

"Marriage Instruction" Topic For Newman Club

"Marriage Instruction" will again be the main feature of Sunday night's Newman Club meeting to be held at the C.A.C. at 7:45 p.m. Father Paul M. Petric has been giving these talks for the past two meetings. They consist of a frank discussion of problems that confront all college students.

This meeting will provide the last opportunity for Newman Club members to obtain their semester membership card. Without this card, the privilege of attending meetings and of participating in Newman Club functions will not be possible.

New Records Obtained

Music for the after-meeting dancing will be provided by a new set of phonograph records, obtained by Social-Chairmen Betsy McClurkin and Jack Hamley.

Plans will be made at the meeting to attend the Regional Convention in Kentucky on April 22, 23 and 24. On March 21, there will be skating at the Boardman Roller Rink at 8:30 p.m.

A bowling party will be held on Saturday, March 26 in the Marvondale Bowling Alleys at 9 p.m.

Catholic students are reminded to attend chapel services at St. Joseph's on Wednesdays at 12 noon. Stations of the Cross and Benediction will be said.

Students Take Part In Concert

Six students from Youngstown College took part in the 1955 concert of the Ohio Intercollegiate Band, performing in Cleveland on Sunday evening, March 6.

Youngstown musicians in the band are Ruth Caldwell, French horn; Norman Cassidy, trombone; Anita DeVivo, oboe; Robert Lurt, B flat soprano clarinet; Joseph Peterson, B flat tenor saxophone; and Virginia Stewart, baritone horn.

Western Reserve University was this year's host to the band, which includes 110 musicians from 25 colleges and universities in the Buckeye State. The March 6 concert, at Music Hall in downtown Cleveland, was a part of the convention program for the four-day meeting of the north central district of the Music Educators National Conference.

Guest conductor at the concert was Commander Charles Brendler, U.S.N., director of the famed U.S. Navy Band. Intercollegiate Band chairman this year is Arthur S. Best, director of bands at Western Reserve.

PETITIONS ARE READY

Prepared petitions are ready for applicants for the Co-Chairmanship of the Junior Prom. They are in the Dean's Office today. This is the last day to pick them up. They must be handed in to the Dean's Office by 12 noon on Wednesday, March 23.

ATTENTION ALL WOMEN RUSHEES

You are urged to attend a meeting to be held in the Conference Room (where Student Council meets) in the second floor of the college library on March 21 at 12 noon.

The procedure of preferential bidding will be explained. Pan-Hellenic Council Aurora Vona, President

Student Union Plan Rejected

Other Things Come First

There will be no temporary Student Union in the basement of the college library. That's the word from Student Council President Noreen Bennett. In an interview at last Friday's meeting, she explained the reason for this decision.

Because of the fact that petitions were passed around to obtain a sample of the students' feelings on the subject, Council saw fit to appoint a committee to discuss the plan with President of Youngstown College, Dr. Howard W. Jones.

Gives Reasons

President Jones explained to the committee that in order of importance, other things came first. He cited as examples a need for more engineering laboratories, and more classroom space for the physical education department.

More general classroom spaces are needed badly, he added. The administration is seeking to decide on and take action on those improvements that are needed most, the President said.

When the proper time comes, he went on, there will be a Student Union. At the present time there is no present space for one. The upstairs of the cafeteria is definitely needed for musical activities of the Dana School, it was learned from school officials.

The basement of the library will be used by the library next fall semester and this would, in itself, nullify the original proposal.

LIKE JAZZ?

Nu Sigma Rho will present their second annual "Jazz in Concert" at 8:30 p.m. on April 19 in the C.J. Strouss Memorial Auditorium.

Elected Prom Queen

Marcia Geiger, of Phi Lambda sorority, has been elected Junior Prom Queen. Attending her as members of the court will be Joan Pavlov, Gamma Sigma; Shirley Aey, Phi Mu and Elaine Ohl of Beta Sigma Omicron.

Phillips Named To Second Term Sig Eps Elect Officers.

Donald Phillips, a senior majoring in math, has been elected to his second term as president of the Ohio Mu Chapter of Sigma Phi Epsilon fraternity at Youngstown College.

Joe Santangelo has been elected as Vice-President. Other new officers are Secretary Jack Moore, Comptroller Lou Gossick, Historian George Miller and Guard Jay Troy.

John O'Connor and Fred Davis have been elected Senior and Junior Marshals, respectively.

Soc. Science Club Elects Officers

New officers were elected at the recent Social Science Club meeting Friday, March 4, 1955. The newly elected officers are: President, Ernest Graves, Vice President, Grace Jones; Secretary, Janet Knapp; Treasurer, Rudy Kaba, and Program Chairman, Julie Procopio. The newly elected officers will be installed at a banquet the first week in May.

The April meeting will be at the home of Barbara Griffiths. Topic for the evening will be a discussion on the club becoming an honorary fraternity. Guests other than Social Science majors are cordially invited.

O.S.P.E. Officers Elected

Newly elected officers of the Ohio Society of Professional Engineers at Youngstown College are shown above. (L to R) First row: Corresponding Secretary, Victor A. Richley; President, Sam Grist; Treasurer, Vince Yambrovich and Co-Membership Director, Richard Dolak. Second Row: The three OSPE Student Council representatives John Sedlak, Joe Hvizdak, and Hugh Stacey, Jr.

Not shown are Recording Secretary Neil Beard and Social Chairman Richard Jones.

Student Faculty Talks Are Offered For All

The next Student-Faculty Talk will be held on Tuesday, March 22. The talks are held on alternate Tuesdays in the Audio-Visual Room on the third floor of the library.

The purpose of these talks is to acquaint the students and the faculty with topics other than that of their major course of study.

Dr. Walter Mayer, head of the Youngstown College Psychology Department, will speak on intelligence testing.

Banquet Details Outlined

The plans for the Senior Banquet have been announced by Chairman Jean Santangelo. The banquet is to be held at the Dinnerbell Restaurant Saturday evening, April 30, at 6:15 p.m. A charge of \$3.00 per person will cover the cost of the dinner and anyone may bring guests at the same fee.

Guest speaker for the evening will be the mayor of Youngstown, the Honorable Frank X. Kryzan who will speak on the subject of interest to all. A new innovation this year will be dinner music provided by a group of musicians from the Dana School of Music.

All faculty members and staff of the college are invited to attend the dinner at the regular price. Reservations must be placed and paid for by April 15, at the cashiers window in the main building.

RIL Meeting Is Sunday

On March 20 the Religion in Life Fellowship will hold their regular meeting at First Christian Church at 8:00. Movies will be followed by refreshments, games and dancing.

The annual RIL banquet will be held at Trinity Methodist Church, March 26, at 6:30 p.m. Following the special speaker and program, there will be dancing. Tickets are available from RIL members, or may be obtained from Rev. Albert Linders' office, 2nd floor, Annex building.

Each Monday and Thursday noons, RIL members and friends carry their lunches to First Christian Church to eat, have discussions and read the Bible. A cordial invitation for these gatherings, which conclude at 1:00, is extended to interested students. Also, chapel is held each Wednesday, 12:00 till 12:20 at St. John's Church.

Dana Presents Recital March 23

The Youngstown Chapter of Composers, Authors and Artists of America will present their annual recital March 23 at 8:30 in the C.J. Strouss Memorial Auditorium.

Members of the chapter who will have original compositions performed are Dr. Henry V. Stearns, a choral composition; Mrs. Nellie G. Dehn-bostel, a composition for trumpet quartet and Dr. Walter Mayer, a tenor solo which will be sung by the composer.

Prof. James A. Tavorario, a clarinet solo performed by Dr. Mark Dolliver; Raymond Lally, a piano composition performed by himself; Lynne Reardon, a soprano solo and Robert Allshouse, a viola, clarinet and piano trio.

Professor Jon Naberezny, head of the Art Department, spoke at the last talk. Prof. Naberezny gave an interesting and informative talk on modern art.

Will Talk on Mayans

The talk succeeding that of Dr. Mayer will be on Tuesday, April 15. Professor Margarita Mills, Spanish teacher at YoCo, will talk on the Mayan culture.

The April 19 talk will be delivered by Dr. Vern Bullough. Dr. Eugene Soudder, head of the Chemistry Department, will speak on the development of atomic energy, on May 3. The final talk, by Mr. Donald Elser, will deal with the educational aspect of radio and television.

Dr. Charles Evans is Chairman of the Committee on Student-Faculty Talks.

"Figaro" Begins at 8

For those who couldn't attend last night's performance of Mozart's "Marriage of Figaro", there is still a chance to attend the final performance tonight, which will be held in the C.J. Strouss Memorial Auditorium.

