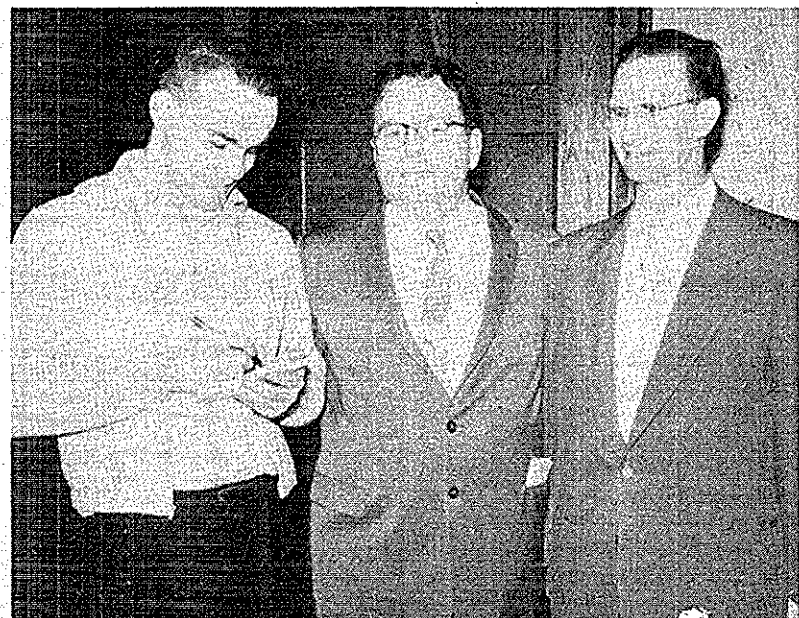

### English Society Establishes Scholarship

As a result of the book sale held by the English Society this semester, a scholarship worth \$100 has been established by the English Society. President Gus Comianos has announced that all English majors, or any member of English Society with a point average of 2.00 or above are eligible to apply for this scholarship. The winner of this scholarship must attend either Youngstown University or some graduate school next fall.

Students who meet the requirements may address a letter of application stating their need in care of the advisors, Dr. O'Brien, or Dr. Harder. A committee of faculty members and English Society members will consider the applications. Deadline for application is May 15.

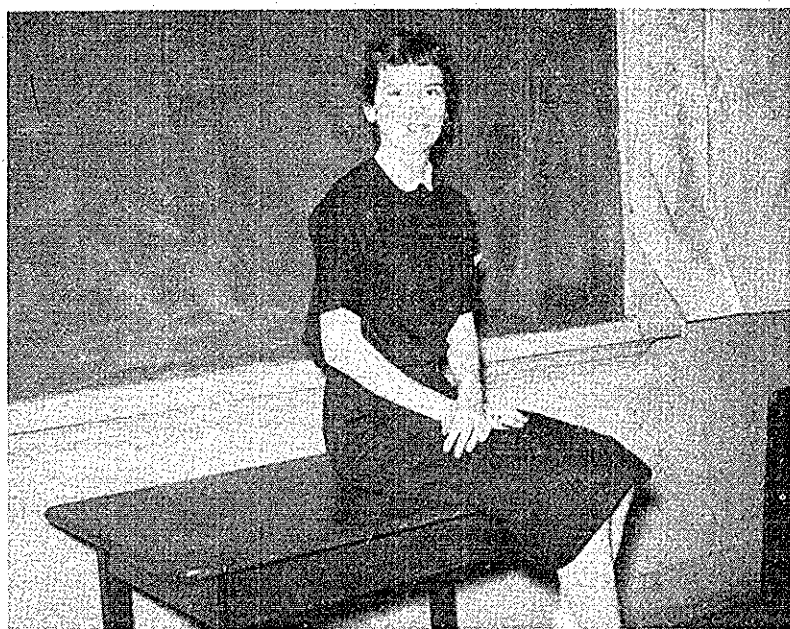

President Comianos wishes to remind students that membership in the English Society is not limited to English majors. Any student of the university is eligible for membership. Any student who is interested in becoming a member next fall is invited to attend the last meeting of the semester on Wednesday, May 7 at 8:30 in the Blue Room of Pollock House.

### How Do You Feel About...?

Clingan Jackson, Youngstown candidate for Governor of Ohio, was interviewed by Dave Poole, (l), and Dr. Frank O'Connor, (r), of the University before he spoke to students of YU.

### A Queen

Monica Campbell has been elected to reign over Newman Club's May Festivities.

### History Department Plans Honor Society

The History Department of Youngstown University held a tea on Sunday, April 13 at St. John's Church with faculty and students of history participating. Discussion was held by the faculty to determine students' reaction toward the organization of a history honor society. There was a definite favorable sentiment toward such a society.

It is now the plan of the History Department to organize Phi Alpha Theta, the National honor society in History. The society has 160 chapters located in 41 states and publishes a journal called "The Historian."

The History Department will contact all history majors and all those who have at least 12 hours of history. Students interested should talk to one of the faculty members.

### ROTC

(Continued from Page 1)  
James Cvetko, S-1; Cadet Major Donald Miller, S-2; Cadet Major Ronald Isell, S-3; and Cadet Major Donald Infante, S-4. Cadet Lieutenant Colonel William Carnie will command the First Provisional Battle Group and Cadet Lieutenant Colonel Robert Pegues will command the Second Provisional Battle Group.

Some authorities believe Columbus visited Iceland in 1477, 15 years before the voyage of discovery, and knew positively of land to the west.

