Phys. Ed. Center Contracts Awarded

Contracts totaling nearly \$5 million have been awarded for the construction of YSU's new Beeghley Health and Physical Education Center, Dr. Albert L. Pugsley, University president, announced yesterday. The contracts, which were approved by the Offfice of Health, Education, and Welfare, do not include the cost of architectural fees.

The general contract of \$3,368,000 was awarded to the Youngstown firm of Joseph Bucheit and Sons, who are already in the process of moving equipment to the building site and marking off the ground, Other companies receiving contracts for construction were Scholl-Choffin Company, Youngstown, plumbing, heating and air-conditioning -\$1,129,000; Lake Erie Electric, Niles, electrical work -\$415,000; and Hasely Waller Company, Cleveland Heights, folding bleachers and moveable stage - \$87,843.

The University has set a completion date of December 1, 1971 for the structure, which is being financed by Federal, state and private funds.

The Center, which will house physical education classrooms, a 6,000-8,000 seat gymnasium, an Olympic-size swimming pool, plus various exercise rooms and offices, will be located on Urban Renewal property between

Grant and Spring streets, west of the present School of Education. A public groundbreaking ceremony will be held later this

month.

Letters To The Editor **Attacks Jambar Editorial**

To the editor of the Jambar:

After taking the time to read both your letter and that of Mr. Hettler, we must respond by agreeing with Mr. Hettler and his criticism of you and the Jambar.

First, we sincerely feel that! the investigation of the use of the student activity fee was a constructive move on the part of Mr. Hettler who we believe was doing his job as our elected representative by responding to requests of his constitutents.

Secondly, Mr. Hettler did raise a few questions which you chose to ignore. If the investigation was so worthless, why front page coverage and why print the results?

Thirdly, are you or are you not going to give Mr. Hettler a column? You conveniently forgot to answer that question also.

Fourth, as far as R.A.L. Hettler being in high school two years ago and not being on

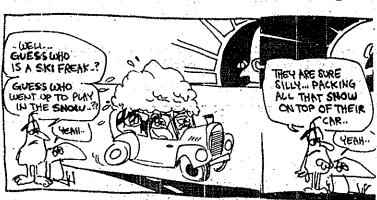

Council his freshman year, these are circumstances beyond Mr. Hettler's control and we believe vou used these as a cheap, degrading trick on your part. It seems to us that one of the few people around who take (sic) the time to care (and at times) stick his neck out is Mr. Hettler.

Fifth No doubt the Jambar has been instrumental in the institution of social service programs but isn't it funny that it wasn't until this session of Council, that action was taken. It was Mr. Hettler and elections chairman Don Leone who proposed new election rules, it was Mr. Hettler who introduced and then reintroduced the lowering of the grade requirement, Mr. Hettler was also a member of the committee that prepared the off campus housing commission, and he was the member of Council who presented it to Council. Therefore Mr. Hettler has been doing his job as our representative.

Finally we do not believe Mr. Hettler claimed personal credit for these programs, but we do believe he was instrumental in their passage through Council. It seems to us that at a time when Pete Isgro criticizes certain members of Council for inactivity we as students and you as editor of the Jambar should cooperate with one of the few students who is trying to do his job bysupporting Mr. Hettler.

Thanks Expresses

To the editor of the Jambar:

I wish to express my deepest thanks to all the students who use the cafeteria for their thoughtfulness in keeping the aisles cleared, thus making it easier for the busgirls to get on with their work.

Since my return from the hospital, I have noticed a great improvement in the efforts of the students to eliminate clutter. We are now able to make faster

progress in keeping the tables neat and clean.

I would like to make one request. Please do not write on the tables. It necessitates the use of bleach, which is very hard on our hands.

I enjoy working among the students and appreciate all their efforts to cooperate with me.

Replies To Connelly Letter

To the editor of the Jambar:

In the first place we're glad. that our letter broke your heart because yours broke our hearts too. Even if we could lift the heavy steel that poor liftle you lifts we wouldn't be hired because we're ladies.

In the second place it is Mrs. Kuzman's daughter who makes \$1.25 an hour, not us. We listed her wage so you would know why she couldn't help out at home. We make \$2.00 gross an hour (we don't clear that much).

We were not trying to answer Mr. Connelly's question. We were merely trying to let him know that using the grounds to be able to register early. That is not true.

We don't know why we're so "special." We don't make the rules. Let's face it Mr. Connelly, there are fringe benefits with every job. If Westinghouse was interested in some kind of an educational program, we're sure that their employees would be given first consideration.

As far as "sitting on our backsides and crying" goes, you're the one who shed the

that we couldn't be working for first tear. We just wanted to let a living as a reason why we you know that if you want shouldn't be given special per- special permission to register mission to register early was a early you have to give up a few wrong. He was implying that the things. If you'd rather "type and only reason we worked here was file" why don't you apply for a job here? We're sure you could brighten any office.

We don't want peace, Mr. Connelly. We'll cry over your heavy steel and your later registration and you can cry over our being underpaid. We'll still register early and you can still ask your earthshattering question.

Where Did Cash Come From?

To the editor of the Jambar:

It appears that the university has seen fit to appeal to the educable level of the vast majority of the students here at YSU by confronting them at the level which they have proven to exist upon. In keeping with the registration procedures of requiring all students to fill out a class schedule prior to registering in order that the student will not register for two classes at the same time, it seems fitting and proper that the university should construct a sandbox for the students to release the tensions incurred in the registration processes.

