YOUNGSTOWN STATE UNIVERSITY

Vol. 50 No. 2

Photo by James Pascoe

HEAVY TRAFFIC—Sidewalks and lawn around campus were teeming with students Monday who were enjoying the ephemeral summer-like weather. The weatherman has forecast a 70 per cent chance of showers and cooler temperatures for this afternoon.

Young Galbraith to appear before campus McGovern group Wed.

James Galbraith, son of noted economist John Kenneth Galbraith, will speak at 2 p.m. tomorrow in the Buckeye room in Kilcawley, launching 1972 campus campaign activities for the YSU Young Dems and the Students and Faculty for McGovern organizations. Clement Revitti, president of the Young Dems, said yesterday. Republican officials were unable to be reached by the *Jambar* and plans for their activities are unknown.

School of Music buses students

The Dana School of Music will run a shuttle bus twice per hour between the Dana Recital Hall and Stambaugh Auditorium where numerous music classes have been scheduled this quarter.

The bus service, which will begin as soon as a driver is hired, will run from 7:50 a.m. until 3 p.m. five days a week. The bus will leave Stambaugh Auditorium at 10 minutes before the hour and 20 minutes after the hour.

The Dana School is using the Stambaugh ballroom the entire Fall Quarter for ensemble work, university bands, orchestra, all applied methods, classes, and ensemble courses.

Applicants for the position of driver must have an Ohio driver's license with a chauffeur's license and may contact Dr. Charles H. Aurand, dean of the School of Music.

A debate has also been scheduled at noon on Thursday in the Kilcawley amphitheatre between Galbraith and a representative from the Republican party. If weather conditions are unfavorable the debate will be held in the Audio Visual Room of the library. Dr. Daniel J. O'Neill, assistant professor of speech and dramatics will be the moderator of the debate. Sheila Stone, local folk singer, will perform before the debate.

Galbraith from Harvard
Galbraith, a senior majoring in social studies at Harvard, is presently on leave from his studies for the purpose of assisting the McGovern campaign. In answer to a question as to why he was commissioned to work in this particular area, Galbraith explained that the 19th Congressional district is a pivotal district in the Democrats' chances for capturing Ohio, which is regarded as a crucial state in the upcoming election. Galbraith waxed enthu-

siastic as he described the reception generally accorded the McGovern canvassers thus far. He said that the campaign is beginning to center around "real issues," such as the war, prices and taxes, as opposed to the "phony issues" which he feels have thus far dominated the campaign. Galbraith also expressed satisfaction at the number of contacts with unregistered voters which have been made from the downtown headquarters and the various neighborhood storefronts throughout the area.

Campaigns revving up

With the political campaigns revving up, both parties have opened their downtown headquarters. The Re-elect the president office, which is open from 9 a.m. until 5 p.m., is located on the corner Wick and Commerce. The McGovern-Shriver headquarters downtown office is located at 219 W. Federal Street and is open from 9 a.m. until 10 p.m. The McGovern-Shriver organization also has storefronts at 2822 Mahoning Ave.; 2 W. State Street in Struthers; and at 5 W. Liberty Street in Girard. A door to door registration drive will be conducted from these locations beginning today at 4 p.m.

Plays final note---

Homecoming concert axed by Major Events

The concept of a homecoming concert, a cornerstone of university tradition, has been abandoned by this year's Major Events Committee, Rick Kost, major events chairman announced at yesterday's first Student Council meeting of the fall quarter.

Kost said that due to great difficulty in booking bands at this time of year, the homecoming concert is unable to be staged. He added, however, that there will be a dance, probably on the day before the homecoming game, featuring a prominent local group.

Concerts will be scheduled for each quarter by the Major Events Committee. The date and group for the fall concert will be made definite in the next few weeks.

Responding to inquiries from several council members Kost indicated that a raise in ticket prices from \$2.50 to \$3.50 for students and from \$3.50 to \$4.50 for non-students is under consideration. Any such increase would have to be approved by

council.

Next on the agenda, Kost revealed the list of free movies which will be shown at Kilcawley Cafeteria. The first of these Camelot, will run Friday, October 20. *Johnny Got His Gun* will be presented Friday, Nov. 17. Movies to be featured later this year include *The Summer of '42, Joe,* and *Billy Jack*. He also said that the committee is working on getting a new, larger screen.

In final business, Publications Chairman Jim Larene announced that the first Student Council Newsletter will appear in next Tuesday's issue of the *Jambar*. The first newsletter will contain information on the speaker's fund, the grievance committee and the vacancies on various student government committees.

YSU RECEIVES COLLECTION — C. Earl Harris Jr. and his wife Ann, both assistant professors of geology, examine a 1200 lb. collection of rocks from Mexico, New Mexico and Montana. The collection was donated to YSU by a colorful gentleman called "Burro Joe" whom the Harris' met during a summer excursion to the ghost town Mogollon, New Mexico.

Campus Shorts

Scholarship Awarded

Eugenia Capone, arts and sciences sophomore, is the recipient of the Youngstown State Award for Outstanding Academic Achievement for the 1971-72 academic year and of the 1971 French Award. Miss Capone is vice-president of the university's French Club and a member of the Junior Women's Association.

Free University

Any students with suggestion or ideas for Free University classes should contact Joseph Magielski at 757-3174 or Alex Horvath, at 788-7604, by Wednesday October 4.

Tutoring

Anyone interested in free tutoring in any area should contact Ed Twyman from 9-4 p.m. Monday through Friday in Ford Hall, room 12 or call university extension 461.

Pre-Law Associations

YSU's Pre-Law Association held its first meeting of the '72-73 academic year last Friday. Newly elected officers for the year are Rick Gender, president; Betty Westernman, vice-president; and John Schultz, treasurer. Mr. Larry Esterly of the Political Science Dept. is the newly appointed faculty advisor.