### Sig Delts Hold Turnabout Day

Fraternity members of Youngstown University know how disgruntled a pledge can become after several weeks of pledging. His only thought is how he can possibly repay all the "favors" done for him by active fraternity men. Up until now it was virtually impossible.

Last week, however, the Sigma Delta Beta Fraternity pledged held their first annual "Retaliation Day" on campus. The entire day was filled with laughs and fun as the pledges put the actives through the paces.

"Good Morning Joe College"

President Pat McCarron of the spring pledge class, had the honor of presenting fraternity president, Ron Zidian with the traditional six foot paddle which he carried throughout the day.

Other actives were required to wear suits and ties, carry their paddles, and respond to any orders given them by the pledges.

The evening was concluded in perfect harmony and all was forgotten as the actives and pledges attended the Beta Sig dance.

### Coronation Will Be At Pollock House

(Continued from Page 1)  
in the evening. Dress is informal and members of all fraternities and sororities are invited to attend.

Co-chairmen of the Greek Day are Carol Crisnal, Jack Madden and Jim Roof. This year's Greek Day will mark the first time the event has been as an all day activity held off the campus.

Playing for the jazz concert and the evening dancing will be The Ledgerwood Combo, a popular progressive-style group from Warren.

### Honor Society

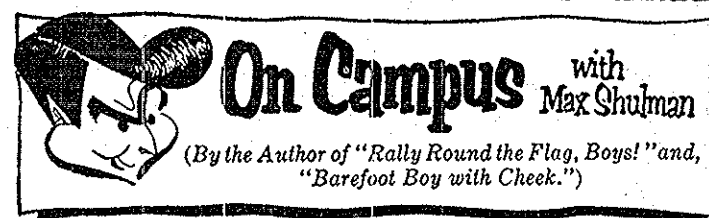

(Continued from Page 1)  
The presentation of certificates and keys will be awarded at a dinner at the Youngstown Club May 7th. Dr. Gould, who now resides in Stevensville, Md. will be the honor guest at the dinner.

### Inhuman Harmonies

From Britannica Film "Birds Are Interesting"

Calls of birds can rarely be reproduced in musical notation; many sing above the piano's highest note, and few follow human rules of composition.

### SWEENEY IN THE TREES

Spring is here—the season of tree-sitting contests. This I applaud. Tree-sitting is healthful and jolly and as American as apple pie. Also it keeps you off the streets.

Tree-sitting is not, however, without its hazards. Take, for example, the dread and chilling case of Manuel Sigafoos and Ed Sweeney, both sophomores at the Nashville College of Folk Music and Woodworking, and both madly in love with a beautiful alto named Ursula Thing, who won their hearts singing that fine old folk song, *I Strangled My True Love with Her Own Yellow Braids, and I'll Never Eat Her Sorghum Any More.*

Both Manuel and Ed pressed Ursula to go steady; but she could not choose between them, and finally it was decided that the boys would have a tree-sitting contest, and Ursula would belong to the victor. So Manuel and Ed clambered up adjoining aspens, taking with them the following necessities: food, clothing, bedding, reading matter, and—most essential of all—plenty of Marlboro Cigarettes.

We who live on the ground know how much you get to like with a Marlboro. Think how much more important they must be to the lonely tree-dweller—how much more welcome their fine, mild tobacco; how much more gratifying their free-drawing filters; how much more comforting their sturdy, crushproof flip-top box. Climb a tree and see for yourselves.

Well supplied with Marlboros, our heroes began their tree-sitting contest—Manuel with good heart, Ed with evil cunning. The shocking fact is that crafty Ed, all unbeknownst to Manuel, was one of three identical triplets. Each night while Manuel dozed on his bough, one of Ed's brothers—Fred or Jed—would sneak up the tree and replace him. "How can I lose?" said Ed with a fiendish giggle to his brother Fred or Jed.

But Ed had a big surprise coming. For Manuel, though he did not know it himself, was a druid! He had been abandoned as an infant at the hut of a poor and humble woodcutter named Cornelius Whitney Sigafoos III, who had raised the child as his own. So when Manuel got into the tree, he found much to his surprise that he had never in all his life felt so at home and happy. He had absolutely no intention of ever leaving.

After seven or eight years Ed and his brothers wearied of the contest and conceded. Ursula Thing came to Manuel's tree and cried, "I am yours! Come down and pin me."

But Manuel declined. Instead he asked Ursula to join him in the tree. This she could not do, being subject to mopy (a morbid allergy to woodpeckers), so she ended up with Ed after all.

Only she made a mistake—a very natural mistake. It was Jed, not Ed, with whom she ended up.

Ed, heartbroken at being tricked by his own brother, took up metallurgy to forget.

Crime does not pay.

### Chattering

#### ALPHA IOTA

Priscilla Meyer is our queen candidate for the Ohio State Conclave, which will be held in Canton on May 16, 17, and 18. We know that she will make a fine showing.

This is the event of the year for which we have all been anxiously awaiting. We guarantee that we will have a fun-packed weekend.

We plan to do a lot of campaigning so that the 1959 State Conclave will be held in Youngstown. This will bring great honor to our city as well as to our sorority.

#### TAU KAPPA NU

A very successful bake sale was held last week at the Mahoning Plaza. The proceeds will go toward the spring dinner dance.

Mary Joan Sedlock has certainly done an excellent job with the arrangements for the Mother-Daughter banquet, and the sisters would like to thank her for her hard work. Joyce Wieland seems to be getting along much better with the Charleston lately, and Caroline Yankush is really doing a great job also. Arlene Manilla seems to like tan dresses, and the one she created to wear to the banquet is exceptionally stunning.