The opera deals with Figaro, a valet, and Susanna, a chambermaid, who wish to marry. The plot develops when the Count Almaviva, who also has an interest in Susanna, suggests that Figaro marry Marcellina. After further complications, Figaro finally marries Susanna.

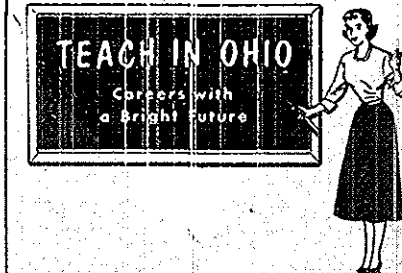

The role of Figaro is played by Ronald Hatch, and Jean White plays Susanna. The Count and the Countess are played by Edward Maykowski and Bernadette Knapp.

Cast Includes

The cast includes Yolanda Merling as Marcellina, Eleanor La Volpe as Cherubino, Michael Tronzo as Antonio, Beverly Sanker as Barberina, and Eugene Crone as Dr. Bartolo. Donald Thullen plays Basilio and Don Curzio.

General production manager of the opera is Dean Kenneth Kitchen. Dramatics coach is Miss Elise Fink. Dr. Henry V. Stearns and Prof. Mark Dolliver are co-musical directors. The student accompanist is Betty Takacs.

Seats must be reserved at the Music Office, at the Dana School of Music, which is open from 8:30 a.m. to 8:30 p.m. Regular tickets are \$1.00 and can be purchased from any member of the cast, or at the Music Office, in the Dana School of Music. A seat must be reserved at the Music Office in order to attend tonight.

What About Night Students?

The Student Council here at Youngstown College is the representative of the student body in all affairs pertaining to it. It is elected by the full-time students of the various schools. But what of the part-time students who constitute a substantial minority of the student body? Should they have some part in choosing those who represent them?

We think they should. Student Council is empowered to enact disciplinary regulations, which all students should abide by, and to define the students' obligations and privileges.

Large amounts of money, obtained from the student body, are distributed by the Council among the various activities. Although the fees which a part-time student pays are but a portion of those levied on full-time students, they do, however, comprise a substantial sum.

We feel that they are entitled to the same indirect control over their money as is enjoyed by the full-time students. They should not, of course, receive representation which would place them on an equal basis with full-time students.

Youngstown College had its origin in a night school founded by the Young Men's Christian Association in 1888. One of its main functions is to provide an opportunity for advanced education for those who do not find it possible to attend as full-time students. These students, an integral part of Youngstown College, should be accorded their rightful privileges.

S.F.

Take A Look Around

There is an old song from the Twenties that has in it the words "...back in your own back yard." We always seem to be looking for something new and distant that we often forget to look in our own back yard just to see what is there.

We are referring to the Butler Institute of American Art right next to the college on Wick Avenue. How many of us have actually taken the time out to enjoy the benefits offered by the museum? Works by local area artists are prominently featured and attractively displayed.

Butler Art has grown tremendously in the scope of its collections and exhibits. Here is a chance to enjoy art at its best. Nowhere in the whole Mahoning Valley is there a comparable museum.

College is not all books and lectures. It is primarily based on the amount of initiative each student has. Knowledge will not come to you. You must go out and get it for yourself. Here is one chance to really obtain both knowledge and enjoyment at the same time.

G.N.M.

Opportunity Is Being By-Passed

Time after time we have printed stories about the Student-Faculty Talks that have been in progress for over a year now. These talks are held on the even Tuesdays of each month in the audio-visual room of the college library.

These talks are open to everyone. Students and faculty may attend. There is no admission charge. The talks are not held for the faculty alone - they are held for you.

Few colleges provide such a useful opportunity for broadening the scope of our education as do these Student-Faculty Talks. The talks are not dry. What could be dry about learning about how to prepare your income tax return as explained by Dean Robert Miller of the School of Business Administration? What could be dry about listening to such interesting speakers as Coach D.V. "Dike" Beede or Prof. Jon Naberezny?

The lessons to be learned from each one of these talks is great, for to two talks are alike. One might call the program an "Omibus" for college, after the TV program of the same name.

Attendance at these talks has been sadly small. Students and faculty are throwing away an opportunity of great richness everytime they do not attend.

G.N.M.

Letter To The Editor Why Not Attend?

Editor, Sir:

There are about 3600 students on the campus of Youngstown College. These students have many problems and most of these problems are straightened or partly solved by the Student Council.

There are 21 students under the guidance of two advisors in the Council. These members were put in office by the majority of the students. These people were believed to be able to do their job.

The choice of the students were good, for these members are great all around, but they need help. It is not enough to just give a person a job and forget about it. To show our interest in the work of the Student Council we should try and find out just how they tackle the problems they are confronted with at their weekly meetings.

The best way to find out things about the Council would be by attending the meetings and offering them our help when needed.

The Council members are already overcrowded with different committees of which some of us students could very well take care of.

I'm not a member of the Council probably because I like to play cards instead of devoting most of my time to studies. Also there is a small matter of 40-60 hours of work I have to perform to meet ends financially.

All of us are not working though, maybe we wish we would, and I'm quite sure that some of us could attend these meetings and I'm also sure that these guests would be more than welcomed by the members of the Council to be a quiet observer and help in solving some of the problems.

Of course if this is too much and we just can't afford to be bothered with these silly problems, we could help the Council and promote better relations with the neighbors of our College by, for instance, obeying the parking regulations.

There is another problem we could solve ourselves. We are complaining about the slow service in the cafeteria also about the lack of space in the above mentioned place.

If you ever walked up to the counter to buy a cup of coffee or a sandwich or your whole lunch, you couldn't possibly miss the sign, put up there by the Council, staring at you and asking you not to play cards during the busy rush hours.

This law set up by the Council is violated every day and due to this situation a lot of your friends cannot have their lunches in the cafeteria and have to go either downtown or out to their cars to eat their needed food.

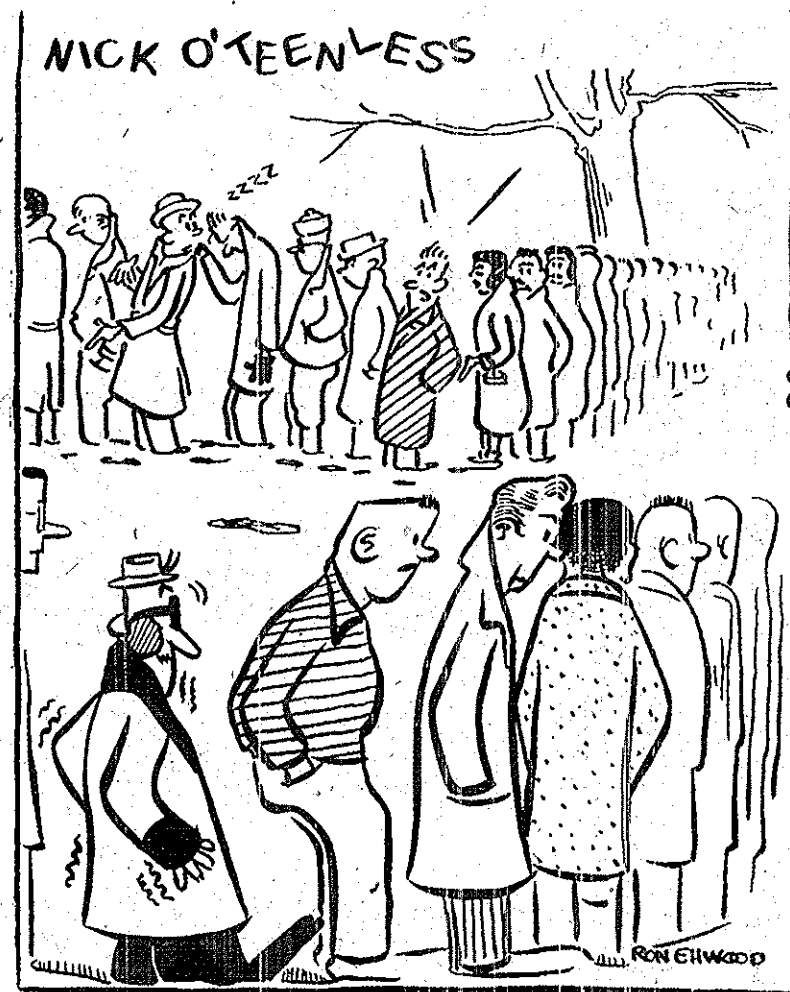

We all know that we need a Student Union, but we also know that at the present time we cannot afford to build another building. The basement of the library was suggested which was a good idea if it was not needed for class room, of which we are short also, and of which we are in need more I think, for the simple reason that we are at Youngstown College to learn and not just for games.

