

Youngstown State University—an urban research university—emphasizes a creative, integrated approach to education, scholarship, and service. The University places students at its center; leads in the discovery, dissemination, and application of knowledge; advances civic, scientific, and technological development; and fosters collaboration to enrich the region and the world.

ACADEMIC SENATE MINUTES

Wednesday, May 1, 2019 at 4:00 P.M.

Room 132 · DeBartolo Hall

1. **[4:01 PM] Call to Order/Certification of Quorum**
2. **[4:01 PM] Approval of Agenda**
3. **[4:01 PM] Approval of Minutes from April, 2019 meeting**
Motion to accept minutes was seconded. Motion passed.
4. **Senate Executive Committee Report** – No Report
5. **Ohio Faculty Council Report** – No Report
6. **Charter and Bylaws Committee** – No Report
7. **Elections/Balloting Committee** – No Report
8. **[4:08 PM] Introduction of Brien Smith, Provost Select** – President Tressel
Dr. Smith will begin term as Provost on July 6, 2019.
Senate appreciation for Joe Mosca, Acting Provost. A.J. Summell, Mary Yacovane seconded.
9. **[4:11 PM] Reports from Other Senate Committees**
 - a. Academic Events Committee – No Report
 - b. Academic Programs Committee – Mary Beth Earnhardt, Chair (attachment)
 - c. Academic Research Committee – No Report
 - d. Academic Standards Committee – Gary Walker, Chair (attachment)
Withdraw policy revision, motion to approve passed.
Need name of policy, motion to approve passed.
 - e. General Education Committee – Joe Palardy, Chair (attachment)
 - f. Honors Committee – No Report
 - g. Library Committee – Jacob Labendz, Chair (to be distributed)
Reported on funds allocated for subscription services, new library acquisitions. Discussed “films on demand” and how media can be integrated into online courses. Discussed department annual allocations, how those funds are being used, and reallocation of those funds for other needs.
 - h. Professional Conduct Committee– No Report
 - i. Academic Grievance Committee– Jenn Pintar, Chair (attachment)
 - j. Undergraduate Curriculum Committee – Tom Wakefield, Chair (attachment)
Challenge to one course that was submitted, Art challenged course submitted by Marketing
 - k. Program Review – No Report
 - l. Technologies Committee – No Report
10. **[4:14 PM] Unfinished Business**

- Re-envisioning General Education Working Group – Betty Jo Licatta, Chair (attachment) Asked for academic senate endorsement of slides related to gen ed re-envisioning.
- Faculty electronic leave reports – Human Resources (attachment) Walked senators through process for reporting leave reporting. Provided list of dates and times for training. Questions centered on what would happen to faculty who do not submit leave reports, and faculty who do not submit leave reports when they are not taking leave.

[4:49 PM] New Business

- Workload Categories/Teaching Hours – Jenn Pintar (attachment)
Discussed rationale for changes in workload categories and formulas.
- Voluntary and Involuntary Medical Leave Policy – Eddie Howard (attachment)
Discussed policy for voluntary and involuntary medical leave for students. Procedures for submitting for medical leave for students was discussed, and how the requests would be vetted by medical personnel.

[4:55 PM] Adjournment – Next Senate Meeting: Wednesday, September 4, 2019 at 4:00 P.M., Room 132 DeBartolo Hall

ATTACHMENT

ASAP Task Force

Senate Executive Committee Action

An academic standards and programs task force (ASAP Task Force) will be established in Summer 2019 to review policies and procedures associated with the development, implementation and review of university wide program requirements. The committee will collect data from various groups to identify challenges and opportunities within the current system that will inform the creation of a document voted on by the Senate in Spring 2020.

The charge of the committee will be as follows:

- Identify current programmatic norms and recommend changes that will allow YSU programs keep up with innovations within higher education;
- Examine best practices of academic programs;
- Detail a list of state program requirements and evaluate how YSU standards fit within the larger Ohio academic community;
- Create a statement of philosophy that states what the shared academic goals and values of YSU programs are;
- Author a document that:
 - o Lists relevant policies regarding programs;
 - o Identifies further areas for exploration;
 - o Provides a statement of philosophy that can guide ongoing discussions.

This approach is needed to provide a holistic view of a process that hasn't been evaluated by the Senate in several decades.

Mary Beth Earnhardt has been appointed as the task force chair.

Subject: APC 10-Day Circulation

Date: Thursday, April 18, 2019 at 10:32:01 AM Eastern Daylight Time

From: Mary Beth Earnhardt

To: Chairs Email Group, Deans Email Group

CC: Chet Cooper

The following courses are approved by the APC and ready for circulation. This email serves as the start of the ten-day circulation period.