# Tennis, Golf Teams Are Undefeated

## Netters Undefeated In Three Matches

Coach Bob Thompson's high-flying netters have been the surprise of spring sports at Youngstown University. Showing a complete reversal of form over last season, the boys have paraded through their first three matches undefeated. The Penguins routed Westminster, Gannon, and John Carroll by scores of 7-2, 9-0, and 8-1.

With the combination of experience possessed by the many returnees and the addition of former Penguin ace quarterback George Dokmanovich, the outlook for the campaign has been brightened considerably.

The locals have copped 17 of 18 singles matches and six of nine doubles. Boardmanite Don Garver, a letterman, along with such stalwarts as Don Simpson and Ralph Lane, figure to give the opposition plenty of trouble.

The Penguin netters gained their fourth consecutive win of the season when they overpowered the Hiram College team 7-2, on April 24 at Hiram. Winning singles matches for the locals were Dokmanovich, Simpson, Garver, Powell, and Szabo. Lane lost the only singles encounter by the unusual tally of 13-11. Szabo had no trouble at all whipping Charles Miller 6-0, 6-0.

## Track Team Wins Over Mt. Union, Defeated By Western Reserve

The Penguin track team is already shaping up to be better this year than in 1957. At this date, the record stands at a win over Mt. Union and a loss to Western Reserve. Last year the Mounties beat Youngstown.

Two school records have been broken this year. Bill Coleman won the broad jump against Western Reserve with a jump of 23 feet, 1 inch. Ed Chick hurled the shot put for a distance of 43-feet-6 inches against Western Reserve.

### Take Seven Firsts

In the Mt. Union meet Youngstown took seven first place events. Ray Carter won the 100 yard and 200 yard dashes and the broad jump. Bob Barnes was a double winner by taking both hurdle events. Andy Bernard won the 880 yard run and Chick won the shot put.

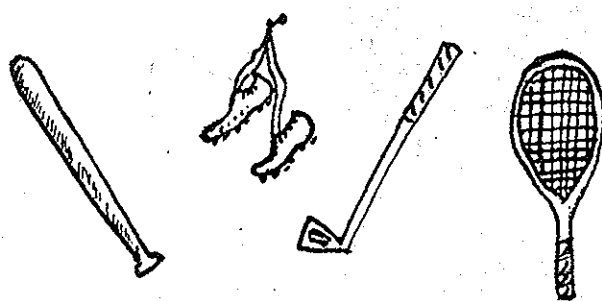

Against Western Reserve, the Penguins took five firsts but still lost. Carter won the 100, 200, and high jump. Coleman took the broad jump and Chick the shot put. Coach Di Orto said that if the hurdle men would have been there, we might have won.

Several of the boys have displayed outstanding form. Sensational Ray Carter, Penguin grid ace in the fall, paced the locals with five firsts, four seconds, and one third place finish to complete a couple of amazing demonstrations. Bob Barnes and Bill Coleman emerged as double winners, Barnes against Mt. Union and Coleman in the triangular meet with Western Reserve and Allegheny. Carter has won every sprint in which he has competed this year and has made excellent showings in the jump events.

### Sets School Standard

DiOrto stated last week, "Coleman is an excellent sprinter, a good high jumper, and his broad jump of 23'-1" is a school standard. Davey

## Spring Sports Summary

Baseball—Coach Rosselli, 1-3

Track—Coach DiOrto, 1-1-one second

Golf—Coach Carson, 3-0

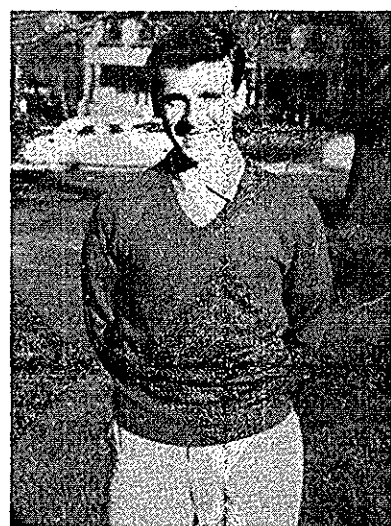

Tennis—Coach Thompson, 3-0

The tennis roster for 1958 is as follows:

George Dokmanovich, Harold Powell, Ted Drewell, Jim Richards, Don Garver, Don Simpson, Jim Hart, Steve Szabo, Don Kornspan, Herm Yassall and Ralph Lane.

Keep your wits and windshield clear.

## Linksters' Captain

Senior Pete Rosko is captain of Bill Carson's Y.U. squad in this, his fourth year as a varsity star.

## WRA Holds Outing

W.R.A. held an outing at Camp Green Acres in Parmdale Saturday, March 26. There were sports and campfire activities. Those who went were Marnee Kennedy, Ann Schmidt, Marilyn Yurak, Dorothy Elson, Dorthi Pickstone, Margaret Riesen, Judie Powell, Carol Hamrock, Emily Hura and Marge Taft.

Youngstown played host to Akron Basketball Club on March 11. Akron came out on the better side of the ledger with a 48-45 win. Dorthi Pickstone and Margaret Riesen were high in the point department for Y.U.

A co-ed intermural badminton tournament is being held for those interested on Monday and Thursday from 4-5.

Women's gymnastic contests are now in progress on Tuesday and Wed. from 4-5.

### Officers To Be Elected

All W.R.A. members are urged to vote during the first and second weeks of May for officers.

The executive board of U.R.A. is planning a retreat over Memorial Day Weekend. The purpose is to set up next year's program.

