"THE POSITIVE TRAP"

"Offer a substitute", "the past 65 age group is increasing and they need help", "help preserve our senior citizen's dignity", "cast me not off—", are the diabolically clever semantics of the liberals, socialists and other collectivists. They are most used on the medical profession to entice it into a trap of being "positive" and not "negative". Thus ensnared we find ourselves supporting a program that is not quite as bad as the proposals of the liberals and socialists, but much worse than the traditional tried and proven system.

I can understand this happening to physicians, whose primary interest is practicing good medicine but when two, supposedly politically wise politicians, namely Representative Javits of New York and Bow of Ohio have unwittingly taken the "bait", it should be of some concern to all of us. In their minds they each have a bill which should be less offensive and more advantageous than the King-Anderson bill and feel that Mr. Kennedy can be compromised. Should either of them be right just ask yourself who really won?

Is it any wonder that some of our more logical and clearer thinking congressmen were upset when Javits and Bow fell for this oldest of debating maneuvers, hook, line and sinker? In accepting the challenge they have fallen into irrevocable error. They admit the need for some sort of program exists and now the debate will whirl about whose scheme is better, more democratic, or fair and the true issue of whether a change is really needed is lost in oblivion.

Senator Tower of Texas, newest member of the Senate, appeared on ABC's QUESTION AND ANSWER program May 26 with Javits and Bow. He heard presentations of the supposed advantages of their separate creations and recognized that neither man could sight what the need was or if there was a need existing for their bills. Senator Tower showed not only clear thinking ability but also the courage expected of one elected to such a high office and spoke out against any and all similar legislation on the basis that until the Kerr-Mills law was proven unsound nothing further was needed. In summarizing, he stated the facts as we know them, namely: 1—A true need for such legislation has not been shown; 2—Any need that might exist has been greatly exaggerated; 3—Any existing need is decreasing rather than increasing in spite of the over 65 population increase; 4—In Texas, even though his state has the second largest population of people over 65, there has been no particular desire expressed for any new health bills.

It is becoming increasingly more apparent that when Texans broke tradition and elected a Republican Senator Tower they were thinking. In return, the Senator has shown them that he is a better American than the usual politicians who considers only the next election—Let's hope we have more like him after the November election.

—C. W. Stertzbach, M.D.
President

"DON'T GET MIXED UP WITH THAT GANG AGAIN, PINOCCHIO!"

Editor's Note:

Instead of using the pen as a written expression of your Editor's thoughts, he took the liberty of using the pen to express a thought in the medium of caricature.

The combat against the King-Anderson Bill, or whatever wig it may finally fall under, is becoming a consuming passion as the consequences of its provisions and the mode of their delivery becomes ever more evident with each passing day.

We must all join this struggle, stand and be counted, and let our patients know definitely where we stand and make the firmness of our convictions known to all.

The Bulletin asked Dr. Schreiber for a word about his impressions of his recent trip to Washington and of his debate there over a national radio hookup. His impressions are those which all of us should have—pride in the A.M.A. and for what it stands for in the battle against the administration in the Medical Care for the Elderly. We invite you to remember as you read this article that the administration is doing its best to drive the Doctor and the A.M.A. apart, to create an image of an ogre A.M.A., and salve the wounds inflicted by the same administration upon the Doctors. We should all be proud of the A.M.A. and jealous of our right, which we often invoke, to disagree with it—and thankful for its strength in this hour.

—Ed.—

American Medical Association—Washington, D.C.

I had the privilege of spending several hours in the Washington office of the AMA 3 weeks ago. I came away with a new confidence and a very high regard for those who are working for us in the nation's Capital.

The office is headed by an M.D. and is staffed by twenty hard working people. Among these are two additional physicians, three paid lobbyists, and the assistant editor and communications chief, Mr. Dayton Moore. Mr. Moore, formerly a United Press correspondent covering the White House and Capitol Hill following World War II, has many intimate friends in and out of congress, including Wilbur Mills, Chairman of the House Ways & Means committee.

Every single word that is spoken on the floor of the House and Senate is carefully read for any importance to Medicine. In addition, every bill introduced into the Congress (and there are over 9000 in each session), receives close scrutiny from our AMA office. You would be heartened, as I was, to realize that we have a staff of real experts looking out for interests of the medical profession—and the ultimate welfare of the American public.

After seeing the Washington branch of our AMA at work, I am more proud than ever to be part of this organization. And I am also firmly convinced that we are going to win the battle of King-Anderson. No one is more aware of the danger nor is anyone better qualified to help us cope with those who would sell us down the river to complete government domination.