Afro-American Student Union

The Afro-American Student Union's regularly scheduled meeting will be held at 9-11 p. m. on Wednesday Sept. 27, at Ward Beecher Science Hall in room G-1.

Sigma Xi Officers

The YSU Sigma Xi Club, a national honorary science society for the promotion of research, has elected new officers for the 1972-73 academic year.

Serving as president will be Dr. Elmer Foldvary, associate professor of chemistry; president-elect is Dr. Paul X. Bellini, assistant professor of civil engineering; secretary will be Dr. Charles R. Singler, assistant professor of geology; and treasurer is Dr. J. Douglas Faires, assistant professor of mathematics.

Dalbec Participates in NATO

Dr. Paul E. Dalbec, associate professor of physics and astronomy at YSU, recently participated in the North Atlantic Treaty Organization (NATO) Advanced Study Institute on Electron Emission Spectroscopy in Ghent, Belgium.

The purpose of the Institute was to make participants familiar with current theoretical and experimental research problems in electron spectroscopy.

Films at Strouss

The Artist Lecture Series, with the cooperation of the Department of Speech and Drama, will present the films "Passion of Joan of Arc" and "Last Laugh" at 8:00 p.m. Thursday, September 26, in Strouss Auditorium. The performance, which initiates a series of 20 international films, is open to the public.

Young Dem Meeting

The Young Democrats meeting scheduled for tonight is cancelled and will be held at 8:00 p.m., Thursday, September 28 in the Pollock House, second floor.

McGovern hits low; Gallop, candidate predict upswing

WASHINGTON AP. Never before in the more than 35 years of scientific public opinion polling has a major party presidential candidate trailed as badly as George McGovern. As he himself has said of his standing: "It couldn't get any worse."

McGovern hinted over the weekend that his private polls indicate a rise of about 5 per cent in his standing above Labor Day, when he trailed President Nixon by about 34 points. "When we do start to move, I think it'll be a steady climb," he told newsmen.

Experience tends to bear out McGovern's remark, although no one has come out a winner after such a poor start. As pollster George Gallup told a House subcommittee last week, McGovern "can take encouragement from the fact, as 36 years of polling history have shown, the wide lead of a front runner early in a campaign typically evaporates."

For example, Gallup says Hubert Humphrey gained 10 points from early September 1968 and lost by only one percentage point in the popular vote in November.

In 1964 Barry Goldwater gained 8 percentage points during the same period, in 1960 Nixon gained 1, in 1956 Adlai Stevenson lost 2, in 1952 Stevenson gained 3, in 1948 Harry S. Truman gained 9, in 1944 Thomas E. Dewey lost 2 points, and in 1940 Wendell Wilkie showed no change.

Gallup has noted that the trailing candidate gains ground particularly when he is the candidate of the majority party in the country, as is Democrat McGovern.

HAMs gather Wednesday

The Amateur Radio Club (HAM) of Youngstown, will meet for the first time as a chartered club at 3:30 p.m. on Wednesday, September 27, in the audio-visual room of the library.

The HAM Club is the first of its kind at Y.S.U. Mr. Louis Molier, chief engineer of WYSU Radio, is the club advisor. Mr. Jonathan Bird, club president, says that his biggest concern at the present time is getting YSU students who are interested in the technical and electronic fields of radio and television to join HAM. At present there are 14 members. The first meeting will include an orientation session on electronic theory; Morse Code, and a fifteen minute color film on "What The Transistors In Radio Do."

"HAM is licensed by the Federal Trades Commission as a social service for experimentation and hobby for people interested in electronics and not in making money," says Bird. Included in the club's plans for this year are training sessions for the novice class amateurs license and transmitter of Morse Code. Classes in electronic theory will

feature films, guest speakers, and demonstrations of equipment. Field trips are also on the agenda.

The club is in the process of locating a permanent place to meet where they can establish a

club station. Anyone knowing of an available place, contact Mr. Louis Molier in Arts and Science, room 314. HAM is free and open to anyone interested in electron-

ics.

Funds go to six---

Krill appoints grad assistants

Dr. Karl E. Krill, dean of the Graduate School has appointed three graduate assistants in the economics department, two in the chemistry department, and one each in marketing and management for the fall quarter.

Under the assistantship program graduate students gain experience assisting the faculty by conducting research, instructing, and performing other academic services determined by the department to which they are assigned.

The graduate assistants represent a total of \$206,800 in financial aid to graduate students at YSU. The program offers graduate students the opportunity to provide a service to the institution and gain valuable experience assisting the faculty.

Appointments of assistantships are made by the Dean of the Graduate School upon recommendation of the department concerned. The assistantships range from \$1600 to \$3600.

Awarded assistantships in economics were James K. Smeltzer, Nitivet Bunnag, and Sandra Jane Lang.

Those in chemistry were Randy D. Walter, and Dale N. Manos.

Appointed in marketing was Daniel Fenechi III, and in management was Paul M. Orend

SNEA Meeting

There will be a Student National Education Association meeting from 7 to 9 p.m. on Thursday, September 28th in the Pollock House. All freshmen, Sophomore, Junior and seniors are welcome to attend.

On the holes

Warning: The Hardhat General has determined that walking thru campus construction areas is dangerous to your economic status.

Hardhats are, of course, as friendly as ever toward college students, however the powers that be have deemed that any student jaunting thru, or even falling into, "Hardhat areas" will be punished by \$50 fine (honestly) and a venial sin capable of withstanding any plenary indulgence.

The *Jambor* asks those with a penchant for falling into holes to either seek medical help or to tumble into the various area sewers and ditches designated "safe."