APC Chair (35)

62	62: Bachelor of Science in Applied Science in Long Term Care Administration	Edited	djvandussen	3/25/2019

Standards Committee Revision of Withdrawal Policy

Student withdrawal from any or all courses is permitted through the 60% period of any term or part of term. If a student does not meet this deadline, he/she shall be considered committed to completing all remaining courses. If a student is unable to complete a term or part of term due to extreme circumstances that occur after the stated deadline, the student should consult their college dean. In such circumstances, the dean's decision regarding approval or denial of withdrawal shall be final and non-appealable.

A grade of "W" shall appear on a student's academic record for any withdrawal(s) processed after the 14th day for any courses that are greater than 8 weeks through the 60% period of the term or part of term. For all courses that are 8 weeks or less, a grade of "W" shall appear on a student's academic record for any withdrawal(s) processed after the 7th day through the 60% period of the term or part of term. The 60% period shall be determined by the University Bursar and reflected on the academic calendar.

The last day to add a class for any term or part of term that is greater than 8 weeks will be the 8th day of the term or part of term. The last day to add a class for any term or part of term that is 8 weeks or less will be the 4th day of the term or part of term.

Standards Committee

Dean's List Eligibility Parameter

Full Time Students: The Dean's List is awarded two time per year- Fall and Spring Semester- for students attaining a 3.4 Grade Average with 12 semester hours of credit or more. Summer semesters excluded.

Part-time Students: Part time students are eligible in the spring Semester and only if they are in part-time status for both Fall and Spring Semesters. Eligibility requires a combined earned GPA of at least 3.4 for the Fall and Spring for which there is accumulate a minimum of 12 hours of credit for the two terms.

Note: Grade point averages are truncated, not rounded.

Courses at the 6900 level or above will count toward meeting the Dean's list eligibility requirements.

Grades that make students ineligible are NC (no credit), D, and F

Courses that **do not count toward the undergraduate degree are excluded** from meeting the eligibility criteria.

1. Courses with grades of I, AU, CR, CRX and PR do not count toward the 12 hours requirement. The grades PR, I and CRX do not disqualify students as long as they have an additional 12 hours or more of earned credit at the time of the Dean's calculation.
2. Developmental” courses do not count toward meeting eligibility requirements, and include courses in English, Mathematics, and Reading and Study Skills. Neither the hours nor the grades count toward dean’s list eligibility requirements. “Developmental” courses state “Does not count toward a degree” in the course description in the *Undergraduate Catalog*.

COVER SHEET TO BE ATTACHED TO ALL REPORTS SUBMITTED TO THE ACADEMIC SENATE

Date **April, 2019** Report Number (For Senate Use Only) _____

Name of Committee Submitting Report
General Education Committee

Committee Status: (elected chartered, appointed chartered, ad hoc, etc.)
Elected/Appointed

Names of Committee Members

Elected Members

John Sarkissian: CLASS, Peter Reday: WCBA, Mary LaVine: EDUC, Alina Lazar: STEM, Paul Louth: CCCAC, Kelly Colwell: HHS

Appointed Members

Dragana Crnjak: AH, Mark Vopat: SPA, W. Johanna Krontiris-Litowitz: NS, Amy Flick: Skills, David Simonelli SS, Hillary Fuhrman: Assessment, Molly Burdette: Advisors

Please write a brief summary of the report the Committee is submitting to the Senate:

1. Summary of new GE courses

Course #	Course Title	Date Received	Domain	Notes
ART 1591	Idea Development and Creativity in Cultural Context	Fall 2018	SPA-DD	
ENGL 1549	Writing 1 with Support	Spring 2019	Writing 1	Writing 1 with a one-hour additional support course embedded
MUEN 004	VOICES OF YSU – University Chorus	Fall 2018	KSS Activity	

2. ROAD Update

Do you anticipate making a formal motion relative to the report? **No**

If substantive changes in your committee recommendation are made from the floor, would the committee prefer that the matter be sent back to committee for further consideration?

