Youngstown, Ohio

VOLUME 32 NO. 3

BOARD SELECTS SITE FOR SCIENCE BUILDING

Structure Will House Modern Laboratories

Site of the new Youngstown University Science building was selected at a meeting of the board of trustees at the Youngstown Club on Friday, Oct. 18.

The building, to be a brick structure with stone trim in keeping with the university library will be located on Bryson Street directly south of the library building and will extend approximately 190 feet on Bryson Street and 66 feet back on the campus.

Consisting of a ground floor and three additional floors, the building will have two floors devoted to chemical and chemical engineering laboratories, one floor for biology laboratories and one floor for physics laboratories, including a laboratory for nuclear physics.

Architects Kling and Frost are working on the completion of plans for the new building. The board building committee consists of Judge J. Eugene Bennett, chairman; J. Lester Manthe, Chairman of the Board of the Youngstown Sheet and Tube Co., and William F. Magg, Jr., Editor and Publisher of the Youngstown Vindicator.

Library Hours Are Changed

In order to offer the facilities of the University Library to students in every way possible, Mr. George H.G. Jones, new librarian, has announced new hours to be in effect immediately. The library will now remain open Monday through Friday from 7:30 a.m. to 10 p.m.

Rules pertaining to the Furnell room have been broadened to allow talking, card playing, and eating. Students are asked, however, to dispose of lunch bags and other trash when they are finished.

Famed Heroine Will Lecture On Discovery

Nila Magidoff, heroine of the best-seller "Nila", will appear at Strouss Memorial Auditorium at 11 a.m. Nov. 8th. She will be presented by the American Association of University Women, who have, for the past 3 years, brought a noted speaker to Youngstown University. The title of her lecture is to be "My Discovery of America".

Mrs. Magidoff, wife of the former N.E.C. war correspondent, Robert Magidoff, is a Russian-born American citizen. During her years in Russia, she worked in Moscow as a clothes designer and a factory laborer.

She has spent years of exile in Siberia, explored Central Asia, and traveled around Europe as a Merchant Marine sailor. Before becoming an American citizen, she was a noted Russian authoress and Moscow newspaper woman.

Spoke at Bond Rallies

During the Second World War, she became famous in the United States for her talks given at War Bond rallies. After the war she rejoined her husband in Moscow, but left again, with him, when he was expelled on charges of spying for the U.S.A. in addition to lecturing during the war, Mrs. Magidoff taught Russian at the University of Louisville.

Continued on Page 6

Enrollment Highest In YU History

Dr. Howard W. Jones, President of Youngstown University, reported the highest enrollment in the history of the school with a total of 5,638 students enrolled this fall as compared with 5,269 last fall, an increase of 369 students. The figures are from the official count taken at the end of the third week of the fall semester which is customary in universities.

Dr. Jones said the heaviest enrollment is in the William Rayen School of Engineering with a total of 1,542. Following closely is the School of Business Administration with 1,536. The College of Arts and Sciences with 1,209 and the department of education with 1,168. The Dana School of Music has an enrollment of 130 and the School of Law, a total of 53 students.

The greatest increase in enrollment is in the department of education with 168 more students than last year and the next in the School of Business Administration with an increase of 142.

Freshman Enrollment Rises

The total freshman enrollment for

this fall is 2,239 as compared with 2,207 for the fall of 1956.

In addition to the heavy enrollment in the university proper, Dr. Jones said that nine firms are participating this year in the Youngstown Technical Institute program of the University with a total of 232 men from these industries enrolled for special courses in seven fields related to their jobs at the plants.

Enrollment figures point up the fact that the expected gradual drop in veteran enrollment is taking place with 1,463 veterans enrolled this year compared with 1,629 for the fall of 1956.

A survey of enrollment figures for

Engineers-Take Notice

Due to the lack of parking facilities in the Engineering parking lot only those possessing parking stickers will be admitted. Violators will be dealt with in a strong manner.

Paper's Name Is Local Trademark

By Ed Nolte

The word JAMBAR no doubt has puzzled the Freshman class and other newcomers to the University. Behind the word JAMBAR is a story that is both interesting and informative. Contrary to popular belief, the JAMBAR was not named for the popular "recreation center" on the South Side. It was also not named for the overcrowded taverns along Federal Street where the steel workers used to drown their sorrows, many years ago, after putting in many hours over a hot blast furnace.

The name of the Y.U. newspaper was derived from a tool used to clean the furnaces in the "Welsh" puddle mills after each "heat" was completed. This tool was called a Jam-bar.

The name JAMBAR caught on and was constantly being associated with Youngstown. When Youngstowners attended an iron and steel convention, Jambar was picked up by others attending the meetings and Jambar and Youngstown were connected on a nation-wide basis. Youngstowners migrating west used the name on various enterprises to help further its fame.

Searched for Name

JAMBAR was first used with the YoCo paper in 1931. The paper, then a mimeographed sheet, was nameless. The publisher of the paper, Mr. Burke Lyden, searched in vain for a name for his publication until his sister, Miss May Lyden, came up with "Jambar", because of its association with our fair city.

Newmanites Attend Mass

Last Sunday, Newman Club members attended a Mass at Cardinal Mooney Church, which was followed by a Communion Breakfast held in the high school.

Newman Club is planning a very active schedule during the forthcoming weeks.

This year the State Convention of Newman Club Members in Ohio will be held at Ohio University on Oct. 25, 26, and 27. There will be a skating party at the Boardman Roller-ade, Thursday, Nov. 7 from 8-11 p.m.

Meetings are held every other Sunday at Cardinal Mooney High School starting at 7 p.m.

All Presidents-- Take Notice

There will be a meeting of presidents of all organizations on campus. The meeting will be held in the Audio-Visual room of the Library on Saturday, November 2.

Attendance at this meeting is required. If an organization is not represented that organization will be classed as inactive and not be eligible to use any University facilities.

On Nov. 3, program chairman, Hugh Holton, will present Miss Elma Clinger, who was an exchange teacher at Chateau Roux, France.

Must Be Razed

This group of houses will be torn down to make way for the new Science Building. A date has not been set to begin construction.

University Junior Is Currently Starred In Players' Production

Sam SanFilippo, a Youngstown University junior, is currently playing the juvenile lead in the Youngstown Players' production of "Witness For The Prosecution".

Sam, who has been active in community and little theaters all over the country, is a member of Theta Chi fraternity, Alpha Psi Omega honorary, the English Club, and the Art Club. He is the discipline chairman of Student Council and the former president of Drama Guild.

"Witness For The Prosecution" is being presented at the playhouse Tuesday through Saturday evenings until Nov. 3. The play was written by Agatha Christie and has won the New York Critics' Circle Award, and the Antoinette Perry Award as the best foreign play of the year.

At the present time Sam is directing the Youngstown University Theater Family Plays for the Ohio Division of Mental Hygiene. Last year he played Captain Queeg in the "Caine Mutiny", directed "Dear Brutus", was the technical director of "You Can't Take It With You", and was student director and played the lead in "Dark Of The Moon".

For the past two summers Sam has worked at the Red Barn Playhouse

in Elwood City. Previous to that he acted in the Children's Theater at Denver University, in several shows at Mary Mount Senior College while he was stationed in the Air Force in Kansas, and at the oldest legitimate theater in the country, the Dock St. Theater, in Charleston, South Carolina.

After completing his undergraduate work at Youngstown University Sam would like to get a master's degree in acting and directing.

Aviation Exams To Be Conducted

A representative of the Naval Aviation Corps will be on campus to administer Naval Aviation exams on Oct. 28 in the Main building.