—Jack Schreiber, M.D.

AMA ANNUAL MEETING IN JUNE

The 111th Annual Meeting of the American Medical Association will be held in Chicago on June 24-28. Physicians are invited to attend the eight general scientific meetings on Mental Health, Inhalation Therapy, Intestinal Diseases, Tissue Transplantation, Nuclear Medicine, Teenagers Problems, Clinical Cardiology and Diagnostic Problems. The meeting will be in Chicago's McCormick Place.

For
all degrees
of essential
hypertension

"relief of symptoms is striking with Rautrax-N"

Rautrax-N (combining Raudixin, an antihypertensive-tranquilizer, with Naturetin \bar{c} K, an antihypertensive-diuretic), decreases blood pressure for almost all patients with mild, moderate or severe essential hypertension. Rautrax-N also offers a new sense of relaxation and well-being in hypertension complicated by anxiety and tension. And in essential hypertension with edema and/or congestive heart failure, Rautrax-N achieves diuresis of sodium and chloride with minimal effects on other electrolytes.

Supply: Rautrax-N — capsule-shaped tablets providing 50 mg. Raudixin, 4 mg. Naturetin and 400 mg. potassium chloride. *Rautrax-N Modified* — capsule-shaped tablets providing 50 mg. Raudixin, 2 mg. Naturetin and 400 mg. potassium chloride.

ANNOUNCEMENT INTERN AND RESIDENT APPOINTMENTS—1962-63 ST. ELIZABETH HOSPITAL

St. Elizabeth Hospital is one of four community hospitals in the State of Ohio to fill its full quota of interns for the 1962-63 term under the National Intern Matching Program.

Starting in July, twenty medical school graduates will begin a one year program that will serve to introduce them to the systems and procedures of a major hospital. Included in this group are five men from Youngstown, and one man from Girard. The doctors coming to St Elizabeth Hospital will be from eleven different medical schools. Coming from Ohio State University are Charles Fraley of Hollansburg, Ohio; Felix A. Pesa of Youngstown, Albert M. Russell of Canton; and Nick P. Trifelos also of Canton, Ohio; from Loyola University, Stritch School of Medicine are John K. Altier of Girard; John Kroner of Youngstown; James J. Rascher of Cleveland, John C. Selner of Binghamton, New York. Graduates from George Washington University are Clyde L. Bell of Washington, D.C.; Ray T. Huffman of Perrysburg, Ohio; J. Kent McBeath of Denver, Colorado; Assadullah Meymandi-Nejad of Kerman, Iran. Two graduates from Temple University are among the new Interns. They are Samuel S. Mehring of Oil City, Pennsylvania; and James F. Ervin of Danville, Pennsylvania. The remaining men and their medical schools are: Jerome H. Becker of Springfield, Massachusetts, Tufts University School of Medicine; Francisco Burgos-Vazquez of Puerto Rico, University of Puerto Rico; John P. Carson of Youngstown, University of Cincinnati Medical School; Anthony T. Deramo of Youngstown, University of Miami Medical School; Larry A. Tyree of Pax, West Virginia, Bowman Gray School of Medicine, Wake Forest College; Thomas F. Weir of Pittsburgh, Pennsylvania, University of Pittsburgh School of Medicine.

Also included in the group is Sarah Yacono, a native of Youngstown and a graduate of the University of Rome, School of Medicine.

The Director of Medical Education at St. Elizabeth Hospital is Donald R. Sickler, M.D. and the Associate Director is Leonard P. Caccamo, M.D. Due to the efforts of these men and the cooperation of the Hospital Administration, St. Elizabeth Hospital looks forward to a progressive year with its full complement of interns.

(The list of residency appointments will appear in the next issue—in time for the "new year" to begin.)

* * * * *

YOUNGSTOWN HOSPITAL ASSOCIATION

The Youngstown Hospital Association takes pleasure in announcing the following new members of the House staff of both the North and South Units for the year, 1962-63. The intern program is a one year rotating internship and full residency programs are in operation for those programs outlined. The intern roster is as follows: James C. Brown, Meharry Medical College; Earl N. Caldwell, Howard University; Norman Davis, Ohio State University; Robert G. Slawson, State University of Iowa; Arnold L. Taulbee, University of Tennessee; Clark Conner White, Jr., Ohio State University; Einar Baldwinsson, University of Iceland; Floyd A. Coard, Howard University; Basil A. Marryshow, Howard University; Estherbelle Aguilar, Roberto Bacani, Conrado Banez, Juanito Baylon, Delfin Beglete, Wilmer Heceta, Ramon Guiao, Philipines; Drs. Mok, Chiu, Chan, Formosa.

