here at the institution.

9

00:00:59.310 --> 00:01:03.030

11

00:01:13.500 --> 00:01:18.060

He'll pass that along to me, I should tell you, we have done our best.

12

00:01:18.060 --> 00:01:23.849

With the technology we have at our at our fingertips to.

13

00:01:23.849 --> 00:01:30.180

Record as well as to set up is the room so that.

14

00:01:30.180 --> 00:01:34.980

You can be heard clearly communicate with everybody in the room.

15

00:01:34.980 --> 00:01:43.920

So, I'm going to go ahead and call this meeting to order. And Adam has told me there's about 60 some people online.

16

00:01:43.920 --> 00:01:49.319

We have about 20 in the room, so I'm going to assume we have a form and less.

17

00:01:49.319 --> 00:01:56.790

Somebody says anything different not hearing anything. Max is that okay with you with.

18

00:01:56.790 --> 00:02:01.140

I previously sent out the agenda for today.

19

00:02:01.140 --> 00:02:09.090

If I don't hear an objection to the what I had sent out, I'm going to presume that the agenda is approved as.

20

00:02:09.090 --> 00:02:13.740

Present it to you very good.

21

00:02:13.740 --> 00:02:18.479

We're going to move on now we have a very special guest here today.

22

00:02:18.479 --> 00:02:25.139

President trustful has graciously cleared some time in his schedule today to kind of address the Senate.

23

00:02:25.139 --> 00:02:30.509

It is a pleasure to introduce our leader of this institution president.

24

00:02:30.509 --> 00:02:34.710

Thanks.

25

00:02:34.710 --> 00:02:39.479

I feel a little bit an afterthought. I just sent an email from Chad.

26

00:02:39.479 --> 00:02:45.090

The other day, and he said, uh, you know, I forgot to invite you to academic, send it this year.

27

00:02:45.090 --> 00:02:49.259

And now which com, and I said, well, of course.

28

00:02:49.259 --> 00:02:53.789

I feel better now that I got the invite and he sent it back and said, well.

29

00:02:53.789 --> 00:02:59.039

You know, maybe wait till November and I, I said, no, let's let's.

30

00:02:59.039 --> 00:03:02.909

Let's get together now because I want to make sure I have the opportunity.

31

00:03:02.909 --> 00:03:06.240

The, thank this group, kind of going backwards to.

32

00:03:06.240 --> 00:03:09.539

Back to March when.

33

00:03:09.539 --> 00:03:13.889

Our world changed and this group.

34

00:03:13.889 --> 00:03:17.909

It's some amazing things of being versatile and agile and.

35

00:03:17.909 --> 00:03:23.490

Thinking about the needs of the students thinking about the needs of the faculty.

36

00:03:23.490 --> 00:03:26.520

Thinking about the needs of the institution and.

37

00:03:26.520 --> 00:03:30.240

And working quickly to make sure that we could.

38

00:03:30.240 --> 00:03:36.925

Have a successful land to that academic year, especially for our seniors was really critical for them.

39

00:03:36.925 --> 00:03:46.914

And then all the work that was done over the course of the summer, both by this body but also by the individual colleges and departments and.

40

00:03:47.219 --> 00:03:54.719

Individual faculty members and administrative areas. I know the central, all different groups.

41

00:03:54.719 --> 00:04:04.590

Uh, that are represented here and I guess the only message that I wanted to share other than that loud, thank you for that work that's been done and.

42

00:04:04.590 --> 00:04:13.860

The work that you continue to do is to really encourage you to stay vigilant while we had. I think we're in what we 8.

43

00:04:13.860 --> 00:04:18.779

And, you know, we've knock on wood really?

44

00:04:18.779 --> 00:04:26.488

Done some amazing things, and very challenging situations. Every faculty member I talked to.

45

00:04:26.488 --> 00:04:30.028

Uh, mentioned, is that this is probably the most difficult.

46

00:04:30.028 --> 00:04:34.858

In their career trying to adjust.

47

00:04:34.858 --> 00:04:42.389

To everything that is going on and that, but the reality of the situation is, we're going to really need to stay vigilant.

48

00:04:42.389 --> 00:04:51.778

As we're going to force indoors a little bit, you could tell it's been around campus that a lot of the students haven't been able to spread out.

49

00:04:51.778 --> 00:04:57.059

And the study, and see him sitting around outside and.

50

00:04:57.059 --> 00:05:04.798

And, you know, that's going to diminish a little bit. We're going to be forced indoors a bit more and and.

51

00:05:04.798 --> 00:05:08.189

Who knows where this virus is going.

52

00:05:08.189 --> 00:05:14.819

And who knows what we're going to confront so we've got to continue to encourage 1 another to.

53

00:05:14.819 --> 00:05:18.959

Keep that social distancing and keep that good.

54

00:05:18.959 --> 00:05:23.579

And and and where are those masks and.

55

00:05:23.579 --> 00:05:30.298

Just it, it gets a little bit tiresome and then it gets a little bit. Like, I've had enough of this.

56

00:05:30.298 --> 00:05:42.329

And unfortunately, we're going to have more of this, and it's up to the leadership to make sure that we really encourage and continue to be vigilant from that standpoint.

57

00:05:42.329 --> 00:05:47.519

The other thing that really is is a front on my mind is.

58

00:05:47.519 --> 00:05:50.908

As much as I'm concerned about the virus.

59

00:05:50.908 --> 00:05:56.428

And this pandemic in the whole thing, I'm really concerned about the mental health.

60

00:05:56.428 --> 00:06:02.459  
Tax on every 1, obviously our students.

61  
00:06:02.459 --> 00:06:06.538  
But also our workforce, our faculty, everyone else.

62  
00:06:06.538 --> 00:06:13.439  
You know, this is a time unlike any other that any of us have faced and.

63  
00:06:13.439 --> 00:06:23.908  
And there's certainly going to be some challenges for all of us and some needs that all of us will have and just.

64  
00:06:23.908 --> 00:06:30.718  
Uh, for us to keep our head on this level a little bit to see if we.

65  
00:06:30.718 --> 00:06:33.718  
Do recognize some needs.

66  
00:06:33.718 --> 00:06:37.108  
Uh, that our students may have, or their, or colleagues may have.

67  
00:06:37.108 --> 00:06:43.678  
1 of the things that I know for years and years I talked about with my staff.

68  
00:06:43.678 --> 00:06:47.098  
When I was dealing with more directly with students was.

69  
00:06:47.098 --> 00:06:50.158  
We've got to make sure we treat everyone like they're hurting.

70  
00:06:50.158 --> 00:06:53.309  
Because you just don't know who's hurting.

71  
00:06:53.309 --> 00:06:58.048  
You just don't know what's going on in someone's life.

72  
00:06:58.048 --> 00:07:01.709  
And that's going to be something that, um.

73

00:07:01.709 --> 00:07:09.869

We're really going to need to confront. I know I had a chance about 2, Sundays ago to be visiting with the governor on the phone and.

74

00:07:09.869 --> 00:07:14.968

And the said, you know, our next President's meeting, I really like the topic.

75

00:07:14.968 --> 00:07:23.218

To be a little bit more about mental health, and it is about this coven and testing and all these things that we continually were talking about it.

76

00:07:23.218 --> 00:07:29.908

And to his credit, the very next morning, we were on a President's call, and he announced to the group that.

77

00:07:29.908 --> 00:07:35.608

He's going to free up 16M dollars and cares money.

78

00:07:35.608 --> 00:07:39.598

To be spread out amongst 14 public institutions.

