Dear Sir:-

It is my understanding that an application has been made by Mr. Julius Krueger, his wife Emmy and daughter Hanna to enter the United States.

Mr. Joseph Wilkoff of Youngstown, Ohio, has furnished the necessary documents, assuring you that these relatives of his will not become a public charge.

It has been my good fortune to know Mr. Joseph Wilkoff for quite a number of years. He is one of our outstanding citizens and is associated with the Wilkoff Company, which is one of our local steel concerns. He is in a position from a financial standpoint to care for his relatives.

I shall be deeply grateful for your earnest consideration of the application of the Krueger family when it is called to your attention.

With kindest regards and heartiest best wishes, believe me to be,

Sincerely yours,

Member of Congress

THE FOREIGN SERVICE
OF THE
UNITED STATES OF AMERICA

AMERICAN CONSULATE GENERAL
Berlin, Germany, December 17, 1938.

The Honorable
Michael J. Kirwan,
House of Representatives,
Washington, D. C.

Mr. Kirwan:
My dear

The receipt is acknowledged of your letter making inquiries regarding the status of the immigration case of ~~Mr. Julius Krueger and his family.~~

Owing to the thousands of letters, affidavits, and other documents received at the Consulate General daily, and in view of the thousands of written and oral demands from prospective immigrants here, it is impossible during this crisis to give information concerning individual cases. You are assured, however, that every effort is being made to facilitate the granting of immigration visas to applicants whose turns on the waiting list are being reached. As you know, under the present quota restrictions, thousands who are now applying cannot receive their visas for a number of years to come.

I am,
My dear Mr. Kirwan,

Very truly yours,

Raymond H. Geist
American Consul
