Youngstown State University

Established: 1908

Located: Northeast Ohio

President: Dr. John J. Coffelt

Colors: Red and White

Mascot: Penguin

Students: 15,761

Undergraduate: 14,317

Seniors: 2,492

Juniors: 2,361

Sophomores: 3,145

Freshman: 6,319

Graduate: 1,444

States Represented: 35

Foreign Countries Represented: 50

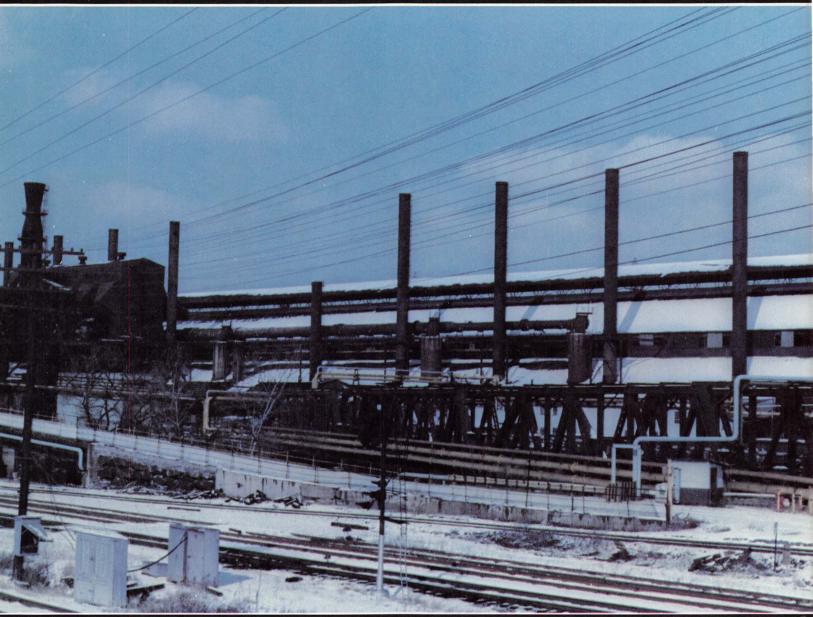

Degrees Offered: 18

Full Service Faculty: 450

Alma Mater

All hail to thee, O Youngstown.
Our Alma Mater Fair:
In sunlight and starshine
We see thee in all thy glory.
The Red and White, thy glorious colors,
Ever we praise and hold them
High to the breeze as the symbol of our
Most loyal allegiance.
This anthem, O Youngstown,
Our pledge of trust shall be
That thy sons and daughters
Shall keep faith with thee forever.

Makin' it -

Photos by Mike Scott.

Makin' it. the theme of the 1982 NEON, is evidenced throughout the daily existence of the residents of the Steel Valley. For example, the closing of the steel industry and all supporting businesses has caused great hardship for those individuals put out of work. Although many people have chosen to leave the area to seek employment elsewhere, there are many residents, long time residents, who have chosen to remain in their city, their home town and make it. In spite of the duration of the economic problems and the shortages of unemployment compensation, somehow these residents have chosen to remain and face the uncertain future in the area of their heritage.

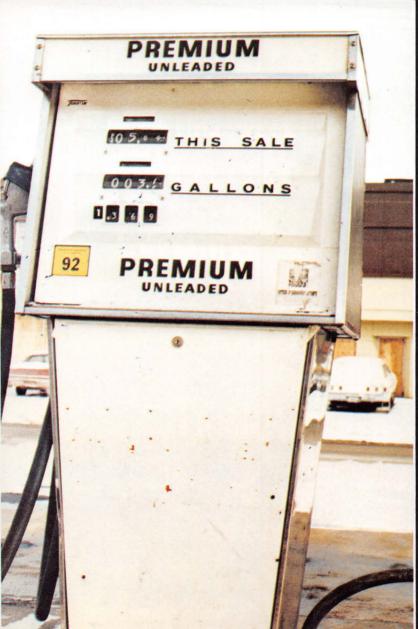

Likewise, those persons dependent upon the auto industry as a livelihood have found their lives tossed into economic uncertainty. Lordstown GM calls people back to work only to lay them off again. Workers accustomed to a certain standard of living are now having to make it on a different, lower standard of living. With the

Makin' it

Photo by Scott Zimmerman

glaring uncertainties of the auto industry these people and their families have withstood the problems, survived the hardships, and remain loyal residents of the area.

In addition to the 17% unemployment rate as compared to 8% nationally, and the unlikely rescue promised during every political campaign, the residents of our area have persevered. We have been able to withstand the \$1.32 per gallon price tag on gasoline, the 16-18% interest rate, the almost incomprehensable price of a new car. and the continual upswing in prices for food and utilities. The resultant problems associated with high interest rates and the havoc they play in the real estate industry serve as another indicator of the extreme conditions the residents of Youngstown and the surrounding areas have endured. Yet ... we continue to make it.

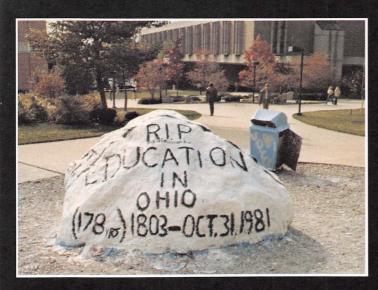

Perhaps one of the hardest hit areas has been academics. The most common theme of Jambar articles

Top Photo by Juan Mendel Bottom Photo by Mike Scott

Makin' it

Photo by Juan Mendel

Top Photo by Larry Fitzsimmons. Bottom Photo by Dean DiStasio

and student discussions in the Pub and Arby's was the economic difficulties plaguing the University as a result of the legislature in Columbus. The huge budget deficits forced upon the University for the 1981-82 and the 1982-83 academic year, will force decisions to be made by the University administration, faculty, and more importantly the students. These decisions will be based entirely on economic needs as opposed to academic or career needs. The most prevelant problem will be the necessity for students to review their economic situation in light of probable tuition increases to see if attending the University is a viable possibility for them economically. The \$4,500,000 deficit facing the University for the 1982-83 academic year, will force the University community into options we would rather not face.

As the year unfolds, possible budget cuts will affect services both academic and non-academic that the University will be able to provide to the students. The inevitable increase

Makin' it -

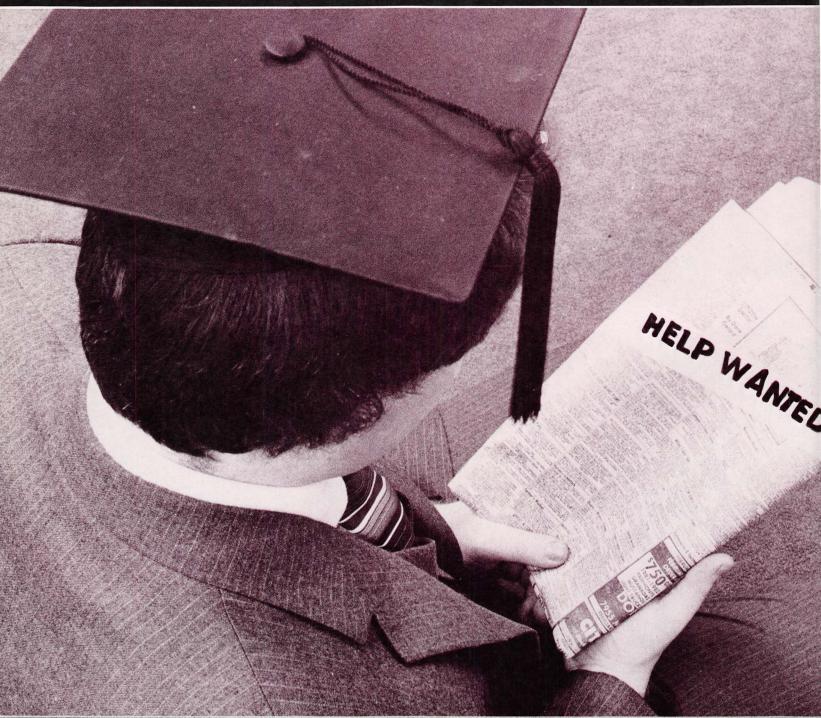

Photo by Juan Mendel

in tuition will place students under additional economic pressures for the next few years. If someone had a crystal ball and could predict the budget of the State of Ohio for the next decade, planning the services and the cost for these services, it would allow students to feel secure in their positions as students. However, with President Reagan's "New Federalism" which forces states to accept currently federally funded programs, the budget cuts enacted across the board in monies for student loans and grants, and the obvious problems encountered by the state legislature will prevent students from feeling "secure" in their positions at the University. Students, faculty, staff and the administration of Youngstown State University are working to reduce the potential impact of the legislature's "miscalculations" in the biennium budget on University services and the student cost for these services. However, as is evidenced in the past, the University community, especially the students, will continue to make it.

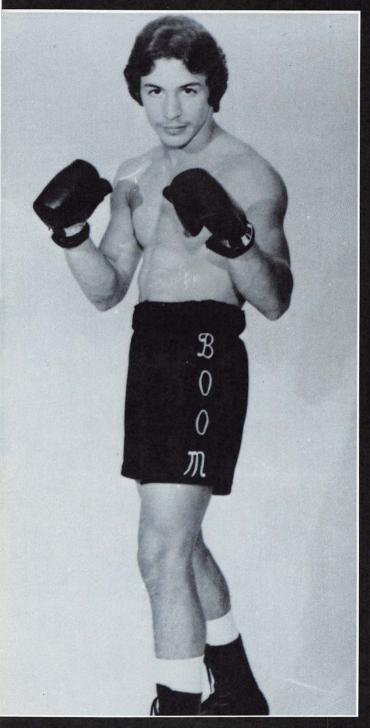

The students who march in those black robes in Beeghly Center have achieved the goal they set for themselves when they entered Youngstown State University. They have made it in spite of or because of those persons they have encountered, those economic hardships endured, and all other assorted obstacles placed in front of them during their years with the University. Students should place a great deal of pride in their accomplishments in the classroom, out of the classroom, and internally. These students have reached a plateau in their lives and the University recognizes their achievements with the conferring of a degree and the giving of the diploma.

Across the Mahoning Valley area, there are other examples of the positive makin' it theme. In spite of the hard economic times the Valley is in, there has been much to cheer about. One of the things most cheered about were the accomplishments of Ray 'Boom

- Makin' it -

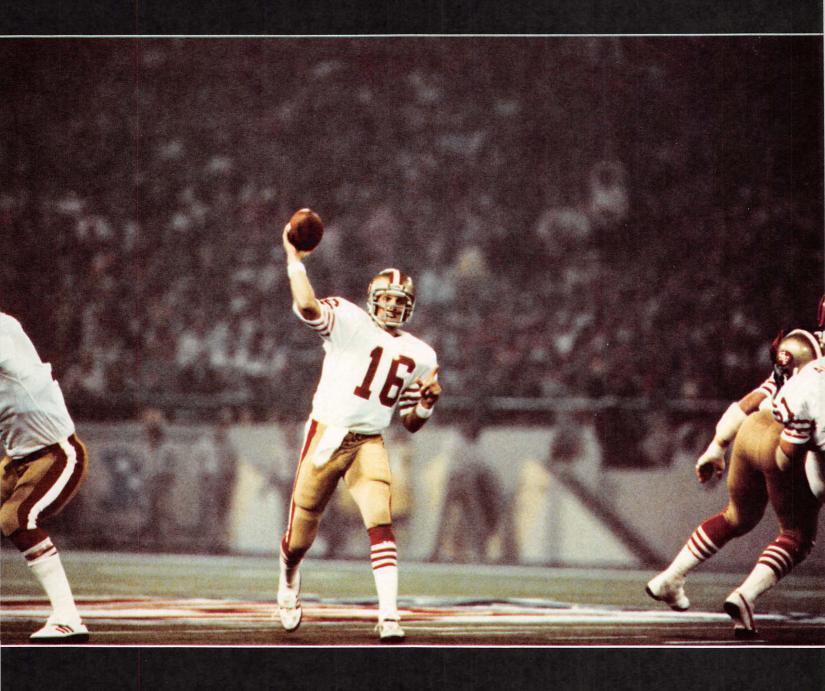

Photo by Dave Fiffick.

Boom" Mancini in and out of the ring. The day he fought for the World Championship, there were few Youngstown residents whose eyes weren't on the TV screen. Each of us who watched Mancini felt every blow he felt and grinned at every blow he delivered to his opponent. Each of us felt the pain of defeat as Mancini went to the canvas. Each resident of Youngstown was proud of our "Boom Boom" as he left the ring that afternoon in Atlantic City. We then marvelled again at his persistance as he rebounded with the next set of victories to resume his march to the title for himself, his father and for all of us. "Boom Boom" is makin' it and we are all confident he will achieve his goal and become the World Champion. No one would be prouder of Ray "Boom Boom" Mancini than the community he was raised in.

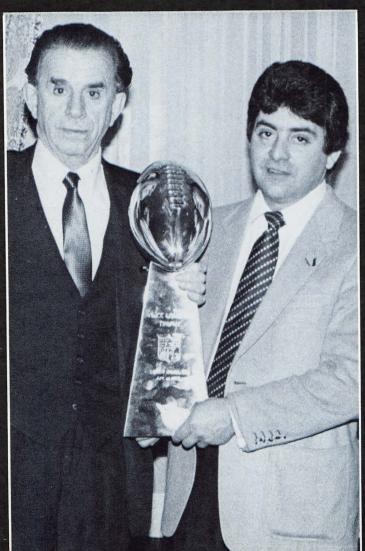

Another example of excellence in athletics from our community was the success of the San Francisco 49ers. Indeed both Super Bowl teams evidence the makin' it theme of the NEON. Cincinnati and San Francisco

- Makin' it -

were losers for the past several years, in fact each team was 6-10 during the 1980 football season. New coaches, new players, new strategies and a new confidence instilled by their coaching staff made them winners. Cincinnati finished with a record of 12-4 while San Francisco finished at 13-3.

The Youngstown connection to the Super Bowl was two-fold. First the Cincinnati Bengals, AFC Champions, come from Ohio and are a team many Youngstown people support annually. Secondly, the owners of the 49ers live and reside in Youngstown — the

DeBartolo's.

The fervor of the Super Bowl was witnessed at Southern Park Mall with the rally sponsored by the DeBartolo's and the 49ers day before the game. When the season began, hopes were high for the teams closest to Youngstown, but as the season unfolded, to longshots appeared as Division Champions, Conference Champions, and then as contestants in the Super Bowl. These two teams represent, in a parallel manner, the Valley in which we live. Each team lived through very difficult times with losing seasons, economic hardships, personnell changes and the like; only to rebound to the elusive goal — playing in the Super Bowl in Pontiac.

So too will the Valley rebound to a time of prosperity through the efforts of the community as a whole. Two recent campaigns were witnessed in our area which are evidence of the pride placed in our community. The first was the "Brag a Little About Youngstown" campaign started by Mayor Vukovich with

Photo by John A. Darnell Jr. (Boardman News)

Makin' it .

billboards, buttons, and advertisements. The second campaign witnessed around Valentine's Day was the "We Love You Youngstown" campaign. Billboards and buttons appeared everywhere with the ever-present red heart to gain support for the community in spite of the difficulties faced by the members. The pride of and affection for the community in which we live will assist in the recovery of the area.

Finally, the economic recovery of the area will be hurried by the

Photo by Juan Mendel

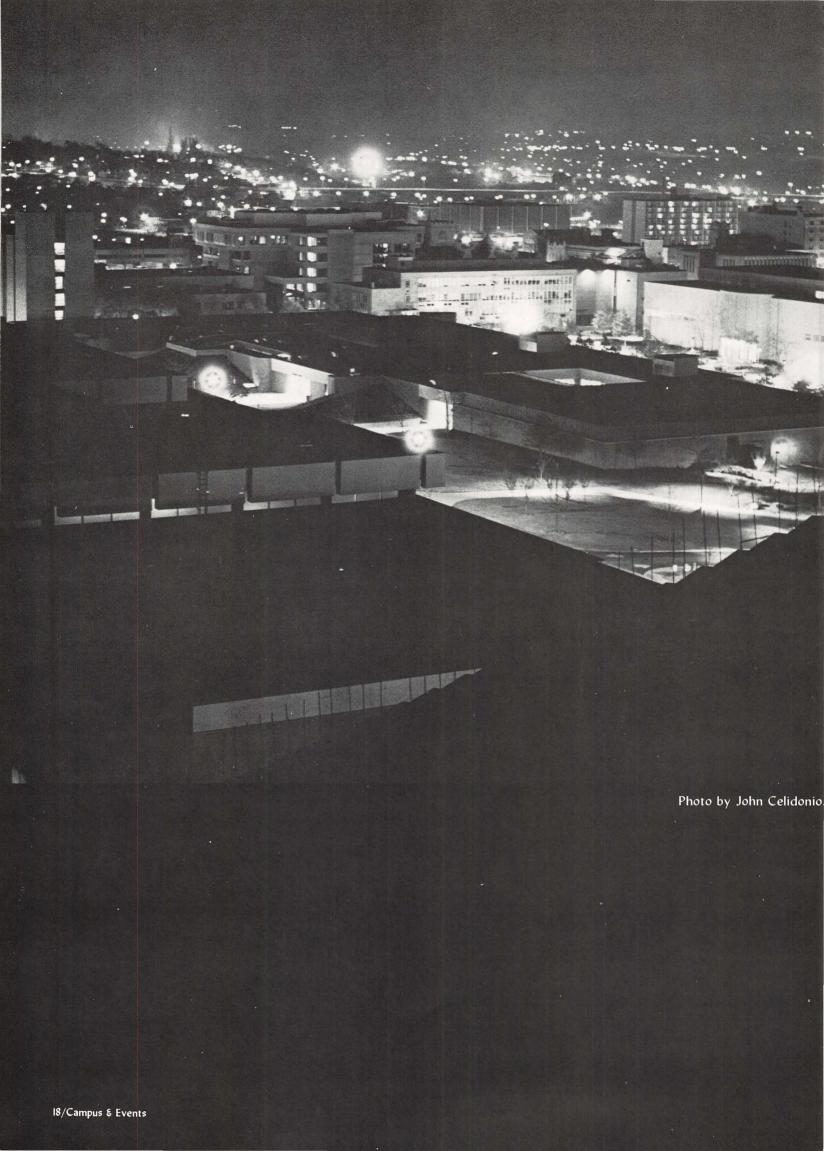

investments made by Hunt
Incorporated and Commuter Aircraft.
Reinvestments in the steel industry
and the use of unemployment
personnell by new industry will
improve the economic situation of
our community. Perhaps more new
industry needs to move into the area,
perhaps the revitalization of the steel
industry, or perhaps a combination of
these two will continue to make it.

As evidenced in this opening, students and residents of Mahoning Valley have withstood adversity and will continue to withstand adversity and . . . make it.

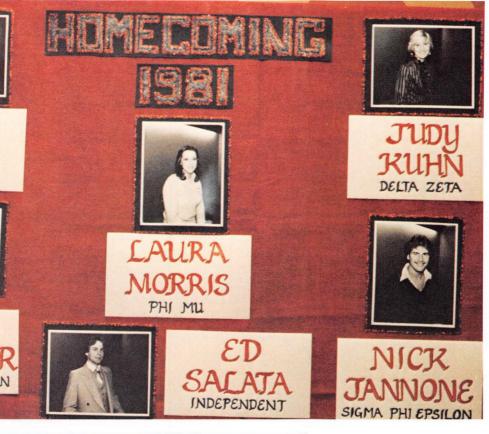

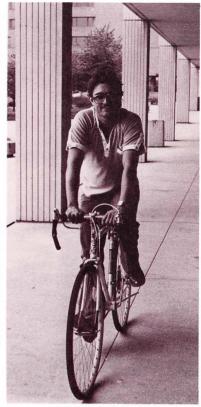

CAMPUS
EVENTS

HOMECOMING 1981

YOUNGSTOWN STATE
UNIVERSITY

1981 Homecoming Chairman; Matt Carlozzi.

The 1981 YSU Homecoming "The Best of Times," proved to be the biggest and most innovating event of the year. The thrill and excitement of fall quarter and homecoming's full week of activities was heightened by the implementing of new games and structural changes.

Matt Carlozzi, 1981 Homecoming Chairman, wanted to make sure that this year's homecoming was the best YSU had ever seen. With the help of committee chairmen and Mr. Robert Stasko, purchasing department, the event proved to be a success.

The week of homecoming, October fifth through the tenth, stood out in the minds of YSU students and faculty for several reasons. Students were aware of Homecoming much earlier this year because of the wooden penguins publicizing the event in June. With one placed inside of Kilcawley Center and one directly outside, students were sure to take notice.

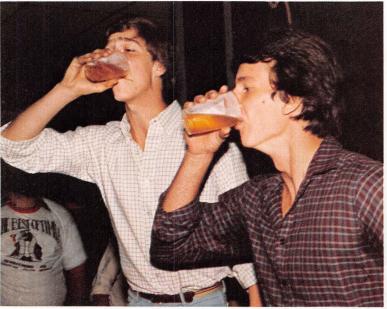

In addidtion to ads placed in the 'Jambar' and fliers and posters displayed in every campus building, Carlozzi involved the city of Youngstown in the event by placing a hugh billboard downtown in Federal Plaza West. Carlozzi and parade chairman, Cathy Reed also appeared on "Good Morning Youngstown" to tell the public about homecoming and several of its changes.

The king and queen candidates were: Nick Jannone, junior, Business; Judy Kuhn, junior, Business; Paul Brubaker, sophomore, A&S; Tammy Mapes, junior, Business; Ed Salata, junior, A&S; and Laura Morris, sophomore, CAST.

Photos by Larry Fitzsimmons

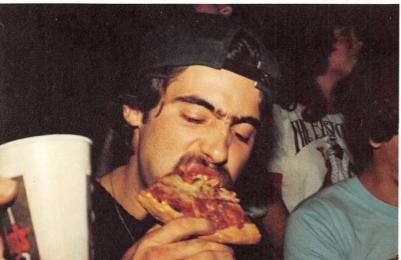

Photos by Larry Fitzsimmons.

Photos by Larry Fitzsimmons.

In addition to last years homecoming games like the beer chug, mini-marathon, V.W. cram, and the donut eating contest, this years students could participate in such games as: ice cream eating, pizza eating, parachute fold, space invaders, ping pong and the monopoly contests. Every day of the week was filled with games in which the students could compete.

Our Downtown Parade

Saturday morning followed with the annual Homecoming Parade. This year, rerouted through downtown Youngstown, the parade elicited increased participation by several organizations through their floats while onlookers cheered them on. "Rerouting the parade through the downtown area will involve the Youngstown community and increase attendance at the football game, especially when the stadium is completed," said Carlozzi. After the parade most of the organizations participating went to Fitch stadium for the game where the float winners and King and Queen were announced.

Photos by Lauren Jones.

A Touch of Class

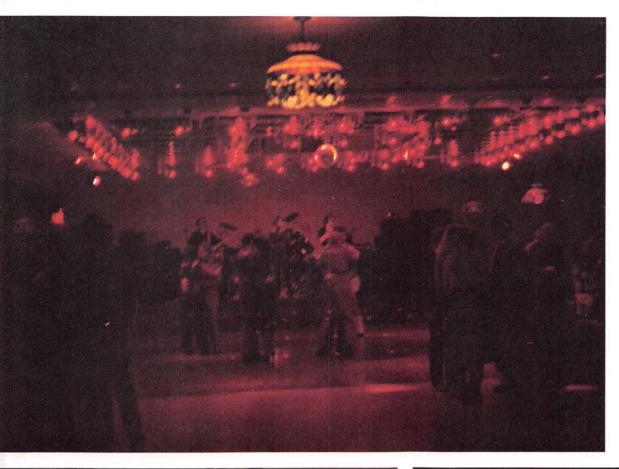

This year's Homecoming crowned Laura Morris, sophomore of CAST, of Phi Mu Sorority, queen and Paul Brubaker, sophomore of Arts and Science, of Sigma Alpha Epsilon Fraternity, king.

Major structural changes occured in the sequence of this year's events. In past years, the informal dance was held on Friday evening, leaving the formal dance until Saturday evening after the parade and football game. This year, however, the evenings for the formal and informal dances were switched, making the formal dance "A Touch of Class" on Friday evening and rounding the week off with the informal dance "It's Just a Fantasy" on Saturday evening. The formal dance was truly "A Touch of Class" at Tiffany Manor where the students could enjoy and dance to Loose Change.

Campus employment is a form of financial aid designed to help over 500 students earn enough money for tuition. The employed students are paid minimum wage for such jobs as clearing snow, ushering at games, working in science labs, working at Kilcawley Center, parking deck attendents, and office work. Requirements for employment on campus are having completed one quarter of school and attending YSU full time.

On January 4, 1982, a new guideline was issued by the Administration at YSU which limited the campus employment to 20 working hours per week. The purpose of limiting the hours was to give more students a chance to work on campus, since the tightening of the financial aid budget will leave some students without any financial aid.

Time Out

The heart of Youngstown State University is the Kilcawley Center. The center offers the university community a place to relax with friends, study for an upcoming exam, or just spend some time while out of class. Also provided is an art gallery, a craft center, a music listening room, a game room, and a television viewing room. Clubs and organizations use the many conference rooms for their meetings and events. Located in Kilcawley West is the university bookstore which contains all the books and supplies needed by the student. For those who wish to know about the university events and services, the information booth is available to provide the answers. Kilcawley Center also offers several eating facilities with a wide choice of meals. They include Arby's, The Terrace Room, The Wicker Basket, The Kilcawley Residence Hall, and The Pub. The Creamery, a candy counter, and various vending machines are available for anyone wanting a quick snack. Several enclosed lounges allow for quiet study while open lounges are available where one can relax and talk with to friends.

This past year saw several changes to the Kilcawley Center in an effort to keep up with the needs of the university as it changes and grows. One major change was the construction of the new dining facility, the Terrace Room. The Terrace Room is an entirely new addition located on the north side of the center. Its design allows for quicker service and plenty of seating. Other changes include the relocation of the art gallery, the addition of the special lectures lounge, the expansion of the pub, the redesign of the game room, relocation of the copy center, and the remodeling of the Buckeye Suites. The center has undergone additions and remodeling three different times since its original completion in 1967.

The center provides many students with part-time employment throughout the school year. The center is staffed by 60 full-time employees and an additional 190 part-time employees.

Sigma Alpha Epsilon Fraternity — Winners of the 1982 Greek Sing.

Photos by Clem Marion

Greek Sing

The 30th Annual Greek Sing was held on Friday, April 30 at Stambaugh Auditorium. It concluded four months of practice for fraternities and sororities with Alpha Omicron Pi Sorority and Sigma Alpha Epsilon Fraternity emerging victorious.

Alpha Omicron Pi won both first place in the sorority division and for best new group with its song performance of You

and Me Against the World. As an added highlight, one sister sang the song while doing it in sign language.

In the fraternity division, once again Sigma Phi Epsilon took the first-place trophy. The Sig Eps performed Softly for their competition song.

Taking second place in the sorority division was Zeta Tau Alpha, which sang Trust, while Phi Kappa Tau took second place in the fraternity standing with Let It Be Me

The evening's festivities began with a welcome from mistress of ceremonies, Linda Blackford of *Phi Mu*. Opening remarks were then given by Dr. Bernard Yozwiak, A&S Dean.