Letters to the Editor

'Bucks' for Pat Boone course

To the editor of the *Jambor*:

Jeeppers! What's all the fuss about Polish courses? As a loyal teenager, I demand a course on

Pat Boone. Nowhere in America is there a man cleaner than he. Why, his white buck shoes have never been scuffed! His pants have never been wrinkled and his hair never needs combed. I am qualified to teach a course on Pat Boone (I have a M.A. in P.B.) and

would feel honored to do so.

Yours truly,

Paul Gartner
(due to a discrepancy in hours
I am still a Freshman)
The Boppin' Frosh

Urges 'honest vote' from citizens

To the editor of the *Jambor*:

It's a strange thing about conservatives. They are the most anti-Communist group in America, and yet they practice the same thing for which they criticize the Communists--namely, if you don't agree with them 100 percent, then you're wrong.

This quote from former Republican Presidential candidate, Barry Goldwater, points out one of the most damaging political paradoxes so prevalent in our nation today.

The most glaring manifestation of this contradiction is exemplified by our present chief executive. After four years of repressive policies from "southern strategy" to "no-knock" laws, President

Nixon is almost humorously trying to portray himself as a protector of individual rights and a steadfast foe of communism.

Any objective observer must notice some similarities between the Nixon administration and its conservative bureaucratic counterpart in Russia. Mr. Agnew has launched extensive criticism at the U.S. press media for more favorable coverage while abhorring the actions of Soviet censorship. To magnify the extent of these contradictions, I must point out that 98% of the newspapers backed Nixon in 1968.

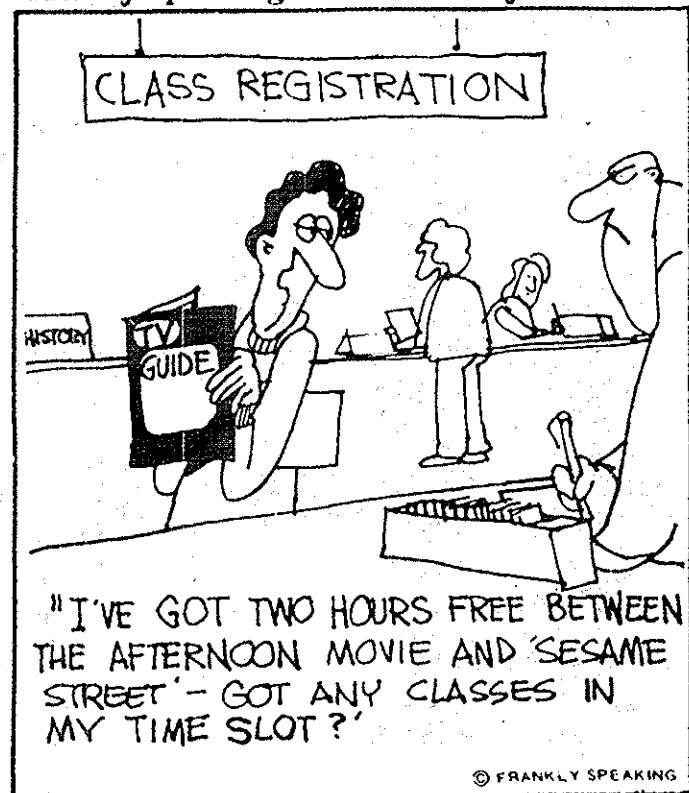

Nixon pities dissenters when cries of protest are stifled in the Soviet Union. But when protesters show opposition to his barbarous Viet Nam policy they

are greeted by thousands of riot police.

It is my fervent hope that the conservative minded citizens will awaken to these outrageous inconsistencies in their philosophy. Hopefully, the majority of the citizens will be able to see through the present barrage of Republican propaganda to cast an honest vote for the values of life, liberty and the pursuit of happiness.

Rick Cicchillo
Philo. & Psych.
Sophomore

"Frankly Speaking" by Phil Frank

Researches Penguin moniker

To the editor of the *Jambor*:

After completing three years at this university, I had all summer to think about a most important, pertinent question. A question that has befuddled and puzzled me for three solid years day in and day out I finally marched down to the library to, at last, find the answer to my most pressing question: Why is YSU called "The Penguins?"

"Ahh," I said, "the typical YSU student must, indeed, have something in common with our feathered friends for us to be so named "The Penguins." As I searched into my reference material, I most definitely found my initial assumption to be most correct. My two sources, *Ant-*

arctic Penguins by Dr. G. Murray Levick and *Penguins* by John Sparks and Tony Soper informed me of some of the habits of "penguins."

Penguins, in their loud-voiced, noisy manner, enjoy crowding together in order to pick a mate with which to copulate. Females tend to mill around, going from male to male before they make their final choice. When they pick a suitable partner, the hens tend to peck at each other for hours, while the cocks continuously fight over the hens. One can almost imagine a group of typical "penguins" invading a local beer joint and behaving in this manner.

And "penguins" are also very territory-minded. Once they establish their particular "spot,"

they are set there for months. If one of them starts to "walk away," others will follow him for no particular reason. One would, thus, never find a penguin whom he could call a "unique individual."

The "penguins" will crowd together in multitudes for hours without any apparent purpose, and so they always appear to be in a "party mood."

They steal from each other and their attention span is very short. And so, thusly, it has been rumored that there are thousands of "penguins" enrolled at YSU this year. (AS USUAL)

Angie Brown
Education: Sociology
Senior

Counters Polish issue letter

To the editor of the *Jambor*:

Perhaps the reader who decried the tiresome appearance of letters concerning Polish language courses in the *Jambor* has forgotten that the source of letters to our paper is the students. Variety will come only when more students take time to voice their opinions. As long as

apathy remains, only those who have the fortitude of their convictions to verbalize them, will be heard from in letters.

A perfect case in point is the letter of complaint from the last edition. There is nothing in the way of constructive thought or opinions relative to critical issues contained within it.