79

00:07:39.598 --> 00:07:44.158

So then maybe we can have more resources.

80

00:07:44.158 --> 00:07:55.343

And we can partner more with local mental health agencies, provide more services for our students and our staff, and all the rest of it.

81

00:07:55.553 --> 00:08:02.543

So, I really think that while the vigilance we're going to need to battle this virus is going to continue and it's going to.

82

00:08:02.848 --> 00:08:11.098

Who knows, maybe get tougher and tougher. We've got to do a good job of taking care of 1 to 1 another and and.

83

00:08:11.098 --> 00:08:15.149

Addressing any of those mental health concerns that may arise.

84

00:08:15.149 --> 00:08:20.579

The other thing is that this group I know is the group that.

85

00:08:20.579 --> 00:08:23.639

Probo Smith he's not here somewhere. He's out there.

86

00:08:23.639 --> 00:08:33.479

Really believes is a key group to make sure that we constantly get better and better at what we do.

87

00:08:33.479 --> 00:08:36.869

At student success initiatives.

88

00:08:36.869 --> 00:08:43.019

At customer service type things, all of the things that we need to do.

89

00:08:43.019 --> 00:08:48.629

Because I think reality is things become more competitive all the time.

90

00:08:48.629 --> 00:08:56.879

Things are really rolling around in the minds of people who are.

91

00:08:56.879 --> 00:08:59.938

Potentially.

92

00:08:59.938 --> 00:09:06.479

Going and deciding whether or not, they're going to continue and higher education and so forth and.

93

00:09:06.479 --> 00:09:15.359

I know how this group is working with a bunch of things. I don't understand. I see Jeanie Herman back there and I know they're working on.

94

00:09:15.359 --> 00:09:22.708

Whatever that is for registration or some such thing is that the right initials?

95

00:09:22.708 --> 00:09:25.948

So the advise and.

96

00:09:25.948 --> 00:09:33.958

You know, different advising things and and this body I know the provost.

97

00:09:33.958 --> 00:09:37.139  
Believes and and, uh, check beliefs.

98  
00:09:37.139 --> 00:09:42.089  
And really be difference makers for us to become more efficient, more effective than.

99  
00:09:42.089 --> 00:09:52.019  
And be a best service to our students as we can. So, I, thank you for doing that. And I think you created a student's success task force.

100  
00:09:52.019 --> 00:09:55.229  
Here in the Senate, which I think is huge.

101  
00:09:55.229 --> 00:09:59.308  
And because that's really what it's all about and so.

102  
00:09:59.308 --> 00:10:04.948  
That being said, thank you number 1, the vigilant number 2.

103  
00:10:04.948 --> 00:10:16.019  
Eyes on the mental health situation of everyone number 3, and continue to be that difference maker in terms of how we can become better and better.

104  
00:10:16.019 --> 00:10:22.859  
A number for it, and with that oh, I always say it's the long haul that counts.

105  
00:10:22.859 --> 00:10:28.739  
And this is going to be a long haul, but I truly believe that.

106  
00:10:28.739 --> 00:10:31.889  
Even though we don't know how long the hall will be.

107  
00:10:31.889 --> 00:10:39.778  
That when we get to the other end of things, we're going to be a better institution than we've ever been.

108  
00:10:39.778 --> 00:10:44.399  
And we're going to have a chance to do extraordinary things for.

109  
00:10:44.399 --> 00:10:49.499

Our students our workforce and our regions.

110

00:10:49.499 --> 00:10:53.339

Which is really what things are all about so, with that.

111

00:10:53.339 --> 00:11:04.798

Mr. Cooper or Dr Cooper hire Cooper and you have a lot of different names for the I've done a lot of those. Thank you. Appreciate it.

112

00:11:04.798 --> 00:11:11.369

Thank you president trustful for being here today. I appreciate you taking time out of your day.

113

00:11:11.369 --> 00:11:19.918

He's very busy. I do need to apologize to the Senate real quick because I forgot to thank you for being here today.

114

00:11:19.918 --> 00:11:23.548

Because I know it takes a lot of time and effort.

115

00:11:23.548 --> 00:11:28.918

During your day to do what you need to do, and then the time it comes to the Senate.

116

00:11:28.918 --> 00:11:38.698

Also would like to point out. We have a special guest, the attorney prior to the board of trustees is come to sit in today and.

117

00:11:38.698 --> 00:11:43.739

Watch us an action today debate a few things that towards the end of the meeting.

118

00:11:46.318 --> 00:11:52.469

Moving on normally, we have the minutes for you to approve, but as, you know.

119

00:11:52.469 --> 00:11:58.979

We are meeting virtually and so what we did last time was video record our webx meeting.

120

00:11:58.979 --> 00:12:06.149

I had sent out the leads previously. Some of you very told me you've watched it that there is somewhat about.

121

00:12:06.149 --> 00:12:10.168

A transcript to it, although it's not a very good transcript.

122

00:12:10.168 --> 00:12:16.078

I'll be in consultation with our parliament here and to try to figure out how.

123

00:12:16.078 --> 00:12:19.168

We're going to document the activities.

124

00:12:19.168 --> 00:12:23.038

That up through this video, so we can officially approve.

125

00:12:23.038 --> 00:12:36.599

Minutes for the meeting again, we're in like, new territory so hard to decide how to go about this kind of business. So we don't have and it's for approval today.

126

00:12:36.599 --> 00:12:40.109

I do have a brief.

127

00:12:40.109 --> 00:12:50.729

Chairs report 1st of all, we need a Senate secretary position that's still open.

128

00:12:50.729 --> 00:12:56.458

I briefly discussed it with 1 person, but that, that that person.

129

00:12:56.458 --> 00:13:05.339

Wouldn't make a commitment to it if you want to know the duties of this position. If you go the section 3 of the Senate by laws, it explains.

130

00:13:05.339 --> 00:13:09.359

What the particular that that position are.

131

00:13:09.359 --> 00:13:19.889

And should also tell you that there's an, our place in the bylaws that tells you that the secretary is also a member of the executive committee.

132

00:13:19.889 --> 00:13:26.278

So, I'm still looking for a secretary if you're interested.

133

00:13:26.278 --> 00:13:31.678

Does not necessarily have to be a senator it could be somebody from outside the Senate.

134

00:13:31.678 --> 00:13:35.129

So, you know, someone might be interested in the position.

135

00:13:35.129 --> 00:13:39.749

Please point them towards me.

136

00:13:39.749 --> 00:13:48.538

Senate committees, some committees have already met we need to get our committees to begin to meet this month.

137

00:13:48.538 --> 00:13:57.239

And if you don't have any direct business, there is 1 thing that you should do, is that look over the chart.

138

00:13:57.239 --> 00:14:05.639

And the mission of your committee, and get back to the governance committee, which is headed by vice chair lamb.

139

00:14:05.639 --> 00:14:14.399

So that we can make sure that the documents that we have to explain what each committee does are correct and complete.

140

00:14:14.399 --> 00:14:17.399

At this and when your committee meets.

141

00:14:17.399 --> 00:14:26.849

We need your minutes and or reports from that committee and they are part of the official Senate record.

142

00:14:26.849 --> 00:14:35.698

So, please submit them die there Carole and Carole and myself. So we can be sure that they're properly stored and recorded.

143

00:14:36.749 --> 00:14:42.928

1 thing I've been asked by the calendar slash safety committee.

144

00:14:42.928 --> 00:14:49.168

Of the university is to encourage faculty and staff.

145

00:14:49.168 --> 00:14:53.219

To have students make sure they're using the QR codes.