Master of ceremonies John Kowalczyk of *Nu Sigma Tau Fraternity* then presented the dedication of the *30th Annual Greek Sing* to Dr. James Kiriazis. Kiriazis has served the Greek system as advisor for the *Phi Sigma Kappa Fraternity* for the past 25 years.

Annette Ciavarella performs You and Me Against the World in sign language.

Winning Sorority was Alpha Omicron Pi.

Delta Zeta - Sorority of the Year

Following the dedication, sorority and fraternity competition began. After all the songs were completed and while the judges were tallying the voting, the Yongstown Chapter of the *Sweet Adelines* performed several numbers, which ended in a standing ovation.

Before the judges announced the final results of the evening's competition, serveral awards for both Panhellenic and Interfraternal excellence were given.

Delta Zeta won both Outstanding Chapter and the Panhellenic Scholarship Cup. The Delta Zetas marked their fifth straight year for winning the scholarship cup with a 3.0l overall Grade Point Average.

Helping the *Delta Zetas* receive the scholarship cup was Judy Kuhn, who won the individual Panhellenic Scholarship

with a 3.91 GPA for the second year in a

Dave Zippi of *Nu Sigma Tau* received the Interfraternity individual scholarship award.

In the fraternity standings *Phi Kappa Tau* won both Fraternity of the Year and the Scholarship Cup to mark its fourth straight year, while *Sigma Phi Epsilon* received the All-Sports Trophy.

Shari Duda of *Delta Zeta* won the Sorority Woman of the Year Award, which is based on Greek involvement on campus. David Shields of *Theta Chi* received the award for Fraternity Man of the Year.

Also recognized Friday evening were Kathy Sheridan of *Phi Mu* and Duda for their work as student assistants in the Student Activities Office.

Linda Blackford and John Kowalczyk won awards for their work as co-chairpersons for Greek Program Board, while Jack Fahey, Student Activities Coordinator, and various other students won awards for their involvement in Panhellenic and Interfraternity Councils and Greek Program Board.

As the evening's festivities came to a close, over 740 people filed out of Stambaugh Auditorium, and the participating groups were left with memories of this year's Greek Sing and hopes for next year.

Fraternity of the Year and Scholarship Cup Winner — Phi Kappa Tau.

CAROUSEL

 $\ref{Carousel}$ was a sensational beginning to a sensational theatre season. $\ref{Mathematical}$ — Dr. Dennis Henneman (Director)

Rodger's and Hammerstein's *Carousel*, presented on Nov. 12-14 and 19-21 went on to earn the best attendance record in YSU theatre history with almost 2500 people viewing the performances. Five of the six performances were sold out, and several had waiting lists.

Starring in featured roles were Maribeth Miltner as Julie Jordan, David King as Billy Bigelow, Stephanie Cambro as Carrie Pipperidge, William Ambert as Enoch Snow, Cynthia White as Mrs. Mullin, Suzanne Rouse-Rudnytsky as Nettie Fowler, Ed Beckwith as Jigger Craigin, and Sue Miracle as Louise.

Over 35 people appeared on stage, while just as many worked behind the scenes on the various production crews.

Assisting Dr. Henneman (Director) were: Dr. Frank Castronovo (Scenic Designer/Technical Director), Leah Flock (Choreographer), James Murcko (Musical Director), Jane Shanabarger (Costume Designer), and Denise Alfredo, Dennis Klase, and Cynthia White (Assistant Directors).

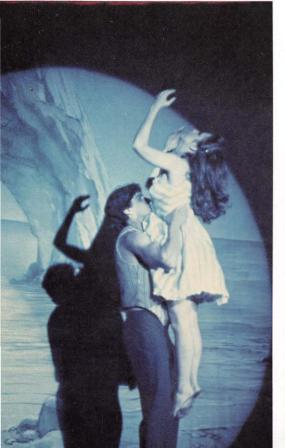

The performances of *Carousel* will never be forgotten by all those who were involved. $\mathcal{I} - D.H.$

Photos by Juan Mendel and Dean DiStasio

The cast, crew, and directors were particularly pleased with the warm and enthusiastic response they received from the audiences.

— D.Н.

A THURBER CARNIVAL

The Tony Award-Winning musical revue A Thurber Carnival, by Ohio-born humorist James Thurber, was presented in the YSU Spotlight Experimental Theatre in Bliss Hall. It played to record audiences during its run from January 7-10 and 14-16. A Thurber Carnival's small cast consisted of Edward Beckwith, Stephanie Cambro, Fran Carothers, Nick DePaola, Justin Gorrence, Peggy Millard, Tom Pesce Jr., W. Rick Schilling, and Kassy Vogel. They were backed by a quartet consisting of Brooke Hopkins (Music Director) on piano, Chad Ireland on Drums, Milton Ruffin on Bass, and Greg Ball on Sax.

Dr. Frank Castronovo (Director, Scenic & Lighting Designer,) along with Marie Pesce (Choreographer), Jane Shanabarger (Costume Designer), and the many people behind the scenes made A Thurber Carnival a fun filled evening for all those who attended a performance.

♠ A highly successful run with a talented cast. When you have a talented cast and a talented choreographer, the directing is easy.

■ Dr. Frank Castronovo — Director.

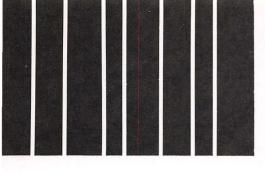

All Photos by Juan Mendel and Dean DiStasio

OTHELLO

William Shakespeare's classic, Othello was presented February 25-27 and March 4-6 at the Ford Auditorium, Bliss Hall by the Speech Communication and Theatre Dept.

Directed by Dr. Dennis Henneman, the production starred guest artist Earle Hyman in the title role, Cynthia White as Desdamona, Stephanie Cambro as Emilia, Dave Wheeler as lago, Justin Gorrence as Cassio, and W. Rick Schilling as Roderigo.

Earle Hyman had the distinction of assuming the role of Othello for his 21st time, in this YSU production. He has performed for King Olav of Norway, King Frederick and Queen Ingrid of Denmark, and has appeared in over IOO television shows. Earle is also listed in Who's Who in Black America.

Assisting Dr. Henneman in the production were Dr. Frank Castronovo (Scene Design & Technical Director), Jane Shanabarger (Costume Design & Construction), Francine Papp (Jewelry Design), Stephanie Cambro & Gwen McConnell (Assistants to the Director), Mark Covert & Nicholas DePaola (Technical Assistants), Cynthia White (Costume Assistant), the 18 actors appearing on stage and over 50 people working on the various production crews behind the scenes.

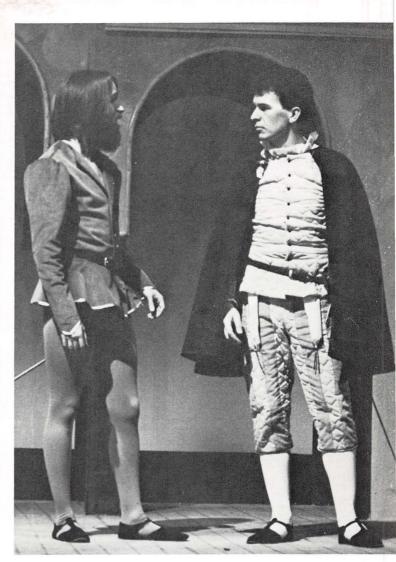

Photos by Juan Mendel

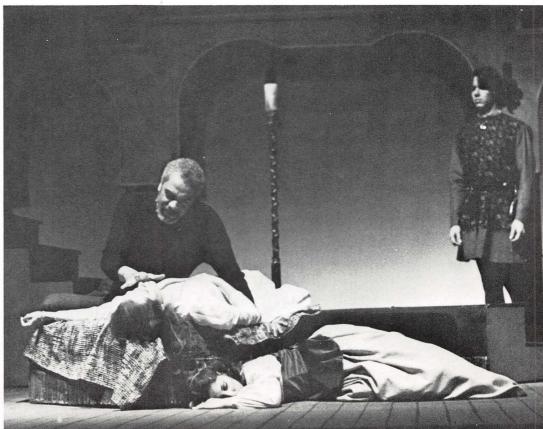

Immediate reactions are always exciting, it seems to me, and always true, and never more so than when they are the reactions of really gifted and enthusiastic performers like this fine cast that Dr. Henneman has assembled. What joy and inspiration it is to work with them! We are a team and so the "hot wire" of tradition buzzes on, and I am deeply grateful.

- Earle Hyman

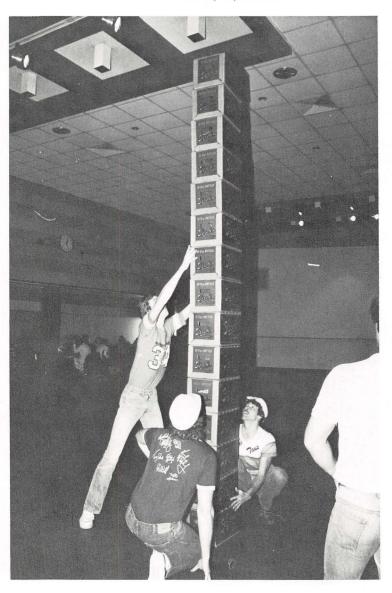

Winter Weekend

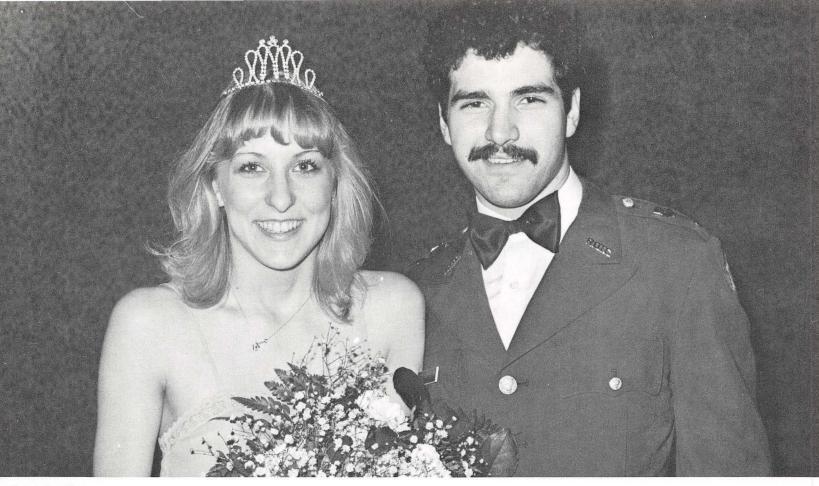

Strotis

Photo by Larry Fitzsimmons

Photos by Dino Bovo

Photos by Larry Fitzsimmons

Winter Weekend

If you were suffering from the midwinter blues you may have found some relief by participating in the winter weekend activities.

The weeks festivites began with activities such as the Stroh's case stacking contest, and the jello eating and bubblegum blowing contests, in which all winners received winter weekend t-shirts.

On Friday, Thomas John of WSRD, spun records and asked trivia questions while students drank free beer in the Chestnut room. In the evening Arby's was transformed into a casino with dealers and casino women. Students tried their luck at Black Jack, Roulette and Poker while Paradise performed in the Chestnut room and Little Joe performed in the Pub.

On Saturday the week's activities came to an end with the formal dance at the Regency House, where the King and Queen were named: Marie Stein, of Zeta Tau Alpha Sorority; and Dennis DiMartino, of Sigma Alpha Epsilon Fraternity.

Winter weekend was cosponsored by the greek program board.

Gambling The Night Away

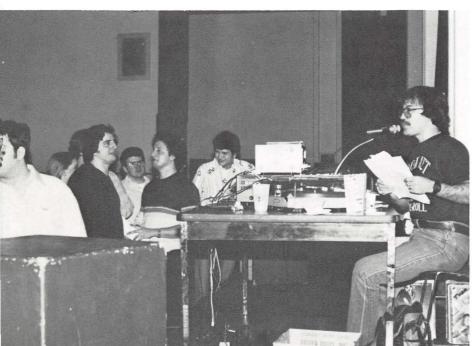

Photos by Juan Mendel

The 1982 Mr. and Miss YSU contestants were: Jeff Wollet Tau Kappa Epsilon, Donny Cutrer Sigma Alpha Epsilon, Richie Cantanzriti Phi Kappa Tau, James Lockshaw Math and Computer Science Club, José Juan The Polyglot, Vilma Fernandez The Polyglot, Cindy Taylor Phi Mu, Karen Plak Zeta Tau Alpha, and Deanna Welling Delta Zeta.

All Photos by Juan Mendel

On Friday January 22, Alpha Omicron Pi and Nu Sigma Tau sponsored their First Annual Tribute to Rock and Roll Dance, and Mr. and Miss YSU Contest. On hand for the dance was Thomas John (local DJ) spinning the great hits from the '50s and '60s and asking trivia questions to the audience offering prizes for the correct answer. Contestants for the Mr. & Miss YSU contest represented various organizations on campus. Voting was based upon the amount of money received from nickel voting in the Kilcawley Arcade, the contestants' outfits, and two questions. Mr. and Miss YSU of 1982 were Richie Cantanzriti and Deanna Welling.

Black History

February was the I2th annual Black History Month at Y.S.U. The theme was "The Desiny of Black America: A Time for Decision." As hosted several guest lectures, entertainers, art displays, and held workshops throughout the month.

A well received speaker was Dr. Tsma'el Jamal, director of the Institute of Self-Healing and research associate at the New Jersey College of Medicine and Dentistry. His seminar was on holistic health and titled "Mental Health, Stress, and Your Diet."

Black History Month also brought reknown black entertainers to the campus, a special visitor to the University was black classical actor Earle Hyman. Selected as YSU's Wean Lecture-ship Artist-in-residence, Hyman participated in a series of seminars and master classes throughout the month and rehearsed and performed the title role "Othello" with the YSU

Performing a musically unique and compelling sound was the 2lst Century Steel Band of Trinidad. Using old oil drums curved into various lengths and hammered into certain concave shapes, a wide range of sounds and rhythms are produced.

Another evening of entertainment was provided by YSU art professor and program coordinator, Alfred Bright. Bright gave a live painting performance with a live jazz band providing the background music.

Artist, Al Bright gives a live painting performance.

Earle Hyman, classical actor and Wean Lectureship Artist-in-Residence.

Above: 21st Century Steel Band performs for an enthusiastic audience. Below: The audience was encouraged to come up and view the musical instruments.

On Dec. 4, Phi Beta Sigma held its First Annual Miss Phi Beta Sigma Ball in the Chestnut Room of Kilcawley. Amidst the beautiful blue and white decorations was the throne to be occupied by one lucky lady, and this was Ms Eartha Banks. Two brothers singing the coronation ballad made this a very special occasion.

The B-Minors — Jody Rizer Senior, John Chianese, Benny Neill Senior, Don Yallech.

Photo by Dean DiStasio

B-Minors

The *B-Minors* gave their first performance at the Student Art Show at Butler Art Institute in 1981. From that beginning they went on to become the most popular band in the Youngstown area, especially with YSU students.

"It was really neat that the thing started for us at the Student Show. That was a great feeling. Art and music should go hand in hand." — Yallech

"When we first started out, I felt if people weren't dancing, they didn't like us. And it's still nice when people dance, but it's not as essential anymore." — Neill

"This is the perfect opportunity for me to learn from these people. I want to add conscience — a sort of responsibility to the public." — *Chianese*

"If the music is bouncy and fun, they're going to come back, and eventually it's going to seep in. When they start listening, they'll start being aware of what we're doing." — Rizer

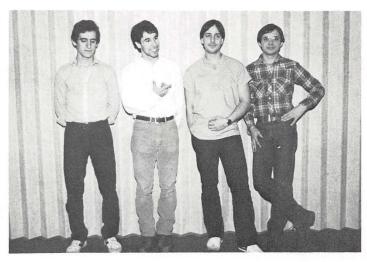

Photos by Juan Mendel

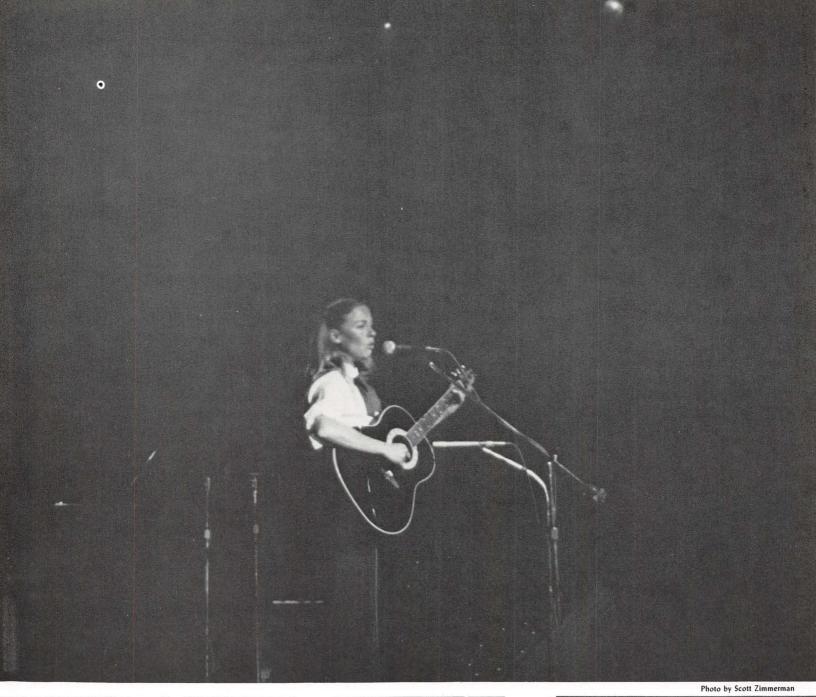

The Elements

The past year brought a variety of new bands and music to the campus. *The Elements* were one such band performing a new and original style of music. Composed of three YSU students and one YSU graduate, *The Elements* were noted for their capabilities on a variety of musical instruments.

The Elements — Carmen Leone A&S, John Koury F&PA, Florian Palmer. Engineering, Andy Kuth F&PA.

KCPB PRESENTS

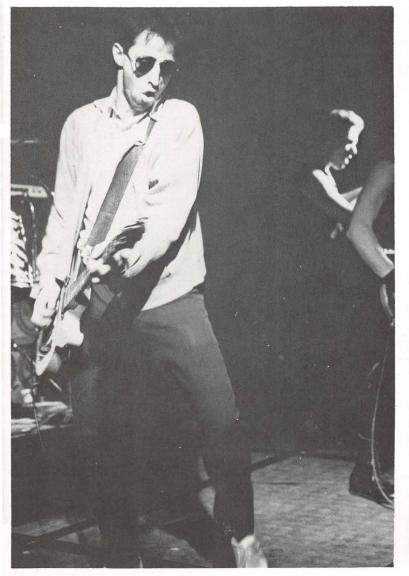

HELEN
HUDSON
TONIGHT IN
CHESTNUT ROOM
8 PM
IN CONCERT
FREE

Helen Hudson, singer and songwriter, performed in the Chestnut Room on November 4, 1981. In the first half of the concert, the audience listened to songs from her first album, "Playing for Time". During intermission she took time out to autograph album covers. Hudson introduced her new songs in the second half.

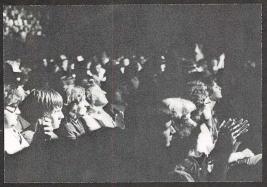

Photos by Dino Bovo

Norm Nardini and the Tigers

Norm Nardini and the Tigers, a very popular Pittsburgh band entertained a capacity crowd in the Chestnut Room. Noted for being a high-energy act, the band put a great deal of energy into both their music and the audience. Nardini left the stage several times to perform guitar solos in the midst of the crowd. The response of the fans was one of wild acceptance. At the end of the performance both band and audience were drained.

The award-winning country music group *Alabama* and country singer Janie Fricke presented a concert on March 13, 1982 for a crowd of 3100 at Beeghly Center.

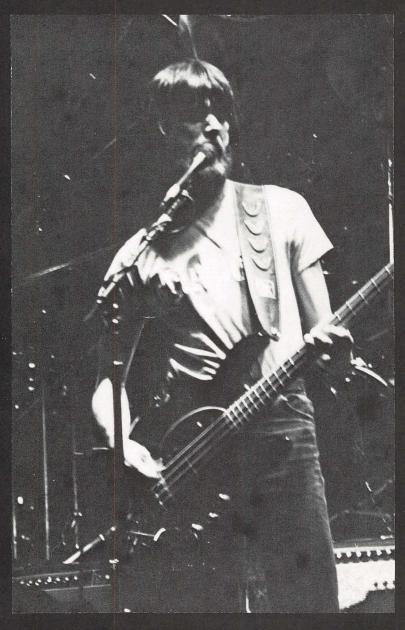

The groups appearance was sponsored by the Student Government Major Events Committee.

Alabama was nominated in five categories of the Country Music Academy in 1981 and were selected winners in the instrumental group and vocal group categories.

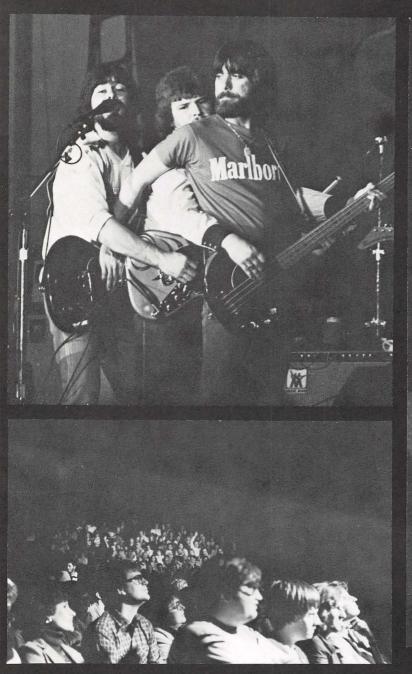

(Special thanks goes to Rick Beckett for providing a much needed press pass to the NEON.)

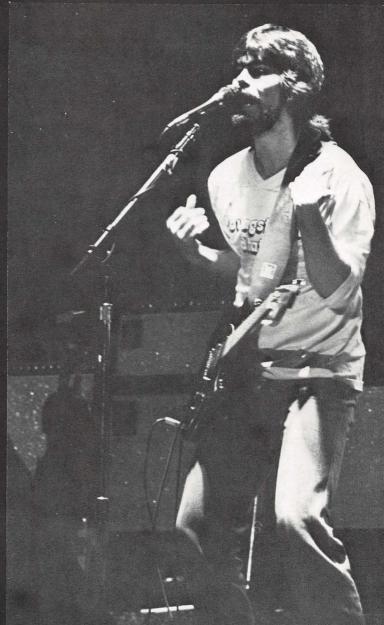

Photos by Larry Fitzsimmons

Photos by Larry Fitzsimmon

Before a packed house on Wednesday, March 3 in the Chestnut Room, The YSU Jazz Society, Jazz Ensemble I, and Jazz Ensemble II exposed their talents at the *Annual Jazz Night at YSU*. In addition to classic jazz and the I940's big band sound, the groups incorporated many innovative arrangements and solos into the concert. These gifted students both impressed and entertained the enthusiastic crowd, and at times had the audience clapping and dancing in the aisles. YSU Jazz Night proved to be a success, and an enjoyable evening for all.

Left: Ex-Oakland Raider Ben Davidson. Above: Dating Game contestants — Becky DiCola Phi Mu, Alice McClay Math & Computer Science, Joyce Seiple Zeta Tau Alpha, Liz Vieitez Alpha Omicron Pi, and Lori Lawman Delta Zeta. Boots Bell was master of ceremonies.

On February 12th, the Phi Kappa Tau fraternity held its Fourth Annual Valentines's Day Dance. The dance was co-sponsored by the Miller Brewing Co. and all proceeds were given to charity. As in the previous years, there was a dating game midway through the dance. Boots Bell MC'd the game and girls from various organizations participated. This year's guest celebrity was Ben Davidson, the Ex-Oakland Raider who now does commercials for Miller Beer. As his date for the evening, Ben chose Lori Lawman and the two spent an all-expense paid evening (courtesy of the VIP) at the VIP in Niles. The grand prize of the evening was a diamond pendant donated by Jerry Lee's.

After the dance there was a free party at the Phi Taus for people who attended the dance. At the party Ben Davidson was around to sign autographs and talk to the students about his football career. The night was a great success and a lot of fun for all attending.

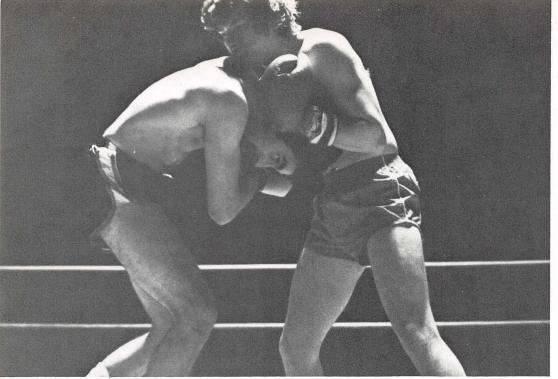

Fite-Nite

The Brothers of the Sigma Phi Epsilon fraternity in cooperation with the American HeartAssociationsponsored their I5th Annual Fite Nite Saturday, April I7th in Beegly Center Gym. The first Fite Nite was held in 1967 at the Eagles Ballroom on Rayen Avenue.

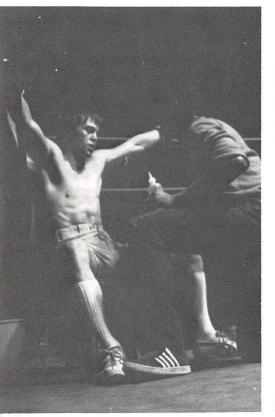

Byron Berroteran and Jim Sympson at a 135 pound match-up led off the bouts for 1982. Former Y.S.U. football player Larry Sabino, a four-year starter for the Penguins, met with Jerry Wilson in a 245 pound heavy-weight match to conclude the event. Dave Mosure was chosen as "Fighter of the Evening." Chairmen for this event were David Prins and Chris Marasovich.

The Red Cross in cooperation with the Y.S.U. Student Blood Committee held blood drives quarterly in Kilcawley Center. Blood donations at Y.S.U. guarantees blood to any member of the Y.S.U. community, including students, faculty, administrators, and staff. The donor's immediate family is also covered if the need arises.

Student volunteers ran the donor registration and assisted in placing numbers on bags and vials. They also served orange juice and doughnuts to restore the donor's strength. Red Cross members sampled the donor's blood and did the actual drawing of blood. Many of the campus organizations participated in a blood donor's competition.

WBA World Lightweight Champion Ray Boom-Boom Manicin and his proud parents.

On October 13, 1981, over four hundred friends and well wishers gathered in the Chestnut Room for Ray "Boom Boom" Mancini Appreciation Night. The reception afforded the entire YSU. community the opportunity to publicily honor a deserving young man and to cheer his remarkable accomplishments. The gala event was initiated by Alpha Epsilon Rho President Gloria Allen and successfully carried out due to the support and effort of RHO members, especially Anita Kay, Barry Logan, Nan Hudak, Faith McCarthy, Bob Gugliotti, Chuck Siman, and Bruce Burge.