Lieutenant Commander Walter H. Weimer, will be available to answer any questions on either the Aviation Cadet Program for those with at least two years of college, or the Aviation Officer program for college graduates. Flight training is identical for both programs, however, college graduates receive a commission after four months and continue the remaining twelve months flight training as commissioned officers.

College men interested in Navy Flight Training are eligible to take the Aviation Aptitude Test. This is the only written test required for admission to the Naval Aviation Programs. Successful completion of the test incurs no obligation. The results are filed and remain valid until the candidate is over age.

Although any young man enrolled in college is eligible to take the exams, to qualify for active duty, one must have at least two years of college, be under 25 years of age, single, and have 20/20 vision. Those with a college degree may be married and under 28 years of age.

Information on other Officer Programs the Navy has to offer will be available for discussion with any prospective applicants.

RIL Halloween Party Tonight

Religion in Life Fellowship will sponsor its Annual Halloween Party tonight, Oct. 25, at Christ Mission Camp at 8 p.m.

The committee, headed by Don and Ron McDermott, Judy Pink, and Anita Marino, has planned an evening of games, mixers, a ghost hunt, and dancing. Refreshments will be served.

Dress is optional; either costume or sportswear. Transportation will be provided at 7:30 p.m. at Chaplain's residence, Buechner Hall, and at the Student Parking Lot on Bryson Street.

PLAY IT SAFE

Safety pays off in money too! Want to know how to make that cash jingle in your pockets? Just play it safe. That's all there is to this get-rich-quick idea. Tuck that thought of safety, in an ever-present niche, in your mind, so it can become a part of your being. Hammer it in solidly since safety must last you a lifetime and it's length will depend upon how well and constantly it is observed.

Why be safe? Why not be an individualist and forget such commonplace advice. Let's live dangerously: Safety is just for old people!

Staying with the dollars and cents angle we might remember the community has invested \$9,000 in each of us guiding our education through grade schools and high school. It would seem only fair that we should make some return to the taxpayers for paying so much money in advance of our adulthood. This money is spent in the hope of making a useful citizen who can as such make a continuing contribution to the general welfare of the world.

Now, we, as students at Youngstown University, paying several hundred dollars each semester for a professional education, could not stand the thought of all that time, effort and money, going to waste for just a second of carelessness. Yes, it's an unhappy thought but perfectly possible since accidents are happening all the time - to you and me! Just stay with us in our thought that "Safety Pays." It will "pay off," in the ability to continue your student education which in turn pays off in money too!

C.A.V.

Letters To The Editor

Dear Editor,

Drinking coffee in the cafeteria last year was sure a problem. You had to fight your way through the line and then try and find a seat. It's an unpleasant memory to even think of it.

This year the situation seemed like it was well in hand. That is, there was almost enough room to walk in, look around, and then have a seat. Were we living! Just like downtown!

Then, enter coat racks. Are you serious? Where can we walk? We can't! Now coat racks are fine things, don't get me wrong. But like we can't move Charlie, which comes first, walking or hanging up coats?

Let's get rid of the coat racks and give the coffee drinkers a chance to circulate!

Sincerely yours,
R.P. Mack

To the Editor:

We feel the student body of Youngstown University, and the Student Council, are to be complimented for the interest they take in current affairs. Thirty-four students felt it worthwhile to be present when Joseph L. Rauh, Jr., National Chairman of Americans for Democratic Action, and one of the leaders in the fight for civil liberties and civil rights, spoke in the Audio-visual Room, Oct. 7.

While this figure (34 students) is not really impressive -- it amounts to almost six tenths of one per cent of the student body -- it must be realized that other equally meaningful activities were attracting great numbers of students.

Under the sanction of our worthy Student Council, a large segment of the student body made the most of the limited space allotted them in one Main Building; although we must confess we were somewhat confused as to whether the advertising was

The Campus Voice

By

Shirley Pavlov Sam Sanfilippo

Do you feel that the new Snack Bar and improved Cafeteria have alleviated the crowded conditions of previous years?

Do you have any further suggestions?

MIKE RONCONE - Senior

Yes, I definitely feel that some of the congestion that was present has been eliminated with the improvement of the Cafeteria and the addition of the Snack Bar. These changes also add more to the University in the way of beauty. However, I feel that either the Cafeteria or the Snack Bar should stay open later in the evening to accommodate the night students.

JUDIE ENGELHARDT - Sophomore

I feel that the conditions are just as crowded as ever. On the other hand, the Cafeteria is a big improvement. The only drawback is that they should be open longer in the evening. The coat racks should be removed to a different part of the room rather than the aisle, to alleviate congestion with students carrying trays to the tables in both the Cafeteria and the Snack Bar.

SANDY SHERWOOD - Sophomore

The new Snack Bar and remodeled Cafeteria have certainly provided more pleasant surroundings in which to eat, and have alleviated overcrowded conditions to some extent. I do not think though, that they have solved the problem of overcrowding completely. I think that the problem would have been solved by building one large eating place, if that were possible.

I would suggest that the coat racks which were recently installed in the snack bar be removed for less congestion in the aisles.

ED LAVIN - Junior

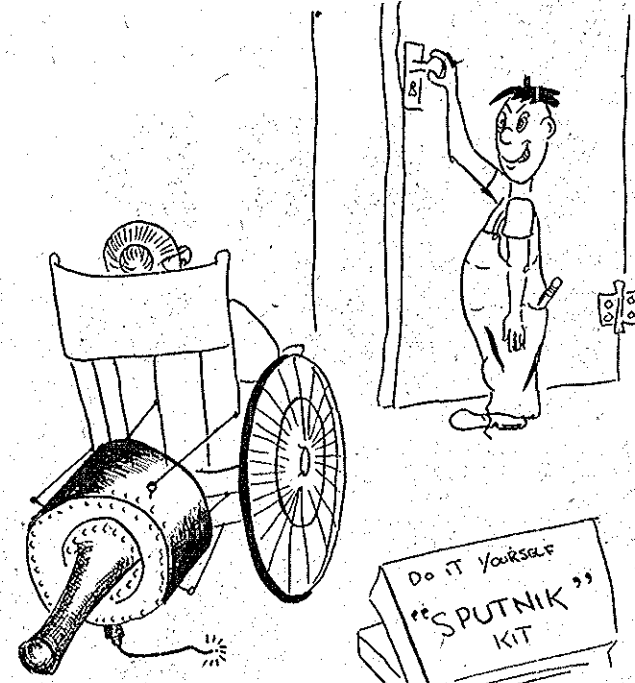

First of all they should put an exhaust fan or some means of clearing the smoke from the snack bar. On occasions it reminds me of a bowling alley. The snack bar, I think is also a fire trap. There should be another exit. The coat racks should be removed to another room because with them in the center of the aisle, it is too congested. However, the snack bar has alleviated the crowded conditions in the Cafeteria for more enjoyable eating.

Marshall Scholarships Offered By Britain

U.S. college students can now apply for next year's Marshall Scholarship awards enabling them to study at a British University for two years. Applications must be in by October 31, 1957.

The Marshall scholarship scheme was started in 1953 as a token of Britain's thanks for Marshall Aid. Twelve scholarships are awarded

Why are you opening the door, Junior? Grandma's not going anywhere.

ENGINEER'S ANGLES

By Two Engineers

As the sun sinks slowly behind the unfinished lab reports we find ourselves looking forward to another grand and glorious weekend of fun and frivolity.

With our keen eyesight we have been observing that more and more of the engineers are trodding across the boundary line into the land of sunshine and mirth. What is this sudden drawing attraction to the "country club?" The word finally got out that there are real live honest-to-goodness girls going to school up there.

