

BOOK CAMPAIGN OPENS MONDAY

Story on Page 2

S-C OK'S Junior Prom

Story on Page 3

Coed Named 1953 Pan-Hel Sweetheart

Miss Janie Olsavsky, a sophomore English and speech major, was selected from a group of five coeds by WFMJ disk jockeys to reign as Pan-Hellenic Queen.

Janie has been a cheerleader for two years and is a member of Phi Mu sorority. She will be crowned by last year's Queen Fran Restelli at the Sweetheart Dance to be held at Stambaugh Auditorium Saturday, Feb. 28.

Judging of the candidates was held at Station WFMJ on the "1390 Club" with disk jockeys Ted Connor, John Fritz and Joe Perry making the final decision.—Story on Page 2.

Bring Hero Home

Funeral services were held in Struthers Feb. 16 for Byron Pittman, former Youngstown College grid star, who was killed in Korea last November.—Story on Page 7.

Dana Opera Now Playing in Auditorium

The comic opera "The Chocolate Soldier", which opened in the C. J. Strouss Auditorium Thursday, was well received and will have its second and final performance tonight at 8:30. Tickets are still available at the Dana School of Music.

Written by Oscar Strauss and based on George Bernard Shaw's satirical comedy, "Arms and the Man", the opera closely follows the original story with a combination of tuneful music, colorful costumes and amusing comedy.

The casting of the production was double for the two night performances. Tonight's cast includes Rosalie Baksa, Sondra Borger, Jean White, Kelly Brandmiller, Ray Perkins, Joseph Armeni, Jermoe Toti, Sam Drake and Evelyn Booth.

Musical sequences are under the direction of Dr. Henry V. Stearns of the Dana School of Music. Professor Will Foley is in charge of dramatics and Miss Babette Marks of the physical education faculty, is in charge of the dancing.

Library Friend Dies—John Tod, noted Youngstown industrialist and philanthropist, died Feb. 14. He was aged 82. Mr. Tod was one of the largest contributors to Youngstown College's million dollar library.—Story on Page 2.

Campus Groups Seeking Funds To Aid "Friends"

A fund drive to buy books for Yoco's new library will be launched Monday morning, college officials announce. Contributions will be solicited from class to class Monday and Tuesday, March 2 and 3, from 8 a.m. until noon and 6 to 9 p.m.

The drive will be conducted by Alpha Pi Epsilon and Alpha Phi Omega, campus service organizations. Members will wear special arm bands and will pass out red ribbons to all contributors.

Any contribution will be welcome, and the goal of the drive is "a book from everyone".

Death Closes Long Career Of John Tod

John Tod, noted Youngstown philanthropist, industrialist, and special friend of the Youngstown College Library, died after a long illness Feb. 14. His age was 82.

Mr. Tod, who was president emeritus of the Youngstown Hospital Association, was one of the largest contributors to the building fund of the new library, which opened Feb. 2. The seminar wing of the library, which opened last fall, has been named Tod Hall in his honor.

Mr. Tod became ill in 1944 while visiting in New York, and had been a semi-invalid since. He continued working, however, until February, 1952. In August, he suffered a coronary attack.

Had Wide Interests

Tod, who was the grandson of Ohio's Civil War Governor, was a member of numerous local business and civic organizations, including the Youngstown Sheet and Tube Co., Union National Bank, Republic Rubber Co., Community Corporation and Red Cross, as well as his hospital work.

In addition, he directed the numerous family interests in the area, taking his responsibilities seriously and feeling a deep obligation to Youngstown, where these interests were centered.

He was born in Youngstown on Nov. 29, 1870, and attended Brooks Military Academy in Cleveland and graduated from Cornell University. He had no children.

Sharon Steel Gives 6 More Scholarships

Sharon Steel Corporation will continue its plan of granting six scholarships to Youngstown and Westminster Colleges for daughters and sons of employees of its plants, Henry A. Roemer Jr., president, announces.

Three scholarships will be granted at Youngstown and three at the New Wilmington, Pa., college.

Applications may be made through the high schools and through the company up to the closing date, May 1. The scholarship plan was started in 1945.

They are awarded on the basis of students' academic records, personality, character and participation in extra-curricular activities.

Some are 5 Years

Up to \$2,300 is granted for each to pay for tuition, books, fees and supplies for four-year scholarships. Scholarships also are granted for five-year engineering courses. Sharon Steel offers the winners vacation and part-time employment during the four college years.

(Continued on Page 6)

The campaign is an auxiliary of the Friends of the Youngstown College Library drive, which is currently conducting its 15th annual campaign for the library fund. The 1953 goal is \$10,000.

President Howard W. Jones urges all students to support the campus campaign to show their interest and appreciation of the efforts of the Friends.

The Friends organization is made up of area business and civic leaders. It was organized in 1939. For several years it raised about \$5,000 annually, and of late the goal has been doubled. Membership is open to all who wish to join. The dues are \$2 or as much as anyone cares to give. Two Youngstown companies each give \$1,000 a year, as their officers know that Youngstown College, like all others, does not receive enough in tuition fees to pay its expenses.

(Continued on Page 5)

AEC Needs College Men

Seniors majoring in chemistry, physics or engineering are eligible for Atomic Energy Commission-sponsored graduate fellowships in radiological physics for the 1953-54 school year, officials of the Oak Ridge Institute of Nuclear Studies announce.

Radiological physics is a new and expanding field of science. It is concerned with health physics, radiation monitoring and control, radioisotope measurements and similar activities associated with the use of radioisotopes or the release of nuclear energy.

Up to 75 fellowships may be awarded, with fully-accredited graduate study to be carried out.

One program is operated by the University of Rochester and Brookhaven National Laboratory, another by the University of Washington and the Hanford Works of the AEC, and

(Continued on Page 8)

Disk Jockeys Meet Candidates

Smiling disk jockeys John Fritz (left) and Joe Perry don't seem to mind their job of judging the five lovely candidates for Pan-Hellenic Sweetheart. They are (l to r) Patty Guerrier, Mary Zervos, Norma Deramo, Janie Olsavsky and Marguerite Dempsey.

Janie Olsavsky Is Pan-Hel Queen

Janie Olsavsky will be crowned Pan-Hellenic Sweetheart at the 11th Annual Pan-Hellenic Sweetheart Dance Feb. 28 at Stambaugh Auditorium. Dancing will be from 9 to 1 to the music of Tommy Carlyn.