The Residents in Surgery are: Drs. Ralph Petty, University of Illinois; Walfredo Samson, Albany, N.Y.; Lois R. Zimmerman, Youngstown; Andre

Phares, Brooklyn; Manuel Campos, Youngstown; Marcio Soares, Youngstown; Manuel Abello, Youngstown; Richard Jarvis, Youngstown; Franklin Zepowitz, Buffalo; Loreto Bautista, Youngstown; Jose Villarica, Jr., Youngstown; Malek Salehi, Bayonne, N.J.

Residents in Internal Medicine—Drs. E. R. Ebie, Youngstown; Lamar Desmuke, Oklahoma; Basil RuDusky, Ft. Benning, Georgia; Seiju Onodera, Spokane, Washington; Pei Wang, Great Falls, Montana.

Radiology—Drs. Rose Santiago, Manila; Won Woo, Perth Amboy, N.J.; Mehmet Badkurt, Atlanta, Georgia.

Orthopedics—Dr. Ikuo Maeda, Buffalo, N.Y.

Anaesthesia—Drs. Nelson Melick, Jr., Youngstown; Richard Richards, Youngstown; Patrick Forsythe, Youngstown.

Pathology—Drs. Jack Paston, Brooklyn; Donald Cohen, Buffalo; Joseph Dean, Jr., Seattle, Washington; James R. Hill, Cincinnati; Alexis Fouras, Youngstown; Phillip Bradford, Pittsburgh, Charles Johnson, Long Branch, N.J.; Donald Frankmann, Cleveland, Ohio; Eugene Isidro, Youngstown.

Dental Interns—Drs. William James, Pittsburgh; George Guju, Ohio State University.

We take pleasure in welcoming these Doctors to the Valley and extend them best wishes for a happy and hard working year.

4 essential actions in one Rx:
to bring most
hypertensive patients
under control

- **central action** inhibits sympathetic vasoconstrictor impulses, improves cerebral vascular tone
- **renal action** increases renal blood flow as well as urine volume and sodium and chloride excretion
- **cardiac action** prolongs diastole, decreases heart rate and cardiac output, thus easing strain on the myocardium
- **vascular action** blocks effects of pressor substances, enables blood vessels to dilate more fully.

Most hypertensive patients need more than one drug...but most hypertensive patients need only one Rx: **SER-AP-ES**®

Supplied: SER-AP-ES Tablets (salmon pink), each containing 0.1 mg. Serpasil, 25 mg. Apresoline hydrochloride, and 15 mg. Esidrix. For complete information about Ser-AP-Es (including dosage, cautions, and side effects), see current Physicians' Desk Reference or write CIBA, Summit, New Jersey.

C I B A Summit, New Jersey

REPORT ON OSMA ANNUAL MEETING

In an action packed three days in Columbus, the House of Delegates of the Ohio State Medical Association approved a resolution allowing Blue Shield to offer a service plan, approved an emergency resolution against King-Anderson legislation, and elected Dr. Horatio Pease of Wadsworth to the office of president-elect.

The emergency resolution was introduced on the floor by Dr. John J. McDonough and is reproduced at the end of this article. The resolution needed a two-thirds vote in order to be admitted, but received a unanimous standing vote.

The service plan resolution was the most controversial at the meeting. It was debated for two and one-half hours in a reference committee and finally rewritten as produced at the end of this article.

At the final meeting of the House of Delegates, it was again debated on the floor. A determined group from Stark and Summit counties opposed the bill on the grounds that it introduced a third party into the practice of medicine. However, the final vote was overwhelmingly in favor of the service plan.

Dr. Pease, who had been defeated for the office of president-elect at the 1961 meeting of the House of Delegates, was given the majority of votes this year over his opponent, Dr. Charles W. Hoyt of Cincinnati.

In a very close contest, Dr. George W. Petznick, retiring president, won a seat as A.M.A. delegate, edging out Dr. Frederick P. Osgood of Toledo.

The Mahoning County Medical Society sponsored resolution concerning uniform health examination forms for colleges, written by Dr. C. K. Walter, was passed.

Dr. George J. Hamwi of Columbus, 1962-63 president took office. The

meeting, May 4—16, was attended by delegates: Dr. DeCicco, Dr. Mahar, Dr. McDonough and Dr. McGregor.

