BOOKBEAT -- Students hoping to beat the high cost of books can follow Bettie Castor's example and lay in a supply before the cold winter months set in again. The book selling and buying is sponsored by Alpha Phi Omega. Attendants like Bill Fahringer (l) will be around all week to help beat the high cost of inflation.

Forecasts election plans--

Council ratifies re-apportionment

Student Council yesterday afternoon forecast plans for spring quarter elections, to Council, Student Government, and Student Senate offices.

In a session cut short for lack of a quorum, elections Committee chairman Rick Kost presented for Council's ratification a proposed re-apportionment of Council seats. The motion to redistribute seats was carried, and will guarantee three seats in the School of Education, six Arts and Sciences seats, five seats in the School of Business Administration, one seat each in the Dana School of Music and Engineering School, six new memberships in the Technical and Community College, and three seats for representatives-at-large.

According to estimates made by Kost and Council chairman Skip Davis, 17 Council seats, two offices in Student Government, and 12 memberships on the Student Senate will be on the ballot sometime near the end of April. Originally set for April 16 and 17, elections have been post-

poned for almost two weeks "in order to hand out petitions, and check for student eligibility," said Kost.

Full-time students considering running for an office can pick up petitions in the Student Government office in Kilcawley. Petitions need 50 signatures to enable a student to have his name included on the ballot.

A referendum calling for proportional representation of Graduate school students on Council will also appear on the ballot. A complete listing of open seats in each school will be published in Friday's *Jambar*.

Spring quarter also brought a flurry of financial activity on the Council floor, including a call by Joan Kraynanski for \$1720 of Council's work fund to pay assistants at the University Day Care Center. Kraynanski estimated that new day care facilities, located in St. John's Episcopal Church, will probably be used by more than 50 mothers "when it reaches its maximum capacity." She justified her claim on the

funds by saying that work at the day care center constitutes practical experience in early childhood education and child care.

The \$1720 will be paid as salaries to assistants over a period from April to August. Kraynanski's motion was passed in a near-unanimous decision.

Announcements by Student Government president Tom Montgomery included a reminder to students that Alpha Phi Omega fraternity will be conducting their book buy and sale in the lobby of the Engineering-Science building all this week and that students may set their own prices on books.

Rick Kost, also chairman of the Inter-fraternity Council, announced to the *Jambar* plans for the showing of "Camelot" at 8 p.m. Saturday, March 31, in the Kilcawley cafeteria. A \$.50 donation by students will go to the University Free Clinic, Kost noted. "Camelot is being presented here by the IFC in conjunction with the Major Events Committee.

Day Care Center opens in St. John's Church

The University-Community Day Care Center opened yesterday in the basement of St. John's Episcopal Church across Wick Ave. from Jones Hall, informed Joan Kraynanski, Student Council representative.

The Center is open Monday through Friday from 7:30 a.m. to 5:30 p.m. Lunch is served at noon with early morning snacks also being disseminated.

Most funds will be accrued from payments for services rendered. Of the deficit, two-thirds of the Center's monies are being provided through the joint efforts of Student Government/Student Council, Community of Concern, and the Student Volunteer Bureau. The other third is being contributed by the community mothers participating.

The cost of the Center's services, according to Kraynanski, is

fifty cents per hour for the first child and twenty-five cents for each additional child for YSU students.

Kraynanski emphasizes that the Center has "a State license and meets City and County regulations," adding the prognosis that the Center "will maintain maximum capacity once off the ground."

Volunteer teacher aids are desired in language development, math, science, and geography. Those with talents in music, art, and the like are also invited to participate. The Center also needs art and educational materials.

All those willing to contribute as well as anyone with questions regarding the Center's operations are asked to telephone the Student Council Offices at 746-1851, Exts. 309 or 320.

Clark Kerr to give address in Skeggs Lecture Series

Dr. Clark Kerr, professor of economics, professor of industrial relations, and research economist at the University of California, Berkeley will appear as a Skeggs Lecturer at Youngstown State University at 8 p.m., Friday, April 6, in Powers Auditorium.

He will be the 15th Skeggs Lecturer since the lecture series was established in 1966.

Dr. Kerr served as president of the University of California from 1958 until 1967, a period of growth and turbulence within the institution. Under his guidance, UC expanded from two general campuses to nine, and its enrollment doubled; Berkeley's graduate schools became the standard by which others in the country were measured. His administration experienced the Berkeley 'sitins' of 1964, violent student demonstrations, and mass student arrests.

An advocate of academic freedom, Dr. Kerr received a bachelor of arts degree from Swarthmore College, a master of arts degree from Stanford University, and a Ph.D. in economics at the University of California. He was a Fellow of the American Friends Service Committee (Study at London School of Economics and

Graduate Institute of International Relations in Geneva) and Newton Booth Fellow of the University of California at the London School of Economics.

The recipient of 21 honorary degrees, he has served as the Godkin and Pollak Lecturer at Harvard, the Marshall Lecturer at Cambridge, Patten Lecturer at Indiana University of Ghana, and Gandhi Memorial Lecturer at the University of Nairobi.

Currently chairman and executive director of the Carnegie Commission on the Future of Higher Education, he has had vast experience.

Graduates

Graduating students of the Technical and Community College who plan to graduate at the end of Spring quarter must complete formal application for graduation which they may obtain from the departmental secretary. They must also pay their \$20 fee to the Burser's office by 11 a.m. Sat., Mar. 31.

Group Experience

Any student interested in participating in a group experience should contact the Counseling Center at 615 Bryson Street or call extension 461.

Zeta Tau Alpha

Zeta Gamma Chapter of Zeta Tau Alpha social sorority recently installed the following new officers, President, Jackie Finn; Vice-President, Judy Barrett; Secretary, Evie Kun; Treasurer, Margie Jones; Ritual, Carol Mastromatteo; Historian, Judy Sakely; and Membership, Pam Wunderlich.

