Dear Father Forgach,

Thank you very much for giving so generously of your time last Friday. The Ethnic History Committee of this society is grateful for the "Parish Book". It is of great historical value to us.

I enjoyed the very informative conversation with you and your secretary, and the "tour" of your beautiful church. Also your help in getting me to the Cunninghams is very much appreciated.

Now I have more "requests":

I would still like to meet the old Italian gentleman you spoke of, and I would like to have the names of the people currently in charge of the Italian organizations in Lowellville.

Again, thank you ever so much.

Sincerely,

Hildegard Schnuttgen
