From the Desk of the President

"NOW WHERE TO"

I was very pleased at the turnout to the October meeting and I sincerely hope that the members who were not able to attend this meeting will find it possible to attend the next several meetings which will occur monthly through the winter season.

I was disappointed in the final vote that we had on the planning association; not that I feel that it's such a great organization but I feel that we can not accomplish much by withdrawing. I feel that withdrawal is actually our ultimate weapon and that we should reserve this for those situations that are really trying or desperate. Short of these situations we should try to be constructively critical and mould the situation to what we consider acceptable. We were asked what were the reasons for the vote that was finally decided and I'm sure that each of the 117 members present had different reasons. I think the rather brutal supression of the doctor's strike in Montreal, Canada, had affected all the physicians present. I feel that we cannot expect much better treatment from our own government. In this kind of a situation I believe that withdrawal would be the only weapon left at our disposal.

In the coming months there is an organizational job that must be done by the Medical Society; to be prepared for whatever legislation is to become law. We will not be able to withdraw from the law. We will have to influence the law before it is passed. We will certainly have to try to influence the law after it's passed to modify it to a more reasonable instrument than what the politicians could possibly achieve. If the law is unworkable, retirement would be our ultimate withdrawal. There are many who by age and fatigue will take early retirement and be relieved of the burdens that go with medical care. There are many, however, who have obligations and who have convictions that will not allow them to retire early. They will have to stay and make the best of whatever the situation is. I would, therefore, ask all of the members to see to it that they can arrange their schedules to be present at the coming meetings. They may be dull. They may be tedious. There may be considerable rhetoric which is tangential. But out of common meetings with our deepest convictions expressed, I have high hopes that we can form a unified program that we can follow. Hopefully it will be attractive enough that others will join us in implementing the programs to the extent that we can achieve goals that are mutually acceptable not only to medicine but to the community.

—Robert L. Jenkins, Jr., M.D.
President

CIVIC CULTURE CENTER**Editorial**

The assets of a community are many, and one is its culture. Youngstown has a fine variety of culture; however, a closer co-ordination may be of significant value. To be entirely separate and independent has its shortcomings. The ever present high cost of maintenance, rental of buildings and cost of production has lead, not infrequently, to a higher cost for tickets than, perhaps, can be afforded by a majority of people.

At times, excellent programs are too closely scheduled to attract large crowds. Would it not be of value to have a more co-ordinated system whereby a representative of the Youngstown Symphony, Playhouse, Ballet, Monday Musical, Lecture Series, and Butler Art Institute would be on a board of directors of a Culture Committee? Other very important members of such a committee would include several representatives of labor, industry, Youngstown State University, public relations, and advertising.

A number of conflicts have ocured whereby an outstanding ballet production took place the same night as a good program or lecture was taking place at the University.

Culture is for and by the people. The high cost of labor increases production cost and, therefore, ticket cost. A method of bringing costs of tickets down would be, perhaps, a county-wide culture tax voted on by the people to help subsidize the area's culture activity as well as reduce the number of expensive stage hands, lighting men, etc.

A closer co-operation, for example, between the Youngstown Ballet and the Youngstown Symphony could well set the example and start the ball rolling. In other programs these methods have been successful. Youngstown could set the example for Ohio.

These suggestions require the determined efforts of a group of people interested in their community, which should also be the interest of all the people of this community.

—J. C. Melnick, M.D.

Editor

NOMINATION OF A PRESIDENT-ELECT

The Constitution and By-laws of the Mahoning County Medical Society states: "No member shall be eligible for nomination or election to the office of President-elect unless said member shall have served for at least two years, consecutively or intermittently, as a member of Council, or shall have been a duly elected delegate from the Mahoning County Medical Society to the Ohio State Medical Association for a like period of time."