TRADITIONAL POLICY RESOLUTION

(Introduced as an emergency resolution by Dr. McDonough)

"WHEREAS, The House of Delegates of the American Medical Association introduced this resolution in June, 1961, and

"WHEREAS, The wording of this magna carta resolution remains the traditional policy of the Ohio State Medical Association, therefore,

"BE IT RESOLVED, That the Ohio State Medical Association endorse and reaffirm unanimously the following text:

"The House of Delegates of the American Medical Association records its opposition to any legislation of the King-Anderson type. Its opposition is based on the facts that such legislation does not meet the needs of the situation; interferes with the doctor-patient relationship; interferes with the rights of doctors employed in hospitals; is inordinately expensive; leads inevitably to further encroachments by government into medical care; results eventually in a deterioration of the type of medical care rendered the public; and is therefore detrimental to the public interest.

"The House of Delegates invites attention to the fact that the medical profession is the only group which can render medical care under any system and that the medical profession is best qualified to determine how the best medical care can be delivered.

"The House of Delegates believes that the medical profession will see to it that every person receives the best available medical care regardless of his ability to pay, and it further believes that the profession will render that care according to the system it believes is in the public interest and that it will not be a willing party to implementing any system which we believe to be detrimental to the public welfare."

The committee is in agreement with the sentiments expressed in this resolution and believes they reflect the position of the Ohio State Medical Association.

Minor amendments in the WHEREAS paragraphs of the resolution were suggested. They read as follows:

"WHEREAS, The House of Delegates of the American Medical Association adopted a resolution in June, 1961, pertaining to King-Anderson type legislation, and

"WHEREAS, The wording of this magna carta resolution embodies the traditional policy of the Ohio State Medical Association, therefore,"

SERVICE PLAN RESOLUTION

"WHEREAS, Blue Shield plans offered through the facilities of Ohio Medical Indemnity, Inc., are intended and planned for the benefit of patients, and

"WHEREAS, Ohio Medical Indemnity, Inc., has been unable to retain contracts under certain competitive conditions, therefore,

"BE IT RESOLVED, That Ohio Medical Indemnity, Inc., be authorized to offer an expanded indemnity plan which may be presented as a payment-in-full contract to groups who qualify by certain income limitations and when the service is rendered by a voluntarily participating physician.

"For subscribers whose income exceeds the agreed limit the benefit will be in indemnity only.

"When the physician is a non-participant the scheduled indemnity is still paid and the physician is free to bill the patient for the balance of his fee."

Stelazine® will stop anxiety—
brand of trifluoperazine
but not your patient!

To be truly useful in your office patients, an ataractic agent must not only relieve anxiety; it must also leave these patients sufficiently alert to engage in their normal activities.

'Stelazine' is such an agent. Its ability to relieve anxiety without producing appreciable sedation has been established in thousands of patients and documented by many published reports. Typical is the finding of Kolodny,¹ who concluded that the primary advantage of 'Stelazine' over many other tranquilizers seems to be "its ability to relieve symptoms of anxiety without undue interference with alertness."

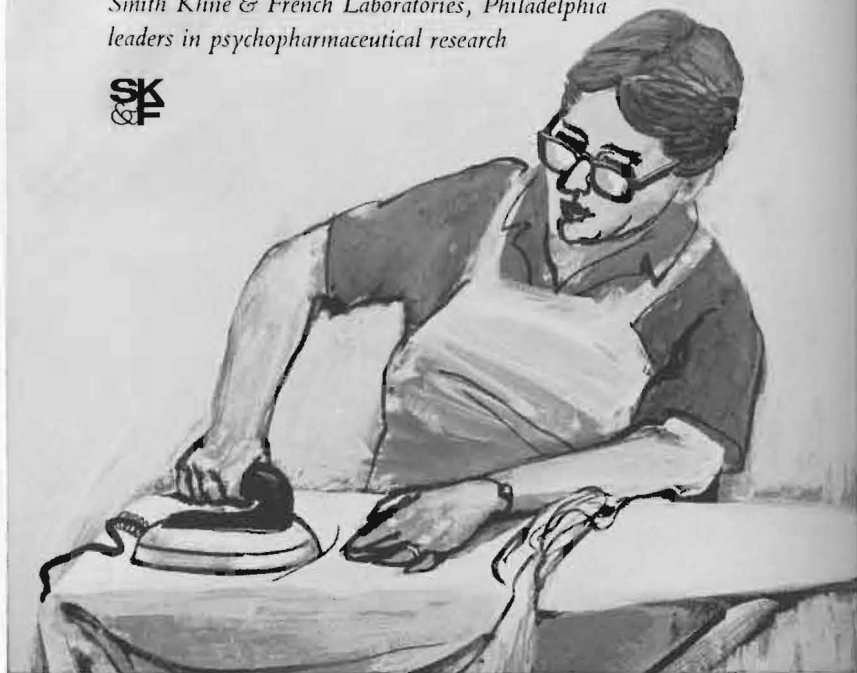

When you wish to relieve anxiety, yet encourage the patient to engage in his normal activities, consider 'Stelazine'.