Yes

Joseph Palardy, Chair General Education Committee (2018-2019)

ROAD Update

Spring 2019

Recap of the project

- Students upload papers to Banner from:
 - ENGL 1551
 - An upper-division course in the major
- Papers are scored using two rubrics:
 - Writing
 - Critical Thinking
- Analysis of the results

Comparison with AAC&U Multi-State Collaborative

- <https://www.aacu.org/OnSolidGroundVALUE>
- 2015-2016 Demonstration Year
- Writing, Critical Thinking, and Quantitative Literacy
- 2-year Institutions (see link for list)
 - 840 student artifacts (Critical Thinking)
 - 919 student artifacts (Writing)
 - 45 credit hours + completed
- 4-year Institutions (see link for list)
 - 2,056 student artifacts (Critical Thinking)
 - 1,936 student artifacts (Writing)
 - 90 credit hours + completed

Differences with YSU's ROAD

- YSU was not part of the collaborative
- YSU has approximately 4k artifacts for 2012-2018
- Somewhat different collection points
- YSU currently only has Writing and Critical Thinking
- YSU Pilot for Quantitative Literacy in Fall 2019

YSU Writing (2012-2018)

Multi-state Collaborative

<https://www.aacu.org/OnSolidGroundVALUF>

Results for the Multi-State Collaborative: 2015-2016 Demonstration Year

75% Completion (2-Year Institutions = 45+ Credit Hours; 4-Year Institutions = 90+Credit Hours)

YSU Critical Thinking (2012-2018)

Multi-state Collaborative

<https://www.aacu.org/OnSolidGroundVALUE>

Results for the Multi-State Collaborative: 2015-2016 Demonstration Year

75% Completion (2-Year Institutions = 45+ Credit Hours; 4-Year Institutions = 90+ Credit Hours)

Other YSU Analysis

- Ordinal Logit Results (unmatched sample)
 - Meaningful and statistically significant:
 - High School GPA
 - English ACT
 - Odds of scoring another level higher are greater for most upper-division courses
 - Large differences between programs
 - Some issues with assignment expectations and quality
- Trend Analysis
 - Slight downward trend over the last few years

Writing Assessment Service

Targeted evaluation at the program level including the following:

- Norming session by the Writing Center for the department using the ROAD Writing Rubric
- Scoring session by the department using department papers uploaded to the ROAD
- Outside scores by trained ROAD reviewers for validation
- Analysis of results using covariates from Banner
- Recommendations for writing improvements based on results and the Framework for Success in Postsecondary Writing (WPA)

Academic Dishonesty Cases – Academic Year 2018-2019 as of April 24, 2019

# of Cases	# where student accepted responsibility	# of cases that went to hearing	# of cases that student was found guilty	# of cases that student was found not guilty
56 Fall semester: 47 (84%) Spring semester: 9 (16%)	54	2	1	1

<u>ENGL 4895</u>	<u>ENGL 4895: Early Twentieth Century British Studies</u>

As of Friday, March 1, 2019 the following workload categories have been standardized across the colleges/departments:

- **Lecture (LE):** A lecture is formalized instruction, conducted on or off campus, in which the teacher presents an educational experience to students applying any combination of instructional methods such as lecture, directed discussion, demonstration, or the presentation of audio-visual materials or techniques. The courses require no special physical plant facilities but may be offered in any general classroom. The student in such a course receives one (1) hour of academic credit for each hour spent in the classroom. One (1) Teaching Hour (TH) equals one (1) contact hour (50 minutes) of lecture instruction in a course.

Workload: 1 TH per 1 contact hour

- **Seminar (SE):** A seminar is an educational experience which is less formal than a classroom/lecture/discussion class, in which a relatively small number of students engage in discussions which are directed by a faculty member in the development and/or review of concepts which have been or are to be applied to practical situations. The courses require no special physical plant facilities but may be offered in any general classroom. The student in such a course receives one (1) hour of academic credit for each hour spent in the classroom. One (1) Teaching Hour (TH) equals one (1) contact hour (50 minutes) of seminar instruction in a course.

Workload: 1 TH per 1 contact hour

- **Recitation (RE):** Use this category to describe small breakout groups which meet in conjunction with a lecture to review exams, discuss issues, address questions, and extend the instruction that occurs in the larger lecture. The courses require no special physical plant facilities but may be offered in any general classroom. The student in such a course receives one (1) hour of academic credit for each hour spent in the classroom. One (1) Teaching Hour (TH) equals one (1) contact hour (50 minutes) of recitation instruction in a course.

Workload: 1 TH per 1 contact hour

- **Practicum (PR):** A practicum is an on- or off-campus work experience which is integrated with academic instruction in which the student applies concurrently learned concepts to practical situations within an occupational field. To assure proper coordination of the experience, the practicum is coordinated by a faculty member who visits the student at least once every two weeks, provides the final grade, and teaches at least one course on the campus.

