

Library Drive Is Under Way

Five Thousand Dollars Goal of '42 Campaign

The fifth annual campaign for the Youngstown college library was inaugurated on February 16, by the first of a series of radio addresses.

The goal this year is \$5,000. The money, which is raised in this drive has made possible extensive additions of books to the library, but many new books are needed.

William F. Maag, Jr., is president of The Association of Friends of the Youngstown college Library.