146

00:14:53.219 --> 00:14:56.369

As you walked in today, there is a QR code.

147

00:14:56.369 --> 00:14:59.428

Sitting near the sign in sheets.

148

00:14:59.428 --> 00:15:06.839

Everybody should pass their app by the QR code and the reason for this.

149

00:15:06.839 --> 00:15:16.589

Is contact tracing it is going to be important and hopefully we don't have any cases but should we have any paces of ours?

150

00:15:16.589 --> 00:15:22.889

We need to be able to be sure that we contact all those people who may have been exposed.

151

00:15:22.889 --> 00:15:26.308

And that's what the purpose of the QR code is for.

152

00:15:26.308 --> 00:15:32.458

So, please have your students when they enter your classroom or any place on campus.

153

00:15:32.458 --> 00:15:41.068

The room that has a QR code, please have them scan that code as well as you should stand in that code as well. So we can.

154

00:15:41.068 --> 00:15:44.639

Make you part of any potential contact trace.

155

00:15:44.639 --> 00:15:53.278

Sent a podcast I've restart back. I sent out a link a couple hours ago.

156

00:15:53.278 --> 00:16:06.958

And I would strongly encourage you to listen to these podcasts. These are a brilliant idea from Mary Beth ernhart who records them and it does the interviews produces them.

157

00:16:06.958 --> 00:16:12.509

Then we interview different people about academic matters from all across.

158

00:16:12.509 --> 00:16:19.558

The campus, this blast podcast dealt with some of the actions that the Senate.

159

00:16:19.558 --> 00:16:31.589

Talk over this past year, sort of a review and prompt and where we hope to head this coming year. So I encourage you to look at those podcasts. Not only the recent ones, but.

160

00:16:31.589 --> 00:16:37.318

The ones from before they're very, very good, very foundational to the institution.

161

00:16:37.318 --> 00:16:42.688

Another thing that I would like, as a point of pride.

162

00:16:42.688 --> 00:16:46.619

The point of pride is.

163

00:16:46.619 --> 00:16:52.469

To review with you some recent information they came to me from the why issue?

164

00:16:52.469 --> 00:16:59.759

The widest foundation has sent me a list of down chairs and professorships.

165

00:16:59.759 --> 00:17:04.499

That have been established here as Y, as you.

166

00:17:04.499 --> 00:17:08.548

And I just wanted to show you the less of these different.

167

00:17:08.548 --> 00:17:20.548

And our chair, some professorships, you can see that there are 8 or 7 undoubt chairs in various areas from across the institution.

168

00:17:20.548 --> 00:17:27.358

A very recent 1 was the Warren young chair and the astronomy.

169

00:17:27.358 --> 00:17:41.128

Some of you probably remember Warren young, former chair in astronomy. You still see him running around and bored meet her now. And then, and prior to that was a chair made and gerontology.

170

00:17:41.128 --> 00:17:44.519

Oh, I'll talk about that in a couple of seconds.

171

00:17:44.519 --> 00:17:52.229

And dial professorships, there are 8 endowed professorships. If you look at these lists.

172

00:17:52.229 --> 00:17:58.229

There are from all aspects of the business community.

173

00:17:58.229 --> 00:18:03.509

The family has actually sponsored 3 different professor chips.

174

00:18:03.509 --> 00:18:10.409

In business, so that's a it's a great kudos that our community.

175

00:18:10.409 --> 00:18:20.729

Is recognizing the work of our different faculty now here's the list of the current holders on the chairs or professorships.

176

00:18:20.729 --> 00:18:28.318

And I think that when you see these individuals, you ought to walk up to them and congratulate them for this achievement.

177

00:18:28.318 --> 00:18:33.808

Dr. Palahniuk Dr Ben, who just about a week or so ago was.

178

00:18:33.808 --> 00:18:36.898

Bestowed the chair and during apology.

179

00:18:36.898 --> 00:18:43.798

Dr, events who prior to this semester was a, was a member of the Senate here.

180

00:18:43.798 --> 00:18:46.798

Uh, and do that plastic studies.

181

00:18:46.798 --> 00:18:53.669

Dr and Dr Wakefield Dr Wakefield, you'll see the report today. He's been sharing our.

182

00:18:53.669 --> 00:19:02.153

A curriculum committee for years does a great job, and I want to tell you about the next 1 that's coming up. It's coming up in November 15th.

183

00:19:02.153 --> 00:19:09.743

There's going to be a ceremony to honor Dr rule as a Dow chair in economics. So.

184

00:19:10.499 --> 00:19:16.919

I just wanted to tell you that this is a landmark showing the quality.

185

00:19:16.919 --> 00:19:21.628

And the excellence in service and scholarship.

186

00:19:21.628 --> 00:19:27.538

And teaching of our faculty, so I thought I should bring some very good news to the spotting today.

187

00:19:28.769 --> 00:19:32.548

So that is the end of my record any questions.

188

00:19:33.929 --> 00:19:39.298

Either online or physically any, any.

189

00:19:39.298 --> 00:19:43.048

No, they're all sleep. Okay.

190

00:19:43.048 --> 00:19:50.459

All right Ohio faculty report, we haven't had a report from the Ohio faculty council in a long time.

191

00:19:50.459 --> 00:19:55.469

Part of the reason is is because I can't attend those meetings.

192

00:19:55.469 --> 00:20:08.189

They're always on a Friday at noon I can't even the pen virtually used to drive down the Columbus. I'm in discussions here with Dr Earnhardt about taking over that responsibility and.

193

00:20:08.189 --> 00:20:15.749

I think I need to take him out for an adult fair to do that. So we're going to work on that.

194

00:20:15.749 --> 00:20:19.409

Yes, charter and bylaws.

195

00:20:19.409 --> 00:20:24.419

Did we have a question that I hear charter and bylaws committee?

196

00:20:24.419 --> 00:20:27.568

Hasn't met yet, but we'll meet soon.

197

00:20:27.568 --> 00:20:32.219

We have to straighten out our bylaws after the reorganization that occurred.

198

00:20:32.219 --> 00:20:36.058

Over the summer we need to take care of these matters.

199

00:20:36.058 --> 00:20:46.769

Because there are areas that are underrepresented across campus in the Senate and areas that are overrepresented. When did you get back to about.

200

00:20:46.769 --> 00:20:53.189

Elections elections and validate.

201

00:20:53.189 --> 00:21:00.148

I've seen nicole's here. That's all. I mean, do you have a report that you want? The same thing?

202

00:21:01.229 --> 00:21:07.709

They were working on it, ladies and gentlemen, there's 1 election coming up very soon.

203

00:21:07.709 --> 00:21:12.058

And it fits Adam Earnhardt against me for a chair of the Senate.

204

00:21:12.058 --> 00:21:19.199

Right. What's that? Not that not yet? We don't have any candidates, so.

205

00:21:19.199 --> 00:21:24.598

Adam, and I are running for chair of the Senate, and I know that an email went out about.

206

00:21:24.598 --> 00:21:28.618

Being ready to receive the ballot electronically.

207

00:21:28.618 --> 00:21:32.278

So, please pay attention to your email.

208

00:21:32.278 --> 00:21:37.709

And well, we should hopefully have the results by the next.

209

00:21:37.709 --> 00:21:43.409

Okay, any questions up to here comments.

210

00:21:45.898 --> 00:21:59.429

Hearing none we'll move on to committee reports only have received 2 committee reports that I'm aware of. I attended to the physical agenda that I sent out earlier.

211

00:21:59.429 --> 00:22:03.538

A report in the minutes from the undergraduate curriculum committee with.

