VOLUME 34, NO. 13

Student Council Elections Are Planned for Jan. 12, 13

Campus Groups Sponsor Many Christmas Projects

A total of 34 students will be running to fill ten Student Council positions in all-important campus elections on Jan. 12 and 13.

The vacancies arose as ten Council members came to the end of their tenure of office, which lasts for one year from time of election.

In the Liberal Arts school three positions are open with 22 students running. There are four Business School positions to be filled with six students running, and six students are running in the Engineering school, which has three openings.

Expectations are high for a greater percentage of student votes this year. Last year a disappointing 30 per cent cast their ballots. Recent *Jambar* stories have given rise to an expectation on campus that votes should run higher this year. Monday and Tuesday elections should bear out that feeling.

Youngstown University cheerleaders appeared jubilant as they modeled their newly acquired outfits for photographer Paul Jagnow. Standing l to r are: Terri Hreno, Judi Appelman, Nancy Veauthier, and Bunny Noga. Kneeling l to r are: Mary Pellizzeri and Marion Minghetti. The outfits were bought by the Student Council and the Youngstown University Association.

Several Provide Dinners, Toys For Families

Several campus groups worked on special Christmas projects during the holiday vacation. Some of the numerous activities sponsored by the organizations follow.

Members of Alpha Omicron Pi Sorority sponsored their annual Poppa Party for the children at Christ Mission Settlement when one of the coeds, dressed as Santa Claus, distributed gifts to children of the settlement. The party included a Christmas tree and holiday treats. It was under the supervision of pledges to the sorority.

Alpha Pi Epsilon Service Sorority sponsored a doll dressing contest inviting all campus groups to participate. This year the contest netted 72 attractive dolls given to underprivileged children of Mahoning and Columbiana counties.

Beta Sigma Omicron Sorority provided a needy family with a Christmas dinner in addition to a Christmas tree with decorations and toys for the children.

Newman Club Holds Party
The Newman Club of the university held their annual Christmas party at Cardinal Mooney High School and members visited shut-ins and sang Christmas carols. Admission to the

(Continued on Page 3)

Ceramics, Sculptures Being Displayed by Butler Art Gallery

Entires to the 11th Annual Ohio Ceramic & Sculpture Show, on view through January at the Butler Institute of American Art in Youngstown, Ohio, exceeded all expectations. A record number of 419 works were submitted.

Chaim Gross, famous New York sculptor and judge of the exhibit, selected 256 items for the largest display of this kind ever held in Youngstown. Works include sculpture in many materials such as various woods, metals, stone, plastic, glass; ceramics, mosaics and pottery of many descriptions; colorful enamels on copper and steel embracing all sorts of shapes and functions including exquisite jewelry.

Metal is becoming more popular as material for the craftsman. The welding torch has established itself as an important tool in the hands of the sculptor. Experimentation in new shapes for pottery, some very complex, has become of great concern to the ceramist. The enamelist this year is experimenting with larger and more creative shapes for trays and other vessels instead of limiting himself to the circular and rectangular.

Other special displays at Butler Institute during January include paintings and ceramics by the Ohio Chapter of the National League of American Pen Women; Ohio Printmakers' Annual; Prize Oils from the National Scholastic High School Art competition; and an exhibit of paintings by Jeanette Croft of Sharon, Pa.

University Staff Member Announces Retirement

Mrs. Madeline Malkoff of the maintenance staff of Youngstown University is retiring after 12 years of service with the university. Office staff members of the main building, where she worked, honored her at a party in the faculty dining room. Mrs. Malkoff was presented a gift and a bond in appreciation of her loyal service.

A large red candle surrounded with evergreens decorated the table where Christmas cookies and coffee was served.

'Red Carnation Ball' Planned for Idora

Tau Kappa Epsilon will hold their first annual Red Carnation Ball. The highlight of the evening will be the crowning of the new sweetheart of T.K.E. by last year's sweetheart Marlene Betras. The dance will be held Sat., Jan. 10 at Idora Ballroom. Dancing will be from 9 - 1 to the music of Lenny Esposito and his Orchestra.

Free red carnations will be given at the door to all girls in attendance. General Chairman for the event is Dave Manley with Pat Agresta serving as his assistant.

English Society to Hold Annual Book Sale

The Youngstown University English Society will hold its annual book sale in the University library on Jan. 9. English Society members have been collecting all types of books from homes, organizations, and libraries in Youngstown and surrounding communities.

The main object of the book sale is to raise money for Creative Writing Awards that the English Society plans to give to the best judged poem and short story to appear in the coming issues of the University Literary Magazine, "Horizon."

Newman Club Plans Year's Initial Meeting

The Newman Club will meet Sun., Jan. 11, at Cardinal Mooney High School. Highlighting the evening's activities will be a panel discussion on the engagement period. Ed Stizza, who has presided as moderator at the two previous discussions will be in charge again.

Freshman interest in the club is at an all-time high while more upperclassmen have been attracted to recent meetings.

The club is in the midst of making preparations for its annual Mardi Gras Dance, to be held at Idora Park on Feb. 7. Anyone interested in working on any of the dance committees is urged to see Don Smaltz or Father Petric as soon as possible.

YU Grad Lectures Abroad; Is Nuclear Physics Specialist

John Moteff, a graduate of Youngstown University in the class of 1950, a specialist in reactor shielding and design, recently returned from a European lecture tour and inspection of reactor facilities in England, Austria, Germany and Italy.

Moteff, who is with the General Electric Company's Aircraft Nuclear Propulsion Department in Evendale, Ohio, as supervisor of shield systems design and evaluation, lectured before the European Atomic Energy Society in Cambridge, England. His subject was "The Use of Threshold and Resonance Foils for Neutron Spectrum Determination".