In accordance with the constitution, by virtue of having served two years, the following members are eligible for nomination to the office of President-elect:

J. J. Anderson	A. W. Geordan	S. F. Petraglia
H. N. Bennett	S. D. Goldberg	C. E. Pichette
Louis Bloomberg	Henry Holden	M. C. Raupple
W. H. Bunn	Bertram Katz	M. S. Rosenblum
L. P. Caccamo	W. D. Loeser	E. T. Saadi
K. E. Camp	P. J. Mahar	R. J. Scheetz
G. W. Cook	R. B. McConnell	F. L. Schellhase
D. J. Dallis	E. R. McNeal	C. C. Wales
F. A. Friedrich	J. C. Melnick	R. G. Warnock
S. F. Gaylord	R. D. Murray	Kurt Wegner
Frank Gelbman	J. V. Newsome	L. J. Zehr

Not included on the above list are all of the past-presidents of the Medical Society, who would be constitutionally eligible to be nominated and elected to the office of president again.

ATTENDANCE SETS 4-YEAR RECORD

In retrospect, the big story about the October 20th meeting of the Mahoning County Medical Society is not the spirited business meeting with its decisive vote. It's not the excellent program presented by the pharmacists at the first annual meeting of the two organizations. It's the attendance of more than 120 members at a single meeting—the highest recorded attendance since December of 1966, and the second highest attendance in a 7 year period.

In addition to the physicians, a good number of pharmacists were present to hear a panel of the Eastern Ohio Pharmaceutical Association discuss narcotic and prescription laws. The panel was moderated by William R. Roh, president, and consisted of Donald E. Duran, Frank Natale, Eugene Postesto and Russell Ramirez.

At the business meeting which followed, the motion to support the Mahoning Valley Health Planning Association was defeated by a vote of 62 to 55.

The meeting was held at the Cascades Room of the Hotel Ohio. Dr. R. L. Jenkins, president, presided.

1971 DATES ANNOUNCED

Dates have been announced for meetings of the Mahoning County Medical Society in 1971. The regular meeting schedule is as follows:

Tues., Jan. 19	Tues., May 18
Tues., Feb. 16	Tues., Oct. 19
Tues., March 16	Tues., Nov. 16
Tues., April 20	Tues., Dec. 21

In addition, the annual Scholarship Dinner will be on Thursday, May 6 and the Medical Assistants Dinner will be Thursday, November 4.

All council meetings will be on the second Tuesday of the month.

From the Bulletin

THIRTY YEARS AGO — NOVEMBER 1940

In 1940 a person having an income of \$60.00 or less per month was considered indigent and eligible for relief. Medical care of the indigent was adequately covered by the existing welfare agencies. The medical society was giving attention to the problem of individuals and families just above that level, the "low income group".

Ivan Smith and his committee on Prepayment Insurance had drawn up proposals which Council was considering. The *Bulletin* was vague as to details but as this writer remembers the plan outlined was an elaborate one and practically put us in the insurance business. The subject was a hot one at the time and caused much discussion. More on that phase of the Society's history will be given in a future column.

Bill Evans was program chairman and was going all out. In October he had Dr. Edgar V. Allan here from the Mayo Clinic and in November Dr. Henry L. Bockus from Philadelphia, both top-flight. Excerpt from Dr. Allan's talk: "Potassium sulfocyanate is the only drug of several tested that actually will reduce blood pressure. Estimates of blood cyanate concentration must be done frequently until the proper concentration of 9 milligrams per cent is reached. Too much causes skin rashes, nausea and weakness. Sympathectomy is justifiable in some cases and does lower blood pressure. Results with it, however, are not uniformly successful".

No one uses potassium sulfocyanate any more. We are going through the era of rauwolfia, ganglion blocking agents and chlorothiazides but the ideal drug has not been found. Sympathectomy gave Dr Jim Brown many extra years of useful life but it is seldom done now.

In 1940 President Roosevelt was running for a third term against Wendell Wilkie. A page of advertising appeared in the *Vindicator* sponsored by the doctors and lawyers against a third term and it caused considerable stir. One doctor had a big picture of Wilkie in his waiting room and some patients were so disturbed they got up and left. In the *Bulletin* the Medical Crier wrote: "We have found that what patients want from us is good medical care, not opinions about how to run the country. We are considered men apart, like the clergy, and when we get involved in the heat of public discord people look askance. Our influence upon the vote involving so many issues is very slight. Let us stick to our last, improve ourselves as doctors and leave politics alone."

TWENTY YEARS AGO — NOVEMBER 1950

A special assessment of \$15.00 to meet a deficit in Society funds was passed at the October meeting and a motion to increase the dues to \$50.00 a year was to be voted on at the November meeting.

