

July 9/42

My dear sweetheart:

Today I received your letter of 6. So glad to hear from my Dnt. Pete. Very glad to hear that your fine and car say same for me. So sorry that my Pietrucc had to stay in for 4th. Well we only went to Idava, because the people from Pittsburgh came. Wished you could of been here.

Glad to hear about Jerry, say he'd better watch those hula hula girls, with the grass shirts. so glad he's having a swell time, I wish to hear that always given him. You'd could have a swell time too if you want too. After all maybe they send you away some place and you'll never have a good time. You say you don't care, well your very good fellow if you don't.

I'm so glad hon that they didnt send you away, maybe they would send you farther away and thats not good.

You say, you eat plenty of ice cream well at least they have something good to give to you. Has more boys arrived there yet. In a couple of weeks another bunch of East side is leaving. soon no more boys and thats going to be bad for some of these young

girls that go out every night.

Its about time that weather is getting nice, today it was nice and cool here too. You say your waiting for my pictures, you don't want it do you. I just hate to take them, but some day very soon, I'll take a fit, ^{and} go down.

You don't have much to say why? why? why? Write and tell me what you do all day long a lot of stuff.

I've seen Joe Bishop and he* say that you wrote to him, and you'll be home soon, is that true, at least, I hope so.

You you you meanie I got the stamps you sent and I thank a lot but I'm mad at you you handsome Petrucc. When you come home your going to get it, I don't mean maybe either.

Will has Signella written to you? How is that old girlfriend of yours but know your mine so she can't have you.

I guess that's all for today and Mary Jane say hello Pete, be soon home. Every sends best regards. Maria wishing

you good luck and Maria say be good or else shell spank. ~~So~~ Sometimes I wonder if I could hit you, well sweetie let me know.