BULLETIN BOARD**OHIO STATE MEDICAL ASSOCIATION CONVENTION:**

Mahoning County Society was well represented at the Annual Meeting of O.S.M.A. The business meetings were well attended by Drs. Mahar, McDonough, McGregor, Wales and DeCicco. Mr. H. C. Rempes was quite active with his helping hand. Many men from our society were on the official program. They were Drs. H. N. Bennett, W. J. Flynn, S. I. Franklin, E. J. Wenaas and F. J. Kravec. Scientific exhibitors included Drs. L. P. Caccamo, C. J. Fisher, A. Goudsmit, M. Halmos, E. Saadi, R. G. Warnock and A. E. Rappoport. Two Resolutions were presented by Mahoning County, one concerned uniform physical examination forms for colleges and universities and the other reaffirmed the A.M.A. resolution of June 1961 in opposition to the King-Anderson Bill. The following is a list of those registered Drs. E. C. Baker, D. Brown, L. Bloomberg, G. E. DeCicco, F. D'Amato, W. H. Evans, W. J. Flynn, S. Franklin, B. Firestone, A. Goudsmit, M. Halmos, F. Inui, F. Kravec, K. C. Kunin, J. J. McDonough, H. P. McGregor, P. J. Mahar, A. E. Rappoport, E. Saadi, W. Sovik, C. W. Stertzbach, I. Smith, O. A. Turner, C. C. Wales, E. J. Wenaas and M. M. Yarmy and last but not least our executive secretary Mr. H. C. Rempes. Next year the sessions will be held at Hotel Cleveland May 13th to May 18th.

AROUND TOWN: During the past month the following made news in Around Town. Dr. W. J. Flynn, for learning Russian, Drs. Cukerbaum and Firestone for liking egg plant, Dr. Shensa for uniform eating habits and Dr. Detesco for being grouchy when hungry.

CRADLE ROLL: Dr. and Mrs. Donald Forsyth a girl on May 17th. Congratulations!

ELECTED TO OFFICE: Dr. R. R. Fisher was elected as elder at Christ United Presbyterian Church. Dr. John Rogers was elected to the board of the Ohio State Heart Association. Drs. H. N. Bennett and L. P. Caccamo were appointed delegates from the Youngstown Area Heart Association to the Ohio State Heart Association. Dr. F. G. Kravec was elected president of the Ohio Chapter of the American College of Chest Physicians. Dr. H. S. Banninga was elected governor of Optimist International, District 24 (State of Ohio).

JUNIOR DOINGS: Judith C. Goldstein, daughter of Dr. and Mrs. Marvin B. Goldstein, and Henry S. Lowendorf, son of Dr. and Mrs. Chester Lowendorf were honored at the 39th Annual Honors Convocation at the University of Michigan. Dr. and Mrs. Paul J. Mahar announced the engagement of their daughter Mary to James Joseph Mahoney of Hubbard. Open church will be observed for the wedding Saturday September 22nd at 10 A.M. in St. Dominic's Church. Miss Marilyn Keyes, daughter of Dr. and Mrs. John E. L. Keyes, captured the Cleveland Skating Club Senior Ladies Championship for the 3rd consecutive year.

VACATIONS: Dr. and Mrs. P. R. McConnell were on a five month cruise around the world aboard Tramp Steamers. Mr. and Mrs. Samuel M. Ewing (Dr. Genevieve Delfs) are going to Europe this summer. Dr. and Mrs. W. D. McElroy vacationed in Florida. Dr. and Mrs. Peter Boyle are spending two months vacationing in England.

MEETINGS Dr. and Mrs. Brandmiller were in New York where Dr. Brandmiller attended the Annual Spring meeting of the American Academy of Pediatrics. Dr. and Mrs. W. J. Tims were in Miami Beach, Florida where Dr. Tims attended a meeting of the American Proctologic Society. Dr. W. J. Flynn will soon be on his way to Moscow to participate in an international panel on Cancer.