212

00:22:03.538 --> 00:22:06.628

Their activities, um.

213

00:22:06.628 --> 00:22:09.838

Dr. Wakefield has jumped right in to.

214

00:22:09.838 --> 00:22:13.648

That work, he has his committee working very hard.

215

00:22:13.648 --> 00:22:23.009

They have meetings plan throughout the rest of the academic. I would talk to Tom or anybody from the curriculum mini here.

216

00:22:24.179 --> 00:22:33.959

Anybody cared to speak if not, you please take a look at the minutes and the report.

217

00:22:33.959 --> 00:22:40.528

There are deadlines put in the spring for submission of curricular activities.

218

00:22:40.528 --> 00:22:53.219

So, please take a look at that you also have minutes from the new teaching and learning committee of the Senate and they have been extraordinarily busy, have met 3 times.

219

00:22:53.219 --> 00:22:56.878

And they are taking on a variety of activities.

220

00:22:56.878 --> 00:23:02.068

They are getting organized as a new committee and moving forward.

221

00:23:02.068 --> 00:23:05.638

Please read their summaries of their meetings.

222

00:23:05.638 --> 00:23:08.729

Is there anybody here from the committee would like to speak.

223

00:23:08.729 --> 00:23:14.429

Anybody on line anything else.

224

00:23:14.429 --> 00:23:21.929

No, okay. Moving on. Are there any other committees that need to make a report to the Senate?

225

00:23:24.209 --> 00:23:28.318

Saying none, we'll move on to the next.

226

00:23:28.318 --> 00:23:34.558

Item of business there is no unfinished business that I know up. So we'll move to new business.

227

00:23:34.558 --> 00:23:40.378

And the 1st matter of discussion is from Provo Smith who's going to give us an update.

228

00:23:40.378 --> 00:23:44.219

On grade associates, promo Smith.

229

00:23:59.669 --> 00:24:03.989

Like, a chat, it's my pleasure to appear before you today.

230

00:24:03.989 --> 00:24:08.338

It's a good hearing from the to the president and I agree. Um.

231

00:24:08.338 --> 00:24:12.479

I think we're all doing a great job. I have many students to approach me.

232

00:24:12.479 --> 00:24:17.038

Personally, or by email, and, you know, we're trying to say, um.

233

00:24:17.038 --> 00:24:25.739

We wish that, you know, young sound state would do more for our safety. Say well, tell me, give me some feedback.

234

00:24:25.739 --> 00:24:30.898

And I talk about, you know, there are opportunities to interact with us and help us get better.

235

00:24:30.898 --> 00:24:35.398

And I just think it's a testament to the great job.

236

00:24:35.398 --> 00:24:40.588

All of you are doing the cross academic affairs that had kept our numbers low and so.

237

00:24:40.588 --> 00:24:44.759

For some students that continue to push back, I point out that.

238

00:24:44.759 --> 00:24:52.528

There was a media outlet in Boston that recognized Youngstown state, or a great job that we're doing tracing.

239

00:24:52.528 --> 00:24:58.558

That, as I talk with my provost colleagues.

240

00:24:58.558 --> 00:25:01.618

In New Jersey.

241

00:25:01.618 --> 00:25:07.138

Michigan, uh, Florida, and across the state of Ohio.

242

00:25:07.138 --> 00:25:12.749

Now, these institutions are doing the best that we are, and now hundreds of student cases.

243

00:25:12.749 --> 00:25:19.979

And so that we've been able to keep our numbers low is extraordinary. It shows commitment by our students.

244

00:25:19.979 --> 00:25:26.038

Several meetings, and these guys have the hand sanitizer. They are all wearing the masks.

245

00:25:26.038 --> 00:25:31.588

You know, we're all doing our job and so so thank you very much for partnering. Not only.

246

00:25:31.588 --> 00:25:38.338

In education and also do this to say, I think it's working on the good work.

247

00:25:38.338 --> 00:25:45.929

As I reported before we have secured the services of a consulting firm.

248

00:25:45.929 --> 00:25:50.459

Ryan associates to help us understand our market better.

249

00:25:50.459 --> 00:25:57.628

Uh, and the, the kinds of programs that we can be offering to attract more and better and students.

250

00:25:57.628 --> 00:26:04.679

So if I said before brain associates do not make decisions for us.

251

00:26:04.679 --> 00:26:09.689

They provide us rich and robust data, which allows us in to.

252

00:26:09.689 --> 00:26:16.769

Uh, look at the market and make decisions and so we met this past week with gray.

253

00:26:16.769 --> 00:26:22.949

We put together a cross section across academic affairs about what are your.

254

00:26:22.949 --> 00:26:27.989

That are able to review this data and we kind of with a training session.

255

00:26:27.989 --> 00:26:31.739

Where we looked at some market data.

256

00:26:31.739 --> 00:26:36.509

So, they presented us some information on polling categories, like.

257

00:26:36.509 --> 00:26:41.969

Student demand, employment, opportunities and competitive intensity.

258

00:26:41.969 --> 00:26:46.409

So, if, for example, you look at student demand, they have data from.

259

00:26:46.409 --> 00:26:52.528

I PEDs completions they have, I think we've a data from all different kinds of sources.

260

00:26:52.528 --> 00:26:57.419

And we even have inquiry data from our, our, what? Management partner.

261

00:26:57.419 --> 00:27:01.919

They have access to Google searches. They have access to international Google searches.

262

00:27:01.919 --> 00:27:06.179

Well, they have information of year over year change.

263

00:27:06.179 --> 00:27:11.818

In inquiries in searches for Youngstown State University.

264

00:27:11.818 --> 00:27:20.878

And so this gives us an idea of what are students looking for what, you know, when the search Youngstown state, what are the keywords? What are the programs.

265

00:27:20.878 --> 00:27:31.913

So, a lot of rich data there for competitive intensity, they, they have data from our regional and national competitors.

266

00:27:31.913 --> 00:27:38.513

So, what degree are they offering how many students are going there and so forth for a particular degree? If we're.

267

00:27:38.759 --> 00:27:45.689

Considering the new program, and how do we fit versus what the student is gonna be versus what our competitors are.

268

00:27:45.689 --> 00:27:58.919

And also they have rich data unemployment opportunity as well, including a new job openings, total employment, annual top opening wages, uh, national com.

269

00:27:58.919 --> 00:28:03.148

A national gainful employment wages, historical job postings.

270

00:28:03.148 --> 00:28:06.719

Historical employment, trans, et cetera, et cetera.

271

00:28:06.719 --> 00:28:14.459

The data is staggering and I will tell you, I told you before 1 of the reasons that I was impressed with with bringing associates is.

272

00:28:14.459 --> 00:28:17.548

Is I'm always concerned that.

273

00:28:17.548 --> 00:28:24.419

Uh, this kind of employment data puts too strong of an emphasis on the professional schools.

274

00:28:24.419 --> 00:28:33.719

But what gray does is the cross reference, the skills that you learn in the liberal arts, to how they, they cross reference with different jobs.

275

00:28:33.719 --> 00:28:44.009

And so this covers the whole gamut of employment opportunities. It covers the gamut of student demand and it lets us know what our competitors are doing.

276

00:28:44.009 --> 00:28:49.439

They presented us, um, but the group again, a representative.

277

00:28:49.439 --> 00:28:53.699

Of a of a job.

278

00:28:53.699 --> 00:29:03.598

Not a job, but a major public administration. And so, you know, what I learned from that is as well, there's a lot of demand for public administration.