Tom Hoyt and Dean Hawk of Pi Beta Chi fraternity are co-chairmen of the semi-formal affair which is open to members of all Greek organizations belonging to Pan-Hellenic Council.

Janie, a sophomore English and speech major, has been a cheerleader for two years and is a member of Phi Mu sorority. She was chosen queen from a group of five candidates by three well-known WFMJ disk jockeys, Ted Connor, John Fritz and Joe Perry. She will be crowned during intermission by last year's queen Fran Restelli.

Included In Court

Her court will include Mary Zervos of Beta Sigma Omicron sorority, Patty Guerrier, Phi Lambda Delta sorority, and Norma Deramo and Marguerite Dempsey, both of Gamma Sigma sorority.

The dance will follow the traditional sweetheart theme and an award will be presented to the fraternity or sorority with the best decorated section in the auditorium. The presentation of an award for decorations is a new feature that is hoped to become traditional.

Danceable Band

The Carlyn orchestra is one of the best danceable bands in this area. His complement includes a vocalist, the "Take It Easy Trio" and a glee club. Carlyn's appearance will be his second at a Sweetheart Dance within the last three years.

(Continued on Page 6)

Students Must Sign Now For Draft Tests

All eligible students who intend to take the Selective Service College Qualification Test in 1953 should file applications at once for the April 23 administration. Selective Service National Headquarters advise.

An application and a bulletin of information may be obtained at any Selective Service local board. Following instructions in the bulletin the student should fill out his application immediately and mail it in the special envelope provided.

File Early

Applications must be postmarked no later than midnight, March 9, 1953. Early filing will be greatly to the student's advantage.

Results will be reported to the student's Selective Service local board of jurisdiction for use in considering his deferment as a student, according to Educational Testing Service, which prepares and administers the College Qualification Test.

YoCo's Dean Smith Is Versatile, Experienced

by Tom Dohar

An asset to any organization is a man whose mind bears an abundance of knowledge and experience. Take a measure of deep interest in others, add to it a keen sense of humor, stir in a great love for travel, flavor with a dash of wit and a hearty story, blend,

and come up with a man such as Dr. Joseph E. Smith, Dean of Youngstown College.

It is almost ironic that such an outstanding man should bear such a common name, yet that is typical of Dean Smith, for even from a simple boyhood to an important position at the college, Dean Smith has remained a simple man at heart.

Toured Europe

Born in Howard, Kansas, he was raised and partly educated in the Great Plains area. It was while he was attending the University of Nebraska, Lincoln, Nebraska, that he won a Rhodes Scholarship and went abroad to attend Oxford University, Hartford, England, from which he graduated in 1911, receiving his A.B. degree in Economics.

While under this scholarship, he had the chance to tour Europe. Unlike American colleges, Oxford followed the plan of six months' school, and six months' vacation. This vacation period was used to gather data for the school period.

Dean Joseph E. Smith

Even so, there was time to see the world abroad.

The only country he did not visit while on the European continent was Russia. His favorite country is Germany, probably due to the fact that he spent a greater amount of time there than in any other European country.

Returning to America in 1911, he instructed at Phillips University, Etid, Oklahoma, until 1912. He then returned to the University of Nebraska, where, in 1914, he received his Master's degree. Following this, he was a professor there until 1920.

Taught at Hiram

He proceeded from there to Hiram College, where he taught from 1920 to 1937. During that time, he was, for awhile, mayor of the city of Hiram. Also during that period, he attended Wallas College, London, England, where he received his Ph. D. degree.

In 1921, he began teaching part time at Youngstown College and was one of the first part-time teachers in the liberal arts college. In 1937, he became a full time teacher, and was named head of the social science department. Two years later, he was named Dean of Men of the college.

As for travel, in 1936, he traveled

(Continued on Page 6)

Greek Council Stirs Campus Interest

by Bud Ross

Perhaps overshadowed by the friendly and constructive rivalries which have long existed among the Greek Letter social organizations on campus, are those social and scholastic interests which they have in common.

The council was chartered by Student Council in November, 1930, when the need was felt for a more consolidated Greek representation in student affairs. It now meets monthly and is composed of two representatives from each of Youngstown's fraternal groups.

The Pan-Hellenic Council of Youngstown College stands as a beacon to radiate this common fraternal interest throughout the school.

Pan-Hellenic Council governs rushing, stages a number of parties

(Continued on Page 3)

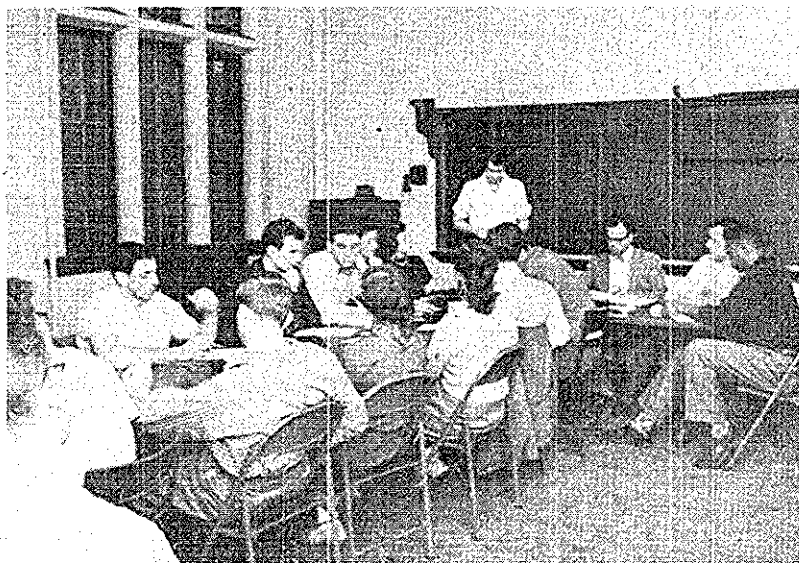

As newly elected president of Pan-Hellenic Council, Tom Hoyt (seated) conducts the group in its monthly session. Dr. Hubert Howard, advisor, looks on. The council is composed of representatives of all the active Greek organizations on campus.

Council Is Short on Funds; Refuse to Make Dance Cuts

Lack of funds caused by falling enrollment has made the spring semester Student Council budget the tightest in years, but Council struggled hard at its Friday meeting to pass an acceptable budget and still keep the Junior Prom.