Dr. Fred Dixon, president of the Ohio State Medical Association was here to address the Auxiliary. He was an interne in the Youngstown Hospital in 1918. New active members that month were Ben Brown, Irving Chevlen,

George Cook, Frank Gelbman, DeForest Metcalf, Ed Shorten and Dean Stillson. New interne members were Raymond Catoline, Patrick Cestone, Kenneth Hovanic, Frank Inui, Harold Segall and Frank Shaw.

The Society lost four members by death. John R. Buchanan was an active and excellent orthopedist only 49 years old. Samuel Davidow was a busy and popular general practitioner, well liked by everyone. John F. Lindsay had been retired for years with arthritis but during his time he was one of Youngstown's most prominent physicians. James Mariner was health commissioner of Campbell for 20 years before his death at 64 years of age.

John McDonough became a fellow of the American College of Surgery. F. A. Friedrich entered the general practice of medicine and Merrill Evans opened offices on Mahoning Ave. for the practice of psychiatry.

Editor Coombs wrote: "Without pointing the finger at anyone, it is very apparent that there has been a great let-down in the Society in the last eight years. Our meetings are not attended as they should be; our meetings lack the dignity they used to have; our members do not want to take time to do the committee work which is so essential."

TEN YEARS AGO — NOVEMBER 1960

President Schlecht wrote: "There is considerable pessimism among doctors that domination of medicine by government and pressure groups is inevitable. Perhaps it is, but in a matter so serious, we should not assume that it is without exploring the possibility that it is not inevitable."

"It is not inevitable if doctors meet the mounting challenges and broad obligations that confront medicine. It is not inevitable if we are united in our determination to provide the best medical care for all our people and exercise our rights and privileges as citizens. It is not inevitable if we are alert to the dangers that threaten our moral and intellectual independence. It is not inevitable if the problems are met with the informed understanding and effort of all members. In truth, only doctors can engineer their own debacle."

Editor Schreiber commented on the upcoming Medical Society nominations: "Does the President-elect always need to be rotated between the two hospital staffs? This ancient ritual would imply competition when competition between hospitals is not the issue."

"Must the officers necessarily serve through the succession of offices in order to reach the top? While this gaining of experience produces an understanding of the workings of the Society, it limits experience to a few. Council posts could well include new men every year. There is wisdom in retaining delegates from term to term so that they may become known on the state level, but more physicians should be given the opportunity to serve the remainder of the Council."

Hugh Bennett was elected president of the Youngstown Area Heart Association. Ray Fenton was appointed Health Commissioner for Mahoning County. DeForest Metcalf was elected president of the Ohio Society of Anesthesiologists. Wm. Flynn was elected president of the Ohio Division of the American Cancer Society.

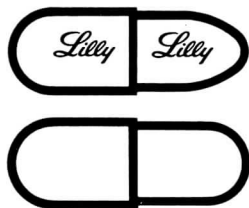

Old friends that we miss: O'Linn's Pharmacy, Blair's Dry Cleaning, Renner's Brewery.

PROCEEDINGS OF COUNCIL OCTOBER 13, 1970

The regular meeting of the Council of the Mahoning County Medical Society was held on Tuesday, Oct. 13, 1970, at the Hotel Ohio, Youngstown.

The following physicians were present: R. L. Jenkins, president, presiding; J. J. Anderson, Louis Bloomberg, B. P. Brucoli, L. P. Caccamo, K. E. Camp, D. J. Dallis, G. E. DeCicco, Henry Holden, J. C. Melnick, J. V. Newsome, C. E. Pichette, M. C. Raupple, J. F. Stotler, J. W. Tandatnick, Kurt Wegner, L. J. Zehr, and W. M. Greissing. The following physicians were absent: R. A. Abdu, S. F. Gaylord, R. D. Murray and Jack Schreiber.

The meeting was called to order at 7:30 p.m. The motion was made, seconded and duly passed that the secretary dispense with the reading of the minutes of the previous meeting.

Bills was read. The motion was made, seconded and duly passed that each bill be paid.

The any-doctor call report of the Medical Dental Bureau was passed around for each member to see.