279

00:29:03.598 --> 00:29:14.548

And, you know, unfortunately, a lot of skills know, there's a lot of demand for public administration. So so the student demand is there, the competitive analysis is there.

280

00:29:14.548 --> 00:29:24.929

The 3rd 1 is the job market look like and it appears that there's still good demand for the job market. Suggesting not saying we are going to do this. But in that case.

281

00:29:24.929 --> 00:29:34.798

If we were to consider public administration that there's a window of opportunity, you could say the same thing or information. Technology is huge student demand.

282

00:29:34.798 --> 00:29:39.749

There is a great to all our competitors are there. Everybody's got to.

283

00:29:39.749 --> 00:29:51.298

Computer science program, but the real thing is in the job market, the kids feel the positions so these are things that we will decide. Right? So Grey's not going to tell us.

284

00:29:51.298 --> 00:29:55.439

You said we should add this major or tweak this major do this.

285

00:29:55.439 --> 00:30:00.868

They're just providing us the data that we can use to make our own informed.

286

00:30:00.868 --> 00:30:04.828

Decisions and so I'm, I'm looking to try to make this as.

287

00:30:04.828 --> 00:30:19.284

Uh, as open and accessible to, as many of you as possible. So that together, we can try to look at better outcomes for getting stone state. We talked about 1 way we can do. This is a larger web presence another way we can.

288

00:30:21.538 --> 00:30:26.189

Improve our situation is by keeping students here longer. So student success.

289

00:30:26.189 --> 00:30:30.449

And another way is attracting.

290

00:30:30.449 --> 00:30:36.388

Students that have some college education, but no degree, but stopped out for whatever reason.

291

00:30:36.388 --> 00:30:42.808

And another way is by adding programs or tweaking programs that will be attracted to a broader market.

292

00:30:42.808 --> 00:30:46.169

Within the 75 to 100 mile radius of where we are.

293

00:30:46.169 --> 00:30:56.969

So, we're, we're working hard to look at enrollment. Why issue? And make sure that we're a leader among our peers. I'm delighted to entertain any questions that you might have.

294

00:30:56.969 --> 00:31:04.469

I have a question for you.

295

00:31:04.469 --> 00:31:07.858

It's about.

296

00:31:15.659 --> 00:31:18.808

Hello.

297

00:31:28.439 --> 00:31:33.778

Okay, we got a couple more items for discussion today.

298

00:31:33.778 --> 00:31:36.868

The 1st 1 is.

299

00:31:36.868 --> 00:31:45.719

If you remember back in the spring during the probate pandemic with all the things that were going on.

300

00:31:45.719 --> 00:31:54.209

The Senate approved in the granting credit no credit opportunities to our students.

301

00:31:54.209 --> 00:31:57.838

During the spring semester.

302

00:31:57.838 --> 00:32:03.148

It has been brought up to me should we consider extending that policy?

303

00:32:03.148 --> 00:32:08.398

To the fall semester so I bring this up for discussion both.

304

00:32:08.398 --> 00:32:16.019

People here and online, and I don't think that's it.

305

00:32:16.019 --> 00:32:19.409

Any comments.

306

00:32:19.409 --> 00:32:22.979

And how many people think we should extend it.

307

00:32:25.469 --> 00:32:28.558

How many people do not.

308

00:32:29.638 --> 00:32:34.888

How many people need more information? That's what I thought.

309

00:32:34.888 --> 00:32:42.298

What kind of questions do you have? Yes, go ahead.

310

00:32:42.298 --> 00:32:47.278

No, for me to do.

311

00:32:47.278 --> 00:32:53.219

Apparently already afraid of option.

312

00:32:53.219 --> 00:33:01.739

The project's not available, ordered and ready to textile for manager.

313

00:33:01.739 --> 00:33:08.249

Okay.

314

00:33:08.249 --> 00:33:12.598

Yeah, to buy.

315

00:33:12.598 --> 00:33:16.709

Um.

316

00:33:16.709 --> 00:33:21.269

For the.

317

00:33:21.269 --> 00:33:26.578

Something in the online.

318

00:33:26.578 --> 00:33:31.949

A, no brainer for.

319

00:33:31.949 --> 00:33:39.358

For.

320

00:33:39.358 --> 00:33:42.509

Correct.

321

00:33:42.509 --> 00:33:48.538

Other schools right? 3rd.

322

00:34:06.324 --> 00:34:17.873

A British version, so the idea is already, but it's not.

323

00:34:20.458 --> 00:34:27.028  
So, during the summer, why is it.

324  
00:34:27.028 --> 00:34:36.958  
Extended this to 1 of the credit card option calls.

325  
00:34:36.958 --> 00:34:41.728  
Certain times, so.

326  
00:34:41.728 --> 00:34:47.789  
Virtually over a level of the plan.

327  
00:34:47.789 --> 00:34:55.378  
Or is your point of view across to say.

328  
00:34:55.378 --> 00:35:08.338  
Said they call your operations to do that? Why are you still can't say.

329  
00:35:08.338 --> 00:35:15.028  
All generalization. Oh, no.

330  
00:35:15.028 --> 00:35:20.369  
University suits pregnant.

331  
00:35:20.369 --> 00:35:23.699  
Well, how safer.

332  
00:35:23.699 --> 00:35:29.608  
The general studies, individual college in Boston.

333  
00:35:29.608 --> 00:35:32.938  
The university is not.

334  
00:35:32.938 --> 00:35:39.389  
The University of Cincinnati, it said that expression.

335  
00:35:39.389 --> 00:35:52.409  
Extended the deadline or credit and the credit books.

336  
00:35:52.409 --> 00:35:57.958  
It was not.

337  
00:35:57.958 --> 00:36:04.378  
Adam, the do I see some comments coming up.

338  
00:36:04.378 --> 00:36:09.898  
Online yes, I mean, basically people.

339  
00:36:09.898 --> 00:36:14.039  
Right.

340  
00:36:14.039 --> 00:36:18.509  
I'm trying to decide I'm trying to figure out whether or not.

341  
00:36:18.509 --> 00:36:22.048  
Gary made a motion extended that.

342  
00:36:26.009 --> 00:36:31.349  
With Gary Gary Walker what.

343  
00:36:33.898 --> 00:36:37.378  
So, I need you if you can to.

344  
00:36:37.378 --> 00:36:45.599  
Kind of paraphrase what Brian just said, because they can make it here for the microphone on, but they could hear you really well.

345  
00:36:45.599 --> 00:36:50.429  
Okay, the paraphrase the.

346  
00:36:50.429 --> 00:36:54.688  
Entire statement no.

347  
00:36:54.688 --> 00:37:01.108  
I don't know, the question is, if you were able to hear the provost.

348  
00:37:01.108 --> 00:37:04.768  
Where certain institutions across Ohio.

349  
00:37:04.768 --> 00:37:08.548  
Extend the deadline.

350

00:37:08.548 --> 00:37:13.739

For the no credit credit policy to certain programs.

351

00:37:13.739 --> 00:37:18.809

Or colleges within their institutions, not all institutions did that.

352

00:37:18.809 --> 00:37:23.219

What we did was we extended the deadline.

353

00:37:23.219 --> 00:37:29.159

For courses in the major across the institution.

354

00:37:29.159 --> 00:37:32.429

Is that without a fair of summary Brian.

355

00:37:32.429 --> 00:37:40.469

And we have a question from, do we want to extend credit? No credit for the next piece semesters.

356

00:37:40.469 --> 00:37:48.028

If we want to extend this semester, please note that we may need to extend following semester as well what are what would be the consequence.