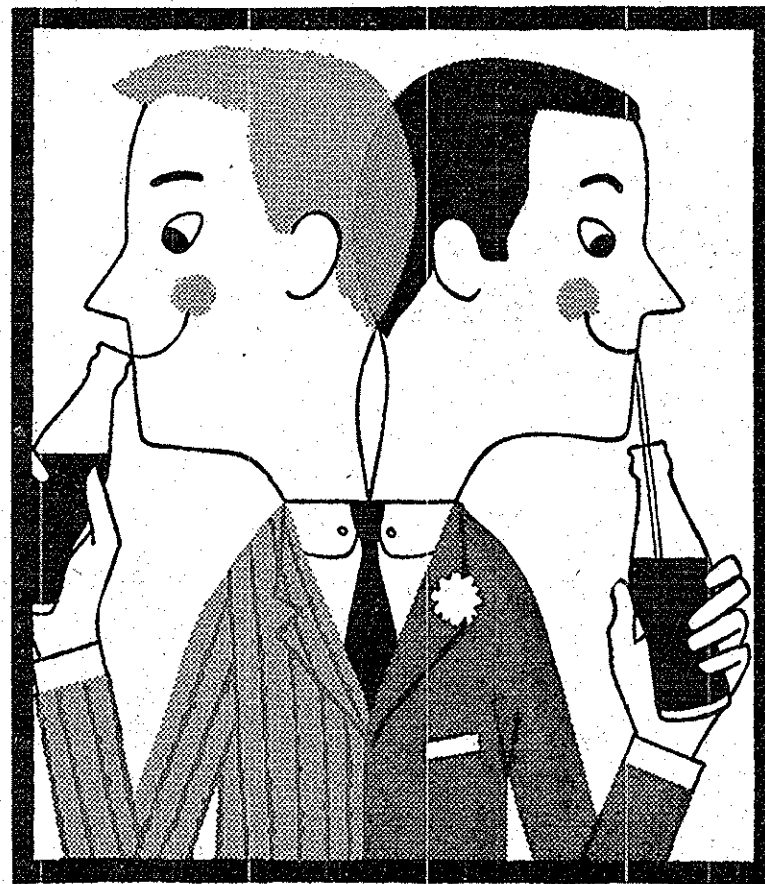

This startling fact caused the boys to investigate this well known engineering masterpiece. They say this investigation is strictly for technical reasons.

We understand that a few of our promising engineers almost didn't

make it to class the other day. It seems as they were crossing Wick Avenue they got run under by a sports car. They were so scared from this experience that they developed that sickness known as Mercedes Bends.

We heard from reliable sources that a certain party who teaches "thermo" has resorted to old methods of grading his tests. It seems that he puts the temperature of the day of the test down for a grade. What the guys are moaning

(Continued on Page 3)

Of Two Minds

On the one hand, you have Thirsty G. Smith. Good taste to him means zest and zip in a beverage, sparkle and lift and all like that...

On the other hand, T. Gourmet Smythe perceives good taste as the right, fit and proper refreshment for a Discriminating Coterie. So? ... Have it both ways! Coca-Cola ... so good in taste, in such good taste.

Et vous?

SIGN OF GOOD TASTE

Wiretapping

By Fran Doyle and Peggy Higgins

This week this space will be devoted to furnishing ideas to various groups around the campus. With the hustle and bustle required to remain in school we find that seldom have we time to sit and think of some new thing which is of some use to us. This dilemma, we hope, is shared by all who attend college anywhere. So, it's off to the idea factory.

First, to all who have a yen for invention. The Toledo "Campus Collegian" suggests you might try a pill, which prevents finger nails from breaking. Or how about some stockings which do not run, or a formula which would make all foods taste like pizza, steak, shrimp cocktail, and all beverages like beer. Ah, what a joy it would be to eat peanut butter sandwiches dien!

Next we have a quip or two which are great for filling in embarrassing pauses in conversation. From Hal Boyles A.P. column we find that some primitive tribes living by the sea use sharks teeth for razors -- how are you fixed for shark's teeth?

The "Ballad of Davy Crockett" is considered the fastest selling record in history; sold more than six million discs during its first six months on the market.

In Greece the dough for the bread to be served at a wedding is kneaded in public --- and friends of the bride and groom toss gifts of money into it. Sounds like a real good deal.

That the Encyclopedia Britannica isn't English and never has been --- it was founded in 1777 by three Scots.

Or you might say when pressed that when consuming food you chew about 5 million times a year. A pocket size note book is just right if you care to keep track for a year.

Enough for little facts to brighten the lives of others and now on to the Ivy League dressers on campus. If you want to be considered an original Ivy Leaguer you must unbuckle your backstrap and wear your crew neck backwards, at least the B.G. News claims this to be so. From the Daily Kasan of the University of Kansas, we find an addition which is a must for the complete Ivy League wardrobe. Socks with a belt in the back. Appropriately called "The Hose of Ivy". Well enough of the food for thought angle. So to finish up we'll give you some of the regular type news.

To start with a very appropos quote from the Daily Texan "The road to oblivion is paved with Little Rocks".

To all headache sufferers, take heart, you have not been having the same old headache all the time. Medical science has determined that there are 47 different kinds of headaches. And, the only ones who ever gets all 47 at once, is the person who has one on the glorious morning after.

Never fear, the Russians having an H-Bomb. They don't even have the letter H in their alphabet.

The Kent Stater.

Three freshman girls, invited to a sorority rush party, mistook a large, brightly lighted funeral home for the sorority house. Their timing was perfect, a funeral service was in progress, the gals were too embarrassed to leave while the service was going on.

The Muhlenberg Weekly.

This week an unwise group of Lehigh students ventured onto the Muhlenberg campus. Their purpose was to paint the historic campus in their (Lehigh's) colors. But these poor unfortunates were apprehended and were quickly sent back to Lehigh minus all of their hair!

The Ursuline Quill, Ursuline College

Answer to a question, "what is a coed collegian?" A collegian is Beauty in pin curls, Sophistication cheering at a football game, Innocence in telling Jim that "of course" He's the only one she's ever said that to.

Collegians like crew necks, men anyway they can find them, suburban coats, roll up sleeves, button down collars, buckled anything, and charge accounts.

They dislike umbrellas, ancient history, homework, waiting for him and everything "old-fashioned".

Despite her fathers complaint that he's not made of money, her little brothers sage advice that "she's strictly for the birds, and her professors fear that she'll never recover from weekends -- better face it - she's an American institution.

Now a final closing thought for those who have not yet had the Asian flu. If you have a headache, fever, sore throat, cough, and aching muscles you also have the flu. But don't worry too much, the medicos say it isn't as bad as the 1918 type flu. See how lucky you are. But there is a sad note to the flu epidemic, it only lasts in one locale for 6 weeks. Just think in about 3 more weeks we'll have to find a new excuse for cutting classes.

ANGLES

(Continued from Page 2)

about is that it seems that every test day so far has been mighty cold.

Now we will have a few unsolicited words about the parking lot situation. If those crevices aren't filled in out there the enrollment at the Engineering School will slowly decrease into nothingness. It seems that about ten students started across that never-never land and

about eight never-never made it to the other side.

Now we will pass on a note of warning to all those real bright students (?) who park their cars in the aisles then lock them and take the keys with them. Don't be surprised if you find your car slowly settling down on four softened tires.

We will now close this column with the usual witicism. What do they call the hair on the back of a chow dog? It is called chow mane.

APG Hunts New Playwright Talent

A new organization, the American Playwrights Guild has been formed by leading figures in the Broadway theatre world for the purpose of discovering and guiding new writing talents for the stage and television. Headed by President Harold Bromley, APG is composed of theatre and TV producers, directors and editors who furnish playwrights throughout the United States and Canada with a professional, comprehensive and coordinated service in all phases of their craft.