Delta Mu

The Delta Mu chapter of Phi Mu sorority recently installed new officers during a candlelight ritual ceremony.

Those installed were Daria Anderson, President; Sue Blice, Vice-President; Nancy McIntire, Treasurer; Lucy Anness, Recording Secretary; Andrea Bartos, Corresponding Secretary; Claudia Anderson, Pledge Director; Sharman Simon, Membership Director; and Debbie Frazzini, Panhellenic Delegate.

Fry Article

Dr. Gary F. Fry, assistant professor of sociology and anthropology, has had his article on "Radio Carbon Dates from Utah" published in the journal "Southwestern Lore."

The paper is a summation of over 150 carbon-14 date determinations collected from various archeological sites in Utah.

Dana Recital

The YSU Dana Concert Series will present a junior recital by Norman Wurgler, tenor, and Merrill Espey, bass, Thursday, March 29, at 8 p.m. in the Dana Recital Hall.

Espey will perform Handel's "Why Do the Nations," from "The Messiah," and Schubert's "Am Mer" and "Die Nebensonnen," while Wurgler will present Schubert's "Der Jundling an der Quelle," "Ich liebe dich" and "der Kuss" by Beethoven, and Faure's "Nell" and "Automne."

NY Trip

Omicron Lambda is sponsoring an open weekend trip to New York with a bus leaving Youngstown on Friday, March 30, and returning Sunday night, April 1. Further information may be obtained from the Biology office, Room 406, Ward Beecher.

Orientation Seminar

The YSU Student Teaching Office will hold two orientation seminars for all principals and teachers cooperating with YSU student teacher assignees for the spring quarter.

Each seminar will require approximately 1 1/4 hours and are scheduled for 4 and 7:30 p.m. Thursday, March 22, in Rooms 101 and 102 of the School of Education.

Career Seminar to be held for Business Administration majors

A Career Seminar in Business Administration, sponsored by the Office of Student Affairs in conjunction with Panhellenic and Inter-Fraternity Councils, will be held from 7 to 10 p.m., on Thursday, April 5, in the Kilcawley Faculty Lounge.

The program is designed for YSU students who are either cur-

Dr. Ringer sets Beeghly schedule for recreation

The schedule for the recreational use of Beeghly Center for Spring quarter has been announced by Dr. Lewis B. Ringer, chairman of Health and Physical Education. The schedule is valid from March 26 until June 2.

The pool will be open for current students, faculty and staff, Monday through Friday from noon to 1 p.m. On Tuesdays and Thursdays from 5:30 to 10 p.m. On Friday evenings from 7 p.m. until 10 p.m. the pool again will be available.

Immediate families
The immediate families of full service staff, faculty and married students may use the pool on Tuesdays and Thursdays from 5:30 p.m. to 10 p.m. and on Saturday from noon to 3 p.m.

The weight room is available on Monday, Wednesday and Friday from noon to 1 p.m.; Monday through Thursday afternoons from 3 p.m. to 6 p.m. On Monday and Wednesday evenings the weight room is available from 7:30 p.m. to 8:30 p.m.

Short deck
The short deck is available on Monday from 7:30 p.m. to 10 p.m.; Tuesday from 4 p.m. to 10 p.m.; Thursday from 4 p.m. to 6 p.m.; Friday from 4 p.m. to 6 p.m. and Saturday from 9 a.m. to 2 p.m.

The gymnasium is available on Monday from 4 p.m. to 10 p.m.; Wednesday from 4 p.m. to 6 p.m.; Thursday from 4 p.m. to 6 p.m.; Friday from 4 p.m. to 6 p.m.; Saturday from 9 a.m. to 2 p.m.

Long deck
The long deck is available on Monday, Wednesday and Friday from 4 p.m. to 6 p.m.; Tuesday and Thursday from 4 p.m. to 10 p.m.; Saturday from 9 a.m. to 2 p.m.

Exceptions for the times the decks and gym are available are as follows: April 2, 4, 5, 9, and 10 from 4 p.m. to 5 p.m. On April 7 from 8 a.m. to noon the gym and decks will be closed.

The handball and squash courts are available from 8 a.m. to 10 p.m. with the following exceptions; Monday and Wednesday from 1 p.m. to 2 p.m. and on Tuesdays and Thursdays from 9 a.m. to 10 a.m. Saturday from 8 a.m. to 3 p.m., the handball and squash courts are also open.

rently enrolled in the School of Business Administration or for those who are considering Business Administration as a major.

Faculty and community members attending the program will represent Accounting, Advertising, Management, Marketing, Public Relations, and Retailing, along with some local business concerns, among which will be United Steelworkers, Youngstown Sheet and Tube, G.F. Industries, Dollar Bank, and McKelvey's and Strouss' Department Stores.

The evening's speaker will be Dr. George Letchworth, director of the YSU Counseling Center, whose topic will be on selecting appropriate professions.

Handout materials related to job interviewing, development of resume sheets, and general guide-

lines for filling out application forms will be available.

The purpose of the program is to inform students about the kinds of job opportunities that are available in their particular area, possible job locations, potential working conditions, and projected salary ranges for various positions.