Following the week-long symposium in England, Moteff attended the Atoms for Peace Conference in Geneva, Switzerland. While in Geneva he was the guest of Aleksandar B. Milojevic at a reception held at the Yugoslav Embassy. Dr. Milojevic is in charge of the Institute of Nuclear Sciences in Belgrade, Yugoslavia.

Visits Italy's Oak Ridge
In Italy Moteff visited Ispra, the Oak Ridge of Italy, and saw the reactor facility now under construction by National Center for Nuclear Research. After stopping at Livorno to see the preparations being made for building a research reactor, he met Dr. Aldo Forcella of the Italian AEC in Rome where he lectured on the standardization of dosimetry measurements.

In Vienna, he attended sessions on problems confronting east and west in the nuclear age before going to Germany to view the swimming pool reactor at Munich and to Frankfurt where he led an informal discussion on foil neutron measurements and dosimetry standardization.

A native of Youngstown, Moteff received his M.A. in physics from Kent State University in 1951. After

Final Date Announced For Activity Tickets

Mr. William G. Nelson, Assistant Business Manager of the University, has announced that Mon., Jan. 12 is the final day students may receive athletic and activity tickets. Hours will be 2-4 and 7-9 p.m. in the ticket booth opposite the Registrars' Office in the Main Building.

Four Articles Are Published By Professor Karl Dykema

Prof. Karl Dykema, director of the division of language and literature at Youngstown University, has contributed four articles to the publication, "Readings in Applied Linguistics" edited by Harold B. Allen and published by Appleton-Century-Crofts, Inc., New York. The purpose of the publication is to make available to students of English, especially those preparing to teach English, authoritative articles and material pertaining to linguistics.

In the preface to the book, the editor says that in the past it seemed enough to the teacher of high school English to know something of systematic traditional grammar with perhaps a brief history of the English Language. For the college teacher, Old English grammar with perhaps some attention to early Germanic phonology and the grammar of Gothic or Old Norse and such auxiliary data as would be inherent in the study of Chaucer and Shakespeare, seemed adequate.

Allen said that in the past the undergraduate English major not headed for teaching rarely was expected to acquire any organized knowledge of his language at all except for the grammatical rules of his freshman English handbook. Now the student preparing to teach English is beginning to find that some knowledge of English linguistics is basic to his understanding of usage, to composition,

and even to the criticism of literature.

Dykema's articles are titled, "Historical Development of the Concept of Grammatical Properties," "Progress in Grammar," "The Grammar of Spoken English: Its Relation to What is Called English Grammar" and "How Fast Is Standard English Changing?"

Dykema is currently a member of two committees of the National Council of Teachers of English, one of which pertains to the certification of teachers and the other to the recruitment of college and university teachers.

Concert Band Hosts Conductors, Musicians

Youngstown University's Concert Band hosted high school directors and musicians Wed., Jan. 7, when they played the district and state contest numbers for the 1959 state band contest.

Guest conductors included: Lewis Anderson, Raven High School; William Bell, Warren Music Center; William Donegan, McKinley High School; Harold Dunn, Mineral Ridge High School; Russell Girt, Cortland High School; Harriet McMillan, Greenford High School; Robert Morrison, Chalkier High School; and William Omeis, Woodrow Wilson High School.

Student Council Elections

Each full-time student attending Youngstown University has the inherent right to cast his vote for those candidates of his choice running for positions on the Student Government. That this right not be denied is a part of the Constitution of the United States of America.

In order to insure the best representation possible, all students eligible to vote should cast their ballots for council members Jan. 12 and 13.

Members of the student body should take careful note of the autobiographies of candidates published in this issue of the *Jambar*. Students should look for the qualifications which will enable the potential council member to do his best to serve the entire student body.

Students should also take note of the candidates who failed to make public their qualifications and desires for running for council.

Vote carefully in the coming election. Make next semester's council the most efficient that has ever governed the student body of Youngstown University.

New Year's Resolutions

"And I won't tease my little brother; and I will etc." Another list of New Year Resolutions. Along with these every student should incorporate his intention for better study habits. Tradition has been established that every new year we write our resolutions for the following year. These ambitions are made in complete faith with the thought of practicing them, but by Easter, the paper they've been written on has been misplaced and we've completely forgotten our do's and don't's.

Today is Jan. 9, only nine days since the beginning of our new year. It is not too late to add a resolution to our list, a resolution you cannot forget but one that will be very difficult to put into practice.

Resolution for the year beginning Jan. 1, 1959 and ending Dec. 31, 1959: I _____ resolve to faithfully and earnestly improve my present method of study.

To help our new resolution here are a few simple suggestions which may help our study efficiency

1. Make a study schedule. Discipline yourself to follow your schedule.
2. Pick a suitable place for your study.
3. Concentrate and finish one subject before beginning another.
4. Keep up with your daily assignments.
5. Don't attempt to do more than your capacity will take as it is better to learn two topics well than four inaccurately.

Try and put these points to a test of their merits by applying them to your studies.

D.T.M.

Dr. K. Harder's Articles Published in Periodicals

Dr. Kelsie B. Harder, Youngstown University Professor of English, has had two articles published in periodicals recently.

"John Crowe Ransom as Economist" appears in the fall issue of the national quarterly, *Modern Age*.

The September issue of the *Tennessee Folklore Society Bulletin* carries his "Proverbial Snopeslore."

Dr. Harder was recently appointed Secretary Treasurer of the Northeast Ohio College English Group, a position he will hold for three years.

A despondent old gentleman emerged from his club and climbed into his limousine.

"Where to sir?" asked the chauffeur.

"Drive off a cliff, James, I'm committing suicide."