In this attempt to stimulate new talent, Mr. Bromley has gathered such personalities as John Byram as the Executive Editor; producers Herman Levin, Chandler Cowles, Guthrie McClintic; director David Alexander and Paul Stieger, Clarence Derwent and Willard Swire as members of the Editorial Board of APG.

The Guild was organized primarily to ferret out suitable scripts so sorely needed by the legitimate theatre and network television. One of its main functions is to serve as an agency which will foster and encourage young writers by aiding them in their crafts as well as in the proper marketing of their works.

Has Been Designed

To implement this plan, the program of APG has been designed to permit each of the experts to study the particular script to determine its suitability for current Broadway and TV markets. The Guild also furnishes the playwright with a composite, comprehensive, critical analysis of his work and a frank evaluation of its commercial possibilities.

Should the judgment of the board and that of the Editors be positive, APG uses its best efforts to secure a Broadway or TV production of the work. The Guild then follows up by aiding the playwright with all negotiations and in the supervision of the details encountered in arranging for a production.

The Policy outlined by the Guild requires each playwright to write for a full set of particulars before submitting scripts to be read. No action will be taken on scripts whose authors do not adhere to the stipulated procedure. All inquiries are to be made to the American Playwrights Guild, Inc. 5 East 76th Street, New York 21, N. Y.

National Teacher Exams To Be Held Feb. 15

The National Teacher Examinations, prepared and administered annually by Educational Testing Service, will be given at 250 testing centers throughout the United States on Saturday, February 15, 1958.

At the one-day testing session a candidate may take the Common Examinations, which include tests in Professional Information, General Culture, English Expression, and Non-verbal Reasoning; and one or two of eleven Optional Examinations designed to demonstrate mastery of subject matter to be taught. The college which a candidate is attending, or the school system in which he is seeking employment, will advise him whether he should take the National Teacher Examinations and which of the Optional Examinations to select.

A Bulletin of Information (in which an application is inserted) describing registration procedure and containing sample test questions may be obtained from college officials, school superintendents, or

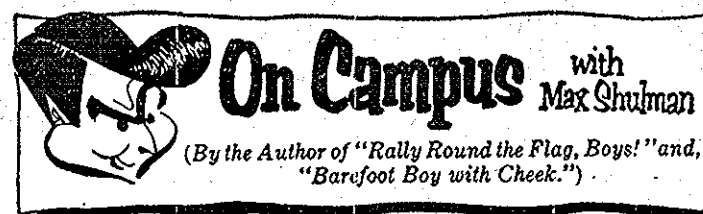

directly from the National Teacher Examinations, Educational Testing Service, 20 Nassau Street, Princeton, New Jersey. Completed applications, accompanied by proper examination fees, will be accepted by the ETS office during November and December, and in January so long as they are received before January 17, 1958.

Hollywood kids brag: "My daddies can lick your daddies."

Enrollment

Youngstown University over the past ten years shows the following: 1947, 4,242; 1948, 4,359; 1949, 4,279; 1950, 3,741; 1951, 3,487; 1952, 3,142; 1953, 3,356; 1954, 3,846; 1955, 4,597; 1956, 5,269; 1957, 5,638.

Russia will never take New York City. Where would they park?

THE PARTY WEEK END: ITS CAUSE AND CURE

With the season of party weekends almost upon us, my mail of late has been flooded with queries from young inmates of women's colleges wishing to know how one conducts one's self when one has invited a young gentleman for a weekend. This morning, for example, there were more than 30,000 letters, each containing a lock of hair. I gave the hair to a bombsight maker and the lanolin to a dry sheep of my acquaintance, and I turned instantly to the question: How should a young lady deport herself when she has asked a young gentleman to be her guest at a party weekend?

Well, my dear girls, the first thing to remember is that your young gentleman is far from home and frightened. Put him at his ease. You might, for instance, surprise him by having his mother sitting in a rocker on the station platform when he gets off the train.

Next, what kind of corsage should you send your young gentleman? Well, my beloved maidens, orchids are always acceptable.

If you find, my esteemed fillies, that your local florist has run out of stock, do not be dismayed. Make a corsage out of paper. But pick good, stiff, durable paper--twenty dollar bills, for example.

Remember at all times, my fond wenches, to show your young gentleman courtesy and consideration. Open doors for him, walk on the traffic side of the path, assist him to the punch bowl, zip his parka, light his Marlboros. (What, you ask, if he doesn't smoke Marlboros? Ridiculous, my precious nymphs! Of course, he smokes Marlboros! Don't you? Don't I? Doesn't everybody who knows a hawk from a handsaw?? What other cigarette gives you such a lot to like? Such filter? Such flavor? Such flip-top box? No other, my sweet minxes, no other. Marlboro stands alone, and any man worthy of you, my estimable damsels, is bound to be a Marlboro man.)

If you will follow the simple instructions stated above, my good lasses, you will find that you have turned your young gentleman into a fast and fervent admirer. There is nothing quite like a party weekend to promote romance.

I am in mind of a party weekend some years ago at Miss Pomfritt's Seminary for Genteel Chicks in West Linotype, Ohio. Serafina Sigafos, a sophomore at this institution, majoring in napkin folding, sent an invitation to a young man named Fafnir Valve, a junior at the Joyce Kilmer School of Forestry, majoring in sap and boles.

Anyhow, Serafina sent an invitation to Fafnir, and he came, and she showered him with kindness and cuff links, and then he went away, and Serafina sat anxiously by the mailbox, wondering whether she would ever hear from him again. Sure enough, two weeks later she got a letter: "Dear Serafina, Can you let me have fifty bucks? Yours, Fafnir."

Whimpering with ecstasy, she ran to the bank and withdrew the money and mailed it to him. From then on, she got the same request every week, and as a result, she became very well acquainted with Ralph T. Involute, teller of the West Linotype Bank and Trust Co., and their friendship ripened into love, and today they are happily married and live in Stamen, Oregon, where Ralph is in the extruded molasses game and Serafina is a hydrant.

Every weekend is a party weekend when you smoke Marlboros, whose makers bring you this column throughout the school year.

IT'S GREEK TO ME

By Pat Hrinko

Congratulations to pretty, perky Barb Priore, who reigned over Homecoming festivities as Youngstown University's 1957 Homecoming Queen. Her court included Geri Zeller, Bunny Noga, Pearl Jackson and Toni Carlomagno.

Float competition was keen with Sigma Sigma Sigma's Donald Duck winning first place in sorority competition and Nu Sigma Rho's White Elephant winning first place in fraternity competition.

Many thanks to Herb Bartlemay and Steve Goryanec for the marvelous job which was done on Homecoming. I'm sure that it was a Homecoming that won't soon be forgotten.

For your dance schedule - Following the Y.U. - Baldwin-Wallace game, the Friends of the Library will present a dance in Strouss Auditorium.

I Crown You...

Barbara Priore, 1957 Homecoming Queen, receives her regal crown from Angie Stizza, last year's Queen. Looking on is Steve Goryanec, co-chairman of Homecoming festivities.

ALPHA PI EPSILON

The first rush party was held with the theme of "Ivy League" being a success. Many thanks go to our chairman Myrtle Ann Gifford and social chairman Joyce Doyle. The theme of the second party was Halloween. (By the way, who forgot to get dressed up, Aggie, Joan and Fran?)

The girls certainly enjoyed helping at the tea given for the Latin teachers and Mrs. Morgan. Coming up soon will be the tremendous party with the "Alums" at Calvin Center on November 1. We surely hope they have sold all their Christmas cards.