W.R.A. annual awards Banquet will be held Saturday May 14. All members will be contacted.

## — Jet's Jargon —

By John E. Tudhope

The early part of the baseball season is usually one of many surprises, but this year the Major Leagues are carrying the format to a great degree.

Chicago's Cubs are acting like full grown "Bears". After just a week of the season had passed the cubs were clubbing the opposition with surprising regularity. For some unknown reason the Chicagoans were leading the pack in the National League.

Kansas City apparently didn't read the press releases concerning where they were picked to finish in the American League race. After being picked to finish 7th or 8th, the Athletics promptly proceeded to begin the season by hobnobbing in the first division, only a shade behind the Yankees.

### Cards Aren't Rolling

One team that certainly is not running true to form is the St. Louis

## YU Linksters Win Three Straight

Coach Bill Carson's Penguin golfers are off and running again. They have gained four consecutive victories, these coming over Akron, Geneva, Fenn, and Kent State. The Penguins virtually murdered the latter three, and gained a slight edge over Akron. From the looks of things, the Linksters seem to be good bets to corral state honors.

Last Monday at Kent State, the locals routed the Golden Flashes to the tune of 18-6 for their fourth straight. Bob Siska was medalist with a 74, while Pete Rosko followed one stroke behind with a 75. Trier who paced Kent with a 79, was the only Flash to break 89. The Penguins now have copped 64 points while their opponents have gained only 17.

In the season's opener at the Penguin's home course, Warren Avalon, a very shaky start netted only a two point win over Akron, 10-8. Ed Antonelli and Bob Siska paced the Penguins with a brace of 77's while Jim Pier paced the strong Rubber City five with a 75 to capture medalist honors.

Hitting their stride against Geneva, the Penguins routed the Covenanters, 21-3, at Avalon. Captain Pete Rosko was medalist with a sparkling 73, while Antonelli and Quinn followed with a pair of 75's. Four of the Penguins broke 80 while Hawk was the only Geneva player to do so. He fired a 76 and split four points with Bob Siska.

### Topple Fenn, 16-0

Last Saturday the Penguins continued their win streak by toppling the Fenn College Linksters, 16-0. Pete Rosko and Bob Siska were co-medalists with 79's, as the locals had no problem whatsoever in gaining the triumph. Ed Breznyak paced the Pennsylvania team with an 84.

The Penguins are at home today to tangle with Grove City and will be in Beaver Falls for a match with Geneva, next Tuesday. A home match with Gannon on Friday completes the week's activity.

Cardinals. The Cards started the season with a terrible series against the Cubs. This situation should not last too long because of the fine pitching and superb hitting that the team has. The young pitchers will soon start to come through and when Stan Musial hits his stride the rest of the team will begin pounding the ball. So goes the "Man", so go the Cards.

Even though the events are expected at the start of the season, this writer hopes that the teams will continue at their topsy-turvy pace. The majors are sorely in need of a shot in the arm. There is a possibility that this could happen. All of the teams in both leagues have strengthened themselves since the end of last year's season. Frank Lane has seen to that in the American League.

Trades are a good thing for the national pastime but the effect that they have on the players is regretful. Last week Fred Hatfield was informed of his trade to the Cincinnati Reds only a few hours after he had rented a home for the summer. His family undoubtedly will not be close to him if they have to spend their summer in Cleveland, while Fred toils in the Queen City.

### Could Be Rough Driving

Another case was the one of Gene Woodling. After thinking that he would finish out his career in an Indian uniform, Gene purchased a

### YU GOLF TEAM WINS

The Penguin golf team blasted the tough Kent State team 18-6, in a late report from Twin Lakes Country Club at Kent. The flashy Youngstowners were paced by Bob Siska and Pete Rosko, who garnered 74 and 75 totals respectively. Trier led the Golden Flashes with a 79, he being the only Kent linkster to break 80.

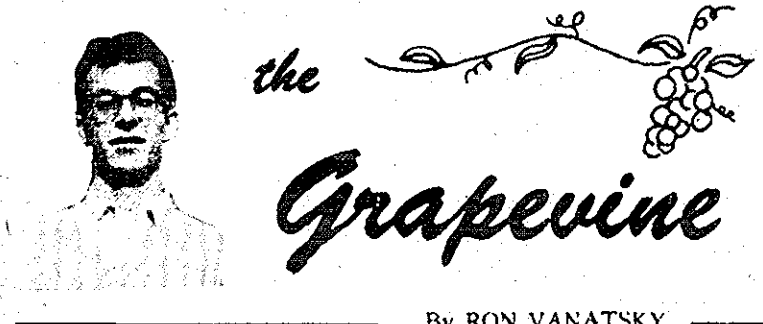

farm in Medina; easy driving distance from the Lakewood Stadium. The drive from the Baltimore Memorial Stadium is just a little too far to travel every night.

Not only have the aforementioned inconveniences resulted, but in just the last few months such a move has resulted in the retirement of a fine player, Joe Collins of the Philadelphia Phillies, but because of business reasons and the fact that his family would not be with him, Joe decided it wouldn't be worth it.

Maybe the Players Association will be able to straighten out a few of the details so that some of these unhappy circumstances will not occur. On the other hand the players know what kind of a life they will have to lead when they play and probably won't have any recourse.

Back the attack on traffic accidents.

"Does your wife support you?"  
"No, but she holds me up every payday."

the *Grapevine*

By RON VANATSKY

**POOR FACILITIES HERE**

Let's face the facts. The University of Youngstown, for a school with such high athletic prestige, has just about the poorest facilities for intercollegiate sports competition in the state.