Illegal Parking

Students parking illegally at the Women's City Club, 505 Wick Avenue are reminded that cars will be towed away at owner's expense.

The Campus Voice

By Vilma Terle

From Picasso to Youngstown University! In 1947 a small group of art students founded the Art Club to further the cultural program of the entire student body. Membership is open to all students taking one art course.

Don Oliver

"Art is a reflection of life. Artists in all fields are the people that are in closest contact with their soul. The creative ability of these people helps the individuals to communicate life simply, esthetically through sublime and logical understanding. My interest is in all phases of art. Beginning with the 'cave man' drawing to the contemporary works of abstraction and non-objective. I admire Picasso's dynamic ability, Afro, advanced painter Henry Moore, sculpture and Hans Hoffman, painter. After graduation I plan to enroll at New York University of Fine Arts, working toward a Master Degree in Art."

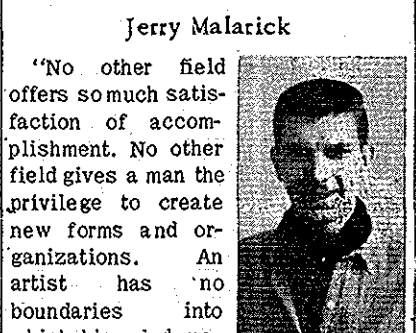

David Schrackengost

Is a Freshman this year at Youngstown. "I am very interested in art work and have enjoyed drawing and painting for many years. I am going to try for my Masters Degree but I am unsure right now where I will go to school to attain it. I like to work particularly in the media of oils and also with pen and ink. A few years ago I had a water-color shown at the Butler Art Institute. You should be able to express your ideas and emotions on paper or whatever medium you are working in and relay that feeling to others. The artist that I admire the most is Norman Rockwell."

Jacque Jones

"I prefer working with sculpture rather than painting or printmaking. The purpose of Art in our society is to communicate to the world the deep ideas and emotion of this dynamic age we are living in. The reason for non-objectivism is simple: one cannot really see with his eyes an emotion from the heart so he cannot paint that which is on the surface, he must paint that which lies below the surface in a way that is unfamiliar to all except those who can also see with their minds and hearts."

Jerry Malarick

"No other field offers so much satisfaction of accomplishment. No other field gives a man the privilege to create new forms and organizations. An artist has no boundaries into which his mind may probe the unknown. He is scientist, Draftsman, Inventor, Preacher, Explorer and Pioneer. My work is done in oils because I have found it more elastic than other medias. I've had work shown at Butler, Annual Art Show, winning the Art Club award and receiving an honorable mention and awards from various fairs, public buildings and museums in Youngstown, Cleveland, Akron and Detroit."

Make an appointment?? All I want to do is get past you !!

Student Reaches Conclusion For Greeks vs. Independents

Mr. Editor:

There has been much said about the merits and demerits of both greeks and independents. Now the question is, "Why does there seem to be the difference in spirit between greeks and independents?"

I wonder how many people realize the number of people who hold down jobs, and those who come from miles away each day. True, the majority of these are independents. But that's the point. These people are too busy trying to get an education, some to support a family, to be bothered with going to every campus activity that comes up.

Ohio's License Plates To Bear Kent U. Colors

Commemorating the semi-centennial observance at Kent State University, the car license plates for 1960 will bear that institution's colors - a gold background with blue letters. This announcement came today from the offices of Gordon Jeffery, director of the state highway safety department and George Braden, registrar of the bureau of motor vehicles.

Dr. George A. Bowman, president of Kent State and William Taylor, chairman of the semi-centennial observance, were notified last week of the tribute to be paid their university. The plates, to be available after March 1, 1960, will be manufactured by prisoners at the Ohio Penitentiary.

Seven Faculty Members Attend English Meeting

Seven members of the English faculty of Youngstown University attended the annual meeting of the Modern Language Association of America and associated meetings in New York City, Dec. 27, 28, and 29.

Those attending the meetings included Prof. Karl Dykema, director of the Division of Language and Literature and head of the departments of English and of speech and dramatics; Professors Theima and Ward Miner, Jayne and Kelsie Harder, Christine Dykema and Gordon O'Brien.

Drs. Jayne and Kelsie Harder were on the program to read papers.

Prof. Elser Attends Chicago Convention

Prof. Donald Elser, a member of the English faculty of Youngstown University, attended the annual combined convention of the American Educational Theater and the American Association of Teachers of Speech in Chicago, Ill. from Dec. 29 through Dec. 31. The convention was at the Conrad Hilton Hotel.

A teacher of speech at the University, Elser is well known among high school and university teachers of speech as a writer of plays on the high school and college level. Some of his best known plays are "Balcony Scene," "Special Guest," "The Pink Dress," and "Concert in the Park."

Get WILDROOT CREAM-OIL Charlie!

G. WASHINGTON, famous father, says: "Makes your hair look real George!"

Just a little bit of Wildroot and... WOW!

Summer Studies, Vacations Combined in England, Austria

Potential historians, sociologists, poets and other liberal arts students can combine summer study with vacation travel abroad by enrolling in a British or Austrian summer school program. Applications of American students are now being accepted by the Institute of International Education.

The British University Summer schools offer six week courses in various subjects. Although the courses are designed for graduate students, undergraduates in their last two years at a university will be considered. However, those studying "Aspects of English Law and Jurisprudence" must either hold a law degree or be enrolled in a law school. Twelve to twenty nationalities are usually represented in each course.

The Summer School fees, including full board, residence and tuition, range between L80-L84 (approximately \$226-238). A few scholarships are available which partially cover university fees of well-qualified students.