Also, may we congratulate Barbara Priore and all the Homecoming Court on their fine appearance at the game and dance.

BETA SIGMA OMICRON

The sisters of Beta Sigma Omicron would like to congratulate their sister Barbara Priore who was crowned Homecoming Queen of Youngstown University. They would like to thank everyone and especially Sigma Phi Epsilon and Tau Kappa Epsilon Fraternities. Congratulations to Sigma Sigma Sigma and Nu Sigma Rho on their winning floats and to all the other fine floats.

They're new - they're great - have you seen them? Yes the Beta's are really sharp in their new red - shocking red - blazers. Where is yours, Sue?

The sisters would like to send their wishes to sister Patty Sfora

and Dick Kay. Teke, on their recent pinning. Why are Judy, Ann and Louise so interested in football? What happens on Tuesday night when Fran, Jerry, Sally and Rosemary act as teachers?

Sputnik landed in Sally Gribbon's house for the first rush party Sunday afternoon. Patty Parkas and Barb Priore deserve a lot of credit for its success.

Question of the week sent to Marion Minghetti. How come you only know the numbers 5 and 1?

Also, Happy Birthday, Sally!

THETA CHI

Congratulations to the Homecoming Queen, Barbara Priore and her court; and to Nu Sigma Rho and Sigma Sigma Sigma on their winning floats.

The Theta Chi's would like to wish Brother Dick Shoemaker, the best of luck on his trip to Colorado Springs, Colorado, during the Thanksgiving vacation, where he will be one of the representatives for Youngstown I.F.C. at the national I.F.C. convention.

Now that Homecoming is over, you can see that "almost everybody" is starting to hit the books again!

Congratulations to Brother Cal Ströble and Brother Harry Sinn on the fine job they did on the Theta Chi float.

The Theta Chi candidate for President of the Senior Class is Bill Carnie, a senior in engineering.

Just keep in mind that November 23 is the Theta Chi Harvest Moon Dance.

More details later.

SIGMA PHI EPSILON

This past Homecoming has seen an innovation arise on Y.U.'s campus. House decorating, which is traditional on campuses across the country, received its start here with the first annual decorating of the Sigma Phi Epsilon House.

Due to hard work by float chairman, Tim Bowser, alias "Capt. Hook" and his "scurvy crew", the Sig Ep's sailed away with second place in float competition.

The brothers of Sigma Phi Epsilon wish the sororities success in rushing.

New pinmates on campus are brother Bob Cooksey and Cora Lundstrum. Good luck, Cora, on your wearing of the "Golden Heart".

Congratulations to Miss Barbara Priore, Sigma Phi Epsilon candidate, who was elected Y.U.'s 1957 Homecoming Queen. We're proud of you, Barb!

P.S. Thanks loads, Peggy!

PHI MU

Congratulations to Tri Sigma Sorority and Nu Sigma Rho Fraternity for winning first place in the Homecoming float competition. Many thanks to Betty Biga, who was chairman of the Phi Mu float. The girls all liked the fine job she did.

Looking Around...

Karl Magg

Ike McHugh

The column that was originally scheduled to appear here begins on the next line.

Note to instructors: remember when taking attendance in class, that many are absent or late because they have been checked on the coat racks in the Snack Bar. Dolly Stizza and Bernie O'Reilly missed a week of classes and would still be absent if Renni Domini had not come in for his overcoat.

Barb McClay (night school) now has the time for any male students interested. She got a new watch for the Homecoming game. (Where did the road go Boob?)

Certainly is noisy here at Mike Todd's party. We're going to do a sequel to his movie - "Down the Mahoning in 30 Minutes" or "Who Pulled the Chain".

I.F.C. is sponsoring an interfraternity swim meet from Struthers to Campbell.

Frank, bet-a-billion-Bashby, Guarnati has a new theme, "Maybe Next Time. Mighty Casey has struck out!"

This column is supposed to stimulate your mind. If something doesn't strike you funny, think about it awhile. If you still are sour and can't smile, the heck with it. One nice thing, this column is written on cigarette paper so if you can't stand it, smoke it.

Six people took the pledge when they saw the Homecoming Parade. (DT's you know, seeing elephants and all that jazz).

Mrs. Asphalt sold her piano, so quit calling!

Here comes Peter Cotton Tail
Hopping down the Bunny Trail
With Your Neon

Progress Report: 20 years ago, Y.U.'s enrollment reached a new high with 325 students. Ike has that many in his locker.

You men go ahead with your I.F.C. football, we'll stay home and guard the damsels, man!

Sample Hit Parades came just in time. V.A. checks haven't come in yet. Oh Well, they're better than K-Rations.

Saw a flu bug with a buckle on its back. They're both in style.

I.F.C. Dance is formal this year. Everyone has to bring dates and wear their best sneakers.

Hello to Jack Chugden who was last seen violently attacking a pile of spuds.

Ike "Dave Beck" McHugh is going to start a student's assistance union.

Congratulations to Herb Bartlemay and Steve "Loan me a dime" Goryanec on the great job they did as co-chairmen of Homecoming. They are not liable for limbs lost during the campaign.

We're short on copy this week so we thought we'd answer a question or two sent in by our readers.

To Miss FEPC from Salamanca ... Yes, Ike McHugh can read but only numbers. He knows its 39 miles, but he doesn't know where to. To Mr. DMCL from 900 Market Street ... No, Mickey Kaiser did not hit .500 when he won the Wick Oval batting championship. His highest average was .369 in 1952.

You may think that this is the end. Well, it is!

Also congratulations to Barb Priore, Homecoming Queen and to Amy Badal, Snow White on the Alpha Mu float. Even if you did freeze, Amy, you looked very pretty.

The Phi Mu's had a ball at the slumber party at Ilona's last Friday after the Phi Gam dance. But oh, the circles under their eyes the next day.

The song Ilona has been humming for the last few weeks is "Zip-a-dee-doo-da" in case you were wondering.

NU SIGMA RHO

People's minds are again turning towards studies in view of the on-coming mid-terms.

The progress of the homecoming float moved steadily on, even though the chairman was home with the flu. It seems that half of the Nu Sig's had the flu the week before Homecoming and the other half, the week after.

Nick Pupino has finally gotten a Paying Job!

Joe Cortese has informed us that rushing season will soon begin with some fabulous parties planned for the rushees.

Congratulations to the Tri Sigma Sorority on winning the float trophy. Also congratulations to Barbara Priore, Homecoming Queen.

SIGMA SIGMA SIGMA

Congratulations Barb Priore as Homecoming Queen for Youngstown

University. Also to the co-chairmen Herb Bartlemay and Steve Goryanec who did so well with the weekend festivities and Kappa Sigma on the fine pep rally which made the weekend complete.

The Tri Sigma's would like to thank the Theta Chi's and Nu Sig's for their tremendous campaigning for Toni.

Bouquets to Bernadine Clark and Dorothy Fabiny, chairmen of the Tri Sigma Homecoming float which won them the sorority trophy. Also continued on Page 6

gratulations to Nu Sigma Rho fraternity on winning the best fraternity float. Ya say you can't wait till next year to start another?

Best of luck to sister Joanne Kaschak who is with the cast of players at the Youngstown Playhouse.

The Tri Sigma's send a "big" get well message to all students and faculty who have suffered or are suffering from the flu. The sisters have finally recovered from the "flu bug" that seemed to hit Homecoming weekend.

Bouquets to Tommy!

Congratulations to the Phi Gam's on the fine work and success of their dance the "Psychiatric Swing"
TAU KAPPA EPSILON

Congratulations to Barb Priore on being elected Homecoming Queen. Congratulations also to the Tri Sig's and Nu Sig's on winning 1st place for the sorority and fraternity floats respectively.