The football team draws an average of 8000 for a home game while the basketball team attendance shattered all existing records. With a top notch rifle team and an outstanding array of fine spring teams in golf, tennis, baseball, and track, we should have an athletic plant of the same calibre.

Competition with outstanding teams from all over the country should have as adverse effect on the rest of the sports on campus as it has had on football. With such calibre of gridders as the school has possessed during the past few years, we should have turned out teams with two losses at the most each season. It's not hard!

**OPERATE DIFFERENTLY**

We have been playing rough schools around the country who don't outdo us in manpower. However, with our medieval athletic setup, we cannot possibly hope to beat such teams as North Texas State on our football schedule. They operate much differently than we. With poor practice facilities available, not only in football but basketball, tennis, track, and rifling, the outlook is not very encouraging.

It looks now as if track fans may never see a home meet. And think a little about this. For the next five years, the fans of Y.U. football have the wonderful opportunity of looking forward to three home games a year, at the most. Rayen and South fields are booked solid except for a very early September date, a mid-October date, and a frigid late November date.

Unless consent to undesirable Thursday night games, we may have quite a dearth of fall sports activity at Youngstown. A football stadium could remedy practice, regular season contest, and scheduling difficulties for football, track, and possibly baseball.

**ORPHAN ATHLETES**

Our orphan national championship calibre basketball team, in the past, has had to resort to scrounging around the area for a local high school gym in which to hold practice. To analogize, that's like Jayne Mansfield riding around in a Stanley Steamer. A fieldhouse with a rifle range beneath could be very practical and beneficial. The fieldhouse would be used year-round by virtually all athletes on campus for one reason or another.

We are blessed here with one of the top athletic directors around. He isn't given very much to work with. He has to work twice as hard with the tools he has. Now, this writer is definitely not trying to emphasize sports, but attempting to bring out the facts on the athletic set-up and put into print the many verbal comments heard on campus. Speaking of comments, lets go back to football for just a bit.

To clarify the situation, let's look at the record to see what our football coach has done in 20 years of football. He has compiled a winning percentage of well over .600. Last August he was honored by the Football writers of America as national "small college coach of the year". There have been years when the Penguins won 7 or 8 games, and years in which they've won only two or three. The players have come and gone ... the coach hasn't changed. Think that one out pretty thoroughly. As is the case with every one of the other coaches in the athletic department, he, outside of manpower, has had little to work with.

**LAST CHOICE SCHOOL**

Manpower and its quality here is rapidly declining, as is not to hard to understand, with other schools offering so much more in every way. Let's not be a "last choice" school, but let's definitely not get into anything like that which encompassed Auburn, Seattle, and S.M.U. Those instances should be beneficial to future athletic policies at the respective schools.

However, we certainly should offer more than peanuts to those who show some interest in Y.U. We need it to retain the fine reputation of a clean, hard-fighting, talented crew of athletes. Our representatives on the field of play have done much for the prestige of the school and can continue to do so if some changes are made or some things added.

The JAMBAR welcomes letters or comments on the issues at hand. The school shows a definite need for someone to speak up openly in approval or disapproval of certain points. Apathy was never more commonplace anywhere, I'm sure, than at Youngstown University. This is YOUR paper. The JAMBAR looks forward to observations and remarks.

Outdoor fires are fun, but don't forget, they're dangerous, too, says the Safety Council of Greater Youngstown. All kinds of outdoor fires - campfires and trash fires - can easily get out of control. Forest fires, for instance, burned over 10 million acres last year.

So whenever you light an outdoor fire, take precautions

**YU Penguin Sports**

**Guides Trackers**

Lou DiOrto has taken over the reins of the track team this spring.

**Penguin Nine Defeats Fenn, Loses To Kent**

Flashy Mike Santor stole the spotlight in last week's baseball action as he tossed a superb one-hitter and garnered 10 strike-outs in the Penguin's 17-4 rout of Penn College. The reliable East-Sider was in fine form as he notched his second straight victory of the young season, and walked only three. His mates gave him more than enough support as they banded out 15 hits, including round-trippers by Don Parm and Rich Suchora.

Relcher got Fenn's only hit, a home run in the fifth inning, as Santor was in complete control all the way. Tom Razum, the Howland sophomore, belted out three hits, while Parm and Jim Brahney each had two bingles.

Santor Has 17 S.O.

In 18 innings thus far, Santor has given up just five hits, struck out 17, and walked eight. He also aided the Penguin attack on Hiram with a hit and two RBIs. Fenn's fielding left something to be desired as the Clevelanders had a bad day affeld committing ten errors. The locals had only two and added to the circus by stealing seven bases, including two by Mel Klingler.

**TENNIS TEAM UPSET**

Kent State University pulled one of the big upsets of the early tennis season play when they downed the Penguin squad 7-2, Monday afternoon at Kent. This was the initial defeat of the season for the locals.

Coach Rosselli's baseballers lost their second contest of the season when they were downed by the Westminster Titans 8-4, last week at Evans Field. Smith, who belted out three hits, including a home run, featured for the Titans. Both squads had a dozen safeties, with sensational Tom Razum gathering four for the Penguins. Aiding the Penguin's attack were Chuck Keshock and Richard Suchora, who each had two hits.

Last Saturday the Penguins copied their third win in five outings by topping the Akron Zips, 6-5, at Evans Field. Pacing the Penguins were Keshock with two singles and three RBIs, and centerfielder Tom Razum, the

**Theta Chi Wins First Place In Intramural Bowling**

By Jim Brahney

In a frenzied finish to a frantic season, Theta Chi won the Intra-mural Bowling Championship by defeating TKE, on April 13. TKE moved into the play-offs by virtue of a victorious roll-off on April 12, downing Zeta Phi Eta, who deadlocked TKE for second half honors.