Space for letters is not denied to anyone. As for me, I will

continue to press my campaign for Polish until everyone is aware of its necessity. The free press is the only way to acquaint the students with crucial issues.

Diversified program marks concert opener by Raridons

The YSU Dana Concert Series will begin its new season at 8 p.m., Monday, October 2 with a faculty recital by Dr. Wade Raridon and his wife, Rosemary. The Raridons returned to Youngstown last year following a two year sabbatical studying voice at the University of Iowa under Professor Herald Stark.

Dr. Raridon completed his work on his doctor of musical arts degree while Mrs. Raridon gained her bachelor of music degree. Mrs. Raridon returned to Iowa City this summer as the guest artist in the title role of the Summer Fine Arts Festival performances of Puccini's "Madame Butterfly."

The recital program will have Dr. Raridon, a tenor, joined by Dana faculty flutist Walter Mayhall, in a group of three arias from cantatas of J.S. Bach. Dana faculty clarinetist Robert Fitzer will assist Mrs. Raridon in performances of arias by Schubert and Gaveaux, and three English madrigal texts for soprano and clarinet by the contemporary composer Gordon Jacob. Delores

Fitzer, also of the Dana faculty, will accompany on piano.

Of special interest on the program will be two soprano-tenor chamber duets, or "duet chamber cantatas," by Italian Baroque composer Agostino Steffani. The works were part of Dr. Raridon's doctoral dissertation, which dealt with the chamber duets of Steffani. The duets were edited and prepared for performance by Dr. Raridon, who also prepared the keyboard parts.

According to Dr. Raridon, "this will be the second performance of these two works ever given in America, the first having been given by my wife and myself in Iowa City a little over a year ago. It is really doubtful if these duets have been performed anywhere else in at least 200 years."

Accompanying the two duets will be Mrs. Fitzer at the harpsichord, along with Dana faculty cellist William Wharton.

The program will conclude with the Love Duet, "Vogliatemi bene" from "Madame Butterfly." The recital is free and open to the public.

Spent summer with Army---

Concrete consultant returns

Dr. Gilbert R. Williamson, associate professor of civil engineering at YSU, recently returned from Champaign, Ill., where he had been retained for the summer as a special consultant on fibrous concrete for the U.S. Army Corps of Engineers, Construction Engineering Research Laboratory.

Fibrous concrete is a relatively new material which is produced by adding short lengths of small diameter steel, glass, or plastic fibers to ordinary concrete. The end result is a concrete with improved strength and ductility with wide application for use in pavements, thin shells, and other structural members.

In addition to conducting this research work and serving as an advisor for the overall program, Dr. Williamson wrote two pamphlets on fibrous concrete.

The first, entitled "Technical Information Pamphlet," was written for potential users of the material and will be distributed throughout the U.S. Army Corps of Engineers, while the second is "Decision Information Pamphlet," and was designed to assist the busy executive in the decision-making process concerning fibrous concrete. Both pamphlets are scheduled to be published in October.

Review Dominic's Preview

by Elrod Ponder
staff reviewer

Though *Tupelo Honey* eventually became an artistic and commercial success of sorts, Van Morrison has elected to retrench, if you will, and return to many of the ideas which went into *Astral Weeks*, *Moondance*, *Street Choir*, and *Tupelo Honey*. This new release for Warner Bros., *Dominic's Preview* is a combination of two of his earlier styles: the brooding incantations of the superb *Astral Weeks* and the solid jam band sound of *Street Choir*.

Through five of the tracks this driving rock band sound is used to paint different images of what life is like in a touring band. All five have particular structures and twists in time signatures, yet together they present a glowing unified exaltation of living on the road. Opening with "Jackie Wilson Said," a potential single, the band spins an almost exotic spell with "Gypsy" which alternates between double and triple time and features some amazing guitar textures.

On "I Will Be There" Van does an R&B vocal which wipes out everything the *Street Choir* album attempted in this vein. Though many shy away from Van's phrasing, his mastery of the style is complete and his vocals have none of the excesses so lamentably prevalent among so many white would-be blues singers.

Through the shorter cuts it is apparent that Van has at last put together a band capable of sustaining his ideas long enough to free him for a little vocal improvisation while not losing its essential tightness. His horn section,

comprised of Jack Shroer, Boots Houston, and Jules Broussard is absolutely dazzling throughout, so much so that Van superimposes their sound over his singing, a complete departure from the format of *Tupelo Honey*.

The closing track of Side One is the eleven-minute "Listen to The Lion." As was the case in *Astral Weeks*, "Lion" is a very private meditation employing subdued backup vocals to create a hypnotic dronelike effect. As the song builds to a climax Van's sing-

Central Hall comes down

Central Hall, originally an Army barrack at Camp Perry near Toledo, finally met the enemy yesterday in the form of a Ruhlin Company bulldozer in order to make room for the new university library. The \$6 million library will cover the area once occupied by Central Hall and the now-defunct bookstore.

Dr. Howard W. Jones, President Emeritus of YSU and President of Youngstown College at the time, was responsible for acquiring the barrack during the deactivation of Camp Perry in 1947. The barrack provided badly needed facilities for returning WWII veterans enrolling at the college. Dr. Jones recalls that it

was not easy to get the barrack because of the many competing applications for it.

