

SPRING COMMENCEMENT
YOUNGSTOWN STATE UNIVERSITY

BEEGHLY CENTER
SATURDAY MORNING, JUNE EIGHTEENTH
NINETEEN HUNDRED AND EIGHTY-THREE
TEN O'CLOCK

ALMA MATER

All hail to thee, O Youngstown,
Our Alma Mater fair;
In sunlight and starshine
We see thee in all thy glory.
The Red and the White, thy glorious colors,
Ever we praise and hold them
High to the breeze as the symbol of our
Most loyal allegiance.
This anthem, O Youngstown,
Our pledge of trust shall be
That thy sons and daughters
Shall keep faith with thee forever.

The Commencement Speaker
and
Candidate for the Honorary Degree
DOCTOR OF HUMANE LETTERS

R. THORNTON BEEGHLY was born in Toledo, Ohio in 1912. His family moved to Youngstown in 1918 and after attending local schools, he graduated from Ohio Wesleyan University in 1934 with a Bachelor of Arts degree in economics. He began his business career in Irvington, New Jersey, with Metal Carbides, a new company organized to market a patented hard-metal. The company moved to Youngstown in 1936 and under Mr. Beeghly's leadership as vice president in 1940 and president in 1959, the company developed a broad line of products used throughout industry and marketed worldwide.

During WW II and the Korean War, Mr. Beeghly served as industry representative on technical committees of the Ordnance Department, U.S. Army, in the design and production of armor-piercing projectiles and ammunition tooling.

Mr. Beeghly joined The Standard Slag Company as executive vice president in 1964 and was elected president in 1968. He also serves as director and officer of the associated companies of Standard Slag. He became chairman of Metal Carbides in 1976 and president of Standard Slag Holding Company in 1983. He is a charter member of Cemented Carbide Producers Association and a member of American Society for Metals and Society of Manufacturing Engineers.

As a prominent civic leader and philanthropist, R. Thornton Beeghly has made important contributions and given freely of his time for the betterment of his community. He has served as president of the YMCA and the Youngstown Hospital Association, vice president of the Community Corporation, director of Bank One of Youngstown and the Mahoning National Bank, and a trustee of Butler Institute of American Art and the Youngstown Symphony Society. He is currently serving as treasurer of the Industrial Information Institute, Inc., chairman of the Board of Trustees of Trinity United Methodist Church and president of Buechner Hall. His position as chairman of a number of major community fund-raising campaigns, as well as awards and citations, attests to Mr. Beeghly's tradition of involvement in the community.

Mr. Beeghly has always shown strong commitment to higher education. He served as trustee of the Methodist Theological School in Ohio, and is presently Mahoning Valley chairman of the Ohio Foundation of Independent Colleges. The Beeghly family has supported higher education through grants to construct the Beeghly Physical Education Center on the Youngstown State University campus and buildings at Mount Union, Ohio Wesleyan, Westminster, Heidelberg, Thiel and other universities.

CANDIDATES FOR DEGREES

Because this list of candidates had to be prepared ahead of time, it is tentative. The diploma, together with a certified transcript, is the proof of graduation.

Candidates whose names are followed by an asterisk (*) will be commissioned as second lieutenants in the United States Army.

ACADEMIC REGALIA AND CEREMONY

The gowns, hoods, and caps worn in academic ceremonies today are relics of clothing worn in medieval times by students and professors. In the early universities—Bologna, Paris, Oxford—the undergraduate students had no prescribed academic dress but wore their usual clerical or ecclesiastical habits. The professors wore more colorful academic regalia than their modern day descendants. Probably the gowns and hoods were worn for warmth in the unheated halls where the lectures were delivered. From the sixteenth century on, there is a change to somber black and it is only in the hoods worn in academic processions today that the warmth and color of medieval academic pageantry is retained.

The hoods representing degrees granted by various colleges and universities have linings (turned to exhibit their hues to the fullest advantage) in the colors of the granting institutions. In addition, the facing of the hood represents by its color the discipline in which the degree has been granted: white for arts, letters, or humanities; golden yellow for science; purple for law; green for medicine; lemon yellow for library science; orange for engineering; drab for commerce or business; light blue for education; pink for music; brown for fine arts; apricot for nursing; dark blue for philosophy; scarlet for theology; citron for social work; sage green for physical education. It is possible, also, to determine from the length of the hoods the type of degree held by the wearer—quite long for the doctor's degree, medium for the master's, short for the bachelor's.

Since 1895, in the United States, the colors and types of caps and gowns have been largely standardized; in 1932 the code was revised to some extent, and in 1960 it was revised once more. A few American universities have adopted gowns other than black in color, and in European universities there is more diversity in cut and in the cap than prevails in the United States. Trustees and administrators of American colleges and universities, too, may wear regalia

which is different from that commonly worn. The trustees of Youngstown State University wear a specially designed cardinal gown.

The bachelor's gown is worn closed; the master's gown is worn open or closed, depending partly on its tailoring; and the wearer of the doctor's gown has the privilege of wearing it open or closed. The sleeves of the three types of gowns are of different lengths and cuts, and in addition the sleeves of the doctor's gown have three horizontal velvet stripes. The doctor's gown also has vertical facing of velvet in front. The stripes and facing may be either black or in the color representing the field in which the wearer has received the doctorate.

There are different opinions about the origin of the caps worn in academic ceremonies. One view is that the "mortar board" is in actuality adapted from the wooden square used by masons. Another is that it stems from the ecclesiastical or clerical head covering of the medieval period. The tassels worn on the caps may or may not be of the same types. In some institutions all masters' and bachelors' tassels are black; in others the tassels, which are the same as the colors of the facings of the hoods, reflect the degree received. The tassels worn by doctors may be black or gold thread.

There is something of the same adherence to tradition in commencement processions that exists in academic garb, although each institution has the right to adapt the ceremony to its own requirements. The chief marshals lead the line of march, followed by the president, the speaker, trustees, and other members of the party to be seated on the platform. Then follow the faculty and the candidates for degrees. The procession at the end of the ceremony follows the same order.

Recipients of **University Honors** will receive special insignia, consisting of golden honor cords placed around the shoulders.