I have an idea which might take care of the present crowded situation in the cafeteria between 11 a.m. and 1 p.m. In most colleges and universities in the United States and also overseas it is a custom to eat one's lunch and then to move on and give the rest of the students a chance to have their meal.

Hoping you will consider these ideas.

Yours truly, READER

Akin to the sailor who takes a boaride on his shore leave, and the mailman who takes a walk on his day off, is the college student who takes a vacation and spends it all loafing.

"Hey Nick! You're in the wrong line ... that's the registration line for Kent!"

With the ENGINEERS . . .

As the sun slowly sinks behind the calculus books, we breathe a sigh of relief to note that another gruelling week of study and tragedy has come to a close.

As we walk down the empty corridor we note that the engineer, in his haste, has left a trail of paper shreds, (once a part of a "strength" notebook), out the front door, across the street to the Wickwood where he sits and ponders his weekend of unrestrained freedom.

Note the air of a man suddenly turned loose after a long period of confinement. He waves his chocolate encrusted ruler around fanning the air, in a vain attempt to describe some awe inspiring object he has just seen. (Are there really such things as girls?)

Enough of this sort of trash!

Changes Made

Quite a few changes of officers have been made in various organizations but to tell the truth, right now I'm content to just sit here and stare out the window at the slag trucks, (which add an air of grace and symmetry to our view), as they climb in and out of the holes which are so much in evidence on our thoroughfare.

I'll be including these changes in administration in the next column, and the first young man who can quote that next column with his eyes closed, while standing on Kells with his left foot, deriving the theorem of the mean will be rewarded for his efforts with an aerial photograph of Clingan-Waddell Hall. A prize which should be close to the heart of any serious minded engineer.

If I may be permitted to stir up a hornet's nest (and who is going to stop me), the question has been asked me many times, "When is the parking lot going to be repaired?" Now I find it very amusing to see the eager young student in search of knowledge, swimming out to his car with his briefcase perched upon his head.

Seems to be Waving

Ray McAllise, et. al., seems to be waving many tickets under the noses of fellow engineers. These are for the annual O.S.P.E. dinner dance to be held at the El Rio on April 16 (I think).

Those of you who attended last year will remember the antics of one "Hank" Burley who disproved that long standing theory that the shortest distance between two points is a straight line. Then there was the jitterbug exhibition put on by Tony Giangardella and Louie Jannucci. No, Louie didn't dance with Tony, he danced with Tony's date!

Here's one event you don't want to miss! All slide rules are checked at the door and we just let the hair down

and have a proverbial "ball". Correction - one slide rule was sharpened to a point and used for spearing the olives in the bottom of the glass.

Well, I just noticed one truck disappear into a tremendous cavity and I guess he can't get out. So I'm going out to claim salvage rights.

See you in about two weeks!

Letter To The Editor March 10, 1955

Editor: Sir
I know you are concerned, and rightly so, about your coming obligation for military service. You may soon be called upon, like thousands of other young men of your age, to take military training for the service all young citizens owe their country.

Most young men in this age group are naturally asking themselves: "How does this military obligation affect me?"

We of your Youngstown National Guard unit, the "A" Battery of the 177th Anti Aircraft Gun Battalion, have set up a method of answering this and many other questions at the National Guard Headquarters, without obligation to you. We would be glad if you take advantage of this counseling service.

You are invited to attend a counseling conference, being held by the Battery "A", 177th Gun Battalion at the Armory on 325 W. Rayen Ave.

A conference will be held every day, from 9 a.m. to 5 p.m. During these hours, qualified personnel of your local National Guard unit will be on hand to answer any questions you may care to ask.

Because the right answers are so important in facing the military obligations of these troubled times, we hope you will join us during one of these periods.

We know that you will find it to your benefit to visit or call us. The phone number for "A" Btry. is RI-6-4233.

Sincerely yours,
Cpl. Bela Csejtey

Vet's Views

Joe Pacella

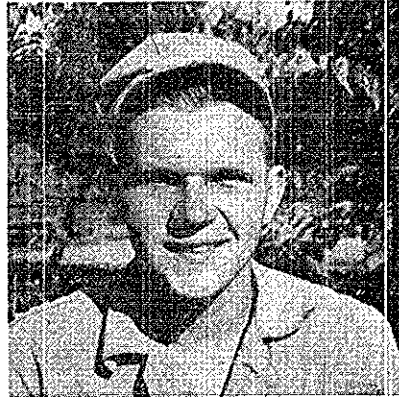

Change of Major - Here is an interesting little tip to all you frustrated men planning to change your major. Each and every one of you had it explained to you at one time or another but if you are anything like me, I know that you either didn't understand it well or else you forgot it.

Well, here it is. Each veteran under the P.L. 550 is allowed only

Vet of the Month

Mike Banko

Mike Banko

one change in his curriculum. After two changes there is no sense in your waiting for the 20th of the month after that.

It does seem a little unfair I know, but after all, what can we do about it except gripe amongst ourselves.

While On the Subject

Also, while still on the subject of finances, for you guys that are still collecting disability compensation from the government. Sometime in the near future you will be called up for a reclassification physical.

Depending on the outcome of the physical will be the size of your compensation check. You won't be called in if your injury is of the permanent type but if it isn't then you can expect to take a trip soon.

Now for the more interesting type of news on the campus. At first I thought that I was going to have a rough time finding someone to follow Carmen Chick in the parade of "Vet of the Month" . . . I want to thank Harry Thomas for steering me to the man that is this month's outstanding Vet.

Was a Good Player

A few years ago, Mike Banko, was a very good football player around New Castle. In fact he was good enough to warrant his getting a scholarship to Toledo University. However, didn't stay there after his first year.

Mike, aged 23, was born in West Pittsburgh, Pa. but he moved to New Castle and that is where he played his H.S. ball. He entered the service (he also was in the Marines) January 1951 and took his boot training at Parris Island. After finishing boot he went to Camp Lejeune for demolition training and he was there for 3 months.

In Oct. 1951, he set sail for the other side of the world (Korea) and right into combat he went. He spent 12 months in combat and those 12 months were really packed for him.

Was Wounded

I daresay that he is one of the most distinguished veterans here on the campus for while there he was wounded twice. For that he received the purple heart with a star. Fortunately his wounds weren't of a very serious nature though any wound is bad enough so he was able to be taken care of in a hospital both times.

He came out of Korea a very much decorated marine. Besides the aforementioned Purple Heart he also received the Silver star, which is the third highest award given by the United States government.

The Bronze star with a V for valor, National defense ribbon, Good Conduct Medal, United Nations ribbon, Korean ribbon, Korea presidential unit Citation and also the Presidential unit Citation. Mike should be very proud of himself for a job well done over there.

June 5 to be exact, he was married. Since he was a married man now but still wanting an education, he decided to enroll at YoCo instead of going back to Toledo. You can't blame a newly married man for wanting to stay close to home.

At present he is studying engineering and plans on becoming a mechanical engineer. He has a very interesting hobby in amateur photography.

Mike thinks that YoCo is a very nice school but its big drawback is the lack of a larger campus and also its location. To that, I'm sure we all agree.

As for the All Vets club. He thinks that it is a very good idea and is willing to do all he can to help in the organization of one.

Would Like to Play

If things work out for him, and I hope they do, he would like to play some football for YoCo. If he can be judged by his high school record as a football player, then I am sure that "Dike" Beede will be only too glad to welcome him into camp come fall.

As for the Allvet's club, I tried to get the audio-visual room but met with little success. Sometime this week there will be a notice posted on the bulletin boards concerning the date and whereabouts of the first meeting.

Student Council Digest

March 4:

Joan Pavlov reported that a band for the Junior Prom had not yet been selected. She is waiting to hear from Benny Jones and Chuc Campbell. She further stated that most of the name bands are already taken.

Dick Troxil reported that the National Convention of N.S.A. will be held from August 21 to August 31.

Jay Troy received four petitions for the Junior Prom Queen. They are Shirley Aey, Marcia Geiger, Elaine Ohl and Joan Pavlov.

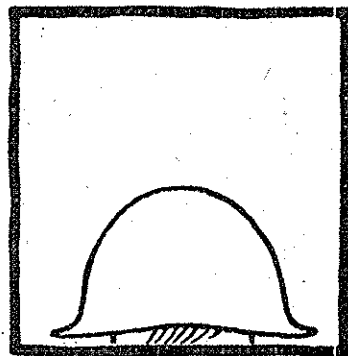

Jack Chugden stated that the nets on the tennis courts have holes in them and are in need of repairs. He will see if anything can be done to remedy this situation.

