Re: Academic Programs Committee meeting minutes for March
11, 1998, 3:00 p.m., Cushwa Hall 2031 - Geography
Conference.

Present: Craig Campbell, Lou Harris, James Kohut, Patricia Sarro, Dan Suchora.

A quorum was declared for the meeting.

ARTS & SCIENCES: The environmental studies program proposal involving choice of core courses was **approved**.

BUSINESS: The Management MIS track program proposal involving the addition of an elective was **approved**.

FINE & PERFORMING ARTS: The Music Theatre proposal is **being returned** because hours in the new proposed program do not add up. The committee counts 133 total hours instead of the stated 123. This would be 4 hours more than the current program's 129. Please resubmit (you may use current cover form as currently filled out). The committee also had question whether there were any **NEW** courses in this proposed program. The Dean's office should return this program to the appropriate department.

EDUCATION: The Elementary Education program is **NOT** currently before the committee because the **Academic Programs form did not accompany resubmittal**. Also, the School of Education and the School of Health and Human Services still appear to be discussing the overlap of the new program proposal with the department of Human Ecology's Pre-Kindergarten program.

Next meeting: Week of April 5th in the Spring Quarter. Committee members will please X out hours you will not be available during the Spring Quarter.