The evening's agenda included a highlighted fight film tracing the professional career of Mancini. The film, which was shown on various television sets positioned around the room and also on a giant screen at the front of the auditorium, was narrated by Chuck Fagen, Mancini's training camp coordinator.

Several dignitaries were on hand to give their remarks of appreciation, including Judson Flint of the Cleveland Browns, Boxing referee Joey Bishop, A.C. McCullough (WHOT DJ), Attorney R.J. Vesmas of the Warren Boxing Commission, Mayor George Vukovich, and Congressman Lyle Williams who declared "Right now, flying over the nation's capital is the United States Flag in honor of Ray Mancini."

Ray and his family were deeply moved by the love and support expressed during the event. Ray told the cheering crowd, "You shouldn't be here to honor me, I should be thanking you; you are the people that have made me what I am ... and there's not enough I can do for you, but to thank you for coming tonight."

Of course, Alpha Epsilon Rho Broadcasting Society was deeply grateful to Ray Mancini and his family for spending their evening at Youngstown State and graciously donating proceeds from the event to the YSU student scholarship fund for the Raymond Mancini scholarship.

Alpha Epsilon RHO President, Gloria Allen, introduces Boom-Boom to the audience.

Alpha Phi Delta Fraternity presented their first annual "Bounce Around The Clock", 48 hour basketball marathon for the benefit of the Easter Seal Society of Mahoning County on April I, 2, & 3.

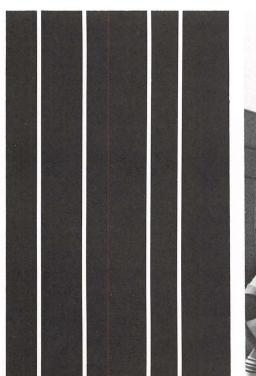

This year's marathon, which will become an annual event, raised \$700.00 for handicapped children and adults.

The marathon was highlighted by a game between Alpha Phi Delta and the WYTV Basketball team.

Chairmen for this event were Dave Tammaro and John Sasse. Cold bodies and sore feet were predominant but all for a worthwhile cause.

MINI-MARATHON

The Third Annual Homecoming Mini-Marathon was held on Oct. 7, 1981, as part of the Homecoming festivities. Coordinated by Jack Neville, Instructor in H&PE, this 2 ½ mile event attracted 39 men and women.

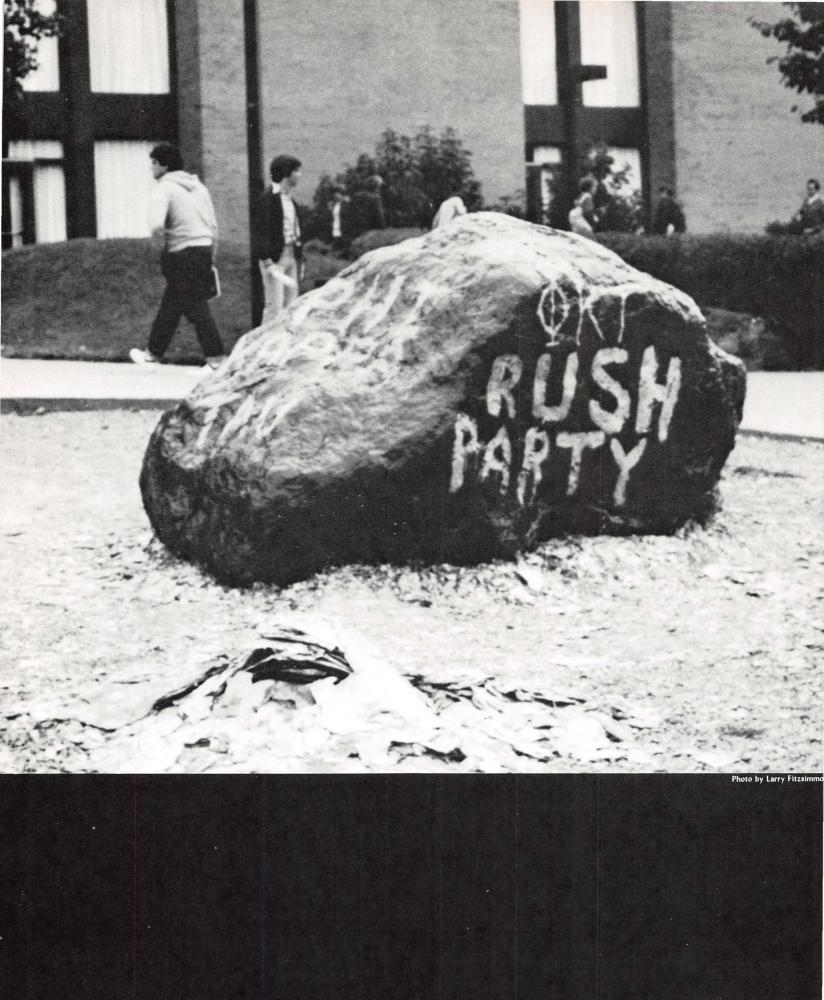

Rick Marshall (Business) won the event with a time of 12:29, Jerry Seiple (Graduate) came in at 12:32 to garner second place. Third place went to Dan O'Hara (Engineering) with a time of 12:49. The first women to cross the finish line was Jeannette Domitrovich (Education).

Each participant received a t-shirt and sun visor. The first three entrants to cross the finish line received trophies.

Left to Right: Rick Marshall, Jerry Seiple, and Dan O'Hara proudly display their winning trophies.

Rick Marshall crosses the finish line with the winning time of 12:29.

The Greek System"

The years you spend at college will be the most enjoyable you will have in your life. The wealth of knowledge you will acquire from scholared professors will be invaluable to you when you enter the world of work and use your degree. But there is another side of your college education that is just, if not more, valuable to you. That is part of your education that teaches you responsibility, management skills, communication skills, and how to interact with people. In other words your social life.

The fraternities and sororities at Youngstown State University are a prime way to acquire this part of your education.

What do fraternities and sororities do at YSU? How can they enhance your college education, and are they relevant to your college years?

The Greek system at Youngstown State puts on 88% of all activities on campus, such as kick-off dances, winter formal, greek sing, spring and winter weekends and other special parties. Our members are involved in Homecoming, Student Government, Student Council, and many other University clubs.

Likewise, YSU's Greek system represents itself and YSU to the community at large. Greeks last year gave over 1,000 hours of

work, and over \$3,000.00 to community service.

In addition, YSU's Greek system will enhance your college education. For example you will learn to organize, learn to lead, make lasting friendships, and be a part of college more than just going to class. Your grades will also be better because scholarship is a prime objective of our Greek system. Fraternities and sororities G.P.A. average is 2.9 where the Universities is 2.78.

Likewise, fraternities and sororities have scholarship programs, provide loans, grants, and achievement awards to produce better academic success.

Are sororities and fraternities relevant to your college years? The answer is yes!

Fraternities and sororities are inexpensive. Costing only 1.5% of your total college expense. They are always changing and there are dozens of opportunities for you to make your fraternity or sorority what you want it to be.

Group volunteer programs benefit college and community. You'll do new things for people you would never have done otherwise ... all part of the involvement which is fraternity or sorority.

Alpha Omicron Pi

Photos by Juan Mendel.

Row One: Lisa Brooks Advisor, Karen Snyder President, Lori Caspary Recording Secretary, Mimi Bienko. Row Two: Liz Vieitez, Annette Ciavarella, Paula Blum Vice-President, Kathy Wise Corresponding Secretary, Karla Snyder Treasurer.

LITTLE BROTHERS/Row One: Don Cutrer, Jim "Bert" Wise, Doug Shilliday.

Row Two: Fred Marsch, Greg Maras.

The Phi Lambda Chapter of Alpha Omicron Pi has a long history of being an active chapter at Youngstown State. We were originally founded in September 1928 as Phi Lambda Delta local sorority, the first one at YSU, and also the oldest sorority. On September 28, 1957 we became Phi Lambda chapter of Alpha Omicron Pi and this fall we will be celebrating our twenty-fifth anniversary.

We pride ourselves as the only sorority with a Big Brother group. They help the chapter with the house, service projects, and social functions held throughout the year. They're a great bunch of guys who care about the chapter, and we love them

But we aren't just a social group. We are third in scholarship, received a financial award from our national, and, with NET Fraternity, sponsored our First Annual Tribute to Rock-n-Roll, featuring Mister and Miss YSU Contest to benefit Arthritis Research, our philantropy.

It is a very special thing to be a member of Alpha Omicron Pi. Our flower, the Jacque minot Rose, the ruby, and our color, cardinal, all reflect a deep love and special friendship that we share as sisters. •)

♠ Alpha Phi Delta Fraternity was organized at YSU in 1953 as a predominantly Italian-American organization, but has since branched out to include members of all nationalities.

The present Alpha Phi Delta has mixed the Italian and American heritages to best fill the social needs of college students.

The pride of Alpha Phi Delta lies in its academic and athletic excellence. Through intramural competition, our pride is justified.

Intramural activity has always been a part of the Alpha Phi Delta tradition but the fraternity has taken a bold step ahead becoming one of the top fraternities academically at YSU.

Alpha Phi Delta now consists of athletically and academically motivated young men who are striving to make Alpha Phi Delta the top fraternity on campus.

Delta Zeta

Chapter of Delta Zeta National Sorority unified. Although it is the youngest of YSU's four sororities, Delta Zeta has earned distinction in many areas of Greek life on campus. In addition to participation in intramurals and campus activities, Sisters of Delta Zeta are also involved in various other activities at YSU; including Homecoming Committees, Panhel, Program Board, and any other major events. Many also belong to "Little Sister" organizations to YSU fraternities.

Each sorority has it's own ideals and

goals. As Delta Zeta's we try to continually work together to create an environment which will provide each of us with a chance to develop our potentials to their fullest. Delta Zeta's philanthropy consists of help in speech and hearing. Each year the sisters participate in a Bike-a-Thon and the money earned is donated to Youngstown Speech and Hearing Center and Gallaudet College for the deaf. Along with numerous other awards, Delta Zeta's have the current standing as number one in scholarship among sororities.

Sebastian Rucci, 23. Larry Fitzsimmons, 24. Joseph Matvey.

The Phi Kappa Tau Fraternity was founded at Miami University in Oxford, Ohio on March 17, 1906. Arriving at Youngstown State University in 1967 as the Gamma Pi Chapter, Phi Kappa Tau has since grown to become one of the most

diverse fraternities on campus. The brothers strive to meet common goals while leaving plenty of room for individualism. The fraternity believes in a complete college education to include academic excellence, participation in campus activities and organizations, and community service. Several brothers are involved in student government and hold various IFC offices. Academically the fraternity has been honored repeatedly at the annual Greek Sing for having the highest GPA among the nine chapters on campus. Community service is a tradition with service projects being held for a variety of organizations such as the American Cancer and American Diabetes Associations. For the athletic individual the fraternity fields teams in all major intramural sports ranging from football to waterpolo to bowling. 9 9

Janine Bryan.

Phi Mu Sorority was founded on March 4, 1952, at Wesleyan College in Macon Georgia. 1982 marks the 130th year since the founding of this national sorority. Phi Mu is the second oldest national sorority consisting of 180 collegiate chapters and over 200 alumnae organizations. Locally, there are over thirty sisters who comprise Delta Mu Chapter of Phi Mu Sorority which was colonized in 1952.

Throughout the years, Delta Mu has received several awards on YSU's campus. The sisters take pride in being the founders of Greek Sing which they have taken first place in several times, including the past two years. In addition, Delta Mu was the first sorority to receive "Sorority of the Year" in 1980. The sisterhood of Phi Mu is based on individuality with an emphasis on our common bonds of love, honor, and truth.

♦ Sigma Phi Epsilon was founded nationaly on Nov. I, 1901. It was founded through the efforts of Carter Ashton Jenkins. Twelve men met at Richmond College to discuss the organization of a fraternity. This historic meeting was the beginning of Sigma Phi Epsilon. Since this date Sigma Phi Epsilon has grown to include 231 chapters across the U.S. with over 131,000 brothers.

Locally, the Ohio Mu chapter of Sigma Phi Epsilon, began as the local chapter Phi Sigma Epsilon, it then decided to become a national affiliate of SPE and through colonization became the I45th chapter.

Each year we have sponsored a charity by having a Fite Nite with this year being our 15th Fite Nite. **9**

Richard Hagan, 13. Douglas Mitrovich, 14. Richard Petrich, 15. George Bush. SWEETHEARTS/Row One: Donna Crea, Maggie McHugh, Mary Walsh, Row Two: Barbara Farragher, Debbie Knuff, Sally Johnson.

 ★ Theta Chi Fraternity was established at YSU in 1956 and has maintained a tradition of service to the University, as well as the community at large.

Throughout the year, Theta Chi members participate in activities such as intramural athletics, Greek Sing, and YSU Homecoming. In addition to these activities, the brothers of Theta Chi involve themselves in various philanthropic pursuits on behalf of organizations such as The United Way and The American Cancer Society.

The brothers of Theta Chi take great

pride in their Little Sister Organization, which is comprised of young women who assist them throughout the year in such activities as the Annual Theta Chi Casino Night and the Homecoming float competition.

Theta Chi members take very seriously their reputation as a social fraternity, stressing the need for friendship and involvement outside the pressures of academic life. As Theta Chi Vice-President Tim Fraelich puts it, "We believe everyone should have an opportunity to get their cookies baked.)

Zeta Tau Alpha

₹ Zeta Tau Alpha, international fraternity for women, granted its I2th charter to the campus at YSU in Youngstown, Ohio on March 3, I965.

The aims of ZTA, listed in its charter as a legal corporation, are to intensify friendship, to foster a spirit of love, to promote happiness, and to aspire to a purer and nobler womanhood.

For decades the Fraternity has worked closely with the National Society for Crippled Children and Adults, Inc., underwriting the costs for several brochures, research of Self-Help Clothing and a film and slide series.

The Zeta Tau Alpha Foundation was chartered as a non-profit corporation in 1954 to provide scholarships and to help improve educational facilities for college students, and to aid in development of educational programs in many fields.

Groups

The in-class hours at college take only a small portion of a student's time, and therefore he looks to groups and organizations to help use free time to the greatest possible advantage.

Professionals and businessmen now place equal importance on academics as well as extracurricular activities. The groups we have on campus offer a diversity of outlets for a student to get in the practical experience which is needed in their field in order to get ahead in a competitive job market.

Some organizations are academically oriented to recognize outstanding achievements, while others offer experience in a relaxed environment.

Practical experience is felt in its true sense as students feel

the deadline pressures with the Jambar by putting out a campus newspaper or by the Neon in preparing a yearbook for the upcoming year.

Organizations are formed to insure student rights, instill spirit, and answer most any question from academic policy to trivia.

Groups continously offer students the opportunity to develop lasting friendships. Academic honoraries reward scholarship while promoting leadership and professionalism.

Organizations can offer different things to different people. Whether it's to meet new people, gain practical experience or meet professionals, organizations are working because of renewed student input.

The African Student Union

James Tyaba Bakyebiriga, Gabriel Asare Ayisi, James Cofie Nevis President, Patrick Kitenda Secretary.

6 The African Student Union at the YSU Campus has more than 20 members all coming from African Nations and Non-African Nations.

One of its main aims is to foster strong relationships to all African Students and to create an awareness of both past and current events in Africa to the University Community. In the past it has contributed towards the promotion of Black History Month celebrated annually by the Black Studies dept. at YSU.

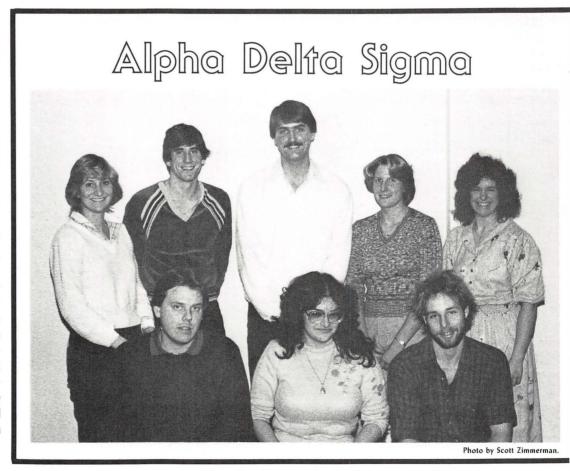

The organization has invited prominent speakers in the past as: the Ambassador from Ghana and the Ambassador of Zimbabwae. It plans to invite more speakers in the future.

Membership is \$5.00 and open to all YSU students. • •

♠ Alpha Delta Sigman, YSU's advertising club is an affiliate of the American Advertising Federation. The YSU chapter meets weekly and is involved in both community and collegiate advertising programs and activities.

ADS functions much like a "mini" advertising agency as they are often available to provide free advertising consultation as well as free advertising campaigns for area businesses. This year members of the club were involved with campaigns for actual businesses in the Youngstown area.

Each year members of ADS compete against other colleges in the American Advertising Federation collegiate advertising competition. The club is assigned a specific consumer or industrial product and they are asked to plan a complete advertising campaign which involves all aspects of advertising including media, creativity, and market and product research. This year members of ADS traveled to Columbus, Ohio where they presented their industrial campaign for *Corning Glass* works in the regional competition.

♠ Alpha Kappa Psi, the professional business fraternity, is open to all students in the School of Business and all others pursuing degrees related to the field of business. Founded in 1904 at New York University, Alpha Kappa Psi is the oldest professional business fraternity and has over 175 chapters nationwide.

Alpha Kappa Psi acts as a career crystalizer, an academic motivator and a social refiner. YSU's Eta Chi Chapter, founded in 1966, promotes a professional attitude towards business by offering its members guest speakers, field trips, and movies along with a full social calender including formal and informal dinners, ski trips, intramural sports, and more.

Alpha Mu

↑ Alpha Mu is the Professional Business Fraternity of the American Marketing Association at Youngstown State University. The organization was formed in the late 1940's, and was the honorary fraternity on what was then Youngstown College campus. In May of 1968, Alpha Mu was granted a charter to become a Collegiate Chapter of the American Marketing Association.

"Progress is our Profession" is the motto of Alpha Mu and as a member of the organization, individuals have the opportunity to make progress by becoming better acquainted with careers in marketing through contacts at meetings, conferences, and other programs. Learn "How to get the Job" from talking to marketing professionals at the bi-monthly campus meetings. Plus, as a member of Alpha Mu, individuals also have a chance to interact with fellow students involved in the same marketing program.

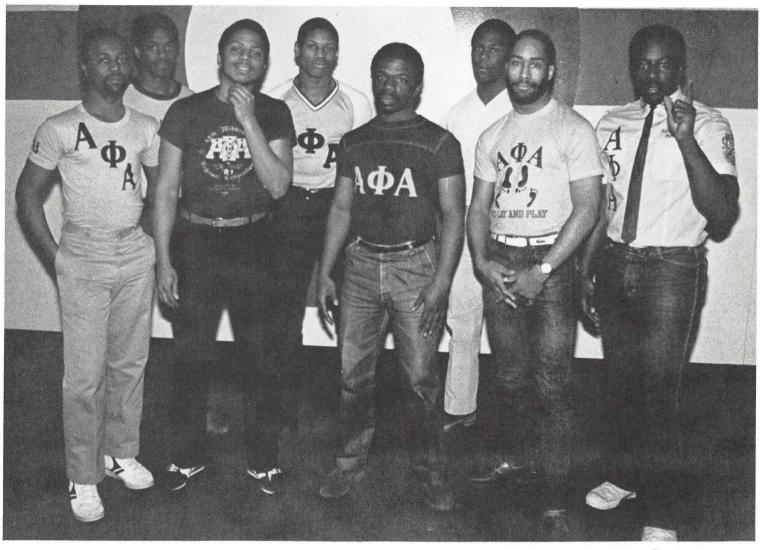

Alpha Mu stands to serve not only the marketing student, but any student that is interested in the aspects of the marketing field. . . . • •

Alpha Phi Alpha Fraternity Inc., the first black college fraternity was founded December 4, 1906 at Cornell University Ithaca, New York. Beginning with its seven founders; Henry A. Callis, Charles H. Chapman, George B. Kelly, Eugene K. Jones, Nathanial J. Murray, Robert H. Ogle, and Vertner W. Tandy, our fraternities "Jewels", more than 80,000 men have been initiated into Alpha Phi Alpha. It is now the largest of the black collegiate fraternities.

Since our founding Alpha has moved from purely collegiate social organization to one which is deeply involved in the social organization to one which is deeply involved in the social, economical, and political struggle toward self-development, equal opportunity, and liberation of the black community.

On April 26, 1980 Omicron Epsilon chap-

ter, being the 712th chapter of the general organization of Alpha Phi Alpha Fraternity Inc. was founded by nine aspiring young men dedicated to upholding the high scholastic principles of Alpha Phi Alpha. Since our existence at YSU, we have been an active part throughout the community and campus. Our activities include our Annual Thanksgiving canned food drive and benefit dance, being an integral part in the voter registration drive, May 81; winners of the first annual greek show night with a thunderous step show, May 81; three brothers who entered Sig Ep fite night, went on to be victorious, April, 81.

Academics — won award as being the black fraternity with the highest overall gpa, May 80. Our campus advisor is Al Bright — Prof. Black Studies. Our colors are Black and Gold, nickname is Knights of Black and Gold. **J

Alpha Phi Sigma

Karen Antal Treasurer, Cathy Baa Secretary, Dr. James Conser Advisor, Dave Betras President, Don Lipe, Paula Kopey National Vice-President.

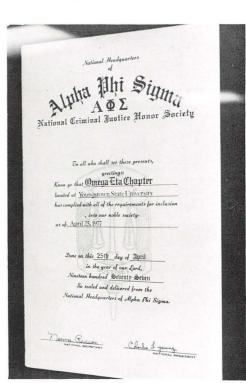

♠ Alpha Phi Sigma has been in operation since 1942, establishing a tradition for encouraging excellence in the criminal justice field. Recognized as The National Criminal Justice Honor Society, Alpha Phi Sigma has thousands of members from over 50 chapters across the nation.

Alpha Phi Sigma is the national criminal justice honor society whose purpose is to recognize and promote high scholarship among Law Enforcement, Correctional, and Criminal Justice students actively engaged in collegiate preparation for professional services.

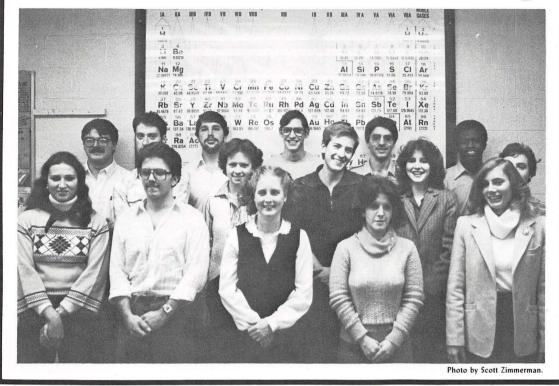

Alpha Phi Sigma seeks to aid the student and the community by providing information and activities for our members and sponsoring programs on and off campus dealing with all areas of interest in the Criminal Justice System.

The first Alpha Phi Sigma chapter was founded by V.A. Leonard in 1942 on the campus of Washington State University. The Youngstown Chapter, Omega Eta began in 1977.

Alpha Phi Sigma with a donation from Professor James W. DeGarmo, initiated in 1976 an annual scholarship in collaboration with the Youngstown Education Foundation. A Law Enforcement major is awarded this scholarship at the Honors Commencement every year.

American Chemical Society

ROW ONE: Billie Radd, Rob Snier, Sharon Wine, Jennine Snier, Caroline DeVincent. ROW TWO: Linda Riethmiller, Phillip Shirk, Holly Maggiano, Frank Siciliano, Steve Slosnerick. ROW THREE: Richard Blosser, Jerry Musik, Matthew Johnson, Ron Nuzzi, Durrant Graves.

Student Affiliate group was established to introduce members to the many benefits of a professional organization. The club centers it's activities around the science and profession of chemistry. Information is conveyed about chemical science developments, the role of the chemical professional, chemical education, and the role of chemistry in public affairs and government policy to members in hope that a better outlook toward opportunities in chemistry will come into being. The club membership is open to any student working toward an associate or bachelor degree in a chemical science.))

Alpha Tau Gamma

Row One: Laurine Stratigakis Corresponding Secretary, Kathleen Thomas Treasurer, Barbara Van Maldeghem Recording

Secretary. Row Two: James Miltner President, Scott Krafft Vice-President.

♠ Alpha Tau Gamma, the Honorary Accounting Fraternity enjoyed another year of continued growth and success. An increased involvement by the Alumniand greater participation by members resulted in a very successful year.

The re-organized Tax Preparation service we provide was presented in conjunction with the Internal Revenue Sponsored V.I.T.A. (Volunteer Income Tax Assistance) program netted far better training for the volunteers, and also a much greater response from the community. Our Annual Accounting Clinic, was anticipated to be the best yet as much preparation and hard work went into this event, our biggest of the year.

All in all, the year proved to be quite successful in this, a supposed rebuilding year. ? ?

American Institute of Chemical Engineers (AICLE) is a nation

Engineers (AICLE) is a nationwide professional organization, providing members with a forum to express and learn about current developments in the chemical industry and chemical engineering profession. Through regional and nationwide meetings, students meet with professionals in the industry and compete with chemical engineering students from other schools in student peer contests. The Youngstown State Chapter of the AICLE (1981-82 Membership of nearly 100) sponsors many projects throughout the year including speakers, tours, fund-raisers, and "smokers", where student and faculty get a chance to mix on an informal basis, and also fields a team in most intramural sport contests. 9 9

■ The American Nuclear Society is an international organization which deals with many aspects of nuclear technology. Its activities include national and international conventions as well as an annual student conference.

Members may use the free resume service sponsored by A.N.S. as well as the film library. Free literature is available which deals with both the technological and non-technological topics of energy.

The student chapter of A.N.S. sponsored a field trip to Oak Ridge, Tennesee where the group toured the Museum of Science and Energy as well as Oak Ridge Laboratories. A group of members toured Babcock and Wilcox in Barberton, Ohio and the Perry Nuclear Site near Cleveland, Ohio. The student chapter has also sponsored other plant tours. **9**

The American Society of Civil Engineers s a technical society established to unite Civil Engineers. The organization combines professional aspects (such as field trips and speaker programs) with recreational activities (annual raquetball tournament, intramural sports, smokers, and chapter combined dinner-meetings).

The finale of all events is the Chapter participation in concrete canoe races together with universities throughout the U.S. and Canada. Each year, members design and build a concrete canoe using acquired skills from their engineering curriculum. Anyone who accepts the challenge of getting involved comes out with valuable knowledge and a memorable experience.

6 The 1981-82 YSU Student Chapter of the ASME was composed of 27 members under the leadership of the following officers: Victoria L. Ohtola — President, Daniel Sabo — Vice-President, Greg DiNero — Secretary, Greg Calderone — Treasurer, Dr. Daniel Suchora — Faculty Advisor. The goal of the society is to provide both technical and social activities for its membership. For this year such activities included Smokers, A Technical Paper Contest, a Faculty — Student Bowling Night, and other various group functions. ▶ ▶

Anthropology Colluquium

Photo by Scott Zimmerman.