In the play offs, Theta Chi jumped off to a game lead, but TKE squared things off by taking the second game by only 5 pins. The third and deciding one was even down to the last bowl where Theta Chi wrapped things up, winning the game by only 9 pins and the play-offs by a total of only 14 pins.

The members of the winning Theta Chi and runner-up TKE teams are:

Theta Chi	TKE
D. Clayton	J. Ula
B. Beeman	H. Williams
C. Vasile	D. Kay
H. Rowell	T. Steele
B. Chwalik	F. Bogan
B. Good	T. LaPaze
E. Lavin	J. O'Bermeyer

The seas on will come to a close with a banquet to be held on May 18, at the Dinner Bell, located on Market Street, at 6:30 p.m. Presentation of awards will be given to individual and team winners and election of league officers will be held. The individual and team final standings are:

High 3-Games - Colton 629 Actual	Magni 674 Handicap
High Single-Games - Bogan 245 Actual	Masluk 259 Handicap
High Individual Average - Bogan 177	Magni 259 Handicap
High 3 - Games Team - TKE 2501 Actual	

ROTC No. 1 2792 Handicap

**PETE ROSKO - CAPTAIN**

Senior-majoring in pre-Dentistry - Age 21 - Hometown, Youngstown Ohio - graduated from W. Wilson - Tournament Record; Won Vindicator Caddy tourney Class A in 1954; won Youngstown Class A Junior district tourney in 1955; won J.C. tourney in 1954; runner up in Youngstown district tourney in 1953; Played four times in Champs of Champs tourneys - played in the NCAA tourney in 1956 - played in the National Caddy Tournament in 1954. (lost in quarterfinals).

**BOB SISKI NO. 2 MAN**

Senior-majoring in Business - Age 26 - hometown, Warren, Ohio. War veteran - graduated from Warren Harding High School - Tournament record - Placed 6th in the Texas

Howland sophomore, who connected safely twice and batted intwo runs.

Razum now has 13 hits in 20 times at bat and has been one of the big factors for the Penguins very potent batting attack. Tom Raptis, who went "one for three" against Akron, was touched for 10 walks, and Mike Santor pitched the last 1 2/3 inning for the locals as Rosselli sought to insure the win.

In a road game at Kent on April 16, the Penguins went down to an 8-1 defeat at the hands of the Golden Flashes. Kent gained only a half dozen hits off Tom Raptis but were able to take advantage of six errors and nine walks to score six unearned runs. Bob Carroll's three-bagger and Tom Razum's two safeties paced the Penguins while Horton collected two hits for Kent.

*A young theologian named Fiddle Refused to accept his degree, For he said, it's enough to be Fiddle Without being Fiddle, D.D.*

Open in 1956 - Won Club Championship at Warren Avalon in 1957.

**TOM BARTO NO. 3**

Junior - Majoring in physical Education - Age 20 - hometown, Warren, Ohio - graduated from Warren Harding High School - Tournament record - Medalist in 1955 N.E.O. Tourney at Yankee Run (tied tournament record held by Rick Jones with a 70) Runner-up N.E.O. Tourney at Ravenna, 1954, with 71.

**MIKE MIJIC NO. 4**

Junior - Majoring in Engineering - Age 22 - hometown Warren, Ohio - War Veteran - graduated from Warren Harding High School.

**FRED QUINN NO. 5**

Sophomore - Majoring in Accounting - Age 26 - hometown, New Castle, Pa. - War Veteran - Graduated from New Castle High School - Tournament Record - Won Club Championship at Castle Hills in 1956.

**ED ANTONELLI NO. 6**

Sophomore - Majoring in Business - Age 19 - hometown Warren, Ohio - Graduated from Warren St. Mary's High School - Tournament Record - Won Youngstown Junior District Class "B" tourney in 1955.

**JOE BINDER NO. 7**

Freshman - majoring in Engineering - Age 18 - hometown Youngstown, Ohio. Graduated from South High School. Tournament Record - Redhead Semifinals in Youngstown Junior District Tourney in 1957 - Member of South High school team which won the city championship in 1957.

**BUD DAVY NO. 8**

Junior - Majoring in Business - Age 26 - hometown Youngstown, Ohio - War Veteran - Graduated from Girard High School.

## GREEKS

Continued from page 4

done the most for Beta Sigma Omicron in the past year. Marion Minghetti is chairman of the affair.

Many thanks are sent to Bernice Brownlee, the sorority's director for the sing. The sisters are all looking forward to the national convention to be held at Fort Lauderdale, Florida from June 17-22. Gerry Wargo is delegate and Lou Maron, alternate.

The Beta's have been having loads of fun in this spring weather. Judy, Lou, and Ann certainly enjoyed the baseball games. Laura, Gerry, Rosemary and Marilyn are trying their luck at tennis.

### SIGMA DELTA BETA

All the brothers would like to thank the pledges for their kind consideration last Friday, April 25, when the pledges held their first annual Retaliation Day. President Ron Zidian got the honor of "toting the lumber" and several of the more enthusiastic active performed mental tasks. All in all it was a day that will be long remembered.

All "H" broke loose last weekend when the Sig Deltas celebrated Hell Week and installation of new members. Pledges shined shoes on Saturday, took a tour of the area in the afternoon, and topped things off with a "party" at Bears Den Cabin in the evening. Installation was held on Sunday.