Courses Offered in English

In Austria there are two summer schools of interest to Americans. The University of Vienna will give courses at its St. Wolfgang Campus near Salzburg. Students can study international relations, European economic and social problems, European history, music, art, psychology, and German language. All courses, except German language, are taught in English.

Students who have completed at least two years of college work are eligible to apply for either a three or six week program. The cost of the six week program, including registration, tuition, maintenance, tours and attendance at the Salzburg Festival is \$220. A few scholarships are open to six week students, covering tuition

and maintenance.

The Salzburg Summer School, sponsored by the Austro-American Society, offers a six week summer program at Salzburg. Courses begin July 5, 1959, in German language, Austrian art, European music and foreign policy. All courses are taught in English except German language studies. The cost of the program, \$200, includes the registration fee, board, tuition, text books, several one-day bus tours and attendance at the Salzburg Festival. Applicants must be between the ages of 18-40, and must have completed at least one year of college work.

Applications for both the British and the Austrian programs may be obtained from the Institute of International Education, 1 East 67th Street, New York 21, N.Y. British Summer School scholarship applications must be received before March 2, admission applications by March 31. Scholarship applications for Austrian schools must be returned by March 1, and admission applications by June 1.

"Doing anything Saturday Night?"
"Nope."
"Could I borrow your soap?"

A westerner entered the saloon with his wife and six-year-old boy and ordered two whiskeys.
"Ain't ma drinking?" asked the kid.

Phi Gamma Home

Phi Gamma Fraternity is busy working on their newly acquired house which will be ready for occupancy soon. The house consists of ten rooms and two baths, enclosed sunporch, and a meeting room in the basement. It is located at 1811 Elm Street. An open house is being planned for next semester.

Campus Groups

(Continued from Page 1)
party was, according to tradition, a gift for a needy child, the gifts to be distributed by St. Vincent De Paul Society among children of the area before Christmas.

Phi Gamma Fraternity gave their annual Christmas party to children of Christ Mission distributing food, candy and presents. A member of the fraternity, dressed as Santa Claus, distributed gifts.

Phi Mu Sorority sponsored their annual "toy cart" project at South Side Hospital. The cart is filled with toys to be distributed to children at the hospital by the Gray Ladies.

RIL Decorates Tree
Members of Religion in Life Fel-

lowship and their friends decorated a large Christmas tree for Christ Mission and filled 500 boxes of candy for underprivileged children, their annual project. The group sang carols at area rest homes and homes of shut-ins.

Sigma Phi Epsilon Fraternity members visited old people's homes and hospitals for carol singing preceding the fraternity's annual Christmas party Saturday. They provided a Christmas dinner for a needy family as well as a Christmas tree and toys for the children.

Alpha Phi Omega Service Fraternity entertained the youngsters in the childrens ward of St. Elizabeth's Hospital. Games were played and gifts distributed.

Student Begins Publishing Own TV Magazine

By John Hernandez

Calvin McMahan Jr., a sophomore student of advertising at Youngstown U., has begun the groundwork for a very successful entrance into the T.V. magazine industry.

Cal is co-editor of "T.V. This Week" a weekly magazine being distributed in the Austintown Area. "T.V. This Week" is a 16 page magazine containing weekly program listings of Youngstown's 3 television stations, feature stories on local personalities, sports and entertainment news.

Cal harbors a secret ambition to make this a possible forerunner to an Austintown newspaper, anticipating rapid enlargement in that area which is fertile soil for an enterprising person.

Three thousand copies of T.V. this week are printed each week (Cal is anticipating expansion) and distributed to some 70 local advertisers, who in turn offer their patrons a free copy. Youngstown Printing handles the printing chores.

Professor Jack Whitelock has given Cal valuable assistance on business matters to which Cal expresses some measure for his success.

Tau Kappa Nu Celebrates With Christmas Dance

On Dec. 27, Tau Kappa Nu Sorority held its annual Christmas Dinner Dance at the Astoria Cafe in Warren. Darlien Baker was presented with a bracelet for the best pledge of the fall semester.

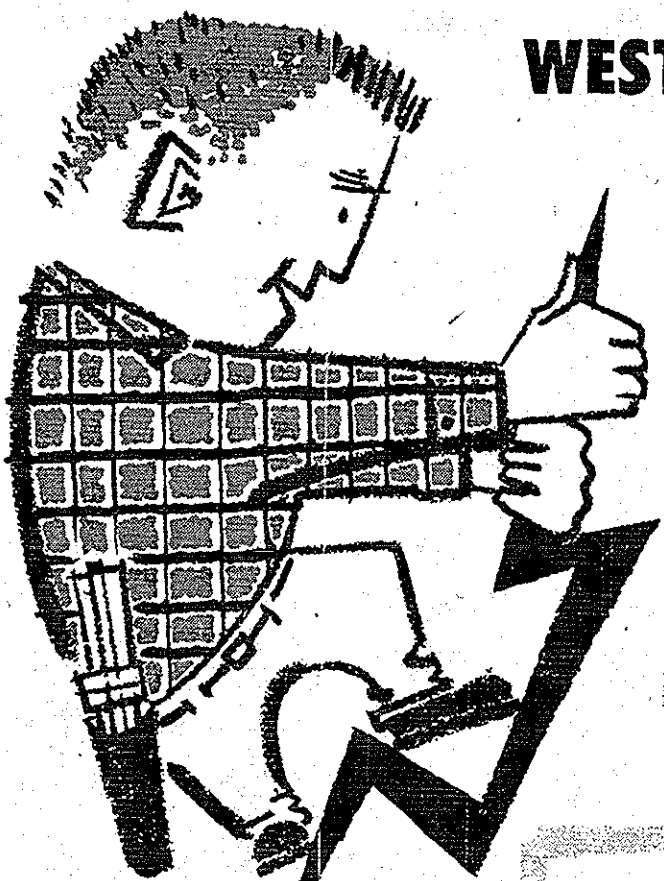

YOU CAN SURGE AHEAD

with

WEST PENN POWER

in

1959

Amazing how fast a young engineer surges ahead in an engineering-minded company! Many executive-type jobs at West Penn Power are filled by engineers. They talk your language. They appreciate the vital contribution an engineer can make. They invite you to join them in a challenging industry.