Dave Soldo, Nick Kardulias, John Jones President, Marian Kutlesa, Allan C. Mastran Vice-President, Charlotte Biller, Mark Shutes Advisor.

• The Youngstown State University Anthropology Colloquium is one of the most vibrant organizations on campus.

Meetings held every two weeks are open to everyone from frosh to prof and dues are only \$2.00 a year.

Meeting informally, a variety of topics are discussed among members. From the sublime to the controversial, topics include discussions on the many subdisciplines of Anthropology such as culture and culture process, economics, politics, religion, the physical and biological nature of anthropology and archeology. In addition films of these varying topics are also

shown.

Many club members have also participated in several "digs" both in historical and prehistorical archeology both here and overseas. While others have gone overseas to work on their dissertations. There are many different minds at work within the organization but they are all interested in studying humankind.

Also in addition, well known speakers are brought in at least once a quarter. The colloquium also conducts various field trips to museums and places of interest to club members. Finally, the colloquium conducts quarterly bake sales. ?

Association for Systems Management

The Association for Systems Management is geared towards the everchanging Computer Field. We provide an enthusiastic interest in systems, and in particular, those dealing with computers. We also provide current information to create additional interest in systems and computers.

• The YSU Centurians is a student honorary organization formed by Student Assistants in the Students Serving Students Program. The purpose of the organization is to recognize and encourage scholarship; recognize and encourage leadership: promote unity in and service to the YSU community: and promote interest and support for the Students Serving Students Program.

Membership runs from Spring Quarter to Spring Quarter and is limited to one hundred. Members must maintain a 3.0 accumlative grade point and must be pursuing a four year degree. Members must also have completed no less than one and no more than four quarters. Presently our officers are Student Assistants and our advisor is Patricia Bleidt, Assistant Dean of Student Services.

Delta Nu Alpha, Youngstown State University Chapter meets monthly to discuss and investigate current transportation problems and legislation affecting the transportation industry. We have included in our meetings representatives from the airlines, overnite delivery services and parcel post industries. We have also shown numerous films dealing with physical distribution and several transportation modes.

During the fall quarter of last year we implemented a re-organization of our fraternity, which was highly successful in terms of increased membership and participation. We encourage anyone interested in the growing field of transportation and physical distribution to participate in our fraternity.

Delta Sigma Theta

founded on January 13, 1913 at Howard University by 22 undergraduate women who envisioned an organization of college women pledged to serious endeavor and community service. These young women demonstrated a vital concern for social welfare, academic excellence and cultural enrichment, and deemphasized the social side of sorority life. In 1930, Delta Sigma Theta was incorporated as a national organization. It has grown in size to include almost 700 chapters throughout the United States, Liberia, West Germany and the Virgin Islands.

Being a public service organization, Delta Sigma Theta seeks to project this image throughout its Five-Point Program. Through this program the sorority works to assist in eradicating educational, social and economic inequities. The five areas — Educational Development, Community

and International Involvement, Housing and Urban Development and Mental Health — are served through national pilot projects and through the local chapters programs.

On national level the sorority provides undergraduate financial assistance through scholarships and awards, seed grants, individual scholarships and grants and the Minerva Award for Academic Excellence. Deltas have also developed the Distinguished Professor Endowed Chair Trust. It's purpose is to support and sustain the historically Black colleges and universities and to give long overdue recognition to distinguished Black professors and instructors. Established in 1977, this trust pays the salary of a Black professor at a Black institution for a two-year period. In that way affecting many more students than could possibly be reached by individual scholarships.

The local chapter, Delta Lambda, was founded in 1951 as a mixed chapter consisting of both graduates and undergraduates. In 1968, the undergraduates formed the Zeta Gamma Chapter of Delta Sigma Theta Sorority, Inc. and the graduates became known as the Youngstown Alumni Chapter. Members of the Alumni Chapter include YSU's Dr. Gloria Tribble, Mrs. Syretha Cooper and Ms. Sharon Black man. Zeta Gamma founder, Carole Gregory Clemens has become a nationally known writer and poet. Nationally prominent Delta's include: Shirley Chisolm, Barbara Jordan, Barbara Sizemore, Mary Frances Berry, Mary McLeod Bethune, Ruby Dee, Nikki Giovanni, Lena Horne, dancer Judith Jamison, actress Theresa Merritt, Dr. Pauli Murray, Leontyne Price and many more.))

The Engineering Dean's Council is composed of representatives of the various student societies and serves to both provide communications between students and the Dean and to coordinate student activities. Membership in the Dean's Council is elective from each of the ten societies recognized by the Council. The societies are: American Institute of Chemical Engineers, Institute of Industrial Engineers, American Nuclear Society, American Institute of Civil Engineers, American Society of Metals, American Institute of Mechanical Engineers, Institute

of Electrical and Electronic Engineers, Society of Women Engineer Engineers, Ohio Society of Professional Engineers, and Tau Beta Pi, the national honorary engineering society.

Two activities the Dean's Council coordinates are the annual Engineering Dinner Dance and the annual Engineering Spring Picnic held at the end of finals week of Spring quarter. Also, Man and Women Engineer of the Year awards are presented by the Council, at the Dinner Dance. •

Federation of International Students

International Students from all of the major continents — Africa, Asia, Europe, South America, the Middle East and Australia. The students are organized into several groups according to the country or group they belong to. To coordinate all of these diverse groups there is an International Student Council. The Council promotes cultural activities and provides a forum for interaction among the various sections of the International Student community. There are a variety of cultural and educational programs organized by the

Federation to promote interaction between International Students themselves, and between the American student body and the foreign students. One of these is the Coffee Hour sponsored by the Youngstown Chapter of the United Nations. This is held in the International Student Services Office every Thursday from 3 to 5 pm. A common complaint is the lack of contact with the local students, therefore, it would be very encouraging if more American students attended the Coffee Hour.

The International Student's Council

works in close co-ordination with other student organizations. Annual events include the Soccer Tournament during Spring Quarter and an International Night.

The Federation of International Students is alive and well at YSU. Our special thanks to Mrs. Susan Khawaja, advisor for International/students, Mrs. Sara Fisher, Jina, Lisa, and Pamela of the International Students Services Office for all the hard work they put in to solve our multifamous problems.

Forensic Club

The Forensics program at Youngstown State University is active in touring regional college campuses to compete in Speech meets. The primary speaking activities include speaking to inform, speaking to persuade and speaking to entertain. The student may also choose to read the works of published writers in prose, poetry or dramatic competition.

Intercollegiate debate is another area in which students can be active as members of the Speech team. Topics for debate are selected on a national basis, and pertinent social issues are usually involved.

The Speech team represents the University, and is sponsored by the University. All students are eligible to take part in the activities and no experience is required. ? ?

Greek Program Board

Club at Youngstown State is actively involved in various activities ranging from Social Work to intramurals. This year, the club plans to establish a scholarship program, have projects and clinics for the University and the community, lectures from coaches and officials, provide conventions, and increase profits. Anyone who is interested in becoming a member is welcomed. Feel free to ask any member about getting involved. If you want to have a good time and enjoy being healthy and physically fit, we urge you to join.

Hispanos Unidos Universitarios de Youngstown

Photos by Scott Zimmerman.

Row One: Jeannette Vazquez, Nancy Santiago, Maria Vidot. Row Two: Nerida Molina, Jose Lopez, Ed Bonilla, Iris Crespo, Lydia Esparra.

The idea for forming this Hispanic group originated in the Spring of 1980 when various faculty members, students, and Community leaders met and agreed that Hispanic students at YSU need such an organization.

On June 4, 1980, this organization held its first informational activity at the Gallery outside YSU's Kilcawley Center (ampitheater). Food was sold, members played Hispanic music and organizational information was distributed.

Dr. Ivania del Pozo and Dr. George Beelen are co-advisors. Officers are: Jose Lopez, President; Vilma Fernandez, Vice-President; and Iris Crespo, Secretary.

This organization would like to express its appreciation to Mary Ann Echols, Assistant for Minority Student Services, and Richard Mitchell, Chairperson, Art, for all the support they have given this organization.

Home Economics Association

Mrs. Janice Elias, Advisor, Elaine Getsy, Stella Stadnik, Phyllis Montmore, Doxie Damius Secretary, Debbie Katchmere, Martha Romine President.

6 Interior decorator ... dietician ... home economics teacher ... fashion consultant ... day care administrator ... Peace Corps worker ... rehabilitation specialist ... "Home Economics: The Profession with a Thousand Titles" has been the theme of the Student Home Economics Association for 1981-82.

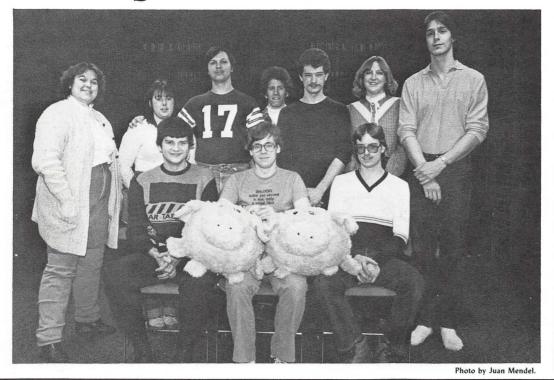

In order to reach the goal of making members and others aware of the varied opportunities in home economics the organization established a Home Economics Network with the local professional association for home economists, YHEA. Students are matched with professionals for career exploration experiences.

Annually SHEA sponsores Home Economics Career Day when high school students are invited to campus to learn about this expanding career field.

Membership is open to any interested YSU student. Activities are designed to meet the needs and interests of students majoring in consumer or community service, food and nutrition, child care technology, home economics education, and dietetic technology.

The association is affiliated with the American & Ohio Home Economics Associations and members attend, state, regional, and national meetings.

Imaginations Unlimited

Row One: Phew and Pee-You. Row Two: Edward Goist Vice-President Jeffrey Quisenberry President, Ed Wright Secretary. Row Three: Cathy Yungen, Bonny Perry, Tom Jochman, Colin Goss, Lanny Heinlen, JoAnn Pusnik, Jim Manos.

Fantasy and Science Fiction Club of Youngstown State University. Or so we suspect. Actually, this organization has been shrouded in mystery ever since its rumored conception in Fall of 1979. Many brave souls have ventured to its meetings, but few have returned, and none with their sanity intact. They babble about fantasy and science fiction films and discussions, ramble on about SF fairs, and, looking nervously around for signs of gnomes or trolls, whisper tales of exciting Dungeon & Dragon adventures. We do not know, however, that this mysterious group was behind the campaign to "Save Spock" here on campus, and that their membership is open to any student, staff, or faculty member who enjoys fantasy and/or science fiction. 9 9

India Student Association

Row One: Gautam Chatterje, Kshitija Mishr President, Dr. Ahalya Krishnan Associate Professor of Psychology, Atul Mehta Secretary, Anuradha Shukla. Row Two: Ruma Singh, Veneeta Khanna Treasurer, Mrs. Madhu Singh, Mrs. Padma Ginde, Girl Sapan Rao, Chander Anand Vice President, Pradeep Patnaik.

♦ Our aim is to increase the cultural awareness and understanding between Indian and other YSU students. In collaboration with the India Association of Greater Youngstown and the International Institute at Youngstown, we participate in the Folk festival at Youngstown through art exhibits and entertainments. During February-March of 1982 the Arms Museum has been kind enough to exhibit the Arts and Costumes of India. 9 9

An added feature for the delegates and alternate delegate members of IFC is the chance they receive to become leaders both on campus and in their individual chapters. As members they are given the right to vote as representatives from their chapters, this gives them a sense of belonging and adding to the Greek system as a whole.

The end result is to show that fraternities are capable of working together and it helps to show what fraternities are meant for.)

Throughout the years, the Italian Club has participated in many cultural and fun activities, including Italian festivals and holiday celebrations, International cultural events, Italian operas and informative lectures.

During the past few years, the club has held many "Italian-oriented" fund raisers, including Italian food sales. One event has become a tradition at YSU — The Annual Italian Mini-Cafe, held outdoors each spring. This event offers "Italian" atmosphere, complete with home-cooked specialities (cavatelli, sausage sandwiches, eggplant parmigiana) and "la musica italiana".

Members need not be of Italian descent — anyone interested in Italian culture is welcome! The club hopes to travel to nearby "Italian communities" and eventually to Italy. Until then, we'll try to bring a "little taste of Italy" to YSU! Ciao!

existence and was formed to promote Jazz, America's own art form here on campus and to the surrounding Youngstown area. This is accomplished in several ways. The society sponsors a lecture series in jazz instruction and improvisation. In addition to great speakers, the Society also brings outstanding musicians to YSU to perform concerts. Both the lectures and concerts are free and open to the public. The Society also keeps its members informed about other jazz related performances in the Youngstown area, and provides information about jazz related materials such as recordings, books, magazine articles, etc.

The I98I-82 edition of the YSU Jazz Society has 55 members. Membership is open to all

YSU faculty, students and alumni. Membership dues are \$5.00 per year which includes a free album.

YSU Karate Club

On June 5, 1981 two students, who started their karate training here, earned the most honored belt in Karate, a Black Belt, from Mr. Bonacci. The two students were at the time President Abraham Shabani and Vice President James Langa respec-

tively. Since the beginning of the clubs history the clubs members have consistently won at least one trophy at a Tournament. This is a tradition that we are very proud of and still working hard to uphold.

Presently the club is growing stronger than ever, still under the strong traditional ways of Mr. Bonacci. In addition, Mr. Dave Ronci, a second Degree Black Belt, also a student of Mr. Bonacci, is our assistant coach. The present location of the club is 218 West Boardman Street downtown Youngstown, at the American Institute of Martial Arts. The YSU Karate Club excepts membership from YSU students, alumni, staff and faculty.

✓ We are an organization whose primary purpose is to present and represent the Lebanese people, country, and culture on our university campus and in the local community. At the same time share with the American students of Lebanese descent their interest to represent their parent's culture at YSU.

The Lebanese Student Organization was officially approved at YSU on November 17, 1976 as a non-political and non-religious organization. To meet its objectives the Lebanese Student Organization presents lectures and try to develop a social interaction between the Lebanese students and the YSU community through activities involving sports and social events. Membership is open to all YSU students.

French Club

Photos from Mardi Gras Masquerade.

Each year, to encourage and reward outstanding high school students of French, we host the annual French Declamation Contest. This year it will be held in Kilcawley on February 5, 1982 at 7 p.m.

At our meetings we have an attendance ranging from 10 to 30 people and those wishing to practice and/or improve their French.

We feel that the enthusiasm of our members, assistance given by our advisor Dr. Renee Linkhorn, and the support of Mr. and Mrs. Herve Corbe have contributed to the success of our club.

Math and Computer Science Club

Social events are a very important part of the club's calender. Throughout the past year these have included a Halloween Party, a football game vs. ASM, a Christmas Party, and a softball game vs. the faculty in the spring. This year, MACS also became very active in campus activities, participating in College Bowl and intra-

murals.

However, the club is not solely a social organization. During Winter quarter, MACS sponsored a program to coach High School students taking a national math exam. Also, every spring MACS attends the Ohio Section of the Math Association of America conference. At this meeting, students present papers which they have prepared and attend lectures on many mathematical and computer topics.

Basically, though, the members of MACS are a rather congenial bunch and have a good time together no matter what they're doing. ***)

The Men's Chorus has members from all of the University's Schools and Colleges. It gives annual Christmas and Spring Concerts on campus, and appears frequently in the community and on tour.

Highlights of the last few years include home and away concerts with the Women's Choruses of the University of Rochester and Chatham College, and a 1981 appearance on the program of the annual Intercollegiate Musical Council Seminar at the University of Michigan.

Seated: Lathan DeFoor Phi Beta Sigma Joseph Clark Jr. Phi Beta Sigma, Rhonda D. Kline Alpha Kappa Alpha, Susan J. McQueen Zeta Phi Beta, Sherran E. Burks Zeta Phi Beta, Valerie L. Jones Alpha Kappa Alpha, Cynthia Carroll Delta Sigma Theta. Standing: Sharon Blackman Advisor Delta Sigma Theta.

Members of N.P.H.C. are delegates of member fraternities and sororities which include Alpha Kappa Alpha, Zeta Phi Beta, Delta Sigma Theta Sororities, Inc. and Phi Beta Sigma and Kappa Alpha Psi Fraternities, Inc.

Officers for the 1981-82 school year are: Valerie Jones — President, Joseph Clark, Jr. — Vice-President, Sherran Burks — Secretary, Cynthia Carrol — Treasurer.

The purpose of this organization is to coordinate the activities and efforts of the members which provides a medium for the exchange and communication of ideas. Through the efforts of the delegates there is a structure for mutual sup-

port of all-campus social programs which are held in conjunction with Student Government.

The member organizations must maintain a minimum chapter grade point average of 2.25.

N.P.H.C. serves as a Service and Social organization. One of the 1982-83 service projects is sponsoring a "Needy Family for a Year". Through fund raising projects N.P.H.C. has donated to the Sickle Cell Anemia Foundation in the name of a YSU student, UNICEF and other charitable organizations. Social activities include an Annual Greek Weekend. During this weekend members participate in a Games Day, Greek Show Competition & Dance and a picnic which are open to the campus. ? ?

YSU Nutrition Society

The purpose of our organization is to inform the community and to stimulate interest among university students in the science of nutrition. Membership is open to all who are acquainted with the science of nutrition or those who feel that they would derive worthwhile benefits from the efforts of the club.

This year we participated in fund raising events, fruit and bake sales. In October we had a Halloween Party. During the Christmas season we went carolling and gift giving at a nursing home, followed by a party at our advisor's home. A trip to Case Western Reserve in January pro-

vided us with information to further our careers. We co-sponsored a prominent speaker, Nathan J. Smith, M.D., author of "Food for Sports" during March, National Nutrition Month. At this time the mayor of Youngstown gave a proclamation of National Nutrition Month. In the spring, the annual Ohio Dietetics Association meeting is held, which members of the club are able to attend because of our fund raising. Many events are planned for the following year in order to increase awareness of nutrition and to promote healthy lifestyles.

 ★ The Office Education Association is a new organization within the College of Applied Science and Technology. Anyone enrolled in a two-year business program can belong.

OEA is intended to help students interact with each other on campus and also through other secondary, post-secondary, and collegiate chapters. Activities are scheduled on the local, state, and national level.

OEA is a prestigious and recognized organization at all levels of education and business. It is the only national organization designed exclusively for office education and makes students aware of office occupations as an important field of study. ? ?

Ohio Society of Professional Engineers

Photo by Scott Zimmerman

I. Tom Defino, 2. Sandy Savich, 3. Gary Marasovich, 4. Heather Roller, 5. Tom Faires, 6. Jean Weinstein, 7. Mark Innocenzi *President*, 8. Kathy Keith *Vice-President*, 9. Jim Zimmer *Secretary*, 10. Cathy Brasko, II. Rich Burr, 12. Elias Stassinos, 13. Steve Slosnerick, 14. Mike Tomcsak, 15. Vicki Tjatha, 16. Jim Vitek, 17. Ann Knupp.

The O.S.P.E. (Ohio Society of Professional Engineers) student chapter is an organization for all engineering students regardless of their specialty. The society attempts to promote professionalism in engineering through its programs which support the development of professional ethics, encourage professional registration, and enable students to meet with practicing engineers through joint activities with the Mahoning Valley Society of Professional Engineers. The student chapter also participates in activities on the state level which include student council meetings and leadership labs. Hopefully, through participation in O.S.P.E., the student will better understand his position in society as a professional engineer.))

lished National Chemical Engineering Honor Society which recognizes and promotes high scholarship, original investigation and professional service in Chemical Engineering. The faculty advisor of the local Alpha Theta Chapter is Dr. Singh of the Chemical Engineering Dept. at YSU, with Sandra Savich — President, Rose Ondich — Vice President, Dave Sternagle - Treasurer, and Karen Kubus — Secretary.

Omega Chi Epsilon is comprised of a select group of students who have attained a high scholastic record, and in addition, are congenial and of good character. Specifically, juniors, those who have completed at least five of their degree requirements, are in the upper 1/4 of their class and have a mimimum GPA of 3.25/4.00. Seniors, those who have completed at least 70% of their degree requirements, are in the upper third of their class and have a GPA of 3.00/4.00 or better.

This society, and thus its activities are primarily designed and organized for charitable, educational and scientific purposes. Omega Chi Epsilon offers support and encouragement to Chemical Engineering Students as it depicts the importance of outstanding academic achievement. 9 9

The Outdoor Club was formed two years ago to help enlighten the YSU student body to nature and activities surrounded by its beauty. The members of this club enjoy a wide variety of outdoor activities ranging from camping in subfreezing temperatures to canoeing in 90° temperatures. This club encourages activities that directly and indirectly relate to the outdoors. ? ?

6 The sororities here at Youngstown State University have been governed by Pan-hellenic Council for many years.

The main intent of Panhellenic Council is to build strong relations between the four National Sororities here at YSU which include Alpha Omicron Pi, Delta Zeta, Phi Mu, and Zeta Tau Alpha.

There are seven executive positions that are filled by the girls in the sororities. They include: Secretary, Treasurer, Rush Chairman, Second Vice-President, First Vice-President, and President. These seven girls run our Panhellenic Council. In addition, each sorority has a delegate and alternate who vote on decisions that have

to be made.

Each Tuesday of every week, these girls, along with the president of each sorority, meet in the Cardinal Room at 4:00 pm. and hold a Panhel meeting, being supervised by Jack Fahey (Student Activities Coordinator), and Kathy Sheridan (Assistant). During these meetings, business pertaining to the well being of all sororities is discussed and decisions are reached to suit the best interest of all involved.

Indeed, Panhel is the cornerstone of all sororities on the campus of Youngstown State University. • •

Penguin Ski Club

for this program is primarily aimed at introducing the novice skier to the exhilerating sport of skiing and to give the intermediate skier a chance to ski on a regular basis. The very best way to learn to ski, or to improve your skiing skills, is to go skiing on a regular basis. This is precisely what this program offers you. It offers students a chance to go skiing every Friday night during the ski season for a fee paid once at the beginning of the season

The Penguin Ski Club has been going to Boston Mills on Friday nights for the past eight years and it has always been a great time. After the lifts close at II:00 pm., there is a party in the lodge till midnight, where everyone gets together to eat and drink.

The purpose of the Ski Club is to introduce you to the experience of skiing, improve your skiing skills, and show you new friends and good times.

↑ Phi Mu Alpha Sinfonia Fraternity — Delta Eta Chapter is a men's professional fraternity. It was chartered in 1947 at the Dana School of Music within the Youngstown College. It's purpose is to promote music to its highest degree. It also supports musical functions such as the Annual Jazz Festival, the Friends of Music. Phi Mu Alpha has brought in artists such as Donald Sinta, Tommy Thompson, and Count Basie. The Fraternity is open to anyone with a serious interest in music.

The Pre-Law Society visits all Ohio law schools to which its membership intends to apply. A trip to Washington D.C. generally is made Spring Quarter to expose members to Federal law makers in action. The society functions under the Department of Political Science. Our advisor is Miss Ivis Boyer, J.D. Pre-law advisement for the University-at-large also eminates from the Political Science Dept. and is hand-led by Mr. Larry Esterly, M.A. ?

 ↑ The goal of the Psychology Club is to enrich the experience of students who are interested in the field of psychology. Various activities sponsored by the club lend themselves to the meeting of this goal.

The Club has sponsored a Student/ Faculty Forum so that students and faculty could meet to discuss their areas of interest. Research opportunities available in the department were also communicated.

Aside from outside interests, faculty members have been invited to speak on the relationship between their fields and psychology. An example of this would be the dynamic situation involved between religion and psychology.

Exposure to the procedures involved and presenting papers at conventions has proved to be not only informative, but most beneficial to students.

A sister organization is Psy Chi, which consists of outstanding students. **9**

Pub Programmers

Barry A. Logan, Sherry Lucente, Steve Virostko, Scott Sowers, Ellen Blaurock, Paul M. Avdey Jr.

Scheduling weekly entertainment and selecting and evaluating prospective movies are two major duties of Pub programming; a committee composed of students wanting to take an active part in these happenings. Local bands, magicians, disc jockeys or comedy acts perform Fridays from one to four p.m. at "Happy Hour" or at "Coffeehouse" on Tuesday evenings from eight-thirty to ten p.m. All events are guided by Rich DeLisio, advisor for Pub Programming and manager of the pub.

In their most successful function this past year, Pub Programming hosted an 'Air Band Contest" in which students mimed to the recordings of their selection on the stage of the pub.

Meetings for Pub Programming are open to all students and opinions, suggestions or constructive criticism are welcome.

Students Serving Students is an ongoing orientation program. New students are assigned to upper-class students who not only assist them in their initial entry into University life but maintain contacts with students during their first three consecutive quarters of attendance at Youngstown State.

New students are contacted by Student Assistants either by phone or mail. Times are arranged for individual meetings so that students can be familiarized with various policies, procedures, programs, and services. Referrals to appropriate campus offices occur after first meetings.

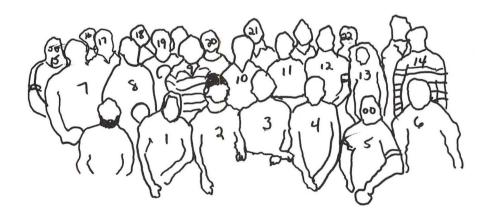

On-going contacts by Student Assistants are intended to provide encouragement and direction. Concerns or interests that students have regarding registration procedures, extra-curricular activities, financial aids, and housing are typical areas that are addressed.

Table Tennis Club

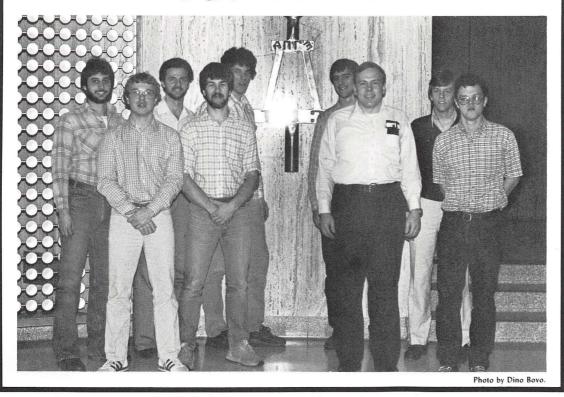

Photos by Scott Zimmerman.

I. Mordi Iheme, 2. Chuck Anzalone Treasurer, 3. Ron Maceyko Vice-President, 4. Jim Eckman President, 5. Atul Mehta, 6. Mike Ramos Secretary, 7. Vince Mack, 8. Mike O'Connell, 9. Rob Medallis, 10. Frank DeCenso, 21. Nick Kavouklis, 22. Bob Johnson, 23. Rick Mistovich.

6 The Table Tennis Club provides recreation and competition for campus table tennis players. The membership includes men and women, both beginners and advanced, who get together weekly and compete against each other for positions on a challenge ladder. The club also holds closed singles and doubles tournaments, and soon will enter intercollegiate play. This club is a very new one, and was created through the efforts of many of these original members. Although still only in its first year, it already boasts one of the largest university-level Table Tennis Club memberships in Ohio. 9 9

Tau Beta Pi

Row One: Michael Tomcsak, Jim Cain, Rainer Kangas, Jeff Raub. Row Two: Gary Marasnaovich, Tony Rubino, Robert Suchaner, Jerry Finegold, Dick.