SPEAKERS ROSTRUM: Dr. Charles Walter spoke at the Annual dinner meeting of the Youngstown Symphony Society and again at the Annual Meeting of the League of Women Voters. Dr. Robert Wiltsie addressed the Teachers Association of the Severely Mentally Retarded Children on the physicians role in the interpretation of the mental retardation. Dr. Wiltsie recently was appointed to the advisory council of the Mahoning County Board of Child Welfare.

FLYING DOCTORS: Drs. Bertram Firestone and Charles Whitten recently passed their aeronautical examinations and obtained private pilot licenses. Dr. Firestone owns a Beech Debonair which he has named "Tiger". Dr. Whitten has just purchased a twin engine Piper Aztec which will be used for charter service part of the time, such service to be maintained by experienced professional pilots. Dr. R. J. Brocker is also listed among the "flying doctors", having his own plane and soon to take his license examination.

—G. E. D.

PROCEEDINGS OF COUNCIL

The regular meeting of the council of the Mahoning County Medical Society was held on Tuesday, May 22, 1962, at the Youngstown Club, Youngstown, Ohio.

The following physicians were present: C. W. Stertzbach, president, presiding, B. C. Berg, G. E. DeCicco, A. A. Detesco, R. R. Fisher, Frank Gelbman, P. J. Mchar, John J. McDonough, H. P. McGregor, A. K. Phillips, C. E. Pitchette, Asher Randell, H. J. Reese, F. A. Resch, M. S. Rosenblum, R. J. Scheetz, Jack Schreiber, C. C. Wales and C. K. Walter. Also present was Mr. Raymond Chagnon, director of the Health and Welfare Council of the Community Chest, and Dr. S. F. Gaylord. Absent was R. B. McConnell.

The meeting was called to order at 7:10 p.m.

Dr. Stertzbach introduced Mr. Chagnon, who spoke of doctor participation in welfare agency work, as exemplified in a pamphlet, "The South Bend Story." Discussion ensued regarding recognition for the work done by doctors.

Following the discussion, Mr. Chagnon left the meeting.

Because of the length of the agenda, the president requested that the minutes of the previous meeting not be read.

Dr. McDonough and Dr. Schreiber reported on the activities of the Speakers Committee, including more than 60 talks by members, a TV rebuttal program and radio spots. The executive secretary was requested to check on the possibility of reprinting an ad similar to one sponsored by the Electric Co. in the Columbus Dispatch.

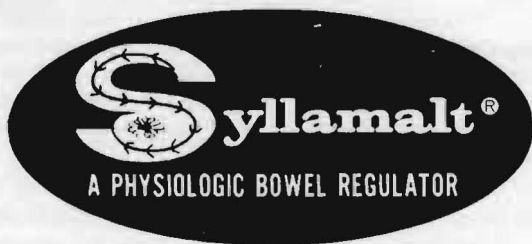

A communication from Dr. Brandmiller was read. It contained an item regarding Boy Scout examinations being given by family doctors instead of a mass basis. The editor of the Bulletin was instructed to print it as is.

A letter from the Cerebral Palsy Center was read, asking for permission to submit article to the Bulletin. The motion was made by Dr. Rosenblum, and seconded by Dr. Phillips that the Cerebral Palsy make up mimeo copies of the article and that the medical society address the envelopes. Motion was passed.

A letter was read from the Eastern Ohio Pharmaceutical Association with an enclosed resolution concerning dangerous drugs and asking support of the resolution. Following discussion, Dr. Gelbman made a motion, seconded by Dr. Berg that the council ask for a clarification of the resolution by the pharmaceutical association.

— FOR CONSTIPATION

Borcherdt's

Has the advantages of both:— **MALTSUPEX[®] & PSYLLIUM**

MALTSUPEX[®]

(Malt Soup Extract)

A food product (not a drug) of enzymatic digestion that encourages the development of an Aciduric **INTESTINAL FLORA** with its natural, gentle stool-softening action.

PSYLLIUM (Highly Refined)

Softens and expands stools for prompt results.

SYLLAMALT results in **LASTING IMPROVEMENT** for the constipated patient. By gradually building up an aciduric intestinal flora, it helps restore normal intestinal function so that the dose may be gradually decreased and eventually discontinued.