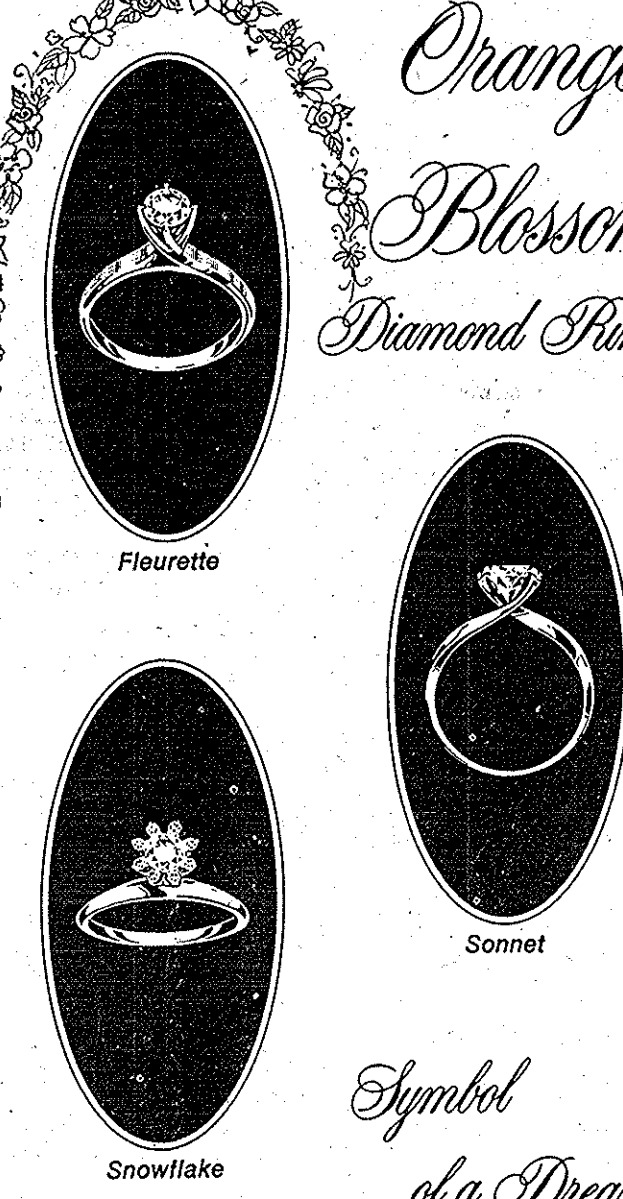

Information on course requirements and appropriate minor fields will also be available.

For further information concerning the program, interested persons may contact Patricia Bleidt, Assistant Dean of Student Affairs, extension 248.

FANTASTIC OPPORTUNITY

Al Corp. has openings for 8 sharp guys & gals to enter into a fantastic promotional sales opportunity. Looking for people who want to work long hours and receive high pay. For personal interview call Mr. Davis at 747-8732 or 747-0212. 9 a.m. to 2 p.m. daily.

Newburn speaks on "Est Est Est" at YSU Winter Commencement

Dr. Harry K. Newburn, professor of education at Arizona State University and formerly acting president of Cleveland State University was the principal speaker as YSU awarded 887 degrees to master, bachelor, and associate degree candidates at the third Winter Commencement exercises held at 10 a.m. last Saturday in Beeghly Center.

Dr. Newburn, who has more than thirty years administrative experience in higher education, addressed some 5,000 persons on the topic "Est Est Est."

President of the University of Oregon from 1945 to 1953, Dr. Newburn served as consultant to the Ford Foundation until 1958 and was the first full-time president of the foundation affiliated Television and Radio Center, "established to develop the educational network for television and to provide program service for its member stations throughout the nation."

Dr. Newburn recently returned to faculty status at Arizona State University after his fifth college presidency and more than two decades of service as either a university president or college dean.

Among the candidates seeking nine undergraduate degrees, 653 received a bachelor's degree; 245 received a bachelor of science in business administration; 155 a bachelor of science in education; 150 a bachelor of arts degree; 50 a bachelor of engineering; 41 a bachelor of science; and 12 received a bachelor of music degree.

Of the 60 candidates receiving five masters' degrees: 34 received a master of science in education

degree; 10 a master of science in engineering; nine a master of science degree; five a master of arts; and two a master of music degree.

The associate in applied science degrees numbered 119; the associate in applied business degrees were 52; and four associate in arts degrees were awarded for a total of 175 associate degrees.

The graduating class of the third Annual Winter Commencement exceeded last year's graduating class by more than 100.

Landscape firm named

The Columbus firm of Labrenz, Brown and Riemer Landscape Architects, Inc., has been named as the landscape architectural firm which will aid in developing a comprehensive landscape plan to coincide with construction of new buildings on the YSU campus.

The firm will evaluate the various natural campus conditions and formulate a landscape design for consideration by a 14-member Advisory Committee for Campus Landscape Planning.

Using the approved design program as a base, the architects will prepare a schematic master

plan of how the campus should look. This plan will identify major and minor spaces, pedestrian and vehicular circulation, lighting, signs, irrigation systems and possible focal points for information centers, sculptures and points of primary interest.

In addition, the firm will prepare an in-depth design development of a specific portion of the site enclosed by Fifth, Wick, Lincoln and Madison Avenues, including the location of the proposed Music and Fine Arts building at the corner of Wick and Spring Street.

IMPORTANT DATES

Last Day for Class Adds and Section Changes	March 32, Sat. 1100
Last Day to Apply for Spring Quarter Graduation	March 31, Sat. 1100
Last Day for Withdrawing with Grade of "W"	May 5, Saturday 1100
Legal Holiday—No Classes	May 28, Monday
Final Examinations Begin	June 4, Monday 0800
Final Examinations End	June 9, Saturday
Spring Commencement	June 16, Saturday 1000

ACT and GRE Tests

YSU's Counseling and Testing Center will administer an American College Test (ACT) and a Graduate Record Examination (GRE) both on Saturday April 28, with the registration deadline for the ACT Monday, April 2, and for the GRE Tuesday, April 3.

The ACT fees are \$6.00 for national and \$7.00 for residual, while the test fees for the GRE are \$9.50 for the Aptitude Test and the same for One Advanced Test.