Psychology Club Invites All

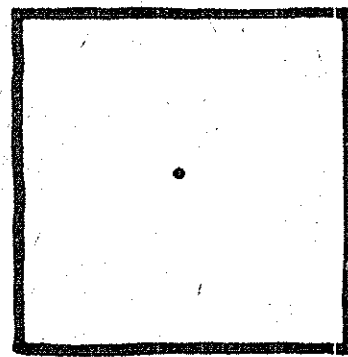

"The Pollock House living room will be jammed with instructors, students, and special guests on Thursday, March 24, at 8:00 p.m. The members of the Psychology Club are anxious to meet people, and to furnish free refreshments. The reason is simple—we want to meet you and to introduce our instructors and special guests, so you can ask questions or just visit for an evening. If you are in a psychology course, or intend to be, drop in and have the best evening of the semester. Psychology majors and minors will be on hand to greet you."

WHAT'S THIS?

For solution see paragraph below.

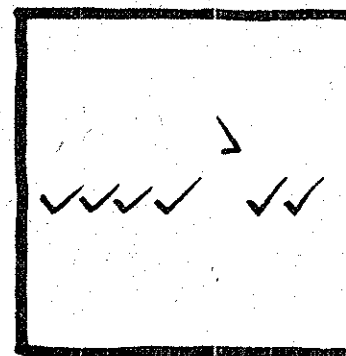

YOU'LL GET A BANG out of the Doodle above. The title is: Daredevil enjoying better-tasting Lucky just before being shot from cannon. Luckies are getting *great guns* everywhere. The reason for their *booming* popularity is simply this: Luckies give you better taste. They taste better, first of all, because Lucky Strike means fine tobacco. Then, that tobacco is *toasted* to taste better. "It's Toasted"—the famous Lucky Strike process—tones up Luckies' light, mild, good-tasting tobacco to make it taste even better . . . cleaner, fresher, smoother. Enjoy yourself when you smoke. Have a little fun. Light up the better-tasting cigarette . . . Lucky Strike.

With the Greeks . . .

by Joan Pavlov

Rushing is beginning to come to an end as the sororities have their last party this week. The rushers will be faced with that big decision, what sorority will I go. Some will have their minds made up while others will really have a decision to make. So think it over and we are sure you will make the right decision. But the friends that you make at the rush parties will be lasting friendships that last through your college days even if you decide not to join that particular sorority.

Party Was Held

The second Beta Sig rush party was held Friday, March 4 at Post 15. The theme carried throughout the party was the circus theme. There were side shows, games and even real animals. Lucy Zarlenga, president, acted as the master of ceremonies.

The girls enjoyed having their fortunes told by Nancy Puskar who was also ringmaster of the act. After refreshments the girls watched the show and then sang songs. Their third rush party was at the Valley Park Hotel recreation room with Elaine Ohl making the invitations.

Mary Jane Lewis was a delegate for the Phi Mu's to the District Convention in Toledo that was held March 4, 5, 6. Their second party was a kiddies novelty party.

Those kiddies participating in the program were Shirley Aey, Gerry Lewis, Mary Jane Lewis, Yolie Morano and Ann Herschel.

Favors Given

The favors given were stuffed animals made by the girls. Phi Mu's will be guests next weekend to the Delta Chapter of Phi Mu from Baldwin Wallace.

Rush season goes into its final lap as the Phi Lams have their last party at the Parkview House in Canfield. Guests of honor are advisors Mrs. Pickard, Mrs. P. Buchanan, and Mrs. Angie Valentini. Their second party was a trip to the past as the Phi Lams put on a style show beginning with the nineteen hundreds.

Kay Reilly portrayed the shy Gibson Girl and Jean Palatas, Marcia Geiger, Rosie Morley and Shirley Pitts played their grandmothers (bustles and all). From the Flapper age came Barbara Knott, Joanne Gioglio, Betty Jeanne Moltchan and Marie Murphy, who were the "Charleston Gals".

Sweetly Sung

The grandmothers sweetly sang an old 1906 song "Daisy" and the Flappers screamed away at "Roll 'Em Girls" and "Five Foot Two".

To signify the revolution in manners and clothes, Kay Reilly came out again in a "scanty" bathing suit, with long black hose.

Finally, 1955 Phi Lamb Girl was represented by President Barb Brezovick in her cashmere sweater with her Phi Lambda Delta pin. Marilyn Erwin was Enece. The party took place at Marie Murphy's home in Boardman.

The Gamma Sig's, after practicing for days, produced their Annual Gamma Sigfield Follies for their second rush party. All the girls in the sorority participated in the acts with Gay Wollitz being emcee.

Danced To Record

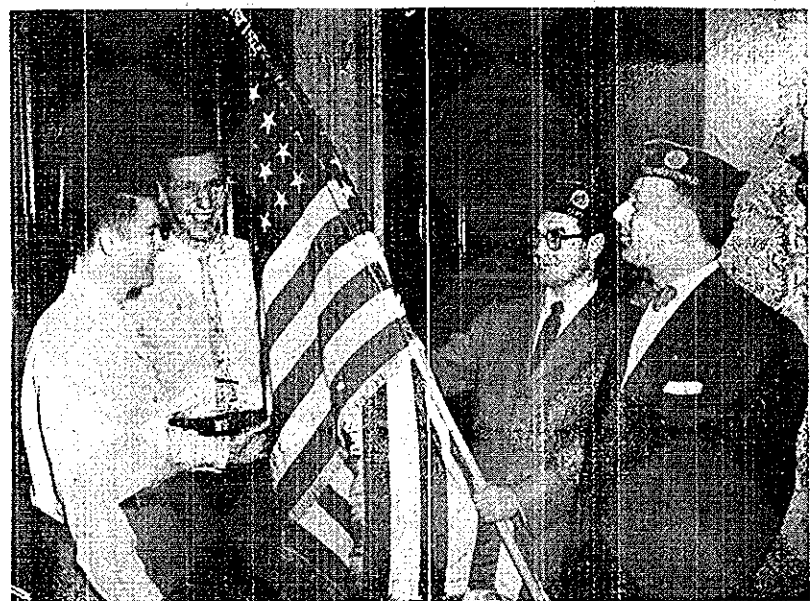

Louise Sarville, "The Barefooted Contessa" and Anna Mae Franko, "The Native" danced to the record of the Barefooted Contessa. The tallest, in the sorority, Loretta Liptak and the shortest, Emy Delong tapped danced to the "Wicked Stage".

Representing the South was Patty Sequella and Patty Flynn, who sang "Snowball". From South Pacific, Joan Bonapane sang "I'm Going To Wash That Man Out of My Hair", while Alma Mackin and Lil Lindquist sang the "Umbrella Song".

Diane Burke was the little girl who stayed up late to sing the song "Open Up Your Heart and Let The Sun Shine In". Joan Lantz and Jody Konesky sang the song "Sisters".

Nancy O'Connor was chairman of the party. The evening closed with

Sig Eps Receive Flag

American Legion Post 15 has presented the members of the Ohio Mu Chapter of Sigma Phi Epsilon fraternity an American flag. Present at the ceremony are (l to r) President Don Phillips, former Vice-President Sam Drake, Commander of Post 15, John Vitale and Odell Kraja, alumnus of the fraternity and a member of the Post.

refreshments being served by the Junior Alumnae. The last rush party was at the 422 with Gay Wollitz and Cookie Korody chairmen of the affair.

Has Been Appointed

In the fraternity news, Karl Mogg, from Sig Sig, has been appointed new secretary of the fraternity. He will assume the duties of Ralph Phillipian who has gone inactive.

They have completed their first rush party of the current rush season. It was held on the 9th of March and was very successful. A date party is also planned on March 19th for active members only. Sig Sig have entered a team into the Interfraternity basketball tournament.

Everyone is talking about another Kappa Sig event that will be coming up on May 18th. Also in the near future, a party is being planned with Delta Chi Epsilon night school sorority.

Chuck Lehnerd has been appointed chairman of the annual Sing for the fraternity. For the month of February, Ed Tragesor was chosen the outstanding new active.

Are Glad to See

The Kappa Sigs are glad to see that Frank Beck and Tony DeAscentis are eligible to partake in Intramural Basketball functions. This should help the fraternity toward the winning goal. Bill DeLeo is having trouble with the Ways and Means Committee and is trying to revoke the chairmanship.