Early estimates made it likely that the annual prom would have to be cut from the activity schedule, since only \$9,359.92 is now available for the current budget, a sharp drop from preceding years.

Fran Adams (standing), YoCo's first "Madam President" presides over the weekly session of Student Council.

YoCo Alumni Plan Dinner

Alumni of Youngstown College will attend a dinner and get-together Saturday, March 7, at 6:45 p.m. at Calvin Center, 749 Mahoning Ave.

Letters are in the mail this week-end inviting the 3,700 graduates of the college to meet for a reunion with former teachers and old classmates.

Adams is Speaker

Norman W. Adams of Warren will speak. He is considered an authority on the Western Reserve.

Reservations may be made by calling Betty Brown Goddard at 98790, Freda Flint, 44437, or Nancy Kubina, 98676. The committee has asked that reservations be placed by March second.

Alumni may bring any guests they wish to invite. Dress for the affair is informal.

THIS MEANS YOU!

Beginning March 2, Student Council will enforce the rule concerning card playing in the cafeteria from 11 a.m. to 1 p.m. Offenders will be brought before the Student-Faculty Discipline Committee, where disciplinary action will be taken. This action is necessitated by lack of cafeteria space during noon hours.

Seniors to Hold Special Meeting

Fran McHugh, senior class president, announces that there will be a senior class meeting Monday, March 2 at 11 a.m. in the auditorium. Those who have 11:00 classes have permission of the Dean's office to ask to be excused.

Discussion will concern the senior gift and banquet and arrangements for the assessment of both. The meeting is very important and all are urged to attend.

However, hard work by Council's financial committee scraped up enough money from various sources to allow the prom \$979.92.

Although the budget was passed without dissent by council, it must still be approved by the Student-Faculty Finance Committee, which has the final word on all Council financial matters. Biggest difficulty in passage is expected to be the fact that the prom money was raised partly at the expense of other funds, and also that the whole budget set-up is counting on the finance committee to waive the usual 10 per cent allotted to minor varsity sports.

However, Council decided to stand on its recommendations, feeling that the student body was overwhelmingly in favor of keeping the prom.

Set Up Fund

In other business Friday, Council decided to set up a Student Union Fund. First contribution came from former council member Frank O'Connor, who gave \$1. Council Vice-president Nick Leonelli gave the fund a big boost with a \$10 contribution.

The Campus Chest fund will also be turned over to the Student Union, if the recommendation is approved by the Student-Faculty committee.

Council also voted to make it necessary for dance chairmen to fill out applications, and to investigate the possibilities of turning the smoking room of the new library into a recreation room.

Pershing Rifles Squad Visits Brookfield Base

Meeting military personnel and understanding the value of radar stations throughout the country were the highpoints of the Pershing Rifle's visit to the new Radar Station in Brookfield, Feb. 13.

Phi Gams Sponsor Contest

There's nothing to it. Pat Oggy (right) and Fran McHugh, last year's most popular boy, show how easy it will be for students to cast their votes for Mr. and Miss Popularity of '53. Sponsored by Phi Gamma fraternity three of their members take charge, (standing) Jack Walters, (seated l to r) Ray Schindell and Tom Dundon.

Phi Gams to Hold Popularity Dance

Phi Gamma fraternity will present its annual Popularity Dance at the Nu-Elms Ballroom Saturday, March 7 with dancing from 9 to 1 to the music of Paul Kuhns and his orchestra.

Kuhns is making his second appearance at Yoco for the school year as he was also on hand for Homecoming festivities.

Prior to the dance the student body will be given the traditional opportunity to choose Mr. and Miss Yoco of '53, or the most popular boy and girl on campus.

All May Vote

The preliminaries will be held March 5 and 6 when all students may cast their votes, the girls voting for a fellow and the fellows voting for a girl. Last year's favorites were Nancie O'Connor and Fran McHugh.

Tickets are \$2.00 per couple and may be purchased from any Phi Gam or at the door.

Other semester activities being planned are a smoker, a rifle match, Feb. 28 and a trip to Vienna Air Base late in March.

Should Raise College Draft, Hershey Says

Draft deferments for college students should definitely be tightened, says Gen. Louis B. Hershey, director of selective service, in a radio interview recently.

Hershey says that the armed forces are having difficulty in getting men enough to keep their strength at 3,600,000, and added that "the time will come when we're going to be very short of man power."

"That always means you have to look somewhere else," he said. "It happens that the fathers and students and a few other groups constitute the only ones that are now deferred. Therefore, if you're going to search somewhere else, you haven't much of any other place to search."

Might Draft Women

Hershey also says that even women would be drafted, in case of a national emergency, but in the present situation, he says, he doesn't think any women will be conscripted.

Local draft boards reported that they had no orders to crack down on college students, but quotas remained high. March induction call will be 2,031 for Ohio, including 97 from Mahoning county.

Pan-Hel Council Governs Rushing

Full-time students who have attended Youngstown College for one semester and meet the grade requirements as specified on page 69 of the catalogue are eligible for rushing. This rule does not apply to those who previously have been initiated and are members of fraternities and sororities.

General regulations governing rushing are as follows: rushing season shall begin on Monday of the fifth week of each semester and end on Sunday night of the ninth week, Sunday being designated as the first day of the week.

Rush parties shall be limited to (Continued on Page 5)

Spanish Club Will Bring

An artist's conception of the fabulous Don Quixote backed up by his man Friday, Sancho Panza. Drawing by Mr. Roy Mills.

"Don Quixote" March 12

by Jim McFadden

"Don Quixote", an outstanding Spanish motion picture, will be shown at Youngstown College on Thursday, March 12, at 8:30 p.m., Spanish Club officials announce.

The movie, based on the great Spanish novel written by Miguel Cervantes, will be shown in the audio-visual room of the new library.

The Spanish Club is sponsoring the showing in an effort to test student support of a proposed program to bring a series of foreign art movies to the college each semester. Admission will be 60 cents.

Future Offerings

If the first venture is successful, future offerings will include French, Italian and other art movies as well as Spanish titles.

If student backing makes the idea a success, the program would make it possible for interested students to see many of the world's best movies that would not be available otherwise in this area.

This writer was privileged to see "Don Quixote" in New York City several years ago. In spite of the fact that it was being shown in a very small, dingy and dirty all-Spanish language theater at Broadway and 60th Sts., the movie was

actually a shock, it was so good. While the English titles are sufficiently explanatory, they are hardly necessary, since the actors leave nothing to be desired. It is a well-rounded movie that achieves what Hollywood rarely attempts, an artistic masterpiece which is worthy of the masterpiece that inspired it.

