Processed by Brian Brennan, January 2007; Updated February 2009; Updated by Lisa Marie Garofali, Spring 2023

## **Biographical Information**

Leslie H. Cochran was born on April 24, 1939. He was awarded his Bachelor of Science and Master of Arts degrees from Western Michigan University in 1961 and 1962, respectively. Cochran earned his Doctorate in Education from Wayne State University in 1968.

For ten years, Cochran served in a variety of administrative roles at Central Michigan University, including that of Vice Provost for Academic Administration. In 1980, he was appointed Provost at Southeast Missouri State University, a position he held until his appointment as YSU President in 1992.

During his presidency, Cochran initiated Campus 2000 (later renamed YSU 2000), an ambitious design for campus expansion and academic excellence. His legacies include a university scholars program, a new college of education building, and the YSU Metro Campus (an off-campus outreach program).

Cochran retired in 2000.

### **Scope and Content**

At present, the collection is small; however, as related materials come to light, it is expected that it will grow. Included are the following:

- Cochran's philosophy of labor relations, through his publication, *Continuous Improvement Bargaining* (1993)
- Cochran's annual holiday greetings to the YSU Staff (1994 - 1999)
- The publication, *YSU 2000: A Vision for a Premier Metropolitan University*, which describes Cochran's view to the future at YSU (1994).

This original collection only consisted of one box. By 2020, through transfers from the President's office, this collection grew, as did the rest of collections from the President's office. Originally, Brian Brennen decided to combine all the collections from the President's office into one large collection. A process he started by determining series and started to arrange some of the newly accessioned materials into those series. Brian, unfortunately, retired before this process could be complete.

While looking over the size of the collection, it was determined that one large collection would be too large and more difficult to find items. It was decided to keep the Presidential Collections separate by president, but to keep the same series throughout the collections. Brian already determined the series for the new material and the series were reasonable to be incorporated into the rest of the Presidential collections. Everything was included in the additions with the exception of a plaque which is weeded out. It was to R. Thomas Williamson, chairperson 2000-2002 of the Northeast Ohio/ Northwest Pennsylvania Academic Alliance. While YSU was part of the Academic Alliance and contains minutes of those meetings, the plaque seemed unnecessary.