The bowling team is coming along fine. Tom LaPage has the highest set with handicap in the league so far. They are now practicing for the intra-mural football tournament. Lots of luck, men.

Coming up, the Tekes have parties with the AOPi's and Tri Sig's and also a party for their Mom's and Dad's on Nov. 5.

The Second Annual T.K.E. - Phi Gam Bicycle Race was held Sunday, Oct. 20, with both fraternities giving all they had to win.

Congratulations to the Phi Gam's on their dance last Friday night. A good time was had by all.

Congratulations to Dick Kay and Patti Safara on being pinned and to Steve Mondora and Carolyn McConnell on being engaged.

Don't forget to order your Christmas candy. The Tekes are now taking orders. You'll be contacted!

PHI GAMMA

The 1957 Homecoming is now history but the memory lingers on, especially for the P.G.'s big spenders, the old man and the boy who now rides the bus.

Tomorrow night, October 26, the annual Halloween party will be held at the room. The theme of the evening is "Dew on the Pumpkin". A prize will be given to the best costume and afterwards, a few fitting games will be played. Just a few of the games to be played are: "Apple Dunkin'" and "Run Sheepy Run".

Congratulations to Barb Priore, 1957 Homecoming Queen and congratulations to Brothers Steve Goryanec and Herb Bartlemay for a job well done on this year's Homecoming.

In the future, the Phi Gam bowling news will not appear until such time that they win. (It looks like they have last place all to themselves).

Phi Gamma Fraternity thanks everyone who helped to make the first "Psychiatric Swing" a success.

ALPHA OMICRON PI

Congratulations to the float winners - Tri Sigma and Nu Sigma Rho!

In charge of passing out AOPi crepe paper and chicken wire were Judy Appelman and Brenda Hayes while the other sisters were on the SCD (stuffing / cat detail). Many thanks Applstree and Brenda for the marvelous job which was done on our marvelous float.

Thanks also to the Homecoming chairmen, Joyce Doyle, Sandy Sherwood, Brian Donnelly and Frank Guarnati for their tremendous campaign plans. Also to Marlene

Betras and Ginny Krupa for pulling our float during the parade and at the game respectively.

Exclusive!! We've found a new excuse for throwing a party! So there was a party after the Homecoming results were out, attended by Kappa Sigma Kappa Fraternity, Varsity Y, Chi Delta Chi and AOPi's. Even the Phi Gam piano sounded good at this party.

Just in passing, we heard Gigs Johnson needs a map of Youngstown - one that shows how to get to Strausbaugh's.

This is left over news which Fran Doyle insists we print - she went to Florida this summer. Welcome home, Fran! Now are you happy? Nag, Nag, Nag! Once more, we would like to remark on our two representatives in the Homecoming Crowning - 1956 Queen Angie Stizza and 1957 attendant Geri Zeller.

Famed Heroine

Continued from Page 1

Co-author of the book concerning her life is Willie S. Ethridge. Noted playwright Edward Chedorev has written a play about her, also titled "Nila", which is to be produced as a musical by Archie Thompson during the present Broadway season.

Scholarships

Continued from Page 2

every year. Any American student of either sex, married or single, may apply, but they must be under 28 on October 1, 1958 and have graduated from an American university.

Each award is worth L550 (\$1,540) a year. Passage is paid to and from the United Kingdom. Married men get an extra allowance. Successful candidates are chosen for their character as well as scholastic attainments.

Directions for Applying

Four Regional Committees - the Eastern, Southern, Middle Western and Pacific - consider the applications first and would-be winners should apply to the British Consul-General in one of the following cities:

Chicago
New York
New Orleans
San Francisco

Each Regional Committee includes the Consul-General and four Americans distinguished in educational or public life. It selects six names from the applications and forwards them to the British Embassy in Washington.

At the Embassy the names are re-

examined by a 7-member Advisory Council headed by the British Ambassador. Twelve names are selected -- three from each Region -- and sent to the United Kingdom for review and approval by a commission of leading British educators and businessmen set up to administer the Trust. Lord Coleraine is chairman of the commission.

WRA Seeks New Members

The Women's Recreation Association's 1957-58 membership drive is well under way. W.R.A. board members are looking for you if you are a full time woman student interested in field hockey, archery, tennis, volleyball, basketball, badminton, gymnastics or softball, and have \$1.00 for the membership fee.

The year-long recreation program has already started and play days are planned for November 2 at Akron and November 26 at Mount Union.

Social activities are also planned the first being open house at the close of the membership drive.

The intramural program is being held on Monday, Tuesday, and Wednesday at Ford Field and in the Women's Phys. Ed. Gym from 4 to 5:30 p.m.

A Letter

Jet's Jargon

BY JOHN E. TUDHOPE

We have but one thing to say: Goodbye, Hank Greenberg, HURRAY!

Now on with news. The most surprising development in the National Football League is the amazing success of the Baltimore Colts.

Before the season started the "experts" didn't give the Colts a chance. One thing wasn't taken into consideration. The Colts have a fine coach in Weeb Ewbank.

Learned Hard Way

Ewbank spent many seasons in the Pro League learning his trade. If given the "Horses" he will make his team very tough. This year he has the powerful horses to go to the top.

For the past two years the halfbacks have been among the finest in the league but there has been a definite lack of a leader at the quarterback slot. Runners like Ameche, Womble, Moore and L.G. Duple have not been able to "break" loose because the opposing defenses wasn't loosened up with a potent passing attack.

John Unitas, a Pittsburgh cast-off, has developed the passing threat. Unitas, under the tutelage of Otto Graham, has come along very nicely. The Louisville grad has been throwing with authority and the halfbacks now have been running like their name, Colts, suggests.

Old Pro Leads

All of the credit can not be taken by the offense. The Colt defensive line has been magnificent. This group has been led by one of the "old Pros" of the game, Art Donovan.

Look for "fireworks" when the Browns and Colts meet in the "City of White Steps" in a few weeks.

Speaking of the Browns, they are now playing their games with boxing gloves on. After the Pier 9 brawl staged in Cleveland two weeks ago with the Eagles they need them. It appears the "Birds and Browns" hate each other. It all goes back to 1950 when the Brownies defeated the Eagles in the first game in the N.F.L.

Hawks Throw Scare

With Ice Hockey beginning its season we should make some mention of the prospects for the season. The Chicago Black Hawks may cause a little anxiety. Although not given a chance to get anywhere this year, they have developed a fine "Line."

With the acquisition of Ted Lindsay, the Hawks have a good "Winger" with Ed Litzenberger and Pierre Pilote (pronounced Pee low), this may develop into the best "Line" in the league.

Bowling League Elects Officers

Newly elected officers of the Intra-Mural Bowling League are: Ed Wall, President; Ralph Donofrio, Vice President; Gig Marquis, Treasurer; Bob Frederichi, Secretary.

Western Kentucky Defeats Penguins

A missed extra point paved the way for a strong Western Kentucky eleven to hand the Youngstown Penguins their second defeat of the season before a homecoming crowd of 10,000 fans at Rayen Stadium Saturday, Oct. 12.

After a scoreless first half, the locals broke the ice with a score midway through the third stanza, Davey Kimmel going the final nine yards in the drive.

The lead appeared secure till a bad punt and a penalty gave the visitors the pigskin on the Penguins eleven yard stripe. Following three unsuccessful thrusts at the

Y.U. forward wall, quarterback Carroll VanHooser flipped a five yard scoring pass to end, Jerry Brantley whose momentum carried him into the end zone. Brantley then added the all important point to put Kentucky ahead to stay, 7-6.

