Subject: **Statistics Requirements in the WCBA Core Curriculum**

The WCBA Dean's Advisory Council, upon consultation with the Undergraduate Curriculum Work Team, has agreed to the following:

The required statistics sequence in the WCBA business core be returned to ECON 624 and ECON 705.

Upon formal written request of the student, the chairperson of the department in which the student is majoring may grant approval for an alternative statistics sequence based upon criteria established by the WCBA. Currently the only approved alternatives are: 1) MATH 717 and MATH 815, and 2) PSYCH 616, 617 and 618.

We greatly appreciate everyone's patience and cooperation during this process. We look forward to continuing to work with you and maintaining open lines of communication.