You owe it to yourself to look into a company where a young engineer is given a chance to advance when positions ahead open up... where a young engineer is more than a slide rule expert.

We'd like to talk to you if you're about to receive a degree in electrical or mechanical engineering. Our representative will be on campus

January 14, 1959

Student Council Candidates Liberal Arts School

Carole Albright

I am a Sophomore majoring in elementary education, a member of Beta Sigma Omicron Sorority, alternate delegate to Pan-Hellenic Council, a member of R.I.L., S.E.A., and served as a Junior Woman Advisor this past year.

Sandra Bailey

Junior majoring in Education

1. Student Council - one year; Activities Chairman one semester
2. Student Assistant in the Dean's Office
3. Advertising manager of the Neon
4. Member - Alpha Omicron Pi (Fraternity education officer)
5. Junior Woman Advisor

Jolie Botry

Wooster College (September 1957 - January 1958)

1. Concert Choir (member)
2. Chapel Choir (member)
3. International Relations Club (member)
4. Dormitory officer
5. Sociology Major

Youngstown University (semester of January 1958)

1. Liberal Arts School
2. Sociology Major
3. Second semester Freshman
4. Alpha Pi Epsilon Service sorority pledge
5. Interested in joining RIL
6. 3.0 average

Lucretia "Tish" Davis

Junior
Major - Sociology
Ohio University

1. Alternate Class Officer
 2. Wesley Foundation
 3. Member of National Sorority (Vice-President of pledge class)
 4. Woman's League
 5. Woman's Recreational Association
 6. Finettes (Swimming)
- Transferred to Youngstown University

1. Y.U.S.A.
2. Social Science Club
3. Advertising Staff - Neon

May I add that I feel that my experience as a "Greek" at Ohio University and being an independent at Youngstown University has given me an opportunity to gain an understanding of both sides of Greek - Independent problems on campus. Also, as I was an alternate class officer at Ohio University, I feel I had an excellent opportunity to view the Student Council and other major governing units of the University.

Michael Kaiser

Junior majoring in chemistry

- Organizations:
1. Jambar - Editor
 2. Sigma Phi Epsilon - Vice-President
 3. I.F.C. - Treasurer and parliamentarian
 4. Ohio College Newspaper Assoc. - President
 5. Phi Epsilon Honorary Chemistry Fraternity
 6. Student Affiliate Chapter of the American Chemical Society - Secretary
 7. Alpha Phi Omega Service Fraternity

Through the editorship of the Jambar and membership in organizations to which I belong, I have acquired a working knowledge of the situations and problems facing the students of Youngstown University. Because of this, I feel I meet the requirements of becoming a member of the University's Student Government.

Marion Minghetti

Year in school - Junior

Major - Business Education

- Organizations and offices held:
1. Beta Sigma Omicron Social Sorority - Social Chairman - Pledge trainer.
 2. Newman Club - Co-publicity chairman
 3. Cheerleader
 4. Alpha Pi Epsilon Service Sorority
 5. Member of Student Council at present - member of Social Committee.

Velma Terle

I graduated from Ursuline High in 1957 where I was a member of Student Council. Now a junior planning to have teaching fields in English, Biology and French in secondary education, my point average is 2.6. I am Sigma Sigma

Sigma's corresponding secretary. I write, among other things, the Campus Voice for the Jambar, belong to the English Society, Newman Club and University Theatre. Starting in February, I will be on a work scholarship directing the Family Plays. There are 3 qualifications that I think a member of Student Council should have and therefore a candidate for Student Council should have

1. Interest - interest in his university, in all its varied aspects.
2. Capacity - knowledge of how a university functions, ability to fulfill requirements set up by Student Council for candidacy, and membership and willingness to work.
3. Experience - experience in some type of student government and familiarity with parliamentary procedure.

Jim Quilty

1. Omicron Lambda (Honorary Biology Fraternity) - Historian
2. Newman Club - parliamentarian
3. Jambar - Sports Editor
4. Kappa Sigma Kappa Social Fraternity
5. Neon Financial Staff

David Rosenzweig

I am a Sophomore in the Liberal Arts School. My major is Education and the degree I am working toward is the B.S. in Education. I belong to the English Society and am an independent in the sense that I don't belong to a Greek Fraternity.

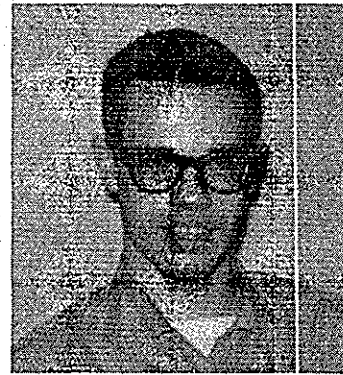

Andrew Stankewich

1. Appearance in the current Horizon.
2. Working on the committee for the artist's presentation series.
3. Tau Omega Fraternity pledge.
4. Sophomore majoring in Education.
5. Veteran.

Richard F. Sulek

I am attending the Liberal Arts School with a major in pre-med. I participate in the college band, choir, Newman Club, intramural program, and at present I am a pledge of Sigma Phi Epsilon Fraternity. Also, I have a membership in The American Chemical Society. Besides my school activities, I am a member of the K. of C. and am presently employed as a musician.