Phi Beta Chi had a party Friday, March 11th, with the student nurses of South Side Hospital. Round and square dancing were featured and a wonderful time was had by all.

Congratulations go to Don Seely and Chuck Colman for being elected co-chairmen of the I.F.C. basketball league, and also to their basketball team for getting into the semi-finals in the Intramural league.

Standing Given

Their standing in the I.F.C. league is now 1 and 0, after defeating Alpha Phi Delta with Don Seely scooping in a hoggish amount of 30 points.

Nu Sigma Rho held their first rush party at Pioneer Pavilion with the students from the Youngstown Hospital. Their second rush party will be on March 22nd. George Basile, who is also president of the Senior class, married Patty Putko recently.

Watch for further notices concerning the Jazz Concert on April 19th and

the "Single Man's Delight Dance" on May 6th.

Re-Elected Again

Congratulations to Sig Ep President Don Phillips who has been re-elected to his second term as president of the Ohio Mu Chapter.

Sig Eps have started a program in their pledging that can't help but lead to a better understanding of fraternity life. Pledges are sent on trips to various colleges throughout the state to visit their other Sig Ep chapters.

They provide the chapter with news of Sig Ep activities and plans and the pledges also learn about the chapter they visit. Reports are that all pledges have been handsomely treated by their distant brothers.

The Sig Eps held a Mothers and Wives Tea recently at Pollock House. The function provided the guests an opportunity to meet the fraternity members.

Are Busy Preparing

The Phi Gams are busily preparing for their forthcoming Popularity Dance. April 23rd is the date of the dance and tickets, selling for \$2.00 can be obtained from any Phi Gam. The highlight of the annual dance will be the crowning of Mr. and Miss Popularity.

Members of the various committees have been announced and are as follows: Decorations: Tom Moran, Britt Day, Bill Burbee and Ed Zamarelli; Gifts: Bob Crain and Ray Schindell; Band: Gomer Lewis; Publicity: Dick Rein, "Moe" Brown, Dick Cagna and Tom Moran; Advertising: Mike Santalis and Eddie Simons; Intermission: Jim Crowe and Ed Simons; Tickets: Dick Cagna; and Voting Booth: Bill Finn, Ray Schindell, and "Si".

Thanks to All

Many congratulations to Marcia Geiger, for being elected Junior Prom Queen. Also many thanks to all who helped make the first rush party a big success. It was a stag party, held last Tuesday at the MaFe Club.

The Phi Gams acted as judges in helping Alpha Iota Sorority pick Loretta Carney as the sorority's queen and representative to the state contest. Our hats are off to you, Loretta. Is Too Bad

We are sorry to report that Jack Calpin and Bernie Zoldak, have left the happy Sig Delt hunting ground. Just recently both of these gentlemen were brought down by the shower of Cupid's arrows.

Pershing Rifles Adds Members; Aids Activities

Pershing Rifles, a national military honorary society, offers the basic ROTC cadet an opportunity to improve himself in military courtesy, drill and marksmanship.

This society, which was founded in 1894 by General of the Armies John J. "Blackjack" Pershing, tries to better prepare the ROTC students for careers as officers of the United States Army.

Pan-Hellenic Council

Jerry Lewis Named Co-Head Of Greek Mixer

Jerry Lewis has been named co-chairman of the All-Greek Mixer, by Pan-Hellenic Council. Miss Lewis replaced Jean Santangelo as secretary of Council. She is unable to attend meetings this semester.

\$10 was voted by the Council to the Friends of the College Library campaign. Plans were made at a recent meeting concerning the procedure of preferential bidding.

Bids and preference cards are to be matched by an alumnus or advisors from each sorority and Mrs. Nellie Dehnboitel, the Council advisor, at 3 p.m. on March 22, 25.

"Par is thirty six."
"Really? How old is your mother?"

It is represented at Youngstown College by Company P-1, which recently added twelve new members to its ranks. New members are: James Cvetko, Henry Greggo, Robert Holinbaugh, Don Infante, Donald Miller, James Monski, Thomas Orr, Robert Zilke, Edward Ewanuk, Arrel Doane, Edward Williams and Robert Reesh.

Were Entertained

With Lt. Col. Eugene L. Lash and Major Leonard B. Main as honored guests, those present were entertained and the new members were initiated in the library of Pollock House in a secret formal ceremony.

Pershing Rifle's activities on campus are numerous. Besides various social functions, they are primarily concerned with providing demonstration teams for the ROTC Corps, color guards for football games, and honor guards for parades and the annual Military Ball.

Company P-1 also participates in a regimental spring competitive drill held in May, which is attended by companies from 14 colleges in Ohio, West Virginia and Kentucky.

Looking Around...

Bob Craine and Jim Crowe

Our hearts are indeed saddened today, by the loss of the colorful cliches of the man who put Ma Lincoln's pastel bombshelter on the map, and whose column is now syndicated in over 200 newspapers in Saudi Arabia. Of course we are referring to the Esther Hamilton of the JAMBAR - Ray Schindell. Oh well, our loss is the Arabs gain. We'll miss you, Ray.

As we write this, through our nostrils flows the indescribable aroma of spring. And on our beloved campus (?) as elsewhere in the world during this poem writing season, signs of spring are evident even to the uninterested intellectual. Among these obvious indications of refreshing fair weather are Mrs. Lincoln changing her menu by inserting the word ice in front of tea, Jerry Tindell donning "peachy keen" white bucks, Don Seely holding tighter than ever before the hand of Betty Jean Moltchan (his excuse that it somehow keeps her from slipping on the ice has somehow lost its punch.)

Spring is wonderful. Crickets chirping, Frogs croaking and swallows swallowing - but leave us not forget with spring comes Lent and self denial. We were astounded by the sincerity with which students undertook this studious, tedious task. Bob (way up there) O'Neil has completely given up watermelon and Ann Herschel has stopped staying home from parties and rumor has it that George Miller is going to stop worrying (I'll have to see that!)

Seriously though, we were quite impressed with the will-power some of the students have displayed. Not being possessors of the proverbial hat to doff, we are hard pressed to think of anything else to doff, so we'll just say congratulations to Junior Prom Queen Marcia Geiger and her lovely court of Shirley Aey, Elaine Ohl and Joan Pavlov. Make this dance a must on your list.

We hope you have enjoyed our first attempt in the literary world. We had a lot more stuff we would have liked to put in this issue, but we are entering a beer drinking contest and whence we go to see who comes in second.

Jack Calpin is a student (of good standing) in The Rayen School of Engineering. He also works for the Ohio Edison Company in Youngstown as a draftsman.

B. Zoldak is a graduate of YoCo and has a full-time job with Uncle Sam as a Second Lieutenant in the Army.

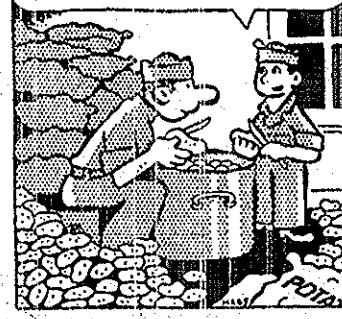

GREAT GUARDSMAN DANIEL BOONE

THE FAMOUS INDIAN SCOUT WAS A NATIONAL GUARDSMAN IN KENTUCKY, WHERE HE HELPED TO REPULE INDIAN ATTACKS THROUGHOUT THE STATE.

We are sorry to report that Jack Calpin and Bernie Zoldak, have left the happy Sig Delt hunting ground. Just recently both of these gentlemen were brought down by the shower of Cupid's arrows.

Vic Vet says

PERSONS ENTERING THE ARMED FORCES ON AND AFTER FEB. 1, 1955 FOR THE FIRST TIME WILL BE PEACETIME VETS WHEN THEY LEAVE SERVICE AS SUCH, THEY WILL BE ENTITLED ONLY TO PEACETIME BENEFITS.

WRA Participates In Kent Playday

Women's Recreation Association of Youngstown College had a very busy and important weekend recently at Kent State University. The occasion was the A.F.O.C.W. Convention, with delegates from various colleges participating.

The delegates from Youngstown's own Women's Recreation Association Executive Board were Dolores Labriola, Joan Bonpane, Edith Gales and Virginia Guglielm. Miss Pat Lowry was the faculty advisor.

The activities began Friday afternoon with Mr. Bowman, President of Kent State University, giving a welcome to the group. Then, Miss Van Sant, Dean of Women at Otterbein College, gave the keynote speech.

After this, the group discussed intramurals, extramurals, and varsity. A talk on N.S.G.W.S. and A.A.U. policies was then given by Mrs. Dillahunt.