Registration forms for the tests are available at the University Counseling and Testing Center at 615 Bryson St.

There will be one more ACT and GRE test dates later this summer, along with an Admission test for Graduate Study in Business.

Wounded Knee

The vast majority of U.S. citizens experience some token empathy with the plight of the American Indian. By golly, even a few people have come to regret the imperialism and absurdity of Manifest Destiny and the subsequent decimation of the Indian peoples. The Indian massacres of many moons ago must not, however, be viewed as isolated historical misadventures, rather we must transfer our empathy for the mistakes of the past into a constructive mentality regarding present day problems of the Indian peoples.

The Indian's problems include a higher death rate than the national norm, a higher occurrence of alcoholism, lower educational achievements, and consequently a lower degree of literacy than the U.S. averages. We recommend that the Administration recognize these problems and in turn aid the Indians not as another of this land's minorities, but as the sovereign people that the Indians are.

Nearly 400 treaties with the Indians (most of which have been abrogated), were pacts between sovereign nations. We should recognize that the Indian nations are foreign powers that should be dealt with accordingly.

Presently, at Wounded Knee, South Dakota, members of the American Indian Movement (AIM) are entering the fifth week of negotiations with the American government regarding AIM's "seige" of the village. Let us hope that the U.S. negotiators will recognize the de jure independence of the American Indians and negotiate sans forked tongue.

It is time for the American government to veer away from a paternalistic attitude in foreign affairs. Such a philosophy serves as one of the prime excuses in the Indo-China conflict. The same rationale is present here and unless we wish to enter into another quagmire because of misguided and unrealistic policies, the Indian peoples should be treated as sovereign entity and not behaving wards of the government.

Feedback...The Readers React

Urges students to practice ecology

To the editor of the *Jambar*:

I am a student at YSU who is very concerned about the appearance of our environment. I bring to attention the numerous amount of either abandoned or no longer useable vehicles that clutter our community due to the owners carelessness and inconsideration of those who attempt to practice ecology.

I would like to explain to those people that they can participate in beautifying our environment by disposing of these cars. This can be done by contacting a scrap yard who would gladly remove the vehicle and would also reimburse the owner for the cars value. By doing this the owners are profiting while contributing to the cleanliness of the city. I feel that it is the responsibility of

the community to make the situation aware to those guilty and to help in seeing that these type of pollutants are exterminated.

Education

Cites solution to book resales

To the editor of the *Jambar*:

The prices are going up and the people are liking it less. YSU has a problem which can be solved.

The University doesn't supply books for the students at a cost which would be reasonable. No, the students must buy books and other miscellaneous articles at the small variety of stores which retail merchandise at a high price,

and if the student wishes to resell the books to them, they offer an unreasonable low price. I tried to sell a book that I had never used to a certain store. The book cost me six dollars. They wanted to give me a dollar for it. I know that they are a business and must generate a profit in order to survive, but should they survive at the expense of the students?

What is the answer? I believe that if the *Jambar* (the student's

paper), would take one issue to print all the names of the students, with the books they are selling, price, and phone number, this information would be turned in at registration. I hope that by doing this, we could save some money.

Touts tickets for talent

To the editor of the *Jambar*:

C.O.M.A.C., the Community Organization for Motivation, Achievement and Communication, will hold its First Annual Black Renaissance on Saturday May 5, 1973 from 7-10 p.m. at Turner Junior High School on Mahoning Avenue in Warren. Host and hostess for the program

will be Mr. Marvin Brown of Warren and Mrs. Margaret Linton of Youngstown. Guests for the program will be members from C.O.M.A.C. in Geneva, New York.

The Black Renaissance will be a variety program displaying Black talent from Youngstown, Toledo, and Warren. Featured will be gospel singing, paintings,

dance routines, poetry, comedy, popular songs and famous words.

Tickets for the event are \$1.25 for adults and \$.75 for children. For more information please contact Gerald Evans at 399-7464, or Marvin Brown at 399-7989 or James Stringer at 399-3347.

MUSIC

Byrds of a feather

by N.L. Bush

A suspicious looking man approaches a young hipster at a local mall. "Hey hippie, wanna buy a watch, only five bucks?"

"No thank you sir," the hipster replied. Clad in a pair of blue jeans with many outrageous patches, the youth gave the appearance of being a mid-sixties Bohemian. "I'm going to spend my last five dollars on the new Byrds album."

"It's got all the original Byrds, such stars as Roger McGuinn, David Crosby, Gene Clark, Chris Hillman, and Michael Clarke. All the originals. And there was a time when they were the best, but they split up about five years ago and this is the first time they've been together since."

The suspicious looking man replied with a question. "Why did they split up in the first place?"

The young hipster replied, "Well you see, they couldn't work it together and Crosby

ended up in and out of Crosby, Stills, Nash and Young. McGuinn kept a band of "Byrds" together, but they ended up being a very mediocre band, so now all the originals got back together for this album."

The suspicious looking man was now even more puzzled. "What happened to Hillman?"

"Well," the slightly hirsute Bohemian responded, "he was in the Flying Burrito Brothers, a real country band, and then he was in Steve Stills' Manassas band. Chris Hillman has never been in a bad band."

The "suspicious looking man was now really perplexed. "Why would you rather have that album than this seventeen-jewel watch? It's waterproof, shockproof, and dustproof."

"This album has some real great songs on it, new compositions by the originals. There's also Neil Young's "Cowgirl in the Sand" and "About to Rain," and Joni Mitchell's "For Free."

There's two brand new songs by Gene Clark and two by David Crosby."

The suspicious looking man then asked, "What about McGuinn?"