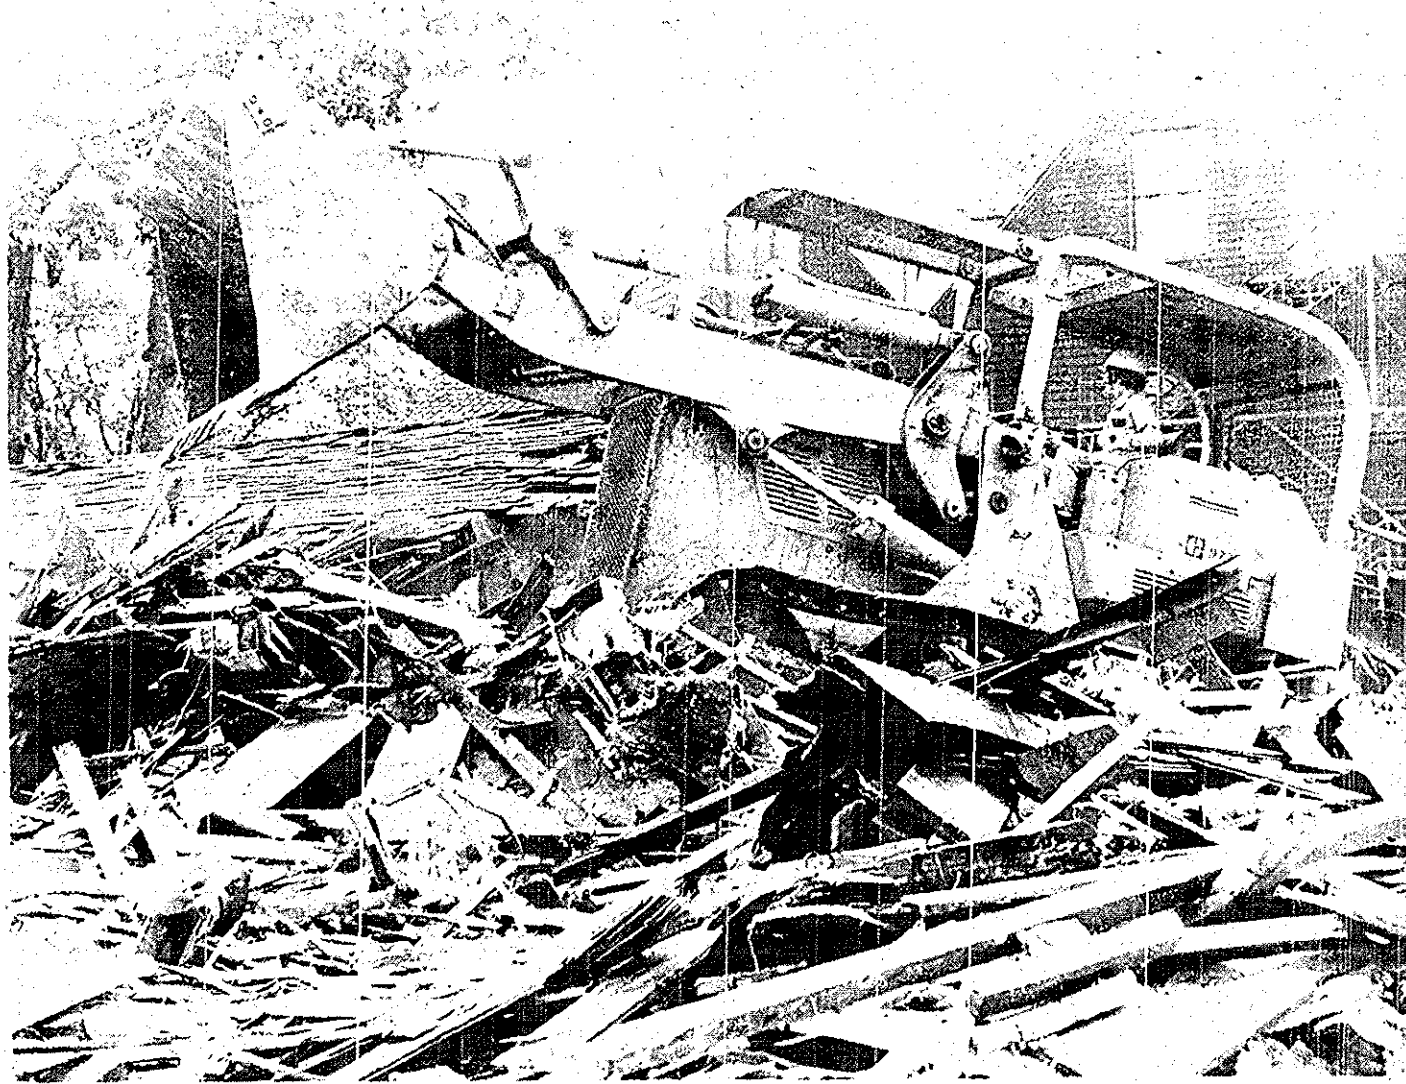

Central Hall became student and faculty cafeterias and a kitchen on the first floor. The second floor housed the Health Center and music rehearsal rooms. Later the cafeterias became classrooms

classrooms on the site of the faculty parking lot south of the present library.

Construction of the library should begin soon after the site is cleared. The architects are C. Robert Buchanan and Associates and George Tanner Smith and Associates.

and a snack bar when the Kilcawley cafeteria was completed in the 1965-1966 school year.

The barrack, along with four others from Camp Perry, was shipped to Youngstown in sections and reconstructed in the summer of 1947.

Review

(Cont. from page 5)
ing abandons all attempts at eloquence and becomes an intense, tortured roaring. The title song is a six-minute synthesis of the album's two

styles: the arrangement and vocals are loose and free swinging, but the words are difficult to follow, much like his earlier "Cyprus Avenue." "Almost Independence Day" closes the album with many of the tonal qualities of "Listen To The Lion".

If you're just looking for a place to rap, check at History club Luncheon Sessions every Wednesday from 12-2 p.m. in The Buckeye Room.

Come and Cop some food, meet the History Faculty and scope out the History Club.

All students invited!