Founded by Edeward H. Williams Jr., in 1885, the goal of the organization as stated in the National Charter, is to distinguish students in the engineering discipline that have displayed exemplary character as undergraduates, and have therefore brought exemplary honor to their Alma Mater.

1982 marks the 8th year of Tau Beta Pi service at YSU. In addition to it's recognition of outstanding students in all disciplines of engineering, the Ohio Lambda Chapter has offered programs and service projects to enhance the curriculum and to allow members the opportunity to work together and share experiences. — Sincerely, James H. Cain, President ?

Voice of the Third World

Seated: Dean DePerro, Dr. Beelen Advisor, Dr. Rohaghey Advisor James Nevis President, Sherry Bird. Standing: Jose Lopez, Lynn Schuler, Ed Menaldi, Paul Avdey, George Bone, Tony Koury, Patricia Kitenda, Sharon Schultz, Sherman Miles Former Secretary, Anurudha Shukla Corresponding Secretary.

♦ Voice of the Third World Organization (VOI-TWO) held it inaugural banquet on November 24, 1981. The guest speaker was Michael McCoy (United Nations). His speech centered on the new international economic order and its effect on developing nations. VOI-TWO Winter activities include film shows and panel discussions on Central America and Eastern Asian countries. on February 3 and March 3 respectively.

VOI-TWO was first initiated by Mr. Kingsley Kobina Kesse, Kwame Akrosah, Ghanian students then attending Westminster College, New Wilmington, Pa., and James Cofie Nevis, YSU. The purpose of VOI-TWO is to create dialogue and interaction among the Third World countries, the United Nations, and the Western World; and to strive for improved relations and increased understanding. VOI-TWO is a non-political organization but shall seek a multitude of political viewpoints. Membership is open to all college students.

♦ § Y.E.S. (Youngstown English Society) is a registered student organization for English majors. Since the study of English encompasses courses in leterature, linguistics, and writing (journalism, expository, creative writing in fiction, and poetry), Y.E.S. strives to present speakers who can broaden an English major's knowledge in these areas.

English faculty have spoken this year on such topics as: Thanksgiving in early American literature; the language of biographical war novels; the wilderness in literature; Virginia Woolf's works; 20th century British fiction; poetry and music; creative writing; book-length journalism; "new journalism"; the role of the college newspaper; and topics in linguistics.

Besides English faculty lectures, Y.E.S. also presents films of a literary nature.

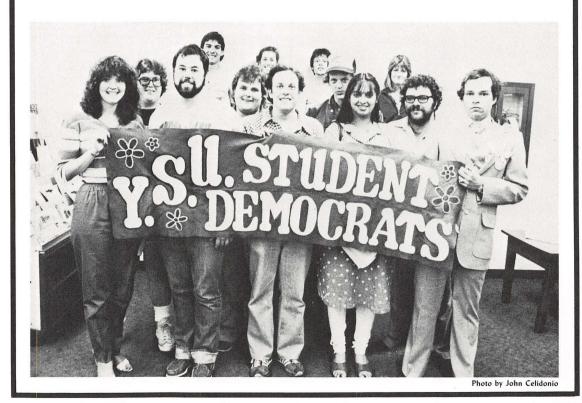

The YSU Young Democrats are a group of politically motivated YSU students. We seek involvement from any student with an avid interest in politics, and who is committed to the principles of the Democratic party. Our group involves itself in the campaigns of Democratic candidates that we believe in. In 1982, we co-sponsored the debate between the Democratic candidates for governor of Ohio at Stambaugh Auditorium.

Zeta Phi Beta

Row One: Susan J. McQueen President Basileus, Ertha Banks Phykacter Row Two: Karen M. Hills Treasurer-Tamais, Geneva Reynolds Advisor, Sherran Burks, Doleatha Palmer Vice-President

✓ Zeta Phi Beta Sorority was organized at Howard University on January 16, 1920, as the result of the encouragement given the five founders by Charles Robert Taylor and Langston Taylor, members of Phi Beta Sigma Fraternity, who felt that the campus would profit by the development of such an organization as sisters to the fraternity.

Zeta Phi Beta was the first Greek-letter college sorority organized in Africa. In 1948 Delta lota Zeta Chapter, a graduate chapter, and Upsilon Beta Chapter, an undergraduate chapter were set up in Liberia. Since that time many Liberian women have joined Zeta Phi Beta. Zetas have also spread to Sierra Leone and Nigeria, demanding the adding of a ninth region for West Africa.

The objectives of finer womanhood, sisterly love, and scholarship have brought together women from all parts of the country — women who have similar tastes and aspirations, similar potentialities for highest attainments and similar desires for concerted action which will bring results in removing or blocking movements intended to retard the growth and progress of this group of women, especially in the field of academic and literary attainments.

The membership of Zeta Phi Beta includes women in the professions of medicine, law, dentistry, pharmacy, the fine arts, invention, music, painting, teaching, and other fields of higher learning. These women have become an integral part of the community life of the country and

have interested themselves in civic and social betterment throughout the world. Wherever adverse legislation affecting minority groups has been proposed, Zeta Phi Beta has been active in making its voice heard in protestation and appeal for fair play. This is done through telegrams, letters to congressmen and senators, public protest meetings, and through membership in the American Council on Human Rights. Zeta has been outstanding in carrying its share of community relief work, in participation in voluntary services, in contributing to organized charity, as well as in granting scholarships and fellowships to deserving women students.

The Sorority sponsors a national project in which different aspects are highlighted through special projects.

DePerro Vice-President, Jordan Dentscheff Secretary of External Affairs, Nancy Panchik Secretary of Finance, Ray Nakley Jr. President, Liz Mancini Secretary of Women's Rights, Daycare and Safety Cindy Beckes Secretary of Student Grievences, Anthony T. Koury Special Assistant to the President and Advisorin-Residence

♦ Though individual students may be transient, the entire student body, at any given time, collectively represents not only themselves, but the greater community from which they come; the community of YSU is committed to the student body, collectively; to the student, individually, and to the Mahoning Valley area in general.

Student Government represents the student body by attempting to assess articulate and advance methods, programs, and policies which will maintain and improve the success and well being of as many students as possible. Hence, Student government is a public organization, operating as openly as possible, while trying to involve as many students and other concerned members of the University community, as practically feasible.

The executive branch of Student Government is most often referred to simply as "Student Government". The executive branch consists of the President and Vice-President, the Cabinet, as defined in the Constitution, and various assistants to the President. The President has the power to veto Student Council legislation but he can be overridden by a two thirds majority of Council.

Spiritually, Student Government is independant of other University offices or departments. However, in actuality, Student Government operates as a department with the Student Services area. The Associate Vice-President, Student Services is and has been Student Government's chief faculty advisor for the past several years.

Student Government operates and/or funds a wide range of programs not only for students, but the University community and the general public.

The annual YSU Homecoming celebration is funded by Student Government and planned by the Student Government Homecoming Committee. The activities associated with this event attract thousands of students and many faculty and staff, and members of the Youngstown community, and are often reported on by the local news media. Homecoming is Student Government's most successful campus wide programming for students' enjoyment and involvement.

Perhaps the most important program operated by Student Government is the Campus Escort Service. Statistics indicate increased use of the service by night students and faculty, and by handicapped persons during the day. A recently purchased portable radio will put the escort service in contact with Campus Police, thus increasing security for both the escorter and escortee. 99

The Jambar Beauties: Lisa Williams, Kim Deichert, Lynn Alexander.

The Jambar

★ The Jambar, YSU's student newspaper, is published twice weekly by student editors, staff members, reporters, and journalism workshop students.

The amount of advertising sold by the advertising staff — who also design most of the ads for the paper — determine the size of each issue.

Each Monday and Thursday night the editorial staff then works with the space available. They try to include photographs, news feature, sports, and entertainment articles, as well as opinion pieces, in each issue.

The Jambar is printed in Chagrin Falls, is delivered to the University, and distributed to the buildings on campus Tuesday and Friday mornings.

This year the editorial staff has adopted a magazine-style approach to layout, and is using a dominant front-page picture and horizontal makeup.

The Jambar is rated each year by the Associated Collegiate Press service and last year received a first-class award for the entire year.

University students are invited to help with production of the paper or to write articles for possible publication.

The Jambar office is located on the first floor of Kilcawley West, underneath the bookstore.

Mrs. Carolyn Martindale, English, is the advisor. ***)

Penguin Review

♦ The Penguin Review: A magazine of art and literature. A tradition. And a vision.

The earth turns without human assistance. So why do we feel that we must move it ourselves, shape it into new forms? This seems to be common to all humans, this desire to create. But why create? Why do anything at all, when what we do has so little effect on the universe? And especially, why create art, which is apparently useless?

The answer is so simple that it seems complicated. The purpose of doing is doing, just as the purpose of living is living. The final product isn't important; it doesn't really matter whether you succeed or fail. It's the doing that counts. A thing must be meaningful to the person doing it, however. There must be an idea to give meaning and direction to the work. Then the work can give a real sense of accomplishment.

Art shows this more clearly than anything, for it has no apparent purpose, but still has worth. Yet, this worth may not be seen by everyone, for everyone has a different idea of what is beautiful. The beauty comes not from what a work of art looks like, but from what the artist has put into it, the ideals and attitudes behind it. It is in the process, not the product. And when the work matches the ideal within, then the artist can be satisfied and at peace.

As with art, so with the rest of life. The worth of our existence is measured by our attitudes; not by what we accomplish, but how and why we try. And we have absolute control over this. We are creating ourselves and our lives every second. Circumstances can prevent us from succeeding in what we want to do, but never in what we want to be. We can be living expressions of our ideals, and this can really make a difference in the world.

— Elene Smerek, the Review/1981

The Polyglot

The Polyglot is a multi-lingual aethetic review published under the advisorship of two foreign language faculty members with the blessing of the Foreign Language Department of YSU. It was launched in the late fall of 1973 with two issues that year, and has been published on a quarterly basis since then. The Polyglot is written by students at all levels of competence in foreign language and is distributed free of charge to the university community.

In addition to providing a forum for artistic and journalistic expression, students also participate in the composition of the magazine itself. Since its inception, The Ployglot has thrice been the recipient of the Columbia University Press Association Award for merit in a foreign language publication.

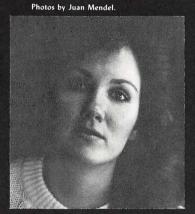

The 1981-82 Polyglot has been under the editorship of Jose Juan deCuervo, and under the advisement of Dr. Linkhorn and Dr. Aliberti.

Puttin' it with your best shot

Fred Gintert, Rick Jones, Head Coach Helen Mines, Don Dean, Bob Price, Not Pictured: Joe Costazo, Pat Coyne, Alex Forte.

I feel we had a successful season. We had hoped to make nationals and didn't, but we did achieve national recognition with Rick.

— Coach Helen Mines

Coach Helen Mines posted a 56-25 log in this her first season as head coach. An early start is one of the criteria for makin' it happen. The Penguin golfers didn't officially tee off until the first week of spring quarter, but preparation begins fall quarter. After a two week fall practice session, the ten best golfers were selected to represent YSII

During spring break, the team traveled to North Carolina for practice rounds.

The regular season opened spring quarter at the Kent State Invitational. Co-Captain Rick Jones carried on a winning tradition (his father was NCAA Champ in 1955) by taking a bid for National's at the University of Hartford.

Coach Mines says, "Next year I think we'll make a respectable showing in the OVC."

Rackin' up your best shot

Row one: Art Maroucher, Ed Ponikwa, Pierre Tanguay, Mike Fraley, Row Two: Chip Chuey, David Thompson, Mike Gregg, Terry Lyden, Kurt Kamperman, Head Coach.

This year was a growth year for the entire team. We gained valuable experience by playing a tougher schedule by far than ever before.

When Coach Kamperman took the helm he was no stranger to YSU tennis. He was a four year member and letter winner here at YSU. In his senior year, he and teammate Bill Dunn were the first two ever from YSU to get a bid to the NCAA National Tournament, finishing in the top 16 in the country in doubles. Kamperman owns the YSU record for most career wins at 103. In this his first coaching year, he was selected MCC Co-Coach of the year.

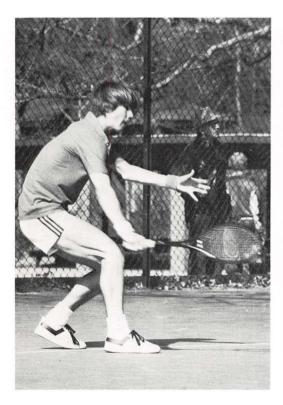

Mike Fraley racked up a 500 record. He and Pierre Tanguay posted a winning doubles record at 17-13. All this despite playing three times more matches than before, against the toughest opponents ever. Although not really Division I this year, Coach Kamperman set up the season with the bulk of matches against Division I teams. No one had winning seasons in singles, but according to Kamperman, that wasn't the intention.

The intention was to play as many Div. I matches as possible in preparation for next years tough schedule. Coach Kamperman reflects, "I think the team benefited more from the tough competition than playing for records ... Pierre and Mike showed that the whole team can compete in Division I."

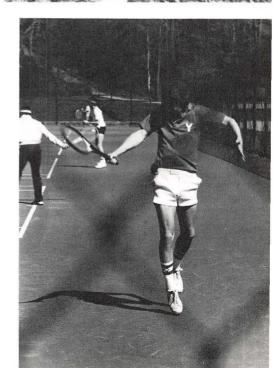

The YSU raqueteers finished 9-16 overall

with a .360 percentage. Although the statistics show a rough season, the team managed to bounce a few outstanding balls Mike Gregg accomplished a first at YSL by winning all 24 points in a set. The six man-two alternate team took top honors at a Mid-march exhibition match, beating Kent 5-4, and Akron 9-0.

A spring tour to Kentucky and Tennes see allowed Terry Lyden to rack up a win ning trip, 6-4. The season closed in May with two outstanding achievements Pierre Tanquay was the MCC (Mid Continent Conference) co-player of the year and Coach Kamperman was selected as Co-coach of the year. Tanguay says to win next year will take "practicing 5 days a week, 2½ hours a day, working with weights and lots of stairs."

Soggy Season Blues

Row One: Vicki Agler, Linda Papagna, Shirley Barnett, Patty Hahn, Debbie Garvin, Susan Woodford, Row Two: Rick Bevly (Head Coach), Denise Schwab, Donna Tinkey, Barb Nick, Kathy Schaeffer, Kathy McInytre, Lori Ceremuga, Paul Campbell (Assistant Coach). Not Pictured: Cathy Taylor, Melissa Kerner, Carla Christopher.

This year we didn't get enough playing experience because of weather. We didn't get a chance to peak into the team we really are.

Coach Rick Bevly

Rick Bevly says he's not disillusioned by his 5-12 first year season as softball head coach. The native Youngstowner said he learned some things about his team and the competition. And the Youngstown North graduate realizes how important it is to know the competition. Bevly outsmarted the competition enough times in high school to earn All State status at tight end. When he's not involved in fast pitch, he's busy assistant coaching the YSU football team.

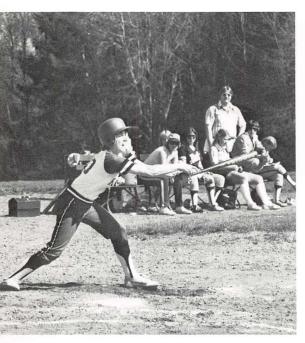

Makin' it to first base isn't always easy against Barb Nick.

Although the Penguin Softball Team gave it their best shot, a winning season just wasn't in the makin'. Coach Bevly and his ladies didn't taste victory until the seventh game of their 5-12 season, a far cry from last years championship season.

Coach Bevly cites a shortened season due to rainy weather and injuries to key players as the two major contributors to the season outcome. The first two regular season games both doubleheaders were bad weather cancellations. The team met with such cancellations throughout the season and when state tournament rolled around in early May, the lady hitters lacked that much needed experience, especially on the pitching mound. Veteran pitcher Vicki Lawrence, last years MVP, was out the entire season nurturing a broken ankle. Three rookies, Donna Tinkey, Cathy Taylor, and Melissa Kerner assumed the pitching duties. To further complicate matters, Kerner lost part of the season due to illness. "Overall," Coach Bevly stated, "we had a decent season, we just didn't get enough ball games."

Contributing most to that "decent" season was Captain Linda Papagna, lead hitter with 23, highest batting averages at .418, and lead total bases with 26. Coach Bevly credits Linda as the "overall team motivator, along with the team's fastest." Donna Tinkey led the team in runs batted in with II while Barb Nick had the squad's only home run. As a team, the Penguins compiled a .262 batting average to their opponents' .202 mark.

Most of the lady Penguins will play on summer leagues to stay in shape, setting their sights on a more successful 1982 campaign. Coach Bevly contends, "If we can keep everybody healthy — we will have a big turnaround next year. We're only losing two seniors (Papagna and Taylor), so the bulk of the team will be back."

Row Four: Dom Rosselli, Head Coach, John Lucklan, George Bone, Dave Baker, Tom Abbas, Gary Tkac.

*I'm looking forward to our returning battery, our pitchers and catchers combination, to carry us to a successful season next year.

— Coach Dom Rosselli

The only baseball coach ever at YSU, Coach Dom Rosselli has been the team mastermind since baseball was instituted in 1948. He finished up his 28th season with a 418-219 baseball career record, performing a .656 percentage. Coach Rosselli picked up his 999th combined basketball-baseball career win on May 14, 1981, in a shutout (II-O) against Mercyhurst.

Dean Bratz . . . home is where I wanna be. Photos by Larry Strollo

A team that put in a lot of hard work and dedication but just couldn't pace themselves describes the YSU baseball team. Despite winter conditioning in the upper decks at Beeghly and indoor practices in March, the Penguin basers could not deter an II-18 losing season.

The squad started off the season on a high note with a win over Mercyhurst, but after that the wins were sporadically mixed with losing series. The last win of the season posted just three games before the seasons end gave Coach Dom Rossilli his 999th combined baseball-basketball win. A career 1000th win was postponed as the team lost its two final games.

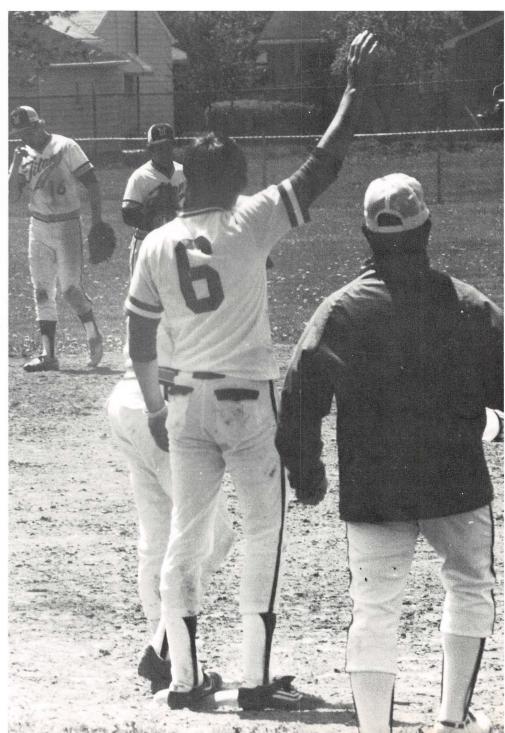

Coach Rossilli says "It's a pitchers

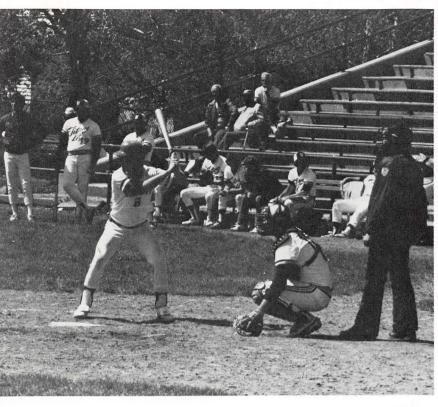

game" and said rain placed undue stress on the pitchers. "It rained a lot," Rosselli stated, "pushing all the games together. Pitchers cannot pitch every day."

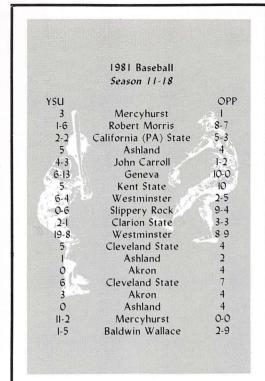

Season standouts included senior Scott Bass, this years MVP, leading in hits with 32, the most doubles with 5, tied RBI's with 17, lead hitter with .395. Junior Bob Gardener led the team in runs scored with 19, tied hits with 32, tied RBI's with 17, led in total bases with 51. Gardener secured a place in the record book as he entered a three way tie for second place for most home runs in a season with five. Glen Head topped the pitching staff with a 3-3 record.

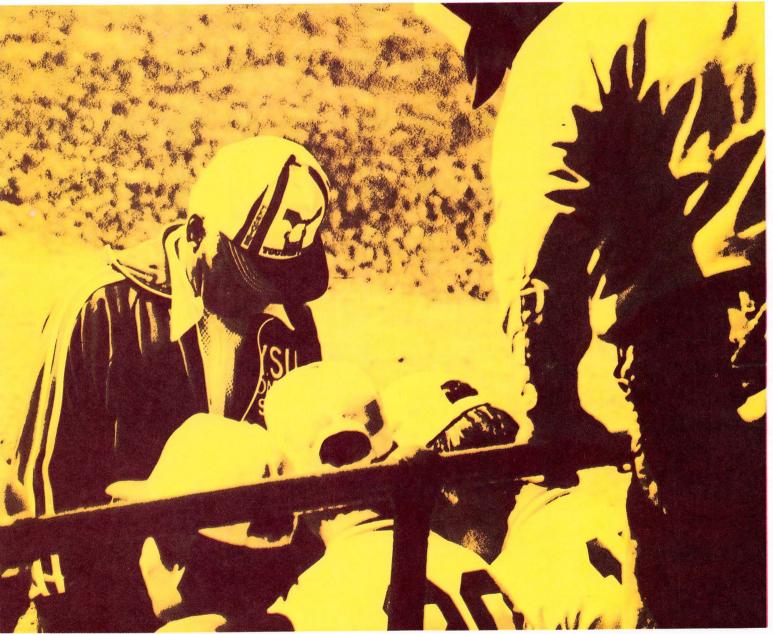

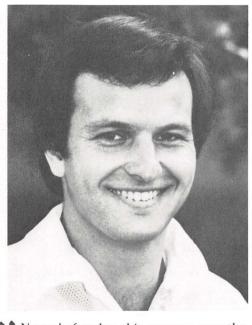

Foot Loose and Fancy Free

Row One: Frank Doyle, Bernie Brown, Bill Streb, Tim Worrell, Bill Oakley, Meeraj Jain, Joe Cerminara, Hassan Makki.
Row Two: George Hunter (Head Coach), Mark Hall, Mark Coso, Greg Kovach, Dave Cendol, Jeff Breznak, Rick Stine, Ron Baker, Mark Jamison, Alex Kidd (Assistant Coach).

Never before has this program seen the poise and talents of a Bill Oakley and it may be some time before another out of his mold surfaces.

— Coach George Hunter

Coming off a not so impressive season, Coach Hunter has remained optimistic each of his five seasons as head mentor of YSU soccer. The former soccer player and Mt. Union graduate reflects, "Overall we did as well as we could with the injuries that we suffered throughout the season, and the topnotch opponents that we faced." The season closed with plans for recruitment and a bigger season next year, looking forward to games under the lights at the new stadium.

Jeff Breznak and Bill Streb ... Doin' it just for kicks.

- 1	Ohio State University	2

Bill Oakley rewrote the record book in YSU soccer. The versatile forward tied the existing marks for goals in a game (3), and assists in one contest (2), but set new marks in goals in a season (6), goals in a career (II), assists in a season (7), assists in a career (I7), most points in a game (7), most points in a season (19), most points in a career (39), most shots in a game (I3), most shots in a season (5I), most shots in a career (96), and set a not so successful game foul record (7), and a not so delightful career foul record with 36.

The season log of 2-8-2 doesn't accurately depict the teams outstanding season performance. Senior four year letterman Rick Stine set three records in saves

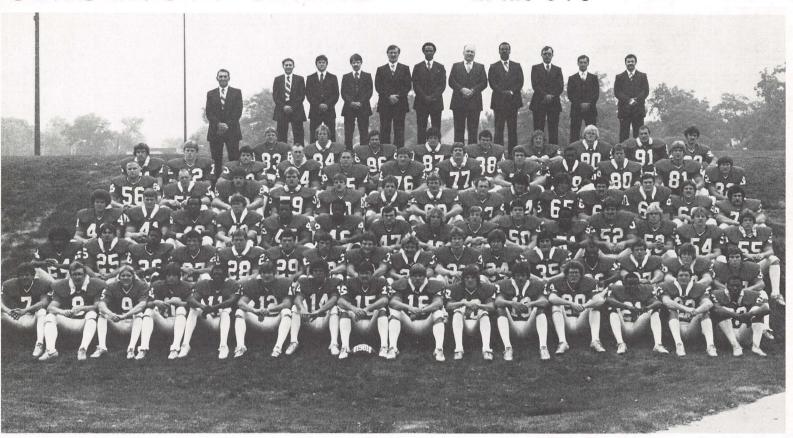

in a season, (138), saves in a varsity career, (414), and career shutouts, (4). His goal keeping stamina was best exemplified in a double overtime tie (totalling IIO Minutes) with Wheeling College, where he played almost nonstop with a turned ankle. Coach Hunter credits fullback Greg Kovach with a job well done. "He is to defense what Bill Oakley is to offense. His job on defense was to cover the opponents best offensive player and he never failed to do so." Next season looks promising with returnees halfback Joe Cerminara, forward Dave Cendol (2nd Leading scorer), and halfback Mark Jamison, who according to Hunter, "played very well."

Not pictured: Bill McDermott

No one expected us to do so well, but we surpassed all expectations. Our kids met the challange with character, discipline, and a lot of pride.

— Coach Bill Narduzzi

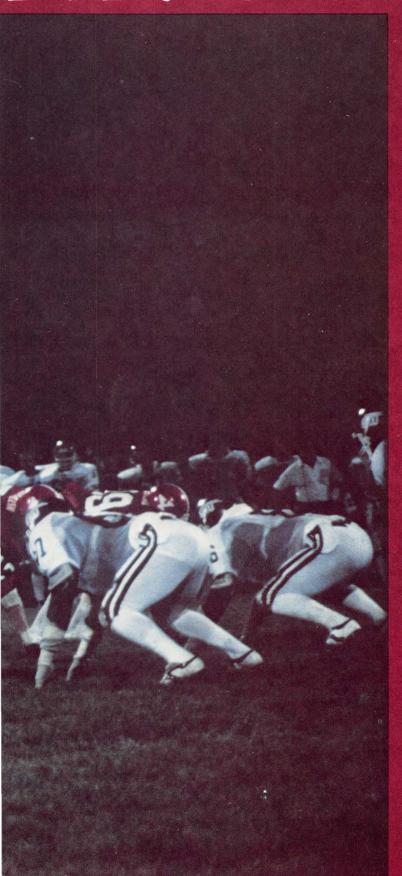

It was five years ago that Bill Narduzzi became only the third head coach in Penguin history. Since then tremendous things have happened. He led the penguins to the Division II semifinals in 1978 and was named Ohio "Coach of the Year." In 1979, he guided the team to the Division II finals in Albuquerque, N.M. He was elected the 1979 Division II National "Coach of the Year." In 1980, he became the first ever at YSU to assume the combined Athletic Director/Head Coach position. In 1981, the Duzzer's gridiron grit helped him nab a winning season and second place in the team's OVC debut. He did all of this ... and more in five short years.