J. Wm. Swartz

I am an English Major, with the hopes of someday going into teaching at the college level after graduate work. I am, at present, a member of R.I.L. and Sigma Phi Epsilon. It is my ultimate hope to be on the governing body of Y.U. so that I may strive to serve my school better and more efficiently.

Katie Whitford

I'm from Conneaut, Ohio and a 1956 graduate of Rowe High School. I am 20 years old and a Junior, majoring in Art Education. I am a member of Phi Mu Sorority, Panhellenic Council, the Art Club and R.I.L. I have been a member of the Student Education Association, and a Junior Women Advisor. I have held the office of RIL secretary during the 1957-58 term. I am attending Youngstown University on a scholarship and have been secretary to the Protestant chaplain for two years.

Business School

David C. Clark

- Public Relations Major - 1.9 average
- Alpha Mu Honorary Fraternity
Sigma Phi Epsilon Social Fraternity
Track
Intramural athletics
Freshman Day's Committee
Student Council at Penn State
Operate my own business.

Leonard Loepp

I am a junior from the School of Business Administration. My major is Accounting. I am presently serving on Student Council as Treasurer. Last semester I served as chairman of the National Student Association Committee. Both positions have given me the needed experience a person should have if he is going to act as a representative. I am an Independent. My policies have been, and will continue to be, to serve the best interests of all the students I represent. It is my desire to serve you as you wish to be served. Thank you.

Jim Corbett

Junior - Public Relations

Veteran

Employed University IBM Department

Kappa Sigma Kappa Secretary

Newman Club Treasurer

IFC Delegate

Chairman IFC Football League

Chairman 1959 KSK International Convention

Varsity & Intramural Athletics

KSK Pledge Master

Chairman KSK Dinner Dance

Co-chairman Sadie Hawkins Dance

Thomas J. Flynn

Address: 578 Chassett Drive
Youngstown 11, Ohio

Class: Junior

Major: Business

Fraternity: Theta Chi

Military Service: U.S. Army

Ronald Stowe

I am a Junior majoring in General Business. I am now serving as Vice President of Student Council and have been on Council for four semesters. I am also Treasurer of Theta Chi Fraternity and Vice President and Past President of the Young Republican Club. I was Co-Chairman for the 1958 Snowflake Frolic and am Co-Chairman for the 1959 R.O.T.C. Military Ball. I am a Cadet Major on the R.O.T.C. Battle Group Staff and have been designated a Distinguished Military Student. My cumulative point index is 2.2.

Nancy Urban

I am a junior majoring in accounting. I am the reporter and historian of Phi Mu social sorority. I am a Junior Women's Advisor and a member of Alpha Tau Gamma, the honorary accounting fraternity. I would like to urge all students to vote in the coming election.

(Continued on Page 6)

Penguins Gain Fourth Slot In Quincy, Illinois Tourney

Coach Dom Rosselli's Penguins met a couple of tartars in the Quincy Invitational Basketball Meet over the Christmas holidays. After toppling Rockhurst, 77-71, in their initial start, the Youngstowners succumbed to defending national N.A.I.A. champion Tennessee State A&I, 103-73, and host team Quincy, 96-90.

The win and two losses brought the locals' season slate to six and four. The Penguins, in their last two tourney starts, saw one of the highest total of points scored against them in consecutive games during the past several seasons.

Johnny McLendon's defending N.A.I.A. champs more than proved their undisputed claim to top spot among the nation's small colleges by totaling over 325 points in the tourney. The All-Negro aggregation, which gave local fans such a fine show here in 1957's Holiday Tourney at South Field House, put on a sensational offensive show that left the fans in awe.

Gordon High Scorer

In Youngstown's opener, Jim "Beanie" Gordon popped in 24 markers, while Mickey Yugovich had 21 points. Herb Lake turned in his usual remarkable game on the boards as he garnered 20 rebounds. Don Castenada turned in a good performance for the Hawks from Kansas City, as he slammed 26 markers through the hoop.

The Penguins gave Tennessee State quite a rousing battle for the initial 26 minutes of action, pulling up to within two points, 54-52, at the 13:53 mark. However, the amazing State squad found themselves and blasted far in front of the locals, scoring 49 points in the time remaining. As expected, Richard "Skull" Barnett, A&I's Little All-American, paced his squad with 40 points. The Southerners hit on a fantastic 60 percent of their field goal attempts on the way to the century total.