Workload: 1 TH per 1 contact hour

- **Independent (Individual) Studies (IS):** Course sections in which a faculty member works with a student or small group of students. These courses require the student, under faculty supervision, to conduct individualized research to pursue an individual project. No faculty member may receive more than three (3) TH for independent (individual) study courses during any one term.

Workload: One (1) TH for each six (6) SCH as reflected by the census point

- **Internship Program (IN):** An internship program is a partnership between students, institutions of higher education, and employers that formally integrates students' academic study with work or community service experience and that does both of the following:

1. Offers internships of specified and definite duration;

2. Evaluates each participating student's performance in the internship position, both from the perspective of the student's institution of higher education and the student's internship employer.

An internship program may provide participating students with academic credit upon successful completion of the internship, and may provide students with compensation in the form of wages or salaries, stipends, or scholarships.

(Reporting Note: Internships may be paid and may be for credit; they are usually one off activities rather than alternating as with coops)

Workload: One (1) TH for each fifteen (15) SCH as reflected by the census point.

- **Lab (LB):** A laboratory is an educational activity in which students conduct experiments, perfect skills, or practice procedures under the direction of a faculty member. A laboratory requires applied study in a place on campus especially equipped for that purpose. The student is traditionally required to devote a greater number of weekly contact hours in a laboratory than the number of credit hours received for successful completion of the course.

Workload: 2/3 TH per contact hour

- **Studio (ST):** Studio is used to describe music, performance art, and theater courses. In a studio course there are demonstrations of specific skills, lecture portions are either non-existent or very limited and the class is structured as a practicum of doing with the guidance of instruction from a faculty member. The student is traditionally required to devote a greater number of weekly contact hours in a studio than the number of credit hours received for successful completion of the course.

Workload: 2/3 TH per contact hour

The following workload categories have yet to be standardized across the colleges/departments:

- Clinical
- Co-op
- Field Experience
- PhD and Master's Classes
- High Enrollment Classes
- Music lessons/ensembles
- Study Abroad
- Student Teaching
- Courses fitting in the "other" category

For Thesis/Dissertation advising, while general guidelines will be developed, it is recommended this be finalized in concert with strategic planning determining the areas within which we will gain national and strategic distinction so this step to finalize is linked to institutional goals/objectives.

Voluntary and Involuntary Medical Leave

What is Medical Leave?

Medical leave is available for all students (undergraduate and graduate-level) with a documented physical or psychological illness of a serious nature that requires them to leave the University mid-semester without completing their coursework, or that requires them to withdraw from the University for up to two consecutive semesters. Students who have reported an incident to the Title IX office **may** also be eligible for a medical withdrawal under this policy. After two consecutive semesters, a student who does not take appropriate steps to return to the University will be deemed officially withdrawn. **Students must intend to withdraw from all coursework to be eligible for medical leave.** Approved medical leave does not guarantee students the ability to return to the University without approval from the Vice President of Student Affairs (VPSA).

- Students attempting to withdraw from an individual summer session should understand that all summer sessions are considered part of a single semester. If a student wishes to withdraw from a specific summer session, they must petition their academic college.
- If a student wishes to switch to part-time status or withdraw from selected courses, they must contact their academic advisor and obtain approval of their college Dean.

Medical Leave Process

Medical leave requests are processed through the Division of Student Experience and approved by the VPSA. The VPSA may grant a student medical leave in place of the student requesting late withdrawal through their academic college. **Requests for medical leave must be submitted on or before the last day of classes (prior to finals week) of the term from which the student wishes to withdraw.** The VPSA will not retroactively withdraw students from previously completed terms. Any subsequent request of a similar nature may be denied at the discretion of the VPSA. Finally, students must follow the existing process to receive a retroactive withdrawal.

Students are encouraged to discuss medical issues with a counselor or care provider as soon as it becomes apparent that their health is preventing them from successfully completing their work. This serves both the best interests of the student and the University. In order for a medical leave request to be considered, students must provide official documentation from a licensed care provider. Students may contact Wick Primary Care and/or Student Counseling Services for treatment, or consult a licensed care provider of their choosing. Documentation may be submitted via fax, U.S. mail, or by dropping off the documents at the VPSA Office. The official documentation must contain the following information:

- The care provider's name on office letterhead
- A brief statement identifying the student as a patient or client
- The date of illness onset
- Dates of medical care
- The general nature of the student's medical condition
- The impact of the student's medical condition on their coursework
- The most recent date that the student was able to attend classes
- The length of time (up to two consecutive semesters) that the student will require medical leave

Upon receipt of the aforementioned information, the VPSA will forward all documents to the Medical Director for Wick Primary Care or the Director of Student Counseling Services for authentication. After the documents have been authenticated, the VPSA will approve or deny the request and notify the student of their decision.