We would like to urge all students who can possibly attend, or bring someone else to attend, to do so, not only to enjoy a great movie, but to make it possible to have more of the same.

Mr. John Tod

With the passing of John Tod, noted Youngstown industrialist and philanthropist, the college, the city, and even the nation loses more than a good man. Mr. Tod was one of the few remaining members of a type of American that is all but extinct.

A member of a distinguished and honorable family, one of the oldest in Youngstown, Mr. Tod retained throughout his life an intense interest in this community. Beside his business activities, most of his great energy was devoted to the Youngstown hospitals. A notable exception, however, and for us a very fortunate one, was his interest in Youngstown College.

His interest in the college stemmed from his general interest in youth and his special interest in education. It made him one of the biggest contributors to our new library.

In his honor, the seminar wing of the building will be called Tod Hall. However, both his contribution to us and the honor due him should not stop with the above mentioned items. We noted earlier that he was a representative of a dying tradition, one that was, not too long ago, considered typically American. Now, for men like him, there are no replacements. What they stood for, both good and bad, is dying.

There is no doubt that this is a tragedy, since so much of that tradition was good and worth keeping. But the saddest part is that there are so many among us who cheer the passing. At a time when our whole civilization has lost sight of the very words dignity and honor, much less their meaning, perhaps Mr. Tod's memory could remind us of the values we must regain if we are to survive.

Behind the Books

The Friends of Youngstown College Library have begun their 1953 drive, the fifteenth in a series that has had much to do with the fact that our fine library ever got on the campus at all. However, since the annual drive ends here, with the proceeds coming to us, it would only be fitting that it should start here. The least it should have is our strongest support.

That is why campus organizations are putting on a drive designed to enroll as many students as possible in the Friends organization, as well as to encourage contributions during the present campaign.

If we, as a student body, never had any pressing reason to give before, we certainly do now. For years we have waited for our promised and expected library facilities. Now they are here, and, as far as we can see, everyone is both pleased and proud of the results.

But the fact that the job isn't finished yet is as plain as the building itself. Just look at the half-empty book racks. What we need, what we need badly and what we need before we can get the full benefits from what we already have, is more books. This year, the Friends drive is strictly for books. Nothing else. The amount of money raised will, therefore, have a direct bearing on how well-equipped we will be to meet our class needs. Every book we give will be one we can use, not sometime in the future, but right now.

Again, and Again, and Again

While we are on the subject of library books, and at the price of repeating ourselves, may we again remind students that they are to read and not to rip, tear, mark or otherwise mutilate them. The newer they are, the more reason to take care of them, and the older they are, the more right they have to be cared for gently. In other words, use them only for what they were intended. This does not include making them scratch pads, blotters, gum-wrapper containers, or pencil cases. And, as far as we are concerned, there is nothing worse or more exasperating than to find in the middle of an assignment that the title or summary page has been lifted to save some enterprising student the bother of copying it.

Therefore, we would like to suggest that students using the books merely give them the same treatment that they would their own. After they pretty much are our own - we are the only ones getting any benefit from them, and any that are destroyed will be that many less for us, the students, to use.

Photopinions

by Evy Nannicola

Question: What do you like best about the new library?

Lou Ann Stone - Fr.

Some of the things that I like about the new library are: the comfortable upholstered chairs, the bright lights, the atmosphere of newness and the quiet which aids deep studying.

Also the library being so modern helps you to feel that Yoco is too.

Chester Eckman - Sr.

The new library is an attractive addition to the college. The many modern conveniences are very nice while the coloring of the walls is very easy on the eyes as well as being attractive. The sound proof ceiling and the walls along with the added discipline allows for quiet study facilities of which we have not had the equal to. Also, the lounge seems to be very much enjoyed by the students that like to smoke and relax along with their studying.

Lillian Blicka - Jr.

The new library, I believe is just about the best thing that could happen to old Yoco. It's just what we need as an ideal place to study and will help to put Yoco on the map as far as ranking with other colleges is concerned. Every student should feel honored that he has had the opportunity to use such a spacious building.

Dick Sweet - Fr.

The new library of Youngstown College has filled a long felt need. Besides being an outstandingly beautiful building it provides an ideal study place which I feel is the best feature. By merely entering the door you pass into an entirely different atmosphere as compared to the rest of the college buildings.

Donna McCullough - Soph.

I like the individual study carrels best in the new library because they give a person a chance to study without outside distractions. The big east reading room with its big windows and comfortable chairs makes a very pleasant study room. The biggest difference, I think, between the old and new libraries is that there is now plenty of room for everyone. The new library has been long needed.

John Knable - Fr.

I think that the audio-visual room is one of the nicest attractions of the new library. It's modern in every way and something that is needed by the college. Also the study area is much better than what we've had. Now if you want to study you really can.

Letters To The Editor

SEAL OF APPROVAL

That picture page in the last issue was really an eye-catcher. I approve very highly and would like to see you make it a permanent addition.
N.D.

WEAKER SEX?

Woman editors! Woman president! What's this school coming to with all the girls taking over the executive positions? It's time for the fellows around here to stand up for their rights, while they still can.
MAIMED MALE

TREAT OR TREATMENT?

Boy, what a shock that was when I turned to that picture page in the last issue. I never expected to find anything like that in our college paper. One thing women editors have brought to this campus is a surprise with every issue.
FAITHFUL FAN
(Ed. note - That's nothing compared to all the surprises we've had, but you leave us in suspense, do you approve or are you still in shock?)

NO EXCUSE

It seems too bad that the chaplains have to go to all the extra work of putting on two services a week when one should be sufficient. Sure there are students who have classes and have to work at that time on Wednesday, but there are also plenty of others who have no legitimate excuse for not being there.
JACK

HANDLE WITH CARE

I certainly agree with your editorial plea that the students respect the furnishings in the new library. They certainly wouldn't enter anyone's home and treat things that way, at least I hope not. Let's hope that now the new section is open that they don't take it out on the books.
F.M.

TO EACH HIS OWN

I didn't like your picture page in the last issue at all. If I want to look at pictures I'll buy a comic book. How about putting in the columns like With the Greeks, etc., and stop trying your fantastic ideas.
RABID READER

SNAPPY'S HAPPY

I almost burst my lens after reading "Snappy Shot" in the last issue - to think that someone finally looked at my "pics".