Congratulations to Pledgemaster Noel Soos and the newly installed brothers Pat McCarren, Jerry Ondik, Bill Serjak, and Chuck Maas who we look forward to having many enjoyable years with.

Sig Deltas are very proud to announce that their petition has been accepted by the Phi Sigma Kappa national social fraternity. Installation will take place on June 6, 7, 8.

Congratulations to Brother Ed Wall who was the Sigma Delta Beta fraternity's candidate for the Most Popular man on campus.

After several weeks of practice, the Sig Deltas are ready to go in tomorrow's IFC golf tournament at Yankee Run. Brothers John Hernandez, Bill O'Neil, Mike Polachack, Jerry Ondik, and Bill Serjak will participate.

### NU SIGMA RHO

The Brothers of Nu Sigma Rho would like to direct a "get well fast" to Jerry Africa who came down with a slight complication.

"Big Brother Ceremony" was recently held in which an active member is assigned to each pledge to guide him in his college years.

Something new in space cars was seen when Joe Vukovich found his car suspended in mid-air. Seems like horse play somewhere.

Dick "Little Richard" Thurik's hair seems to be getting shorter and shorter. Wonder why?

Congratulations to one of this year's candidates for Mr. Popularity, Ace Verdram. Nick Pupino got back in the lime-light at the "Pop Dance".

The Nu Sig baseball team showed great potential in their first two games this year. Pete Torek was the winning pitcher with the "Big Guns" being Dick Moskosky, Ed Bodnar, Chuck Africa, Ed Hritz and Frank Tedeschi.

### PHI MU

Congratulations to Mr. and Miss Popularity. Phi Mu was represented by Mary Lou Moss. Congratulations are also in order for the May Day Queen and her court. May her reign be a happy one. Charlotte Van Den Handel was the candidate from Phi Mu.

The sisters who went to Columbus would like to thank the Sig Ep's of the Mu Chapter and their

brothers from Cincinnati and Columbus for a wonderful time.

Ilena Walko sure fell for Columbus. She fell down the stairs at the Phi Mu house. Mary Young also fell, but he was different because he was the cutest.

Sisters and pledges would like to welcome Jackie Zarnick. The pledge projects are coming along fine under the direction of pledge president, Nellis Shields. The chapter room and pledge paddles are shaping up.

Girls, there's an artist among you. Betty Malno recently received an honorable mention at the art exhibition.

Last Friday night, the Phi Mu's went to Baldwin Wallace to see their sisters in their Greek Sing. Everyone had an enjoyable trip.

Nellis Shields is one of the twelve finalists in the Miss Alliance contest. Keep up the good work, Nellis.

### TAU KAPPA EPSILON

"No, the Teke's haven't disappeared". When attempting to contact a Teke on campus, you must follow this rule: Look for the guys wearing the black jackets with the black sleeves and collars that used to be white.

Congratulations are in order for the Theta Chi bowling team. With the

pressure on, they upset one nighty touted keggers of Teke, two weeks ago to cop the trophy.

Congratulations to Bob Hunter on his recent pinning to Judy Engelhardt of the Tri-Sig's. By the way, Judy, to what do you attribute your overwhelming popularity of recent weeks?

The Teke pledges have been awfully quiet of late. Wonder what they're up to (What? Well, just try it and you'll all swing!)

Attention Phillip R.: Rumor has it that a fraternity house is for sale in Missouri. Contact Jim Scott. He took over the mortgage. (What sacred cow?)

Well, campus baseball is here again and the boys look impressive. Incidentally, we will not tolerate any abuse of their elderly catcher, Joe Vlasic.

Have you noticed the fragrant aroma around the new president, Sleepy Williams, lately? Well, it isn't his hair tonic, its from that letter he's been carrying next to his heart recently. By the way, this guy's really a tyrant!

Finally, in keeping with the new policy, here are the names of those who paid to have said names printed

here: Bob Kling, "Weep" Petransky, Jim Mauch, Rick Glunt and Joe Ula. Happy now???

### CHI DELTA CHI

With a sigh of relief, the pledges became full-fledged Chi Delt's at an installation ceremony last Sunday. Installed were Connie Rini and Patti Hobbs, who will also represent Chi Delta Chi in the May Day ceremony.

Last week, Joyce Bryan and Connie Rini went to the drive-in and so did a certain redhead whose initials are J.Z., who didn't have enough money and snuck in under the front seat. They say it was a good show, especially in the car next to them. What were you doing with that flash light, Connie?

Congratulations to sister Patti Hobbs on her scholarship to Aquatic School in Prospect, Pennsylvania. Think or thwim!

Watch for Chi Delt's Jazy Zemko, Damaris Treen, Joyce Bryan, Patti Hobbs, (and listen for Terry Capuzello) in the forthcoming campus production of "The Boyfriend".

The sisters are looking forward to their 1st Annual Dinner Dance coming up on June 14 at the Sherrango Inn, Sharon, Pa.

Chi Delta Chi celebrated their first year on campus on Sunday, April 13, with a party and sing practice at Terry's -- green and white cake and all.

Will trade: My collection of MAD

magazines for one hi-fi set -- no strings attached! Signed, Erick.

The sisters are eagerly looking forward to their annual spring project, the Orphan's Outing.

See y'all in the "Sing".

### KAPPA SIGMA KAPPA

Brothers Gus Comianos and Pat Fauceglia were accepted into Kappa Delta Pi honorary education fraternity. The requirement is a point average well over 2.