"Oh, he hasn't been this good since *The Notorious Byrds Brothers*, the best Byrds album. He does an actual rock song for the first time in years, "Born to Rock and Roll." It's a real good song. As a matter of fact, this is the best record to come out in a long time. I sure hope they do some more records together."

The suspicious looking man was now very excited. "I'd really like to hear that album, but if you don't buy this watch, I can't afford to buy it."

The hipster then made an offer to the suspicious looking man. "I'll tell you what. I'll go buy the album, and you can come over to my place and listen to it, and have a beer if you'd like."

"But I don't drink," the suspicious looking man replied.

39 courses offered this spring by dept. of continuing education

The department of continuing education at YSU has scheduled 39 non-credit and one credit course for spring quarter, covering a wide variety of topics such as women in America, American Indians, gold, scuba diving, and lawn maintenance for home owners.

Fees, starting dates and times of classes vary with each course, but the majority of classes are offered in the evening. Registration may be done in Room 213, Engineering Science building, from 9 a.m. to noon, and 1 to 5 p.m., prior to the start of classes.

According to Dr. Lawrence E. Looby, associate professor and chairman of the department, the courses are designed for mature adults and are interesting challenging learning experiences of University level and quality.

Offered on Mondays, beginning April 9, is Women in America, covering social mythology, literature, history of feminism and the Women's Liberation Movement; How to Know and Buy Gemstones is a survey including gemstone antiquity, identification and precautions for buyer, and history of gems. Basic Rifle Marksmanship presents fundamentals of firearm safety and marksmanship, with no prior experience necessary; Preparing Your Own Visual Media is designed for the photo, slide and film enthusiast; Photography; and Techniques of Officiating Women's Gymnastics.

Also beginning that day is a course in American Indians, which provides an accurate and detailed picture of various North American Indian groups; The Computer and Society is a survey of computer equipment and programs covering the role of the

computer in business, government and education; Interior Design and Golf I.

Beginning Monday, May 7 is Violin and Viola Construction and Repair which teaches how to dress fingerboards, fit bridges and pegs, and glue cracks in violins.

Scheduled for Tuesdays, beginning April 10, are Geologic Explanations of the Formation of Major Parks (Yellowstone, Glacier, Grand Canyon, Yosemite and others); German-conversation and Culture I, a fun course providing knowledge in understanding, reading and conversing in the roles of a shopper, diner, traveller and tourist; Introduction to Chinese Culture is a survey of the culture of the world's oldest and most populous nation; Public Relations for Professional and Volunteer Groups; Jewelry Design; and Speed Reading.

Offered on Wednesdays, beginning April 11, will be Advance Blueprint Reading for the Building Trades; Proposal Writing and Curriculum Evaluation for those engaged in the planning and evaluation of the school program; Metaphysics will deal with ESP, reincarnation, dreams, witchcraft, yoga and mysticism; Scuba Diving Aquatic Course will be held in the Beeghly pool; Intermediate Watercolor; Landscaping and Lawn Maintenance for Home Owners includes planning the landscape, soil conditioning, lawns and pruning; Secrets Handwriting Reveals; Problem-Oriented Medical Records System offers a method of daily continuing education for nurses and the health team; and History of the Mahoning Valley.

Offered Thursdays, starting April 12, are Blueprint Reading, Interpretation of Mechanical Working Drawings; Great Books

discusses in depth great novels and plays of this century; Beginning Italian; Real Estate Law; Basic Auscultation covers proper use of stethoscope, diagnostic procedures, terminology and interpretation of basic heart sounds and murmurs; 20th Century Art from 1925 surveys important movements and artists in painting, sculpture and architecture; The United States and World Affairs; and Accounting for Non-Accountants.

Four courses will be offered on Saturday mornings: Swimming for Elementary School Children; Swimming for the Pre-Schooler; and Certified Electronic Technician, which is preparation for the associate and journeyman rating in consumer electronics. Those will begin April 7 and beginning May 5 is Sailing for Beginners.

A course in Real Estate Principles and Practices will be available on Tuesdays and Wednesdays, beginning March 27 and March 28. It is designed to comply with new regulations enacted by the Ohio General Assembly.

The credit course being offered this quarter is Business Technology 603: Introduction to Real Estate, which covers its organizational operations, ethics, civic responsibilities, marketing function and economic impact. The course is offered on Tuesdays and Wednesdays, beginning March 27 and March 28, and is for three hours credit.

The department of continuing education welcomes ideas concerning courses and topics which could be offered in the Adult Continuing Education Program.

For further information regarding the courses contact the department, 746-1851, Ext. 482.

Modern metallurgy set for topic of special seven week course

The Mahoning Valley Chapter of the American Society for Metals, in cooperation with the department of continuing education at YSU is holding a series of seven special classes on "The Role of the Metallurgist."

The course, which will be held for seven consecutive Tuesdays began March 20 and will end May 1. Classes will be held at 7 p.m. in Schwebel Auditorium of the Engineering and Science Building.

Topics and Speakers
Topics and speakers are as follows: "The Metallurgists and Top Management" - Dr. Karl Fetters; "Research and Development Metallurgists" - Dr. Donald Babcock; "The Metallurgists and Specifications" - William Beachler; "Metals and Alloys for Use in the Attic" - Sol Gertsman; "The Production Metallurgists" - John Halase; "The Metallurgist in Sales and Technical Service" - Russell

Wiandt and Larry Hune; and "The Metallurgist in Education" - Dr. Victor Richley and Professor John Terlecki.

Guest lecturers
The guest lecturers and discussion leaders have been affiliated with the Mahoning Valley Chapter for a number of years and will be relating their personal experiences to the subject.

The purpose of the courses is to acquaint the unacquainted with the various fields the modern metallurgist may direct his interest and talents. The intimate details as well as the broad areas which these stimulating fields encompass will also be examined, and to present the challenge which confronts the budding metallurgist in a particular area and how solutions may be found. It is not possible to cover the scope of metallurgy or even one area in an evening; however, interest may be

generated to further stimulate inquiry into this area.