Were in Deep Trouble

Minutes later the Penguins were again in deep trouble as their guests pushed Youngstown back in the shadow of their goal and Bill Curry broke through to tackle Ray Carter behind the goal and add two points to the winners score.

Youngstown threatened in the closing moments of the fray as they drove to the visitors 27 yard line but an intercepted pass on the five yard stripe as the gun sounded throttled the drive.

Senior Stars Bolster Line

Ron Stoops (End)

George Saadey (Guard)

Ron Stoops, a two-year senior letterman, is certainly a handy-andy when it comes to performing for the Beedemen. The versatile Penguin has seen action at end, tackle, guard, center, and halfback in his four years. In the Western Michigan game of this year Ron was seen doing the chores of a punter.

Last year he was the regular guard, but was held down by an infected leg which has bothered him this year. But the 170 pounder is tough to keep out of the line up due to his willingness to play the rugged game.

Upon being asked about the most exciting game of his career, Ron immediately said, "The home-coming game of Western Kentucky." When asked the best game he ever played he said the North Texas game of a year ago. The toughest team to face Ron was Xavier.

Interested In Baseball

When Spring rolls around on the Youngstown campus, Ron can be seen in a Penguin uniform swinging a baseball bat. Last year he hit a lousy .415 and has the reputation of a fence buster. He hit five home runs last year in a short season. Minor league scouts from Washington and Pittsburgh already have their eyes on him.

When he graduates this Spring, he expects to teach and coach high school. He wants to stay in the area for he is married and has a three months old son.

Ron has a nickname of "Scrags" that he said he picked up and has held on to since he was a kid. It stayed with him at East High and even now some former East High athletes playing for the Penguins still label him "Scrags". By the way the name of Stoops will be heard for several years hence at Youngstown for Ron has a brother Jim who is a sophomore center on the football team.

"I washed my car an hour ago," said the lady who was arrested for reckless driving, "and I can't do a thing with it."

George Saadey, a senior guard for the Cardinal and White, is the type of ball-player every coach would like to have on his team. The reason is simple in that he likes to block with rocking body slams and to tackle with bone jarring jolts. Another asset that Coach Beede likes is his always-present team spirit. George can be seen ppening big holes for the Penguin backs on offense and is a tough middle guard on defense.

The best game in which George participated this year was the Colorado Western game. He opened several big holes in the line through which Kimmel and Carter found touchdown territory. He also pounced on a couple of fumbles.

The most exciting game that George had the privilege to play in was the Great Lakes tilt of a few years back. "Being in the game for a total of eight minutes proved a real thrill and we won it by the slim score of 34-32," remarked George. He went on to say that the toughest team he met was last year's Western Kentucky outfit.

The Penguin griddler is studying dentistry at the University. He plans to go to Ohio State for his graduate work. George is engaged to be married to Judy Dragou, an employee at Ohio Bell Telephone Co. George, in keeping in the port line, likes to play golf as a hobby.

The Grapevine

by Ron Vanatsky

Coach Dike Beede's hard-driving gridders unveiled a terrific bit of defensive ability in the homecoming tilt with Western Kentucky State, although they were edged out, 9-6. Playing their hearts out against an enormous State squad, one of the biggest ever seen at Rayen Stadium, the Penguins showed that grit and determination which are gaining them a superb reputation in grid circles.

Area fans, whether they know it or not, are witnessing First-Class football action every time those white-and-red uniforms appear on the Rayen turf. Beede, national small-college coach-of-the-year, has his charges up against some of the toughest squads in the nation.

As Dike once declared, "you can book an undefeated season." These words hold significant importance for Penguin followers. Don't be disheartened by the 2-3 record achieved so far this season. Let's break this season's campaign down and see what the boys have accomplished in the first four contests, as, at this moment, official complete statistics for the Western Michigan game aren't available.

Defensive Units Superb

Two contests were lost by very small margins, thus putting the Penguins only 8 points away from a perfect 4-0 slate. At this writing, the squad has the second-best defensive record in the state for four games, yielding out 33 markers, or an average of only 8 points per contest. The offense, paced by dynamic Dave Kimmel, the nation's leading ground-gainer ever since the season opened, has totaled 51 points, an average of 13 per contest.

The Penguins had the Hilltoppers from Kentucky completely stymied for 3 1/2 quarters and only the two 15-yard penalties imposed on Kimmel aided the State scores. Youngstown limited them to only 83 net yards on the ground and had 17 first downs to their 8.

Taking nothing away from the Hilltoppers, though, their passing game looked neat, led by Q.B. Carroll Van Hooser, and the charging line had Kimmel in a quandry several times.

Tangle With Maroons Tonight

It was a heart-breaking game to lose, but the boys put out their best efforts, and that's what produces winners in the long run. This evening's contest, which will be broadcasted from Hanger Stadium in Richmond, Kentucky, pits the Penguins against the Eastern Kentucky State Maroons. Lots of luck to the squad on their southern trip.

Incidentally, after gaining more depth on the line, with several second-stringers making good showings in backing up such stalwarts as Armeni, Saadey, Krafcik, Gmuca, Sevenich, Conners, and the rest of Beede's superb line, a tantalizing trio of fine looking signal-callers gives the Penguins reserve strength at the pivot spot.

Mike Santor, Frank Hanzes, and Don Tuel have all established themselves as capable quarterbacks, and have shown offensive and defensive talent. They all look to be fine field generals.

Vie For All-America Honors

The common consensus around this neck-of-the woods is that sensational Jim Vecchiarella, stellar Penguin center, and Dave Kimmel, flashy left-halfback, seem to be two of the strongest candidates for All-America honors since the grid sport had its inception here 19 years ago. These two seniors have played four seasons of top-notch football and fans in this and other sectors of the country, where the team has played, have loved every minute of it.

Next Saturday evening, at Rayen Stadium, the Penguins lock horns with the Baldwin-Wallace aggregation from Berea, Ohio. The Brown and Gold, coached by Paul "Sparky" Adams, will be out to annex their second victory in ten tilts with Youngstown.

Penguins Hold Big Edge

The Yellow Jackets have won 1, lost 7, and tied one in the colorful series with the Penguins, who defeated them last year, 31 to 7. This is the next to the last home game for the locals, so let's all turn out to cheer the boys to victory.

There are many of you reading this column who aren't ever seen at the stadium. Even though the Penguins attendance is improved, those stands should be jammed all-around for every game, for this is a great football community with drawing power from a large area. Bring another friend along with you to the next game, and show the team the enormous group of boosters they really possess.

Kimmel Leads NAIA

Davey Kimmel, the Penguins flashy left-halfback, is still leading the nations ground-gainers, at this writing.

Totalling 547 yards in 4 games, Dave is averaging the fantastic total of 136.7 yards per game.

This is the fourth consecutive week Kimmel has topped NAIA statistics.

Keeping Tuned Up

This group of Penguins are keeping tuned up by practicing short passes to the ends.

Western Michigan Defeats Locals

An unexpected game with Western Michigan last Saturday proved that the Penguins could play an excellent game of football with Mid-America-Conference talent. Only a week before, the Michigan squad tied the leading team of the conference, Bowling Green.

The final statistics show that first downs were in favor of the Penguins 18-12 and total yardage was 317 to 276. Youngstown seemed to move the ball into scoring territory but lacked a scoring punch.

A 72-yard punt return in the first period seemed to douse Penguin hopes for a victory. Another score in the second quarter added woes to the Penguin victory hopes. But a touchdown late in the second quarter on a fumble recovery by Jim Sevenich kept hopes alive for Youngstown. Tom Richards plowed over from the two making the score 13-7 at half.