Seriously, though, there is a tremendous amount of effort that goes into every issue of the JAMBAR, much of it not being nearly as glamorous as the photography. The ones that do this work are the ones who deserve, but never get, the credit and thanks.
BILL NEWELL

SHO - NUFF

Glad to see that you editors are "Bob and Ray" fans. Didn't know you were working for them though. (How else could they get all that free publicity?)
B. AND R. FAN

(Ed. note - yes sir, there's not many like 'em - but we like 'em.)

A GOOD FRONT

Your last issue was pretty good, with good pictures, but why don't you have more like the Vaughn Monroe issue with pictures on the front page? It makes for a much more interesting paper, and is probably better read.
ED

ANYWAY IT'S WET

Water, water everywhere and nary a drop to drink. No this isn't poetry but a description of the water (?) at Youngstown College. Being a hardened water drinker from way back I have tried mineral spring, wells and faucet water, but none such as Yoco water. Please do something about this situation.
THIRSTY

(Ed. note - sorry we have no influence over the City Water Dept.)

IT TAKES BLOOD!

Congratulations on the good showing made by YoCo students when the Bloodmobile came on campus, they may not turn out for anything else but I guess they did realize the importance of giving blood.
BETTY

PARKING PERMITS

Permits for the student parking lot will be available until March 6. They are being issued by the Student Council Discipline Committee and may be secured at the information desk in the Main Office. There is a penalty for not obtaining a permit. Donations will be accepted to cover costs.

With the Greeks . . .

by Joe Danbery

Congratulations to our lovely Pan-Hellenic Queen (whomever she is) and all her attendants.

The Sig Sigs rocked the VFW Feb. 21 when they held a stag party for the Sig Sig Alumni. The boys were glad to find out that former prexy Paul "Dentine" Delie finally made good, along with his inseparable buddy John Hudzic. Keep it up boys - we'll be waiting for the money!

Hey Jiggs, where the hecks the dies. We'll get it huh, Andy ---- Yeeeahhh! Anyway the boys had a swell time, mmm those crazy movies. Kato really went nutz with Hank Lutz.

Gamma Sigma had a recent joint social with the Phi Gams, a box luncheon no less, the proceeds of which were donated to the Polio Drive. Several Phi Gams were also relieved of their cigarette money in a post party "poker" game. Proceeds were not donated to charity but to Gamma Sigma who held five (5 count em) aces.

Hold Popularity Dance

Plans for the Phi Gam annual Popularity Dance, which will be held March 7 at the Nu-Elms, are shaping up nicely. Music for dancing will be supplied by Paul "Dentine" Kuhns and his orchestra. Yoco's choice for Mr. and Miss Popularity will be announced at intermission. Buy tickets from any Phi Gam - if you know one. Whatta Cliche.

Phi Mu held a party with their brothers the Phi Sigs at Schusters in Masury. This affair was presented by the initiates of both groups. The Phi Mus are also sponsoring a raffle with their local alumnae. The drawing will take place March 6; the prizes are three; \$25, \$15 and \$10 gift certificates from Strouss' good for any department. Not only one chance but three (3 count em.)

As you noticed in the Vindy the Sig Sigs finally let go the old \$100 scholarship. It was almost legendary. The fraternity is really expected to move now that Eddie Collins has become the new social chairman.

Friends Campaign

(Continued from Page 2)

At a recent meeting, the following officers were re-elected:

William F. Maag, Jr., president; Mrs. J.C. Argetsinger, first vice president; William Hitchcock Jr., second vice president; Mrs. Oscar F. Gayton, secretary, and Carl W. Ullman, treasurer.

Members of the executive committee: J. Cameron Argetsinger, Perry Beatty, John M. Clingan, H.E. Englebaugh, Mrs. Gayton, Roy L. Leventry, Dr. John McCann, William B. Pollock II, William H. Ramage.

Kenneth C. Schafer, Philip H. Schaff, Mrs. Walter Schaff, L.A. Stewart, Clarence J. Strouss Jr., Charles G. Watson, Mrs. James L. Wick Jr.

James L. Wick Jr., chairman of the board of governors of Youngstown College; Mrs. Lynn Nutt, president of Youngstown Chapter AAUW; James W. Price, librarian of Youngstown College, and Howard W. Jones, president of Youngstown College.

Says New Gum Can Stop Children's Tooth Decay

A chewing gum designed to reduce tooth decay, particularly in small children, has been patented by Frederick G. Merkel and Laszlo Reiner of New Jersey.

The gum contains tiny amounts of fluorine, a chemical that combines with chemicals in the teeth to make them resistant to decay. It works best on children about four years old whose teeth are still forming and hardening.

Grads Can Enroll In Marine School

WASHINGTON, D.C. - The Marine Corp's first 1953 Officer Candidate Course will begin March 12, Marine Corps Headquarters has announced.

The announcement said young college graduates who successfully complete the 10 week course will be commissioned as Second Lieutenants in the Marine Corps Reserve, at the Marine Corps Schools, Quantico, Virginia. Applications must be submitted by February 20.

College graduates and seniors scheduled to graduate by March 1 are eligible for enrollment in this course. Upon successful completion of the ten weeks training, the new second lieutenants will attend the five months Special Basic Course which is required of all newly-commissioned Marine Officers. They are then given their first land, sea, or air assignment.

The Washington announcement said that this officer training program is open to both married and single men. It advised interested men to contact the nearest Marine Corps Recruiting, Reserve or Officer Procurement activity for an interview.

By the time you get to know how to read a girl like a book it's too late to start a library.

With the ENGINEERS . . .

by Jim Ellsworth

New officers for Mu Pi Epsilon, the honorary engineering fraternity were elected recently. They are Robert Pintar, president; Frank Jagatich, vice president; Frank Deronja, secretary; and Robert Potter, treasurer. The officers are busy planning a membership drive and also a banquet.

The big news around here is the OSPE Diamond Jubilee Convention to be held in Columbus on March 5, 6, and 7. It is still not too late to make reservations for the convention. There are about 25 members signed up for students' day, March 7, but we should double that number. So if you haven't made plans to attend - do so now! You can make reservations by getting in contact with any OSPE officer or delegate.

The engineering school is mourning the loss of four math instructors, who have transferred their offices and classes to South Hall recently. We are already beginning to miss the smiling face of Miss Welsh, the bow ties of Mr. Yozwiak, the mathematical look on Dr. Gosselin's face, and Mr. Malak's helpful hand on any math problems.