Upon satisfactory completion of the course and attendance at a minimum of five lectures, a certificate supplied by the National Office of the American Society of Metals will be awarded to each participant.

Officers
Mahoning Valley Chapter officers are Somers H. Endicott, chairman, Larry E. Hune, vice chairman, Alton H. Wise, secretary-treasurer, and Ray Knight, assistant secretary-treasurer.

The Education committee is composed of James E. Phillips, chairman, Albert (Bud) Roth, and Howard Karr.

All course inquiries should be directed to either Dr. Lawrence Looby, chairman of the department of continuing education, or John Terlecki, supervisor of metallurgical technology at YSU.

"Millie" starts film festival

Theatre YSU will sponsor a series of award winning films beginning today and running until Saturday, March 31.

For today, "Thoroughly Modern Millie" will be shown featuring Julie Andrews and Carol Channing.

A double feature is slated for Wednesday. "Carnivale" a Dutch film with music by Simon and Garfunkle and songs from "Lion in Winter," and "Member of the Wedding" starring Julie Harris, Ethel Waters and Brandon de Wilde will be shown.

"Raisin in the Sun" will be shown on Thursday.

On Friday, the documentary "America, America" by Elia Kazan will be shown.

Concluding the week-long film festival will be the most acclaimed Soviet film of all times, "The Cranes are Flying." This film was awarded the grand prize for the best picture and Gold Palm for the best director and actors at the 1957 Cannes film festival.

All performances will be held at 8 p.m. in Strouss Auditorium of Jones Hall and are free and open to the public.

LOSE 20 POUNDS IN TWO WEEKS!

Famous U.S. Women Ski Team Diet

During the non-snow off season the U.S. Women's Alpine Ski Team members go on the "Ski Team" diet to lose 20 pounds in two weeks. That's right - 20 pounds in 14 days! The basis of the diet is chemical food action and was devised by a famous Colorado physician especially for the U.S. Ski Team. Normal energy is maintained (very important!) while reducing. You keep "full" -- no starvation -- because the diet is designed that way! It's a diet that is easy to follow whether you work, travel or stay at home.

This is, honestly, a fantastically successful diet. If it weren't, the U.S. Women's Ski Team wouldn't be permitted to use it! Right? So, give yourself the same break the U.S. Ski Team gets. Lose weight the scientific, proven way. Even if you've tried all the other diets, you owe it to yourself to try the U.S. Women's Ski Team Diet. That is, if you really do want to lose 20 pounds in two weeks. Order today. Tear this out as a reminder.

Send only \$2.00 (\$2.25 for Rush Service) - cash is O.K. - to Information Sources Co., P.O. Box 982, Dept. ST, Carpinteria, Calif. 93013. Don't order unless you expect to lose 20 pounds in two weeks! Because that's what the Ski Team Diet will do! This diet has been highly commended by SPORTS ILLUSTRATED magazine (Jan. 4, 1971).

Any student who fails to sign up for this NEON will not receive a refund from his general fee.

Geography dept. plans completed for European summer program

Plans are now finalized for the YSU geography department's 32-day Summer European Area Studies trip which will leave Youngstown July 28 and return August 31, covering five countries and seven cities.

The tour will start with five days in Rome and four in Florence. Next will be a five-day stop in Lucerne, Switzerland, followed by three and four days each in Bingen and Cologne, Germany. Another five days will be spent in Amsterdam, Holland, finishing up the tour with six days in London.

The cost of the tour, which includes airfare, all land transportation and breakfast in each city, taxi fare between trains and hotels, and hotels and airport, will run approximately \$650. The departure and arrival point will be Youngstown. The tour fee does not include tuition and fees assessed by the University.

Students are to register for Geography 800 European Area

Gray selected by national geology assoc.

John D. Gray, a senior geology major at YSU and president of the Geological Society, has been selected as the top student from Miami (Ohio) University's geology field camp conducted last summer.

Gray attended geology summer camp in Wyoming, and was selected out of 100 from Miami's group. He is the second YSU geology student to win this honor, the first being William Gorsky chosen two years ago.

Of the thousands of students who attended a university geology camp last summer, Gray became one of the 172 nominated as a candidate for a work-training position, sponsored by the National Association of Geology Teachers and the U.S. Geological Survey.

Medical director to speak Friday for Sigma Xi Club

Dr. Leonard Caccamo, director of medical education at St. Elizabeth Hospital in Youngstown, will be the main speaker at the YSU chapter of the Sigma Xi Club meeting at 4 p.m., Friday, March 30 in Schwebel Auditorium of the Engineering Science building.

The former director of the Coronary Care Unit at St. Elizabeth, Dr. Caccamo is a Fellow of the American College of Cardiology and the American College of Physicians, and a member of the American Therapeutic Society, serving as Governor for the American College of Cardiology for Ohio from 1965-68.

The lecture, "Auscultation of the Heart," is free and open to the public.

Studies during the normal summer registration period, the course is open to both graduate and undergraduate students. Students not currently attending YSU are advised to apply for admittance as soon as possible, while students attending other colleges may apply as transient students.

There will be one-week of pre-travel instruction, two two-hour lectures each week with a daily discussion period, and a term paper due 60 days after the end of the course which carries nine quarter hours of elective credit in geography.

Due to the fact that past tours have shown that returning to the hotel for lunch or dinner at a specified time interferes with sight-seeing and that there are limited kinds of group menus available at most hotels, regular lunches and dinners will not be included. Good lunches vary from \$.75 and up, and excellent dinners from \$1.50.