But on a more serious note it seems that this sandbox is even-

tually to become an ice skating rink, that will not leak. How nice! I wonder how mahy of these students are really interested in an ice skating rink. How much did this water-proofing cost us, the students, and how many of us will use this ice skating rink? Finally, how many students at this fine institution care enough to find out where this money came from to provide for this rink and if, this money could have been used to provide for a more appropriate resource for the personnel growth that a "52% of the students polled were most concerned with"?

To the editor of the Jambar:

It is with some understanding that the Editor of the Jambar has written an editorial suggesting inactivity within the realm of Student Government. However it must be understood by the members of the Student Body that Student Government has not been inactive during the last eight weeks, perhaps the lack of publicity and coverage is responsible for this misconception. I, as Student Government President, realize that the purpose of the editorial written on Nov. 18th, was to stimulate and to motivate Student Government toward progressive action as well as progressive thought. We appreciate your comments, however it is our desire to communicate to the members of the Student Body some of the activities and goals of Student Government.

During the past 8 weeks the members of the Executive Branch of Student Government with the aid of Student Council have been working towards goals established at the beginning of the academic year. The search for qualified and interested students has resulted in the lowering of the grade requirement, an investigation into the cost of the rental of cafeteria facilities resulting from labor fees has resulted in a recommendation by the Executive Branch to the Financial Aides and Scholarship Subcommittee that the possibility of increasing Student Labor and the no. of Student employees; in the area of registration, through our efforts more faculty names have been listed in class schedule catalogs; in the area of teacher evaluation a committee has been formed, the questions choosen, and a finalized format will be presented to the Student Body at the beginning of next quarter; in the issue of housing, an off campus housing commission has been created and last week it presented to the Univ. Admin. its recommendations - as of yet we have not received a reply; although it is generally realized that the 1969 Homecoming was a success, a number of problems did exist, the weekend has been evaluated and new procedures will be initiated for the benefit of the Student Body, one possibility being holding a double concert; further progress is being made in curriculum development, student services

As of yet I still can not follow the logic behind your personal attack on Chuck Hettler in regards to his letter of Nov. 25th. Chuck is one of the few Council Members who is actively concerned with the problems facing Student Council and Student Government. Chuck is very dedicated to his work as representative at large, and anyone who would take the time to examine Chuck's record on Council would soon agree. I can not understand how Chuck or any other student should be personally attacked because of their lack of knowledge about editorials that have appeared in past Jambars. Could you in turn, if your logic follows be held responcible for Student Council minutes of two or three years ago, especially if you were not involved in these particular activities????? Why crucify a person for trying to do his job?

In my opinion, the relationship between the old Student Council and the new Student Government with the Jambar has been one of complete antagonism and lack of total cooperation. This can be seen quite readily by citing a few examples: as Pres. of Student Government I asked a member of your staff if there could be placed in the Jambar an article concerning the resignation of Robt. Lackey as Sec. of Special Projects and also to inform those interested students that applications are befng accepted for that position; also two weeks ago I was interviewed by a member of your staff in regards to the Faculty Evaluation Program and as of yet NEITHER of these have appeared in the (Continued on page 8)

Social Critic To Speak On Contemporary Scene

Social critic and novelist Nat Hentoff will relate his personal experiences regarding key figures and forces in the contemporary scene when he appears as the third lecturer in the Youngstown State University Artist Lecture Series, at 2 p.m., Tuesday, December 9, in Strouss Auditorium.

Speaking on "Connection Into Our Time," Hentoff's frame of reference encompasses Che Guevara, John Lindsay, Janis Joplin and Malcolm X, while his discussion will center on the directions and intensity of current issues and today's activity toward change.

Also known as an activist and music critic, Hentoff is a pungent and provocative analyst who contributes regularly to a wide range of periodicals including Playboy, The New Yorker, Commonweal and The New York Times.

A "prolific and skillful

writer," according to Newsweek magazine, Hentoff's fiction includes Call the Keeper, Onwards Jazz Country, and I'm Really Dragged but Nothing Gets Me Down.

Among his non-fiction works are The New Equality, Our Children Are Dying, Peace Agitator, A Doctor Among Addicts, and The Jazz Life.

He spent nine years gathering material for the recently published profile, A Political Life: The Education of John V. Lindsay, in which he focuses on the question "are the cities morally governable?"

Recently completing a de-

finitive history of dissent in America, he is currently engaged in a study of the postcollege alternatives of humanism versus professionalism. Educated at the Boston Latin

School, Northeastern University, Harvard University, and the Sorbonne, Hentoff has presented his challenging and arresting viewpoints to audiences throughout the country.

The lecture is free and open to the public.

without renewing them. Miss Barsodi, who is a library employee, stated that since many books are kept even longer than a quarter, faculty members "are making a library in their own homes." She said the university should "change the system to the same rules as students have to obey by the loth week of Winter quarter."

The current student rules which Miss Barsodi would like to have extended to cover faculty members include a two week

replacement fine for lost books.

Miss Barsodi also introduced
a motion to "remove Pete the

Other Council members felt otherwise and said so. Council member Don Leone said, "He doesn't look like he's suffering to me." Council member Mike Marquad argued that all the money spent on Penguin equipment should not be let to go to waste and "we should at keast keep him until its (equipment) depreciated."

Vikings for Cage Debut

Youngstown State University's Penguins open their 1969-70 basketball season tomorrow when they battle Cleveland State University at 8 p.m. in the newly-built Austintown Fitch field house.

As of now, no one has indicated in workouts that they will be a stickout in getting points. Balance is the
