ALMA MATER

All hail to thee, O Youngstown,
Our Alma Mater fair;
In sunlight and starshine
We see thee in all thy glory.
The Red and the White, thy glorious colors,
Ever we praise and hold them
High to the breeze as the symbol of our
Most loyal allegiance.
This anthem, O Youngstown,
Our pledge of trust shall be
That thy sons and daughters
Shall keep faith with thee forever.

The Commencement Speaker and Candidate for the Degree Honorary Doctor of Science

Today's commencement speaker, **Herbert F. Schuler, Sr.**, is president of General Extrusions, Inc., a Youngstown-based manufacturer of machined aluminum extrusions for various consumer and industrial applications. He is also president of Genex Tool and Die and GEI Corp. of Ohio. Mr. Schuler was honored in June as the YSU Alumni Association's Distinguished Citizen for his outstanding contributions to the University and the community.

Mr. Schuler began his career at General Extrusions, working summers and weekends after school. He attended Lehigh University, then transferred to Youngstown State, majoring in industrial engineering. In 1963, he began working full time at General Extrusions in the sales department, becoming sales manager in 1967, vice president in 1970, and president in 1980.

The company, founded in 1950 by Mr. Schuler's father, currently employs 355 people at the corporate headquarters in Youngstown and at 16 sales offices around the United States.

Mr. Schuler's commitment to engineering education led him and his wife, the former Catherine Muchmore, to fund the Rayen College of Engineering and Technology's Schuler Classroom of the Future in 1997. The innovative space offers distance-learning technology and enhanced computer services to faculty and students in the College and across the University.

Active in his profession, Mr. Schuler has served as president of the Aluminum Extruders Council in Chicago and as chair of the Extruded Products Division of the Aluminum Association in Washington, D.C. Also an active member of the business community, Mr. Schuler serves on the boards of United Community Financial Corporation, The Home Savings and Loan Company, Butler Wick & Company, the Youngstown Business Incubator, and the Ohio Foundation of Independent Colleges.

In 1982, he was recognized as the Youngstown Warren Regional Chamber of Commerce's first Small-Business Person of the Year. The next year, he was honored as the U.S. Chamber of Commerce's Small-Business Person of the Year for Northern Ohio.

ACADEMIC REGALIA AND CEREMONY

The gowns, hoods, and caps worn in academic ceremonies today are relics of clothing worn in medieval times by students and professors. In the early universities—Bologna, Paris, Oxford—the undergraduate students had no prescribed academic dress but wore their usual clerical or ecclesiastical habits. The professors wore more colorful academic regalia than their modern-day descendants. Probably the gowns and hoods were worn for warmth in the unheated halls where the lectures were delivered. From the sixteenth century on, there is a change to somber black and it is only in the hoods worn in academic processions today that the warmth and color of medieval academic pageantry is retained.

The hoods representing degrees granted by various colleges and universities have linings (turned to exhibit their hues to the fullest advantage) in the colors of the granting institutions. In addition, the facing of the hood represents by its color the discipline in which the degree has been granted: white for arts, letters or humanities; golden yellow for science; purple for law; green for medicine; lemon yellow for library science; orange for engineering; drab for commerce or business; light blue for education; pink for music; brown for fine arts; apricot for nursing; dark blue for philosophy; scarlet for theology; citron for social work; sage green for physical education.

Since 1895, in the United States, the colors and types of caps and gowns have been largely standardized; in 1932 the code was revised to some extent, and in 1960 it was revised once more. A few American universities have adopted gowns other than black in color, and in European universities there is more diversity in cut and in the cap than prevails in the United States. Trustees and administrators of American colleges and universities, too, may wear regalia which is

different from that commonly worn. The trustees of Youngstown State University wear a specially designed cardinal gown.

The bachelor's gown is worn closed; the master's gown is worn open or closed, depending partly on its tailoring; and the wearer of the doctor's gown has the privilege of wearing it open or closed. The sleeves of the three types of gowns are of different lengths and cuts, and in addition the sleeves of the doctor's gown have three horizontal velvet stripes. The doctor's gown also has a vertical facing of velvet in front. The stripes and facing may be either black or in the color representing the field in which the wearer has received the doctorate.

There are different opinions about the origin of the caps worn in academic ceremonies. One view is that the "mortar board" is in actuality adapted from the wooden square used by masons. Another is that it stems from the ecclesiastical or clerical head covering of the medieval period. The tassels worn on the caps may or may not be of the same types. In some institutions all masters' and bachelors' tassels are black; in others the tassels, which are the same as the colors of the facings of the hoods, reflect the degree received. The tassels worn by doctors may be black or gold thread.

There is something of the same adherence to tradition in commencement processions that exists in academic garb, although each institution has the right to adapt the ceremony to its own requirement. The chief marshals lead the line of march, followed by the president, the speaker, trustees, and other members of the party to be seated on the platform. Then follow the faculty and the candidates for degrees. The recessional at the end of the ceremony follows the same order.

Recipients of University Honors will receive special insignia, consisting of golden honor cords placed around the shoulders.