Congratulations to the new men. Gene Harvey, Jim Klutcher, Tom Richards, Jim Brahney, Karl Butcher, and Ray Natili who were initiated last Saturday. The initiation was followed by a party at Yankee Lake. Benny Jones loved us!

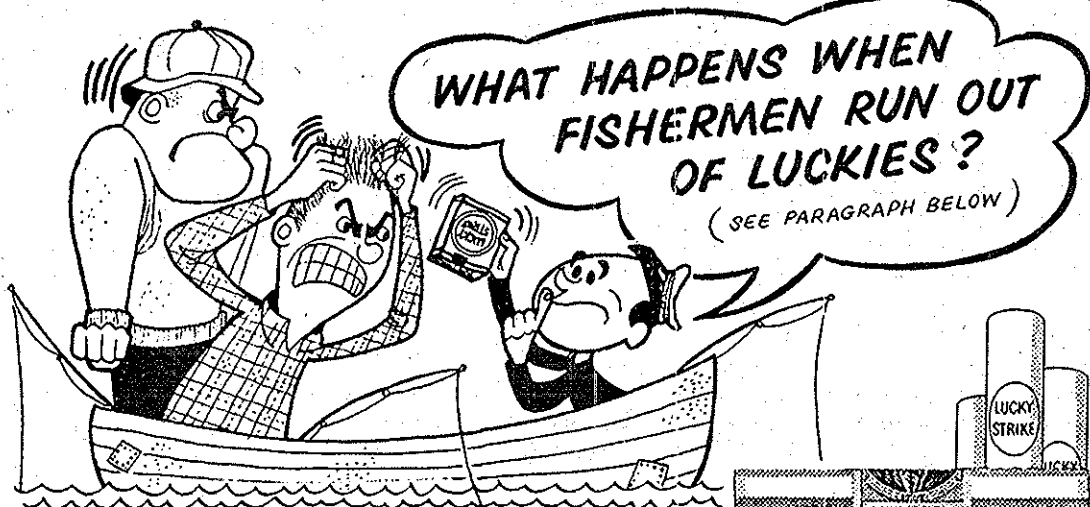

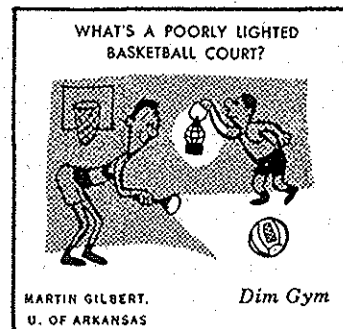

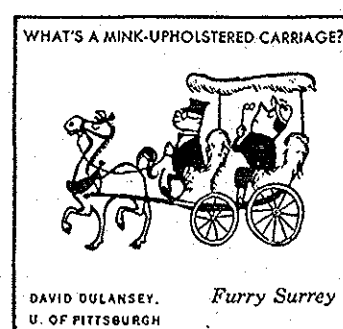

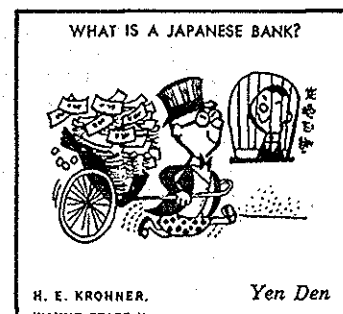

Ron Pisani and Vinnie Creps gave their pins away recently. If this trend persists, the whole fraternity will be able to get married at one ceremony.

The Kappa Sig's softball boss, Big Casey Anastasia Pacic, guided the boys to three wins thus far. But as was shown before, it don't mean a thing. Anyway, here's hoping!

Tragedy, no more cards! Now the chess sets begin to appear.

Congratulations to the newly elected officers: John Hanna, President; Ron Pisani, Vice-President; and John Gillespie, Secretary.

# Sticklers!

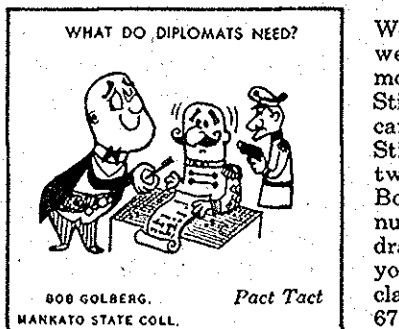

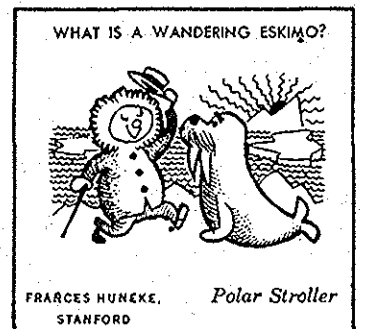

IF SILENCE WERE REALLY GOLDEN, fishermen would be up to their hip boots in cash. They're so noiseless, they won't even wear loud shirts. But when they (Groan!) run out of Luckies, they almost lose control. They rant, rave and blow their stacks—all in sign language, of course! Result? The unusual phenomenon called a *Quiet Riot!* Lucky's popularity, after all, is no fluke. A Lucky is the best-tasting cigarette you can buy—and for good reason. It's made of naturally light, good-tasting tobacco, toasted to taste even better. So why flounder around? Get Luckies yourself!

Stuck for dough? START STICKLING! MAKE \$25

We'll pay \$25 for every Stickler we print—and for hundreds more that never get used! So start Stickling—they're so easy you can think of dozens in seconds! Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (Don't do drawings.) Send 'em all with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, N. Y.

LIGHT UP A *light* SMOKE—LIGHT UP A LUCKY!
