

SPRING COMMENCEMENT

OF THE FIFTY-EIGHTH YEAR

YOUNGSTOWN STATE UNIVERSITY

BEEGHLY CENTER
SATURDAY MORNING, JUNE TWENTY-FIRST
NINETEEN HUNDRED AND EIGHTY
TEN O'CLOCK

ALMA MATER

All hail to thee, O Youngstown,
 Our Alma Mater fair;
 In sunlight and starshine
 We see thee in all thy glory.
 The Red and the White, thy glorious colors,
 Ever we praise and hold them
 High to the breeze as the symbol of our
 Most loyal allegiance.
 This anthem, O Youngstown,
 Our pledge of trust shall be
 That thy sons and daughters
 Shall keep faith with thee forever.

The Commencement Speaker

DR. EDWARD Q. MOULTON

Dr. Edward Q. Moulton, Chancellor of the Ohio Board of Regents since January 2, 1979, came to the Ohio Board of Regents from The Ohio State University, where he served as Vice President for Business and Administration and Secretary of the Board of Trustees. Over the past twenty-four years, he has also served as President of the University of South Dakota, 1966-68, and in various other faculty and administrative posts.

Michigan State University granted Dr. Moulton his Bachelor of Science degree, in 1947, and in 1948 he earned his Masters degree from Louisiana State University. In 1956, he received the Ph.D. degree from the University of California at Berkeley. Dr. Moulton also attended the University of Wisconsin, and the University of Michigan, Louisiana State University and the University of California at Berkeley awarded his fellowships, and he was elected to membership in Tau Beta Pi, Pi Mu Epsilon, Sigma Tau Sigma, Chi Epsilon, Delta Omega and Sigma Xi honorary fraternities.

He is a fellow of the American Society of Civil Engineers and a registered civil engineer.

Dr. Moulton began his teaching career at Michigan State University and subse-

quently taught at Auburn University and the University of California. In addition, he served as a professor of engineering mechanics and a professor of civil engineering at The Ohio State University. He also served as Acting Chairman of the Department of Geodetic Science and Director of the College of Science and Engineering at the University's former Dayton Campus now known as Wright State University.

During his career, Dr. Moulton has been involved in extensive research and has written on a number of problems pertaining to conservation of water resources. He has also served as an engineering consultant and participated in a wide variety of professional and community projects. At present, he is serving as Chairman of the Development Committee for Greater Columbus and as a member of the Columbus Safety Council.

Born in Kalamazoo, Michigan and raised in Detroit, Michigan, Dr. Moulton served in the United States Navy, during World War II. He and his wife Joy are the parents of four children. She is a certified genealogist, holding a Bachelors degree from the University of California and a Masters degree from Wellesley College.

CANDIDATES FOR DEGREES

Because this list of candidates had to be prepared ahead of time, it is tentative; the diploma is the proof of graduation.

Candidates whose names are followed by an asterisk (*) will be commissioned as second lieutenants in the United States Army.

ACADEMIC REGALIA AND CEREMONY

The gowns, hoods, and caps worn in academic ceremonies today are relics of clothing worn in medieval times by students and professors. In the early universities—Bologna, Paris, Oxford—the undergraduate students had no prescribed academic dress but wore their usual clerical or ecclesiastical habits. The professors wore more colorful academic regalia than their modern day descendants. Probably the gowns and hoods were worn for warmth in the unheated halls where the lectures were delivered. From the sixteenth century on, there is a change to somber black and it is only in the hoods worn in academic processions today that the warmth and color of medieval academic pageantry is retained.

The hoods representing degrees granted by various colleges and universities have linings (turned to exhibit their hues to the fullest advantage) in the colors of the granting institutions. In addition, the facing of the hood represents by its color the discipline in which the degree has been granted: white for arts, letters, or humanities; golden yellow for science; purple for law; green for medicine; lemon yellow for library science; orange for engineering; drab for commerce or business; light blue for education; pink for music; brown for fine arts; apricot for nursing; dark blue for philosophy; scarlet for theology; citron for social work; sage green for physical education. It is possible, also, to determine from the length of the hoods the type of degree held by the wearer—quite long for the doctor's degree, medium for the master's, short for the bachelor's.

Since 1895, in the United States, the colors and types of caps and gowns have been largely standardized; in 1932 the code was revised to some extent, and in 1960 it was revised once more. A few American universities have adopted gowns other than black in color, and in European universities there is more diversity in cut and in the cap than prevails in the United States. Trustees and administrators of American colleges and universities, too, may wear regalia

which is different from that commonly worn. The trustees of Youngstown State University wear a specially designed cardinal gown.

The bachelor's gown is worn closed; the master's gown is worn open or closed, depending partly on its tailoring; and the wearer of the doctor's gown has the privilege of wearing it open or closed. The sleeves of the three types of gowns are of different lengths and cuts, and in addition the sleeves of the doctor's gown have three horizontal velvet stripes. The doctor's gown also has vertical facing of velvet in front. The stripes and facing may be either black or in the color representing the field in which the wearer has received the doctorate.

There are different opinions about the origin of the caps worn in academic ceremonies. One view is that the "mortar board" is in actuality adapted from the wooden square used by masons. Another is that it stems from the ecclesiastical or clerical head covering of the medieval period. The tassels worn on the caps may or may not be of the same types. In some institutions all masters' and bachelors' tassels are black; in others the tassels, which are the same as the colors of the facings of the hoods, reflect the degree received. The tassels worn by doctors may be black or gold thread.

There is something of the same adherence to tradition in commencement processions that exists in academic garb, although each institution has the right to adapt the ceremony to its own requirements. The chief marshals lead the line of march, followed by the president, the speaker, trustees, and other members of the party to be seated on the platform. Then follow the faculty and the candidates for degrees. The procession at the end of the ceremony follows the same order.

Recipients of **University Honors** will receive special insignia, consisting of golden honor cords placed around the shoulders.