The Comeback

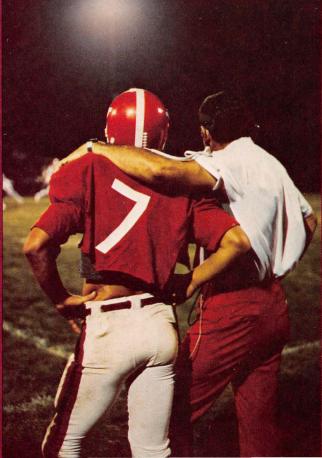

Kids

Second place . . . Who would have guessed it? The Ohio Valley Coaches didn't. They predicted YSU to finish eighth or to put it blunt, next to last in the OVC. Who would have guessed that a team coming off a 2-8-1 season, and starting the season with only six seniors on the 79 man roster would take second place? Sports pollsters Street and Smith didn't. They predicted such a team to take last place. Who would guess that a team that lost four of those six starting seniors to injury sometime during the season, could pull off a 7-4 overall record? The YSU football team and coaching staff did more than guess ... they knew that they could do it. Head Coach Bill Narduzzi said, "The challenge caused the team to fight back, they have a lot of pride."

The first injury setback started the search for a new quarterback. Starting QB, Mike Sloe was hit with a knee injury during spring ball which lead to surgery and a sideline seat for one year. From there the team was bombarded with injuries, including DT Tim Zetwick who went out with an ankle injury in the '80 season and did not return for '81. Starting DE Bill McDermott saw delayed action due to five weeks in a hand cast. He joined the defensive front at mid-season. The Penguins came up short after the Akron game when linebacker Jeff Gergel was sidelined for the season with a knee injury. By the time the penguins finished their third home game, they lost TE Shawn Boyle and DT Larry Sabino. Just a little past mid-season injury claimed its final three victims. Talented safety Mick O'Hara, hardhitting lineback-

Photos by Lauren Jones

er, Joe Schartner, and kick return specialist Robert Thompson bowed to the invisible adversary. So it was, the Penguins finished up the season eight starters short. This is where excuses were put aside and true grit took over. When the final quarter ended, they had indeed surpassed all expectations. This is the way it was, a game by game recap by sportswriter Bruce Burge . . .

Cincinnati

The Young Penguins opened up the 1981 football year in dramatic fashion, overcoming a 10 pt fourth quarter deficit to defeat the Cincinnati Bearcats 19-13. The heroes were numerous for YSU. Untested Quarterback Jamie DeVore making his first college start, scored one touchdown, and passed for another. Junior Paris Wicks rushed for 145 yards in only 21 tries and kicker Paul McFadden booted a 49 yard field goal. The Penguin defense was nothing less than outstanding, causing six turnovers including two crucial interceptions in the waning minutes of the game.

Eastern Kentucky

The Penguins were brought back down to earth a week later by the Division I-AA runnerup and conference favorite Eastern Kentucky Colonels. The Colonels forced five turnovers and held Wicks to just 74 yards rushing in 20 attempts. Down I6-0 at the break, the Penguins, made a valiant attempt to get back in the ball game, Dave Peters picked off an Isaac aireal and eight plays later DeVore hit Dave Patterson from I5 Yards out to make it I6-6. However, EKU shut the Penguins off for the rest of the afternoon while adding I0 fourth quarter points for a 26-6 win.

Murray State

YSU dominated the Murray State Racers in every single category but one, which turned out to be the most important, as the final score read Murray State 13-YSU 9. The Penguins rolled up 365 yards to only 235 for Murray. YSU also had 19 first downs while Murray managed only seven. The difference in the ball game was Murrays ability to get the big play, while YSU always came up short. With 9:46 remaining and the score 10-9 Racers, the Penguins drove to the MSU one yard line. Quarterback Jamie DeVore called his own number and sneaked into the end zone, for what seemed a touchdown. However the referee ruled DeVore fumbled before crossing the goal line. The ball was awarded to Murray as well as the game. Films Paris Wicks... school and OVC scoring record at 32 points, OVC First team, won National scoring title and was second leading rusher in the nation with 123.9 yards per contest.

later show that DeVore had actually scored, then lost the ball when the two teams were unpiling. Despite the loss the Penguins still had some great individual performances from backs Paris Wicks and Freshman Mike Hardie. Wicks rushed for 121 yards while Hardie, making his first start, added 101 yards.

Akron

Two milestones were achieved in YSU's 34-7 win over the Akron Zips in the Rubberbowl. First, the win was YSU'S 200th football win dating back to 1938, and most importantly, it was YSU's first in the OVC. Akron scored first, driving 74 yards on it's initial possession. It took the Penguins exactly two plays to tie the score. On the second play from scrimmage, Paris Wicks dashed end around and didn't stop until he was in the end zone 72 yards later. Later in the first period, DeVore found wide out Jeff Patterson all alone in the endzone for a 12-7 YSU lead. McFadden found the range from 20 yards out and the Penguins led at intermission 17-7. McFadden took up where he left off at the first half hitting from 53 yards out and boosting the YSU lead to 20-7. DeVore then found John Goode from two yards out, and YSU was rolling 27-7. Robert Thompson concluded the romp with an eight yard TD run, and it was lights out in Akron, the final score read YSU 34 - Akron

Western Kentucky

The young YSU secondary received a few flying lessons, courtesy of WKU quarterbacks Marty Jaggers and Ralph Antone who buried the secondary, passing for 300 yards and two TD's. YSU got on the board first when Paris Wicks darted over from one yard out. WKU shut down Wicks for the rest of the day holding him to a mere 25 yards in 13 carries. The Hilltoppers meanwhile went coast to coast via the airwaves building a 28-7 halftime lead. WKU scores their final time in the game when RB Tony Snardon bolted over from the one. YSU got a consolation TD when De-Vore scored from four yards out. The loss left the Penguins at 2-3 overall and 1-3 in the OVC.

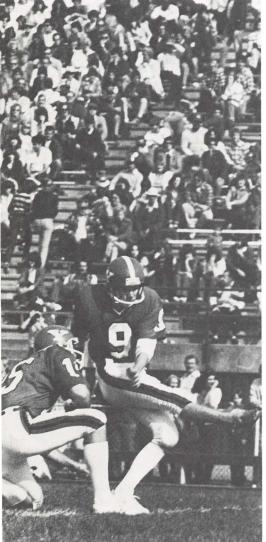

Delaware

The YSU Penguins took their road show to Delaware and came away with a shocking 24-21 upset of the Blue Hens. YSU just a week earlier had lost to Western Kentucky, a team Delaware handled quite easily four weeks earlier 34-14. To be on the field at the same time as the Blue Hens was supposed to be a miracle in itself. But the Penguins who made a habit of winning BIG games on the road in 1981 were not intimidated. Delaware scored on its very first possession marching 76 yards in eight plays. YSU came right back when Jamie DeVore scored on a nine yard op-

Sophomore Paul McFadden placed fifth in NCAA in field goals per game.

Photo by John Saraya

tion play. The Penguins then gambled, with third and one on their own fifteen yard line, YSU lined up in a tight formation. Delaware lined up in a goal line defense. DeVore faked the handoff and floated a pass to a wide open John Goode who raced to the endzone untouched. Delaware later tied the score but YSU scored once more before halftime when DeVore hit Vic Ceglie for an eight yard touchdown pass and the Penguins led at the break 21-14. McFadden padded the YSU lead with a 43 yard field goal early in the third quarter. Delaware came rolling back when Hen Quarterback Davies turned a broken play into a seven yard TD. Delaware stormed down field to the Penguin three yard line. On fourth down and the ball resting on the Penguin three with only 12 seconds left in the game, Davies, faded back for the pass, defensive end Tom Cullen, gambling blitzed, and sacked Davies to end the game. YSU evened it's record with the win at 3-3.

Eastern Illinois

The Penguins unleashed an awesome running attack along with an opportunistic defense to register their first home victory and second straight win, in defeating Eastern III. 48-16. YSU, 4-3, rolled up 400 yards of offense and caused five Panther turn-overs, in building up a 41-6 lead. Paris Wicks turned in another outstanding performance, rushing for 149 yards. John

Goode electrified the crowd with a spectacular 60 yard punt return. Goode broke six tackles on the jaunt, running over tacklers instead of around them. The offensive line, lead by Seniors Eric Warstler and Ron Kissell opened up huge holes for the Penguin backs as the Penguins finished with 35I rushing yards.

Middle Tennessee State

Once again the Penguins fell behind early, and once again "The Comeback kids" came back to win with a furious fourth quarter rally. Paul McFadden took the hero honors with a 20 yard field goal with only 2:23 left in the game, and once again the Penguins were winners in the OVC, this time over MTS 13-10. Frank Goode set the stage for a comeback by recovering a fumble on the Blue Raider 26 yard line. Reserve quarterback Mike Hall then proceeded to move the Penguins in four plays into the Middle Tennessee State endzone. McFaddens extra point tied the score at 10-10 with nine minutes remaining. On the following series, a tenacious Penguin defense which held the Blue Raiders to -19 yards rushing, forced MTS to punt from inside their one yard line. The Penguin offense took advantage of the good field position, moving to the Blue Raider three vard line behind some hard running by fullback Mike Hardie. That set the stage for McFaddens heroics. The win raised the Penguin record to 5-3 overall and 4-3 in the OVC. The win also kept YSU's road record unblemished at 4-0.

Western Illinois

YSU bidded Fitch stadium farewell on a flair note, defeating the Western Illinois Leathernecks 34-22. The Penguins playing in their last home game of the season fell behind on the opening kickoff when WIU's Jerome Stelly raced 97 yards to pay dirt. YSU came back behind Jamie DeVores 26 yard run on the Penguins ensueing possession. Paul McFadden hit from 24 and 40 yards out, and the Penguins went into the dressing room with a 13-7 lead. Leatherneck Quarterback Tom Pense gave WIU their last lead of the game when he hit Dwayne Harvey from eight yards out, YSU then broke loose for 21 fourth quarter points, on two Paris Wicks touchdowns and a two yard scoring strike from Jamie DeVore to Pat Guerriero. Wicks lead the Penguins with 159 yards rushing. YSU's defense was once again spectacular holding the Leathernecks to just one touchdown (the other WIU scores came on kick off returns.) YSU improved to 6-3 with the

HIT'EM WITH YOU

Morehead State

The winning streak continued this time at the expense of the Morehead State Eagles cellardwellers of the OVC. As the sun sank over the Kentucky horizon, the scoreboard read YSU 38 MSU 7. The Penguins jumped out to a 21-0 first half lead courtesy of Paris Wicks who scored all three touchdowns. Wicks on the day, rushed for 227 yards in only 24 attempts. Todd Robinson and John Goode scored TD's and Paul McFadden added a 25 yard field goal to conclude the second half scoring. With the win, YSU improved their record to 7-3, including 5-0 on the road. The Penguins offense rolled up 554 yards including 365 on the ground. The defense despite injuries continued to shine holding the eagles to only 177 yards total. Play off possibilities just a few weeks earlier an impossibility, were not a reality.

Northern Iowa

Playoff aspirations for YSU all but vanished as the Northern Iowa Panthers behind Steve Sandon rolled up a 38-IO halftime lead and held on to win 45-43. YSU despite almost insurmountable odds, showed great character in their comeback attempt. Paris Wicks got the Penguins rolling, scoring five TD's on runs of nine, 34, four, four, and five yards. Wicks finished the year with I,363 yards rushing, while scoring I7 touchdowns. Later offensive coordinator Mike Pariseau said Wicks ran like a man possessed. Wicks performance tipified the entire team effort in the second half. YSU finished the 1981 football season at 7-4.

Women Who Serve

Row One: Valerie Ginther, Mary Zocolo, Lydia Faidiga, Meg Deibel, Geri Ann Cornejo. Row Two: Donna Battaglia (manager), Tula Arfaras (student trainer), Donna Slagle, Kathy McConnell, Sandy Treece, Denise Dietz, Head Coach John Tokash. Missing: Andrea Igle.

We had an exciting year. The harmony was great and enthusiasm was a key factor.

Coach John Tokash

Before coming th YSU four years ago, Coach John Tokash spent 20 years as an independent coach. He is extensively involved in the United States Volleyball Association as officials chairman—rules interpreter and he participates on the USVBA regional team. A multitalented man, he combines coaching, playing, family, and running his own business into a unified whole. For Coach Tokash though, volleyball is the spike of life.

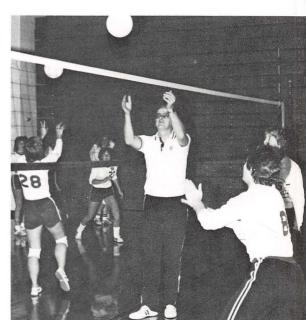

Photo by Larry Fitzsimmons

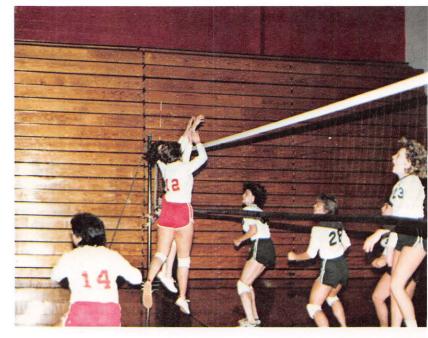

Posting his and the school's best volley-ball record ever, Coach John Tokash and his gals served up a 16-9-I regular season record. During the season YSU took second place of thirteen bowing only to Slippery Rock at the YSU Invitational. Standouts Meg Deibel and Captain Denise Dietz made the All Star team. The following Invitational allowed YSU to retaliate as they took first place honors by beating Slippery Rock. Once again Deibel and Dietz were All Star selections. The teams

hopes for the State crown were dashed early on at the State Tourny as they dropped the double elimination to Akror and Xavier. Even though the gals didn't bring home the state crown, they did bring home the winningest record at YSU

The young ball club attributed much of their success to player friendship on and off the court. All but one of the tightly knit group will be back next year and Coach Tokash is looking forward to next year's material, including 1981's MVP Meg Deibel

We had good speed, and worked hard, but it was the team effort that made it happen.

— Coach Joan Fahey

Coach Joan Fahey and the Lady Field Hockey squad stuck it to their opponents nine times, makin' it 9-4-0 on the year. In only her second year at YSU, Coach Fahey posted the best season ever in YSU field hockey history, including five shutouts in 13 games. Senior Co-captain and former MVP Dottie Craig led the offense, topping the scoring list with eight goals. Heidi Brown was second leading scorer, with seven. Senior four year letter person and Cocaptain Sue Woodford was a key defensive motivator and captured this years MVP award. During the regular season, only IIO goals were scored against the ladies and Coach Fahey comments, "Junior goalie Debbie Garvin is why we weren't scored upon very often." Coach Fahey modestly sums it up . . . "We had a very good season and for next year — the outlook is good."

(tr's just another game. The kids played hard, but to me a win is a win.)

Dominic Roselli

"The living legend" ... alias Coach Dom Rosselli. The "legend" made his mark as he picked up his 1,000th combined basketball/baseball career win on home court, beating the Gannon Knights 65-57. Roselli began this 38th head coaching year with an impressive 581-367 basketball record, placing him third among the nation's active head coaches for career victories. He has been named NCAA's District Coach of the Year, twice named Ohio College Coach of the Year, Italian Coach of the Year, and Who's Who in the Midwest. The awards are numerous, but there is no award that adequately describes the inspiration, ingenuity, and the personal tough of class that Dom Roselli has given to the students, the University, and the community. It is to the "living legend" that we have dedicated this yearbook, as Dom Rosselli so valiantly exemplifies the spirit of "makin' it".

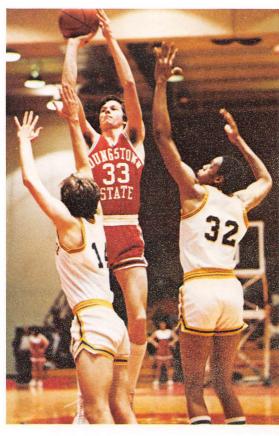

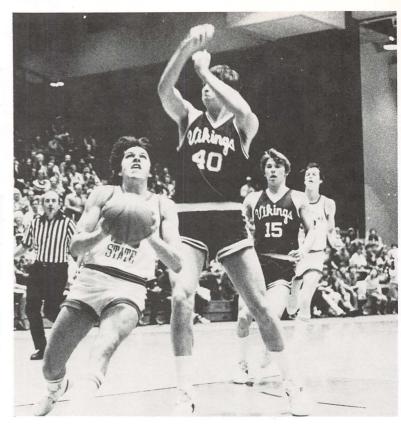

Photo by John Saraya

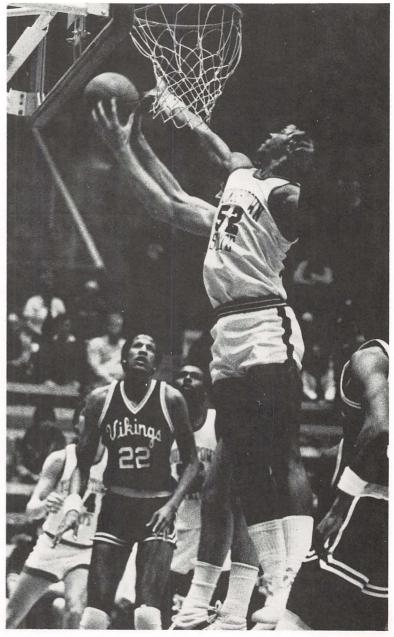

The Penguins opened up the 1981-82 season in dramatic fashion, with a 68-66 overtime loss to rival Westminster. Bruce Alexander led the Penguins in the opener with fifteen points. Alexander also was injured in the game. The All-American candidate later tried to come back in games two and three, which caused even more damage. The injury finally forced him to the sidelines for the remainder of the year. This left Coach Dom Roselli with only one senior, point guard Rob Carter. The Penguins also had only one junior in the freshmen dominated squad in John Goodson. It was Goodson who was the hero in the "landmark" game against Gannon which gave Coach Dom Rosselli his 1000 career combined sports win. Trailing in the game by four with less than two minutes to go in the half, Goodson quickly ignited the Penguins, stealing and scoring back to back hoops that gave the Penguins a lead they never relinquished. The 65-57 win also evened the Penguin's record at one and one. Goodson finished the night with fifteen points and five steals.

The Penguins didn't have too much time to celebrate, taking to the road just three days later. After suffering a 67-51 loss at the hands of Delaware State, the Penguins bounced back with a 66-50 win over the Governors of AU. This year's MVP Art McCullough, picking up where he left off last year, led the Penguins with 17 points. McCullough continued his hot scoring pace that would make him the Penguin's leading scorer. The Penguins with McCulloughs 22 points leading the way, rolled to a fourteen point advantage in the second half. But a late game comeback by Murray State gave them the 67-73 win.

Despite the heart-breaking loss, the Penguins regrouped and easily defeated OVC foe Eastern Kentucky at Begghly, 68-57. Art McCullough again led the young Penguins with 2I points. 1981 didn't end that well for the Penguins, with back to back losses to Morehead State and Missouri. The Tigers at the time were ranked num-

ber two in the nation. The Penguins held their own early in the ball game trailing Missouri only 27-20 with time running out in the first half. However behind stars Ricky Fraiser and Steve Stepanivich, the Tigers took off and coasted to a 97-60 win.

The Penguins started 1982 like 1981 with a 64-61 loss to Bellarmine College. The losing streak came to a halt a game later at Tennessee Tech. Behind Art McCullough's and Troy Williams's 26 points, the Penguins jumped on the Eagles posting a 76-60 win. The victory boosted the YSU record to 4-6 with OVC rival Middle Tennessee next. MTSU boasted the OVC Player of the Year in forward Jerry Beck. The Raiders proved too much for the Penguins dealing YSU a 73-56 defeat. McCullough once again led YSU with 23 points.

YSU would play their biggest and most exciting game of the season a game later against the West Virginia Mountaineers, WV came into the contest at Beeghly with only one loss with victories over Ohio State and Virginia Tech. YSU quickly showed WV they were ready to play-rolling to a 30-15 lead in the first half. The Mountaineers came back and cut the half-time lead to seven at 34-27. The game turned out to be a battle in the second half with the teams trading leads. Then with only 10 seconds left and the score tied at 60, West Virginia called time out to set up a play. The play was designed to get the ball to Greg Jones, a Youngstown Rayen Grad, who led WV in scoring. But the Penguins had Jones covered and The Mountaineers in desperation threw the ball to forward Mike King who lost the ball on a drive to the hoop. The ball however was picked up by Phil Collins who banked in the game-winning

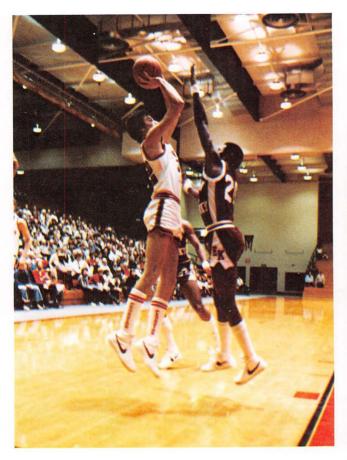

hoop at the buzzer. The 62-60 WV win ended the YSU upset bid and a brilliant performance from freshman Troy Williams. Williams played like a season veteran driving and scoring 21 points. Williams also led the Penguins in rebounding with six.

The Penguins suffered another heart-breaker three days later losing to arch-rival Akron 64-62.

YSU broke the three game losing streak a game later knocking Cleveland State 67-55. John Goodson sparked the Penguins who were tied at I8 going to the half. YSU suffered it's second blow of the season against Western Kentucky when Goodson broke his wrist in a drive to the hoop. Without Goodson's slick ballhandling, WKU pulled away posting a 66-59 win.

After splitting on the road, defeating Eastern Kentucky for the second time in the season while losing to Morehead for the second time, the Penguins traveled to Wright State to play the Division II power and long time rival Raiders. YSU, behind freshman Dave Klenovich's hot shooting, jumped out to a 37-36 half-time lead. The Raiders broke the final 64-64 deadlock for good with 9:40 left in the second half and posted an 85-74 win, Dave Klenovich finished high point man for the Penguins with 24 points.

YSU then returned home and dropped their first two games of a four game home stand to OVC rivals Tennessee Tech and "The Beck" led Middle Tennessee State. YSU looked impressive in a 72-74 revenge victory over the Delaware State Hornets. Rob Carter led the Penguin attack dishing off numerous assists while scoring and stealing the Penguins to their seventh win against 14

Slammin' ...,

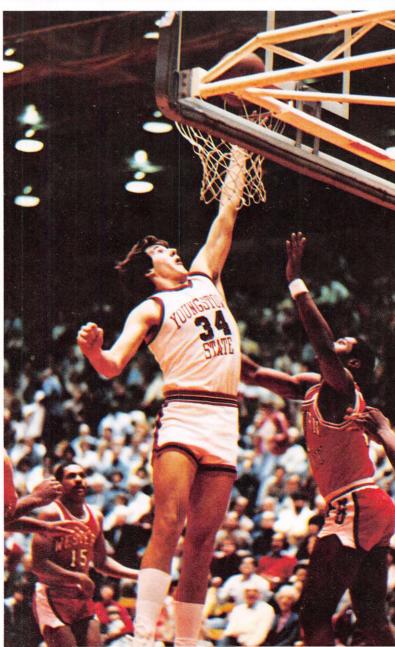

losses.

YSU suffered from one of their worst shooting nights of the season just three days later in their rematch against Akron U. The Zips capitalized, behind Joe Jakubicks 26 points, and 68% shooting to beat the Penguins 78-61. The loss started another three game losing streak for the Penguins, including a 90-71 defeat at the hands of Cleveland State. The Penguins 7-17, refused to fold in the final two games of the season, pounding Austin Paey at Beeghly 65-51. Troy Williams, Jeff Gilliam and Dave Klenovich led a balanced Penguin scoring attack with 15, 14, and 10 points each. The victory gave the Penguins a series sweep over the Governors and assured them sixth place in the OVC.

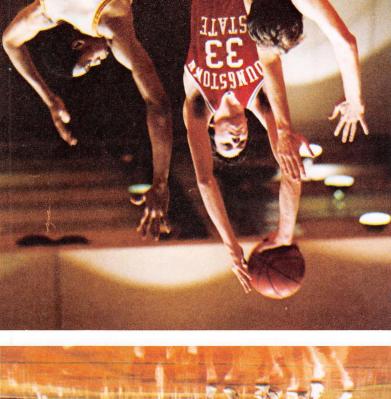

The Penguins showed the 1,653 crowd and the OVC that it would be a force to be reckoned with taking the OVC leader Murray State Racers into overtime before bowing 69-66. The Penguins down ten to two early roared back outscoring the Racers 28-17 to take a 30-27 lead at halftime. But the Racers went ahead in the second period and seemingly had the game wrapped up leading 57-53 with just 37 seconds left in regulation. Jeff Gilliam's tip-in cut the lead to 57-55. Then with only one second remaining Art McCullough sank two pressure free throws to send the game into OT at 57-57. The Racers put the game away in overtime on a Glen Green layup and a Ricky Hood dunk. Freshman Troy Williams lead the Penguins with 24. The Penguins despite ending at 8-18, proved to the rest of the league that it would indeed be a force to deal with in the 1982-83 season.

Photos of team and coach by Juan Mendel

This year we were an up and down team, real good one week, mediocre the next. We couldn't get our consistency, but for the first year in the OVC we did all right.

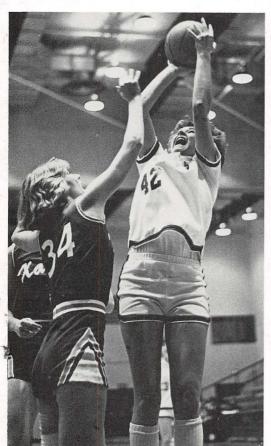

Head Coach Ramsey experienced a first this year. But it was a first she would rather have done without. This year was her first losing season as a coach. But it is unfair to isolate this season in light of the fact that in her 15 years of coaching here at YSU it is her only losing season. Coach Ramsey has compiled a respectable 107-50 overall basketball record over the last five years.