SYLLAMALT[®] TASTES BETTER

Maltsupex[®] covers the flat taste of Psyllium

FORMULA:

- Borcherdt Diastatic Malt Extract Powder** **15%**
Borcherdt Malt Soup Extract . . . **35%**
 (non-diastatic barley malt extract neutralized with Potassium Carbonate 1.8%) and fortified with . . .
Thiamine Hydrochloride **1 Mg.**
 in each rounded teaspoonful.
Highly Purified Hemicellulose . . **50%**
 of the husk of blond Psyllium Seed (*Plantago ovata*, Forsk) milled to colloidal particle size.

ADMINISTRATION:

FOR ADULTS: One well rounded teaspoonful of Syllamalt in one-half glass of cool water, milk, fruit juice or other liquid one to three times daily before or after meals. Stir briskly in the liquid. Drink immediately. Follow with an additional full glass of water. Decrease dosage as condition improves.

FOR CHILDREN:

Reduce dosage proportionately to age.

PACKED:

8 ounce bottles with wide mouth to receive teaspoon.

SEND FOR CLINICAL SAMPLES

BORCHERDT COMPANY, 217 N. Wolcott Ave., Chicago 12, Ill.

Delegates Mahar, DeCicco and McDonough reported on the annual meeting of the Ohio State Medical Association.

Dr. Pichette introduced discussion on the Individual Responsibility Plan of the Association of American Physicians and Surgeons. Following his explanation, the executive secretary was requested to get a copy of the standard bill and form for each member of council.

Following discussion, the motion was made by Dr. Pichette and seconded by Dr. Phillips that the position of the individual members of the Mahoning County Medical Society regarding the stand of the A.M.A. versus the King-Anderson Bill should be made unequivocally clear by any means deemed necessary by the Publicity Committee, members, individually, to back the efforts financially.

Dr. McGregor reported on plans for the Canfield Fair and said that there would be more use of public relations material.

Dr. Pichette reported on the rally for elderly people held at the Warner Theater on Sunday May 20, and sponsored by the United Steelworkers union. He reported a slim crowd of 400 persons.

Dr. Reese displayed copies of the Kiplinger Letter reprints of a list of available health insurance for those over 65. The cost of the reprints are \$30.00 for 1000. Dr. Reese made a motion, seconded by Dr. McGregor that \$30.00 be spent for reprints to be distributed to every doctor's office. Motion was passed.

Dr. Rosenblum made the motion that the meeting be adjourned. The motion, second by Dr. Randell, was passed.

—Howard Rempes
Executive Secretary

Wife Line

Health Careers Day, April 26th was a huge success. Katheryn Herald, Becky Friedrich and their committees were very pleased with the outcome. Some 500 girls and boys turned out on their Easter vacation to tour St. Elizabeth's Hospital.

The bowling league closed their season with a luncheon at the Youngstown Club May 2nd. Rose Bowman returned from her Arizona vacation just in time to help Becky Friedrich and Carolyn Resch plan the event. Cash prizes and trophies were awarded to the following:

Winning Team—Ginny Shorten, Juanita Gillis, Belva Hardin and Bess Lowendorf

Second Place—Fran Firestone, Nancy Hutt, Florence Zeller and Helena Costantini

High Game—Eleanor Rappoport

High Series—Fran Firestone

Most Improved Game—Mildred Allsop

Highest Game of a Substitute—Dena Evans

Belva Hardin was elected president for next year, Mary Longacre secretary and Janet Brody treasurer.

May 22nd installation of officers will be held at a luncheon at the Youngstown Country Club. New officers are:

President—Margo Wagner

Vice-President—Katheryn Herald

NEWS ITEMS—The Cook family were all off to Washington, D. C. to see the sights. The John Rogers attended the heart meeting in Atlantic City. Eli and Burt Katz vacationed in Florida. The Jim Calvins are again back on the scene after a year's absence. Calder's were given a 'bon voyage' party—Lucky people are off to Europe. Gloria and Myron Hanysh are popping buttons over their daughter "Ginger." Seems the young lady, a senior in high school, has quite a literary talent. Ginger won first prize in a short story contest for Teen Time Magazine. The Shortens are planning a trailer vacation to California with their family.

Hope you all have a wonderful summer, see you next fall.

Camilla Geordan, Publicity Chairman

Pittsburgh, Pa.

FROM THE BULLETIN

Thirty Years Ago—June, 1932

The health department reported 7 cases of diphtheria, 13 cases of smallpox and 91 cases of scarlet fever. The Municipal Hospital (now the Receiving Hospital) reported a census of 25 cases of contagious disease.

Dr. M. J. Kocialek became a new member. John Lewis was laid up from a back injury playing golf. This writer was in plaster for a fractured ankle from falling off his horse. Paul Fuzy was flying his own plane without mishap.