Johnson Looks Good

Two quick touchdowns by Western Michigan in the third quarter made it 25-7. A good showing was made by sophomore back, Dave Johnson, for the Cardinal and White. He sprinted around end for a 24 yard touchdown run in the fourth quarter and over-all gained 88 yards in only nine carries.

Dave Kimmel was slowed down by a bad heel and played only about one-half of the game. Likewise for Ray Carter who was shaken up a bit by a hip bruise. The Backfield had a new look with Hanzes, Johnson, Ceremuga and Richards.

Cagers Open Drills

Coach Dom Rosselli's Ohio State champs and NAIA quarter-finalists at the national tourney at Kansas City began practice last week at South Field House.

With virtually the entire squad intact, Rosselli hasn't many worries. An influx of talent from the surrounding area has been attending drills and should bolster the cage corps considerably.

Last year's varsity squad had a 23-4 record and the reserves compiled a 12-1 slate making a total of 35 wins and only 5 losses, which eclipses all previous University standards.

The starting five last season consisted of Mickey Yugovich, Herb Lake, Roy Taylor, Charley Moore, and Bob Atterholt. With a fine group of reserves, the outlook is extremely bright for another terrific season.

Some of the newcomers include Jerry Fitzpatrick, Chuck Costello, Gerry Grinnen, Jim Gordon, Bob Mathews, and Dick Matasic.

Zip Reserves Nip Penguins

Akron University's reserve football team defeated a like group from Youngstown University, 21-14, at Volney Rogers field.

Gino Calcie intercepted a Ray Natili pass and scampered 19 yards to give the Zips victory in the final period. Akron's Marco Burnette figured in a pair of touchdowns.

John Kolesar, freshman tailback from Sebring, sparked the Youngstown offense tallying two times on runs of 60 and 25 yards.

ROTC - Attention!

By Bob Amodio

Stand at ease, cadets, while we look around the Corp and see what is going on. First of all, lets welcome Lt. Harlan into our realms. Lt. Harlan has recently been transferred from Fort Lenorwood, and is taking over the spot vacated by Captain Fredricks, who has been transferred to Fort Bliss, Texas, at Guided Missile School.

It seems that the pre-pledge season is well under way. It has also been rumored that the Pre-Pledges are out to get pledge officer Tony Chila at the annual Pledge vs. members football games. (Reporters notes "I don't believe in rumors Tony but the phone number for South Side Hospital is RI 7-0751. Good luck.) Did anyone find out the name of the new pledge that looked so longingly at Robert Hunters girl. "How about it Mr. Adams?"

Although our rifle team was defeated, I think that a round of congratulations are in order, for they came within one point of defeating Akron University, by far one of the strongest teams in the standing. The team's next meet is against John-Carroll on October 18, and Sgt. Felts has sworn revenge for last week's loss.

If any cadets or regular students, male or female, are interested in joining the rifle team. Sgt. Felts

would be more than pleased to give you a chance to display your talents. Go to the Miller Street Armory on either Monday or Wednesday 2-3:30 p.m. or Tuesday and Thursday 2-6:30 p.m. or the third floor of Pollock House.

The Corp of Cadets are quickly rounding into shape for the big annual inspection on Corp night on November 9 at the halftime of the Youngstown University - Gustavus Adolphus football game.

Well, it seems that I'm running out of writing space so until the next issue this is the "General" nuisance of the R.O.T.C. saying "Readers Dismissed."

Our Apologies

Due to an oversight, Alpha Iota National Business Sorority was left out of the "Directory of Organizations," published in the Oct. 11 issue of the JAMBAR. Judy Ruenstahl is president.

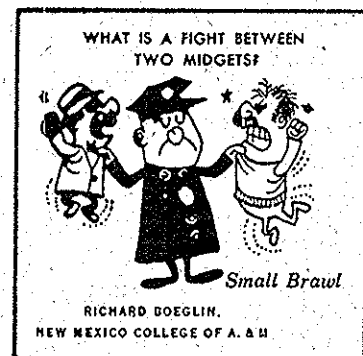

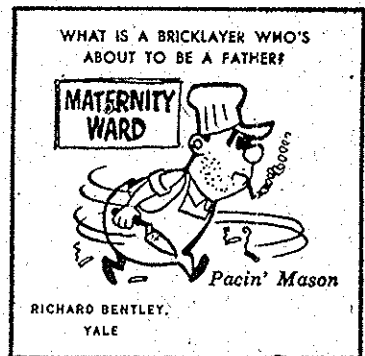

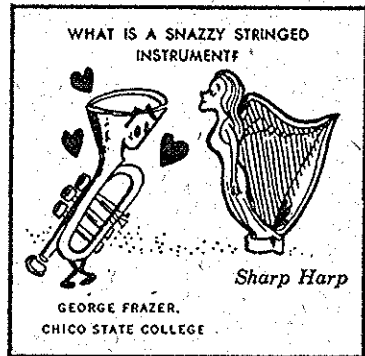

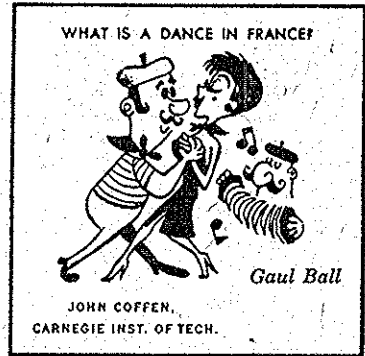

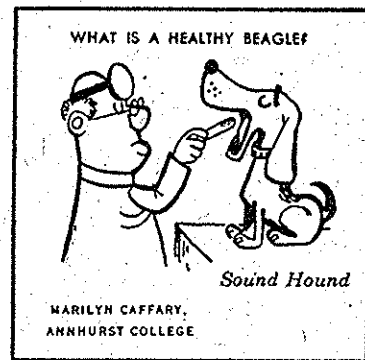

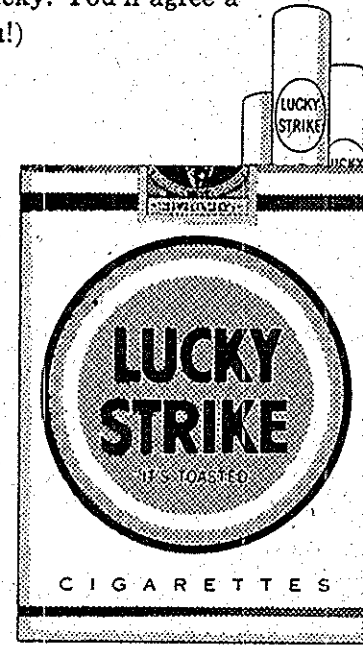

Sticklers!

NO SORRIER WARRIOR exists than the one without Luckies. What's he missing? A smoke that's as light as they come! End to end, a Lucky is made of superbly light tobacco—golden rich, wonderfully good-tasting tobacco that's toasted to taste even better. That's a lot to miss out on—no wonder our chief has grief! Up North, you'd call him a Blue Sioux; back East, a Bleak Creek. But out in the land of the pueblo, he's just a mighty Mopey Hopi. (Smoke signal to you: Light up a Lucky. You'll agree a light smoke's the right smoke for you!)

STUDENTS! MAKE \$25

Do you like to shirk work? Here's some easy money—start Stickling! We'll pay \$25 for every Stickler we print—and for hundreds more that never get used. Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (Don't do drawings.) Send your Sticklers with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, N. Y.

LIGHT UP A light SMOKE—LIGHT UP A LUCKY!

© A. T. Co. Product of The American Tobacco Company—Tobacco is our middle name