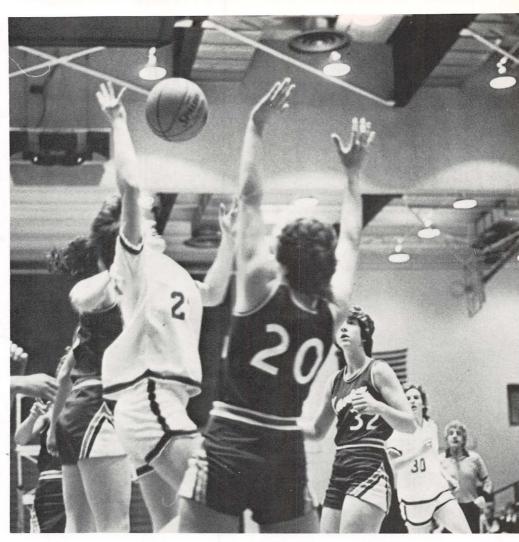

Photo by John Saraya

Inconsistency was the biggest factor in the women's basketball 10-12 finish. One week the cagers would pull off a spectacular performance as that against Central State, thrashing the Marauders 81-49. In that contest five Penguins including Co-captain Holly Seimetz, Melissa Kerner, Evelyn Rohland, Cocaptain Denise Schwab, and Margaret Porter each hit double figures. The sharp shooters hit 61% from the free throw line and connected on 50% of their fielders to pocket the 32 point victory. Then would come another week and it seemed as though we were watching a different team altogether as in the loss to West Virginia 65-52. The Penguins hit on only 9 of 37 shots from the field, averaging 30% on the night. Holly Seimetz, team's leading scorer and rebounder had 18 points and 15 rebounds, but only connected on 7 of 20 field goal attempts, well below her 58% season percentage. And so it went, teeter-totter style, throughout the season. But when you split the difference, a 10-12 first season in the OVC isn't a catastropic showing. When the gals were good, they were really good, exemplified by four year letter starter & 1982 M.V.P. Holly Seimetz. Her outstanding play yielded a season average of 18 points a game, with a 60% base line percentage and an impressive 283 rebounds.

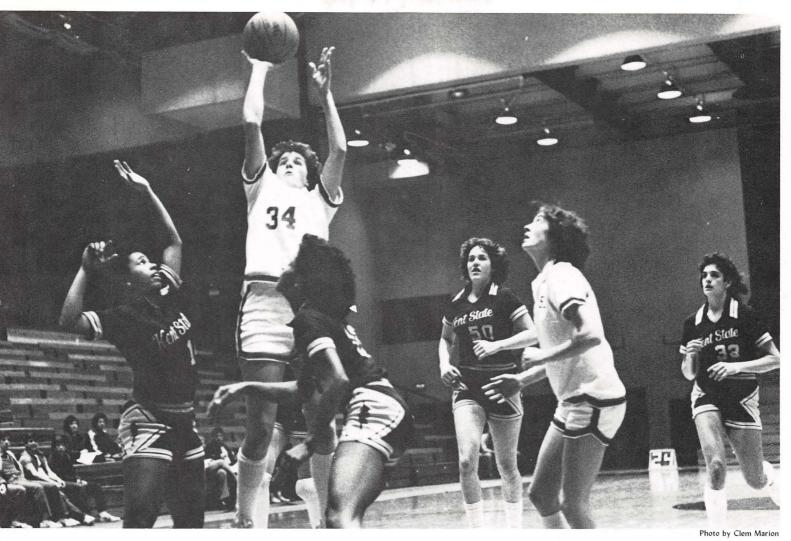

Next year looks to be a big recruitment year for the Penguins with the losses of Seniors Shirley Barnett, Denise Schwab, and Holly Seimetz. Coach Ramsey says this year's talent on the bench plus next year's recruits are encouraging for a good season next year.

Photo by Juan Mendel

Our team has a lot of potential. Everyone will be back and we expect big things next year.

— Coach Pam Ruby

After facing some of the toughest Division I opponents in the nation, Head Coach Pam Ruby wrapped up her third season at YSU with a confident, optimistic perspective. She has a young team and is rightfully expecting a successful future as the team matures. The former YSU graduate herself matured into a star gymnast in her previous years with YSU. She served as team captain and was an Outstanding College Athlete of America selection in her sophomore year. She coached two years at Kennedy High in Warren before taking the helm at YSU.

Agility n'

Ability

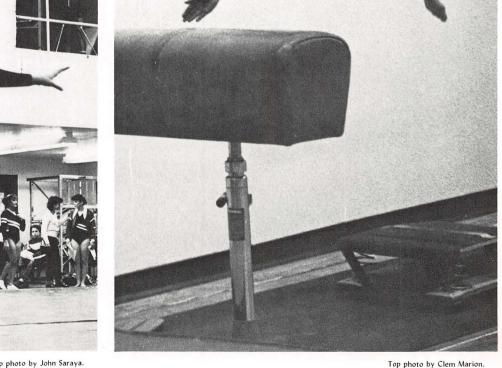

Photos by John Saraya & Clem Marion

Top photo by John Saraya. Bottom photo by Clem Marion.

Top photo by Clem Marion. Bottom photo by Bob Tombo.

Starting a season with six team members almost invariably invites an uphill struggle. And the struggle for the gymnastics team was indeed uphill. A. six person roster doesn't leave any cushion against injury, a lack which manifested itself when Heather Laidlaw lost one month to a back injury and Bridget Welsh lost considerable time to recurring knee problems. Early in the season Coach Ruby explained, "It makes it hard on the girls and puts a lot of pressure on them . . . if someone gets injured we don't have anyone to put in."

When not hampered by injuries the girls put in some outstanding performances, led by junior Cap-

tain Marianne Sefcick. Sefcick is one of the only two at YSU to ever make it to Nationals and she thus far has accomplished the feat twice. This year's M.V.P., Sefcick placed in the top 24 in the nation in all around competition, securing a spot in the AIAW Nationals in Denver, Colorado.

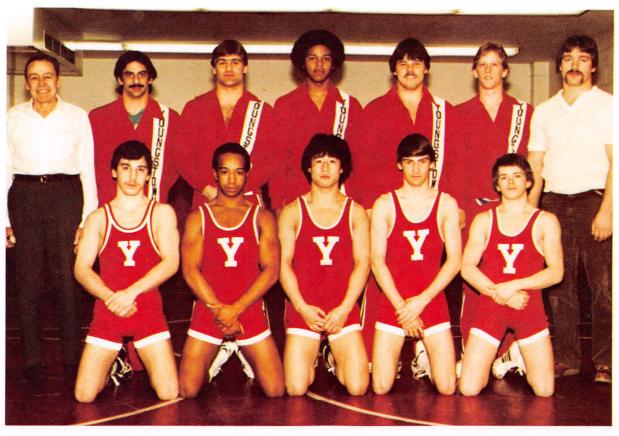

During the regular season, the YSU gymnasts met head on with such powers as West Virginia and Clarion State. The turning point for the girls was an impressive II9.55-I06.4 win over Miami University on Miami's floor. As Coach Ruby put it, "Everyone was outstanding."

Coach and Team photo by Juan Mendel

It was a tough year but we made a respectable showing at the tournaments. We showed we could win and we did win.

- Coach Bruce Hinkle

First year Head Coach Bruce Hinkle talks enthusiastically of his team despite a disappointing I-I5 season. Coach Hinkle maintained "It was a learning year for all of us with no place to go but up." And this area native knows what it's like to be up there. At Fairmont State College he took 4th in the NAI Nationals as a sophomore, ultimately winning the National Title his junior year. He managed to place eighth at nationals competing injured his senior year. His off season planning includes a strong recruitment effort, tapping some area talent.

Young and inexperienced and a costly red shirt were the key features of the YSU matmen. Heavyweight Rick Bruno, 4th in the nation last year, was red-shirted due to pre-season injury. Some of the incoming freshmen had never wrestled before. It was the first year out for the only junior on the team. The team roster included only one senior.

But what a senior he was. MVP Pat Day nabbed a season 19-3 with his only loss during the regular season by injury default at the Ohio Collegiate Tournament semifinals. Co-captain Day took a wild card bid to Nationals. There he won his first match 14-9 and lost the second with a pin. Coach Hinkle says of the 177lb. senior, "We'll be sorry to lose him. He displayed super intensity, prepares himself like a champion." He credits Pat Day and sohomore Bob Donaldson (158 lb.) with keeping the team from ever getting shut out. Co-captain Donaldson made one of his key contributions, winning the Allegheny Tournament. Other team strengths included Frank Mancini (126 lb.) and Hyun Chul Kym (142 lb.) who according to coach Hinkle, "wrestled well" and along with Rick Bruno, "will supply the leadership for next year's team."

Different Strokes For Different Folks

Row One: Agnes Goda, Bill Skandaliaris, Tammi Swearingem, Scott Nierich, Tracie Grace, Carl LaLonde. Row Two: Joan Sommerlad, Sabra Reagle, Greg Leecue, Abby Crelin, Jim Foley, Peggy DeVall, Ron Maslovsky. Third Row: Coach Joe Kemper, Richard Ballard, Joyce Seiple, Nadav Batscha, Greg Hetson, Tim Hilk, Karen Williams, Brian Canute.

Team and Coach by Juan Mendel.

Some of the losses were close. If our inexperienced swimmers keep improving at the same rate, it will eventually help us.

- Coach Joe Kemper

Joe Kemper's first year as YSU's Head Swim Coach was also YSU's first year in the men's transition from Division II to Division I. The transition wasn't an easy one and the former YSU competitor said "... it will take us a few years to compete at Division I." The head man from Dayton may just be the youngest Division I coach in the country. He still holds the YSU I-meter diving record and was an All-American in Division II. He said this first season was a time for him and the team to get to know each other and aclimate to the program.

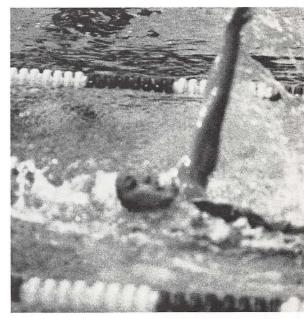

Photo by Clem Marion.

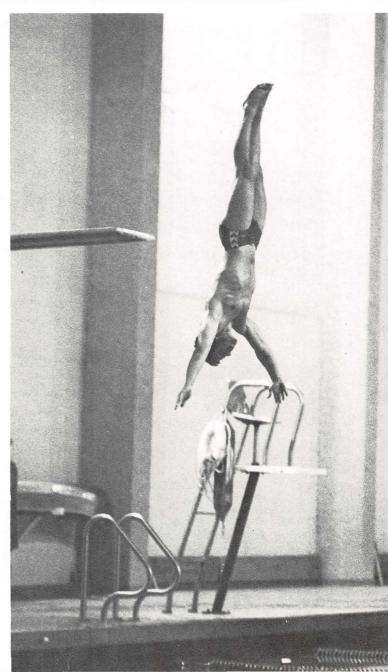

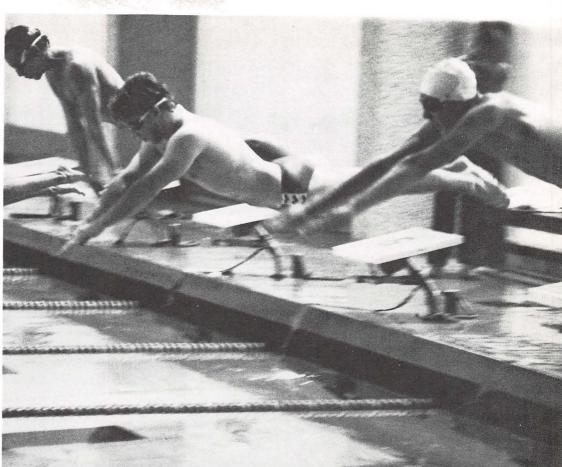

One team that really felt the growing pains of moving from Division II to Division I is the men's swim team, especially qualifying for Nationals. Last year's qualifying time was a 21.7 speed, this year it's 20.3 — just to qualify for Nationals. "The faster time standards and limited recruitment capabilities make it difficult to compete at Division I" stated Coach Kemper. He says he is "hoping our program will grow in the next couple of years in all aspects." Some of the losses this year were close and is an indication that continued growth from the young team could increase winning expectations. This year the men's free style relay squad, Ron Maslovsky, 1981-82 MVP Greg Hetson, Rich Ballard, and Co-captain Tim Hilk set a school record in the 400 yd. free style at 3:13:06 from 3:14:1.

The women's team is at square one according to Coach Kemper. Even though they are still in Division II, they swam a different schedule against powerhouses like Clarion State. This year's progress was slow but next year should be on the upbeat due to more experienced swimmers, extensive recruiting, and their Division II standing. Peggy De-Vall was chosen the 1981-82 MVP.

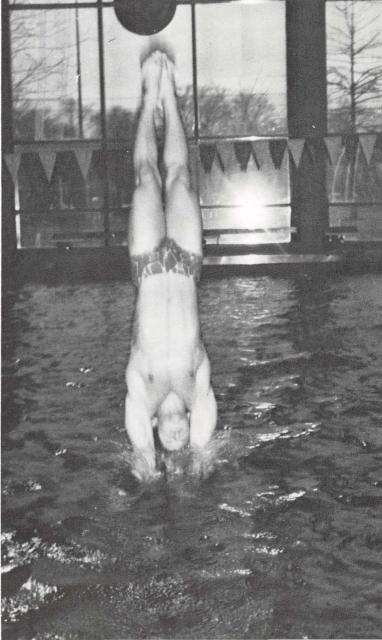

1981-82 Men's Swimming Season: I-7

YSU Wrap Sessions

Row One: Tom Reigelman, John Novak, Debbie Baumgartner, Tula Arfaras, Frank Costas, Row Two: Laura Rubesish (Assistant Trainer), Vince Santangelo, Larry Davis, Jim McKinny, Bill Ferkan, Dan Wathen, (Head Trainer)

Service is the name of the game at the YSU training center, about \$350,000 worth of service a year for student athletes. Head Trainer Dan Wathen and his team provide excellant care for the injured athlete and more importantly stress preventative techniques. Not only is this unique service provided YSU athletes, but service is available to the community as well. An outpatient can be a doctor's referral or just someone who wants to get in shape. The center provides among other things, diet evaluation, exercise prescription, body fat analysis, and is relatively inexpensive. The center is one of the few places in our area with the Sybex - a machine that accurately evaluates joint movement, strength and power.

For physical training, preventative care, and food and nutrition expertise, the YSU training staff is a valuable source and tremendous asset to YSU and the community.

INTRAMURALS RECREATION

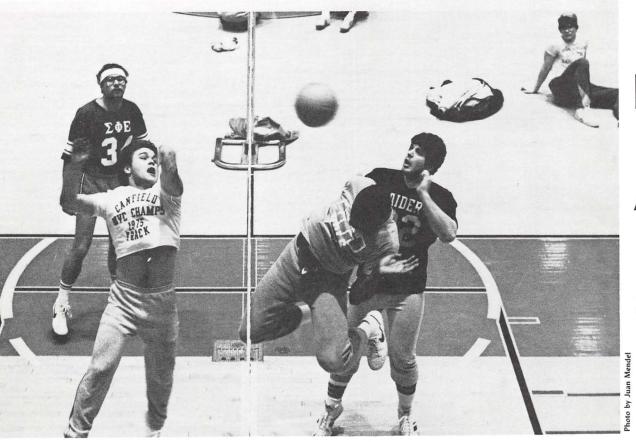

RUNNER-UP 1981-1982

INTRAMURALS RECREATION

CHAMPION 1981-1982

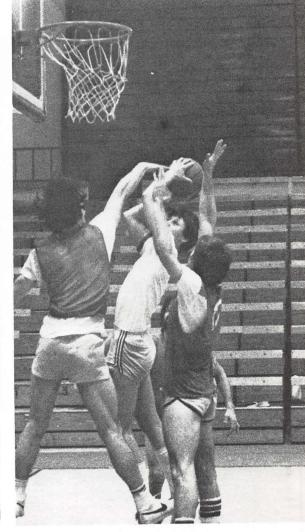

Would you go at it this tough ...

FOR

MUG?

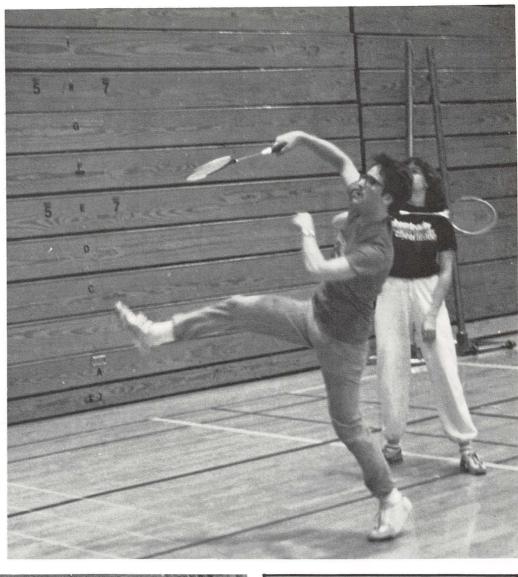

About 7,000 students, faculty, and staff do it for a mug. That cherished glass artifact that is awarded to the Championship and runner-up teams in each Intramural competition. And with 2,000 scheduled contests a year, that gets to be a lot of mugs.

The Intramural program tho' has a lot more to offer than just mugs. Director Tim Miller says "The program is designed to help meet the physical, social, and recreational needs of the university people." Intramurals provides over a hundred part time jobs for students as game officials, scorers, timers, tournament directors, and much more, thus providing leadership opportunities and specialized training. The best thing is of course that the largest part of Intramural's budget goes right back to the students in the form of jobs and equipment. Intramurals loans out, just to name a few: basketballs, volleyballs, squash raquets, camping and backpacking equipment to student organizations.

The folks in Room 322 Beeghly offer over 60 different activities, some of the most fierce sports competition on campus, and according to Barbara Shimko, better known as Intramural Mommy, "Intramurals is the best way to meet people." And the best way to get mugged.

Dean Paraska

The College of Applied Science and Technology actively strives to provide a wide range of programs. The College provides technical education programs, the principle aim being to provide preparation for immediate entry into the working world. The College offers two year programs that give the student an associate degree. New programs are being developed as the need for these programs arises. The College of Applied Science and Technology has six departments Allied Health, Business Education & Technology, Criminal Justice, Engineering Technology, Home Economics, and Nursing. These different departments offer a total of thirty six different degrees.

Nicholas J. Paraska is Dean of Cast, and has held this position since February, 1968. John J. Yemma is Chairman of the Allied Health; Virginia Phillips, Business Education & Technology; Lawrence Cummings, Criminal Justice; Victor Rickley, Engineering Technology; Mary Beaubien, Home Economics; Gilda DeCapita, Nursing.

Dean Nicholas J. Paraska of the College of Applied Science and Technology began his tenure here in 1960. Prior to being appointed Dean in 1968, Dean Paraska was a professor of Civil Engineering. The chief duties he encounters as Dean include overseeing the smooth operation of the College, developing new programs, and overseeing the existing programs.

On a sad note, Dean Paraska will be leaving Youngstown State University at the end of Summer quarter 1982. His retirement is well deserved after serving twenty two years as faculty member and fourteen as Dean of CAST.

Dean Paraska states, "I find it most rewarding seeing students achieve their goals and aspirations, and finally to receive a degree from the college."

Professor John J. Yemma of the College of Applied Science and Technology is the Chairman of both the Allied Health Department and the Biological Sciences Department.

Dr. Yemma is in his 10th year at YSU. He has been a full service faculty member for these ten years.

Dr. Yemma, who teaches classes mostly on the senior and graduate school levels, enjoys teaching such classes as Cellular Molecular Biology, Cytology on the senior level, and Cell Biology Topics on the Graduate School Level.

Dr. Yemma is an alumni of Youngstown State University, graduating in 1961 with a Bachelor of Science in Education degree. He earned his M.S. in Ed. from George Peabody College in 1965. In, 1971, he received his Ph.D from Pennsylvania State University.

Dr. John Yemma, and his wife, Rosetta, live in Struthers, Ohio.

The Coordinator of YSU's fairly new Dental Hygiene Clinic is Mrs. Alice Betz. Mrs. Betz was appointed Coordinator after being here only one year. Before becoming the Coordinator, Mrs. Betz was a full service faculty member.

Mrs. Betz also teaches many varied classes in addition to running the clinic. These classes include Nutrition and Preventative Dentistry, Dental Health Education, and Jurisprudence, which is an ethics class. Mrs. Betz is also very active in the Community Dentistry.

The Dental Clinic was instituted in 1976, as a two-year program which leads to an associates degree.

Mrs. Alice Betz, is married to Dr. Mark Betz, who does some limited service teaching. Dr. and Mrs. Betz reside in Warren, Ohio.

The Chairman of the Criminal Justice Department is Dr. Lawrence Cummings. Dr. Cummings is a six year full service faculty member who served one year as acting Chairman and was officially appointed four years ago.

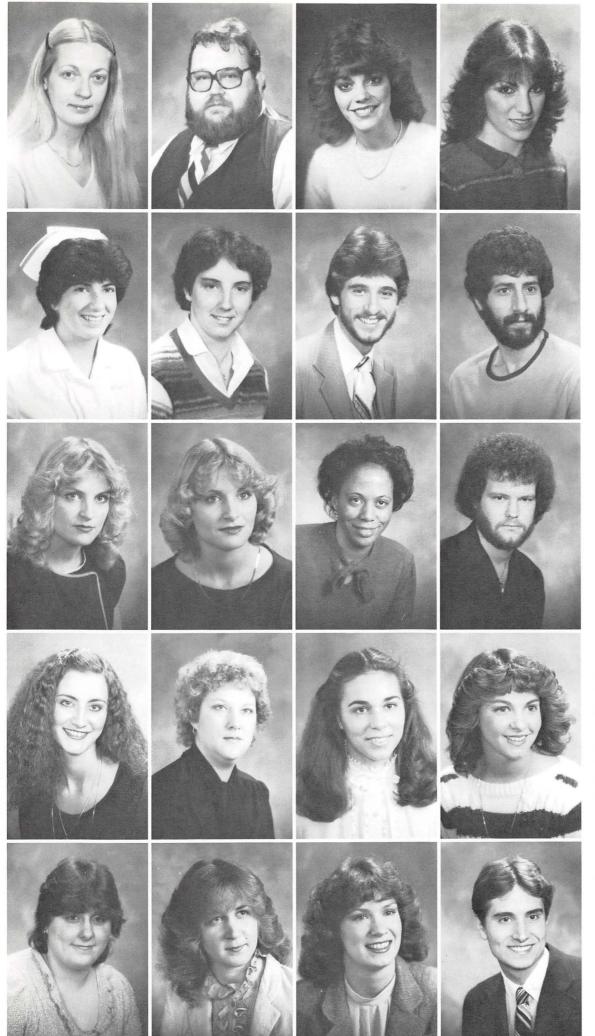

Dr. Cummings, whose primary concern is to oversee the whole Department of Criminal Justice, keeps himself busy by drawing up the budget, seeing that it is followed, advising students, and maintaining the high quality of the programs in the department.

Dr. Cummings teaches primarily on the graduate level, with classes such as Etiology of Crime, Readings in Criminal Justice, Research, and Thesis.

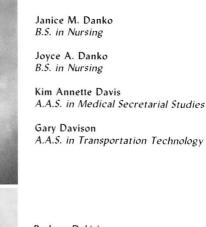

Dr. Cummings, who graduated in 1959 from the University of Texas with both his B.A., and his M.A., also received his Ph.D from The University of Georgia in 1974.

Dr. Cummings, and his wife Patricia live in Negley, Ohio.

Dr. Mary Beaubien has been Associate Professor and Chairman of the Home Economics Dept. since Fall 1977. She has academic preparation in Child Development and Family Relationships, and teaches courses in these specialties, along with occasional graduate courses.

She likes YSU, and feels very much "at home" in Youngstown, and at the University. She loves working with the students. Their variety in age, experience, and ethnicity make teaching interesting.

Dr. Beaubien's special interests are the development of programs in the Home Economics Department, procuring funds for special projects, providing community experiences for students, and establishing the campus day care center. Her ambition is to see more men taking Home Economics courses.

Dr. Beaubien received her B.S. from Siena Heights College, her M.S. from Michigan State University, and her Ph.D from Pennsylvania State University.

Professor William O. Barsch, a Professor of Engineering Technology, received his higher education at Purdue. He received his B.S. in 1965, M.S. in 1966, and his Ph.D in 1970. Professor Barsch has been here at Youngstown State University eleven years. His specialty is various Mechanical Technology classes such as Mechanics, Thermodynamics, and Numerical Control Programming. He thoroughly enjoys his work here with the students, faculty and staff of YSU, and feels that this enjoyment of teaching is what makes teachers effective. Professor Barsch, in his usual, jovial way states, "I love teaching here at YSU - It keeps me young."

Dr. Dorothy M. Kennedy, of the Nursing Department, of the College of Applied Science and Technology, is an Assistant Professor of Nursing.

Dr. Kennedy obtained her diploma from Sharon General Hospital, Sharon, Pa. in 1952. Dr. Kennedy returned to school and completed graduate work receiving her Bachelor of Science Degree in 1957. Once again, Dr. Kennedy returned to school and successfully gained her doctorate in 1961. She earned her Bachelors Degree from Duquesne University, and her Masters Degree from Westminister College.

Dr. Kennedy teaches Nursing Processes, which is a 500 level introductory course to the area of Nursing. Dr. Kennedy also teaches the lab that is required for the course.

Dr. Kennedy resides in Wheatland, Pennsylvania.

Robert J. Stanko, Assistant Professor, has been teaching in the Criminal Justice Department at YSU for the past ten years. This department is the College of Applied Science and Technology. Mr. Stanko, before coming to YSU, had prior experience as an officer with the Ohio Adult Parole Authority and also as a psychiatric rehabilitation counselor at Woodside Receiving Hospital.

Mr. Stanko has taught a wide variety of classes, but primarily teaches in the area of corrections.

Mr. Stanko received his B.A. from Youngstown State University in 1963 and he also received his M.A. from the University of Akron in 1970.

Mr. Stanko, a much needed member of the YSU faculty, is married and has one daughter. He resides in Canfield, Ohio.

The College of Applied Science and Technology's principal aim is preparation for immediate job entry in various career fields. C.A.S.T. offers two-year technical programs of study that provide students with an applied scienctific education along with an appreciation of the skills related to their career choice. Similar baccalaureate programs were offered in the departments of Allied Health, Engineering Technology, Criminal Justice, Nursing, and Home Economics which are designed to articulate with two and four year programs to afford upward academic mobility.

School of Business Administration

Dean Dodge

The School of Business Administration has four departments, Accounting and Finance, Advertising and Public Relations, Management, and Marketing.

The major responsibility of this college is to provide an education that prepares the student for a career in the general areas of Business.

The School of Business prepares students for competency in a certain field, but also gives the student a broad liberal education.

Most of all, the academic work done in the school of Business is really done outside the school. Within the School of Business, the student receives emphasis on decision making within the context of a large organization.

The Chairmen include, Ray L. Ross, Accounting & Finance, Frank J. Seibold, Advertising & Public Relations; A. Roger Curran, Management, and Donald L. Mathews, Marketing.

Dr. Robert Dodge is Dean of The School of Business Administration while E. Mark Evans is Dean Dodge's Assistant.

Dean Robert Dodge came to YSU in July of 1979, when he was appointed Dean of the School of Business Administration.

His duties include making sure that the School is running smoothly, without any major foulups.