357

00:37:48.028 --> 00:37:53.128

Consequences did everybody hear the question.

358

00:37:54.809 --> 00:38:00.809

Everybody on the line and see it. Okay. Any comments from the audience here.

359

00:38:03.059 --> 00:38:06.148

Yes, yes.

360

00:38:08.188 --> 00:38:14.280

Could you come to the microphone please and stay who you are for the record? Please.

361

00:38:15.449 --> 00:38:18.809

Patients.

362

00:38:18.809 --> 00:38:22.860

That we're doing this.

363

00:38:22.860 --> 00:38:25.920

For.

364

00:38:25.920 --> 00:38:29.849

It doesn't seem to.

365

00:38:29.849 --> 00:38:38.730

It's going away and I just need you to paraphrase.

366

00:38:39.809 --> 00:38:43.829

The, the student.

367

00:38:47.340 --> 00:38:51.599

The student said to paraphrase what he said.

368

00:38:51.599 --> 00:39:01.289

Was that, since we're already doing it for online courses, perhaps we should continue to put a fair assessment of what you said.

369

00:39:05.190 --> 00:39:08.699

Hello.

370

00:39:16.769 --> 00:39:23.880

Justin Sean is the, our president that's come to the microphone.

371

00:39:23.880 --> 00:39:28.739

You're good. Yeah, I, I would say that probably.

372

00:39:28.739 --> 00:39:39.929

1 of the biggest concerns, like.

373

00:39:39.929 --> 00:39:44.070

Right.

374

00:39:45.510 --> 00:39:50.010

Yeah, so like, I was saying 1 of the biggest concerns for students.

375

00:39:50.514 --> 00:40:05.065

Last year, it's the summer, was that I guess the hard switched online this year. I think it's also consideration of the modalities and the consistency.

376

00:40:06.090 --> 00:40:09.090

A library.

377

00:40:09.090 --> 00:40:12.960

They're taking a class that was advertising.

378

00:40:12.960 --> 00:40:22.860

Switching around, it's supposed to be virtual live, but it's, it's not.

379

00:40:22.860 --> 00:40:27.630

I think that the adjustment.

380

00:40:35.219 --> 00:40:41.849

Yes.

381

00:40:41.849 --> 00:40:46.889

I just want to point out a couple of things with the building.

382

00:40:46.889 --> 00:41:01.170

And when we get in the last 20 seconds.

383

00:41:01.170 --> 00:41:06.000

We are like me, I realize that.

384

00:41:06.000 --> 00:41:14.760

Nobody has to do the assessment, but we are a little late. It makes her call.

385

00:41:14.760 --> 00:41:19.469

It's not always in the product.

386

00:41:19.469 --> 00:41:27.059

Because from registered standpoint, you need from that, right?

387

00:41:27.059 --> 00:41:33.059

We can't do that if you can do that. Right? And I'm praying we are looking at.

388

00:41:33.059 --> 00:41:39.659

Graduate School entrances look differently on these firms, so that's something to consider.

389

00:41:39.659 --> 00:41:43.920

But there are certain programs that won't accept that.

390

00:41:43.920 --> 00:41:46.980

Progress as well, so I feel like.

391

00:41:46.980 --> 00:41:51.780

We need to that line by program basis.

392

00:41:51.780 --> 00:41:56.880

Because we want to do is help us.

393

00:41:56.880 --> 00:41:59.909

But I, I would recommend if we do this.

394

00:41:59.909 --> 00:42:05.099

That we can describe the problem.

395

00:42:05.099 --> 00:42:11.099

Did the online people catch most of that?

396

00:42:13.349 --> 00:42:16.889

To paraphrase what.

397

00:42:16.889 --> 00:42:20.219

He said was.

398

00:42:20.219 --> 00:42:28.980

Leaning towards going a program by program with the deadline? No. Later than the Pro deadline that's already established.

399

00:42:28.980 --> 00:42:42.239

Fair enough to.

400

00:42:42.239 --> 00:42:48.420

The rapid.

401

00:42:48.420 --> 00:42:53.070

October 22nd would be the last deadline.

402

00:42:53.070 --> 00:43:05.880

Okay, this 1 comes from Rachel favor I've asked what are the well, what are the known downsides of any.

403

00:43:05.880 --> 00:43:09.570

Of if any of extending the deadline.

404

00:43:09.570 --> 00:43:13.110

In principal, I would be in favor of extending.

405

00:43:13.110 --> 00:43:16.380

So, she wanted me to general question about whatever.

406

00:43:19.260 --> 00:43:22.349

I don't know, that's.

407

00:43:22.349 --> 00:43:25.800

Yes.

408

00:43:25.800 --> 00:43:31.530

Where.

409

00:43:31.530 --> 00:43:37.619

Take a look at it.

410

00:43:37.619 --> 00:43:41.849

You ready.

411

00:43:41.849 --> 00:43:45.809

By that.

412

00:43:45.809 --> 00:43:49.110

So, we.

413

00:43:50.250 --> 00:43:58.079

And I just want to make sure that we have to be.

414

00:43:58.079 --> 00:44:03.960

Yeah.

415

00:44:03.960 --> 00:44:09.179

Yeah, they're not going to be able to sorry Danny.

416

00:44:09.179 --> 00:44:14.340

We're going to have to come to the microphones folks because our friends online.

417

00:44:14.340 --> 00:44:18.809

And.

418

00:44:18.809 --> 00:44:26.489

Hello.

419

00:44:27.690 --> 00:44:37.949

Or many others with the issues, we're going to have the ability to sit for licensure.

420

00:44:37.949 --> 00:44:51.570

The expectations of things, and that's really important because on password and do your transfer, because we don't have.

421

00:44:51.570 --> 00:45:00.179

A great class that you mean revisit national staple. Some of the part of the certification.

422

00:45:00.179 --> 00:45:05.789

Yeah, so this came in from online program by program is an excellent idea is.

423

00:45:05.789 --> 00:45:13.380

Had a chance to seek advisement in their field before deciding credit and credit. That was from Gary Susan Smith.

424

00:45:13.380 --> 00:45:17.760

Some accredited programs cannot use credit credit. What's it?

425

00:45:17.760 --> 00:45:26.639

And Rachel said to pose a question, so pose a roadblock to students potential.

426

00:45:26.639 --> 00:45:29.940  
Grad school applications by tomorrow.

427

00:45:29.940 --> 00:45:33.030  
Uh.

428

00:45:33.030 --> 00:45:37.530  
And then how do we figure out agriculture? Sorry?

429

00:45:37.530 --> 00:45:40.769  
How do we figure out active honors?

430

00:45:40.769 --> 00:45:48.539  
If a student has 3 semesters of credit no credit and then 1 semester 4.0T  
GPA what is the process to figure awards?

431

00:45:49.619 --> 00:45:53.309  
Uh, yeah.

432

00:45:55.079 --> 00:46:01.920  
Justin, I walked up here. Some of those were actually, but because.

433

00:46:01.920 --> 00:46:09.750  
1st, 1, it was going out happened in the passes. You had a senior  
advisor.

434

00:46:09.750 --> 00:46:15.480  
Okay, so then it's also an option so it's when advisor.

435

00:46:15.480 --> 00:46:19.619  
And there was a guy that advertising like licensure issues and.

436

00:46:19.619 --> 00:46:24.420  
Graduation issues and stuff, so that students are well, prior to making a  
decision.

437

00:46:24.420 --> 00:46:27.630  
Say that credit.

438

00:46:27.630 --> 00:46:32.789

Yeah, and that's what snow is snow posted in the chat, but if it's an option.