Came to a Close

The convention came to a close Saturday afternoon. Next year's convention will be held at Oberlin College, and Wittenburg College will publish the A.F.O.C.W. Newsletter for 1955-56.

The purpose of this convention was

Jean Santangelo Awarded Grant

Jean Santangelo, a senior majoring in business administration, and a member of Phi Mu Sorority, has been awarded a Phi Mu Graduate Scholarship of \$500.

Miss Santangelo will go to Washington University in St. Louis, Missouri, to serve as counselor at the Zeta Upsilon Chapter there.

While there, she will work on her master's degree in business administration. Miss Santangelo is vice-president of the senior class.

to get views and ideas from various colleges on their intramural programs and varsity sports.

On March 5, members of the W.R.A. attended a basketball playday at Notre Dame College in Cleveland. They played Mount Union, Lake Erie, and Notre Dame, but only succeeded in beating Lake Erie.

As The Book Is Closed

A look of contentment comes from (l to r) NEON Advertising Manager Jim Mangie and Assistant Editor, Aubrey Radcliffe who have just helped 1954-55 Editor Joe Shagrin finish up the book.

"There will definitely be sufficient NEONS this year to satisfy the demand." This is the reassuring word from Joe Shagrin, editor of the NEON.

The NEON editorial staff and administration officials have set production at 2250 copies, which is a new high for the yearbook. This action has been taken to compensate for the mix-up in the distribution of last year's issue according to Shagrin.

Business Manager Jim Mangie and Assistant Editor Aubrey Radcliffe finished up the final details of the advertising last week. All work on the NEON has now been completed and the printers have started production.

The Youngstown Printing Company has guaranteed that the books will be in the hands of the binders in Cleveland by April 10.

Distribution is tentatively scheduled for the first or second week in May.

Recital Will Be Given Sponsored by Omega Psi Phi

Mizell E. Ewing

Zeta Gamma Chapter of the Omega Psi Phi Fraternity at Youngstown College will present Mizell E. Ewing, tenor, in a recital at the C.J. Strouss Memorial Auditorium in Youngstown College on Thursday evening March 24, at 8:30 p.m.

Ewing, son of Mr. and Mrs. M.E. Ewing of North Jackson, Ohio, graduated from South High School, spent two years in the U.S. Navy and sang in the Blue Jacket Choir. After honorable discharge from the Navy, he studied two years at the Dana School of Music.

Ewing, then studied three additional years at the Boston Conservatory of Music, Boston Massachusetts, where he received his Bachelor of Music Degree.

After completing his studies at Boston Conservatory, he went to Europe and completed his vocal training at Paris Conservatory of Music.

Paris, France and Language Phonetics at the Sorbonne also in Paris, France.

Ewing has given concerts in Holland, Germany, Austria, Switzerland, Belgium and France. He has a repertoire of several operas and standard oratorios and a wide range of song literature in four languages.

"Your girl isn't spoiled, is she?" "Naw, that's the perfume she's wearing."

She: "Why did you take up the piano?"

He: "My beer glass kept sliding off my violin."

Modern Dance Concert Coming

There will be a modern dance concert at the C.J. Strouss Memorial Auditorium on Monday, March 21, at 8:15 p.m.

The concert will feature "The Mark Ryder and Emily Frankel Modern Dance Duo and Company." They are originally from New York and are now on the road performing.

Besides giving the evening performance they will give instructions to the 2 o'clock modern dance class at the Y.W.C.A. gym.

The tickets are only \$1.00 per person and all students, faculty members, and the general public are invited to attend.

Dr. Ribeiro To Speak

Dr. Leonard Ribeiro will be the guest speaker at the next Spanish Club meeting, March 25, at Pollock

Guild Prepares For YoCohooey

By MarriAnne Bartik

The Youngstown College Drama Guild has two new apprentices - Marjo Mavorjanis and Gene Nardo. Aperson interested in joining the Guild should contact any member.

All persons interested in performing in this year's production of YoCohooey are urged to sign their names to the lists provided by Drama Guild on the bulletin boards in the cafeteria, the main building or backstage of the C.J. Strouss Memorial Auditorium.

The purpose of the show will be to raise money for the Student Union.

Band Concert Due By Dance

On March 30 at 8:30 p.m. the Dan Concert Band will present a concert at the C.J. Strouss Memorial Auditorium under the direction of Prof. Raymond Dehnhostel.

The band will play Zanolini by Paul Creston, Overture to Die Fledermaus by Johann Strauss, Celtic Set by Henry Cowell, Polka and Fugue Schwanza by Jerome Weinberg and Three Negro Dances by Florence Price.

House at 8:30.

Dr. Ribeiro, from Brazil, will speak on the "Contemporary Process of Brazil." After the talk, color slides will be shown.

Guests are cordially invited to attend.

Sharpshooters Get Letters

Men awarded letters for outstanding participation on the Youngstown College Rifle Team are (l to r) Edward Evaniuk, Robert Hixenbaugh, Arrel Doane, Jim Monske and M/Sgt. John Prochak, coach of the team, who gave the men their letters last Friday.

Rifle Team Heads For Buffalo, N.Y.

Members of the Youngstown College Rifle Team hope to attend the Rifle Association's Inter-Collegiate Sectional Rifle Championships tomorrow at Buffalo, N.Y. All over the United States, in thirteen different cities, matches for the Championships will be fired at the same time.

Four men, Edward Evaniuk, Robert Hixenbaugh, Arrel Doane and Jim Monske have been awarded letters signifying their outstanding participation in team activities.

Last month Doane, Monske and Hixenbaugh fired in the Ohio State Gallery Rifle Championships at Columbus. On March 25 and 26, team members travel to Oberlin to fire against Oberlin, Gannon and Case.

Advisor Coach to the Rifle Team is M/Sgt. John Prochak. Advisor is Lt. Mishia Fredericks.

WHERE TO PARK YOUR CAR

Following are the areas for parking and not parking your car: You CAN park at: (For Students.)

1. Wick Avenue Parking Lot.
2. New parking lot at the rear of Ford Hall.
3. Parking lot north of the new college library.

You can NOT park at: (For Faculty)

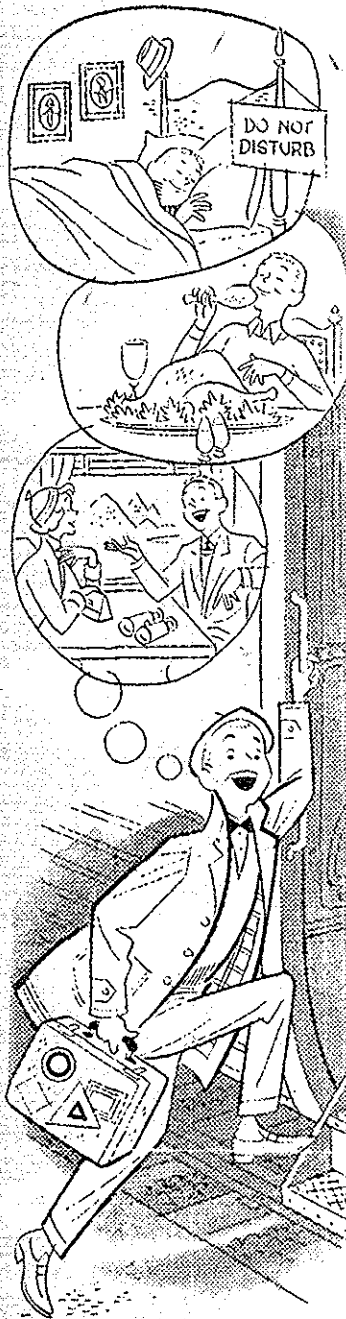

1. Rear of the Main Building.
2. Parking lot near the annexes.
3. Rear of the Dana School of Music.
4. Clingan-Waddell Hall.
5. Pollock House.
6. Side of Ford Hall.

CONCERNING PARKING AT THE FIRST CHRISTIAN CHURCH

Students may NOT park in the new parking lot at any time - day or night - or their cars are liable to be towed away. This new area is reserved for the members of the First Christian Church and the patrons of the Butler Art Institute only. Our church members who are students of Youngstown College may use the new parking lot but they should have decals to identify their cars.

NO ONE is allowed to park in the driveway leading down into the old parking lot. This is an order. The driveway must be kept clear on BOTH sides in case of fire.

The new lot is NOT an exit for the cars of the college students. Students must leave a way open for our church members and those using the Art Institute to get into the new parking lot from the old one, also for delivery trucks who need to get to the rear door of the church.

