

To Members of the Faculty:

The Academic Standards Committee would like to have you examine this list and add to it any items that you know of which were published by members of the staff of Youngstown College during the past five years. The Committee particularly wants items by individuals who are no longer on the staff. If you do not know the exact title or date of publication, give what information you can. Please put the information in Prof. Dykema's box in the office as soon as possible.