It was noted that Dr. Panos Zafirides had not yet made application for membership.

Dr. Tandatnick introduced a news article from the *Vindicator* of Oct. 7, 1970. He clarified four paragraphs of references made to the Mahoning Valley Health Planning Association attributed to Dr. Goldberg.

Dr. Caccamo, chairman, reported for the Medical School Committee. He reviewed the medical school dinner and the visit of the consultant for the Board of Regents, and gave some of the plans of the newly formed citizens' committee for the medical school.

A letter was read from the Ohio State Medical Association asking for changes in county medical society constitutions in order to conform with the state association constitution in the matter of allowing osteopathic physicians to be admitted to membership. The motion was made by Dr. Bloomberg, and properly seconded that the matter be referred to the Constitution Committee for necessary changes. Motion was passed.

A letter was read from Larry Smith, D.O., regarding difficulties with a nursing home in Mahoning County. It was noted that OSMA had no answer to the problem and was referring it to the AMA. The secretary was instructed to send a letter to Dr. Smith informing him of MCMS action.

Dr. Jenkins reviewed the agenda for the Oct. 20 meeting. Because of the prospect of a lengthy business meeting in regard to MVHPA, Dr. Greissing, the scheduled speaker, offered to withdraw. His proposal was accepted on the condition that he will be the speaker at some other meeting in the future. Dr. Jenkins urged attendance at the meeting. Cards containing members' names were passed out and each council member was asked to take ten names to call for attendance at the meeting.

Dr. Jenkins announced the names of the Nominating Committee to consist of: Dr. R. B. McConnell, Dr. John J. McDonough, Dr. G. G. Nelson and Dr. F. A. Resch, along with past president, Dr. Tandatnick, and president, Dr. Jenkins. The motion was made by Dr. Pichette, and properly seconded that the names be approved. Motion was passed.

The date of the Medical Assistants Dinner was announced to be Thursday, Nov. 5. Members were urged to send all of their girls.

Diabetes Week was announced to be November 15-21.

Dr. Jenkins appointed Dr. Frank Gelbman to represent the Mahoning County Medical Society on the Mental Health Center Board. The motion was made by Dr. Pichette, and properly seconded, that the appointment be approved. Motion was passed.

Dr. Jenkins announced that the Council of Churches had asked that some physicians meet with Dr. Hagan Staak, bible scholar and teacher at the

School of Religion. The meeting will be Monday, Oct. 19, at the Hotel Ohio, 12:00 noon.

Dr. Tandatnick introduced discussion concerning a strike of specialists in the province of Quebec, where physicians are objecting to the Canadian government medical plan and are refusing to work under it. He noted that nothing concerning the strike has appeared in the area or national news media, and that he had contacted local media concerning news coverage of the story. General discussion ensued concerning government control of medicine.

Meeting was adjourned.

—Howard Rempes
Executive Secretary

DIABETES WEEK UNDER WAY

With Diabetes Week coming up on November 15-21, most physicians will already have received their posters, pamphlets and other supplies and are preparing to give free diabetes tests during the week to all those who come to the office and ask for them.

Society members are asked to keep a record of diabetes tests and the results on the form provided, and to report back to the Medical Society office, where figures are being compiled to be forwarded to the National Diabetes Association.

As usual, distribution of supplies was handled by the Woman's Auxiliary. Having picked up unwanted drug samples at the same time, the ladies are now preparing a shipment of drugs for their World Relief Program. Auxiliary chairman for Diabetes Week is Mrs. John J. Buckley. Medical Society chairman is Dr. S. F. Gaylord. Members of his committee are Drs. H. H. Ipp, M. M. Yarmy, C. H. McGowen and F. L. Schellhase.

S. Q. LAYPIUS OBSERVES

In the private practice of medicine the little personal things are important.

I am not talking about group practice, panel practice or clinic practice although what I say would apply there. I do not mean hospital records, case reports or scientific investigation. I mean treatment of the sick as practiced in Youngstown, Ohio in 1970, where the doctor visits his patients, listens to complaints, answers questions and directs treatment.

Patients are not "cases". They are persons who are sick. They should not be labeled diabetics, cardiacs, nephritics, arthritics or neuros.