Interested students are invited to contact Professor Albert Matzke, assistant professor geography, at the YSU geography department for more details. The telephone number is 746-1851, Ext. 3397.

Kerr

Soccer Club makes good showing at Indiana Indoor Tournament

The YSU Soccer Club returned home from the first Indiana University (PA) Indoor Soccer Tournament with no laurels but with plenty of respect from the twenty-nine other participating teams.

The Penguins, the only team in the double elimination tournament from the Buckeye state, started off by defeating the host Indiana A team 2-1, then advanced to the third round by beating the Slippery Rock A team 1-0. The third round found YSU matched against pre-tournament favorite and eventual champion Alliance College of Pa. In what was to be the tournament's most exciting match, the Penguins fought back twice to tie the score on goals by junior forward Rafael Talavera, but lost the game on a last second goal by Alliance right-wing Leo Chesson. The two goals by Talavera proved to be the only ones scored against Alliance during the entire tournament.

The loss forced the Penguins

into a "losers" bracket where they promptly proceeded to eliminate the Indiana U. Internationals and the Indiana B team by scores of 2-1 and 5-3, respectively, and followed up these victories by a 1-0 whitewash of Point Park College of Pittsburgh. Finally, with only five teams remaining in contention for the championship, the Penguins were eliminated by the team that eventually finished in the runner-up spot to Alliance College.

Thus the Club finished with a highly respectable 5 win - 2 loss record. Rafael Talavera went on a scoring rampage, tallying in every game for a total of nine goals with two goals coming against Alliance and the Indiana B team. Goalie Ralph Starace scored two shutouts and made a spectacular save on a penalty shot against Slippery Rock. His height and strength prevented the opposition from cashing in on a number of scoring opportunities.

The defense was ably led by

captain Vendelin Tomko and by Randy Henderson who had the unenviable task of "shadowing" the opposition's most dangerous offensive threat. Halfback Joe Piscintani, the workhorse of the team, had the double responsibility of helping on both offense and defense and performed admirably in his first starting assignment in a Penguin uniform.

Forward Johnny Gangone had two goals to his credit and assisted on many others; his goal on a penalty shot proved to be the clincher against the Indiana A team. Other members of the team who saw limited action were Bob Budinsky, Rich Rice, and Monther Shihabi.

Next weekend the Soccer Club travels to Akron to participate in the Akron University Invitational Tournament which will feature 1972 NCAA champion St. Louis University, 1971 NCAA champion Howard University along with such perennial national powerhouses as Akron University, Alderson-Broadus, Buffalo State, Davis and Elkins, Elizabethtown, Hartwick, Ohio University, West Virginia, and the University of Wisconsin - Green Bay.

The Akron tournament will not only close out the activities of the Soccer Club for this Spring, but will also end the tenure of Dr. Stephen Hanzely as the Club's Faculty Advisor and Coach. Dr. Hanzely, who has coached the Club since its inception in 1969, has submitted his resignation to President Pugsley effective at the end of the 1972-73 academic year.

Sports Day set for April 7; area schools to participate

Youngstown area high school physical education faculty members and students are being invited to join the YSU department of health and physical education for a Sports Day at Beeghly Center Saturday, April 7.

Sponsored by the Youngstown Area Women's Physical Education and Recreation Association and the department of health and physical education, in cooperation with the YSU department of continuing education, the Sports Day will provide faculty and students instruction and an opportunity to participate.

There will be eight activities to choose from; from archery and badminton, to folk dancing and synchronized swimming. Other programs include golf, gymnastics, racketball/handball and swimming.

Each high school faculty member is asked to bring along five to eight junior or senior students, with only a charge of \$1.00 for faculty or advisors who are not members of the YAWPERA and 25 cents per student.

The program will run from 8:30 a.m. to 12 noon, with parti-

cipants provided with lockers, towels, equipment and refreshments.

For the high school student who has been itching to swim in Beeghly's Olympic-size pool or play at William Tell or Robin Hood, the YSU Sports Day will give them the chance.

All inquiries should be directed to the department of continuing education.

Recreation Elections

Any female student who has participated in any intramural activity is eligible to cast a ballot in the Women's Recreation Association elections. Voting dates are April 2-6 and ballots may be filled out in room 307, Beeghly. Please vote to help elect the officers of your choice.

Spring sports team features unusual youth movement

YSU's spring sports teams will feature a youth movement this season and nowhere will it be more evident than on Bill Carson's golf squad.

Carson has no seniors on his roster and will count heavily on several outstanding freshmen. The Penguins graduated six seniors overall and three regulars including Jim Maskulka, Frank Marsco and Tom Squeglia. The group paced YSU to a 15-11-1 mark.

Heading the returnees is a quartet of lettermen including juniors and a sophomore. Back are Tony Joy, John Marsco and Frank Tuscano, all juniors, and second year man Rick Kale.

Marsco had the best average among the 1972 regulars (76.2) and finished with a 10-8-1 record. Tuscano was 77.8 and 5-1-0; Kale, 78.9 and 6-8-4, and Joy, 80.3 and 5-9-1.

Carson has some promising new faces led by Don O'Bruba and No. 1 men Jim Pipoly and

Jim Pagley. Sophomore Steve Crisan a letterman two years ago, returns after a year in the service.

Carson expects his Penguins to jell in time to add to the veterans mentor's enviable 21-year record of 266-76-10.

YSU opens the season April 7 at the Wooster Invitational. The complete Penguin schedule follows

April 7, at Wooster Invitational; 13-14 at Ashland Invitational; 23 at Alliance; 24 at Clarion State; 27 at Thiel; May 3, Baldwin-Wallace, Mercyhurst and Steubenville; 4 at Slippery Rock State; 8 Akron, Gannon and Toledo; 9 Alliance; 10 at Gannon Invitational; 14 YSU Invitational (Akron, Ashland, Baldwin-Wallace, Cleveland State, Ohio Wesleyan, Slippery Rock State and Wooster); 16 at Indiana U. (Pa.) Invitational; 17 at Cleveland State; 18 at Hiram; 22 at Akron; June 12-15—NCAA College Division Tournament at UC Riverside.