Familiar Face

Most of you fellows call him Harry but his full name is Mr. Harry Millard. I am talking about the fellow you see either fixing a leak in

some pipe line, helping some senior find material for his thesis, or maybe he is just cleaning up but you have all seen him at some time or another.

Harry has been in the engineering school since 1945 and before that he spent 28 years in the Navy. He was in and out of the Navy seven times and has participated in four wars. Harry has been instrumental in setting practically all the equipment in the labs. He has just completed building a hydraulic press the parts of which were donated by Commercial Shearing. Harry is married and has four children and seven grandchildren.

VARIETY SHOW

Auditions are now open for a variety show to be produced in mid-April for a three night run. Any vaudeville type act will be considered. Faculty members are especially invited to enter. Those interested may contact Professor Will Foley.

A Southern belle once said to me, "I'd like to tell you - all that I smoke Luckies 'cause they're free and easy on the draw!"

Richard H. Levine
University of Vermont

Nothing-no, nothing-beats better taste

and **LUCKIES**
TASTE BETTER!
Cleaner, Fresher, Smoother!

Ask yourself this question: Why do I smoke?

You know, yourself, you smoke for enjoyment. And you get enjoyment only from the taste of a cigarette.

Luckies taste better - cleaner, fresher, smoother! Why? Luckies are made better to taste better. And, what's more, Luckies are made of fine tobacco. L.S./M.F.T. - Lucky Strike Means Fine Tobacco.

So, for the thing you want most in a cigarette... for better taste - for the cleaner, fresher, smoother taste of Lucky Strike...

Be Happy - **GO LUCKY!**

In spelling class we get high grades
Because we plainly see
That better-tasting cigarettes
Spell L.S./M.F.T.

Margaret Johnson
Duquesne University

I went to see the Registrar -
He sent me to the Dean.
The Dean said, "Son, smoke Lucky Strike -
They're Smooth! They're Fresh! They're Clean!"

William A. Spiegler
Northwestern University

Where's your jingle?

It's easier than you think to make \$25 by writing a Lucky Strike jingle like those you see in this ad. Yes, we need jingles - and we pay \$25 for every one we use! So send as many as you like to: Happy-Go-Lucky, P. O. Box 67, New York 46, N. Y.

YoCo Coed Loses Ohio Queen Fight

Miss Martha Zimmerman, Yoco coed, lost her battle to be named "Co-Queen" of the Ohio Sesqui-centennial celebrations. The Salem girl lost the original honor when a judges' mistake gave the title to another girl.

Attempts were made by Youngstown state representatives to have Martha share equally in the celebrations with the official queen, Miss Janet Bailey, of Akron, however, the state legislature voted to have only one queen.

Miss Zimmerman has been invited to take part in all the celebrations, and has already taken part in opening of the Ohio River Museum. She will receive none of the many prizes awarded to the official queen, however.

Martha is a freshman at the college school of business.

Martha Zimmerman

Show Industrial Exposition At Stambaugh Auditorium

Unique in the nation, the 1953 Industrial Exposition will bring into dramatic review 150 years of industrial progress in the Mahoning and Shenango Valleys and will combine, for the 10-day period, March 10 through 20, the billion-dollar business of basic industries and services.

Sponsored by the Industrial Information Institute and the Junior Chambers of Commerce of Girard, Hubbard, Niles, Salem, Shenango Valley, Warren and Youngstown, the exposition will be held at Stambaugh Auditorium.

Present Exhibits

The combined exhibits of more than 76 members of the institute will be presented on seven sectional stages in the lower exhibition hall, and will range from the crude potter's wheel, which is still used to turn clay into useful household articles, to the advanced research developments in petroleum and steel.

Planned at the request of the schools advisory committee of the institute and its vocational guidance committee to acquaint high school students with the 12,000 or more different types of jobs required in industry, commerce and business, the exposition is expected to draw statewide and national attention.

Sharon Steel Gives 6 More Scholarships

They are available to sons and daughters of employees of the Roemer Works at Farrell, Lowellville Works, the main office at Sharon, Niles Rolling Mill Division at Niles, Brainard Steel Division at Warren, Fairmont, W. Va., Coke Works, the two Sharonsteel Products Divisions, Detroit Tube and Steel Division, Joanne Coal Co., at Fairmont, W. Va., Carpentertown Coal and Coke Co., at Carpentertown, Pa., and Steel Trucking, Inc., of Sharon.

Navy Seeking Women As Reserve Officers

The Fourth Naval District Director of Training, Captain C.E. Harrison, USN, announces that women undergraduate college students may apply for a program of summer training with the Navy that will lead to an officer's commission in the Naval Reserve. Applications will be considered from physically qualified freshman, sophomore and junior students in good scholastic standing at accredited colleges.

Take Admission Tests, Medical Students Urged

Princeton, N.J. - Candidates for admission to medical school in the fall of 1954 are advised to take the Medical College Admission Test in May, announces the Educational Testing Service, which prepares and administers the test for the Association of American Medical Colleges.

These tests, required of applicants by almost every medical college throughout the country, will be given twice during the current calendar year. Candidates taking the May test, however, will be able to furnish scores to institutions in early fall, when many medical colleges begin the selection of their next entering class.

Early Test Better

Candidates may take the MCAT on Saturday, May 9, 1953, or on Monday, November 2, 1953, at administrations to be held at more than 300 local centers in all parts of the country. The Association of American Medical Colleges recommends that candidates for admission to classes starting in the fall of 1954 take the May test.

The MCAT consists of tests of general scholastic ability, a test on understanding of modern society, and an achievement test in science. According to ETS, no special preparation other than a review of science subjects is necessary. All questions are of the objective type.

Application forms and a Bulletin of Information, which gives details of registration and administration, as well as sample questions, are available from pre-medical advisers or directly from Educational Testing Service, Box 592, Princeton, N.J. Completed applications must reach the ETS office by April 25 and October 19, respectively, for the May 9 and November 2 administrations.

Pan-Hel Queen

through England for research work in educational education, and in 1937, he visited Hawaii.

Always Active

A member of the American Association of University Professors, and the American Economic Association, he was also Vice President of the Ohio Academy of Social Science. In 1937, he served on the Advisory Committee for Social Security Legislation of the Ohio College Association, and was research consultant to the House Committee of the Library of Congress in 1933, planning the proposed Department of Economics, the Library of Congress.

