## NEWS DIRECTORS/EDITORS

State Rep. Ronald V. Gerberry of Austintown, (D-71st), will visit Youngstown State University Friday, May 16.

He will meet with Dr. Neil D. Humphrey, University president, late in the morning, then lunch in Kilcawley Center with President Humphrey and University officials, including representatives of the Board of Trustees, Faculty Senate, Student Government and Student Council.

Rep. Gerberry will tour the campus from 1 to 2 p.m. with Edmund J. Salata, executive director of facilities at YSU, and James E. McCollum, assistant to the president for legislative relations.

The legislator's campus visit will conclude with an interview with the student newspaper, The Jambar.

YOUNGSTOWN, Ohio - Youngstown State University's Mathematical and Computer Sciences Department, in cooperation with the YSU student chapter of the Association for Computing Machinery and the University's Computer Center is sponsoring a computer programming contest in Meshel Hall from 8:15 a.m.-2 p.m., Saturday, May 17.

Students from 16 area high schools will compete in 21 teams of four members.

Activities will include a large screen demonstration of terminal usage, practice time on the terminals, and the contest itself.

The contest consists of five programming problems to be solved by using the VS BASIC programming language (a version of the most common programming language for micro-computers.)

First, second and third place trophies will be awarded to the winners in ceremonies about 1:50 p.m. in Meshel Hall. In the event of a tie, winners will be chosen on the basis of the time required to obtain the solution and the number of trial runs.

Faculty from the YSU Mathematical and Computer Sciences Department will judge the contest.

Officers of the Association for Computing Machinery are: Dave Morris of New Castle, Pa., president; Tony Clacko of Girard, vice-president; Karen Barney of Bloomingdale, treasurer; Jenny Double of Cortland, secretary; and Dr. Albert Klein of Canfield, advisor.
