My dear sir:-

Please pardon the delay which has been occasioned in replying to your letters of November 23rd and December 15th, relative to your family in Dortmund, Germany.

I purposely waited until returning to Washington to go into this matter for you, as I wanted to have the Immigration Committee here give me some help in your particular case. I have the assurance of several of the members that they will use every effort at their command to be of assistance to the Sternfeld Family.

It shall be my pleasure to advise you promptly when in receipt of some definite information.

With kindest regards and assuring you of my heartiest best wishes for a Peaceful and Happy New Year, believe me to be,

Sincerely yours,

Member of Congress