Council was meeting every Monday evening to discuss ways and means of starting our own central office, telephone exchange and collection service.

Attorney Rollin Hahn addressed the Society on Medico-Legal Problems. He was the leading defense attorney on malpractice suits and when he was in court defending a doctor he could be heard from Struthers to Girard. He painted us lily white and we loved him.

From the "Old Minutes of the Medical Society": Dr. Fowler gave a paper on the "Use of Alcohol." He reported that he had suffered for several years from Callous Ulcers on the exposed portion of his skin. The ulcers had resisted every form of treatment until he was advised to take brandy in small and frequent doses. After consuming about two gallons he thought he was getting the disease under control.

Twenty Years Ago—June, 1942

The Medical Officers Recruiting Board came here on June 18 and called a special meeting. They minced no words. The war was six months old. Recruitment of medical officers was too slow and they wanted Every able bodied physician under 45 years of age, they wanted him Now, so come and Sign Up. After that, staff room conversation consisted of "How old are you." and "What are you going to do?" A check of the membership showed that there were 117 physicians of eligible age.

Walter Tims left to join the Air Force at Patterson Field, Dayton. Herman Zeve was commissioned a Lt. Commander in the U.S. Navy.

Henry Sisek and Edith Frances Regan were married in Cleveland.

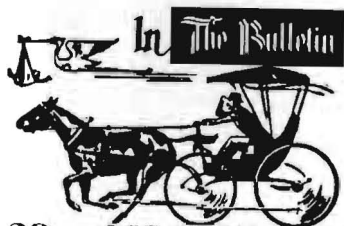

The Medical Dental Bureau had a very successful year and returned the entrance fee to all the members.

Dr. Loren W. Shaffer, Professor of Dermatology and Syphilology at Wayne University spoke that month on "Modern Management of Early Syphilis." He advocated intensive course of arsphenamine and bismuth without rest periods for at least a year after the first negative Wasserman. He discussed the massive rapid treatment with arsphenamine which was in the experimental stage. No mention of penicillin was made.

Ten Years Ago—June, 1952

President Gustafson said that the profits from State liquor stores should be used to operate rehabilitation centers for alcoholics.

President Harry Truman was highly incensed at the A.M.A. because we were instrumental in defeating his attempt to add health care to Social Security. He lambasted our public relations firm, Whitaker and Baxter in a speech before the Veterans in Washington. To which Mr. Whitaker replied "After seven years of the Truman administration, the people's health is about

20 and 10 YEARS AGO

all they have left and it would be a sorry day for America if Mr. Truman got hold of that, too."

At the Ohio State Meeting in Cleveland Fred Dixon, prominent Cleveland rhinologist presided. He was an interne here in 1917. Paul Davis of Akron was made President-Elect and C. A. Gustafson was elected to Council. Dues were raised to twenty dollars. A resolution was passed that restrictions be placed on hospitalization policies to relieve the overcrowding of hospitals due to the unnecessary admissions of patients with prepayment insurance.

Work on the rebuilding of the South Side Unit of the Youngstown Hospital started in January, was progressing rapidly. The Health Department (W. J. Tims) reported 178 cases of measles, 12 cases of scarlet fever, 3 cases of syphilis and 24 of gonorrhoea. No diphtheria and no smallpox.

Ilosone® is better absorbed—It provides high, long-lasting levels of antibacterial activity—two to four times those of other erythromycin preparations—even on a full stomach. **Ilosone is bactericidal**—It provides bactericidal action against streptococci, pneumococci, and some strains of staphylococci. **Ilosone activity is concentrated**—It exerts its greatest activity against the gram-positive organisms—the offending pathogens in most common bacterial infections of the respiratory tract and soft tissues.

The usual dosage for infants and for children under twenty-five pounds is 5 mg. per pound every six hours; for children twenty-five to fifty pounds, 125 mg. every six hours. For adults and for children over fifty pounds, the usual dosage is 250 mg. every six hours. In more severe or deep-seated infections, these dosages may be doubled. Ilosone is available in three convenient forms: Pulvules®—125 and 250 mg.*; Oral Suspension—125 mg.* per 5-cc. teaspoonful; and Drops—5 mg.* per drop, with dropper calibrated at 25 and 50 mg.

This is a reminder advertisement. For adequate information for use, please consult manufacturer's literature. Eli Lilly and Company, Indianapolis 6, Indiana. Ilosone® (erythromycin estolate, Lilly) *Base equivalent