439

00:46:32.789 --> 00:46:36.329

They just, they don't need to take credit card credit card.

440

00:46:36.329 --> 00:46:41.940

Okay, let me try to summarize what I've heard to this point.

441

00:46:41.940 --> 00:46:47.250

Is that there does not seem to be the email.

442

00:46:47.250 --> 00:46:51.389

Objection to extending the deadline, but.

443

00:46:51.389 --> 00:46:57.599

That people seeking credit, no credit need to see the Pfizer.

444

00:46:57.599 --> 00:47:02.820

And it has to be dealt with on a programmatic level.

445

00:47:02.820 --> 00:47:09.659

And that the deadline needs to be what, October 22nd Jamie.

446

00:47:10.829 --> 00:47:15.239

Yes, please come to the microphone so people online.

447

00:47:15.239 --> 00:47:20.730

Where your problems, and while he's coming up to the microphone says.

448

00:47:20.730 --> 00:47:28.440

If online mixed modalities are part of our future will credit. No credit become standard practice.

449

00:47:28.440 --> 00:47:33.840

It made sense in the spring, but faculty have worked hard and designed their courses with new modalities.

450

00:47:33.840 --> 00:47:37.860

If various modalities are problematic.

451

00:47:37.860 --> 00:47:43.679

And creating a need for credit. No credit deal with the course design not to grade.

452

00:47:46.199 --> 00:47:52.590

Yes, go ahead.

453

00:47:52.590 --> 00:48:00.539

Is that the time? I don't know enough about these.

454

00:48:00.539 --> 00:48:03.780

And then.

455

00:48:03.780 --> 00:48:08.460

A good example of what I.

456

00:48:08.460 --> 00:48:12.840

I like that.

457

00:48:12.840 --> 00:48:17.130

Hours.

458

00:48:17.130 --> 00:48:20.880

I think it.

459

00:48:20.880 --> 00:48:25.920

Is our.

460

00:48:25.920 --> 00:48:30.000

Their.

461

00:48:37.230 --> 00:48:41.010

The application.

462

00:48:41.010 --> 00:48:47.340

Like that.

463

00:48:48.570 --> 00:48:51.989

So, that, that, that came up in a chat, thank you.

464

00:48:51.989 --> 00:48:55.860

So, that was echoed in chat and then we also have some agreement.

465

00:48:55.860 --> 00:49:01.769

From a flicker say, I agree with Joe I think the issue in this case.

466

00:49:01.769 --> 00:49:08.670

It's just at the various modalities aren't ironed out or have changed that. That's been semester.

467

00:49:08.670 --> 00:49:14.070

We're still in transition.

468

00:49:15.960 --> 00:49:19.409

About a compromise to what I summarized.

469

00:49:20.639 --> 00:49:24.480

Few minutes ago that.

470

00:49:27.659 --> 00:49:31.619

If I'm hearing everybody correctly no, 1 has.

471

00:49:31.619 --> 00:49:37.530

Wholehearted objection to the extension, except we need to focus more on.

472

00:49:37.530 --> 00:49:43.469

Making sure our courses are well more well designed or letter grades.

473

00:49:43.469 --> 00:49:48.869

But of course, that's not possible this semester.

474

00:49:48.869 --> 00:49:52.739

So, in that case.

475

00:49:52.739 --> 00:49:59.699

Should we as I kind of hearing and I could be hearing wrong they need to let me know.

476

00:49:59.699 --> 00:50:03.480

That for this semester. Okay.

477

00:50:03.480 --> 00:50:09.750

Next semester perhaps not. I see. Mr Howard coming to the microphone.

478

00:50:09.750 --> 00:50:18.599

Dr. Howard. I'm sorry. I'm sorry. Oh, my God. He won't let me.

479

00:50:18.599 --> 00:50:24.030

I guess.

480

00:50:24.030 --> 00:50:27.449

Hello now.

481

00:50:27.449 --> 00:50:31.260

There it is.

482

00:50:31.260 --> 00:50:40.170

I just had a question about.

483

00:50:40.170 --> 00:50:47.130

Procedure, and maybe in regards to an appeal, a pursuit or somebody that.

484

00:50:47.130 --> 00:50:52.170

Took a class that was no credit and then they found out great.

485

00:50:52.170 --> 00:51:03.179

Is a possibility with the city of Africa or whatever.

486

00:51:10.019 --> 00:51:16.199

Right now right now is not going to call me.

487

00:51:16.199 --> 00:51:22.050

That once you choose and not the.

488

00:51:22.050 --> 00:51:25.139

Academics on it and.

489

00:51:25.139 --> 00:51:30.150

Name or I.

490

00:51:30.150 --> 00:51:34.349

Or some type of a process that that can.

491

00:51:34.349 --> 00:51:37.920  
You could almost do it.

492

00:51:37.920 --> 00:51:43.889  
And say, take a lot of her credit as well.

493

00:51:43.889 --> 00:51:46.980  
What we found in the spring.

494

00:51:46.980 --> 00:51:58.860  
A lot of people saying I want for credit for credit card credit for great  
and I know that with.

495

00:51:58.860 --> 00:52:03.630  
But we have a lot of people really not sure in mind that.

496

00:52:03.630 --> 00:52:10.559  
Exactly.

497

00:52:10.559 --> 00:52:15.090  
And what are we getting anything on line Adam?

498

00:52:15.090 --> 00:52:20.789  
What sounds like we have a mixture of things going on here.

499

00:52:20.789 --> 00:52:24.389  
So, I think.

500

00:52:24.389 --> 00:52:30.329  
If there's no objection and I know we're dealing with a little bit time  
frame here.

501

00:52:30.329 --> 00:52:39.570  
But I think perhaps this is a subject that should go immediately to the  
academic standards committee and have them turn around right away.

502

00:52:39.570 --> 00:52:44.550  
With a recommendation to the Senate is there any objection to that?

503

00:52:46.860 --> 00:52:50.070  
Okay, that's how we're going to move them.

504

00:52:50.070 --> 00:52:56.730

I didn't we got oh, I'm sorry, Bob. Okay.

505

00:53:17.940 --> 00:53:23.670

Need a technology, a heck of a standards.

506

00:53:23.670 --> 00:53:31.920

No, here being on time, because our next meeting, I'm going to ask them to practice around safety and we'll.

507

00:53:31.920 --> 00:53:40.230

Has a recommendation sent out to the Senate by email will be able to does that sound reasonable to everybody?

508

00:53:40.230 --> 00:53:46.679

Because we do have to get this moving, or they could make the recommendation actually, probably better idea.

509

00:53:46.679 --> 00:53:50.639

Make a recommendation to the executive committee to make the decision right away.

510

00:53:52.500 --> 00:53:56.369

That sound like a fair option.

511

00:53:56.369 --> 00:53:59.369

I don't bear any hardware.

512

00:53:59.369 --> 00:54:05.550

Okay, so that's what we'll do. I'll send this to the to the.

513

00:54:05.550 --> 00:54:10.980

Standards committee to debate I'll give them a very short window.

514

00:54:12.360 --> 00:54:20.099

And then they'll turn around and send it to the exec will act upon it immediately and report the results to the bottom here.

515

00:54:20.099 --> 00:54:23.099

I don't hear any heartburn.

516

00:54:23.099 --> 00:54:34.590

Okay, that's what we have. 1 more subject to discuss today and I believe the provost want some input on the next topic.

517

00:54:34.590 --> 00:54:40.349

We don't need to take action, but the promos need some input.