"I shall go to your father and ask his consent tonight, darling. There are no grounds on which he can throw me out, dear, are there?"
 "Not in front of the house, dearest, but there's a flower-bed in the rear which looks nice and soft."

There's even more to Chevrolet styling than meets the eye!

This is beauty with a bonus . . . for Chevrolet styling is designed to add safety and comfort while you drive, and to return greater value when you trade.

Truly modern lines are shaped by usefulness. You can see what we mean in the deep crystal curve of Chevrolet's Sweep-Sight windshield . . . a dramatic style note, certainly, but one that stems from the need for wider, safer vision. Or take high-set taillights—they add to the impressive length of line . . . but they are up where they can be seen for safety's sake.

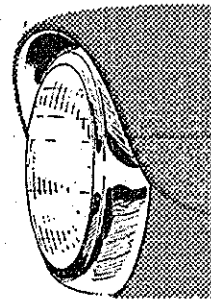

The smart louvers across the hood aren't just decoration . . . they mark the intake for the High-Level ventilation system for cleaner, fresher air. And the whole shape of the body—its lowness, the dipped belt line—is merely a reflection of a lowered center of gravity, the added stability.

This is truly functional styling that serves you better every mile, and preserves its value against the distant day when you trade. This is Body by Fisher—another Chevrolet exclusive in the low-price field. Come in and let us demonstrate that this new Chevrolet is just as exciting to drive as to look at!

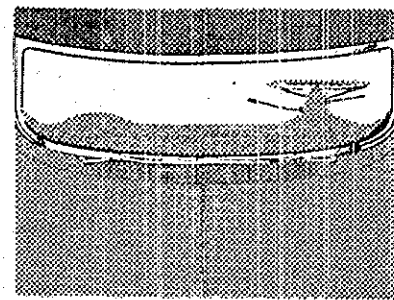

motoramic CHEVROLET

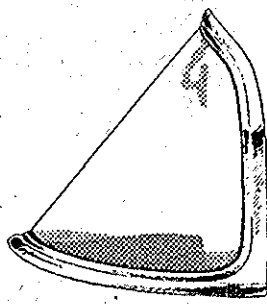

STEALING THE THUNDER FROM THE HIGH-PRICED CARS!

Shag's Sport Scoop

By Joe Shagrin

This is the "lull" season as far as sports go around here, so after I get through the little local news we have, we'll take a look at the national scene.

I noticed in the VINDICATOR last Sunday that the Penguins announced their all-opponent team. May I inquire as to why they forgot Mark Davis, Wynn Hawkins and Sammy Means? Davis has been one of the hottest ball players in Ohio history, and against us he dropped in 26 points.

Hawkins, the freshman sensation at B-W, made us look silly in the February 3 encounter at the field house. Wynn, the Cleveland Indian prospect, hooped 31 points against us.

Sammy Means, is a diminutive 5'6" ball of fire guard at Muskingum. His season average has been around the 16 point mark, but Sammy places himself on any all-opponent team with his fiery floor play. A really great competitor, he should be given due recognition.

Golfers Galore

Three former high school stars are expected to bolster the already powerful golf squad this coming spring. They include two ex-Sharon stars, Ed Seginak and Birdie McColisky. The third made quite a name for himself at Woodrow Wilson back in '49 and '50. He is also on the basketball squad. By now you ought to know that he is Bill Yarb.

Interested in YoCo

Paul Mandras, the all around athlete at Niles McKinley, has reportedly expressed a desire to come to YoCo. He has also mentioned another nearby school. We're all hoping that he decides on YoCo.

Turn to the National Scene

Spring training has gotten under way with the big leaguers. Most of the interest in this section centers around the Cleveland Indians and the hapless Pirates of Pittsburgh. I think I'll stick to the Injuns from the shores of Lake Erie.

Don't Take Any Bets

From this corner Al Rosen is still having trouble with that ailing finger. I wouldn't take any bets on the former MVP being around too long. And we might be seeing Al Smith on the hot corner come opening day.

Here is a good bet however. Eddie "Grandpa" Joost just may oust weak-hitting George Strickland from the shortstop spot. That is if his legs hold up.

To make a little prediction, it looks like the Indians and Giants again. However, if Turley and Larson start pitching ball, the Yanks might give Cleveland a fight down to the wire. Is It Any Wonder?

Now the story can be told. Every one knows Tony Knott is a great ball player, but scoring 654 points is a marvelous feat. This can be attributed to practice or it can be attributed to P.D., and that doesn't stand for Plain Dealer either.

Got a call from Tony Knott the other day and being busy I handed it over to my assistant Wes "Crime Photographer" McDade. This was the gist of the conversation. "Hey Tony, what's the latest from the AOH?" Well, I thought it was Tony. This kid really gets around!

Cagers Record Is Reviewed

The 1954-55 Youngstown College basketball squad compiled a 10-18 won-loss record. It included an exhibition game loss to the powerful Akron Goodyears.

Coach Dom Rosselli's crew had rough going all year, with sickness prevailing, causing continual revamping of a potential midwestern powerhouse.

Tony Knott, the Farrell Flash, took player-of-the-year honors hands down. He broke all previous college scoring records in every department and he led the surge in his team's 10 victories. At his present pace, the dead-eye junior will next year join that select group of 2000 point cagers.

Top Freshman

Sharon, Pennsylvania contributed an All-American high school basketball player in Bob Atterholt. This fancy dan was on his way to making history here at YoCo, but due to scholastic difficulties was forced to drop off the squad at mid-year.

Fred Cleary, a three year veteran, and Larry Lobaugh, a returning serviceman, also ran into personal difficulties and dropped out of school.

Let's take a look at the boys who did stay on the squad and who tried their best to give Youngstown a team to be proud of.

The Big Boy

Bob Mayberry, only a sophomore, began to find his shooting eye and also controlled the boards against every opponent. This last fact should be enough to qualify the 6'7" lad for any college team.

The lone senior on the squad was Ed Poplava. Ed was on the varsity for four years and after scoring only 32 points as a freshman, came on to whip in over 700 in the following three years. The veteran guard from Sharon will surely be missed.

In January Uncle Sam released a boy from Allentown, Pa. named Ted Glass. Ted came to YoCo and showed amazing ability after being inserted in the first string. The set shot artist was averaging 16 points per game until he had to leave school because of his father's sickness. He might have become one of our all-time greats.

Legacy Here

Paul Danilov, another ex-serviceman joined the first stringers at mid-semester and proved a tower of strength during the second semester schedule. Only a freshman, Coach Rosselli will be more than happy to have him back for three years.

North High School sent down freshman Charley "feeder" Moore and this lad proved a sensation from the very start. Always popular with the fans, Charley was a team man all the way.

From Wampum, Pa. came Ralph Melfi, the push shot expert. This fellow could really take the play from everyone when he was hot.

JAMBAR ALL-OHIO SMALL COLLEGE BASKETBALL SQUAD

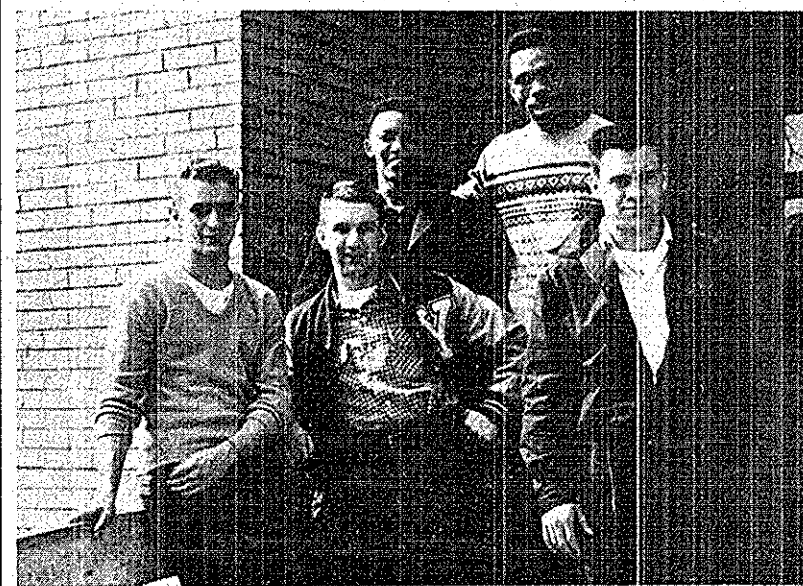

George Dalton, John Carroll .. Senior 6-4 .. Forward
 Paul Brownley Steubenville .. Senior 6-4 .. Forward
 Len Roth, Baldwin-Wallace ... Junior 6-3 .. Center
 Mark Davis, Marietta Senior 6-2 ... Guard
 Tony Knott, Youngstown Junior 6-1 .. Guard

Bob and Tony Tie For Athlete of Year Award

Bob Garcar, property of the Baltimore Colts, and Tony Knott, All-Ohio basketball prospect, have been chosen by the JAMBAR sports staff as the outstanding athletes at Youngstown College.