Women's Gymnastic Tryouts

Tryouts for the Women's Intercollegiate Gymnastics Team will be held from 4 p.m. to 6 p.m. this Tuesday through Thursday in room 119 of the Beeghly Physical Education Building. All university women are eligible. For further information contact Miss Jerry Wilkerson at ext. 344.

LSAT exams for pre-law students available at A&S

All pre-law students, interested in attending law school during the 1973-74 academic year, should take the LSAT exam this year, preferably before March, according to Larry E. Esterly, assistant professor of political science.

The Law School Admission Test is the exam most law schools require for an entrance qualification. Mr. Esterly said. The test attempts to measure mental capacities important in the study of law.

The exam is given at various universities up to the end of July. Since most law schools decide whom to admit before April 1, it is desirable to get an earlier testing date. Applications must be entered before November 24 for the test administered by YSU on Saturday, Dec. 16.

The exam will also be held at other locations on October 21 (applications in by September 29), February 10 (applications due by January 19), April 14 (applications in by March 23) and July 28, applications due July 6. The host universities are listed on the application form.

The fee for the four hour exam is \$12. Application forms are available from the secretary of political science at room 109, in the Arts and Science building.

**Army ROTC.
It's no big thing.**

First of all, Army ROTC only takes up about three to five hours a week of your time while you're in college. No big thing.

Second, it gives you an edge on the other guys. In areas like management, organization and leadership. No big thing.

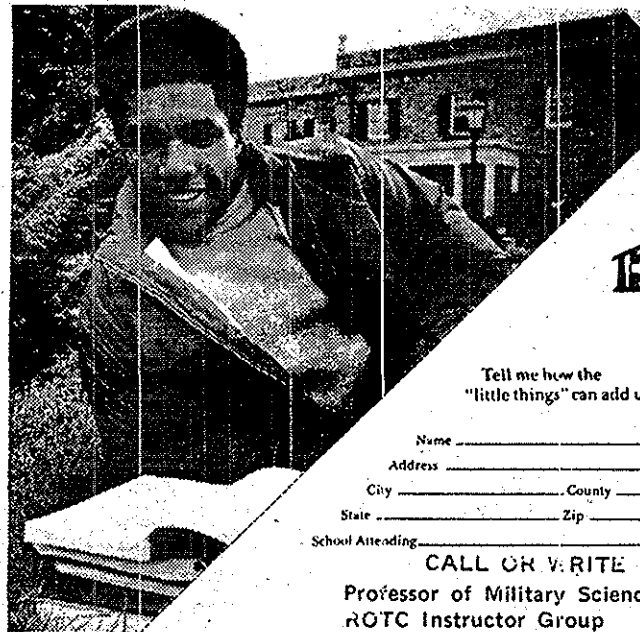

Third, it pays \$100 a month during your junior and senior years. No big thing.

Fourth, it lets you serve your country as an Army Officer. No big thing.

But the big thing is that little things add up. The education, the background, the experience.

Right now you may think Army ROTC will look small on your resume. But a lot of employers don't think so. And with jobs getting tougher to come by, a little thing like ROTC can start to look pretty big.

Army ROTC.
The more you look at it, the better it looks.

Tell me how the "little things" can add up.

Symphony opens 46th season Sat. at Powers

The Youngstown Symphony Orchestra will open its 46th season with its presentation of Beethoven's "Overture to Fidelio, Op. 72," Paul Hindemith's "Mathis der Maler" and Jan Sibelius' "Symphony No. 2 in D Major, Op. 43," under the direction of Maestro Franz Bibo.

This first concert of the season will be presented at 8:30 p.m., Saturday, September 30 in Powers Auditorium of the Symphony Center.

Student tickets are available at the Athletic Business Office for SI with the presentation of a student I.D. Tickets for the season and for individual concerts are available by calling the Symphony office at 744-4269.

Assign researcher to prepare plans for medical school

Dr. Stanley W. Olson, President, Southwest Foundation for Research and Education, San Antonio, Texas, has been named Director of the Educational Consultant Group to prepare the plan for a new state-supported medical school in Northeastern Ohio.

His appointment was announced by Dr. D. J. Guzzetta, President of The University of Akron and Chairman of the Board of Directors of Northeastern Medical Education Development Center of Ohio, Inc., (MEDCO). MEDCO is the non-profit corporation formed by The University of Akron, Kent State University, and Youngstown State University. MEDCO is preparing a plan for the establishment and operation on a consortium basis, of a new medical school in Northeastern Ohio dedicated to the development of practicing physicians.

In the development of the MEDCO plan, Dr. Olson will utilize an Educational Consultant Group consisting of national figures in medicine, medical education, medical school financing, and medical school accreditation.

To assist in the planning MEDCO will appoint a local Study Committee to Advise the Director of the Educational Consultant Group and an area Physicians Committee to Advise the Director of the Educational Consultant Group.

The consortium basis for the establishment and operation of the new medical school is without precedent in the United States. The plan will not envision construction of a university hospital but will include participation by the many existing community hospital facilities in the Northeastern Ohio region to be served by the new medical center.

The plan is being financed by a \$50,000 grant from the Ohio General Assembly and is to be presented to the Assembly by December 31, 1972.

Birds buffaloed by Bisons--- Penguin underdogs go under 16-10

The breaks of the game broke against the Penguin pigskinners as the 24 point underdogs were nipped by the North Dakota Bisons 16-10 Saturday evening before 8,300 fans in Fargo, North Dakota.

YSU had two chances to put the game away but their drives were stopped on the goal line in the first quarter and the four yard line with 4:23 remaining in the fourth quarter.

The Pens were on the board first as they capitalized on a 38 yard punt to the Bison 38, coming after YSU's first drive to the end zone was halted at the goal line. The Birds drove down to the Bison 20 but a clipping penalty nullified the gain. Coach Dwight 'Dike' Beede's boys finally moved the ball down to the 13 and settled for three points by a boot

from field goal kicker Fred Bruderly with 1:37 remaining in the first stanza.