518

00:54:40.349 --> 00:54:46.230

To regarding spring break, and I'll just leave it up to the provost.

519

00:54:46.230 --> 00:54:55.320

To discuss the microphone are dying. I apologize.

520

00:54:55.320 --> 00:55:05.699

It should be so when it is all 14, Ohio, 1.

521

00:55:05.699 --> 00:55:10.019

You know, come on up here, Brian.

522

00:55:10.019 --> 00:55:13.380

I emailed on because I don't know.

523

00:55:13.380 --> 00:55:20.010

Hello.

524

00:55:20.010 --> 00:55:28.590

So, 1, 1 benefit of the pandemic is all 14 public institutions are communicating regulated with with 1 another.

525

00:55:28.590 --> 00:55:32.400

Uh, I think it's a good thing, but the problem is.

526

00:55:32.400 --> 00:55:43.889

Once 1 institution does something, then it makes you ponder. So, Ohio State, once again leading the charge has decided to cancel spring break.

527

00:55:43.889 --> 00:55:49.469

In the spring and they're, they're not actually.

528

00:55:49.469 --> 00:55:59.579

Uh, let me see earlier, there'll be a couple of breaks individual days of the semester. If you, if you Google, this, the news, you'll find.

529

00:55:59.579 --> 00:56:06.809

Is a handful of institutions nationally that are doing a similar thing and they're doing it in a similar way to state.

530

00:56:06.809 --> 00:56:17.730

So, I just reached out to a number of different groups to get feedback about what do you, what do you think and the last group to weigh in would be set up.

531

00:56:17.730 --> 00:56:22.469

I reached out to SDA. This is a fantastic job of.

532

00:56:22.469 --> 00:56:28.920

Of relaying their sentiment and so that Justin, if I, if I mess this up.

533

00:56:28.920 --> 00:56:32.309

Jump up and point order, you know, let me know I got it wrong, but.

534

00:56:32.309 --> 00:56:38.309

Yeah, so the students feel strongly that they would like to have spring break that.

535

00:56:38.309 --> 00:56:53.010

It's a good mental health days for them. This is this is hard on all students. What we're doing and think about plowing straight through is not something that's very attractive to them. Of course always graciously said, but, you know, we'll.

536

00:56:53.010 --> 00:56:58.139

We'll defer what you want to do, but I thought that was really great input telling us that.

537

00:56:58.139 --> 00:57:07.469

Those those days are are needed is mental health, so I'm just going to listen if you have any advice.

538

00:57:07.469 --> 00:57:14.309

For what we might do is hesitation for either keeping it on the schedule as it is. Now.

539

00:57:14.309 --> 00:57:25.650

Or, perhaps canceling it in a fashion other schools are not or of course, there's always opportunity for other ways of doing the same type of thing. Like.

540

00:57:30.269 --> 00:57:33.449

This is open for discussion, please.

541

00:57:33.449 --> 00:57:36.690

Let's see if the microphone.

542

00:57:38.099 --> 00:57:47.670

Yeah, the microphone where I'm trying to get falling down here, come on, you can come up here to the stage and be a star, like the rest of.

543

00:57:51.690 --> 00:57:59.039

I know from social work, and I was thinking before department.

544

00:57:59.039 --> 00:58:07.769

We think that it's as time risk for corporate is going to come down. So it's better to start for me.

545

00:58:07.769 --> 00:58:12.179

The semester and then finish it at the same time.

546

00:58:12.179 --> 00:58:17.219

So, that's basically echoing the comments online.

547

00:58:17.219 --> 00:58:25.199

What she just said about this idea of traveling and then coming back.

548

00:58:25.199 --> 00:58:30.449

Went home and coming back, promotes the spread spread.

549

00:58:30.449 --> 00:58:37.679

Seems like so people very big when it seems like a good idea. Capitol spring break.

550

00:58:37.679 --> 00:58:48.449

Um, uncertainty about the status of the pandemic this comes from Gary Walker, I can keep scrolling up. Sorry?

551

00:58:48.449 --> 00:58:54.659

Uncertainty about the status of the pandemic in the spring is problematic for having the spring break.

552

00:58:54.659 --> 00:58:59.130

For students traveling, and then returning the campus, I think we should not schedule spring break.

553

00:58:59.130 --> 00:59:04.829

Snow sick canceling the travelling less bread.

554

00:59:04.829 --> 00:59:12.989

Sorry, I might try pronounce your last name. I apologize. I basically they're saying I agree. I agree.

555

00:59:12.989 --> 00:59:19.769

Agree to sentiment 1 1 concession might be to follow state guidelines for travel.

556

00:59:19.769 --> 00:59:23.429

Ask you to add your those.

557

00:59:26.699 --> 00:59:31.650

Um, like.

558

00:59:31.650 --> 00:59:36.269

So, how about here on the floor, anybody.

559

00:59:36.269 --> 00:59:44.820

Are we going to give longer break in December January? We can cancel the spring break then.

560

00:59:44.820 --> 00:59:48.150

That's from.

561

00:59:48.150 --> 00:59:53.099

Yeah.

562

00:59:53.099 --> 00:59:59.250

I'm more exactly from the master training program and I've actually.

563

00:59:59.250 --> 01:00:12.269

Had this conversation with a few people now, and they all had different questions. So if someone wondered what we would see after cooperate, because of the days off, and they wonder if we see a spike.

564

01:00:12.269 --> 01:00:15.539

Because people would be traveling and they wonder.

565

01:00:15.539 --> 01:00:21.690

If we saw after fall break, see what happens because that could potentially that effect.

566

01:00:21.690 --> 01:00:25.739

Right I thought that was a good speculation.

567

01:00:25.739 --> 01:00:34.409

They also have the same questions on what happen over Christmas break. Would we be putting foreign teams in? Because they were afraid.

568

01:00:34.409 --> 01:00:39.239

People will be going over Christmas break. What would happen then the kids campus.

569

01:00:39.239 --> 01:00:42.239

So, we're really looking at that as well.

570

01:00:42.239 --> 01:00:49.409

So of all of the faculty, and I spoke to because they heard from.

571

01:00:49.409 --> 01:00:56.099

The student government, it's kind of split because they're worried about medical professionals. So they're worried about their health.

572

01:00:56.099 --> 01:01:00.179

They're worried about passing on with their patients, but.

573

01:01:00.179 --> 01:01:05.190

They also want the mental break as well so they talk to their other.

574

01:01:05.190 --> 01:01:14.550

Friends and other campuses, and they're talking about other campus, the fact about periodic. Right? So, I guess that's where I'm throwing out there is.

575

01:01:14.550 --> 01:01:21.389

I know we don't have to make decisions right away, but maybe look and see what's happening with.

576

01:01:21.389 --> 01:01:26.070

Hopefully are very smart and healthy and safe.

577

01:01:29.724 --> 01:01:43.914

I want to introduce Dr, how executive I kind of have that.

578

01:01:44.190 --> 01:01:53.010

It's a brief, but I'm hoping I can do the stigma around.

579

01:01:53.010 --> 01:02:03.809

I think that timers to access and to encourage tower because of not long.

580

01:02:03.809 --> 01:02:16.440

And so I guess we'd also repeat statements regarding Springs and I said, I'm sure.

581

01:02:16.440 --> 01:02:23.670

Not a problem a whole series less I think.

582

01:02:23.670 --> 01:02:36.989

That they mentioned something that they go in a restricted. So with that additional extra model, we did.

583

01:02:36.989 --> 01:02:40.800

Um, but how did that.

584

01:02:40.800 --> 01:02:41.280

Well.
