## **Descriptive Summary**

**Title:** Office of the President, Youngstown State University,  
David C. Sweet, Records, 2000-[ongoing]

**Record Group No.** RG 04/06

**Creator:** Youngstown State University. Office of the President

**Extent:** 1.5 cubic feet (1 box)

**Abstract:** This collection contains documents and publications relating to the presidency of David C. Sweet, Ph. D., who has served Youngstown State University in this capacity since July 1,2000.

## **Administrative Information**

**Provenance:** Unknown

**Preferred Citation:** Youngstown State University, Office of the President, David C. Sweet, Records, 2000 - [Ongoing], RG 0416, Archives & Special Collections, William F. Maag, Jr. Library, Youngstown State University, Youngstown, Ohio.

**Restrictions:** None

**Processing Information:** Processed by Brian Brennan, January 2007  
Updated by Lisa Marie Garofali, May 2023

## **Biographical Information**

David C. Sweet was born on May 16, 1939. He obtained his Bachelor of Arts degree from the University of Rochester in 1961 and his Master of Arts from the University of North Carolina at Chapel Hill in 1963. Sweet was awarded a Ph. D. from The Ohio State University in 1970.

From 1963 to 1970, Sweet was the Regional Economics Division Director of the Battelle Institute in Columbus, Ohio. In 1971, he was appointed Director of the Department of Economic and Community Development. Sweet was made a commissioner on the Public Utilities Commission of Ohio in 1975 and served in this capacity until being named Dean of the Levin College of Urban Affairs at Cleveland

State University in 1978. In 2000, Sweet became the sixth president of Youngstown State University.

The author of several books and articles relating to urban affairs, Sweet has been a key participant in the Wick Neighbors partnership, which was established to enhance Youngstown's Wick Avenue and Smokey Hollow areas (where Sweet guided the construction of the University Courtyard Apartments). His support for YSU's role in promoting community revitalization has been demonstrated through his work with Youngstown 2010, an ambitious urban renewal project. On campus, Sweet's leadership has resulted in the construction of the Andrews Student Recreation and Wellness Center in 2005 and increased enrollment. In 2008, Sweet will preside over celebrations commemorating Youngstown State University's centennial.

### **Scope and Content**

At present, the collection is limited; however, as related materials come to light, it is expected that it will grow. Highlights include:

- Dr. Sweet's application packet and vita that was submitted to the YSU Presidential Search Committee in 1999.
- Materials relating to Dr. Sweet's installation as YSU's sixth president
- The text of President Sweet's State of the University addresses.

This original collection only consisted of 1.5 cubic feet. By 2020, through transfers from the President's office, this collection grew, as did the rest of collections from the President's office. Originally, Brian Brennen decided to combine all the collections from the President's office into one large collection. A process he started by determining series and started to arrange some of the newly accessioned materials into those series. Brian, unfortunately, retired before this process could be complete.

While looking over the size of the collection, it was determined that one large collection would be too large and more difficult to find items. It was decided to keep the Presidential Collections separate by president, but to keep the same series throughout the collections. Brian already determined the series for the new material and the series were reasonable to be incorporated into the rest of the Presidential collections.

### **Series Description**

- Series I:       Accreditation  
Series II:       Administration  
                  A. Administrative Advisory Council  
                  B. Commencement Files

- C. Polices and Regulations