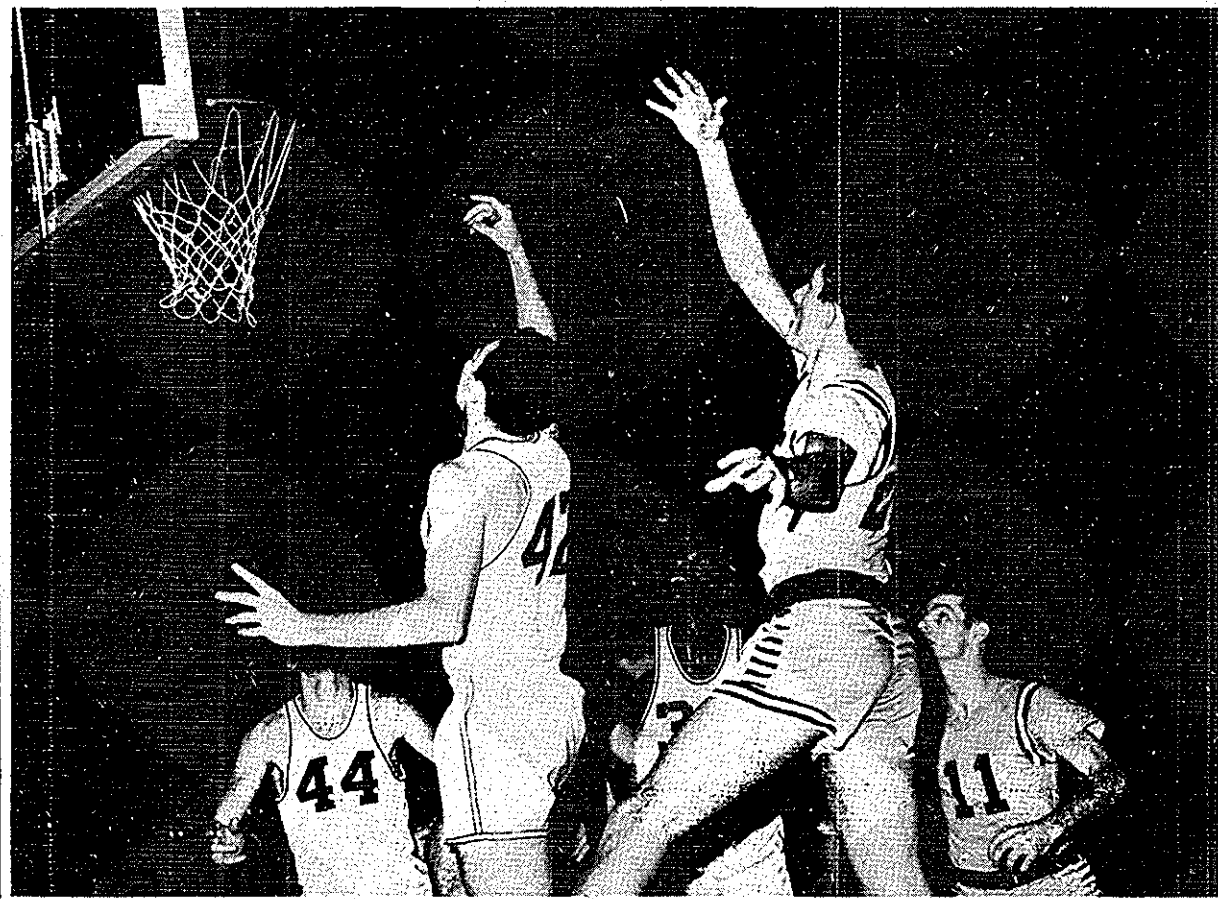

Gordon, with 20 points, again was

high man for Youngstown, while Jim Cramer, back in fine form, and Yugovich, totaled 19 and 17 markers, respectively. The Penguins had a bad night at the foul line, dropping only five of fifteen tries.

Quincy Improves

In the third game the Steel City quintet almost pulled out a victory and third place honors in the tourney but the effort fell just a bit short as the Penguins lost out, 96-90, to an improved Quincy squad.

The margin of victory for Quincy came at the foul line as the Illinois aggregation dropped 30 of 38 foul shots while the Youngstowners sank 18 of 24 attempts. Gordon, for the third game in a row, was high man for the Penguins with 21 points, while Yugovich helped out with 18 tallies. Tom Campbell was top gun for Quincy with 26 markers.

Waiting expectantly for this rebound are Jim Cramer (42), Mickey Yugovich (44) and Herb Lake (34). The Youngstown Penguins proved their superior playing ability by downing Geneva and winning their tenth home game in a row. (Photo by Paul C. Jagnow).

Cagers Defeat Rated Geneva

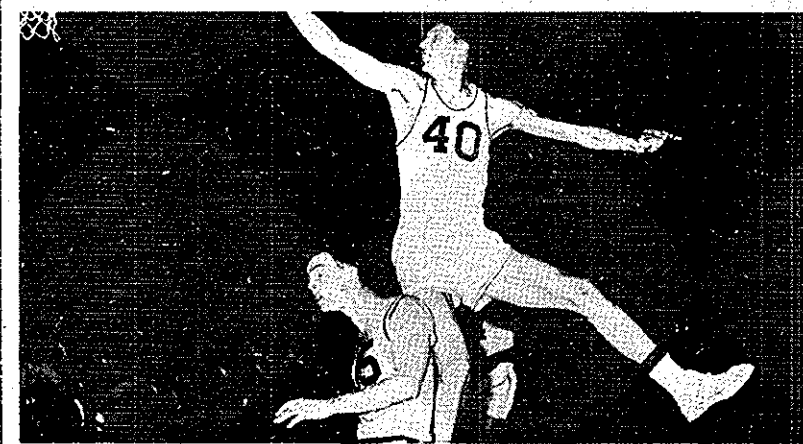

Youngstown University's basketball team rolled to an impressive victory over a highly rated Geneva College team. The Penguins notched their seventh win of the season 96-72 at the South High Field House Monday night.

Five players on the Youngstown team hit in double figures with Mickey Yugovich leading with 25 markers. Herb Lake had 17 followed by Beanie Gordon with 16. Next in line were Howie McElroy and Jim Cramer with 15 and 14 respectively.

The story of the game was that the Penguins were controlling the boards with their height advantage over the smaller Genevians. Many rebounds were taken off the opposing teams boards and many shots were scored on tip-ins by the Penguins. A tight defense, led by Howie McElroy and Herb Lake, kept the visitors from scoring.

Another factor in the victory was the accurate foul shooting of the Red and White. They made about three-fourths of their fouls, 26 of 34. Beanie Gordon hit 8 out of 10 from the foul line.

The victory left the season record of the Penguins at 7-4, the four losses all coming away from home. The Red and White have a string of ten straight victories on their home court. The last team to win here was Gannon over a year ago.

