Pirate Opera to Return June 7th

Popular Demand Causes Third Showing of Gilbert-Sullivan Opus

Because of its enthusiastic reception by audiences on both evenings of its performances, the opera "Pirates of Penzance" will be repeated on Tuesday, June 7th, of the commencement week. It will take the place of the faculty play of former years.

The "Pirates" has been pleasing both in the colorful beauty of its costuming and in its truly able performance musically. Youngstown's best music critics have commended Dr. Stearns on his work with the group. Professor Bunn too, has done fine work with the make up and acting.

The opera is a rollicking farce on life in England at the time of Victoria. Audiences have enjoyed laughing at custom and costume alike. The police are particularly amusing, as is the night-shirt-night gown scene.

Interfraternity council is in charge of ticket sales and all who have not seen the opera are urged to attend the last big school event.

Shy Lockson to Play for Business School Banquet

Shy Lockson will play for the latter part of the Annual Business School Banquet and Dance, which will be held Friday, June third, at 6:30 P. M.

The banquet will take place at the Youngstown Club and the dance will be in the college auditorium. Dinner will be \$1.55 per person. Dance alone will cost 41c per person, while banquet and dance will cost \$1.75.

President Jones Urges All-Group Cooperation

President Jones in a recent conference with the members of Interfraternity Council urged the cooperation of the social sororities and fraternities in regard to a committee composed of Professor Bunn and Dr. Stearns to eliminate the conflicts of the meetings of the Greek letter societies with play practice and choir practice. A committee including Bob Taylor, Jeanette Powers, Gladys Miller, and Paul Maloney were asked to meet with Professor Bunn and Dr. Stearns in an attempt to iron out the present difficulties.

Interfraternity Council was also asked to assist the Corordination Committee next year in seeing that all dates for social functions be listed in one central place, preferably Mr. Pickard's office, so that no conflicts will arise in regard to this problem.

JAMBAR CHANGES HANDS

RICHARD THOMAS

HOWARD REMPE

Richard Thomas was appointed to the position of editor of the Jambar for the coming year at a recent meeting of Student Council. He succeeds Howard Rempes, Senior, who completes a one-year term as editor-in-chief with the present issue.

With graduation, Rempes finishes three years of newspaper work at Youngstown College. He was Associate Editor last year. Thomas is Sports Editor on the present staff.

Mimes Honors Two For Achievements

Frank Jaczko and Bernard Balmuth are the winners of the 1938 Mimes award, Professor Russell G. Bunn of the dramatic department announced today.

The award, which is given every year to the two most deserving members of the Mimes Dramatic Fraternity, is made on the basis of outstanding achievements in all branches of acting and production.

The purpose of the award, which is a silver key similar to the ones given to Student Council members, is to encourage interest in dramatics and to repay for services rendered. Mr. Jaczko was student director of "Double Door" and had a leading part in "Charley's Aunt". Mr. Balmuth played the lead in "Charley's Aunt," took part in the production "Double Door" and the operetta "Pirates of Penzance."

Council to Consider Plans to Eliminate Political Haggling

In order to avoid the difficulties of the elections of this year, Student Council is considering adopting new rules that will govern all future college elections. Some of these rules are:

1. All students who have been issued activity cards which must be presented at the polls may vote.
 2. Voting by proxy will be illegal.
 3. Posters, campaign literature, etc., will be prohibited at the polls.
- The elections these rules will affect are the Student Council members, class officers, May Queen, and the final voting of the Prom Queen. Council will consider these new rules at its next meeting in an endeavor to run all elections in a smoother manner.

Advance Reports Praise Informal Style of Neon

A well-balanced lay-out and originality of copy will distinguish the 1938 Neon as one of the finest year-books ever to be issued from a Youngstown school. Encased in a coarse linen cover with black and maroon design, the annual will be more than a book of memories. It will be cherished by those who own a copy, as an artistic achievement.

Those few who have been permitted to see the pictures have nothing but the highest praise for the success of informal groupings. Surprise feature of the Neon will be the theme carried out in "shadow" pic-

tures. The book will also contain color for the first time.

The design for the cover was originated by William Yumbar of the Commercial Art Class. The cover will be different than that of any school in the vicinity.

