Dearest sweetheart ~~Pete~~:

How is my honey boy today?
Today sweetheart I received your letter
of 2 Apr. very happy to hear from you
how. See how I was thinking of
you too much that I put dearest
sweetheart Mary but I mean Pete.
Pete will always be my dearest
sweetheart always.

Sweetheart its too bad its too
warm down there and that it rained
but how here its April and its cold
as ever this morning there was snow
on ground. I hate this old weather
I hope it gets warm soon or else
But I think it will get warm soon.

I'm sorry how what I said
that I was going to die that's how
sick I felt but I never want to
die not now never that I have

② the best sweetheart in world, I love him to much that I never want to die.

Oh I forgive my wonderful sweetheart but sweetheart I'll tell you when you come home what you said. Besides sometimes maybe I feel sore and write mean letters to you and then you do some but I don't care because I love my hon so very much that it makes me sore for awhile but then I forget all about.

So I don't know how much my sweetheart loves me well I hope I'm right but I think you do much otherwise you would of stoped to go with me long time ago. Well if you do it now it would break my heart. Then I'll be had girl I'll join the W.A.C.

So my hon does everything around camp well that's as long

as you like it. But how I think
it's better than going across I hope
to God you never get news.

You ask me ~~how I'll do~~ what
I think about about you ^{I mean you + your brother} both getting
married on same day. I think it's
going to be fine. What happened did
your brother break up with his
Hawaiian girl friend? I also bet he
can't believe we are going together.
But I'll never quit going with my
sweetheart unless he quits going with
me. Sweetheart would you ever quit
going with your little hon Mary???

Don't worry honey I'll never say
no to my hon you can kiss me
all you want I don't stop my
sweetheart. I'm happy I belong
to you I want to so much but
I really want till I'll be Mrs. P.C.
and then I'll be all yours. That will
be very happy day if God will very
happy.
Why hon the other day I was

down to see your people and I told Rita I don't like her uncle anymore. She started to cry then she asked me if I meant it I said sure I don't like him but finally ~~you~~ she was yelling so much that I told her I was joking. She made me laugh I never knew she cared that much about her uncle's girl. Well she doesn't know but I love my sweetheart very much I can't wait to ^{see} you again here. I hope your coming home soon.

Well sweetheart I guess I've said enough for now so everyone send best regards and I wish you best of luck + God Bless You always.

Your loving sweetheart
Mary Massullo
Salony now

Sweetie
(write soon) love