The Bisons came right back and drove 48 yards for a field goal in the second quarter to tie the game 3-3 at the half.

The Bisons scored two touchdowns in the third quarter to end their scoring for the night. Following the TD they tried for the two point conversion and failed. After the second six-pointer the Buffalos made the extra point.

Ron Jaworski, senior quarterback, led the Penguins for six points with 27 seconds remaining in the third stanza. Starting on the Bison 45 after an eight yard return by running back Bob Lichvar, tailback Willie Packman then proceeded to drive down to the Bison five in three carries. Jaworski then scrambled around

the right end for the touchdown. Bruderly added his fourth point of the night.

Although there was no scoring in the fourth quarter YSU moved the ball but for one reason or another the Pens grid machine could not put it in the end zone.

The Birds travel to South Dakota State this Saturday for their third contest of the season. The Pens are now 0-2.

Alpha Mu

The YSU chapter of the American Marketing Association, Alpha Mu, will hold its first meeting for the year at 9:30 p.m. Thursday in Pollock House. The meeting is open to the University community.

Campus offices relocated as YSU expansion moves in

Returning students will be in for a few surprises in trying to locate offices and services they were familiar with last year.

Due to the extensive construction taking place on campus, quite a few offices have moved to different locations, and more will be moving around during the next few weeks.

Black Studies and Financial Aids and Placement offices have relocated to the Administrative Annex Building on Lincoln Avenue.

Central Services and the print shop are currently housed in the basement of Tod Hall and will move again to the old bookstore building when it is transported from its present location to a site about half a block north.

The Mail Room has been re-

located to Jones Hall Room 103 and the Purchasing Office to Rooms 301 and 302 in the same building. The Personnel offices are temporarily housed in the Women's City Building.

More moves are planned for later this quarter. The *Jambar* will announce these as they occur.

Facilities open to students, staff---

Schedule set for Beeghly

The schedule for recreational use of the Beeghly Health and Physical Education facilities for the fall quarter has been announced by Dr. Lewis B. Ringer, chairman, health and physical education department. The following schedule released is valid from Sept. 25 until Dec. 3.

The pool will be open for the use of students, faculty and staff Monday through Friday from 12 Noon to 1 p.m. On Tuesdays and Thursday it will reopen for use from 6 p.m. to 10 p.m. Again, on Fridays the pool will be open for an additional session from 6 p.m. to 8 p.m. On Saturdays, the hours will be from 12 Noon to 3 p.m. Those wearing cut-offs will not be allowed into the pool. All hair shoulder length or longer will be required to be covered by a bathing cap of sorts. University ID cards are required for pool admittance.

The weight room will be available for use Monday through Friday from 3 p.m. to 5 p.m. ID cards are also required for admittance to the weight room.

The gymnasium will be open 3 p.m. to 6 p.m. Monday through Friday from September 25 to October 13. Both the gym and the decks will be available for use

from 7 p.m. to 10 p.m. on Monday through Thursday September 25 to December 3. From October 31 until December 3 men's intramural will have use of the short deck and one half of the gym for badminton and table tennis. The gym and short deck hours are from 12 noon to 1 p.m. Tuesday, Thursday and Friday from September 25 to December 3. The gym and short deck will also be open on Saturday from 1 p.m. to 3 p.m. from September 25 to November 11. Appropriate attire must be worn in the gym and on the decks. Some recreational equipment will be available for loan from Room 210, the Equipment Issue Room.

CASUAL DRESS REFRESHMENTS

A little carnal knowledge is a dangerous thing.

So just be careful how you use it. If you're not really serious about the gal, go easy on the English Leather. On the other hand, if you are serious, lay on the English Leather and have a ball. Use English Leather Soap, Shampoo, Shave Cream, After Shave, Deodorant, Talc... the works. And who knows, she may even teach you a little something.

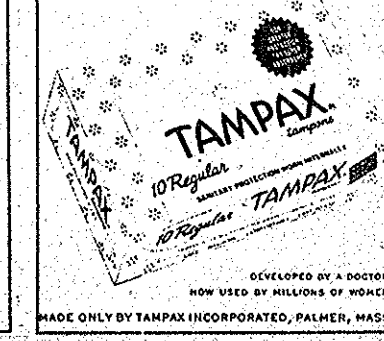

You learn something new every day

One of the wonderful things about growing up is trying different things. Like Yoga. And forming your own opinion about all your new learning. Another part of growing up is finding out about sanitary protection. Maybe you're wondering if you're old enough for Tampax tampons. If you're of menstrual age, you're probably old enough. Many girls start right off with Tampax tampons.

They come in three absorbencies: Regular, Super and Junior. There's one to fit your needs. And they're easy to use. Just follow the simple directions inside every package. You'll learn something new and simplify your life.

Our only interest is protecting you.