Garcar, also first team all-Ohio, has been the mainstay of the tough Penguin forward wall over the past four years. The star footballer, an all county choice in high school, has continued his devastating line play throughout his college career.

Tops JAMBAR List

Here is a glimpse of the few YoCo athletes who received special Jambar awards. (l to r) are Tony Knott, Frank Beck, Charlie Moore, Ted Glass and Jim Vecherella.

It comes as no surprise that Knott was voted the co-recipient of this annual award. Tony jumped into national prominence with his scoring feats here. The Farrell sharpshooter was a second team all-Ohio choice last year and is certain to gain a first team berth this year.

Five Football Awards

Five awards were given to the members of the football team. Garcar led the balloting and copped the top lineman award. "Fireball" Frankie Beck walked away with the most valuable backfield medal.

Other honors went to Dom Del-signore, voted the top end and to Jimmy Vecchiarella, who was chosen the outstanding freshman prospect. The former Raven All-Stater won in a landslide vote.

The most improved player honor went to big Andy Starinchak. The 215 pound junior guard was one of the main reasons for the great success of the Beedemen.

Knott Leads Basketballers

Tony Knott was, of course, the top all around player on the basketball squad. In the balloting Charley Moore was designated the outstanding defensive player.

Bob Atterholt and Ted Glass were chosen the best freshmen basketballers. Although both of these men dropped out of school we feel that

Consensus Given

Other boys who were instrumental in the season's play were Bob Cercione, Bill Swift, Dick Nuskievicz and Bill Yarb.

Youngstown College may not have had a winning team this past season, but surely it had a team to be proud of. The squad played under continual pressure and its schedule was certainly no pansie.

Watch this team next year. The Rossellimen are going places.

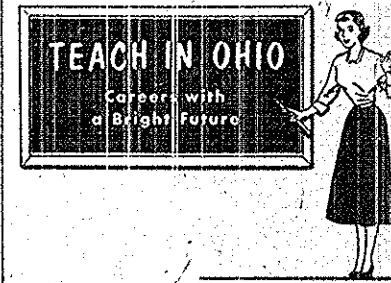

What some people don't know about driving would fill a hospital.

SPORTZ QUIZ

by Ed Sferra

1. How many times has Ralph Kiner led or tied the National League in the most home runs?
2. Who was recently crowned the NBA bantamweight champion of the world?
3. In 1954 Larry Doby was the RBI and Home Run Champ of the American League. True or False.
4. Where is the world's famous marbles tournament held each year?
5. Army and Navy belong to the same football conference. True or false.

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY COCA-COLA BOTTLING COMPANY OF YOUNGSTOWN

Danish, Swedish Grants Offered

Fellowships for study in Denmark and Sweden have been offered to American graduate students for the 1955-56 academic year by the two Scandinavian governments, it was announced today by Kenneth Holland, President of the Institute of International Education, 1 East 67th Street, New York.

Three fellowships have been offered by the Danish Government through the Ministry of Education. These include funds for a year of study in an institution of higher education as well as expenses to cover a short orientation course.

Since the number of supplementary award grants is limited, there can be no assurance of such aid to recipients of the above-described awards. Applicants should have funds, therefore, to pay their own travel and incidental expenses.

Gives Three

The Swedish Government is giving three fellowships through the Sweden-America Foundation. These awards are administered in the United States by the Institute of International Education and the American-Scandinavian Foundation. The stipends cover room, board and tuition expenses at a Swedish university. Candidates must pay for their own travel.

Preference is given to candidates under 35. Other eligibility requirements are: (1) U.S. citizenship; (2) bachelor's degree from an American college or university of recognized standing by the time of departure; (3) demonstrated academic ability and capacity for independent study; (4) good moral character, personality, and adaptability; and (5) good health.

Applications may be secured from the United States Student Department of the Institute of International Education. Closing date of the competition is April 1, 1955.

Cuban Study Is Offered

Competition for the Father Felix Varela Fellowship for study in Cuba is open to American graduate students, it was announced today by Kenneth Holland, President of the Institute of International Education, 1 East 67th Street, New York City.

Offered by the Cuban-American Cultural Institute, the award honors the widely-known Cuban educator who lived more than half his life in the United States as auxiliary bishop of Baltimore and New York.

The fellowship is good for study at the University of Havana during the 1955-56 academic year.

Date Is April

Closing date for the competition is April 1, 1955. The award covers tuition and most maintenance expenses. The successful applicant must provide his own travel and have a fund for incidentals and other expenses.

Candidates in the fields of philosophy, Spanish and Spanish-American literature, history, education, social sciences, and law are preferred. Preference will be given to students under 30 years of age not primarily interested in research.

Applicants must be U.S. Citizens. Their eligibility requirements are: (1) a Bachelor's degree from an American college or university of recognized standing by the date of departure; (2) demonstrated academic ability and capacity for independent study; (3) good moral character, personality and adaptability; (4) good knowledge of Spanish; and (5) good health.

Applications may be secured from the United States Student Department of the Institute of International Education.

Women can keep a secret as well as men, but it takes more of them to do it.

There was a young lady named Bright,
Whose speed was much faster than light,
She set out one day,
In a relative way,
And returned on the previous night.
- Cornell Widow

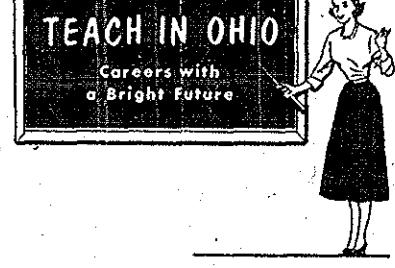

"Pop," inquired little Clarence,
"What am a millennium?"

"Doan you know what a millennium am, chile? It's jes' about de same as a centennial, on'y it's got mo' legs."

The married man has only one wife,
but the iceman has his pick.

"They call that couple over there the 'Teddy Roosevelts'."

"Why?"
"He's always rough and she's always ready!"

STUDENTS INVITED TO STUDY IN GUADALAJARA

For the third consecutive summer, the accredited bilingual school sponsored by the Universidad Autonoma de Guadalajara and members of the faculty of Stanford University will offer a varied program from July 3 to August 13. Courses will be given in art, creative writing, folklore, geography, history, language, and literature. \$225 will cover tuition, board and room. For more information, write to Professor Juan B. Rael, Box K, Stanford University, California.

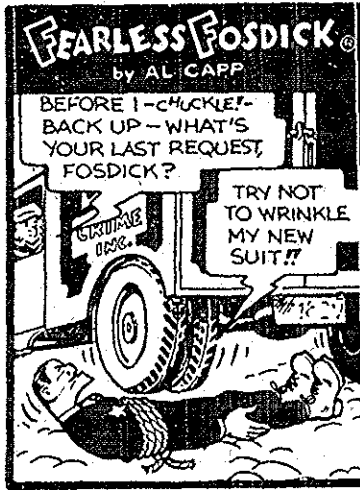

Professor of history: "Hawkins, when did the custom of men bowing and kissing ladies' hands go out of style?"

Hawkins: "When the men began burning their noses on lighted cigarettes."

Sgt: "I miss the old cuspidor since it's gone."

Pvt: "You missed it before - that's why it's gone."

Sign on a store: "Mother-in-law died. Closed for the Holidays."

L&M's Got Everything!

Janet Blair, Actress: "I have the fullest confidence in L&M's Miracle Tip... and L&M's taste so good, I made them my regular cigarette."

John Robert Powers, Creator of the Powers Girls: "I think L&M's filter is far superior to the others. Great smoke... wonderful flavor."

Patricia Morison, Musical Comedy Star: "I love L&M Filters. Never dreamed a filter cigarette could filter so thoroughly, yet taste so good!"

Stands Out FROM ALL THE REST!

STANDS OUT FOR FLAVOR. The pure, white Miracle Tip draws easy, lets you enjoy all the taste.

STANDS OUT FOR EFFECTIVE FILTRATION. No filter compares with L&M's Miracle Tip for quality or effectiveness.

STANDS OUT FOR HIGHEST QUALITY TOBACCOS, low nicotine tobaccos, L&M tobaccos... Light and Mild.

MUCH MORE FLAVOR - MUCH LESS NICOTINE

America's Best Filter Cigarette!