Dean Dodge feels that since he has become Dean, he, along with the help of many others, have been active in improving the quality of existing programs and raising the standards of the entire school.

Dean Dodge, along with many other members of the School, have brought about the accredidation of the School of Business Administration. All in all, Dean Dodge, in the short time he has been with us, has proved to be a great asset to YSU.

Mr. Eugene A. Sekeres is an Associate Professor of Advertising and Public Relations, in the Advertising and Public Relations Department of the School of Busness Administration.

Mr. Sekeres attended Geneva College, where he received his Bachelor of Arts Degree in 1950. He continued his schooling and received his Masters of Literature degree in 1957 from the University of Pittsburgh. He continued his education and obtained his masters degree from Syracuse in 1972.

Mr. Sekeres is qualified to teach all courses in the school of Business Administration, Department of Advertising, but likes to concentrate on such classes as Advertising Procedures, Basic Public Relations, Retail Advertising, and Media Presentation.

Dr. Sekeres and his wife Blanche live in Youngstown, Ohio.

In the School of Business Administration, an Assistant Professor who is quite active, finds time to be with her students. This Assistant Professor is Jane Simmons, who is with the Advertising and Public Relations Dept.

Miss Simmons, who has been a faculty member for the past six years, teaches most of the courses in the Department of Advertising and Public Relations, including Advertising Fundamentals, and Advertising Procedures.

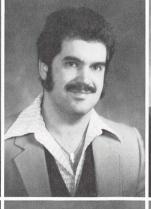

Miss Simmons is a full service faculty member. She received her B.S. in B.A. from Youngstown State University, her M.A. from Michigan State in 1974, and is presently working toward her Ph.D from the University of Pittsburgh.

In her spare time, she enjoys playing raquetball and also enjoys running.

The Chairman of our Management Department, which is in the School of Business Administration, is Dr. Donald E. Hovev.

Dr. Hovey, first came to Youngstown State University in 1970, as an Assistant Professor of Management. He was a professor until this year, when he was appointed and elected to be the Chairman of his Department.

As Chairman, Dr. Hovey keeps the Management Department in smooth working order. Dr. Hovey, in addition to being Chairman, teaches in the field of Management. Dr. Hovey teaches classes such as Organizational Behavior, Human Behavior, and Fundamentals of Management.

Dr. Hovey received his B.A. from the University of California at Los Angeles, in 1950. In 1958, he received his M.A. from University of Colorado, and in 1962, he received his Ph.D from the University of Colorado.

One of our busiest faculty members here on the campus of Youngstown State University is a Professor of Accounting and Finance, who seems to throw himself into his work. The professor, Ronald Volpe, is a busy man on campus.

B.S. in B.A. in Accounting

Dr. Volpe is a man who specializes in many different courses. On the undergraduate level, Mr. Volpe teaches Business Finance, and Investment analysis of Management. On the higher graduate school level, he instructs in a Securities Analysis class.

Dr. Volpe attended Youngstown State University and received his bachelor of science degree in Business Administration in 1964.

He furthered his education by receiving his masters degree in 1968 from the University of Central Michigan. In 1975, he attained his masters from the University of Pittsburgh.

Dr. Ronald Volpe and his wife Cathleen live in Boden Pa.

Donald H. Mathews is a full service faculty member, and an Associate Professor of Marketing in the School of Business Administration.

Dr. Mathew teaches all Marketing courses, but specializes in the Fundamentals of Marketing course. He is also an advisor for the graduate level thesis classes.

Dr. Mathews attended and received his bachelor of Business Administration degree from Baylor University in 1958. He continued his education on the higher level of graduate school and, in 1960, he received his masters degree in Business Administration. In 1972, he again returned to the grind of school, and received his doctorate in Business Administration from Union Graduate School.

Dr. Mathews, and his wife Deborah, reside in Youngstown, Ohio.

\$ \$ \$ WILLIAMSON HALL The School of Business Administration was changed by Trustees resolution to Williamson Hall. The change was made in recognition of a donation to the University of 2000 shares of WKBN Broadcasting Corp. stock and other contributions to the business community. An annual conference exploring new technological developments and opportunities in communications will be supported by dividends from the stock. Photo by Larry Fitzsimmons

William Rayen School of Engineering

Photo by Dean DiStasio

Dean Sutton

The goal of the William Rayen School of Engineering is, in concert with the goals of Youngstown State University, to provide education and training to prepare the individual for the technical and personal challenges associated with the functions of an engineer in society.

Technology and society change with time, but fundamental principles are timeless. Therefore, the major emphasis is upon insuring preparation in the physical sciences, engineering sciences, social sciences, and humanities for every student. Individual departmental curricula provide application of the fundamentals appropriate to that particular field of engineering. Because of the temporal nature of our technological society, the curricula are under continual study to ensure changes necessary to adapt to professional and societal needs.

In the William Rayen School of Engineering, there are five different departments. They are Civil, Electrical, Mechanical, Metallurgical, and Chemical.

The William Rayen School of Engineering is housed in the Engineering Science Building, which was a gift from the state of Ohio. The building was completed in 1968, and dedicated that same year.

Dean George E. Sutton is Dean of the School. Dean Sutton was appointed dean of the William Rayen School of Engineering in July of 1976. Formerly, he was director of professional services for the National Council of Engineering Examiners. Dr. Sutton, a West Virginia native, received his bachelor of science degree from West Virginia University, masters degree from University of Florida, and his doctorate degree from Michigan State University.

Dr. John N. Cernica, of the Civil Engineering Department of the School of Engineering, recently published his fourth textbook. Dr. Cernica's text, title "Geotechnical Engineering", is used primarily on the senior level. Dr. Cernica has been a member of the Youngstown State University faculty since 1957, and has served as the chairman of the Civil Engineering Department for the past ninteen years.

He graduated from YSU, and bolds masters and doctorate degrees from Carnegie Institute of Technology. Dr. Cernica is a registered professional engineer in twenty three states, and also holds certification from the National Council of Engineering Examiners.

Dr. Cernica, received the Outstanding Civil Engineer of the Year Award in 1981. He resides in Boardman with his wife, Patricia, and six daughters, Kathy, Judy, Alice, Johanna, Tricia and Sarah.

Professor Mathew J. Siman, a Professor of Engineering, is in his twenty-sixth year here at Youngstown State. He began his teaching career in 1956. Dr. Siman, who teaches a variety of courses, concerns himself only with electrical engineering. Dr. Siman teaches in the graduate school, and instructs many of the thesis classes.

Dr. Mathew Siman, received his B.S.E.E. from Case Institute of Technology in 1949. He also received his M.S.E.E. from Case Institute of Technology in 1956. Dr. Siman, while teaching a full load of classes at YSU, worked toward, and received his Ph.D from the University of Pittsburgh in 1969.

In 1969-70, Dr. Siman received the Walter E. and Caroline H. Watson Foundation Distinguished Professor Award.

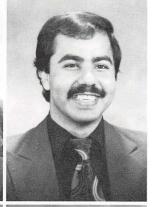

Dr. Siman is a registered Professional Engineer in the State of Ohio, and a much needed part of the YSU faculty.

College of Fine And Performing Arts.

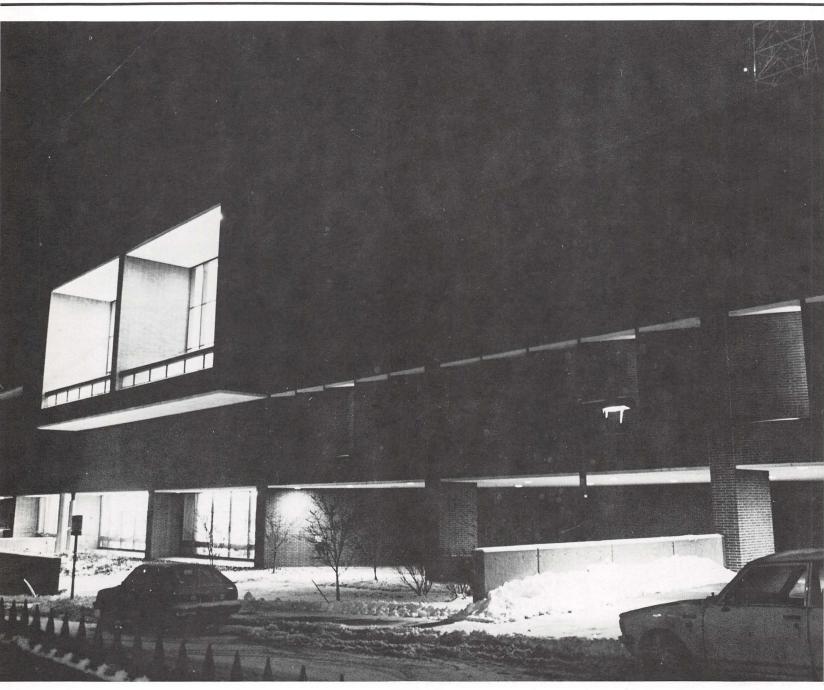

Photo by John Celidonio

Dean McGraw

The College of Fine and Performing Arts consists of three departments, these being, Department of Art, Department of Speech Communication and Theatre, and the Dana School of Music.

The College is housed in the fairly new Fine and Performing Arts building, Bliss Hall.

The college's main objective is to have the highest quality of instruction, including professional training in many areas. The College also offers a wide variety of classes to nonmajors that come from other parts of the University. A second objective of the college is to provide maximum cultural exposure of the fine arts to the viewing and listening public.

The Chairman of the department of Art is Louis A. Zona, Department of Speech Communication and Theatre, Dr. Daniel O'Neill, and the Dana School of Music, William A. Boyo.

Dean William R. McGraw came to YSU, in 1975. He was appointed Dean directly. His major responsibility is to provide the smooth operation of the College of Fine and Performing Arts. Dean McGraw is also kept busy as the Coordinator of activities, and also establishing the budget for the College.

Along with his general duties, Dean McGraw also does some directing in the Theatre Department. He directed the play, "The Owl and The Pussycat." He took this play to Ireland, and toured with it also.

Dean McGraw attempts to promote the best interests of students, and provide the College with cultural enrichment.

Richard Mitchell, who is a professor of Photography, was officially appointed Chairman of the Art Dept, in October of 1981.

As Chairman of the Art Department, Mr. Mitchell, is responsible for the scheduling of classes, the budget of the Art Department, leadership of faculty in the Department, and overseeing the smooth operation of the Art Department, which is located in Bliss Hall.

Mr. Mitchell, who is affectionately called "Mitch", by his students, holds a B.F.A. from Illinois Wesleyan University, and an M.F.A. from Ohio University. Mitchell began his career as a sculptor instructor, here at Youngstown State University. He was instrumental in beginning the Photography program, which later became a major here.

Mr. Mitchell and his wife, Karen reside in East Palestine Ohio with their son Jason.

Lawrence Hugenberg is an Instructor in the Department of Speech Communication and Theatre. He has been a faculty member since Fall of 1980. Dr. Hugenberg received his Ph.D. from Ohio State University in March, 1981. Dr. Hugenberg is currently the Coordinator of the Basic Courses in his department.

Prior to work on his Ph.D., Dr. Hugenberg was a practicing Psychologist for the Child Study Center, Ohio Youth Commission. He has a masters degree in Counseling and Guidance and taught Career Education courses at Ohio State University.

Upon completion of his bachelor of science degree in Social Welfare, Dr. Larry Hugenberg worked for the Big Brother Association of Columbus as a Youth Counselor.

Dr. Hugenberg is married and resides with his wife, Laura, and their four children, Paul, Christy, Billy, and Jenny in Youngstown, Ohio.

College of Arts and Sciences.

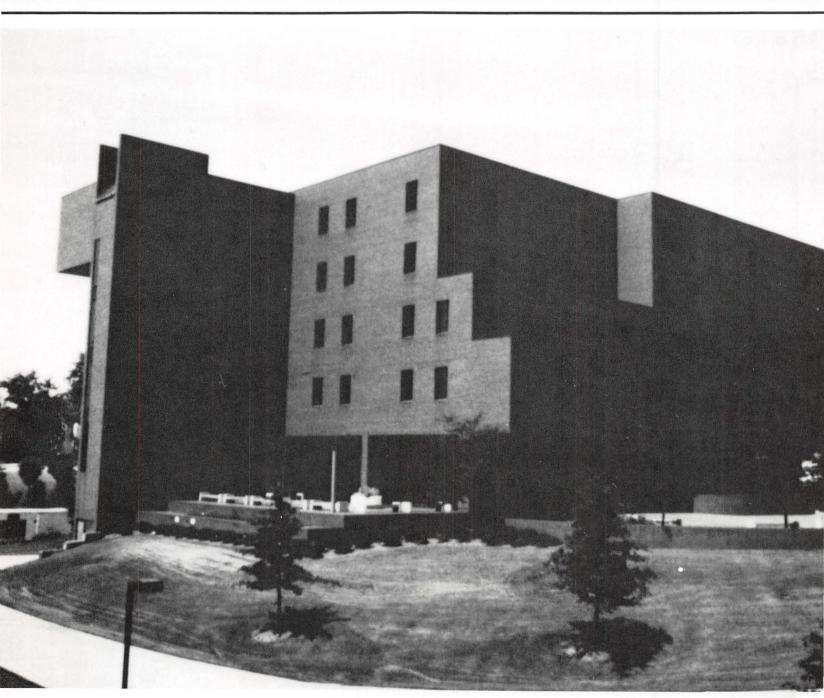

Photo by Dean DiStasio

Dean Yozwiak

The College of Arts and Sciences, in the fairly new building, built in 1977, houses what compromises one of the largest schools on campus.

The main mission of the College of Arts and Sciences is to prepare students to lead full and productive lives. The College of Arts and Sciences helps students to develop specific skills in order to make rational and sound decisions. A student that is enrolled in the College of Arts and Sciences is given a wide variety of different aspects of higher education. The College strives to give students an overall view and a liberal education, while at the same time getting down to the basic curriculum of their intended major.

There are sixteen different departments in the College of Arts and Sciences. Bernard Yozwiak is the Dean of the College of Arts and Sciences. The Assistant Dean is Robert Smith.

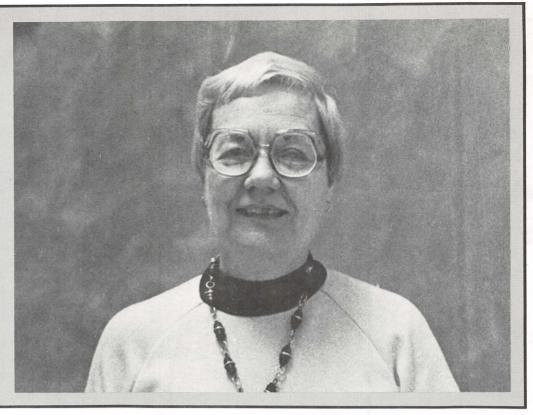

The Departmetns of the College of Arts and Sciences include Biological Sciences, Chemistry, Economics, English, Foreign Languages and Literature, Geography, Geology, Health and Physical Education, History, Mathematical and Computer Sciences, Military Science, Philosophy and Religious Studies, Physics and Astronomy, Political Science and Social Science, Psychology, Sociology, Anthropology, and Social Work.

Mrs. Esther P. Niemi, Professor of Economics in the College of Arts and Sciences, has been a member of the YSU faculty since 1957. She specializes in money and banking.

Mrs. Niemi was named one of YSU's Distinguished Professors in 1969, and that same year she was awarded the YSU Distinguished Alumni Award. In 1978, she was named "Outstanding Professor of the Year" by Alpha Mu, the YSU Chapter of the American Marketing Association.

Dr. Niemi earned her Bachelor of Science in Business Administration from YSU in 1956. In 1958, she earned her masters degree from Case Western Reserve University. In 1969, she earned her doctorate degree, also from Case Western Reserve University.

Dr. Niemi and her husband Rieno, reside in Warren, Ohio where Dr. Niemi has been very active with the Warren City School System.

Mary Guterba, Assistant Professor of Psychology, graduated from YSU in 1960. She is presently in her 22nd year of teaching, which she has thoroughly enjoyed. She has also been very busy since she has had four natural children and three foster children in this time.

Mrs. Guterba plans to retire within a few years, not to a rocking chair, but to a classroom as a student. She would like to take classes in Computer Science and Astromony, and possibly do some limited service teaching.

As for hobbies; reading, bridge, scrabble, and bicycling are her favorites. During her retirement, she and her husband of forty years plan to travel since she has not been able to travel much during her years at YSU.

Dr. Thomas A. Shipka was appointed to the Youngstown State University in 1969. His specialty is teaching Political Philosophy, but he does teach many varied courses. Dr. Shipka teaches Intro. to Philosophy, Social Philosophy, Philosophy in America, and Philosophy of Justice. Dr. Shipka is also an author. He has published an Introduction to Philosophy textbook which is widely used. Dr. Shipka is cofounder and a key leader in the YSU Chapter of the Ohio Education Association.

In his twelve years here at YSU, he has been especially active in extra curricular activities including being a former advisor to the YSU Track club, member of the faculty/staff committee to raise funds for the all-purpose Sports Complex, and also a Charter Member of the YSU Penguin Club.

Dr. Shipka was the recipient of the YSU Distinguished Professor Award in 1980.

School of Education

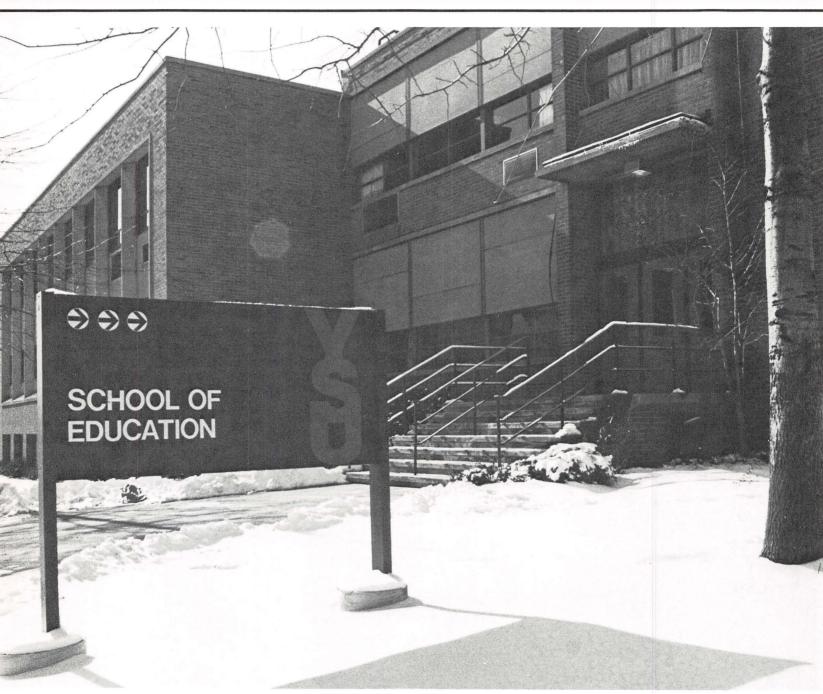

Photo by Scott Zimmerman

Dean Ruggles

The School of Education is concerned with programs and activities in preparation for placement in schools, colleges, industry, businesses, and governmental agencies.

The School of Education is essentially an Upper division school that is comprised of five departments, Foundations of Education, Elementary Education, Guidance, Counseling and Pupil Personnel, Secondary Education, and Special Education.

The School of Education cooperated with all the other schools in preparing teachers for public and private schools. The school's education programs are accredited by the Ohio State Department of Education, the North Central Association of Colleges and Secondary Schools, and the National Council for Accredidation of Teacher Education. The school of Education is also responsible for recommending graduates who wish to qualify for certification in Ohio and other states.

Teachers are also able to be certified, by on the basis of degrees conferred on students by the College of Arts and Sciences, College of Fine and Performing Arts, School of Business Administration, and the College of Applied Science and Technology., providing the students meet the requirements for admission.

Dean David P. Ruggles, was appointed to the School of Education in April of 1981. He had been Assistant Dean since November of 1979. Dean Ruggles received his bachelors and masters degree from the University of Michigan. He received his Doctorate degree in educational and History from Michigan State University. Dean Ruggles has been a welcome and added addition to our university.

Dr. William M. Convery, a Counseling Psychologist who works for the Counseling Center, is also a faculty member of the School of Education. Dr. Convery has been a member of the Youngstown State University faculty for the past 13 years.

Dr. Convery's main job is in the Counseling Center, where he specializes in working with college students who are adapting to college life, having trouble with academic progress, or other personal concerns.

Dr. Convery received his B.A. and M.A. from Western New Mexico University, and his Doctorate of Education from the University of Wyoming in 1970.

Dr. Convery also teaches in the graduate program of the School of Education. His main duties in the Graduate school is the counseling lab, where he oversees the smooth operation of the lab. As one can plainly see, Dr. Convery is an important asset to YSU.

The School of Education offers curriculums for the preparation of the individual in various aspects of education. The school is concerned with programs and activities which will enable individuals to assume educational positions in schools, colleges, industry, business, and governmental agencies. It is comprised of five departments: Foundations of Education; Elementary Education; Guidance. Counseling and Pupil Personnel; Secondary Education, and Special Education. The School of Education cooperates with the College of

Arts and Sciences, the School of Business Administration, the College of Applied Science and Technology, and the College of Fine and Performing Arts in preparing teachers. Prospective teachers may be certified on the basis of degrees conferred by these schools providing the individual meets the requirements for admission to Upper Division status in the School of Education and completes the proper preparatory sequences in the teacher education programs.

ADMINIS

TRATION

YOUNGSTOWN STATE UNIVERSITY

YOUNGSTOWN, OHIO 44555

To the YSU Students:

Signs of economic hardship are prevalent in the Mahoning Valley. Witness the closed steel plants, long unemployment lines, bankruptcy statistics, and state cutbacks in higher education funding. However, a closer look reveals persevering, ambitious, hardworking people 'makin' it' in everyday tasks and sowing the seeds of economic recovery. Throughout the Valley, new small businesses are opening, new firms are operating portions of the closed steel plants, and students and administrators are banding together to fight for additional funding for higher education.

The Board of Trustees has encouraged the university to embark upon the development of an Academic Master Plan that will pave the way for the university to meet the challenge of these bleak economic times. This foresight will enable the University to grow academically in a period when similar institutions are maintaining the status quo. Exemplifying the university and community's dedication to "makin' it" in bad times as well as good, is Dominic Rosselli, YSU basketball coach, to whom this annual is appropriately dedicated. During the past season, Rosselli surpassed his 1,000th career victory following his recovery from a heart attack.

In the academic area, YSU continues to aid area businesses with special programs, seminars, workshops and services. The University has geared several of its programs and class schedules to students already in the work force who wish to improve their skills or obtain new ones.

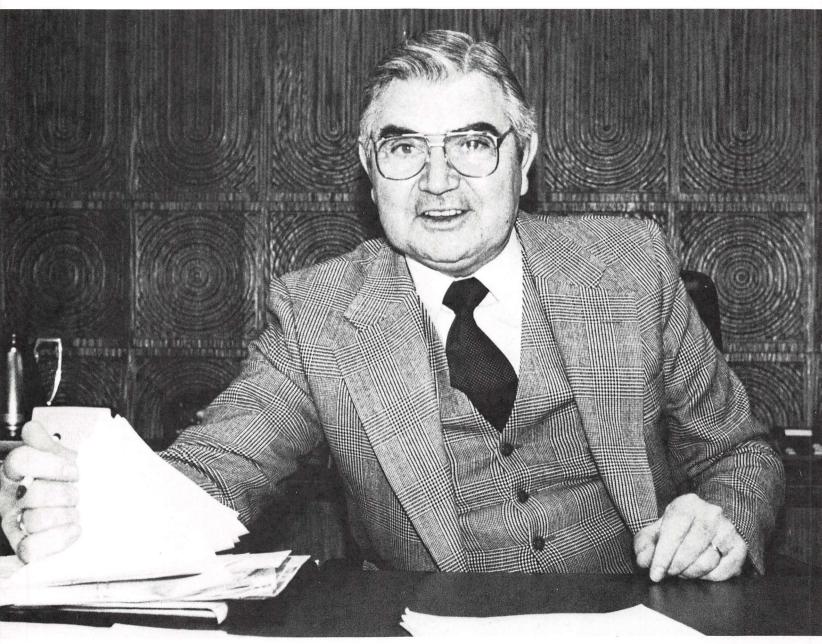

This University will soon observe its Diamond Jubilee, marking 75 years of community service. Having evolved from the School of Law of the Youngstown School Association, YSU strives to equip students with the tools necessary for facing the challenges of this uncertain world. I am sure the knowledge, courage, and confidence cultivated from your college experiences will bring to fruition your ambitions and enable you to 'make it' in the difficult years ahead.

Sincerely,

John J. Coffelt

Enjoying the First Annual NEON Office Chair Races are (l. to r.) Patty McBride, John James, Juan Mendel, Scott Zimmerman, Larry Grybos Coach, and Lauren Jones.

The I982 NEON Staff became more than just co-workers, they became a family. Besides putting out the best yearbook in several years, the staff managed to form a successful softball team, sponsor the *First Annual NEON Tennis Invitational*, and also Office Chair Races. Like a family, the staff also socialized and traveled together. Patty, Kim, Barb, and Gloria went to NYC and had a fantastic time. Juan, Scott, Laurie, and Val traveled to Philadelphia and Atlantic City and had an even better time. And as soon as this book is completed, the staff will be traveling to Niagara Falls and to NYC. Except for the graduating seniors, the entire staff will be back next year to put together the 1983 NEON.

For me this school year began as a seemingly impossible task, and has turned out to be an incredible learning experience. Starting out from scratch, the staff and I had to learn not only to work with each other but to find the most effective way of taking pictures, writing copy and doing layouts. On behalf of the NEON staff I would sincerely like to thank the following people for their assistance in helping us to make this yearbook possible:

Dr. Larry Hugenberg, Speech and Theatre, who served as yearbook advisor. Your ability to balance the budget and your copy writing are greatly appreciated. But most of all your friendship and guidance was something the staff will tresure always.

C.T. Miller, our representative from Herff Jones, for his patience and advice. The improvements we accomplished this year would never have been possible without your assistance.

Mrs. Miller who graciously allowed C.T. to be with us on Valentine's Day drawing layouts, cropping pictures, and fitting copy. Neil Baldelli and his staff at Abey Studio, for photographing seniors and processing and printing our color film.

Bob Stasko, Wes Traylor and the entire purchasing staff for handling our accounts and putting up with our last minute requests. The Jambar Staff for the use of their morgue (photo file), photographs, and student directory. We were never ones to return things but you always knew where you could find them.

Greg Gulas, Sports Information Director, for providing us with team photographs and statistics.

Mary, our cleaning lady for putting up with our interminable mess. Such as the popcorn on the floor after popcorn fights, the empty Tab containers, the mountains of carbon paper, the endless supply of mysterious darkroom trash, and even our cluttered mailboxes.

Margaret Ellis, from the Media Center, for typing up our divider page headlines on the varityper.

Jamie, a personal thanks, at times when everything seemed to be going wrong, you were there, with your wit and charm to brighten any situation.

I would also like to thank my staff for trying to make sense of my confusing moments for their midnight shifts but most importantly their friendship.

Patty McBride
