

FOR RELEASE: IMMEDIATE

Mailed Aug. 12, 1986

YOUNGSTOWN, Ohio - Youngstown State University's Department of Counseling, which had received provisional accreditation last fall, has received full accreditation for its programs in school (kindergarten through 12th grade) and in community counseling.

The Council on Accreditation of Counseling and Related Educational Programs, accrediting body of the American Association of Counseling and Development, granted the approval, which runs until 1992.

The department was the first in this state, and one of 40 nationwide, to receive national accreditation for its school and community programs.

Dr. David W. Cliness of Poland is chairman of the department, which is part of YSU's School of Education.

FOR RELEASE: IMMEDIATE

Mailed Aug. 12, 1986

YOUNGSTOWN, Ohio - Nearly 600 area teachers and school administrators have been participating in 37 graduate workshops at this year's "Summer of Growth" at Youngstown State University.

These educational workshops, sponsored by YSU's School of Education and Graduate School, dealt with a variety of topics for elementary and secondary teachers and administrators.

The two-week sessions were instructed by YSU faculty members from the School of Education and several other departments.

Many of the participants have their master's degree and are veteran teachers in area schools. Their work at YSU this summer gave them the opportunity to gain and share new ideas with their colleagues, to refresh or update their teaching techniques, and to earn credit toward certification renewal.