Charles Bushman, who replaced Jim Cramer early in the first half of the Geneva game displays his talent as he nets the Penguins two points, much to the chagrin of his Gussie opponent who remains unidentified. The Penguins won the tilt 96 to 72. (Photo by Paul Jagnow).

QUE'S QUIPS

By Jim Quilty

Youngstown University's basketball team had a record of six wins, four losses as of Mon., Jan. 5 representing a seemingly poor start in comparison to their previous two seasons. Yet, if one considers the status of this year's quintet compared with the Penguins of the past two seasons, he will soon discover they measure up well.

Only one of the defeats suffered by Youngstown couldn't have been reversed. With some luck the Penguins would now be riding the crest of a 9-1 season mark. A 103-73 drubbing at the hands of national N.A.I.A. champion Tennessee A & I couldn't have been avoided.

Convert on One of Seven Free Throws

Take the Kent game. The locals converted on only one of seven free throws while bowing 53-51 in overtime. Then against Akron, Youngstown fired from the field at less than a twenty percent. Quincy, the host team of the eight team holiday event in Michigan tallied 56 points in the opening half, yet had to settle for a narrow 96-90 victory.

Individual performances have been the shining light of the season thus far. Mickey Yugovich and "Beanie" Gordon have been averaging close to 20 points per game. Jim Cramer has started to come around in scoring as have Roy Taylor and Howie McElroy.

Herb Lake in Scoring Slump

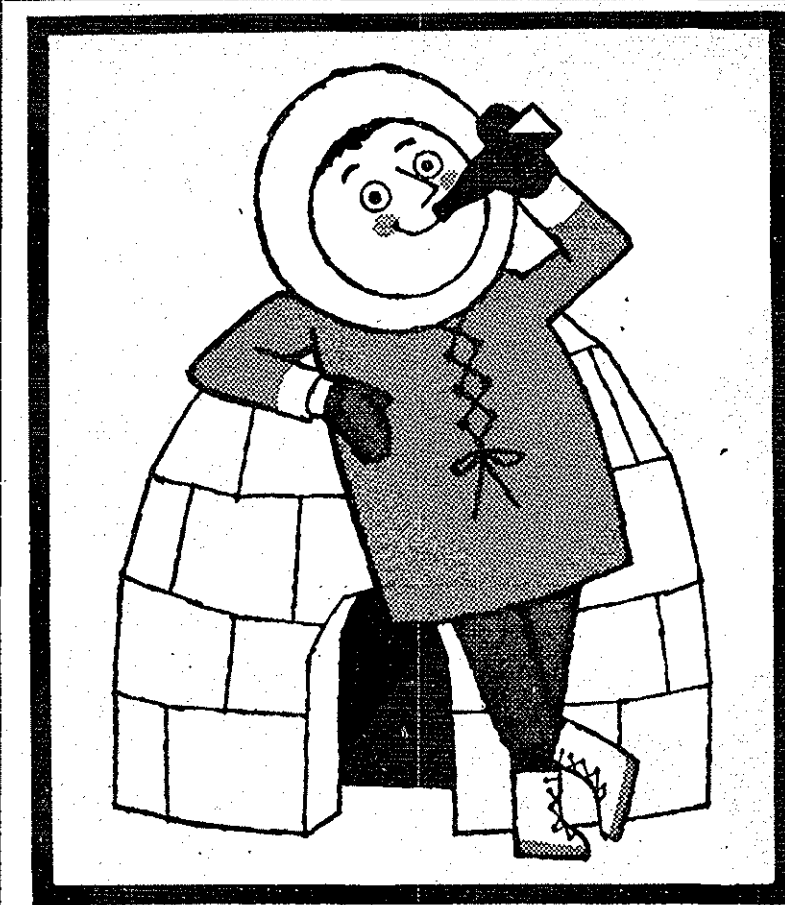

However, Herb Lake's absence in the scoring column has been felt heavily. Herb keeps busy garnering rebounds but when a man averages 20 points a game for nearly three seasons, then slumps to around ten, it definitely requires the team. A rebound from Herb in the scoring department might put Youngstown back on the winning path.

With Basketball flying high on the campus in varsity competition, an even greater interest is centered on the intramural program.

More than 25 teams are battling for the crown and the trophy. A host of independent quintets swelled the entry number to an all time high. Dom Rosselli, director of intramural sports, and John Georges, head of the basketball phase, seem to be headed toward a great season if the opening games are of any significance.

Intramural Schedule

- Mon. - Jan. 12
 - 3:00-Mounties vs. Phi Gams
 - 4:00 - Quips vs. Penguins
 - 5:00-Alkies vs. Kappa No. 2
- Tues. - Jan. 13
 - 3:00-Cats vs. Bombers
 - 4:00-Le e's Men vs. Sig Eps
 - 5:00-Masters vs. Gridders
- Wed. - Jan. 14
 - 3:00-Easterns vs. T.K.E.
 - 4:00-Niles vs. Varsity Y
 - 5:00-Trotters vs. Kappa No. 1
- Thur. - Jan. 15
 - 3:00-Pollock vs. T.K.E.
 - 4:00-Theta Chi vs. Bombers
 - 5:00-Quips vs. Kappa No. 2
- Fri. - Jan. 16
 - 3:00-Sig Eps. vs. Penguins
 - 4:00-Phi Gams vs. Carbon A.C.
 - 5:00-Alpha Phi vs. Sharonites

Ice age

Lucky us . . . today is the modern ice age. Lots and lots of it in refrigerators ready to ice up the Coke. And what could be more delicious than frosty Coca-Cola . . . the real refreshment. With its cold crisp taste and lively lift it's always Coke for The Pause That Refreshes!

BE REALLY REFRESHED...HAVE A COKE!