Date of issue has been set at June sixth. Should the book be delayed, it will be on hand not later than June tenth. Those who have already subscribed are assured of getting a copy of the limited edition. Others are advised to be early as a sell-out is predicted.

Campus Commentator Wins Muldoon Award

"Campus Comments," featured column of the Jambar won the Muldoon award for its author, Frank Jaczko, at a recent meeting of Sigma Tau Delta. The presentation of a gold key will be made at the annual tea, June 12.

The column, clippings of which were submitted in the annual contest open to fraternity members, was considered to be the outstanding literary contribution. Judges were George R. Madtes, Paul J. Suter, and Caylon Hollingsworth. The award, donated by Mrs. Thomas C. Muldoon, was won last year by Charles Mulcahey, Vindicator Movie Editor.

Jaczko was further honored at the same meeting by being elected president for the coming year. Other officers are: vice president, Marjetta Bagnall; secretary, Helen Johnson; treasurer, Mary Catherine Welsh.

President Jones Addresses Graduates

In the past weeks, President Jones has been called upon to deliver a series of commencement addresses. He has spoken at New Waterford High School, John High School, and Astabula General Hospital.

The general theme of the speeches of President Jones has been the challenge to youth; the problems that await young men and women who are graduating, and the opportunities that await them in the outside world.

The next address will be made at Salineville High School.

Five Listed As YC Possibilities

Five seniors are eligible for the pearl-studded pin with the letters "Y C" given by the Honor Point System of Youngstown College.

• This We Have Done

With the final issue of volume nine, we cannot help but point out the accomplishments of the Jambar during the past year:

First: The Jambar became a bi-weekly paper. This meant lots of extra work for the staff and paved the way to national recognition in the college-newspaper field.

Second: We were awarded First class Honors in our class in the Associated Collegiate Press Critical Service. This was the first professional comparison of the Jambar with other college papers, and we came through with flying colors.

Third: We finished the year more than one hundred dollars under our budget.

Fourth: The Jambar was represented at the convention of the Ohio College Newspaper Association. This was the first time that staff members visited other colleges to find out how the best papers are managed.

Fifth: We were given a Jambar office.

Sixth: We campaigned for Delta Epsilon and did our share in promoting football.

Seventh: We built up an impressive exchange list and in other ways attempted to publicize the College whenever possible.

Eighth: We printed four six-page issues; used more cuts; changed the style of heads and by other means tried to give our readers a most attractive paper.

Ninth: We, to the best of our ability, carried out the editorial policy stated in our initial editorial.

• It's Been Fun

We begin this editorial with the realization that when we sign the number "30" to the bottom of it, we will have concluded our brief but, we hope, not entirely oblivious career as Jambar chief.

Much of the credit for any success that we may have attained belongs to our staff. Without their loyalty, and ability to show up with some sort of copy on or after deadline, we could not have published a bi-weekly.

With thanks to them and to the student body for not being too harsh in criticizing us, we resign our position as editor, wish the best of success to next year's editor, and again take up the life of leisure.

CAMPUS COMMENTS
BY FRANK JACZKO

BACHELOR OF ARTS
In a few days we will graduate from Youngstown College. We will have completed 130 hours of academic work and we will be qualified to take an "A.B." after our name. About three days after that we will start in working on a job that a moron could hold down without any excessive strain on his mental faculties. The nature of the work is of such low

tenor that we hesitate to tell our best friends about it, but it is HONEST. (Everyone will rise and sing two choruses of "Open Wide Ye Pearly Gates.")

With the end of the trail so near, it is an appropriate time to check back and figure up some of the things we have picked up in our four years here, that were not advertised in the catalogue. We learned to play bridge, dance, and take an interest in the society page of the newspaper. We can pun with the worst of them, outfunnel most of them, gamble with all of them. We have developed the ability to recognize a gold-digger four dances before the Prom or the Sig Delt formal, gossip with either of the sorority sisters about the others, and take a date refusal with an "it's your loss, sister" attitude. In fact there is so much information and ability we have gathered and not been charged for that we feel almost inclined to march up to the grilled window and plank down a twenty spot . . . no, a fifty, for items not billed for.

