Chair

We presented our annual report to the Academic Senate on May 2, 1984 and we received Senate consent that "in the event that additional funding was made available (beyond the allocation of \$660,000) for 1984/85 that the Library and Media Services Committee was to meet and to consider special needs and allocate those special funds according to the Committee members' best "judgement".

As it turned out, we were informed of the allocation of an additional \$40,000 to be added to our annual budget. We met on June 25, 1984 and considered all requests and concerns that we had had from the colleges and departments.

The Committee voted to restore to the college budgets their portions of the \$15,000 that had been taken from the college budgets for use by the Library for replacement of lost and damaged materials. An \$8,000 allocation was given on this one-time basis to the College of Engineering for materials on standards and regulations. \$17,000 was allocated on this one-time basis to the College of Arts and Sciences. Spending of this allocation for noted concerns and specified departmental needs was encouraged.

Academic Senate, 1984-85

Key: \*Departmental Senator in first year of two year term  
\*\*Departmental Senator in second year of two year term

Applied Science and Technology

At-Large