Among his various activities, he has had published "Trends in British Industrial Education" by the British Labor Press, in 1930.

These are my grandmother's ashes. Oh, so the poor old soul has passed on? No, she's just too darn lazy to look for an ash tray.

Students Can Obtain Fellowship Information

A brochure listing nearly 300 fellowship opportunities for American students to study abroad during the 1953-54 academic year has been issued by the Institute of International Education, 1 East 67th Street, New York City.

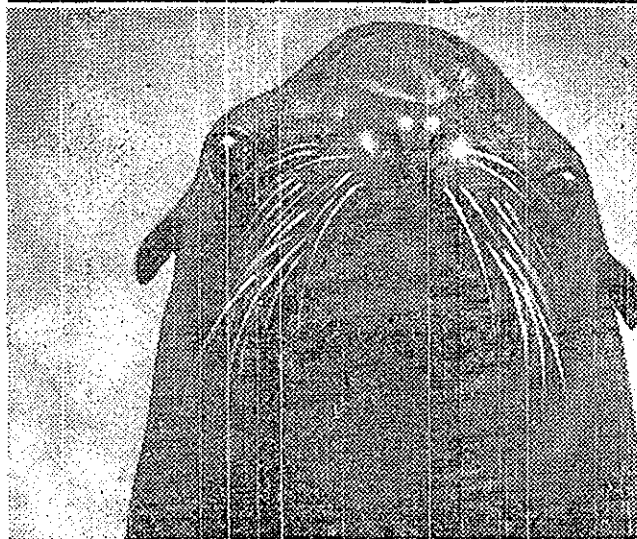

The awards, which are largely for graduate study, are offered to American students by private organizations and by foreign governments and universities. Most of the awards are for study in European and Latin American universities. Grants are also available, however, at the University of Ceylon and at the University of Teheran.

MAJORETTES

Anyone who is interested in trying out for Majorettes, please call 4165-7, tryouts will be held at a later date. Only full time students are eligible.

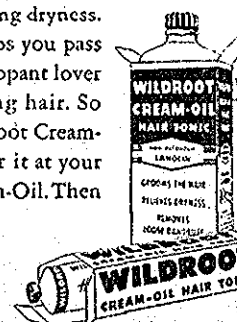

Don't you ever read anything but jokes?

J. Paul Sheedy* Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test

SHEEDY was all wet. All the flappers ducked when they spied him. The wave in his hair disappeared. Then he floated a loan of 29¢ for some Wildroot Cream-Oil, America's favorite hair tonic. Contains soothing Lanolin. Non-alcoholic. Relieves annoying dryness. Removes loose, ugly dandruff. Grooms the hair. Helps you pass the Finger-Nail Test. Now he's back on the ball, a flippant lover who flapper-gasts all the girls with his good looking hair. So waddle you waiting floe? Get in the swim with Wildroot Cream-Oil. Buy it at any toilet goods counter, and ask for it at your barber's. Remember, you mustache for Wildroot Cream-Oil. Then the girls will put their seal of approval on you.

* of 131 So. Harris Hill Rd., Williamsville, N. Y. Wildroot Company, Inc., Buffalo 11, N. Y.

it's a campus rage!

Anklet
Dog Collars
39¢

To wear over sox and be very sporty! Every campus in the country has approved this clever custom, and if you're a gal without a dog collar strapped around your ankle, you're strictly out of fashion! They're here in non-toxic plastic that won't fade against your sox . . . in red, black, brown or green.

Penguins Battle LaSalle In Season's Finale

Locals Seek Upset Over Nation's No. 3 Team

Mighty LaSalle the nation's third ranked team plays host to a determined Youngstown College five in Philadelphia tomorrow night, as the Penguins ring down the curtain on the '52-'53 season.

Area Gridders Boost Penguins' Football Hopes

Youngstown College football hopes received a welcome boost last week with the announcement that among the mid-year enrollees are five former local high school stars.

Slated to report in August to coach Dike Beede are Ray McKeown, All City end at East in 1947, Bob Beach, All City guard from South, John Gentile, All Steel Valley Conference back from Struthers, (1951), Ernie Costello another South alumnus, and Joe Bevilacqua East High, All City tackle in 1952. Bevilacqua who attended both West Virginia and Georgia last semester and Gentile who comes by way of Indiana will be in-eligible as transfers until 1954.

Others May Enroll

Having completed service with Uncle Sam, McKeown, Costello, and Beach will be striving to earn varsity jobs next year.

Rumor has it that several other ex-high school flashes may enroll for the fall term. Among them Tom Louis, East High linebacking stand-out in 1949.

A gloomy note was added to the picture however with the disclosure that Frank Marsteller defensive sensation is scholastically ineligible. Marsteller hopes to attend summer classes to regain his playing status.

Beede, Former Stars At Pittman Funeral

Coach Dike Beede and two former Yoco athletes, Bob Gibson and Harry Krahl, were pall bearers at the funeral of Byron Pittman, Feb. 16. Gibson was a former football star, while Krahl played on the basketball team.

Pittman, who starred on both football and basketball squads while at Yoco, was killed Nov. 14, 1952, when an airplane in which he was riding crashed into the side of a mountain in Korea.

Private Pittman was born June 30, 1929, in Youngstown, a son of William and Gertrude Culp Pittman. He was a graduate of Struthers High School and was a junior when he was drafted into the service.

TRYOUTS

Tryouts for cheerleaders will be held in the auditorium Tuesday, March 17. Anyone interested, please come at 4 p.m. Plans will also be made for a new Yoco Booster Club.

Bob's Record Shop

Latest Hits and Classical Records

Phone 7-8356 :: Parking Cor. Phelps and Lincoln in Lincoln Hotel

Entering the arena with a not too illustrious 8-13 record, Coach Dom Rollisell's passers hope to borrow a page from last years script when they defeated the Explorers 68-57.

LaSalle boasting a glossy (21-3) mark has already accepted a bid to defend its National Invitational Tourney Championship in New York next month, so an upset victory now would be quite a plume in the Penguins caps.

Should Youngstown cut loose the fancy shooting it exhibited against Baldwin-Wallace, and Muskingum recently, the explorers will be in for a rough evening.

Set Fast Pace

In the 96-86 loss Baldwin Wallace the Penguins hit on 40 percent of their shots - a new seasons high, and only the fact that the Bereans caged an amazing 50 percent of their own shots prevented an impressive local victory.