PETEY PENGUIN

As I look back on my brief tenure, I can't help but feel that tence, I can't help but feel that I didn't do such a swell job of keeping track of goings on in Romantica. Furthermore, what I usually called a sure match invariably turned out to be a strike for me. I guess I could do much better next year, if there was a next year. Anyhow, I got a lot of fun out of the "who is he" and "who is she" business. I promised a friend to reveal the identity of any one individual I had described. Right away she wanted to know who the "college widow" is. Well, Petey Penguin never goes back on his word. The college widow is: And now before I sign off for good, I'd like to extend best wishes for continued bliss and felicity to the following duets who have managed to remain faithful through the uncertainties and dangers of campus days: Lagerstrom-Gubbins; Smith-Reinehr; Westfall-D'Orsi; Snavelly-Zellers; Powers-Miller; Trefert-Litvin; Wighton-Gerdes; Snyder-Freed; Wiggins-Sheffield; Arkwright-Semple; Gifford-Elser; Fusco-Jones; Van Court-contract; Stoebel-Bair-Evans Gambrel; Grant-Beard; Moore-Codrea; Barker (saved five letters on that one); Haynes-eight longs; Boldt-Crawford; Saunders-Bowen; Kirchner-Cashon; and that leaves nobody for me. Oh well, I'll go and try on my new football suit.

LOOKING FORWARD

Place: Ravers Tavern. Time: June 12, at about six P. M.

Four men will sit around a dinner table for the first of what they hope may be many, many annual gatherings. The four, John Middleton, Howard Rempes, Paul Maloney, and this writer, have been closely associated with each other in and out of classrooms for the past four years. We feel our friendship is much too permanent and valuable to be ended at Commencement, and so the planned annual reunions. A pool of a bit of cash will be built up to be given to the first "Junior." At these get-togethers we intend to compare notes, brag about successes, and recall the good old days when we were rah-rah boys at Youngstown. The reason we mention this is because we think it's a splendid idea and would like to pass it on to any others who may care to use it.

SWAN SONG

Since this is the last appearance of Campus Comments, I feel that the occasion justifies my discarding the formal "we" of a would-be-columnist and chant my swan song personally, from me to you. Frankly, the writing of this column has been the brightest spot in the last three years of my school career. I only hope that you have enjoyed the reading of it as much as I have enjoyed the writing. True enough, there have been times when I cursed the job, especially when dead-line was right on my back and the words wouldn't come. I would tell myself: "You don't have to do this. It isn't appreciated anyhow." Then I found that I wasn't writing it for appreciation but because I liked to, and so I stuck to it. Eventually, another column failed to meet the dead-line but unfailing appeared every other Wednesday and gave most everyone something to gripe about. An now a word about these grippers. I am fully aware of the fact that my scribblings have caused ill feeling in many quarters. With no intention of defending myself, I claim that the fault has been that people have taken my ravings far too seriously. It was always my hope that anything appearing in these writings would be taken in the same sense of friendly kidding in which it was given. Regardless of how sarcastic or bitter my words may have seemed; there never was any malice intended. But no matter now, it is all so much water under the bridge. I hope we part as friends. And as I exit, in farewell, I wish my fellow Seniors every success in the world, and the undergraduates as happy and as interesting college days as mine have been. Goodbye and thanks for reading.

The Collegiate Angle . . .

By Lenny Evans

Who is fated to be the "Unknown Soldier" of the future? How many of the young men alive today will find a final resting place in some Flanders Field? The decision rests largely with the young people of today.

It is up to us to decide on the national policies which will lead either to peace or to war. It is up to us to stand together to prevent any recurrence of the war-hysteria which marked our entrance into the World War.

Grim Merry-Go-Round

The young people of today, at least those in the United States, born in the turbulence of war, bred in the artificiality of the boom period, and matured in the depths of a depression, have no desire to repeat the vicious cycle. We have before us the example of a world in turmoil. There are wars raging both East and West, and we find no glamour in them. It is not likely that we shall easily be enmeshed in conflict.

Have We Learned?

But if the writer is mistaken, and the young people of the United States have not profited from past experience, if we are willing to be led by the nose to slaughter and social and economic chaos, if we refuse to benefit from the observation of our unfortunate fellows across the seas, then we shall surely find ourselves embroiled in a type of warfare as far removed from the World War as 1917 warfare was from that of the sixteenth century. The decision rests with us. Let it be for Peace.