John Marsco

Rosselli signs Rayen Tiger ace for basketball

Dom Rosselli has started off his YSU basketball recruiting campaign with a bang by signing Rayen High's Dave Cousart, a 6-7 first team All-City Series choice, to a full four-year grant-in-aid.

Rosselli pleased

"We are most pleased that Dave has decided to enroll at YSU," says Rosselli. "We consider him one of the finest big men in the area and capable of being an immediate asset to our program. He has exceptional jumping ability and speed and is outstanding on both ends of the court."

Tallest player

The tallest player in Youngstown at 6'07" and 190, Cousart was second in the City Series in scoring with an 18.6 average and fourth in rebounding with 13.6 grabs per game. He tallied 318 points in 17 games this past season.

Cousart was a three-year letterman and captain in 1972-73 for Coach Ted Theodosoff's Tigers. Rayen led the City Series in offense with a 64.7 average.

High season

The Tiger ace had a season high of 34 points this year against East Canton and outscored the highly touted Jeep Kelly of Pittsburgh Schenley, 28-26. Cousart was named a Street and Smith honorable mention high school All-American prior to the season.

Intramural activities abound as spring quarter begins

Like a rooster in a hen house, intramural sports flourished last weekend, and will continue to do so during the current spring quarter.

For example, the bowling team that refers to itself as Hell won the all-university title with a convincing victory over Phi Sigma Kappa. The incomparable Joe Nuzzo, who was "Hell" with a three game total of 682, paced the victors. Placing second in the intramurals was another Greek entry, Phi Delta Theta. They must have tried harder, because they were number two.

Turning our attention to the always crowd-pleasing all-university handball tournament, we find that Jeff Catron of Delta Chi defeated James Timmons, champion of the independent division. But there's more to come folks, because coming up soon is the doubles championship. Featured will be the aforementioned Mr. Catron and his Delta Chi cohort Tom Latura meeting Kurt Coront and his partner-in-crime, Butch Cheeks.

But the best is yet to come, for six intramural water polo finalists will "get their feet wet" beginning at 7 p.m., Monday, April 2. After these quarter-finals end, the semi-finals will be held on April 9.

The six teams left to compete in this Beeghly pool aquathlon are Delta Chi, the Deacons (who will try to keep up with the Joneses), The Bruins, Tulsey N-N, Sigma Alpha Epsilon, and Theta Chi. There is a seventh team, the Y-men, who received a bye for the first round.

And now for you racquet

freaks. The men's intramural tennis tournament will commence (not to be confused with commencement) on April 16. Fraternity and independent players who desire this type of action can get information and entry forms in room 100 at Kilcawley. But he who hesitates is lost, and the deadline is 5 p.m., April 9.

For all you interested aspiring softballers, the league will begin April 14 and 15. League rules and entry forms may be picked up at the aforementioned Kilcawley 100, and the deadline is the same as for the tennis stars. If you forget it, look at the preceding paragraph.

Women's team takes gym title in Midwest division

YSU's women's intercollegiate gymnastics team jelled rapidly at the close of the year to cap a rebuilding season with the Midwest Regional Class Two Division championship.

Jerry Wilkerson's young Penguins took the title with 71.9 points to second place Eastern Michigan's 65.3. YSU topped the 13-team field at Southern Illinois University.

Pam Magill, freshman, led the locals with a victory on the uneven parallel bars and third place finishes in vaulting and the all-around gymnast competition.

Captain Ginny Fresco, the only YSU senior, was fourth in vaulting and the all-around competition. Sophomores Charlene Wilkerson and Georgia Sirb tied for fourth place on the uneven bars.

CCH's Joel Spiker gets assistant grid coach spot

Joel Spiker, head coach at Canton Central Catholic High for the past two years, has been named assistant football coach at YSU, it was announced today by Willard L. Webster, YSU athletic director.

Spiker, a 33-year-old native of New Philadelphia, again joins Rey Dempsey, new Penguin mentor, whom he previously assisted for six seasons at Canton Central. Spiker succeeded Dempsey when the latter became offensive line coach at Bowling Green State. The new Penguin assistant will handle the offensive backfield and assumed his duties today.

"I am very elated that Joel Spiker has decided to join our staff at YSU," said Dempsey. "Joel will be a big addition to our program with his knowledge of the game and his understanding of how to deal with players."

"Coach Spiker worked with me for six years and during that time was always a dedicated worker and student of the game. Because Joel believes in my philosophy of life and football and the complete dedication we will have toward building a winning team, he will be a tremendous asset to our program. We expect Joel to be an excellent recruiter for us because he is a class person."

Spiker had a 17-3 record at the Canton school where he also served as Dean of Boys, Athletic Director and teacher. He instructed in biology, physical education and business mathematics during his 11-year stay.

A 1961 graduate and four-year letterman in football at Ohio Northern, Spiker spent one year as an instructor and coach at

Lima Central Catholic High. He was assistant football, head baseball and freshman basketball coach at Lima.

Prior to replacing Dempsey at Canton Central, Spiker had served eight years as an assistant. He was also head golf coach for seven seasons, frosh grid mentor for three years and coordinated the Stark County Grade School Football League two years.

Spiker, born in New Philadelphia and raised in Dover, attended St. Joseph's High in Dover and earned a Bachelor of Science Degree in Health and Physical Education from Ohio Northern. He did post-graduate work at the Kent State-Stark County Branch and received a Master's degree in Secondary Administration from Akron University in 1968.
