

ACADEMIC STANDARDS COMMITTEE

SUB-COMMITTEE ON OVERLOADS

December 14, 1949

Present: Bridgham, Dykema, Skeggs, the full membership of the sub-committee

The Committee approved the following petitions: Michael Hladio, 21 hours; Clifford Saunders, 21 hours; Margery Brimmer, 19 hours; and Robert L. Smith, 22 hours.

The Committee approved the requests of the following two students to take Engineering 477 by conference although their point average was below 2.0: James O. Shaffer and Tom S. Flores.

The committee denied the requests of the following students mainly because they failed to supply sufficient information: David McCreary, Joseph Dulay, Israel Gibbs, Robert Cubick, Jerome Hirsch, Edward Sherbak, Ernest V. Rodgers, and Madge Addeo.

The request of Mr. J. R. Marshall for extra hours in the summer session of 1950 was returned to Mr. Marshall to be re-submitted at the time of summer session registration.

One request was not considered because the student failed to sign his name to it, and the Committee, therefore, had no means of determining the writer of the letter.

Letters stating the Committee's action have been sent to all the above named students and copies of the letters have been forwarded to the registrar's office.