I do not like the tag we give people to wear which says "I am a Diabetic". Above all I detest the diagnosis of "Degenerative Arthritis". Patients think that a degenerate is a half-wit with brain damage. I never use the term. It is just as easy to say "Osteo-Arthritis".

You may use big words with your patients. It impresses them but you should explain the real meaning. Osteoporosis means softening of the bones. Thrombosis means a clot. Don't mention "insanity" to the family but "mental illness" is acceptable.

The most delicate situations which test your resourcefulness are mental illness and cancer. It pays to be frank with the family and with the patient, but not brutal. You should tell them honestly what is wrong then they can not say, "You never told me!" But you can soften the blow with a good prognosis.

Never take away hope. Some illnesses are incurable but none are untreatable and life can be prolonged.

Do little extra things above and beyond ordinary care. In our busy routine in the hospital so many little things are missed. Your job is to listen and show concern. Be kind, not brusque to the patient and family. They will love you.

People seldom sue doctors they love.

—J. L. F.

DR. W. H. BENNETT IN HALL OF FAME

Dr. Wendell Bennett, now living in Phoenix, Arizona, was elected to the Cubstone Coaches Hall of Fame at the Oct. 24th Heart Fund Banquet. Along with nominees from eight categories, Dr. Bennett was honored with the presentation of a plaque. His outstanding contribution to sports was in track.

At Rayen High School he won his letter in track and went on to Cornell University where he set a school record in the 440. He also ran the 100 and the 220. He was a prospect for the 1912 Olympics, but was sidelined by a leg injury.

He is still somewhat of a legend at both Rayen and Cornell. In high school, he was captain of the basketball team for two years, captain of the baseball team his senior year, and half-back on the football team that was undefeated in two years. After establishing a national reputation for the quarter-mile at college, he returned to Youngstown and played basketball with the Logan Rifles, a top semipro team.

Dr. Bennett was unable to be in Youngstown for the presentation and his award was accepted by Atty. Jim Bennett.

MEDICAL ASSISTANTS OPENED NEW YEAR

The Mahoning County Society of Medical Assistants opened the new year with a dinner meeting at Berndt's Restaurant, Tuesday, September 10.

Our new president, Joan Dutko, welcomed the members and guests and turned the meeting over to June Kyle, program chairman, who introduced our speaker, Dr. W. D. Loeser. The subject of his most interesting talk was, "The Role of the Medical Assistant in the Doctor's Office." A question and answer period followed which was very informative to all present.

The new year books were presented to the members. A great educational and entertaining program has been planned for 1970-71.

On October 6, 1970, the Society met in Ivy Hall. The speaker was Mr. John Brackett from the Alcoholics Anonymous Center. Much was learned about the procedure of admitting and treating the patients. We were all amazed at the number of people attending their meetings and the great success of this fine organization.

During the business session, presided over by the president, Joan Dutko, plans were discussed by the Ways and Means Chairman, Charlotte Kramer, to make money this year. Be on the lookout for raffle tickets that will be floating around!

Chairman of the Education Committee, Nena LaBarbera, presented the program for our Annual Workshop to be held Sunday, October 18th, at South Unit of Youngstown Hospital. A further report of this will be in the next *Bulletin*. A social hour followed the meeting.

SUPPORT THE MEDICAL SOCIETY FOUNDATION

The Mahoning County Medical Society Foundation is open to receive contributions. Your tax-free donation, either as a direct gift or as a bequest, will serve two purposes. It will give financial help to a deserving medical student from this area, and it will encourage that student to return to this area to practice medicine. Checks should be made out to "Mahoning County Medical Society Foundation," and mailed to the Mahoning County Medical Society, 1005 Belmont Ave., Youngstown, Ohio 44504.

WRITE FOR THE BULLETIN

Members of the Mahoning County Medical Society are encouraged to send contributions to the *Bulletin* for publication. Articles on medical and socio-economic subjects are welcome. Opinions and criticisms (or praise) written as "Letters to the Editor" will be published if they are signed. Also welcome are short personal notes for inclusion in the regular "Bulletin Board" column.

Contributions of all kinds may be addressed to: John Melnick, M.D., Editor, Mahoning County Medical Society Bulletin, 1005 Belmont Avenue, Youngstown, Ohio 44504.
