*The U.S. Government Publishing Office (GPO) uses Persistent Uniform Resource Locators (PURLs) to provide libraries and other parties stable URLs to online Federal information. If a user clicks on a PURL found on a library web page or in a library catalog, the request will be routed to the Federal publication. PURL Referrals include online Federal documents accessed through Maag's online library catalog, Maag's library website, and Maag's LibGuides. GPO maintains these statistics for all Federal Depository Libraries.