Notification of Medical Leave

When medical leave is approved, the VPSA notifies the Office of the Registrar, the Bursar's Office, Financial Aid, and the student's academic college of their withdrawal.

- The Office of the Registrar will formally withdraw the student from semester courses and their transcript will be notated with a W grade for each class. W grades do not affect GPA or a student's academic standing.
- The Bursar's Office will audit the student's account and bill for any outstanding fees. The audit may take up to 30 days to conclude. If the student has no active balance, or has a credit on their account, they will receive a statement containing this information. Students who are approved for medical leave may be eligible for prorated refunds in accordance with the late withdrawal date established by the Bursar's office.
- If the student lives in University housing, the VPSA will notify the Office of Housing & Residence Life of their medical leave. The student is individually responsible for scheduling a time to vacate their residential space and return room keys.
- If the student receives veteran's benefits, is an international student on a visa, or is an NCAA athlete on scholarship, the student must independently notify the appropriate office(s) to avoid disruption to aid, additional benefits, or eligibility.
- If the student is a dependent, the VPSA does **not** notify their parents/guardians of the medical leave, unless the student signs a release of information waiver.

Involuntary Medical Leave

In order to provide a safe environment in support of the University mission, a student may be required to take involuntary medical leave when their physical or psychological illness, and behavior relative to their illness, is incompatible with the minimum standards of academic performance and community expectations. The VPSA will review information regarding students who may benefit from involuntary medical leave on a case-by-case basis. Students who may be considered for involuntary medical leave are:

- Those who pose a threat to themselves or others. This includes significant risk of suicide, persistent self-harm and homicidal intentions.
- Those whose physical/psychological illness requires specialized services unavailable at the University or locally.
- Those whose behavior is severely disruptive to others. Severe disruption causes significant emotional and/or physical distress to other students, staff, and/or faculty in the campus community. Such disruption may stem from a single incident or a pattern of ongoing behavior.
- Those whose behavior results in damage to property owned by the University or community members.
- Those who do not comply with previously established assessment and/or treatment plans required by University officials. Failure to follow these plans of action increases the likelihood that a student's behavior progresses toward long-term impairment and inability to function as a successful student at the University.

Effective Date of Medical Leave Possible Extension of Leave Status

The effective date of approved or required medical leave is the date when the VPSA receives the leave request and required documentation. A student's one or two-semester leave period will commence on the first day of the subsequent academic semester. A student on a one-semester medical leave may request an additional one-semester extension by submitting a written request to the VPSA prior to the desired semester of continued leave. Additional documentation may be necessary for approval of an extension. A decision approving or denying extended medical leave will follow the same process described in the section entitled "Medical Leave Process." The VPSA has the discretion to alter or extend the return date on a case-by-case basis.

Returning to the University

Students on medical leave are not regarded as having permanently withdrawn from the University and are not required to apply for readmission unless the leave period exceeds two consecutive semesters. Upon departure from the University, a medical leave hold will be placed and remain on a student's account, inhibiting them from registering for courses until all responsibilities have been met for readmission. A student requesting to return from medical leave must:

- Have a licensed care provider provide a specific diagnosis and provide a detailed report discussing the nature of the psychological or medical illness, outlines the major symptoms of the illness, and indicates how the illness affects the student in the University environment.
- Have their licensed care provider establish and outline a treatment plan, including necessary medications and any substantial side effects that could impair the student's ability to return to campus. Any recommended accommodations should be included in the report, if long-term disability exists.
- Sign a release of information allowing the VPSA, Director of Student Outreach & Support, Director of Student Counseling Services, and Medical Director of Wick Primary Care to communicate with the licensed care provider to determine readiness to return to the University.
- Have proof of progress toward or completion of active recommendations from the licensed care provider.
- Complete any required Student Conduct sanctions stemming from prior behavioral incidents, if applicable.
- If approved to return to the University, meet with the Director of Student Outreach & Support for regular check-ins, as requested.
- All records will be maintained in the Maxient database as the main repository.
- Upon final approval, a resolution letter outlining the status of the medical withdrawal and the guidelines for return will be forwarded electronically to the following appropriate offices: Registrar's office, Bursar's office, College Dean and Department Chair, Financial Aid and Scholarships, and Housing and Residence Life.

Upon receipt, appropriate University administrators will review the aforementioned information, determine whether requirements have been satisfied, and establish if the student is ready to return to campus. This decision is final.