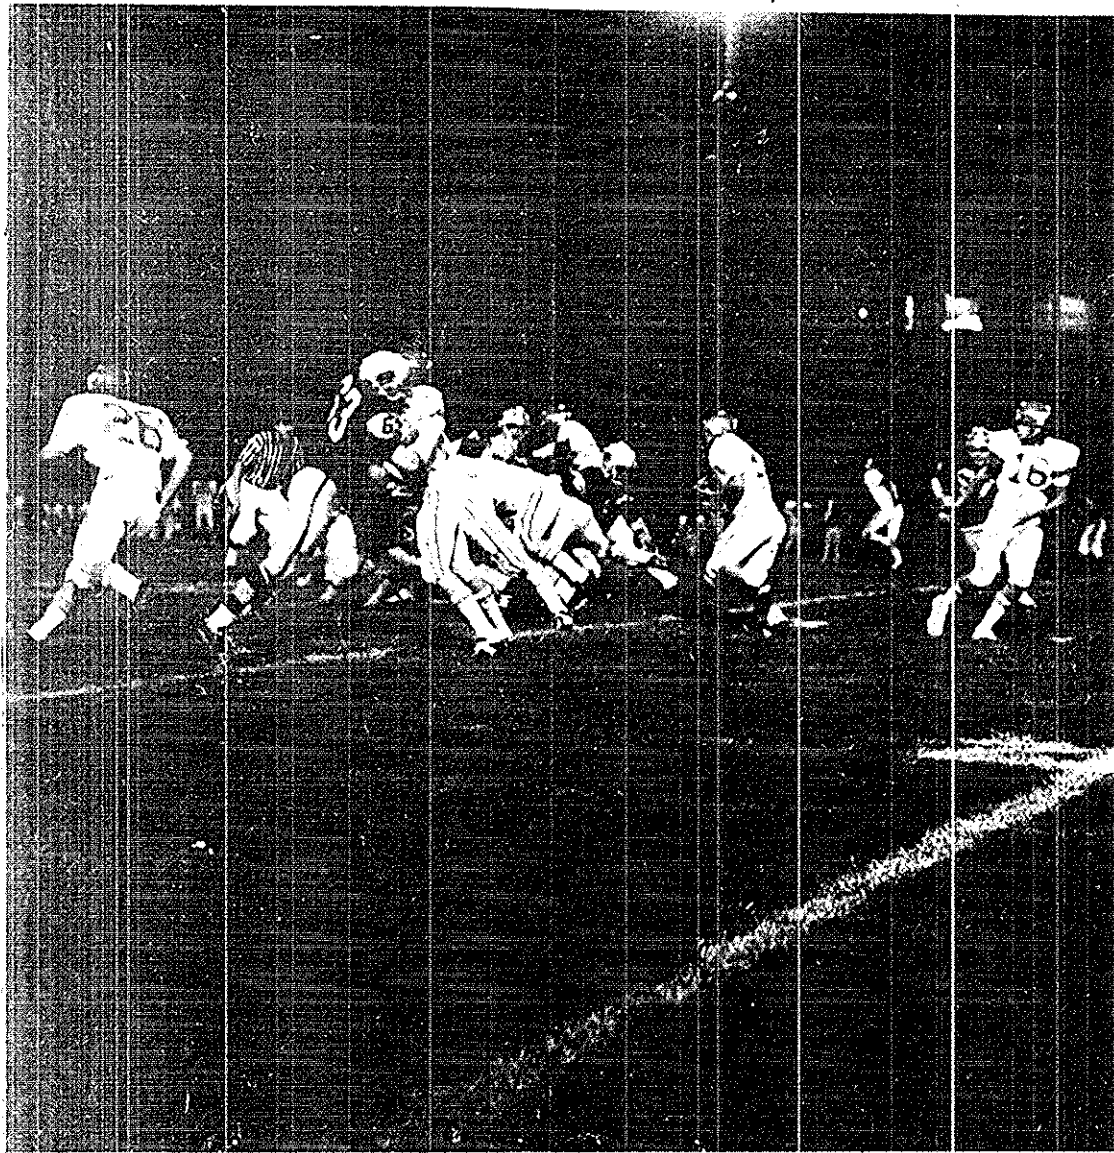

Photo by Dan Dunmire

OFF AND RUNNING—Wingback Rudy Florio (43) takes the pigskin from quarterback Ron Jaworski (16) and blasts into the North Dakota State Bison line as tailback Dave Garden (26) goes after the Bison defensive backs. The Pens lost the game 16-10.

Tickets

Tickets are now on sale for the performance of The Guarneri String Quartet at .50 per student with ID, in the Beeghly ticket office. The Quartet will perform at 8 p.m., Monday, October 23, in The Youngstown Symphony Center, Powers Auditorium, as the second event in the Artist Lecture Series.

DANA PERFORMERS -- Dr. and Mrs. Wade Raridon are scheduled to perform at 8 p.m. Monday in teh Dana Recital Hall. See story on page 5.

Social Security benefits--

Student cash payments outlined

Social Security cash payments are available to students 18-22 when a parent dies, receives Social Security retirement, or collects disability benefits, according to Bernje Gunter, manager of the Youngstown Social Security Office.

In order to receive payments students must be unmarried and attend school full-time at an accredited educational institution high school, vocational school, state college or university, community college and, under certain circumstances, schools outside the United States.

Payments are not made if the student is paid by an employer to attend school. Vacation periods of not more than four months do not affect benefit payments if the student has been a full-time student before the vacation started and intends to return to full-time attendance after the vacation period ends.

According to Mr. Gunter, a student must file with Social Security before payments can begin. Payments continue until the student reaches 22 or marries, stops attending school, or reduces attendance below full-time. Payments also end when the parent is no longer eligible for disability or retirement benefits; however, death of a parent will not terminate student payments.

Free flicks slated here

A dozen nights of free entertainment will be offered by the Speech and Dramatics department in conjunction with International Motion Pictures. The two silent theater classics which begin the series are Passion of Joan of Arc and Last Laugh.

The talent of Carl Theodore Dreyer, internationally director is showcased in Passion of Joan of Arc. This intense drama which is heightened by the close-up camera work which was a hallmark in silent films.

The second film slated for the evening is entitled Last Laugh. This sensitive work work deals with the loneliness and rejection experienced by some elderly people. The story involves an elderly doorman who who be-

cause of numerous difficulties is rejected by his family. This expressive silent film uses no subtitles and relies solely on creative camera work and remarkable performances.

The free series of theatre movies is slated to begin at 8 p.m. Thursday, September 28 in Strouss Auditorium.