B.W.	MUSK.	GAMES*
	FGA	FG
Knott	45	20
Cleary	41	20
Poplava	38	19
Yuhas	21	6
Mayberry	19	2
Carney	12	3
Weyer	11	3
Cercone	0	0
Totals	187	73

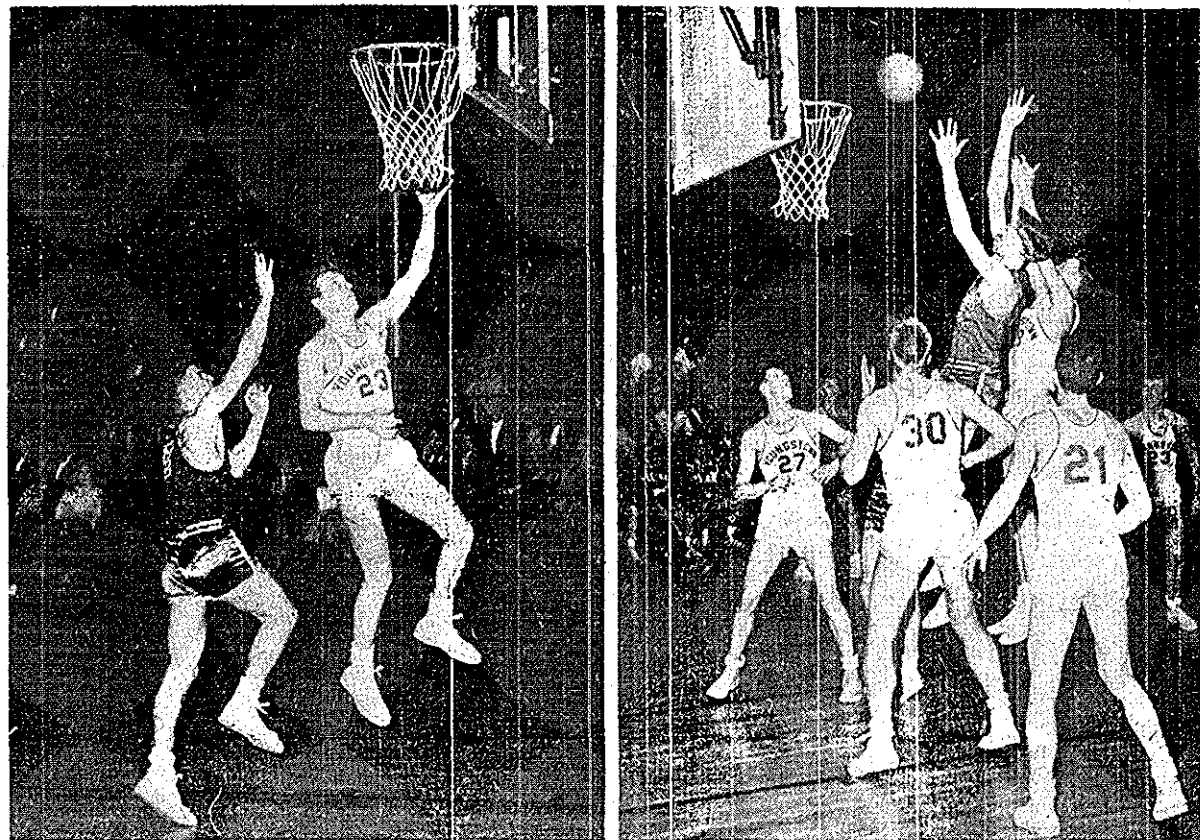

Continuing the dead-eyed marksmanship, Youngstown rebounded with a 91-87 win over the Muskies two nights later. The 91 points established the top offensive production of the year.

Westminster scored a hectic 92-86 double overtime triumph to inflict loss number 13.

Tony Knott, Ed Poplava, and Fred Cleary have carried the offensive burden of late. Poplava turned in dazzling exhibitions of long range shooting in all three contests to cement his position as a replacement for Jack Blaski.

The rebound work of Bud Mayberry, Bob Yuhas and Cleary has also sparkled. Mayberry picked 23 rebounds off the boards against

Fast Play Features Westminster Win Over YoCo

Action was fast and furious as Westminster defeated Youngstown 83-76 Feb. 26 at the field-house. Top left shows Penguin's Ed Poplava breaking loose on a fast break maneuver to cage a layup. (Top right) Westminster's Art Dugan gets off a jump shot as Bob Yuhas (29) goes high to block attempt. Others are Tony Knott (21) Fred Cleary (27) Don Weyer (30) and Poplava (23).

Goldston Rated No. 35 In Nation's Pro Ranks

Ralph Goldston, former Youngstown College ball carrying wizard, ranked 35th in individual rushing in the National Football League, official statistics revealed last week.

Performing as a rookie with the Philadelphia Eagles, Goldston carried the ball 65 times gaining 210 yards for a 3.2 yards per try. He registered three touchdowns, all coming against the Cleveland Browns.

Muskingum. The showing of Cleary has been especially gratifying. The former Niles star moved into a starting position when Dick Timmerman left the team to get married.

Knott has been the big gun of late, ripping in 49 markers in two games. His wide variety of shots has baffled the defense.

Newcomers Jack Carney, and Bob Cercone have turned in some impressive performances and are being counted heavily upon for next year.

Intramurals Open Tournament Play

Six teams will compete in a single elimination tournament next week to determine the 1953 Intramural Championship.

Representing the Chestnut division will be Kappa Sigs, FIO and the Newman Club who wound up in a triple deadlock for first place, and the second place Engineers.

ROTC and Varsity Hall, pace-setters in the Walnut division, represent that circuit.

Flashing brilliant form the Newman Club shattered the Kappa Sigs five game winning streak and created the three way tie in the final game of the regular league play.

Lynn Takes Honors

Kappa Sigs, FIO and Newman Club carry (5-1) records into tournament play while the Engineers enter with a (2-5) slate.

The ROTC boast of a (5-1) mark and last years champion Varsity Hall wound up with a (4-2) total.

League observers rate Kappa

Sigs and FIO as favorites to reach the finals and nominate ROTC and Newman Club as darkhorses.

FIO's Bob Lynn swept league scoring honors bagging 79 points. Walnut league's high scorer was Varsity Hall's Dick Franko who racked up 63 points.

Last years scoring leader Pat Connelly recently rejoined Varsity Hall giving them a potential one-two punch.
